Coverage for the Employee

This Benefit Booklet describes the benefits an Employee may receive under this Health Care Plan. The Employee is also called a Subscriber.

Eligibility Requirements

Employee Eligibility

You are eligible for health care benefits if You are a permanent full-time Employee, permanent part-time Employee, or a part-time temporary Employee who averages at least 30 hours of service per week over a twelve-month measurement period.

State of Ohio Employee health plans do not contain pre-existing condition exclusions; therefore, coverage is available to You and Your eligible Dependents regardless of current health or health history.

Married State Employees

When both Spouses in a family are employed by the State, each may elect single coverage, or one may elect family coverage provided that the Spouse who elects single coverage may not be listed as a Dependent under the family coverage. A child who is eligible as an Employee of the State is not also eligible as the Dependent of a parent who is also a State Employee, except as required by the PPACA.

Dependent Eligibility

Family members as described below may be eligible for coverage under Your medical coverage: (Please go to: das.ohio.gov/eligibility requirements for the Definitions and Required Documents checklist for documentation required to enroll a Dependent).

1. Spouse. You current legal Spouse as recognized by Ohio law.
2. Children Under Age 26 including:

 - Your dependent stepchildren
 - Foster children
 - Children for whom either You or Your Spouse has been appointed legal guardian

3. Unmarried Children Incapable of Self Care

When there is an unsuccessful attempt at independent living, a child covered pursuant to this provision may be re-enrolled for coverage, provided that the application is submitted within five (5) years following loss of coverage.

This coverage is not automatic. You must complete the applicable form for this Plan. The form can be found at das.ohio.gov/healthplanforms.

In general, a medical child support order is a court order that requires an Eligible Employee to provide medical coverage for his or her children in situations involving divorce, legal separation or paternity dispute. A medical child support order may not require the Plan to provide any type or form of benefit, or any option not otherwise provided under the Plan, except as otherwise required by law. This Plan provides benefits according to the requirements of a medical child support order that is entered by a court of competent jurisdiction or by a local child support enforcement agency. The Group will promptly notify affected Card Holders if a medical child support order is received. The Group will notify these individuals of its procedures for determining whether medical child support orders meet the requirements of the Plan; within a reasonable time after receipt of such order, the Group will determine whether the order is acceptable and notify each affected Card Holder and of its determination. Once the dependent child is enrolled under a medical child support order, the child's appointed guardian will receive a copy of all pertinent information provided to the Eligible Employee. In addition, should the Eligible Employee lose eligibility status, the guardian will receive the necessary information regarding the dependent child's rights for continuation of coverage under COBRA.

Effective Date

Coverage starts at 12:01 a.m. on the Effective Date. The Effective Date is typically the first day of the month following your hire date. The effective date for enrollment or changes made during open enrollment is typically July 1. No benefits will be provided for services, supplies or charges Incurred before Your Effective Date.

Changes in Coverage

If You have individual coverage, You may change to family coverage if You marry or You or Your Spouse acquire an Eligible Dependent. You must notify Your benefits specialist who must then notify Medical Mutual of the change.

Coverage for a Spouse and other Dependents who become eligible by reason of marriage will be effective on the first of the month following the date of the marriage if a request for their coverage is submitted to the Group within 31 days of the marriage. A newborn child or an adopted child will be covered as of the date of birth or adoptive placement, provided that You request enrollment within 31 days of the date of birth or adoptive placement. Coverage will continue for an adopted child unless the placement is disrupted prior to legal adoption and the child is removed from placement.

It is important to complete and submit Your Enrollment Form promptly.

There are occasions when circumstances change and only the Card Holder is eligible for coverage. Family coverage must then be changed to individual coverage. In addition, the Group must be notified when You or an Eligible Dependent under Your Benefit Book becomes eligible for Medicare

Special Enrollment

HOW YOUR PLAN WORKS

Note: Capitalized terms such as Covered Services, Medical Necessity and Out-of-Pocket Maximum are defined in the “Definitions” Section.

Introduction

Your health Plan is a Preferred Provider Organization (PPO) which is a comprehensive Plan. The Plan is divided into two sets of benefits: Network and Out-of-Network. If You choose a Network Provider, You will receive Network benefits. Utilizing this method means You will not have to pay as much money; Your Out-of-Pocket expenses will be higher when You use Out-of-Network Providers.

Providers are compensated using a variety of payment arrangements, including fee for service, per diem, discounted fees, and global reimbursement.

All Covered Services must be Medically Necessary, and coverage or certification of services that are not Medically Necessary may be denied.

Network Services

When You use a Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the Network level. Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. The Plan has the final authority to decide the Medical Necessity of the service.

Network Providers include Primary Care Physicians / Providers (PCPs), Specialists (Specialty Care Physicians / Providers - SCPs), other professional Providers, Hospitals, and other Facilities who contract with us to care for You. Referrals are never needed to visit a Network Specialist, including behavioral health Providers.

To see a Doctor, call their office:

- Tell them You are an Anthem Member,
- Have Your Member Identification Card handy. The Doctor’s office may ask You for Your group or Member ID number.
- Tell them the reason for Your visit.

When You go to the office, be sure to bring Your Member Identification Card with You.

For services from Network Providers:

1. You will not need to file claims. Network Providers will file claims for Covered Services for You. (You will still need to pay any Coinsurance, Copayments, and/or Deductibles that apply.) You may be billed by Your In-Network Provider(s) for any non-Covered Services You get or when You have not followed the terms of this Benefit Booklet.
2. Precertification will be done by the Network Provider. (See the “Getting Approval for Benefits” section for further details.)

Please read the “Claims Payment” section for additional information on Authorized Services.

After Hours Care

If You need care after normal business hours, Your Doctor may have several options for You. You should call Your Doctor’s office for instructions if You need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens. If You have an Emergency, call 911 or go to the nearest Emergency Room.

Out-of-Network Services

When You do not use a Network Provider or get care as part of an Authorized Service, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Benefit Booklet.

For services from an Out-of-Network Provider:

- The Out-of-Network Provider can charge You the difference between their bill and the Plan's Maximum Allowed Amount (balance billing) plus any Deductible and / or Coinsurance / Copayments;
- You may have higher cost sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments);
- You will have to pay for services that are not Medically Necessary;
- You will have to pay for non-Covered Services;
- You may have to file claims; and
- You must make sure any necessary Precertification is done. (Please see "Health Care Management – Precertification" for more details.)

How to Find a Provider in the Network

There are three ways You can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- See Your Plan's directory of Network Providers at www.anthem.com, which lists the Doctors, Providers, and Facilities that participate in this Plan's network.
- Call Customer Service to ask for a list of Doctors and Providers that participate in this Plan's network, based on specialty and geographic area.
- Check with Your Doctor or Provider.

If You need details about a Provider's license or training, or help choosing a Doctor who is right for You, call the Customer Service number on the back of Your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with Your needs.

The BlueCard Program

Like all Blue Cross & Blue Shield Plans throughout the country, Anthem participates in a program called "BlueCard." This program lets You get Covered Services at the Network cost-share when You are traveling out of state and need health care, as long as You use a BlueCard Provider. All You have to do is show Your Identification Card to a participating Blue Cross & Blue Shield Provider, and they will send Your claims to Anthem.

If You are out of state and an Emergency or urgent situation arises, You should get care right away.

In a non-Emergency situation, You can find the nearest contracted Provider by visiting the BlueCard Doctor and Hospital Finder website (www.BCBS.com) or call [1.844.891.8359](tel:1.844.891.8359).

You can also access Doctors and Hospitals outside of the U.S. The BlueCard program is recognized in more than 200 countries throughout the world.

Please refer to **Inter-Plan Programs** in the **Claims Payment** section for more information on BlueCard.

Care Outside the United States – BlueCard® Worldwide

Prior to travel outside the United States, check with Your Group or call Customer Service at the number on Your Identification Card to find out if Your Plan has BlueCard Worldwide benefits. Your coverage outside the United States may be different and we recommend:

- Before You leave home, call the Customer Service number on Your Identification Card for coverage details.
- Always carry Your current Identification Card.
- In an emergency, go directly to the nearest Hospital.

- The BlueCard Worldwide Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177. An assistance coordinator, along with a medical professional, will arrange a Physician appointment or hospitalization, if needed.

Call the Service Center in these non-emergent situations:

- You need to find a Physician or Hospital or need medical assistance services. An assistance coordinator, along with a medical professional, will arrange a Physician appointment or hospitalization, if needed.
- You need to be hospitalized or need Inpatient care. After calling the Service Center, You must also call Anthem to obtain approval for benefits at the phone number on Your Identification Card. Note: this number is different than the phone numbers listed above for BlueCard Worldwide.

Payment Information

- **Participating BlueCard Worldwide Hospitals.** In most cases, when You make arrangements for hospitalization through BlueCard Worldwide, You should not need to pay upfront for Inpatient care at participating BlueCard Worldwide Hospitals except for the Out-of-Pocket costs (non-Covered Services, Deductible, Copayments and Coinsurance) You normally pay. The Hospital should submit Your claim on Your behalf.
- **Doctors and/or Non-Participating Hospitals.** You will need to pay upfront for outpatient services, care received from a Doctor, and Inpatient care not arranged through the BlueCard Worldwide Service Center. Then You can complete a BlueCard Worldwide claim form and send it with the original bill(s) to the BlueCard Worldwide Service Center (the address is on the form).

Claim Filing

- The Hospital will file Your claim if the BlueCard Worldwide Service Center arranged Your hospitalization. You will need to pay the Hospital for the Out-of-Pocket costs You normally pay.
- You must file the claim for outpatient and Physician care, or Inpatient care not arranged through the BlueCard Worldwide Service Center. You will need to pay the Provider and subsequently send an international claim form with the original bills to Anthem.

Claim Forms

International claim forms are available from Anthem, the BlueCard Worldwide Service Center, or online at www.bcbs.com/bluecardworldwide. The address for submitting claims is on the form.

Copayment

Certain Network services may be subject to a Copayment amount which is a flat-dollar amount You will be charged at the time services are rendered.

Copayments are the responsibility of the Member. Any Copayment amounts required are shown in the **Schedule of Benefits**. Unless otherwise indicated, services which are not specifically identified in this Benefit Booklet as being subject to a Copayment are subject to the **Plan Year Deductible** and payable at the **percentage payable** in the **Schedule of Benefits**.

Plan Year Deductible

Before the Plan begins to pay benefits (except certain benefits which are subject to Copayment instead of Deductible), You must meet any Deductible required. You must satisfy one Deductible for each type of coverage as explained in the **Schedule of Benefits**. Deductible requirements are stated in the **Schedule of Benefits**.

HEALTH CARE MANAGEMENT – PRECERTIFICATION

Your Plan includes the processes of Pre-Service, Concurrent and Retrospective Reviews to determine when services should be covered by Your Plan. Their purpose is to promote the delivery of cost-effective medical care by reviewing the use of procedures and, where appropriate, the setting or place of service that they are performed. Your Plan requires that Covered Services be Medically Necessary for benefits to be provided. When setting or place of service is part of the review, services that can be safely provided to You in a lower cost setting will not be Medically Necessary if they are performed in a higher cost setting.

Prior Authorization: Network Providers are required to obtain prior authorization in order for You to receive benefits for certain services. Prior authorization criteria will be based on multiple sources including medical policy, clinical guidelines, and pharmacy and therapeutics guidelines. Anthem may determine that a service that was initially prescribed or requested is not Medically Necessary if You have not previously tried alternative treatments which are more cost effective.

