

## Message from Christopher Mabe President of OCSEA/AFSCME Local 11

The Combined Charitable Campaign has been a true partnership between labor and management in the State of Ohio since its inception in 1989. Because of this effort, we are proud to say that Ohio leads other states in charitable participation, including in dollars raised, the rate of participation and in average gift.

Our members aren't in public service for the money. It's more a calling for them. That's why I'm always heartened to see how generous OCSEA bargaining unit state employees are during this time of year. When it comes time to participate in charitable giving, they always come through in big ways and with big hearts! We hope 2018 is no different.

By giving to those in need, the funds from our combined effort make it possible to find solutions to social justice issues, advance medical research, provide educational opportunities, feed the hungry, house the homeless and protect the environment—all issues our union members care deeply about.

I hope you join me and other state employees in making a contribution to a charitable organization. Let's make this our best year ever.

Sincerely,
