Preface

The medical benefits plan described in this *Booklet* is a benefit plan of the State of Ohio. These benefits are not insured with **Aetna** or any of its affiliates, but will be paid from the State of Ohio's funds. **Aetna** and its HMO affiliates will provide certain administrative services under the **Aetna** medical benefits plan.

Aetna agrees with the State of Ohio to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this *Booklet*. The State of Ohio selects the products and benefit levels under the **Aetna** medical benefits plan.

The *Booklet* describes your rights and obligations, what the **Aetna** medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this *Booklet*. Your *Booklet* includes the *Schedule of Benefits* and any amendments.

This *Booklet* replaces and supercedes all **Aetna Booklets** describing coverage for the medical benefits plan described in this *Booklet* that you may previously have received.

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet* for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

Who Is Eligible

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Is Eligible

Employees

Eligibility Requirements

Employee Eligibility

You are eligible for health care benefits if you are a permanent full-time employee, permanent part-time employee, or a part-time temporary employee who averages at least 30 hours of service per week over a twelve-month measurement period.

State of Ohio employee health plans do not contain pre-existing condition exclusions; therefore, coverage is available to you and your eligible dependents regardless of current health or health history.

Married State Employees

When both spouses in a family are employed by the State, each may elect single coverage, or one may elect family coverage provided that the spouse who elects single coverage may not be listed as a dependent under the family coverage. A child who is eligible as an employee of the State is not also eligible as the dependent of a parent who is also a State employee, except as required by the PPACA.

Dependent Eligibility

Family members as described below may be eligible for coverage under your medical coverage:

(Please go to: das.ohio.gov/eligibility requirements for the Definitions and Required Documents checklist for documentation required to enroll a dependent).

1. Spouse. Your current legal spouse as recognized by Ohio law.
2. Children under Age 26 including:
 - Your biological children (married or unmarried)
 - Your legally adopted children: adopted children have the same coverage as children born to you or your spouse, whether or not the adoption has been finalized. Coverage begins upon placement/custody for adoption.
 - Your dependent stepchildren
 - Foster children
 - Children for whom either you or your spouse has been appointed legal guardian
 - Children for whom the plan has received a Qualified Medical Child Support order: the child must be named as your alternate recipient in the QMCSO

Note: Dependent children are only eligible for dental/vision benefits if unmarried and under age 23. Dependent children ages 19-22 with dental/vision coverage must be a student.

3. Unmarried Children Incapable of Self-Care

Unmarried children who are incapable of self-support due to intellectual disability, severe mental illness, or physical handicap, whose disability began before age 23 and who are primarily dependent upon you are eligible for coverage. When there is an unsuccessful attempt at independent living, a child covered pursuant to this provision may be re-enrolled for coverage, provided that the application is submitted within five (5) years following loss of coverage.

This coverage is not automatic. You must complete the applicable form for this plan. The form can be found at das.ohio.gov/healthplanforms

Periodically, but not more than once a year, proof of continued incapacity and dependence must be provided upon request.

Examples of Persons NOT Eligible for Coverage as a Dependent:

- A spouse from whom the employee is legally divorced or legally separated
- Children who are age 28 and older
- Live-in boyfriends or girlfriends
- Parents or parents-in-law
- Grandchildren (unless employee is the court-appointed legal guardian)
- Adults who are not the employee's or spouse's child under guardianship of employee (brother, sister, aunt, uncle, etc.)
- A spouse from a common law marriage established in Ohio after October 10, 1991
- Any other members of your household who do not meet the definition of an eligible dependent
- A child who is eligible as an employee of the State is not also eligible as the dependent of a parent who is also a State employee, except as required by the Patient Protection and Affordable Care Act.

It is the employee's responsibility to disenroll a family member who is no longer eligible for coverage.

Knowingly providing false or misleading dependent eligibility information may result in any or all of the following actions by the State of Ohio: 1) loss of coverage; 2) disciplinary action, up to and including removal; 3) collection action to recoup payments of benefits and claims paid for individuals determined to be ineligible dependents; and/or 4) civil and/or criminal prosecution.

Child Support Order

In general, a medical child support order is a court order that requires an Eligible Employee to provide medical coverage for his or her children in situations involving divorce, legal separation or paternity dispute. A medical child support order may not require the Plan to provide any type or form of benefit, or any option not otherwise provided under the Plan, except as otherwise required by law. This Plan provides benefits according to the requirements of a medical child support order that is entered by a court of competent jurisdiction or by a local child support enforcement agency. The Group will promptly notify affected Card Holders if a medical child support order is received. The Group will notify these individuals of its procedures for determining whether medical child support orders meet the requirements of the Plan; within a reasonable time after receipt of such order, the Group will determine whether the order is acceptable and notify each affected Card Holder and of its determination. Once the dependent child is enrolled under a medical child support order, the child's appointed guardian will receive a copy of all pertinent information provided to the Eligible Employee. In addition, should the Eligible Employee lose eligibility status, the guardian will receive the necessary information regarding the dependent child's rights for continuation of coverage under COBRA.

Effective Date

Coverage starts at 12:01 a.m. on the Effective Date. The Effective Date is typically the first day of the month following your hire date. The effective date for enrollment or changes made during open enrollment is typically July 1. No benefits will be provided for services, supplies or charges Incurred before your Effective Date.

Changes in Coverage

If you have individual coverage, you may change to family coverage if you marry or you or your spouse acquire an Eligible Dependent. You must notify your benefits specialist who must then notify Medical Mutual of the change.

Coverage for a spouse and other dependents who become eligible by reason of marriage will be effective on the first of the month following the date of the marriage if a request for their coverage is submitted to the Group within 31 days of the marriage. A newborn child or an adopted child will be covered as of the date of birth or adoptive placement, provided that you request enrollment within 31 days of the date of birth or adoptive placement. Coverage will continue for an adopted child unless the placement is disrupted prior to legal adoption and the child is removed from placement.

It is important to complete and submit your Enrollment Form promptly.

There are occasions when circumstances change and only the Card Holder is eligible for coverage. Family coverage must then be changed to individual coverage. In addition, the Group must be notified when you or an Eligible Dependent under your Benefit Book becomes eligible for Medicare.

Special Enrollment

For information regarding eligible changes outside of open enrollment, please go to the State of Ohio's website at:<http://das.ohio.gov/benefits> and click the link on the right entitled "Change In Status/Qualifying Events Matrix".

When Your Coverage Begins

Your Effective Date of Coverage

If you have met all the eligibility requirements, your coverage takes effect on the later of:

- The date you are eligible for coverage; and
- The date your enrollment information is received.