If You have any questions regarding the information contained in this section, You may call the Precertification telephone number at [1.844.891.8359](tel:1.844.891.8359) or visit www.anthem.com.

Types of Requests:

Precertification – A required review of a service, treatment or admission for a benefit coverage determination which must be obtained prior to the service, treatment or admission start date. For emergency admissions, You, Your authorized representative or Physician must notify Anthem within 2 business days after the admission or as soon as possible within a reasonable period of time. For childbirth admissions, Precertification is not required unless there is a complication and/or the mother and baby are not discharged at the same time.

Predetermination – An optional, voluntary Prospective or Concurrent/Continued Stay Review request for a benefit coverage determination for a service or treatment. Anthem will review Your Plan to determine if there is an exclusion for the service or treatment. If there is a related clinical coverage guideline, the benefit coverage review will include a review to determine whether the service meets the definition of Medical Necessity under this Plan or is Experimental/Investigative as that term is defined in this Plan.

Post Service Clinical Claims Review– A Retrospective review for a benefit coverage determination to determine the Medical Necessity or Experimental/Investigative nature of a service, treatment or admission that did not require Precertification and did not have a Predetermination review performed. Medical Reviews occur for a service, treatment or admission in which Anthem has a related clinical coverage guideline and are typically initiated by Anthem.

Precertification Penalties:

- **No Precertification on File** – If claims are not precertified, they will be denied for no precertification. Once information is received claims can be reopened based on medical information provided.
- **Not Medically Necessary** – Any services or days found not be Medically Necessary will not be covered.
- **Late Notice / Penalty Amount** – A \$350 penalty is applied to Out-of-Network Inpatient Hospital services that are not precertified.

The following list is not all inclusive and is subject to change; please call the Customer Service at 1.844.891.8359 to confirm the most current list and requirements for Your Plan.

The following services do not require precertification, but are recommended for pre-determination of Medical Necessity due to the existence of post service claim review criteria and/or the potential cost of services to the Member if denied by for lack of Medical Necessity: Procedures, equipment, and/or specialty infusion drugs which have Medically Necessary criteria determined by Anthem’s Medical Policy or Clinical Guidelines.

Services provided by a Network Provider, including BlueCard Providers in the service areas of Anthem Blue Cross and Blue Shield (IN, KY, OH).	Services provided by BlueCard Providers outside the service areas of the states listed in the column to the left, BlueCard Providers in other states not listed, and any Out-of-Network/Non-Participating Provider.
Provider is responsible for Precertification.	<ul style="list-style-type: none"> • Member is responsible for Precertification. • Member is financially responsible for service and/or setting that are not covered under this Plan based on an Adverse Determination of Medical Necessity or Experimental/Investigative.

Anthem will utilize its clinical coverage guidelines, such as medical policy, clinical guidelines, preventative care clinical coverage guidelines, and other applicable policies and procedures to assist in making Medical Necessity decisions. Anthem reserves the right to review and update these clinical coverage guidelines periodically. The State’s Plan takes precedence over these guidelines.

You are entitled to receive, upon request and free of charge, reasonable access to any documents relevant to Your request. To request this information, contact the Customer Service telephone number on Your Identification Card.

Anthem may, from time to time, waive, enhance, modify or discontinue certain medical management processes (including utilization management, case management, and disease management) if in Anthem’s discretion, such change is in furtherance of the provision of cost effective, value based and/or quality services.

In addition, Anthem may select certain qualifying Providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. Anthem may also exempt Your claim from medical review if certain conditions apply.

Just because Anthem exempts a process, Provider or claim from the standards which otherwise would apply, it does not mean that Anthem will do so in the future, or will do so in the future for any other Provider, claim or Member. Anthem may stop or modify any such exemption with or without advance notice.

You may determine whether a Provider is participating in certain programs by contacting Customer Service at [1.844.891.8359](tel:1.844.891.8359).

Anthem also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then Anthem may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan's Members.

Request Categories:

- **Urgent** – a request for Precertification or Predetermination that in the opinion of the treating Provider or any Physician with knowledge of the Member's medical condition, could in the absence of such care or treatment, seriously jeopardize the life or health of the Member or the ability of the Member to regain maximum function or subject the Member to severe pain that cannot be adequately managed without such care or treatment.
- **Prospective** – a request for Precertification or Predetermination that is conducted prior to the service, treatment or admission.
- **Concurrent/Continued Stay Review** - a request for Precertification or Predetermination that is conducted during the course of treatment or admission.
- **Retrospective** - a request for Precertification that is conducted after the service, treatment or admission has occurred. Post Service Clinical Claims Review is also retrospective. Anthem will provide notification of its decision in accordance with federal regulations.

Verbal: oral notification given to the requesting Provider via telephone or via electronic means if agreed to by the Provider.

Written: mailed letter or electronic means including email and fax given to, at a minimum, the requesting Provider and the Member or authorized Member representative.

Precertification does not guarantee coverage for or payment of the service or procedure reviewed. For benefits to be paid, on the date You receive service:

1. You must be eligible for benefits;
2. The service or surgery must be a Covered Service under Your Plan; and
3. The service cannot be subject to an exclusion under Your Plan;
4. You must not have exceeded any applicable limits under Your Plan.

Health Plan Individual Case Management

Anthem's Individual Health plan case management programs (Case Management) helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Anthem's programs coordinate benefits and educate Members who agree to take part in the Case Management Program to help meet their health-related needs.

Anthem's Case Management programs are confidential and voluntary and are made available at no extra cost to You. These programs are provided by, or on behalf of and at the request of, Your health plan case management staff. These Case Management Programs are separate from any Covered Services You are receiving.

If You meet program criteria and agree to take part, Anthem will help You meet Your identified health care needs. This is reached through contact and team work with You and/or Your authorized representative, treating Doctor(s), and other Providers.

In addition, Anthem may assist in coordinating care with existing community-based programs and services to meet Your needs. This may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, the Plan may provide benefits for alternate care that is not listed as a Covered Service. The Plan may also extend Covered Services beyond the Benefit Maximums of this Plan. Anthem will make any recommendation of alternate or extended benefits to the Plan on a case-by-case basis, if in Anthem's discretion the alternate or extended benefit is in the best interest of the Member and the Plan. A decision to provide extended benefits or approve alternate care in one case does not obligate the Plan to provide the same benefits again to You or to any other Member. The Plan reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, Anthem will notify You or Your authorized representative in writing.

BENEFITS

Payment terms apply to all Covered Services. Please refer to the Schedule of Benefits for details. All Covered Services must be Medically Necessary, whether provided through Network Providers or Out-of-Network Providers.

Ambulance Service

Medically Necessary ambulance services are a Covered Service when one or more of the following criteria are met:

You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

For ground ambulance, You are taken:

- From Your home, the scene of an accident or medical Emergency to a Hospital;
- Between Hospitals, including when Anthem requires You to move from an Out-of-Network Hospital to a Network Hospital
- Between a Hospital and a Skilled Nursing Facility or other approved Facility.

For air or water ambulance, You are taken:

- From the scene of an accident or medical Emergency to a Hospital;
- Between Hospitals, including when Anthem requires You to move from an Out-of-Network Hospital to a Network Hospital
- Between a Hospital and an approved Facility.

Ambulance Services are subject to Medical Necessity reviews by Anthem. Emergency ambulance services do not require precertification and are allowed regardless of whether the Provider is a Network or Out-of-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews by Anthem. When using an air ambulance, for non-Emergency transportation, Anthem reserves the right to select the air ambulance Provider. If you do not use the air ambulance Provider Anthem selects, the Out-of-Network Provider may bill you for any charges that exceed the Plan's Maximum Allowed Amount.

You must be taken to the nearest Facility that can give care for Your condition. In certain cases Anthem may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals from an ambulance service, even if You are not taken to a Facility.

Ambulance Services are not covered when another type of transportation can be used without endangering Your health. Ambulance services for Your convenience or the convenience of Your family or Doctor are not a Covered Service.

Other non-covered Ambulance Services include, but are not limited to, trips to:

- A Doctor's office or clinic;
- Your home;
- A morgue or funeral home.

Important Notes on Air Ambulance Benefits

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger Your health and Your medical

condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if You are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if You are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility), or if You are taken to a Physician's office or Your home.

Hospital to Hospital Transport

If You are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger Your health and if the Hospital that first treats cannot give You the medical services You need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, You must be taken to the closest Hospital that can treat You. **Coverage is not available for air ambulance transfers simply because You, Your family, or Your Provider prefers a specific Hospital or Physician.**

Assistant Surgery

Services rendered by an assistant surgeon are covered based on Medical Necessity.

Breast Cancer Care

Covered Services are provided for Inpatient care following a mastectomy or lymph node dissection until the completion of an appropriate period of stay as determined by the attending Physician in consultation with the Member. Follow-up visits are also included and may be conducted at home or at the Physician's office as determined by the attending Physician in consultation with the Member.

Breast Reconstructive Surgery

Covered Services are provided following a mastectomy for reconstruction of the breast on which the mastectomy was performed, surgery and reconstruction of the other breast to produce a symmetrical appearance, and prostheses and treatment of physical complications, including lymphedemas.

Cardiac Rehabilitation

Covered Services are provided as outlined in the **Schedule of Benefits**.

Clinical Trials

Benefits include coverage for services, such as routine patient care costs, given to You as a participant in an approved clinical trial if the services are Covered Services under this Plan. An "approved clinical trial" means a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

Benefits are limited to the following trials:

1. Federally funded trials approved or funded by one of the following:
 - a. The National Institutes of Health.
 - b. The Centers for Disease Control and Prevention.
 - c. The Agency for Health Care Research and Quality.
 - d. The Centers for Medicare & Medicaid Services.
 - e. Cooperative group or center of any of the entities described in (a) through (d) or the Department of Defense or the Department of Veterans Affairs.
 - f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
 - g. Any of the following in i-iii below if the study or investigation has been reviewed and approved through a system of peer review that the secretary determines 1) to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and 2)

assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.

- i. The Department of Veterans Affairs.
 - ii. The Department of Defense.
 - iii. The Department of Energy.
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration;
 3. Studies or investigations done for drug trials which are exempt from the investigational new drug application.

Your Plan may require You to use a Network Provider to maximize Your benefits.

Routine patient care costs include items, services, and Drugs provided to You in connection with an approved clinical trial that would otherwise be covered by this Plan.

All other requests for clinical trials services, including requests that are not part of approved clinical trials will be reviewed according to our Clinical Coverage Guidelines, related policies and procedures.

Your Plan is not required to provide benefits for the following services. The Plan reserves its right to exclude any of the following services:

1. The Experimental/Investigative item, device, or service; or
2. Items and services that are provided only to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or
3. A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis;
4. Any item or service that is paid for, or should have been paid for, by the sponsor of the trial

Consultation Services

Covered when the special skill and knowledge of a consulting Physician is required for the diagnosis or treatment of an illness or Injury. Second surgical opinion consultations are covered.

Staff consultations required by Hospital rules are excluded. Referrals, the transfer of a patient from one Physician to another for treatment, are not consultations under this Plan.

Dental Services

Related to Accidental Injury

Your Plan includes benefits for dental work required for the initial repair of an Injury to the jaw, sound natural teeth, mouth or face which are required as a result of an accident and are not excessive in scope, duration, or intensity to provide safe, adequate, and appropriate treatment without adversely affecting the Member's condition. Injury as a result of chewing or biting is not considered an Accidental Injury except where the chewing or biting results from an act of domestic violence or directly from a medical condition.

