28. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

SCOPE:

This University of Toledo project is a student resident hall that provides all the amenities of the private sector, combined with flexible meal plans, social gathering areas, and recreational facilities. The Ottawa House is a 627 bed facility that opened in 2005. The five-floor facility includes 4-person suites with private toilet and shower facilities.

The students enjoy 2-story shared lounges, on-site laundry facilities, fitness centers, kitchens to prepare their own food, and modern security systems. The 12,000 sq. ft. dining hall facilities are located in Ottawa House east, a 60,000 sq. ft. facility. The dining hall consisted of 8,000 sq. ft. of dining hall space, and 4,000 sq. ft. of kitchen space

SIZE:

220,000 sf

COST:

\$37 Million

25. TITLE AND LOCATION <i>(City and State)</i> The University of Toledo Pharmacy, Chemistry and Life Science Complex Toledo, Ohio	26. YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION (if applicable) 1998

27. PROJECT OWNER'S INFORMATION

a. PROJECT OWNER The University of Toledo	b. POINT OF CONTACT NAME Chuck Lehnert	c. POINT OF CONTACT TELEPHONE NUMBER (419) 530-1448
---	--	---

28. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

SCOPE: New pharmacy, chemistry, and life science research and development complex (Wolfe Hall) with associated instructional space. The major challenge was to balance the desired space program with the strict university architectural standards and still maintain the established budget. Not only was this accomplished, but there were significant savings in the procurement, allowing additional alternative work to be incorporated.

SIZE: 175,000 sf

COST: \$27 Million

DELIVERY METHOD: Construction Management

PROJECT NOTES:

- Claims analysis
- Dispute resolution
- Constructability reviews
- CD plan and specification review
- Evaluation of alternate materials, components, and building systems
- Design reviews
- Phasing review
- Construction and site logistics
- Program review
- Cost estimating
- Evaluation of alternative means and methods
- Schedule development
- Recommendation of bid alternates

25. TITLE AND LOCATION <i>(City and State)</i> The University of Toledo Medical Center – Orthopedic-Cardiology Clinic and Orthopedic Outpatient Surgery Renovation Toledo, Ohio	26. YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION (if applicable) 2008

27. PROJECT OWNER'S INFORMATION

a. PROJECT OWNER The University of Toledo	b. POINT OF CONTACT NAME Chuck Lehnert	c. POINT OF CONTACT TELEPHONE NUMBER (419) 530-1448
---	--	---

28. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

SCOPE: On the campus of The University of Toledo Medical Center, Bostleman was the construction manager of two adjacent facilities that had major renovation and new construction components.

The orthopedic outpatient surgery center, which included five integrated operating rooms, was constructed in the heart of the hospital without impact to hospital operations. The orthopedic-cardiology clinic was a multi-phased project that renovated a first floor existing operation while adding an additional new first floor above; the existing vacated space was used to create a new cardiovascular clinic.

SIZE: 68,500 sf

COST: \$12.4 Million

PROJECT NOTES:

- Claims analysis
- Dispute resolution

About Bostleman

Located in Holland, Ohio, Bostleman Corp. is a family-owned, third-generation company in business for over 65 years, specializing in construction management, construction consulting, and real estate development. Bill Bostleman, President, and Jon Harding, Principal, firmly believe that what defines Bostleman is our Core Values and our adherence to them in every aspect of our business operations: *Our Word is Our Bond, We Are First Class, Concern for Associate Well Being, Community Service, and Client's Best Interest.*

Our preconstruction services include design reviews, value engineering cost estimating, scheduling, constructability reviews, bidder analysis and project execution planning. In construction, we offer construction management services under a cost saving "Consultant" model.

Bostleman understands that construction is a complex process and that issues of conflict arise often. With a good collaborative team owner, designer, and construction manager, these issues are equitably resolved. However, when conflicts appear not to be heading to resolution, even escalating, Bostleman's knowledge and experience can assist owners in avoiding costly litigation or arbitration. If litigation or arbitration is necessary, Bostleman's reputation for integrity and professionalism has garnered us respect as an expert witness.

Bostleman’s Claim Evaluation and Dispute Resolution Services

Construction projects are complex and unfortunately, not all are productive, on time, on budget or of high quality, creating disputes that need to be resolved for the owner’s and project’s benefit.