If your completed enrollment information is not received within 31 days of your eligibility date, the rules under the *Special Enrollment* section will apply.

Your Dependent's Effective Date of Coverage

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

Note: New dependents need to be reported to the State of Ohio within 31 days because they may affect your contributions. If you do not report a new dependent within 31 days of his or her eligibility date, the rules under the *Special Enrollment* section will apply.

How Your Medical Plan Works

Common Terms

Accessing Providers

Precertification

It is important that you have the information and useful resources to help you get the most out of your **Aetna** medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the *Glossary* section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your Aetna Choice POS II Medical Plan

This Aetna Choice POS II medical plan provides coverage for a wide range of medical expenses for the treatment of **illness** or **injury**. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your Aetna Choice POS II plan, you can directly access any **network** or **out-of-network physician, hospital** or other health care provider for covered services and supplies under the plan. The plan pays benefits differently when services and supplies are obtained through **network providers** or **out-of-network providers** under this plan.

Important Note

Network providers have contracted with **Aetna**, an affiliate or third party vendor to provide health care services and supplies to **Aetna** plan members. **Network providers** are generally identified in the printed **directory** and the on-line version of the **directory** via DocFind at www.aetna.com unless otherwise noted in this section. **Out-of-network providers** are not listed in the **Aetna directory**.

The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet.

Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the *What the Plan Covers*, *Exclusions*, *Limitations* sections and *Schedule of Benefits* to determine if medical services are covered, excluded or limited.

This Aetna Choice POS II plan provides access to covered benefits through a broad network of health care providers and facilities. This Aetna Choice POS II plan is designed to lower your out-of-pocket costs when you use **network providers** for **covered expenses**. Your **deductibles**, **copayments**, and **payment percentage** will generally be lower when you use **network providers** and facilities.

You also have the choice to access licensed **providers**, **hospitals** and facilities outside the network for covered services and supplies. Your out-of-pocket costs will generally be higher when you use **out-of-network** providers because the **deductibles**, **copayments**, and **payment percentage** that you are required to pay are usually higher when you utilize **out-of-network providers**. **Out-of-network providers** have not agreed to accept the **negotiated charge** and may balance bill you for charges over the amount **Aetna** pays under the plan.

Some services and supplies may only be covered through **network providers**. Refer to the *Covered Benefit* sections and your *Schedule of Benefits* to determine if any services are limited to network coverage only.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your *Schedule of Benefits* carefully to understand the cost sharing charges applicable to you.

Availability of Providers

Aetna cannot guarantee the availability or continued participation of a particular provider. Either **Aetna** or any **network provider** may terminate the **provider** contract or limit the number of patients accepted in a practice. If the **physician** initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

Ongoing Reviews

Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are **covered expenses** under this Booklet. If **Aetna** determines that the recommended services or supplies are not **covered expenses**, you will be notified. You may appeal such determinations by contacting **Aetna** to seek a review of the determination. Please refer to the *Reporting of Claims* and the *Claims and Appeals* sections of this Booklet.

To better understand the choices that you have with your Aetna Choice POS II plan, please carefully review the following information.

How Your Aetna Choice POS II Medical Plan Works

The Primary Care Physician:

To access network benefits, you are encouraged to select a **Primary Care Physician (PCP)** from **Aetna's** network of providers at the time of enrollment. Each covered family member may select his or her own **PCP**. If your covered dependent is a minor, or otherwise incapable of selecting a **PCP**, you should select a **PCP** on their behalf. (Selecting a **PCP** is not a requirement of this Plan)

You may search online for the most current list of participating providers in your area by using DocFind, **Aetna's** online provider directory at www.aetna.com. You can choose a **PCP** based on geographic location, group practice, medical specialty, language spoken, or **hospital** affiliation. DocFind is updated several times a week. You may also request a printed copy of the provider directory through the State of Ohio or by contacting Member Services through e-mail or by calling the toll free number on your ID card.

A **PCP** may be a general practitioner, family **physician**, internist, or pediatrician. Your **PCP** provides routine preventive care and will treat you for **illness** or **injury**.

A **PCP** coordinates your medical care, as appropriate either by providing treatment or may direct you to other **network providers** for other covered services and supplies. The **PCP** can also order lab tests and x-rays, prescribe medicines or therapies, and arrange **hospitalization**.

Changing Your PCP

You may change your **PCP** at any time on **Aetna's** website, www.aetna.com, or by calling the Member Services toll-free number on your identification card. The change will become effective upon **Aetna's** receipt and approval of the request.

Specialists and Other Network Providers

You may directly access **specialists** and other health care professionals in the network for covered services and supplies under this Booklet. Refer to the **Aetna provider directory** to locate network **specialists, providers** and **hospitals** in your area. Refer to the *Schedule of Benefits* section for benefit limitations and out-of-pocket costs applicable to your plan.

Important Note

ID Card: You will receive an ID card. It identifies you as a member when you receive services from health care **providers**. If you have not received your ID card or if your card is lost or stolen, notify **Aetna** immediately and a new card will be issued.

Accessing Network Providers and Benefits

- You may select a **PCP** or other direct access **network provider** from the **network provider directory** or by logging on to **Aetna's** website at www.aetna.com. You can search **Aetna's** online **directory**, DocFind, for names and locations of **physicians, hospitals** and **other health care** providers and facilities. You can change your **PCP** at any time.
- If a service or supply you need is covered under this Plan but not available from a **network provider** in your area, your **PCP** may refer you to an **out-of-network provider**. As long as your **PCP** has provided you with a **referral** that has been approved by **Aetna**, you will receive the network benefit level as shown in your *Schedule of Benefits*.
- If a service or supply you need is covered under this Plan but not available from a **network provider in your area**, please contact Member Services by email or at the toll-free number on your ID card for assistance.
- Certain health care services such as **hospitalization, outpatient surgery** and certain other outpatient services, require **precertification** with **Aetna** to verify coverage for these services. You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there are no additional out-of-pocket costs to you as a result of a **network provider's** failure to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- Except for your **prescription drug** expenses, you will not have to submit medical claims for treatment received from network health care professionals and facilities. Your **network provider** will take care of claim submission. **Aetna** will directly pay the **network provider** or facility less any cost sharing required by you. You will be responsible for **deductibles, payment percentage** and **copayments**, if any.
- You may be required to pay some **network providers** at the time of service. When you pay a **network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. You must submit a completed claim form and proof of payment to **Aetna**. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this Plan.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards your **deductible, copayments, or payment percentage** or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing For Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- **Network providers** have agreed to accept the **negotiated charge**. Aetna will reimburse you for a **covered expense**, incurred from a **network provider**, up to the **negotiated charge** and the maximum benefits under this Plan, less any cost sharing required by you such as **deductibles**, **copayments** and **payment percentage**. Your **payment percentage** is based on the **negotiated charge**. You will not have to pay any balance bills above the **negotiated charge** for that covered service or supply.
- You must satisfy any applicable **deductibles** before the plan will begin to pay benefits.
- **Deductibles** and **payment percentage** are usually lower when you use **network providers** than when you use **out-of-network providers**.
- For certain types of services and supplies, you will be responsible for any **copayments** shown in your *Schedule of Benefits*. The **copayments** will vary depending upon the type of service and whether you obtain covered health care services from a provider who is a **specialist** or non-**specialist**. You will be subject to the **PCP copayments** shown on the *Schedule of Benefits* when you obtain covered health care services from any **PCP** who is a **network provider**. If the provider is a **network specialist**, then the **specialist copayment** will apply.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limit** applicable to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Plan Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limits**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.
- You may be billed for any **deductible**, **copayment**, or **payment percentage** amounts, or any non-covered expenses that you incur.