Other Dental Services

Your Plan also includes benefits for hospital charges and anesthetics provided for dental care if the Member meets any of the following conditions:

- The Member has a severe disability that requires hospitalization or general anesthesia for dental care; or

Human Organ and Tissue Transplant Services

Notification

To maximize Your benefits, You need to call Anthem's transplant department to discuss benefit coverage when it is determined a transplant may be needed. You must do this before You have an evaluation and/or work-up for a transplant. Your evaluation and work-up services must be provided by a Network Transplant Provider to receive the maximum benefits.

Contact the customer service telephone number on Your Identification Card and ask for the transplant coordinator. Anthem will then assist the Member in maximizing their benefits by providing coverage information including details regarding what is covered and whether any medical policies, network requirements or benefit booklet exclusions are applicable. Failure to obtain this information prior to receiving services could result in increased financial responsibility for the Member.

Covered Transplant Benefit Period

Starts one day prior to a Covered Transplant Procedure and continues for the applicable case rate / global time period. The number of days will vary depending on the type of transplant received and the Network Transplant Provider agreement. Contact Anthem for specific Network Transplant Provider information for services received at or coordinated by a Network Transplant Provider Facility or starts one day prior to a Covered Transplant Procedure and continues to the date of discharge at an Out-of-Network Transplant Provider Facility.

Prior Approval and Precertification

In order to maximize Your benefits, Anthem strongly encourages You to call its' transplant department to discuss benefit coverage when it is determined a transplant may be needed. You must do this before You have an evaluation and/or work-up for a transplant. Anthem will assist You in maximizing Your benefits by providing coverage information, including details regarding what is covered and whether any clinical coverage guidelines, medical policies, Network Transplant Provider requirements, or exclusions are applicable. Contact Customer Service at 1.844.891.8359 **and ask for the transplant coordinator.** Even if Anthem issues a prior approval for the Covered Transplant Procedure, You or Your Provider must call Anthem's Transplant Department for precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

Please note that there are instances where Your Provider requests approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final determination as to what transplant procedure will be requested. Under these circumstances, the HLA testing and donor search charges are covered as routine diagnostic testing. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or a collection and storage is NOT an approval for the subsequent requested transplant. A separate Medical Necessity determination will be made for the transplant procedure.

CLAIMS PAYMENT

Providers who participate in the BlueCard® PPO Network have agreed to submit claims directly to the local Blue Cross and/or Blue Shield plan in their area. Therefore if the BlueCard® PPO Network Hospitals, Physicians and Ancillary Providers are used, claims for their services will generally not have to be filed by the Member. In addition, many Out-of-Network Hospitals and Physicians will also file claims if the information on the Blue Cross and Blue Shield Identification Card is provided to them. If the Provider requests a claim form to file a claim, a claim form can be obtained by contacting Your local Human Resources Department or by visiting www.anthem.com.

Please note You may be required to complete an authorization form in order to have Your claims and other personal information sent to Anthem when You receive care in foreign countries. Failure to submit such authorizations may prevent foreign Providers from sending Your claims and other personal information to Anthem.

How to File Claims

Under normal conditions, Anthem should receive the proper claim form within 15 months after the service was provided. This section of the Benefit Booklet describes when to file a benefits claim and when a Hospital or Physician will file the claim for You.

Each person enrolled through the Plan receives an Identification Card. Remember, in order to receive full benefits, You must receive treatment from a Network Provider. When admitted to a Network Hospital, present Your Identification Card. Upon discharge, You will be billed only for those charges not covered by the Plan.

When You receive Covered Services from a Network Physician or other Network licensed health care Provider, ask him or her to complete a claim form. Payment for Covered Services will be made directly to the Provider.

For health care expenses other than those billed by a Network Provider, use a claim form to report Your expenses. You may obtain these from The State or Anthem. Claims should include Your name, Plan and Group numbers exactly as they appear on Your Identification Card. Attach all bills to the claim form and file directly with Anthem. Be sure to keep a photocopy of all forms and bills for Your records. The address is on the claim form.

Save all bills and statements related to Your illness or Injury. Make certain they are itemized to include dates, places and nature of services or supplies.

Maximum Allowed Amount

General

This section describes how Anthem determines the amount of reimbursement for Covered Services. Reimbursement for services rendered by Network and Out-of-Network Providers is based on this Plan's Maximum Allowed Amount for the Covered Service that You receive. Please see the Inter-Plan Programs section for additional information.

The Maximum Allowed Amount for this Plan is the maximum amount of reimbursement Anthem will allow for services and supplies:

- that meet Our definition of Covered Services, to the extent such services and supplies are covered under Your Plan and are not excluded;
- that are Medically Necessary; and
- that are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in Your Plan.

You will be required to pay a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. In addition, when You receive Covered Services from an Out-of-Network Provider, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

When You receive Covered Services from a Provider, Anthem will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect Anthem's determination of the Maximum Allowed Amount. Anthem's application of these rules does not mean that the Covered Services You received were not Medically Necessary. It means Anthem has determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, Your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Physician or other healthcare professional, the Plan may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is a Network Provider or an Out-of-Network Provider.

A Network Provider is a Provider who is in the managed network for this specific product or in a special A Network Provider is a Provider who is in the managed network for this specific product or in a special Center of Excellence or other closely managed specialty network, or who has a participation contract with Anthem. For Covered Services performed by a Network Provider, the Maximum Allowed Amount for this Plan is the rate the Provider has agreed with Anthem to accept as reimbursement for the Covered Services. Because Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send You a bill or collect for amounts above the Maximum Allowed Amount. However, You may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. Please call Customer Service for help in finding a Network Provider or visit www.anthem.com.

Providers who have not signed any contract with Anthem and are not in any of Anthem's networks are Out-of-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary Providers.

For Covered Services You receive from an Out-of-Network Provider, the Maximum Allowed Amount for this Plan will be one of the following as determined by Anthem:

1. An amount based on Anthem's Out-of-Network Provider fee schedule/rate, which Anthem has established in its' discretion, and which Anthem reserves the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar Providers contracted with Anthem, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed amount upon the level or method of

reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually; or

3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers' fees and costs to deliver care; or
4. An amount negotiated by Anthem or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management; or
5. An amount based on or derived from the total charges billed by the Out-of-Network Provider.

Providers who are not contracted for this product, but contracted for other products with Anthem are also considered Out-of-Network. For this Plan, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between Anthem and that Provider specifies a different amount.

Unlike Network Providers, Out-of-Network Providers may send You a bill and collect for the amount of the Provider's charge that exceeds the Plan's Maximum Allowed Amount. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing a Network Provider will likely result in lower Out of Pocket costs to You. Please call Customer Service for help in finding a Network Provider or visit Anthem's website at www.anthem.com.

Customer Service is also available to assist You in determining this Plan's Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order for Anthem to assist You, You will need to obtain from Your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate Your Out of Pocket responsibility. Although Customer Service can assist You with this pre-service information, the final Maximum Allowed Amount for Your claim will be based on the actual claim submitted by the Provider.

Member Cost Share

For certain Covered Services and depending on Your plan design, You may be required to pay a part of the Maximum Allowed Amount as Your cost share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost share amount and Out-of-Pocket Limits may vary depending on whether You received services from a Network or Out-of-Network Provider. Specifically, You may be required to pay higher cost sharing amounts or may have limits on Your benefits when using Out-of-Network Providers. Please see the Schedule of Benefits in this Benefit Booklet for Your cost share responsibilities and limitations, or call Customer Service to learn how this Plan's benefits or cost share amounts may vary by the type of Provider You use.

The Plan will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by Your Provider for non-Covered Services, regardless of whether such services are performed by a Network or Out-of-Network Provider. Non-Covered Services include services specifically excluded from coverage by the terms of this Benefit Booklet and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, benefit caps or day/visit limits.

In some instances You may only be asked to pay the lower Network cost sharing amount when You use an Out-of-Network Provider. For example, if You go to a Network Hospital or Provider facility and receive Covered Services from an Out-of-Network Provider such as a radiologist, anesthesiologist or pathologist who is employed by or contracted with a Network Hospital or facility, You will pay the Network cost share amounts for those Covered Services. However, You also may be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge.

Authorized Services

In some circumstances, such as where there is no Network Provider available for the Covered Service, the Plan may authorize the Network cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service You receive from an Out-of-Network Provider. In such circumstance, You must contact Anthem in advance of obtaining the Covered Service. The Plan also may authorize the Network cost share amounts to apply to a claim for Covered Services if You receive Emergency services from an Out-of-Network Provider and are not able to contact Anthem until after the Covered Service is rendered. If the Plan authorizes a Network cost share amount to apply to a Covered Service received from an Out-of-Network Provider, You also may still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge. Please contact Customer Service for Authorized Services information or to request authorization.

Services Performed During Same Session

The Plan may combine the reimbursement of Covered Services when more than one service is performed during the same session. Reimbursement is limited to the Plan's Maximum Allowed Amount. **If services are performed by Out-of-Network Providers**, then You are responsible for any amounts charged in excess of the Plan's Maximum Allowed Amount **with or without a referral or regardless if allowed as an Authorized Service**. Contact Anthem for more information.

Processing Your Claim

You are responsible for submitting Your claims for expenses not normally billed by and payable to a Hospital or Physician. Always make certain You have Your Identification Card with You. Be sure Hospital or Physician's office personnel copy Your name, and identification numbers (including the 3-letter prefix) accurately when completing forms relating to Your coverage.

Timeliness of Filing – Member Submitted Claims

To receive benefits, a properly completed claim form with any necessary reports and records must be filed by You within 15 months of the date of service. Payment of claims will be made as soon as possible following receipt of the claim, unless more time is required because of incomplete or missing information. In this case, You will be notified of the reason for the delay and will receive a list of all information needed to continue processing Your claim. After this data is received, Anthem will complete claims processing. No request for an adjustment of a claim can be submitted later than 24 months after the claim has been paid.

Necessary Information

In order to process Your claim, Anthem may need information from the Provider of the service. As a Member, You agree to authorize the Physician, Hospital, or other Provider to release necessary information.

Anthem will consider such information confidential. However, the Plan and Anthem have the right to use this information to defend or explain a denied claim.

Claims Review

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balanced billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

Explanation of Benefits

After You receive medical care, You will generally receive an Explanation of Benefits (EOB). The EOB is a summary of the coverage You receive. The EOB is not a bill, but a statement sent by Anthem, to help You understand the coverage You are receiving. The EOB shows:

- total amounts charged for services/supplies received;
- the amount of the charges satisfied by Your coverage;

- the amount for which You are responsible (if any); and
- general information about Your Appeals rights and for ERISA plans, information regarding the right to bring an action after the Appeals process.

Inter-Plan Programs

Out-of-Area Services

Anthem has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs.” Whenever You obtain healthcare services outside of Anthem’s service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program and may include negotiated National Account arrangements available between Anthem and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside Anthem’s service area, You will obtain care from healthcare Providers that have a contractual agreement (i.e., are “participating Providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, You may obtain care from nonparticipating healthcare Providers. Anthem’s payment practices in both instances are described below.