Because of Bostleman’s experience in construction project management, scheduling, cost control, means and methods, and value management, we have been called upon to evaluate and help resolve numerous claims.

Project owners such as the State Architect’s Office who have a number of geographically dispersed projects with different design and construction teams face a number of challenges with delays, incomplete documents, poor workmanship, lack of performance, errors and omissions and many other obstacles and oversights. In general, Bostleman’s services to assist owners fall in three broad categories:

Design/Construction Defects

Bostleman can analyze design and construction defects and failures, and diagnose the issue, develop solutions and cost estimates for corrections, assess liability, and suggest a cause of action.

Services Offered:

- Claims identification, evaluation, and quantification
- Unforeseen and differing site conditions
- Change order analysis and impact
- Damage analysis and impact
- Schedule analysis and impact
- Construction defect
- Disruptions
- Lien claims
- Acceleration
- A/E standard of care
- Force majeure
- Loss of productivity
- Defect evaluation

Dispute Resolution and Claims

Bostleman can help negotiate a solution by reviewing the facts objectively, and form an unbiased and expert opinion to aid in settlement.

Services Offered:

- Cost modeling
- Scheduling
- Value management
- Constructability reviews
- Unforeseen and differing site conditions

34. a. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE CONTRACTING AUTHORITY. ATTACH ADDITIONAL SHEETS AS NEEDED.

Litigation Support

Bostleman can review documentation pertinent to a dispute such as contracts, estimates, bids, schedules, design documents, change orders and correspondence, and provide the necessary insight and construction expertise to assist in your resolution or litigation strategy.

Services Offered:

- Consulting experts
- Expert witness testimony
- Quantification of damages
- Schedule delays and disruptions
- Standard of care
- Productivity loss
- Differing site conditions
- Construction defects
- Demonstrative evidence

Our CM team employs interest-based negotiation early on in the process to save time and money. It is our goal, through communication policies and procedures, to reduce the possibility of disputes. Our CM team's effective conflict management includes:

- Understanding the nature of conflict through interviews and review of documentation;
- Reducing the effects of the problem that a conflict causes in the project development process through open team discussion and resolution;
- Attempting to first resolve problems with the party involved and then choosing to pursue other methods, such as seeking assistance or elevating a dispute to a higher authority and establishing an efficient mechanism for making these decisions;
- Improving the knowledge and skills of those involved in project development, negotiation, and problem solving through training and discussions;
- Providing clear, consistent and concise communication to maintain working relationships.

The procedures our Team will use include:

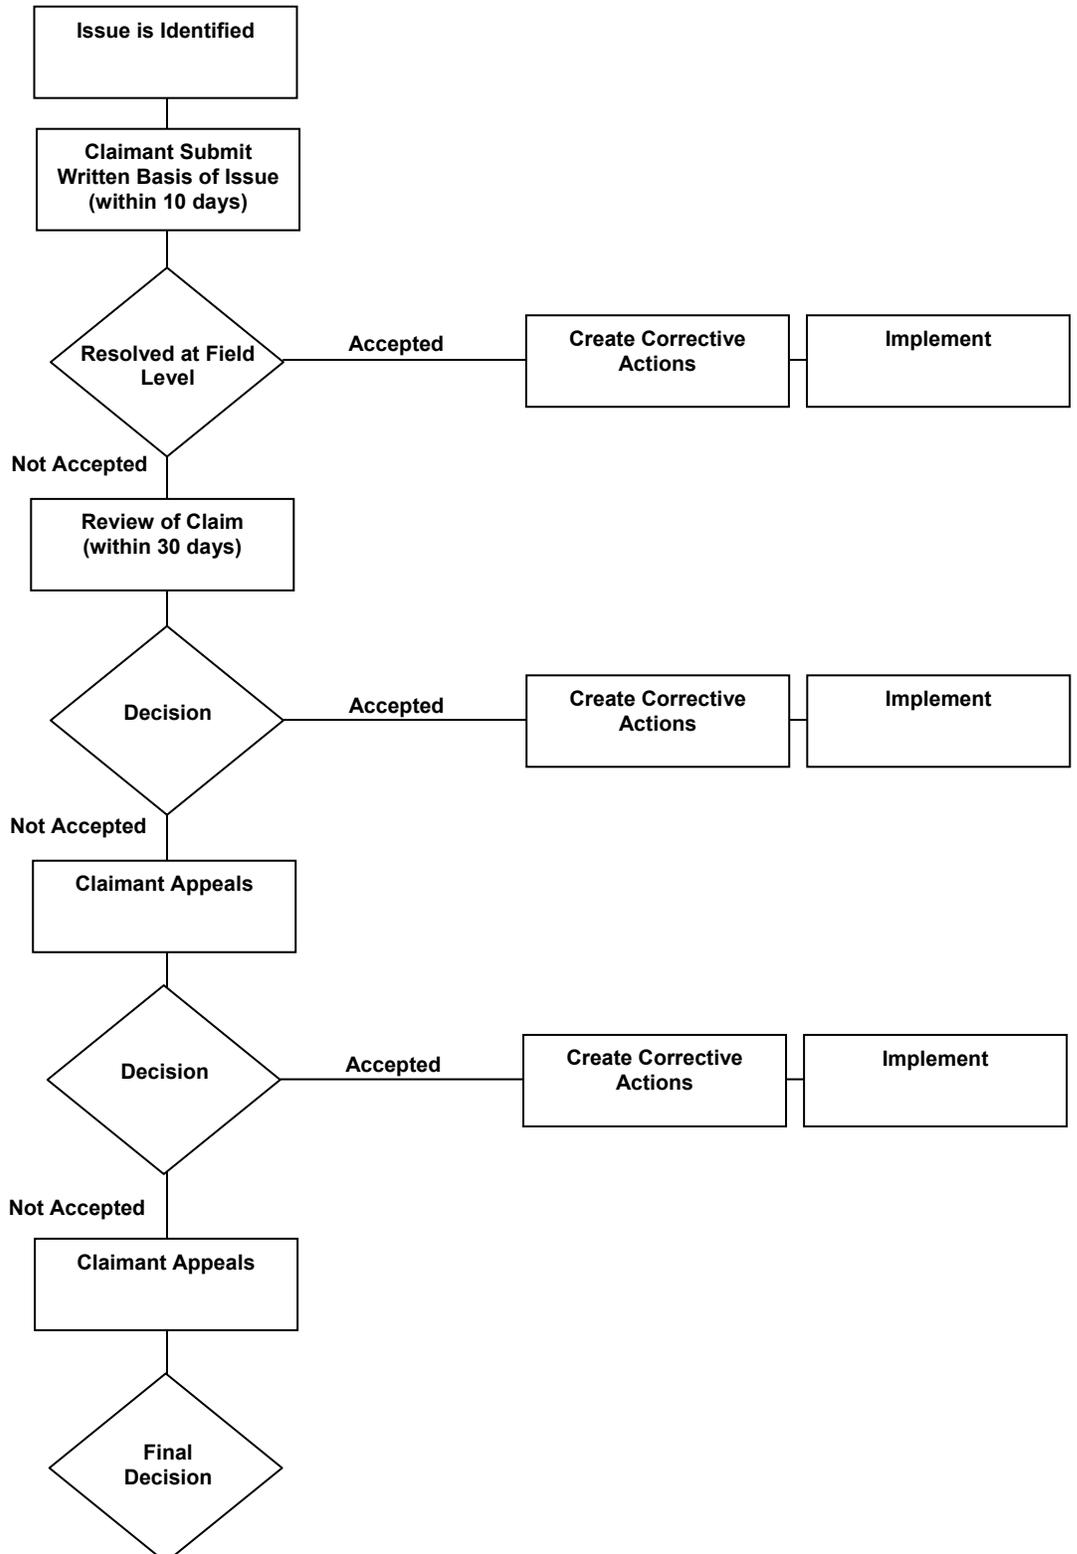

- Contractor request in writing a statement for the basis of their claim for any additional compensation (within 10 days after the date of the initial occurrence).
- Our CM team will review said claim with the Architect and Owner and secure a meeting time/date with the Contractor to discuss the basis of their claim (within 30 days after receipt of the Contractor's written statement).
- Our CM team will submit a written recommendation, including a fair and reasonable equitable adjustment for the Contractor's claim in order to settle promptly.
- If we cannot reach an agreement on a fair and reasonable result, contractor make an appeal to the Commission within 30 days and schedule a meeting with the Owner, Contractor, SAO, and the Architect. This meeting allows the contractor another opportunity to state their claim.
- If the decision made is not acceptable to the Contractor, the Contractor, by right, can appeal their decision and request an Alternate Dispute Resolution in writing.