Accessing Out-of-Network Providers and Benefits

- Certain health care services such as hospitalization, outpatient surgery and certain other outpatient services, require **precertification** with Aetna to verify coverage for these services. When you receive services from an **out-of-network provider**, you are responsible for obtaining the necessary **precertification** from Aetna. Your provider may **precertify** the services for you. However, you should verify with Aetna prior to the service, that the provider has obtained **precertification** from Aetna. If the service is not **precertified**, the benefit payable may be significantly reduced or may not be covered. This means you will be responsible for the unpaid balance of any bills. You must call the **precertification** toll-free number on your ID card to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- When you use **out-of-network providers**, you may have to pay for services at the time they are rendered. You may be required to pay the full charges and submit a claim form to Aetna for reimbursement. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** that you paid directly to an **out-of-network provider**.
- When you pay an **out-of-network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from Aetna. You must submit a completed claim form and proof of payment to Aetna. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this plan.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards any **deductible**, or **payment percentage** amounts or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Important Note

Failure to **precertify** services and supplies will result in a reduction of benefits or no coverage for the services or supplies under this Booklet. Please refer to the *Understanding Precertification* section for information on how to request **precertification**.

Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. **Cost Sharing** amounts and provisions are described in the *Schedule of Benefits*.

- **Out-of-network providers** have not agreed to accept the **negotiated charge**. **Aetna** will reimburse you for a **covered expense**, incurred from an **out-of network provider**, up to the **recognized charge** and the maximum benefits under this Plan, less any cost-sharing required by you such as **deductibles** and **payment percentage**. The **recognized charge** is the maximum amount **Aetna** will pay for a **covered expense** from an **out-of-network provider**. Your **payment percentage** is based on the **recognized charge**. If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses incurred above the **recognized charge**. Except for emergency services, **Aetna** will only pay up to the **recognized charge**.
- You must satisfy any applicable **deductibles** before the plan begins to pay benefits.
- **Deductibles** and **payment percentage** are usually higher when you use **out-of network providers** than when you use **network providers**.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limits** that apply to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Plan Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limit**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.

Understanding Precertification

Precertification

Certain services, such as inpatient **stays**, certain tests, procedures and **outpatient surgery** require **precertification** by **Aetna**. **Precertification** is a process that helps you and your **physician** determine whether the services being recommended are **covered expenses** under the plan. It also allows **Aetna** to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a **network provider's** failure to **precertify** services.

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from **Aetna** for any services or supplies on the **precertification** list below. If you do not **precertify**, your benefits may be reduced, or the plan may not pay any benefits. The list of services requiring **precertification** follows on the next page.

Important Note

Please read the following sections in their entirety for important information on the **precertification** process, and any impact it may have on your coverage.

The Precertification Process

Prior to being **hospitalized** or receiving certain other medical services or supplies there are certain **precertification** procedures that must be followed.

You or a member of your family, a **hospital** staff member, or the attending **physician**, must notify **Aetna** to **precertify** the admission or medical services and expenses prior to receiving any of the services or supplies that require **precertification** pursuant to this Booklet in accordance with the following timelines:

Precertification should be secured within the timeframes specified below. To obtain **precertification**, call **Aetna** at the telephone number listed on your ID card. This call must be made:

For non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
For an emergency outpatient medical condition :	You or your physician should call prior to the outpatient care, treatment or procedure if possible; or as soon as reasonably possible.
For an emergency admission :	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
For an urgent admission :	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness ; the diagnosis of an illness ; or an injury .
For outpatient non-emergency medical services requiring precertification :	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

Aetna will provide a written notification to you and your **physician** of the **precertification** decision. If your **precertified** expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, **Aetna** will notify you, your **physician** and the facility about your **precertified** length of **stay**. If your **physician** recommends that your **stay** be extended, additional days will need to be certified. You, your **physician**, or the facility will need to call **Aetna** at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. **Aetna** will review and process the request for an extended **stay**. You and your **physician** will receive a notification of an approval or denial.

If **precertification** determines that the **stay** or services and supplies are not **covered expenses**, the notification will explain why and how **Aetna**'s decision can be appealed. You or your provider may request a review of the **precertification** decision pursuant to the Claims and Appeals section included with this Booklet.

Services and Supplies Which Require Precertification

Precertification is required for the following types of medical expenses. You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a **network provider's** failure to **precertify** services.

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from **Aetna** for any services or supplies on the **precertification** list below. If you do not **precertify**, your benefits may be reduced, or the plan may not pay any benefits.

Inpatient and Outpatient Care

- Stays in a **hospital**;
- Stays in a **skilled nursing facility**;
- Stays in a **rehabilitation facility**;
- Stays in a **hospice** facility;
- Outpatient **hospice care**;
- **Home health care**;
- Private duty nursing care;
- Intensive Outpatient Programs for mental disorders and substance abuse;
- Applied Behavioral Analysis;
- Neuropsychological testing;
- Psychological testing.

How Failure to Precertify Affects Your Benefits

A **precertification** benefit reduction will be applied to the benefits paid if you fail to obtain a required **precertification** prior to incurring medical expenses. This means **Aetna** will reduce the amount paid towards your coverage, or your expenses may not be covered. You will be responsible for the unpaid balance of the bills.