BlueCard® Program

Under the BlueCard® Program, when You access covered healthcare services within the geographic area served by a Host Blue, Anthem will remain responsible for fulfilling Anthem’s contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

Whenever You access covered healthcare services outside Anthem’s service area and the claim is processed through the BlueCard Program, the amount You pay for covered healthcare services is calculated based on the lower of:

- The billed covered charges for Your Covered Services; or
- The negotiated price that the Host Blue makes available to Anthem.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to Your healthcare Provider. Sometimes, it is an estimated price that takes into account special arrangements with Your healthcare Provider or Provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price Anthem uses for Your claim because they will not be applied retroactively to claims already paid.

Federal law or the laws in a small number of states may require the Host Blue to add a surcharge to Your calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, Anthem would then calculate Your liability for any covered healthcare services according to applicable law.

You will be entitled to benefits for healthcare services that You accessed either inside or outside the geographic area Anthem serves, if this Booklet covers those healthcare services. Due to variations in Host Blue network protocols, You may also be entitled to benefits for some healthcare services obtained outside the geographic area Anthem serves, even though You might not otherwise have been entitled to benefits if You had received those healthcare services inside the geographic area Anthem serves. But in no event will You be entitled to benefits for healthcare services, wherever You received them that are specifically excluded from, or in excess of the limits of, coverage provided by this Plan.

Non-Participating Healthcare Providers Outside Anthem Service Area

Member Liability Calculation

When covered healthcare services are provided outside of Anthem's Service Area by non-participating healthcare Providers, the amount You pay for such services will generally be based on either the Host Blue's nonparticipating healthcare Provider local payment or the pricing arrangements required by applicable state law. In these situations, You may be liable for the difference between the amount that the non-participating healthcare Provider bills and the payment Anthem will make for the Covered Services as set forth in this paragraph.

Exceptions

In certain situations, Anthem may use other payment bases, such as billed covered charges, the payment Anthem would make if the healthcare services had been obtained within Anthem's Service Area, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount Anthem will pay for services rendered by nonparticipating healthcare Providers. In these situations, You may be liable for the difference between the amount that the non-participating healthcare Provider bills and the payment Anthem will make for the Covered Services as set forth in this paragraph.

If You obtain services in a state with more than one Blue Plan network, an exclusive network arrangement may be in place. If You see a Provider who is not part of an exclusive network arrangement, that Provider's service(s) will be considered Non-Network care, and You may be billed the difference between the charge and the Maximum Allowable Amount. You may call the Customer Service number on Your ID Card or go to www.anthem.com for more information about such arrangements.

Unauthorized Use of Identification Card

If You permit Your Identification Card to be used by someone else or if You use the card before coverage is in effect or after coverage has ended, You will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage. Fraudulent statements on enrollment forms and/or claims for services or payment involving all media (paper or electronic) may invalidate any payment or claims for services and be grounds for voiding the Member's coverage. This includes fraudulent acts to obtain medical services and/or Prescription Drugs.

Assignment

You authorize Anthem, on behalf of the State, to make payments directly to Providers for Covered Services. Anthem also reserves the right to make payments directly to You. Payments may also be made to, and notice regarding the receipt and/or adjudication of claims, an Alternate Recipient, or that person's custodial parent or designated representative. Any payments made by Anthem will discharge the State's obligation to pay for Covered Services. You cannot assign Your right to receive payment to anyone else, except as required by a "Qualified Medical Child Support Order" as defined by ERISA or any applicable Federal law.

Once a Provider performs a Covered Service, Anthem will not honor a request to withhold payment of the claims submitted.

The coverage and any benefits under the Plan are not assignable by any Member without the written consent of the Plan, except as provided above.

Questions About Coverage or Claims

If You have questions about Your coverage, contact the State or Anthem's Customer Service Department at 1.844.891.8359. Be sure to always give Your Member Identification number.

When asking about a claim, give the following information:

- identification number;
- patient's name and address;

- date of service and type of service received; and
- Provider name and address (Hospital or Physician).

To find out if a Hospital or Physician is a Network Provider, call them directly or call Anthem.

The Plan does not supply You with a Hospital or Physician. In addition, neither the Plan nor Anthem is responsible for any Injuries or damages You may suffer due to actions of any Hospital, Physician or other person. In order to process Your claims, Anthem may request additional information about the medical treatment You received and/or other group health insurance You may have. This information will be treated confidentially.

An oral explanation of Your benefits by an Employee of Anthem or the State is not legally binding.

Any correspondence mailed to You will be sent to Your most current address. You are responsible for notifying the State of Your new address.

YOUR RIGHT TO APPEAL

Anthem's Customer Service representatives are trained to answer Your questions about Your health benefit plan. Please call during business hours, Monday through Friday, with questions regarding:

- Your coverage and benefit levels, including Coinsurance and Copayment amounts,
- Specific claims or services You have received,
- Doctors or Hospitals in the Network,
- Referral processes or authorizations,
- Provider directories.

Complaint and Appeal procedures have been established to provide fair, reasonable, and timely solutions to complaints that You may have concerning the Plan. The Plan invites You to share any concerns that You may have over benefit determinations, coverage and eligibility issues, or the quality of care rendered by medical Providers in Anthem's Networks.

The Complaint Procedure

The Plan wants Your experience to be as positive as possible. There may be times, however, when You have a complaint, problem, or question about Your Plan or a service You have received. In those cases, please contact Customer Service by calling the number on the back of Your ID Card. Anthem will try to resolve Your complaint informally by talking to Your Provider or reviewing Your claim.

Please refer to Your Identification Card for Anthem's address and telephone number.

A complaint is an expression of dissatisfaction that can often be resolved by an explanation from Anthem of its' procedures and Your benefit document. You may submit Your complaint by letter or by telephone call. If Your complaint involves issues of Covered Services, You may be asked to sign a release of information form so Anthem can request records for its' review.

You will be notified of the resolution of Your complaint if a claim or request for benefits is denied in whole or in part. Anthem will explain why benefits were denied and describe Your rights under the Appeal Procedure. If You are not satisfied with the resolution of Your complaint, You have the right to file an Appeal, which is defined as follows:

Appeal Procedures

As a Member of this Plan You have the right to appeal decisions to deny or limit Your health care benefits. The explanation of why the Plan denied Your claim or request for benefits will describe the steps You should follow to initiate Your appeal and how the appeal process works.

An appeal is a request from You for Anthem to change a previous determination or to address a concern You have regarding confidentiality or privacy.

Internal Appeals

An initial determination by Anthem can be appealed for internal review. The Plan will advise You of Your rights to appeal to the next level if a denial occurs after an initial determination.

You have the right to designate a representative (e.g. Your Physician) to file appeals with Anthem on Your behalf and to represent You in any level of the appeals process. If a representative is seeking an appeal on Your behalf, Anthem must obtain a signed Designation of Representation (DOR) form from You. The appeal process will not begin until Anthem has received the properly completed DOR form except that if a Physician requests expedited review of an appeal on Your behalf, the Physician will be deemed to be Your designee for the limited purpose of filing for expedited review of the appeal without receipt of a signed form. Anthem will forward a Designation of Representation form to You for completion in all other situations.

Anthem will accept oral or written comments, documents or other information relating to an appeal from the Member or the Member's Provider by telephone, facsimile or other reasonable means. Members are entitled to receive, upon request and free of charge, reasonable access to, and copies of, documents, records, and other information relevant to the Member's appeal.

To obtain information on Anthem's appeal procedures or to file an oral appeal please call the toll free customer service number listed on the back of Your Plan Identification Card or the number provided for appeals on any written notice of an adverse decision that You receive from Anthem.

Anthem will also accept appeals filed in writing. If You wish to file Your appeal in writing, You must mail it to:

Anthem Blue Cross and Blue Shield
P.O. Box 105568
Atlanta, GA 30348

or to the address provided for filing an appeal on any written notice of an adverse decision that You receive from Anthem.

Appeals are reviewed by persons who did not make the initial determination and who are not the subordinates of the initial reviewer. If a clinical issue is involved, Anthem will use a clinical peer for this review. A clinical peer is a Physician or Provider who has the same license as the Provider who will perform or has performed the service. The clinical peer will review Your medical records and determine if the service is covered by Your benefit document. If the clinical peer determines that the service is covered by Your benefit document the Plan must pay for the service; if the clinical peer determines that the service is not covered the Plan may deny the services.

Standard Appeals

If You are appealing an adverse precertification decision other than a retrospective post-claim review decision (i.e., an adverse prospective, concurrent or retrospective pre-claim review decision) or the denial of any prior approval required by the Plan, Anthem will provide You with a written response indicating Anthem's decision within a reasonable period of time appropriate to the medical circumstances but not later than 30 calendar days of the date Anthem receives Your appeal request. If more information is needed to make a decision on Your Appeal, Anthem will send a written request for the information after receipt of the Appeal. No extensions of time for additional information may be taken on these Appeals without the permission of the Member. Therefore, Anthem will make a decision based upon the available information if the additional information requested is not received.

If You are appealing any other type of adverse decision (including retrospective post-claim review decisions) and sufficient information is available to decide the Appeal, Anthem will provide You with a written response indicating its' decision within a reasonable period of time appropriate to the medical circumstances but not later than 30 calendar days from receipt of the Appeal request. If more information is needed to make a decision on Your Appeal, Anthem shall send a written request for the information after receipt of the Appeal. If the additional information requested is not received within 45 calendar days of the Appeal request, Anthem shall conduct its review based upon the available information.

Expedited Appeals

An expedited appeal may be initiated orally, in writing, or by other reasonable means available to You or Your Provider. Given the urgent nature of an expedited appeal, You are encouraged to request an expedited appeal orally. An expedited appeal is available only if the medical care for which coverage is being denied has not yet been rendered. Anthem will complete expedited review of an appeal as soon as possible given the medical exigencies but no later than seventy-two hours (72 hours) after Anthem's receipt of the request and will communicate Anthem's decision by telephone to Your attending Physician or the ordering Provider. Anthem will also provide written notice of Anthem's determination to You, Your attending Physician or ordering Provider, and the facility rendering the service.

You may request an expedited review for:

- Any claim for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations:
 1. Could seriously jeopardize Your life or health or Your ability to regain maximum function, or,
 2. In the opinion of a Physician with knowledge of Your medical condition, would subject You to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.
- Except as provided above, a claim involving urgent care is to be determined by an individual acting on behalf of the Plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.
- Any claim that a Physician with knowledge of Your medical condition determines is a claim involving urgent care.

Exhaustion of Internal Appeals Process

The internal appeal process must be exhausted prior to initiating an external review except in the following instances:

- Anthem agrees to waive the exhaustion requirement; or
- You did not receive a written decision of Anthem's internal appeal within the required time frame; or
- Anthem failed to meet all requirements of the internal appeal process unless the failure:
 1. Was de minimis (minor);
 2. Does not cause or is not likely to cause prejudice or harm to You;
 3. Was for good cause and beyond Anthem's control;
 4. Is not reflective of a pattern or practice of non-compliance; or
- An expedited external review is sought simultaneously with an expedited internal review.

External Review

Definitions as used in the External Review section include the following:

“Adverse benefit determination” means a decision by a health plan issuer:

- To deny, reduce, or terminate a requested health care service or payment in whole or in part, including all of the following:
 - A determination that the health care service does not meet the health plan issuer's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness, including experimental or investigational treatments;
 - A determination of an individual's eligibility for individual health insurance coverage, including coverage offered to individuals through a non employer group, to participate in a plan or health insurance coverage;
 - A determination that a health care service is not a covered benefit;
 - The imposition of an exclusion, including exclusions source of injury, network, or any other limitation on benefits that would otherwise be covered.
- Not to issue individual health insurance coverage to an applicant, including coverage offered to individuals through a non-employer group;
- To rescind coverage on a health benefit plan.

