

U.S. Bank is pleased to announce that four new enhancements are coming to Fleet Commander® *Online* on **Sunday, March 17th**. These features will make reporting more robust, criteria more exact, and statement summaries more informative.

You will now be able to:

- **Add “Merchant Address” as an option when generating a real-time activity report.** This new functionality makes it easier for you to differentiate among like-named merchants and pinpoint exact transaction sites.
- **Add new parameters to exception reporting.** “Estimated odometer,” “miles per gallon variance,” and “non-reported Federal tax” offer improved visibility into driver behaviors and help ensure card-use compliance.
- **Include “Promo Code” in a Transaction Detail Report.** This added field helps you easily identify specific records, speeding review.
- **Better understand statement summaries with more specific “Payments and Adjustments” descriptions.** Simple changes provide clarity and make reconciliation easy.

Please click [here](#) for a more detailed description of the changes.

If you have any questions, please contact your U.S. Bank Relationship Manager or U.S. Bank Fleet Customer Service at 800-987-6591.

Thank you.