You are responsible for obtaining the necessary **precertification** from **Aetna** prior to receiving services from an **out-of-network provider**. Your provider may **precertify** your treatment for you; however you should verify with **Aetna** prior to the procedure, that the provider has obtained **precertification** from **Aetna**. If your treatment is not **precertified** by you or your provider, the benefit payable may be significantly reduced or your expenses may not be covered.

How Your Benefits are Affected

The chart below illustrates the effect on your benefits if necessary **precertification** is not obtained.

If precertification is:	then the expenses are:
▪ requested and approved by Aetna .	▪ covered.
▪ requested and denied.	▪ not covered, may be appealed.
▪ not requested, but would have been covered if requested.	▪ covered after a precertification benefit reduction is applied.*
▪ not requested, would not have been covered if requested.	▪ not covered, may be appealed.

It is important to remember that any additional out-of-pocket expenses incurred because your **precertification** requirement was not met will not count toward your **deductible** or **payment limit** or **maximum out-of-pocket limit**.

*Refer to the *Schedule of Benefits* section for the amount of **precertification** benefit reduction that applies to your plan.

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your **physician** provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your **physician** to obtain your medical history to assist the emergency **physician** in your treatment.
- If you are admitted to an inpatient facility, notify your **physician** as soon as reasonably possible.
- If you seek care in an emergency room for a non-emergency condition, your benefits will be paid. Please refer to the *Schedule of Benefits* for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Refer to **Coverage for Urgent Medical Conditions** in the *What the Plan Covers* section.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or **urgent condition** and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your **physician** for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for **illness** or **injury**. If you access a **hospital** emergency room for follow-up care, your coverage will be paid. Refer to your *Schedule of Benefits* for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a **physician**.

You may use an **out-of-network provider** for your follow-up care. You will be subject to the **deductible and payment percentage** that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

Important Notice

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should **not** be provided by an emergency room facility.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with **physician** specialty society recommendations and the views of **physicians** practicing in relevant clinical areas and any other relevant factors.

Important Note

Not every service or supply that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. When Coverage Ends

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees

Your **Aetna** health benefits coverage will end if:

- The **Aetna** health benefits plan is discontinued;
- You voluntarily stop your coverage;
- You are no longer eligible for coverage;
- You become covered under another plan offered by the State of Ohio; or
- The State of Ohio notifies **Aetna** that your employment is ended.

It is the State of Ohio's responsibility to let **Aetna** know when your employment ends.

When Coverage Ends for Dependents

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees;
- Your dependent is no longer eligible for coverage. Coverage ends at the end of the calendar month when your dependent does not meet the plan's definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group plan offered by the State of Ohio.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See *Continuation of Coverage* for more information.

Continuation of Coverage

Continuing Health Care Benefits

Handicapped Dependent Children

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to **Aetna** no later than 31 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. **Aetna** also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

COBRA Continuation of Coverage

If the State of Ohio is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of contributions. Continuation rights are available following a “qualifying event” that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

Continuing Coverage through COBRA

When you or your covered dependents become eligible, the State of Ohio will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of the State of Ohio’s notice of this COBRA continuation right, if later.
- Agree to pay the required contributions.

Who Qualifies for COBRA

You have 60 days from the qualifying event to elect COBRA or within 60 days of the State of Ohio's notice of the COBRA continuation right. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

Qualifying Event Causing Loss of Health Coverage	Covered Persons Eligible to Elect Continuation	Maximum Continuation Periods
Your active employment ends for reasons other than gross misconduct	You and your dependents	18 months
Your working hours are reduced	You and your dependents	18 months
You divorce or legally separate and are no longer responsible for dependent coverage	Your dependents	36 months
You become entitled to benefits under Medicare	Your dependents	36 months
Your covered dependent children no longer qualify as dependents under the plan	Your dependent children	36 months
You die	Your dependents	36 months
You are a retiree eligible for health coverage and your former employer files for bankruptcy	You and your dependents	18 months

Disability May Increase Maximum Continuation to 29 Months

If You or Your Covered Dependents Are Disabled

If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.
- Must notify the State of Ohio within 60 days of the disability determination status and before the 18 month continuation period ends.
- Must notify the State of Ohio within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the contributions after the 18th month, through the 29th month.

If There Are Multiple Qualifying Events

A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.

Determining Your Contributions For Continuation Coverage

Your contributions are regulated by law, based on the following:

- For the 18 or 36 month periods, contributions may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, contributions for coverage during an extended disability period may never exceed 150 percent of the plan costs.

When You Acquire a Dependent During a Continuation Period

If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- The State of Ohio is notified about your dependent within 31 days of eligibility, and
- Additional contributions for continuation (where applicable) are paid on a timely basis.

Important Note

For more information about dependent eligibility, see the *Eligibility, Enrollment and Effective Date* section.

When Your COBRA Continuation Coverage Ends

Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required contributions.
- You or your covered dependents become covered under another group plan that does not restrict coverage for preexisting conditions. If your new plan limits preexisting condition coverage, the continuation coverage under this plan may remain in effect until the preexisting clause ceases to apply or the maximum continuation period is reached under this plan.
- The date the State of Ohio no longer offers a group health plan.
- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.

Coordination of Benefits - What Happens When There is More Than One Health Plan

Other Plans Not Including Medicare

Other Plans Not Including Medicare

Some persons have health coverage in addition to coverage under this Plan. Under these circumstances, it is not intended that a plan provide duplicate benefits. For this reason, many plans, including this Plan, have a "coordination of benefits" provision.

Under the coordination of benefits provision of this Plan, the amount normally reimbursed under this Plan is reduced to take into account payments made by "other plans".

When this and another health expenses coverage plan applies, the order in which the various plans will pay benefits must be figured. This will be done as follows using the first rule that applies:

1. A plan with no rules for coordination with other benefits will be deemed to pay its benefits before a plan which contains such rules.
2. A plan which covers a person other than as a dependent will be deemed to pay its benefits before a plan which covers the person as a dependent; except that if the person is also a Medicare beneficiary and as a result of the Social Security Act of 1965, as amended, Medicare is:
 - secondary to the plan covering the person as a dependent; and
 - primary to the plan covering the person as other than a dependent;

The benefits of a plan which covers the person as a dependent will be determined before the benefits of a plan which:

- covers the person as other than a dependent; and
 - is secondary to Medicare.
3. Except in the case of a dependent child whose parents are divorced or separated; the plan which covers the person as a dependent of a person whose birthday comes first in a calendar year will be primary to the plan which covers the person as a dependent of a person whose birthday comes later in that calendar year. If both parents have the same birthday, the benefits of a plan which covered one parent longer are determined before those of a plan which covered the other parent for a shorter period of time.