“Authorized representative” means an individual who represents a covered person in an internal appeal or external review process of an adverse benefit determination who is any of the following:

- A person to whom a covered individual has given express, written consent to represent that individual in an internal appeals process or external review process of an adverse benefit determination;
- A person authorized by law to provide substituted consent for a covered individual;
- A family member or a treating health care professional, but only when the covered person is unable to provide consent.

“Covered person” means a subscriber, enrollee, member, or individual covered by a health benefit plan. “Covered person” does include the covered person’s authorized representative with regard to an internal appeal or external review.

“Covered benefits” or **“benefits”** means those health care services to which a covered person is entitled under the terms of a health benefit plan.

“Final adverse benefit determination” means an adverse benefit determination that is upheld at the completion of a health plan issuer’s internal appeals process.

“Health benefit plan” means a benefit plan offered by an Employer to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services.

“Health care services” means services for the diagnosis, prevention, treatment, cure, or relief of a health condition, illness, injury, or disease.

“Health plan issuer” means an entity subject to the insurance laws and rules of this state, or subject to the jurisdiction of the superintendent of insurance, that contracts, or offers to contract to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services under a health benefit plan, including a sickness and accident insurance company, a health insuring corporation, a fraternal benefit society, a self-funded multiple employer welfare arrangement, or a nonfederal, government health plan. “Health plan issuer” includes a third party administrator to the extent that the benefits that such an entity is contracted to administer under a health benefit plan are subject to the insurance laws and rules of this state or subject to the jurisdiction of the superintendent. The “Health plan issuer” is also called Anthem in this Benefit Booklet.

“Independent review organization” means an entity that is accredited to conduct independent external reviews of adverse benefit determinations.

“Rescission” or **“to rescind”** means a cancellation or discontinuance of coverage that has a retroactive effect. “Rescission” does not include a cancellation or discontinuance of coverage that has only a prospective effect or a cancellation or discontinuance of coverage that is effective retroactively to the extent it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.

“Stabilize” means the provision of such medical treatment as may be necessary to assure, within reasonable medical probability that no material deterioration of a covered person’s medical condition is likely to result from or occur during a transfer, if the medical condition could result in any of the following:

- Placing the health of the covered person or, with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy;
 - Serious impairment to bodily functions;
 - Serious dysfunction of any bodily organ or part.
- In the case of a woman having contractions, “stabilize” means such medical treatment as may be necessary to deliver, including the placenta.

“Superintendent” means the superintendent of insurance.

Understanding the External Review Process

Under Chapter 3922 of the Ohio Revised Code all health plan issuers must provide a process that allows a person covered under a health benefit plan or a person applying for health benefit plan coverage to request an independent external review of an adverse benefit determination. This is a summary of that external review process. An adverse benefit determination is a decision by the Plan to deny benefits because services are not covered, are excluded, or limited under the plan, or the covered person is not eligible to receive the benefit.

The adverse benefit determination may involve an issue of medical necessity, appropriateness, health care setting, or level of care or effectiveness. An adverse benefit determination can also be a decision to deny health benefit plan coverage or to rescind coverage.

Opportunity for External Review

An external review may be conducted by an Independent Review Organization (IRO) or by the Ohio Department of Insurance. The covered person does not pay for the external review. There is no minimum cost of health care services denied in order to qualify for an external review. However, the covered person must generally exhaust the health plan issuer's internal appeal process before seeking an external review. Exceptions to this requirement will be included in the notice of the adverse benefit determination.

External Review by an IRO - A covered person is entitled to an external review by an IRO in the following instances:

- The adverse benefit determination involves a medical judgment or is based on any medical information.
- The adverse benefit determination indicates the requested service is experimental or investigational, the requested health care service is not explicitly excluded in the covered person's health benefit plan, and the treating physician certifies at least one of the following:
 - Standard health care services have not been effective in improving the condition of the covered person.
 - Standard health care services are not medically appropriate for the covered person.
 - No available standard health care service covered by the Plan is more beneficial than the requested health care service.

There are two types of IRO reviews, standard and expedited. A standard review is normally completed within 30 days. An expedited review for urgent medical situations is normally completed within 72 hours and can be requested if any of the following applies:

- The covered person's treating physician certifies that the adverse benefit determination involves a medical condition that could seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function if treatment is delayed until after the time frame of an expedited internal appeal.
- The covered person's treating physician certifies that the final adverse benefit determination involves a medical condition that could seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function if treatment is delayed until after the time frame of a standard external review.
- The final adverse benefit determination concerns an admission, availability of care, continued stay, or health care service for which the covered person received emergency services, but has not yet been discharged from a facility.
- An expedited internal appeal is already in progress for an adverse benefit determination of experimental or investigational treatment and the covered person's treating physician certifies in writing that the recommended health care service or treatment would be significantly less effective if not promptly initiated.

Note: An expedited external review is not available for retrospective final adverse benefit determinations (meaning the health care service has already been provided to the covered person).

External Review by the Ohio Department of Insurance - A covered person is entitled to an external review by the Department in the either of the following instances:

- The adverse benefit determination is based on a contractual issue that does not involve a medical judgment or medical information.
- The adverse benefit determination for an emergency medical condition indicates that medical condition did not meet the definition of emergency AND Anthem's decision has already been upheld through an external review by an IRO.

Request for External Review

Regardless of whether the external review case is to be reviewed by an IRO or the Department of Insurance, the covered person, or an authorized representative, must request an external review through

Anthem within 180 days of the date of the notice of final adverse benefit determination issued by Anthem. All requests must be in writing, except for a request for an expedited external review. Expedited external reviews may be requested electronically or orally; however written confirmation of the request must be submitted to Anthem no later than five (5) days after the initial request. The covered person will be required to consent to the release of applicable medical records and sign a medical records release authorization.

If the request is complete Anthem will initiate the external review and notify the covered person in writing, or immediately in the case of an expedited review, that the request is complete and eligible for external review. The notice will include the name and contact information for the assigned IRO or the Ohio Department of Insurance (as applicable) for the purpose of submitting additional information. When a standard review is requested, the notice will inform the covered person that, within 10 business days after receipt of the notice, they may submit additional information in writing to the IRO or the Ohio Department of Insurance (as applicable) for consideration in the review. Anthem will also forward all documents and information used to make the adverse benefit determination to the assigned IRO or the Ohio Department of Insurance (as applicable).

If the request is not complete Anthem will inform the covered person in writing and specify what information is needed to make the request complete. If Anthem determines that the adverse benefit determination is not eligible for external review, Anthem must notify the covered person in writing and provide the covered person with the reason for the denial and inform the covered person that the denial may be appealed to the Ohio Department of Insurance.

The Ohio Department of Insurance may determine the request is eligible for external review regardless of the decision by Anthem and require that the request be referred for external review. The Department's decision will be made in accordance with the terms of the health benefit plan and all applicable provisions of the law.

IRO Assignment

When Anthem initiates an external review by an IRO, the Ohio Department of Insurance web based system randomly assigns the review to an accredited IRO that is qualified to conduct the review based on the type of health care service. An IRO that has a conflict of interest with Anthem, the covered person, the health care provider or the health care facility will not be selected to conduct the review.

IRO Review and Decision

The IRO must consider all documents and information considered by Anthem in making the adverse benefit determination, any information submitted by the covered person and other information such as; the covered person's medical records, the attending health care professional's recommendation, consulting reports from appropriate health care professionals, the terms of coverage under the health benefit plan, the most appropriate practice guidelines, clinical review criteria used by the health plan issuer or its utilization review organization, and the opinions of the IRO's clinical reviewers.

The IRO will provide a written notice of its decision within 30 days of receipt by Anthem of a request for a standard review or within 72 hours of receipt by Anthem of a request for an expedited review. This notice will be sent to the covered person, Anthem and the Ohio Department of Insurance and must include the following information:

- A general description of the reason for the request for external review.
- The date the independent review organization was assigned by the Ohio Department of Insurance to conduct the external review.
- The dates over which the external review was conducted.
- The date on which the independent review organization's decision was made.
- The rationale for its decision.
- References to the evidence or documentation, including any evidence-based standards, that was used or considered in reaching its decision.

Note: Written decisions of an IRO concerning an adverse benefit determination that involves a health care treatment or service that is stated to be experimental or investigational also includes the principle reason(s) for the IRO's decision and the written opinion of each clinical reviewer including their recommendation and their rationale for the recommendation.

Binding Nature of External Review Decision

An external review decision is binding on the Plan except to the extent Anthem has other remedies available under state law. The decision is also binding on the covered person except to the extent the covered person has other remedies available under applicable state or federal law. A covered person may not file a subsequent request for an external review involving the same adverse benefit determination that was previously reviewed unless new medical or scientific evidence is submitted to Anthem.

Appeal Filing Time Limit

The Plan expects that You will use good faith to file an appeal on a timely basis. However, Anthem will not review an appeal if it is received after 180 days have passed since the incident leading to Your appeal.

COORDINATION OF BENEFITS (COB)

This Coordination of Benefits (COB) provision applies when You have health care coverage under more than one Plan.

Please note that several terms specific to this provision are listed below. Some of these terms have different meanings in other parts of the Benefit Booklet, e.g., Plan. For this provision only, "Plan" will have the meanings as specified below. In the rest of the Benefit Booklet, Plan has the meaning listed in the **Definitions** section.

The order of benefit determination rules determine the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits according to its policy terms regardless of the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

The Allowable expense under COB is generally the higher of the Primary and Secondary Plans' allowable amounts. A Network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment under the higher of the Plans' allowable amounts. This higher allowable amount may be more than the Plan's Maximum Allowable Amount.

COB DEFINITIONS

Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: Group and non group insurance contracts and subscriber contracts; Health Maintenance Organization (HMO) contracts; uninsured arrangements of group or group-type coverage; coverage under group or non group closed panel plans; group-type contracts; medical care components of long term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts (whether "fault" or "no fault"); other governmental benefits, except for Medicare, Medicaid or a government plan that, by law, provides benefits that are in excess of those of any private insurance plan or other non-governmental plan.
2. Plan does not include: Accident only coverage; specified disease or specified accident coverage; limited health benefit coverage; benefits for non-medical components of long term care policies; Hospital indemnity coverage benefits or other fixed indemnity coverage; school accident-type coverages covering grammar, high school, and college students for accidents only, including athletic injuries, either on a twenty-four (24) hour or "to and from school" basis; and Medicare supplement policies.

Each contract for coverage under items 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan means the part of the contract providing health care benefits that the COB provision applies to and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when You have health care coverage under more than one Plan.

When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

Allowable expense is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering You. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering You is not an Allowable expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging You is not an Allowable expense; however, if a Provider has a contractual agreement with both the Primary and Secondary Plans, then the higher of the contracted fees is the Allowable expense, and the Provider may charge up to the higher contracted fee.

The following are non Allowable expenses:

1. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an Allowable expense, unless one of the Plans provides coverage for private Hospital room expenses.
2. If You are covered by 2 or more Plans that calculate their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement methods, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
3. If You are covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
4. If You are covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement will be the Allowable expense for all Plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment will be the Allowable expense used by the Secondary Plan to determine its benefits.
5. The amount of any benefit reduction by the Primary Plan because You have failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admissions or services, and Network Provider arrangements.
6. The amount that is subject to the Primary high-Deductible health plan's Deductible, if Anthem has been advised by You that all Plans covering You are high-Deductible health plans and You intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.