H. ADDITIONAL INFORMATION

34. a. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE CONTRACTING AUTHORITY. ATTACH ADDITIONAL SHEETS AS NEEDED.

Issue Resolution Process

Bostleman uses a process similar to the procedure outlined in the SAO Manual 2011 as follows:

34. a. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE CONTRACTING AUTHORITY. ATTACH ADDITIONAL SHEETS AS NEEDED.

Experience of Bostleman

To demonstrate the experience of Bostleman to perform claims analysis/dispute resolution services to the SAO, following are resumes and additional information to support the training, education and experience of the key proposed personnel performing the required services. Bostleman has an entire team of seasoned construction professionals available to support Ron and Todd in their claims analysis.

Following are resumes of Todd Carman, Ron Hanna, Jason Weis, and Lisa Babich, our proposed Claims Analysis/Dispute Resolution professionals:

34. a. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE CONTRACTING AUTHORITY. ATTACH ADDITIONAL SHEETS AS NEEDED.

Todd Carman, LEED AP

Claims Analysis/Dispute Resolution Lead

Background

20 Years of Experience / 15 Years with Bostleman

Education

Bowling Green State University
BS Construction Management

The University of Toledo

Associate Degree Architectural Technology

Professional Accreditations

U.S. Green Building Council LEED Accredited Professional

Todd is Bostleman's lead estimator and head of preconstruction with 20 years of construction experience. He has superior knowledge and experience in estimating, budgeting, value engineering, bid/award and all other necessary components of preconstruction. His pattern on developing very detailed and thorough construction estimates from the early design phases has helped to keep the entire project team informed and keep the project budget on track. Focused on the preconstruction side of the industry at Bostleman for the last 14 years and previously at a Toledo based architectural firm for 6 years in charge of preparing of construction documents, that experience has proved for accurate budget to bid performance.

SELECTED PROJECT EXPERIENCE:

- The University of Toledo Savage Hall Renovation/New Athletic Complex, Toledo, Ohio
- The University of Toledo New Indoor Athletic Facility, Toledo, Ohio
- The University of Toledo Medical Center, Orthopedic-Cardiology Clinic Addition, Toledo, Ohio
- The University of Toledo Medical Center Orthopedic Non-Invasive Surgery Center, Toledo, Ohio
- Kent State University, Harbour Hall Renovation, Kent, Ohio
- Lourdes College, multi-use classroom/office building, Sylvania, Ohio
- OSFC – Clyde-Green Springs Exempted Village School District, two new school buildings, four buildings -- two renovation/additions; two new schools, Clyde, Ohio
- OSFC - Lakota Local School District, New K-12 building, Risingsun, Ohio
- OSFC - Allen East Local School District, New PK-12 building, Harrod, Ohio
- OSFC - Spencerville Local School District, New PK-12 building, Spencerville, Ohio
- Ohio School Facilities Commission - Parkway Local School District, New K-12 building, Rockford, Ohio
- Sylvania City School District, renovations and additions at ten schools; three new schools, Sylvania, Ohio
- Oregon City Schools, district wide renovations, Oregon, Ohio
- Maumee City Schools, district wide renovations, Maumee, Ohio

34. a. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE CONTRACTING AUTHORITY. ATTACH ADDITIONAL SHEETS AS NEEDED.

(Competence of Firm Cont'd)

Todd Carman (cont'd)

CLAIMS ANALYSIS / DISPUTE RESOLUTION EXPERIENCE:

As noted on his resume, Todd has 20 years of construction experience, with primary focus in the critical components of preconstruction such as estimating, budgeting, value engineering, bid/award and all other preconstruction activities. On a regular basis, Todd performs constructability reviews of bid documents to outline potential conflicts in a project. It is this same in-depth review and analysis that Todd uses when analyzing claims or disputes involving preconstruction, budgeting, and estimating issues.

- Schedule of Values for all Prime Trades – Review of cost categories against detailed budgets for assurance that the billing summary was not front-end loaded and was appropriate for the project scope.
- Review of Monthly Payment Invoices - Confirmation of scope completed to billed values.
- Bulletins and Project Change Orders – Upon determination and confirmation that the request is a legitimate cost, Todd performs a detailed estimate proposed change to scope and compares it against the base bid documents.

34. a. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE CONTRACTING AUTHORITY. ATTACH ADDITIONAL SHEETS AS NEEDED.

(Competence of Firm Cont'd)

Ron Hanna, LEED AP

Claims Analysis/Dispute Resolution Lead

Background

40 Years of Experience / 21 Years with Bostleman

Education

The University of Toledo
BS Civil Engineering

Professional Accreditations

U.S. Green Building Council LEED Accredited Professional

With 40 years of construction experience, Ron Hanna has been involved in nearly every type of construction project there is. From educational, hospital, university, and zoo construction, to the world renowned Epcot Center in Orlando Florida. As a LEED Accredited Professional, Ron fully understands the goals and concepts of green construction and sustainable design that are embodied in the standards for Leadership in Energy and Environmental Design (LEED). Ron appreciates the complexity involved in multifaceted construction projects. His knowledge of project design, construction methods, building systems, and project management skills allows him to achieve maximum quality and efficiency on each project he undertakes. Because of his in-depth construction experience, Ron is often called upon to evaluate claims of various projects, resolve a dispute, and even give expert testimony in litigation. Ron is an effective communicator, maintaining continual flow of information sharing between architect, owner, and Bostleman, thus mitigating team conflict and communication issues.

SELECTED PROJECT EXPERIENCE:

- University of Toledo - FY2006 Housing, Toledo, OH
- University of Toledo – Pharmacy, Chemistry & Life Science Complex, Toledo, Ohio
- University of Toledo - Student Union/Bookstore, Toledo, Ohio
- The University of Toledo Medical Center Orthopedic Non-Invasive Surgery Center, Toledo, Ohio
- Bowling Green State University – Kreischer/Harshman Dorm Renovation, Bowling Green, Ohio
- Wayne County Community College, Detroit, MI
- University of Michigan medical research facility, Ann Arbor, Michigan
- University Mall - University of Michigan, Ann Arbor, Michigan
- Springfield School Corp., Holland, Ohio
- Wood County Hospital, New Bed Tower/Surgery Addition & Renovation, Bowling Green, Ohio
- The Toledo Hospital Renaissance Project, Toledo, Ohio
- Bay Park Community Hospital, Oregon, Ohio

34. a. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE CONTRACTING AUTHORITY. ATTACH ADDITIONAL SHEETS AS NEEDED.

(Competence of Firm Cont'd)

Ron Hanna (cont'd)

CLAIMS ANALYSIS / DISPUTE RESOLUTION EXAMPLES:

University of Toledo Student Housing Dispute, Toledo, OH

For this dispute, Ron Hanna evaluated roofing contractor and elevator contractor's request for additional compensation at completion of the job. He reviewed job files, daily reports, specifications, contracts and schedule. In addition, Ron responded to deposition on behalf of owner and met with legal counsel regarding contractor claim of alleged jobsite acceleration and schedule, change conditions, owner interference, damage by other contractors and weather delays. Ron assisted in drafting the response.

Residential Communities Lawsuit, Toledo, OH

On behalf of an insurance company Ron Hanna evaluated client's role and involvement in a defective and non compliant installation lawsuit. He reviewed the complaint, job files, daily reports, plans and specifications, contracts, change orders and project photos. Investigated manufacture's standard installation procedures. Attended plaintiff and defendant site inspection conference. In addition, Ron met with the attorney to strategize response and request additional information. Work is ongoing.

34. a. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE CONTRACTING AUTHORITY. ATTACH ADDITIONAL SHEETS AS NEEDED.

Jason Weis, LEED AP

Claims Analysis/Dispute Resolution Lead

Background

14 Years of Experience / 13 Years with Bostleman

Education

The University of Toledo
AAS Civil Engineering

Professional Accreditations

U.S. Green Building Council LEED Accredited Professional

Jason has been involved in a multitude of different types of construction projects with heavy emphasis on education and healthcare. His knowledge of project design, construction methods, building systems, and project management skills allows him to achieve maximum quality and efficiency on each project he undertakes. As a LEED Accredited Professional, Jason is experienced in green sustainability building practices on varying types of projects such as the Lourdes College McAlear Hall / Delp Hall project which included a geothermal system, occupancy sensors, storm water management and recharge ground water with scuppers and splash block, as well as the Clyde-Green Springs EVSD which is pursuing LEED Silver Certification for the numerous green sustainable building practices included in their district-wide construction program.