If the other plan does not have the rule described in this provision (3) but instead has a rule based on the gender of the parent and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

4. In the case of a dependent child whose parents are divorced or separated:
 - a. If there is a court decree which states that the parents shall share joint custody of a dependent child, without stating that one of the parents is responsible for the health care expenses of the child, the order of benefit determination rules specified in (3) above will apply.
 - b. If there is a court decree which makes one parent financially responsible for the medical, dental or other health care expenses of such child, the benefits of a plan which covers the child as a dependent of such parent will be determined before the benefits of any other plan which covers the child as a dependent child.

c. If there is not such a court decree:

- If the parent with custody of the child has not remarried, the benefits of a plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.
- If the parent with custody of the child has remarried, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the stepparent. The benefits of a plan which covers that child as a dependent of the stepparent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody.

5. If 1, 2, 3 and 4 above do not establish an order of payment, the plan under which the person has been covered for the longest will be deemed to pay its benefits first; except that:

The benefits of a plan which covers the person on whose expenses claim is based as a:

- laid-off or retired employee; or
- the dependent of such person.

Shall be determined after the benefits of any other plan which covers such person as:

- an employee who is not laid-off or retired; or
- dependent of such person.

If the other plan does not have a provision:

- regarding laid-off or retired employees; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The benefits of a plan which covers the person on whose expenses claim is based under a right of continuation pursuant to federal or state law shall be determined after the benefits of any other plan which covers the person other than under such right of continuation.

If the other plan does not have a provision:

- regarding right of continuation pursuant to federal or state law; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The general rule is that the benefits otherwise payable under this Plan for all expenses processed during a single "processed claim transaction" will be reduced by the total benefits payable under all "other plans" for the same expenses. An exception to this rule is that when the coordination of benefits rules of this Plan and any "other plan" both agree that this Plan is primary, the benefits of the other plan will be ignored in applying this rule. As used in this paragraph, a "processed claim transaction" is a group of actual or prospective charges submitted to Aetna for consideration, that have been grouped together for administrative purposes as a "claim transaction" in accordance with Aetna's then current rules. If the contract includes both medical and dental coverage, those coverages will be considered separate plans. The Medical/Pharmacy coverage will be coordinated with other Medical/Pharmacy plans. In turn, the dental coverage will be coordinated with other dental plans.

In order to administer this provision, Aetna can release or obtain data. Aetna can also make or recover payments.

Other Plan

This means any other plan of health expense coverage under:

- Group insurance.
- Any other type of coverage for persons in a group. This includes plans that are insured and those that are not.
- No-fault auto insurance required by law and provided on other than a group basis. Only the level of benefits required by the law will be counted.

When You Have Medicare Coverage

Which Plan Pays First
How Coordination with Medicare Works
What is Not Covered

This section explains how the benefits under **This Plan** interact with benefits available under **Medicare**.

Medicare, when used in this Booklet, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of **Medicare**

You are eligible for **Medicare** if you are:

- Covered under it by reason of age, disability, or
- End Stage Renal Disease
- Not covered under it because you:
 1. Refused it;
 2. Dropped it; or
 3. Failed to make a proper request for it.

If you are eligible for **Medicare**, the plan coordinates the benefits it pays with the benefits that **Medicare** pays. Sometimes, the **plan** is the primary payor, which means that the **plan** pays benefits before **Medicare** pays benefits. Under other circumstances, the **plan** is the secondary payor, and pays benefits after **Medicare**.

Which Plan Pays First

The plan is the primary payor when your coverage for the **plan's** benefits is based on current employment with your employer. The **plan** will act as the primary payor for the **Medicare** beneficiary who is eligible for **Medicare**:

- Solely due to age if the **plan** is subject to the Social Security Act requirements for **Medicare** with respect to working aged (i.e., generally a plan of an employer with 20 or more employees);
- Due to diagnosis of end stage renal disease, but only during the first 30 months of such eligibility for **Medicare** benefits. This provision does not apply if, at the start of eligibility, you were already eligible for **Medicare** benefits, and the **plan's** benefits were payable on a secondary basis;
- Solely due to any disability other than end stage renal disease; but only if the **plan** meets the definition of a large group health plan as outlined in the Internal Revenue Code (i.e., generally a plan of an employer with 100 or more employees).

The plan is the secondary payor in all other circumstances.

How Coordination With Medicare Works

When the Plan is Primary

The **plan** pays benefits first when it is the primary payor. You may then submit your claim to **Medicare** for consideration.

When Medicare is Primary

Your health care expense must be considered for payment by **Medicare** first. You may then submit the expense to **Aetna** for consideration.

Aetna will calculate the benefits the **plan** would pay in the absence of **Medicare**:

The amount will be reduced so that when combined with the amount paid by **Medicare**, the total benefits paid or provided by all plans for the claim do not exceed 100 percent of the total **allowable expense**.

This review is done on a claim-by-claim basis.

Charges used to satisfy your Part B deductible under **Medicare** will be applied under the **plan** in the order received by **Aetna**. **Aetna** will apply the largest charge first when two or more charges are received at the same time.

Aetna will apply any rule for coordinating health care benefits after determining the benefits payable.

Right to Receive and Release Required Information

Certain facts about health care coverage and services are required to apply coordination of benefits (COB) rules to determine benefits under **This Plan** and other **plans**. **Aetna** has the right to obtain or release any information, and make or recover any payments it considers necessary, in order to administer this provision.

General Provisions

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the plan or about the proper payment of benefits, contact the State of Ohio or **Aetna**.
- Sutter Health and Affiliates, the dominant health system in much of northern California, uses its bargaining power to insist on unique requirements to participate in the Aetna network. Aetna's contract with Sutter requires payment of claims that would otherwise be denied, such as those not medically necessary or experimental or investigational (but does not require payment for services the Plan expressly excludes from coverage, such as for cosmetic surgery). Aetna will charge the Plan for these claims in order to be able to continue providing Plan Participants with access to Sutter's services on an in-network basis.
- The plan may be changed or discontinued with respect to your coverage.

Financial Sanctions Exclusions

If any benefit provided by this plan violates or will violate any economic or trade sanctions, the coverage is immediately considered invalid. For example, Aetna companies cannot make payments for health care or other claims or services if it violates a financial sanction regulation. This includes sanctions related to a blocked person or a country under sanction by the United States, unless permitted under a valid written Office of Foreign Assets Control (OFAC) license. For more information, visit <http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx>.

Assignments

Coverage and your rights under this plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.

Misstatements

Aetna's failure to implement or insist upon compliance with any provision of this plan at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this plan.

Rescission of Coverage

Aetna may rescind your coverage if you, or the person seeking coverage on your behalf:

- Performs an act, practice or omission that constitutes fraud; or
- Makes an intentional misrepresentation of material fact.

You will be given 30 days advance written notice of any rescission of coverage.

As to medical coverage only, you have the right to an internal Appeal with **Aetna** and/or the right to a third party review conducted by an independent External Review Organization if your coverage under this Booklet is rescinded retroactive to its Effective Date.

Subrogation and Right of Recovery Provision

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan's right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the plan pays benefits. No adult covered person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the plan.

The plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an **injury, illness** or condition for which the plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers' compensation coverage, no-fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Subrogation

The right of subrogation means the plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the plan. Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all rights of recovery with respect to any claim or potential claim against any party, due to an **injury, illness** or condition to the full extent of benefits provided or to be provided by the plan. The plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an **injury, illness** or condition, you agree to reimburse the plan first from such payment for all amounts the plan has paid and will pay as a result of that **injury, illness** or condition, up to and including the full amount of your recovery.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider) you agree that if you receive any payment as a result of an **injury, illness** or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the plan. No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Lien Rights

Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the **illness, injury** or condition upon any recovery whether by settlement, judgment, or otherwise, related to treatment for any **illness, injury** or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, you, your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the plan.

Assignment

In order to secure the plan's recovery rights, you agree to assign to the plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the plan's subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the plan, you acknowledge that the plan's recovery rights are a first priority claim and are to be repaid to the plan before you receive any recovery for your damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from *any and all* settlements or judgments, even those designated as pain and suffering, non-economic damages, and/or general damages only. The plan's claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the plan's efforts to recover benefits paid. It is your duty to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your **injury, illness** or condition. You and your agents agree to provide the plan or its representatives notice of any recovery you or your agents obtain prior to receipt of such recovery funds or within 5 days if no notice was given prior to receipt. Further, you and your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and your agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request and all documents related to or filed in person injury litigation. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights, or failure to reimburse the plan from any settlement or recovery you receive may result in the denial of any future benefit payments or claim until the plan is reimbursed in full, termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the plan's subrogation or recovery interest or to prejudice the plan's ability to enforce the terms of this plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health plan's subrogation and reimbursement interest.

You acknowledge that the plan has the right to conduct an investigation regarding the **injury, illness** or condition to identify potential sources of recovery. The plan reserves the right to notify all parties and his/ her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq.*, to share your personal health information in exercising its subrogation and reimbursement rights.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys' fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

Workers' Compensation

If benefits are paid under the **Aetna** medical benefits plan and **Aetna** determines you received Workers' Compensation benefits for the same incident, **Aetna** has the right to recover as described under the *Subrogation and Right of Reimbursement* provision. **Aetna**, on behalf of the Plan, will exercise its right to recover against you.

The Recovery Rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily **injury** or **illness** was sustained in the course of or resulted from your employment;

- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this **Aetna** medical benefits plan, you will notify **Aetna** of any Workers' Compensation claim you make, and that you agree to reimburse **Aetna**, on behalf of the Plan, as described above.

If benefits are paid under this **Aetna** medical benefits plan, and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, **Aetna**, on behalf of the Plan, has a right to recover from you or your covered dependent an amount equal to the amount the Plan paid.

Recovery of Overpayments

Health Coverage

If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

Reporting of Claims

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. The State of Ohio has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

When a **PCP** provides care for you or a covered dependent, or care is provided by a **network provider (network services or supplies)**, the **network provider** will take care of filing claims. However, when you seek care on your own (**out-of-network services and supplies**), you are responsible for filing your own claims.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **physicians, dentists** and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to **Aetna**, you may contact **Aetna's** Home Office at:

Aetna Life Insurance Company
151 Farmington Avenue
Hartford, CT 06156

You may also use **Aetna's** toll free Member Services phone number on your ID card or visit **Aetna's** web site at www.aetna.com.

Discount Programs

Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Claims, Appeals and External Review

Filing Health Claims under the Plan

Under the Plan, you may file claims for Plan benefits and appeal adverse claim determinations. Any reference to "you" in this Claims, Appeals and External Review section includes you and your Authorized Representative. An "Authorized Representative" is a person you authorize, in writing, to act on your behalf. The Plan will also recognize a court order giving a person authority to submit claims on your behalf. In the case of an urgent care claim, a health care professional with knowledge of your condition may always act as your Authorized Representative.

If your claim is denied in whole or in part, you will receive a written notice of the denial from Aetna Life Insurance Company (Aetna). The notice will explain the reason for the denial and the appeal procedures available under the Plan.

Urgent Care Claims

An “Urgent Care Claim” is any claim for medical care or treatment for which the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function, or, in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

If the Plan requires advance approval of a service, supply or procedure before a benefit will be payable, and if Aetna or your physician determines that it is an Urgent Care Claim, you will be notified of the decision, whether adverse or not, as soon as possible but not later than 72 hours after the claim is received.

If there is not sufficient information to decide the claim, you will be notified of the information necessary to complete the claim as soon as possible, but not later than 24 hours after receipt of the claim. You will be given a reasonable additional amount of time, but not less than 48 hours, to provide the information, and you will be notified of the decision not later than 48 hours after the end of that additional time period (or after receipt of the information, if earlier).

Other Claims (Pre-Service and Post-Service)

If the Plan requires you to obtain advance approval of a non-urgent service, supply or procedure before a benefit will be payable, a request for advance approval is considered a pre-service claim. You will be notified of the decision not later than 15 days after receipt of the pre-service claim.

For other claims (post-service claims), you will be notified of the decision not later than 30 days after receipt of the claim.

For either a pre-service or a post-service claim, these time periods may be extended up to an additional 15 days due to circumstances outside Aetna’s control. In that case, you will be notified of the extension before the end of the initial 15 or 30-day period. For example, they may be extended because you have not submitted sufficient information, in which case you will be notified of the specific information necessary and given an additional period of at least 45 days after receiving the notice to furnish that information. You will be notified of Aetna’s claim decision no later than 15 days after the end of that additional period (or after receipt of the information, if earlier).

For pre-service claims which name a specific claimant, medical condition, and service or supply for which approval is requested, and which are submitted to an Aetna representative responsible for handling benefit matters, but which otherwise fail to follow the Plan's procedures for filing pre-service claims, you will be notified of the failure within 5 days (within 24 hours in the case of an urgent care claim) and of the proper procedures to be followed. The notice may be oral unless you request written notification.

Ongoing Course of Treatment

If you have received pre-authorization for an ongoing course of treatment, you will be notified in advance if the previously authorized course of treatment is intended to be terminated or reduced so that you will have an opportunity to appeal any decision to Aetna and receive a decision on that appeal before the termination or reduction takes effect. If the course of treatment involves urgent care, and you request an extension of the course of treatment at least 24 hours before its expiration, you will be notified of the decision within 24 hours after receipt of the request.

Health Claims – Standard Appeals

As an individual enrolled in the Plan, you have the right to file an appeal from an Adverse Benefit Determination relating to service(s) you have received or could have received from your health care provider under the Plan.

An “Adverse Benefit Determination” is defined as a denial, reduction, termination of, or failure to, provide or make payment (in whole or in part) for a service, supply or benefit. Such Adverse Benefit Determination may be based on:

- Your eligibility for coverage, including a retrospective termination of coverage (whether or not there is an adverse effect on any particular benefit);
- Coverage determinations, including plan limitations or exclusions;
- The results of any Utilization Review activities;

- A decision that the service or supply is **experimental or investigational**; or
- A decision that the service or supply is not **medically necessary**.

A “Final Internal Adverse Benefit Determination” is defined as an Adverse Benefit Determination that has been upheld by the appropriate named fiduciary (Aetna) at the completion of the internal appeals process, or an Adverse Benefit Determination for which the internal appeals process has been exhausted.

Exhaustion of Internal Appeals Process

Generally, you are required to complete all appeal processes of the Plan before being able to obtain External Review or bring an action in litigation. However, if Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under applicable federal law, you are considered to have exhausted the Plan’s appeal requirements (“Deemed Exhaustion”) and may proceed with External Review or may pursue any available remedies under §502(a) of ERISA or under state law, as applicable.

There is an exception to the Deemed Exhaustion rule. Your claim or internal appeal may not go straight to External Review if:

- A rule violation was minor and is not likely to influence a decision or harm you; and
- It was for a good cause or was beyond Aetna’s or the Plan’s or its designee’s control; and
- It was part of an ongoing good faith exchange between you and Aetna or the Plan.

This exception is not available if the rule violation is part of a pattern or practice of violations by Aetna or the Plan.

You may request a written explanation of the violation from the Plan or Aetna, and the Plan or Aetna must provide such explanation within 10 days, including a specific description of its bases, if any, for asserting that the violation should not cause the internal claims and appeals process to be deemed exhausted. If an External Reviewer or a court rejects your request for immediate review on the basis that the plan met the standards for the exception, you have the right to resubmit and pursue the internal appeal of the claim. In such a case, within a reasonable time after the External Reviewer or court rejects the claim for immediate review (not to exceed 10 days), you will receive notice of the opportunity to resubmit and pursue the internal appeal of the claim. Time periods for re-filing the claim shall begin to run upon your receipt of such notice.

Full and Fair Review of Claim Determinations and Appeals

Aetna will provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by Aetna (or at the direction of Aetna), or any new or additional rationale as soon as possible and sufficiently in advance of the date on which the notice of Final Internal Adverse Benefit Determination is provided, to give you a reasonable opportunity to respond prior to that date.

You may file an appeal in writing to Aetna at the address provided in this booklet, or, if your appeal is of an urgent nature, you may call Aetna’s Member Services Unit at the toll-free phone number on your ID card. Your request should include the group name (that is, your employer), your name, member ID, or other identifying information shown on the front of the Explanation of Benefits form, and any other comments, documents, records and other information you would like to have considered, whether or not submitted in connection with the initial claim.

An Aetna representative may call you or your health care provider to obtain medical records and/or other pertinent information in order to respond to your appeal.

You will have 180 days following receipt of an Adverse Benefit Determination to appeal the determination to Aetna. You will be notified of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received. You may submit written comments, documents, records and other information relating to your claim, whether or not the comments, documents, records or other information were submitted in connection with the initial claim. A copy of the specific rule, guideline or protocol relied upon in the Adverse Benefit Determination will be provided free of charge upon request by you or your Authorized Representative. You may also request that Aetna provide you, free of charge, copies of all documents, records and other information relevant to the claim.

If your claim involves urgent care, an expedited appeal may be initiated by a telephone call to the phone number included in your denial, or to Aetna's Member Services. Aetna's Member Services telephone number is on your Identification Card. You or your Authorized Representative may appeal urgent care claim denials either orally or in writing. All necessary information, including the appeal decision, will be communicated between you or your Authorized Representative and Aetna by telephone, facsimile, or other similar method. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with the appeal decision on an urgent care claim, you may file a second level appeal with Aetna. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with a pre-service or post-service appeal decision, you may file a second level appeal with Aetna within 60 days of receipt of the level one appeal decision. Aetna will notify you of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received.

If you do not agree with the Final Internal Adverse Benefit Determination on review, you have the right to bring a civil action under Section 502(a) of ERISA, if applicable.

Health Claims – Voluntary Appeals

External Review

“External Review” is a review of an eligible Adverse Benefit Determination or a Final Internal Adverse Benefit Determination by an Independent Review Organization/External Review Organization (ERO) or by the State Insurance Commissioner, if applicable.

A “Final External Review Decision” is a determination by an ERO at the conclusion of an External Review.

You must complete all of the levels of standard appeal described above before you can request External Review, other than in a case of Deemed Exhaustion. Subject to verification procedures that the Plan may establish, your Authorized Representative may act on your behalf in filing and pursuing this voluntary appeal.

You may file a voluntary appeal for External Review of any Adverse Benefit Determination or any Final Internal Adverse Benefit Determination that qualifies as set forth below.

The notice of Adverse Benefit Determination or Final Internal Adverse Benefit Determination that you receive from Aetna will describe the process to follow if you wish to pursue an External Review, and will include a copy of the *Request for External Review Form*.

You must submit the *Request for External Review Form* to Aetna within 123 calendar days of the date you received the Adverse Benefit Determination or Final Internal Adverse Benefit Determination notice. If the last filing date would fall on a Saturday, Sunday or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday or Federal holiday. You also must include a copy of the notice and all other pertinent information that supports your request.

If you file a voluntary appeal, any applicable statute of limitations will be tolled while the appeal is pending. The filing of a claim will have no effect on your rights to any other benefits under the Plan. However, the appeal is voluntary and you are not required to undertake it before pursuing legal action.

If you choose not to file for voluntary review, the Plan will not assert that you have failed to exhaust your administrative remedies because of that choice.

Request for External Review

The External Review process under this Plan gives you the opportunity to receive review of an Adverse Benefit Determination (including a Final Internal Adverse Benefit Determination) conducted pursuant to applicable law. Your request will be eligible for External Review if the claim decision involves medical judgment and the following are satisfied:

- Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under federal law (except for minor violations); or
- the standard levels of appeal have been exhausted; or
- the appeal relates to a rescission, defined as a cancellation or discontinuance of coverage which has retroactive effect.

An Adverse Benefit Determination based upon your eligibility is not eligible for External Review.

If upon the final standard level of appeal, the coverage denial is upheld and it is determined that you are eligible for External Review, you will be informed in writing of the steps necessary to request an External Review.

An independent review organization refers the case for review by a neutral, independent clinical reviewer with appropriate expertise in the area in question. The decision of the independent external expert reviewer is binding on you, Aetna and the Plan unless otherwise allowed by law.

Preliminary Review

Within 5 business days following the date of receipt of the request, Aetna must provide a preliminary review determining: you were covered under the Plan at the time the service was requested or provided, the determination does not relate to eligibility, you have exhausted the internal appeals process (unless Deemed Exhaustion applies), and you have provided all paperwork necessary to complete the External Review and you are eligible for external review.

Within one business day after completion of the preliminary review, Aetna must issue to you a notification in writing. If the request is complete but not eligible for External Review, such notification will include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification will describe the information or materials needed to make the request complete and Aetna must allow you to perfect the request for External Review within the 123 calendar days filing period or within the 48 hour period following the receipt of the notification, whichever is later.

Referral to ERO

Aetna will assign an ERO accredited as required under federal law, to conduct the External Review. The assigned ERO will timely notify you in writing of the request's eligibility and acceptance for External Review, and will provide an opportunity for you to submit in writing within 10 business days following the date of receipt, additional information that the ERO must consider when conducting the External Review. Within one (1) business day after making the decision, the ERO must notify you, Aetna and the Plan.

The ERO will review all of the information and documents timely received. In reaching a decision, the assigned ERO will review the claim and not be bound by any decisions or conclusions reached during the Plan's internal claims and appeals process. In addition to the documents and information provided, the assigned ERO, to the extent the information or documents are available and the ERO considers them appropriate, will consider the following in reaching a decision:

- (i) Your medical records;
- (ii) The attending health care professional's recommendation;
- (iii) Reports from appropriate health care professionals and other documents submitted by the Plan or issuer, you, or your treating provider;
- (iv) The terms of your Plan to ensure that the ERO's decision is not contrary to the terms of the Plan, unless the terms are inconsistent with applicable law;
- (v) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards,

and associations;

- (vi) Any applicable clinical review criteria developed and used by Aetna, unless the criteria are inconsistent with the terms of the Plan or with applicable law; and
- (vii) The opinion of the ERO's clinical reviewer or reviewers after considering the information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

The assigned ERO must provide written notice of the Final External Review Decision within 45 days after the ERO receives the request for the External Review. The ERO must deliver the notice of Final External Review Decision to you, Aetna and the Plan.

After a Final External Review Decision, the ERO must maintain records of all claims and notices associated with the External Review process for six years. An ERO must make such records available for examination by the claimant, Plan, or State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws.

Upon receipt of a notice of a Final External Review Decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Plan immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

Expedited External Review

The Plan must allow you to request an expedited External Review at the time you receive:

- (a) An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition for which the timeframe for completion of an expedited internal appeal would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- (b) A Final Internal Adverse Benefit Determination, if you have a medical condition where the timeframe for completion of a standard External Review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.

Immediately upon receipt of the request for expedited External Review, Aetna will determine whether the request meets the reviewability requirements set forth above for standard External Review. Aetna must immediately send you a notice of its eligibility determination.

Referral of Expedited Review to ERO

Upon a determination that a request is eligible for External Review following preliminary review, Aetna will assign an ERO. The ERO shall render a decision as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the ERO receives the request for an expedited External Review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned ERO must provide written confirmation of the decision to you, Aetna and the Plan.

- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided and
- The educational level, licensure or length of training of the **provider**

Aetna reimbursement policies are based on our review of:

- The Centers for Medicare and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice and
- The views of **physicians** and dentists practicing in the relevant clinical areas

We use commercial software to administer some of these policies. Some policies are different for professional services than for facility services.

Special terms used

Geographic area and Reasonable amount rate are defined as follows:

Geographic area

The Geographic area made up of the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider Geographic area such as an entire state.

Reasonable amount rate:

There is not a single “reasonable” amount. Your plan establishes the “reasonable” amounts as follows:

- For professional services:
 - The 80th percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. We update our systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, we reserve the right to substitute an alternative. If the alternative data source does not contain a value for a particular service or supply, we will base the **recognized charge** on the Medicare allowable rate.

Additional information:

Get the most value out of your benefits. Use the “Estimate the Cost of Care” tool on Aetna Navigator® to help decide whether to get care in network or out-of-network. **Aetna's** secure member website at www.aetna.com may contain additional information which may help you determine the cost of a service or supply. Log on to Aetna Navigator® to access the “Estimate the Cost of Care” feature. Within this feature, view our “Cost of Care” and “Member Payment Estimator” tools.

IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the State of Ohio or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the State of Ohio or, if you are a current member, your Aetna contact number on the back of your ID card.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding Women's Health and Cancer Rights Act

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

- (1) all stages of reconstruction of the breast on which a mastectomy has been performed;
- (2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
- (3) prostheses; and
- (4) treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

For more information, you can visit this U.S. Department of Health and Human Services website, <http://www.cms.gov/home/regsguidance.asp>, and this U.S. Department of Labor website, http://www.dol.gov/ebsa/consumer_info_health.html.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If the State of Ohio grants you an approved leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be determined by the State of Ohio.

If the State of Ohio grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request FMLA leave, you must agree to make any contributions required by the State of Ohio to continue coverage.

If any coverage the State of Ohio allows you to continue has reduction rules applicable by reason of age or retirement, the coverage will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date the State of Ohio determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by the State of Ohio.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by the State of Ohio, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If this Plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date the State of Ohio determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for the State of Ohio following the date the State of Ohio determines the approved FMLA leave is terminated, your coverage under this Plan will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date the State of Ohio determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under this Plan only if and when this Plan gives its written consent.

If any coverage being continued terminates because the State of Ohio determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date the State of Ohio determines the approved FMLA leave is terminated.
