WHAT IS THE COST-PER-COPY (CPC) PROGRAM ?

The DAS State Printing and Mail Services Cost-Per-Copy Program (CPC) was designed to bring the latest in print device technology to state of Ohio agencies and properly registered members of the Cooperative Purchasing Program. This managed program eliminates the hassles of print device procurement, ensures quality products supported by excellent print management and contractor service, and secures an attractive cost-per-copy price that remains fixed for three or five years. Cost per copy/print maximizes savings by combining the equipment, services and supplies (except paper and staples) into one low cost. Some of the program highlights include:

- **Pay only for impressions made monthly**
- **No monthly maintenance payments**
- **No monthly lease/rental payments**
- **Customer only supplies paper and staples**
- **Tracking usage and cost much easier**
- **Only one form to complete**
- **A4 machines to reduce your monthly payments on lower volume machines**
- **MBE on select equipment**
- **Managed Print Services on select equipment**

The cost-per-copy price includes all costs associated with the administration of the service, including, but not limited to: delivery, installation; training; dedicated technician(s); all operating supplies needed for the machines including toner, developer, fuser oil, connectivity equipment and software; etc. (paper and staples are the only exceptions); delivery of supplies and removal of the equipment upon termination. The cost per-copy price shall also include all maintenance and repairs, labor, parts, test copies, travel time, mileage and any other expense required to maintain the equipment in proper working condition.

Managed Print Services (MPS) (Accessory Option) :

Electronic monitoring of the print device for break fix and toner replenishment.

Administered by DAS Office of State Printing and Mail Services, the CPC Program will make every effort to ensure that the placement of print devices by volume classification is directly related to the estimated average monthly volume of copies produced at a given location.

NEEDS ASSESSMENT

Before selecting a print device, assess your needs and make some preliminary decisions regarding the machine you'll be getting.

- Volume: What is the monthly volume on your present machine or your estimated monthly volume if you are not replacing an existing machine?
- Accessories: What accessories do you need; such as a large capacity drawer or fax?
- Single or Multi-Function: Do you also want your copier to scan/copy/fax?
- Networking: Will your machine be networked?
- Copy speed: The following page shows a recommended guide for machine speeds comparable with monthly volume ranges.

CPC PROCUREMENT PROCESS

- Identify your document needs.
- Determine which category is suited for your office environment.
- Select the brand and model.
- Complete the Memorandum of Understanding (MOU).
- Email or fax Carl Brugger at Carl.Brugger@das.ohio.gov or 614-644-5799.
- After review and DAS signature, a copy of the MOU will be sent to you and the selected contractor.
- The contractor will call your contact person (listed on MOU) to discuss delivery, training, networking, etc. See the bottom of the MOU for delivery requirements.
- The contractor will bill State Printing and Mail Services on a quarterly basis. State Printing will bill your state agency via ISTV on a quarterly basis.

AUTHORIZED AGENCY SIGNATURE

By signing the MOU, you agree:

1. The state agency receiving this equipment for use acknowledges and agrees that they are fully responsible for payment of the services under this agreement.
2. The state agency receiving this equipment for use acknowledges that the term of the contract is for three (3) or five (5) years.
3. The state agency receiving this equipment for use further acknowledges that should they opt out of this contract prior to the fulfillment of the three (3) or five (5) year contract period, they will be required to pay the amount equal the monthly minimum cost per copy usage for the remaining months of the three (3) or five (5) year contract. The state agency agrees to the payment of these additional costs should they terminate this agreement prior to the three (3) or five (5) year period.
4. The state agency receiving this equipment for use acknowledges that the cost per copy price is based on a minimum monthly usage and that failure to use the machine to this minimum usage will result in a reduced savings.
5. The state agency receiving this equipment agrees to notify the Copier Program Manager when the contact and/or meter read person listed on the MOU changes.

During the contract term, existing machines may be phased out of production and new models and/or technology will be manufactured and introduced. DAS expects to receive the benefits from units that incorporate the advantages of the latest technology. Therefore, the contractor will inform the Office of Procurement Services at least ninety (90) calendar days in advance about products by category which will be phased out, and also which new products will be introduced as replacements. Any replacement model offered must meet or exceed the minimum equipment specifications by category as specified herein.

MULTI-FUNCTION PRINT DEVICES

The multi-function print devices listed in Categories 1 – 14 are the offerings available on the Cost-Per-Copy program offered by DAS. The base machine in each of these categories handles 11x17 paper, plus offers networking and scan capabilities without any additional accessory costs.

The individual device prices shown in each category of this CPC brochure represents the base CPC cost for all services (including maintenance), except paper and staples. For available additional accessories and costs, go to the cost per copy web page by going to <http://ohio.gov/procure> and then clicking on forms, and then selecting Cost-Per-Copy program. From there you can find the category you want and click on the name of your machine selection to look through available additional accessories. The Memorandum of Understanding (MOU) one page contract can also be found on the Cost-Per-Copy web page. After making your selection and picking out any additional accessories you want, you can complete the MOU which is the only document required to order a CPC machine.

Single Function Print Devices

The single-function print devices listed in Categories 15 – 23 are the offerings available on the Cost-Per-Copy program offered by DAS. The base machine in each of these categories offers networking and scan capabilities without any additional accessory costs. Single function print devices do not scan.

The individual device prices shown in each category of this CPC brochure represents the base CPC cost for all services (including maintenance), except paper and staples. For available additional accessories and costs, go to the cost per copy web page by going to <http://ohio.gov/procure> and then clicking on forms, and then selecting Cost-Per-Copy program. From there you can find the category you want and click on the name of your machine selection to look through available additional accessories. The Memorandum of Understanding (MOU) one page contract can also be found on the Cost-Per-Copy web page. After making your selection and picking out any additional accessories you want, you can complete the MOU which is the only document required to order a CPC machine.