SELECTED PROJECT EXPERIENCE:

- Lourdes College, multi-use classroom/office building, Sylvania, Ohio
- OSFC – Clyde-Green Springs Exempted Village School District, two new school buildings, four buildings -- two renovation/additions; two new schools, Clyde, Ohio
- OSFC - Lakota Local School District, New K-12 building, Risingsun, Ohio
- OSFC - Allen East Local School District, New PK-12 building, Harrod, Ohio
- OSFC - Spencerville Local School District, New PK-12 building, Spencerville, Ohio
- Ohio School Facilities Commission - Parkway Local School District, New K-12 building, Rockford, Ohio
- St. John's Jesuit High School, commons renovation, Toledo, Ohio
- Bluffton Middle School, Bluffton, Ohio
- Olentangy Elementary School, Delaware, Ohio
- Wood County Hospital Campus-Wide Improvements
- The Toledo Hospital, new heart center, Toledo, Ohio

34. a. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE CONTRACTING AUTHORITY. ATTACH ADDITIONAL SHEETS AS NEEDED.

(Competence of Firm Cont'd)

Jason Weis (cont'd)

CLAIMS ANALYSIS / DISPUTE RESOLUTION EXPERIENCE:

As Bostleman's lead on \$196 Million of OSFC work, representing six school projects, Jason has been active in the OSFC Article 8 – Dispute Resolution Process. This process includes involvement in:

- Initiation of a claim
- Certification of the Claim
- Substantiation of Claims
- Substantiation of Claims for Increase of the Contract Sum
- Substantiation of claims for extension of the Contract Time
- Delay and Delay damage Limitations; Derivative Claims
- Liquidated Damages
- Jobsite Dispute Resolution Procedure
- Appeal to Commission
- Alternate Dispute Resolution
- Audit of the Claim
- False Certification of the Claim
- Performance and Payment
- Interest

For example, this process was used to resolve issues at Clyde-Green springs elementary for non-conforming storm sewer design, floor terrazzo installation failure, and thermoplastic roof installation/specifications issues.

34. a. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE CONTRACTING AUTHORITY. ATTACH ADDITIONAL SHEETS AS NEEDED.

Lisa Babich, LEED AP
Claims Analysis/Dispute Resolution Lead

Background

20 Years of Experience / 20 Years with Bostleman

Education

The University of Toledo
AAS Civil Engineering

Professional Accreditations

U.S. Green Building Council LEED Accredited Professional

In her 20 years of experience, Lisa has been involved in a multitude of different types of construction projects—the majority of these projects being in the non-profit sector. Being sensitive to the fiduciary obligations of non-profit clients it is Lisa’s philosophy that continual adherence to the budget, schedule and quick recovery from delays will minimize the likelihood of potential claims, disputes, and the additional costs that often accompany these issues. As a LEED Accredited Professional, Lisa is experienced in green sustainability building practices on varying types of projects. Lisa’s healthcare, worship space, and other non-profit related projects makes her an asset to the project team.

SELECTED PROJECT EXPERIENCE:

Availability of Qualified Personnel, Equipment and Facilities to Perform the Required Services

Our professionals are ready and able to Perform Claim Evaluation Services/Dispute Resolution Services for the State Architect's Office.

Jason Weis, Todd Carman, Ron Hanna, and Lisa Babich are currently available and will have sufficient capacity to devote the time necessary to successfully complete perform Claim Evaluation Services for the State Architect's Office as outlined. In addition, Jason, Todd, Ron, and Lisa are supported by a staff of estimators, schedulers, and construction professionals that can assist them in claims evaluation.

More important than our assigned staff's current or near term availability and capacity, is our commitment to the State Architect's Office that they will be available when needed.

Past Performance as Reflected in Evaluation of Previous Clients

As part of our continuous improvement process, Bostleman has an annual "Voice of the Customer" survey, as well as a project quality assurance program that independently verifies project quality at different times of the project.

Bostleman has an annual process to receive feedback from our clients and our performance has improved each year.

Our "Voice of the Customer" survey in May 2010, the Professional Services Evaluations gave us an average of 92 out of 100 and Bostleman received many reports with a "100." Another positive sign of excellent past performance is repeat assignments, which for Bostleman are an amazing 90% of our work. We are working to improve to 100% in client satisfaction.

Following is a sample survey form given to customers in 2010 with results shown in summary.