Closed panel plan is a Plan that provides health care benefits primarily in the form of services through a panel of Providers that contract with or are employed by the Plan, and that excludes coverage for services provided by other Providers, except in cases of emergency or referral by a panel member.

Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When You are covered by two or more Plans, the rules for determining the order of benefit payments are:

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

1. Except as provided in Paragraph 2. below, a Plan that does not contain a Coordination of Benefits

provision that is consistent with this COB provision is always primary unless the provisions of both Plans state that the complying Plan is primary.

2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage will be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are placed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide Out-of-Network benefits.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Each Plan determines its order of benefits using the first of the following rules that apply:

Rule 1 - Non-Dependent or Dependent. The Plan that covers You other than as a Dependent, for example as an Employee, Member, policyholder, subscriber or retiree is the Primary Plan, and the Plan that covers You as a Dependent is the Secondary Plan. However, if You are a Medicare beneficiary and, as a result of Federal law, Medicare is secondary to the Plan covering You as a Dependent and primary to the Plan covering You as other than a Dependent (e.g., a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering You as an Employee, Member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan covering You as a Dependent is the Primary Plan.

Rule 2 - Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

1. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - the Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - if both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
2. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of 1. above will determine the order of benefits;
 - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of 1. above will determine the order of benefits; or
 - If there is no court decree assigning responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - the Plan covering the custodial parent;
 - the Plan covering the Spouse of the custodial parent;
 - the Plan covering the non-custodial parent; and then
 - the Plan covering the Spouse of the non-custodial parent.
3. For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of item 1. above will determine the order of benefits as if those individuals were the parents of the child.

Rule 3 - Active Employee or Retired or Laid-off Employee. The Plan that covers You as an active Employee, that is, an Employee who is neither laid off nor retired, is the Primary Plan. The Plan also covering You as a retired or laid-off Employee is the Secondary Plan. The same would hold true if You are

a Dependent of an active Employee and You are a Dependent of a retired or laid-off Employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if “Rule 1 - Non-Dependent or Dependent” can determine the order of benefits.

Rule 4 - COBRA. If You are covered under COBRA or under a right of continuation provided by other Federal law and are covered under another Plan, the Plan covering You as an Employee, Member, subscriber or retiree or covering You as a Dependent of an Employee, Member, subscriber or retiree is the Primary Plan and the COBRA or other Federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if “Rule 1 - Non-Dependent or Dependent” can determine the order of benefits. This rule does not apply when the person is covered either: (a) as a non- Dependent under both Plans (i.e. the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the group health plan as an Employee or as a retired Employee and is covered under his or her own Plan as an Employee, Member, subscriber or retiree); or (b) as a Dependent under both plans (i.e. the person is covered under a right of continuation as a qualified beneficiary who, on the day before a qualifying event, was covered under the group health plan as a Dependent of an Employee, Member or subscriber or retired Employee and is covered under the other plan as a Dependent of an Employee, Member, subscriber or retiree).

Rule 5 - Longer or Shorter Length of Coverage. The Plan that covered You longer is the Primary Plan and the Plan that covered You the shorter period of time is the Secondary Plan.

Rule 6 - If the preceding rules do not determine the order of benefits, the Allowable expenses will be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

EFFECT ON THE BENEFITS OF THIS PLAN

When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim.

Because the Allowable expense is generally the higher of the Primary and Secondary Plans' allowable amounts, a Network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment under the higher allowable amount. In addition, the Secondary Plan will credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If You are enrolled in two or more Closed panel plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one Closed panel plan, COB will not apply between that Plan and other Closed panel plans.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. Anthem may get the facts it needs from, or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. Anthem need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give Anthem any facts Anthem needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, This Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by This Plan is more than should have paid under this COB provision, the Plan may recover the excess from one or more of the persons:

1. the Plan has paid or for whom the Plan have paid; or
2. any other person or organization that may be responsible for the benefits or services provided for the Member.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

When a Covered Person Qualifies for Medicare

Determining Which Plan is Primary

To the extent permitted by law, this Plan will pay Benefits second to Medicare when You become eligible for Medicare, even if You don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Subscribers with active current employment status age 65 or older and their Spouses age 65 or older; and
- individuals with end-stage renal disease, for a limited period of time.

Your current coverage is primary and Medicare is almost always secondary (and is only primary in a few instances).

Determining the Allowable Expense When This Plan is Secondary to Medicare

If this Plan is secondary to Medicare, the Medicare approved amount is the Allowable Expense, as long as the Provider accepts Medicare. If the Provider does not accept Medicare, the Medicare limiting charge (the most a Provider can charge You if they don't accept Medicare) will be the Allowable Expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the total Allowable Expense.

SUBROGATION AND REIMBURSEMENT

These provisions apply when the Plan pays benefits as a result of injuries or illnesses You sustained and You have a right to a Recovery or have received a Recovery from any source.

Recovery

A "Recovery" includes, but is not limited to, monies received from any person or party, any person's or party's liability insurance, uninsured/underinsured motorist proceeds, workers' compensation insurance or fund, "no-fault" insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how You or Your representative or any agreements characterize the money You receive as a Recovery, it shall be subject to these provisions.

Subrogation

The Plan has the right to recover payments it makes on Your behalf from any party responsible for compensating You for Your illnesses or injuries. The following apply:

- The Plan has first priority from any Recovery for the full amount of benefits it has paid regardless of whether You are fully compensated, and regardless of whether the payments You receive make You whole for Your losses, illnesses and/or injuries.
- You and Your legal representative must do whatever is necessary to enable the Plan to exercise the Plan's rights and do nothing to prejudice those rights.
- In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- The Plan has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the Plan.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the Plan's subrogation claim and any claim held by You, the Plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to Your claim, Your attorney fees, other expenses or costs.
- The Plan is not responsible for any attorney fees, attorney liens, other expenses or costs You incur without the Plan's prior written consent. The "common fund" doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

Reimbursement

If You obtain a Recovery and the Plan has not been repaid for the benefits the Plan paid on Your behalf, the Plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on Your behalf and the following provisions will apply:

- You must reimburse the Plan from any Recovery to the extent of benefits the Plan paid on Your behalf regardless of whether the payments You receive make You whole for Your losses, illnesses and/or injuries.
- Notwithstanding any allocation or designation of Your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the Plan shall have a right of full recovery, in first priority, against any Recovery. Further, the Plan's rights will not be reduced due to Your negligence.
- You and Your legal representative must hold in trust for the Plan the proceeds of the gross Recovery (*i.e.*, the total amount of Your Recovery before attorney fees, other expenses or costs) to be paid to the Plan immediately upon Your receipt of the Recovery. You must reimburse the Plan, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by the Plan.

- If You fail to repay the Plan, the Plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the Plan has paid or the amount of Your Recovery whichever is less, from any future benefit under the Plan if:
 1. the amount the Plan paid on Your behalf is not repaid or otherwise recovered by the Plan; or
 2. You fail to cooperate.
- In the event that You fail to disclose the amount of Your settlement to the Plan, the Plan shall be entitled to deduct the amount of the Plan's lien from any future benefit under the Plan.
- The Plan shall also be entitled to recover any of the unsatisfied portions of the amount the Plan has paid or the amount of Your Recovery, whichever is less, directly from the Providers to whom the Plan has made payments on Your behalf. In such a circumstance, it may then be Your obligation to pay the Provider the full billed amount, and the Plan will not have any obligation to pay the Provider or reimburse You.
- The Plan is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate You or make You whole.

Your Duties

- You must notify the Plan promptly of how, when and where an accident or incident resulting in personal Injury or illness to You occurred and all information regarding the parties involved.
- You must cooperate with the Plan in the investigation, settlement and protection of the Plan's rights. In the event that You or Your legal representative fails to do whatever is necessary to enable the Plan to exercise its subrogation or reimbursement rights, the Plan shall be entitled to deduct the amount the Plan paid from any future benefits under the Plan.
- You must not do anything to prejudice the Plan's rights.
- You must send the Plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal Injury or illness to You.
- You must promptly notify the Plan if You retain an attorney or if a lawsuit is filed on Your behalf.

The State has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this Plan in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The Plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal Injury protection policy regardless of any election made by You to the contrary. The Plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.

The Plan is entitled to recover its attorney's fees and costs incurred in enforcing this provision.

This Benefit Booklet, the State's application, and the individual applications of the Subscribers and Members, if any, constitute the entire agreement between Anthem and the State and as of the Effective Date, supersede all other agreements between the parties. Any and all statements made to Anthem by the State, and any and all statements made to the State by Anthem, are representations and not warranties, and no such statement unless it is contained in a written application for coverage under the Plan, shall be used in defense to a claim under the Plan.

Form or Content of Benefit Booklet

No agent or Employee of Anthem is authorized to change the form or content of this Benefit Booklet. Such changes can be made only through an endorsement authorized and signed by an officer of the State.

Circumstances Beyond the Control of the Plan

Anthem shall make a good-faith effort to arrange for an alternative method of administering benefits. In the event of circumstances not within the control of Anthem or the State, including but not limited to: a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, labor disputes not within the control of Anthem, disability of a significant part of a Network Provider's personnel or similar causes, or the rendering of health care services provided by the Plan is delayed or rendered impractical Anthem shall make a good-faith effort to arrange for an alternative method of administering benefits. In such event, Anthem and Network Providers shall administer and render services under the Plan insofar as practical, and according to their best judgment; but Anthem and Network Providers shall incur no liability or obligation for delay, or failure to administer or arrange for services if such failure or delay is caused by such an event.

Protected Health Information Under HIPAA

The Health Insurance Portability and Accountability Act of 1996 (HIPAA), and the Privacy Regulations issued under HIPAA, contain provisions designed to protect the privacy of certain individually identifiable health information. The State's Plan has a responsibility under the HIPAA Privacy Regulations to provide You with a Notice of Privacy Practices. This notice sets forth the State's rules regarding the disclosure of Your information and details about a number of individual rights You have under the Privacy Regulations. Since Anthem administers the claims for the State's Plan, Anthem has also adopted a number of privacy practices and has described those in its Privacy Notice. If You would like a copy of Anthem's Notice, contact the Customer Service at [1.844.891.8359](tel:1.844.891.8359).

Workers' Compensation

The benefits under the Plan are not designed to duplicate any benefit for which Members are eligible under the Workers' Compensation Law. All sums paid or payable by Workers' Compensation for services provided to a Member shall be reimbursed by, or on behalf of, the Member to the Plan to the extent the Plan has made or makes payment for such services. It is understood that coverage hereunder is not in lieu of, and shall not affect, any requirements for coverage under Workers' Compensation or equivalent employer liability or indemnification law.

Other Government Programs

Except insofar as applicable law would require the Plan to be the primary payer, the benefits under the Plan shall not duplicate any benefits to which Members are entitled, or for which they are eligible under any other governmental program. To the extent the Plan has duplicated such benefits, all sums payable under such programs for services to Members shall be paid by or on behalf of the Member to the Plan.

Medicare Program

When You are eligible for the Medicare program and Medicare is allowed by federal law to be the primary payer, the benefits described in this Benefit Description will be reduced by the amount of benefits allowed under Medicare for the same *Covered Services*.

If You Are Under Age 65 With End Stage Renal Disease (ESRD)

If You are under age 65 and eligible for Medicare only because of ESRD (permanent kidney failure), the Plan will provide the benefits described in this Benefit Description before Medicare benefits. This includes the Medicare “three month waiting period” and the additional **30 months** after the Medicare effective date. After 33 months, the benefits described in this Benefit Description will be reduced by the amount that Medicare allows for the same *Covered Services*.

If You Are Under Age 65 With Other Disability

If You are under age 65 and eligible for Medicare only because of a disability other than ESRD, the Plan will provide the benefits described in this Benefit Description before Medicare benefits. This is the case **only** if You are the actively employed Subscriber or the enrolled Spouse or child of the actively employed Subscriber.

If You Are Age 65 or Older

If You are age 65 or older and eligible for Medicare only because of age, the Plan will provide the benefits described in this Benefit Description before Medicare. This can be the case **only** if You are an actively employed Subscriber or the enrolled Spouse of the actively employed Subscriber.

Right of Recovery

Whenever payment has been made in error, the Plan will have the right to recover such payment from You or, if applicable, the Provider. In the event the Plan recovers a payment made in error from the Provider, except in cases of fraud, the Plan will only recover such payment from the Provider during the 24 months after the date the Plan made the payment on a claim submitted by the Provider. The Plan reserves the right to deduct or offset any amounts paid in error from any pending or future claim. The cost share amount shown in Your Explanation of Benefits is the final determination and You will not receive notice of an adjusted cost share amount as a result of such recovery activity.

Anthem has oversight responsibility for compliance with Provider and vendor and Subcontractor contracts. Anthem may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider, Vendor, or Subcontractor resulting from these audits if the return of the overpayment is not feasible. Anthem has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses and settle or compromise recovery amounts. Anthem will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. Anthem may not provide You with notice of overpayments made by the Plan or You if the recovery method makes providing such notice administratively burdensome.

Relationship of Parties (State - Member - Claims Anthem)

Neither the State nor any Member is the agent or representative of Anthem.

The State is fiduciary agent of the Member. Anthem’s notice to the State will constitute effective notice to the Member. It is the State’s duty to notify Anthem of eligibility data in a timely manner. Anthem is not responsible for payment of Covered Services of Members if the State fails to provide Anthem with timely notification of Member enrollments or terminations.

Relationship of Parties (Anthem - Network Providers)

The relationship between Anthem and Network Providers is an independent contractor relationship. Network Providers are not agents or Employees of Anthem, nor is Anthem, or any Employee of Anthem, an Employee or agent of Network Providers.

Your Network Provider’s agreement for providing Covered Services may include financial incentives or risk sharing relationships related to provision of services or referrals to other Providers, including Network Providers, Non-Network Providers, and disease management programs. If You have questions regarding such incentives or risk sharing relationships, please contact Your Provider or Anthem.

Community Insurance Company (OH)

The State, on behalf of itself and its Members, hereby expressly acknowledges its understanding that the Administrative Services Agreement (which includes this Benefit Booklet) constitutes a contract solely between the State and Community Insurance Company (Anthem), and that Anthem is an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in the State of Ohio. The Blue Cross and Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, Anthem is not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield Plan or licensee. This paragraph shall not create any additional obligations whatsoever on the part of Anthem other than those obligations created under other provisions of the Administrative Services Agreement or this Benefit Booklet.

Notice

Any notice given under the Plan shall be in writing. The notices shall be sent to: The State at its principal place of business; to You at the Subscriber's address as it appears on the records or in care of the State.

Modifications or Changes in Coverage

The State may change the benefits described in this Benefit Booklet and the Member will be informed of such changes as required by law. This Benefit Booklet shall be subject to amendment, modification, and termination in accordance with any of its provisions by the State, or by mutual agreement between Anthem and the State without the consent or concurrence of any Member. By electing medical and Hospital benefits under the Plan or accepting the Plan benefits, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all terms, conditions, and provisions hereof.

Fraud

Fraudulent statements on Plan enrollment forms or on electronic submissions will invalidate any payment or claims for services and be grounds for voiding the Member's coverage.

Acts Beyond Reasonable Control (Force Majeure)

Should the performance of any act required by this coverage be prevented or delayed by reason of any act of God, strike, lock-out, labor troubles, restrictive government laws or regulations, or any other cause beyond a party's control, the time for the performance of the act will be extended for a period equivalent to the period of delay, and non-performance of the act during the period of delay will be excused. In such an event, however, all parties shall use reasonable efforts to perform their respective obligations.

Anthem will adhere to the State's instructions and allow the State to meet all of the State's responsibilities under applicable state and federal law. It is the State's responsibility to adhere to all applicable state and federal laws and Anthem does not assume any responsibility for compliance.

Conformity with Law

Any provision of the Plan which is in conflict with the applicable federal laws and regulations is hereby amended to conform with the minimum requirements of such laws.

Clerical Error

Clerical error, whether of Anthem or the State, in keeping any record pertaining to this coverage will not invalidate coverage otherwise validly in force or continue benefits otherwise validly terminated.

Policies and Procedures

Anthem, on behalf of the State, may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of the Plan with which a Member shall comply.

Under the terms of the Administrative Service Agreement with The State, Anthem has the authority, in its discretion, to institute from time to time, utilization management, care management, disease management or wellness pilot initiatives in certain designated geographic areas. These pilot initiatives are part of Anthem's ongoing effort to find innovative ways to make available high quality and more affordable healthcare. A pilot initiative may affect some, but not all Members under the Plan. These programs will not result in the payment of benefits which are not provided in the State's Group Health Plan, unless otherwise agreed to by the State. Anthem reserves the right to discontinue a pilot initiative at any time without advance notice to the State.

Value-Added Programs

Anthem may offer health or fitness related programs to Members, through which You may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under the Plan but are in addition to plan benefits. As such, program features are not guaranteed under The State's Group Health Plan and could be discontinued at any time. Anthem does not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services You receive.

Waiver

No agent or other person, except an authorized officer of the State, has authority to waive any conditions or restrictions of the Plan, to extend the time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

Employer's Sole Discretion

The State may, in its sole discretion, cover services and supplies not specifically covered by the Plan. This applies if the State, with advice from Anthem, determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

Reservation of Discretionary Authority

Anthem shall have all the powers necessary or appropriate to enable it to carry out its duties in connection with the operation of the Plan and interpretation of the Benefit Booklet. This includes, without limitation, the power to construe the Administrative Services Agreement, to determine all questions arising under the Plan, to resolve Member Appeals and to make, establish and amend the rules, regulations and procedures with regard to the interpretation of the Benefit Booklet of the Plan. A specific limitation or exclusion will override more general benefit language. Anthem has complete discretion to interpret the Benefit Booklet. Anthem's determination shall be final and conclusive and may include, without limitation, determination of whether the services, treatment, or supplies are Medically Necessary, Experimental/Investigative, whether surgery is cosmetic, and whether charges are consistent with the Plan's Maximum Allowed Amount. A Member may utilize all applicable Appeals procedures.

Governmental Health Care Programs

Under federal law, for groups with 20 or more Employees, all active Employees (regardless of age) can remain on the Group's Health Plan and receive group benefits as primary coverage. Also, Spouses (regardless of age) of active Employees can remain on the Group's Health Plan and receive group benefits as primary coverage. Direct any questions about Medicare eligibility and enrollment to Your local Social Security Administration office.

Medical Policy and Technology Assessment

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of Anthem's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including Anthem's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Payment Innovation Programs

Anthem pays Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by Anthem from time to time, but they will be generally designed to tie a certain portion of a Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, Network Providers may be required to make payment to Anthem under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect Your access to health care. The Program payments are not made as payment for specific Covered Services provided to You, but instead, are based on the Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by or to Anthem under the Program(s), and You do not share in any payments made by Network Providers to Anthem under the Program(s).

WHEN COVERAGE TERMINATES

Termination of Coverage (Individual)

Membership for You and Your enrolled family members may be continued as long as You are employed by the State and meet eligibility requirements. It ceases if Your employment ends, if You no longer meet eligibility requirements, if the Plan ceases, or if You fail to make any required contribution toward the cost of Your coverage. In any case, Your coverage would end at the expiration of the period covered by Your last contribution.

Coverage of an enrolled child ceases automatically at the end of the month when the child attains the age limit shown in the Eligibility section. Coverage of a disabled child over age 26 ceases if the child is found to be no longer totally or permanently disabled.

Coverage of the Spouse of a Subscriber terminates automatically as of the date of divorce or death.

Should You or any family Members be receiving covered care in the Hospital at the time Your membership terminates for reasons other than the State’s cancellation of this Plan, or failure to pay the required Premiums, benefits for Hospital Inpatient care will be provided until the date You are discharged from the Hospital.

Continuation of Coverage (Federal Law-COBRA)

If Your coverage ends under the Plan, You may be entitled to elect continuation coverage in accordance with federal law. If the State normally employs 20 or more people, and Your employment is terminated for any reason other than gross misconduct You may elect from 18-36 months of continuation benefits. You should contact the State if You have any questions about Your COBRA rights.

Qualifying events for Continuation Coverage under Federal Law (COBRA)

COBRA continuation coverage is available when Your group coverage would otherwise end because of certain “qualifying events.” After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, Your Spouse and Your Dependent children could become qualified beneficiaries if covered on the day before the qualifying event and group coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each member of Your family who is enrolled in the company’s Employee welfare benefit plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Subscribers may elect COBRA continuation coverage on behalf of their Spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

Qualifying Event	Length of Availability of Coverage
<p><u>For Employees:</u> Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer’s Health Plan Due to Reduction In Hours Worked</p>	18 months

<u>For Spouses/ Dependents:</u> A Covered Employee's Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked	18 months
Covered Employee's Entitlement to Medicare	36 months
Divorce or Legal Separation	36 months
Death of a Covered Employee	36 months
<u>For Dependents:</u> Loss of Dependent Child Status	36 months

Continuation coverage stops before the end of the maximum continuation period if the Member becomes entitled to Medicare benefits. If a continuing beneficiary becomes entitled to Medicare benefits, then a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if You become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for Your Spouse and children can last up to 36 months after the date of Medicare entitlement.)

If You are a retiree under this Plan, filing a proceeding in bankruptcy under Title 11 of the United States Code may be a qualifying event. If a proceeding in bankruptcy is filed with respect to the State, and that bankruptcy results in the loss of coverage, You will become a qualified beneficiary with respect to the bankruptcy. Your surviving Spouse and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this Plan. If COBRA coverage becomes available to a retiree and his or her covered family members as a result of a bankruptcy filing, the retiree may continue coverage for life. His or her Spouse and Dependents may continue coverage for a maximum period of up to 36 months following the date of the retiree's death.

Second Qualifying Event

If Your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, Your Spouse and dependent children can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused Your Spouse or dependent children to lose coverage under the Plan had the first qualifying event not occurred. A qualified beneficiary must give timely notice to the Plan Administrator in such a situation.

Notification Requirements

In the event of Your termination, lay-off, reduction in work hours or Medicare entitlement, The State must notify the COBRA Administrator within 30 days. You must notify the State within 60 days of Your divorce, legal separation or the failure of Your enrolled Dependents to meet the program's definition of Dependent. This notice must be provided in writing to the Plan Administrator. Thereafter, the Plan Administrator will notify qualified beneficiaries of their rights within 14 days.

To continue enrollment, You or an eligible family member must make an election within 60 days of the date Your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies You or Your family member of this right, whichever is later. You must pay the total Premium appropriate for the type of benefit coverage You choose to continue. If the Premium rate changes for active associates, Your monthly Premium will also change. The Premium You must pay cannot be more than 102% of the Premium charged for Employees with similar coverage, and it must be paid to the company's benefit Plan Administrator within 30 days of the date due, except that the initial Premium payment must be made before 45 days after the initial election for continuation coverage, or Your continuation rights will be forfeited.

For Employees who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Employees who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Employees' Dependents are also eligible for the 18 to 29-month disability extension. (This provision also applies if any covered family member is found to be disabled.) This provision would only apply if the qualified beneficiary provides notice of disability status within 60 days of the disabling determination. In these cases, the State can charge 150% of Premium for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be disabled, such qualified beneficiary must notify the State of that fact in writing within 30 days after the Social Security Administration's determination.)

Trade Adjustment Act Eligible Individual

If You don't initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused You to be eligible initially for COBRA coverage under this Plan, You will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which You become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.

When COBRA Coverage Ends

These benefits are available without proof of insurability and coverage will end on the earliest of the following:

- a covered individual reaches the end of the maximum coverage period;
- a covered individual fails to pay a required Premium on time;
- a covered individual becomes covered under any other group health plan after electing COBRA;
- a covered individual becomes entitled to Medicare after electing COBRA; or
- the Group terminates all of its group welfare benefit plans.

Other Coverage Options Besides COBRA Continuation Coverage

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for You and Your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions

Questions concerning Your Group's health Plan and Your COBRA continuation coverage rights should be addressed to the State. For more information about Your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in Your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Continuation of Coverage During Military Leave (USERRA)

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Member may have a right to continuation of benefits subject to the conditions described below.

Under USERRA, if the Employee (or his or her Dependents) is covered under this Plan, and if the Employee becomes absent from employment by reason of military leave, the Employee (or his or her Dependents) may have the right to elect to continue health coverage under the plan. In order to be eligible for coverage during the period that the Employee is gone on military leave, the Employee must give reasonable notice to the State of his or her military leave and the Employee will be entitled to COBRA-like rights with respect to his or her medical benefits in that the Employee and his or her Dependents can elect to continue coverage under the plan for a period of 24 months from the date the military leave commences

or, if sooner, the period ending on the day after the deadline for the Employee to apply for or return to work with the State. During military leave the Employee is required to pay the State for the entire cost of such coverage, including any elected Dependents' coverage. However, if the Employee's absence is less than 31 days, the State must continue to pay its portion of the Premiums and the Employee is only required to pay his or her share of the Premiums without the COBRA-type 2% administrative surcharge.

Also, when the Employee returns to work, if the Employee meets the requirements specified below, USERRA states that the State must waive any exclusions and waiting periods, even if the Employee did not elect COBRA continuation. These requirements are (i) the Employee gave reasonable notice to his or her State of military leave, (ii) the military leave cannot exceed a prescribed period (which is generally five (5) years, except in unusual or extraordinary circumstances) and the Employee must have received no less than an honorable discharge (or, in the case of an officer, not been sentenced to a correctional institution), and (iii) the Employee must apply for reemployment or return to work in a timely manner upon expiration of the military leave (ranging from a single day up to 90 days, depending upon the period that he or she was gone). The Employee may also have to provide documentation to the State upon reemployment that would confirm eligibility. This protection applies to the Employee upon reemployment, as well as to any Dependent who has become covered under the Plan by reason of the Employee's reinstatement of coverage.

Continuation of Coverage Due to Family and Medical Leave (FMLA)

An Employee may continue membership in the Plan as provided by the Family and Medical Leave Act. An Employee who has been employed at least one year, within the previous 12 months is eligible to choose to continue coverage for up to 12 weeks of unpaid leave for the following reasons:

- The birth of the Employee's child.
- The placement of a child with the Employee for the purpose of adoption or foster care.
- To care for a seriously ill spouse, child or parent.
- A serious health condition rendering the Employee unable to perform his or her job.

If the Employee chooses to continue coverage during the leave, the Employee will be given the same health care benefits that would have been provided if the Employee were working, with the same premium contribution ratio. If the Employee's premium for continued membership in the Plan is more than 30 days late, the State will send written notice to the Employee. It will tell the Employee that his or her membership will be terminated and what the date of the termination will be if payment is not received by that date. This notice will be mailed at least 15 days before the termination date.

If membership in the Plan is discontinued for non-payment of premium, the Employee's coverage will be restored to the same level of benefits as those the Employee would have had if the leave had not been taken and the premium payment(s) had not been missed. This includes coverage for eligible dependents. The Employee will not be required to meet any qualification requirements imposed by the Plan when he or she returns to work. This includes: new or additional waiting periods; waiting for an open enrollment period; or passing a medical exam to reinstate coverage.

Please contact Your Human Resources Department for state specific Family and Medical Leave Act information.

Custodial Care includes, but is not limited to, any type of care the primary purpose of which is to attend to the Member's activities of daily living which do not entail or require the continuing attention of trained medical or paramedical personnel. Examples of Custodial Care include, but are not limited to, assistance in walking, getting in and out of bed, bathing, dressing, feeding, using the toilet, changes of dressings of non-infected, post-operative or chronic conditions, preparation of special diets, supervision of medication that can be self-administered by the Member, general maintenance care of colostomy or ileostomy, routine services to maintain other services which, in the sole determination of the Plan, can be safely and adequately self-administered or performed by the average non-medical person without the direct supervision of trained medical and paramedical personnel, regardless of who actually provides the service, residential care and adult day care, protective and supportive care including educational services, rest care and convalescent care.

Experimental or Investigative

Any Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply used in or directly related to the diagnosis, evaluation, or treatment of a disease, injury, illness, or other health condition which Anthem determines to be unproven.

Anthem will deem any Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply to be Experimental/Investigative if Anthem, determines that one or more of the following criteria apply when the service is rendered with respect to the use for which benefits are sought. The Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply:

- Cannot be legally marketed in the United States without the final approval of the Food and Drug Administration (FDA), or other licensing or regulatory agency, and such final approval has not been granted;
- Has been determined by the FDA to be contraindicated for the specific use; or
- Is subject to review and approval of an Institutional Review Board (IRB) or other body serving a similar function; or
- Is provided pursuant to informed consent documents that describe the Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply as Experimental/Investigative, or otherwise indicate that the safety, toxicity, or efficacy of the Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply is under evaluation.

Any service not deemed Experimental/Investigative based on the criteria above may still be deemed Experimental/Investigative by Anthem. In determining whether a Service is Experimental/Investigative, Anthem will consider the information described below and assess whether:

- The scientific evidence is conclusory concerning the effect of the service on health outcomes;
- The evidence demonstrates the service improves net health outcomes of the total population for whom the service might be proposed by producing beneficial effects that outweigh any harmful effects;
- The evidence demonstrates the service has been shown to be as beneficial for the total population for whom the service might be proposed as any established alternatives; and
- The evidence demonstrates the service has been shown to improve the net health outcomes of the total population for whom the service might be proposed under the usual conditions of medical practice outside clinical investigatory settings.

The information considered or evaluated by Anthem to determine whether a Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental/Investigative under the above criteria may include one or more items from the following list which is not all inclusive:

- Published authoritative, peer-reviewed medical or scientific literature, or the absence thereof; or
- Evaluations of national medical associations, consensus panels, and other technology evaluation bodies; or
- Documents issued by and/or filed with the FDA or other federal, state or local agency with the authority to approve, regulate, or investigate the use of the Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply; or
- Documents of an IRB or other similar body performing substantially the same function; or
- Consent document(s) and/or the written protocol(s) used by the treating Physicians, other medical professionals, or facilities or by other treating Physicians, other medical professionals or facilities studying substantially the same Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply; or
- Medical records; or
- The opinions of consulting Providers and other experts in the field.

Anthem has the sole authority and discretion to identify and weigh all information and determine all questions pertaining to whether a Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental/Investigative.

- Known to be effective, as proven by scientific evidence, in materially improving health outcomes;

- Cost-effective compared to alternative interventions, including no intervention. Cost effective does not always mean lowest cost. It does mean that as to the diagnosis or treatment of the Member's illness, injury or disease, the service is: (1) not more costly than an alternative service or sequence of services that is medically appropriate, or (2) the service is performed in the least costly setting that is medically appropriate;
- Not Experimental/Investigative;
- Not primarily for the convenience of the Member, the Member's family or the Provider.
- Not otherwise subject to an exclusion under this Benefit Booklet.

HEALTH BENEFITS COVERAGE UNDER FEDERAL LAW

Choice of Primary Care Physician

The Plan generally allows the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in Anthem's Network and who is available to accept You or Your family members. For information on how to select a PCP, and for a list of PCPs, contact Customer Service at [1.844.891.8359](tel:1.844.891.8359) or refer to Anthem's website, www.anthem.com. For children, You may designate a pediatrician as the PCP.

Access to Obstetrical and Gynecological (ObGyn) Care

You do not need prior authorization from the Plan or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in Anthem's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact Customer Service at [1.844.891.8359](tel:1.844.891.8359) or refer to Anthem's website, www.anthem.com.

Statement of Rights Under the Newborns' and Mother's Health Protection Act

Group Health Plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider (e.g., Your Physician, nurse midwife, or Physician Assistant), after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a Provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). However, to use certain Providers or facilities, or to reduce Your out-of-pocket costs, You may be required to obtain Precertification. For information on Precertification, contact Anthem.

Also, under federal law, plans may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

Statement of Rights Under the Women's Cancer Rights Act of 1998

If You have had or are going to have a mastectomy, You may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. See the **Schedule of Benefits**.

If You would like more information on WHCRA benefits, call the State.

Coverage for a Child Due to a Qualified Medical Support Order (“QMCSO”)

If You or Your Spouse is required, due to a QMCSO, to provide coverage for Your child(ren), You may ask the State to provide You, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and Substance Abuse benefits with day/visit limits on medical/surgical benefits. In general, Group Health Plans offering mental health and Substance Abuse benefits cannot set day/visit limits on mental health or Substance Abuse benefits that are lower than any such day/visit limits for medical and surgical benefits. A plan that does not impose day/visit limits on medical and surgical benefits may not impose such day/visit limits on mental health and Substance Abuse benefits offered under the plan. Also, the Plan may not impose Deductibles, Copayment / Coinsurance and out of pocket expenses on mental health and Substance Abuse benefits that is more restrictive than Deductibles, Copayment/Coinsurance and out of pocket expenses applicable to other medical and surgical benefits. Medical Necessity criteria are available upon request.

Special Enrollment Notice

If You are declining enrollment for yourself or Your Dependents (including Your Spouse) because of other health insurance coverage, You may in the future be able to enroll yourself or Your Dependents in this Plan, if You or Your Dependents lose eligibility for that other coverage (or if the State stops contributing towards Your or Your Dependents' other coverage). However, You must request enrollment within 31 days after Your or Your Dependents' other coverage ends (or after the State stops contributing toward the other coverage).

In addition, if You have a new dependent as a result of marriage, birth, adoption, or placement for adoption, You may be able to enroll Yourself and Your dependents. However, You must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.

Eligible Employees and Dependents may also enroll under two additional circumstances:

- the Employee's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- the Employee or Dependent becomes eligible for a subsidy (state premium assistance program)

The Employee or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call Customer Service at 1.844.891.8359 or contact the State.
