RESCINDED STANDARD

This Ohio IT Standard ITS-NET-02, "LAN/WAN Switches," was rescinded effective 6/30/2015 and is no longer in effect.

Due to Ohio's IT Optimization effort and its' objective to significantly streamline and consolidate networking through the Ohio One Network initiative, all network related procurements will now be handled by the State of Ohio Computer Center. For additional information, visit Ohio's IT Optimization Website.

Details regarding Ohio's network services are available within the State of Ohio IT Service Catalog. Interested parties may also contact the Customer Service Center at CSC@ohio.gov.

If you have questions about the rescission of this standard, please contact:
