

Whether you are looking for a new doctor or just checking to see if they are in Aetna's network, our online directory will help you find what you need.

### Using our DocFind® online provider directory

- Visit [www.aetna.com](http://www.aetna.com) and click on “Find a Doctor” to access the online directory.
- On the right side of the page click on “A plan offered by my employer or organization (includes small group plans purchased on exchange in Maryland, Delaware, and District of Columbia)” for our public provider directory.
- At the top of the page, enter your provider's name in the “Search for” space, then put in ZIP code or city/state. This allows you to search by providers name, specialty, procedure or condition for Aetna health care professionals that accept your plan.
- Select “Search.”
- A pop-up window will ask you to select a plan from the drop-down box. For your plan, select “Aetna Choice POS II (Open Access).”
- Click “Continue” for results.
- Your results will show details, such as gender, hospital affiliation, medical school attended and year of graduation. (Based on availability.)

### Maps and driving directions

Anytime you find a provider in our directory, we can help get you there with a map and driving directions from MapQuest®. Once you search for a provider and get a result, click on the “Map It” icon and if you choose, provide a starting point for driving directions. Please note: You'll leave DocFind and be sent to [www.mapquest.com](http://www.mapquest.com).

### Aetna Navigator® secure member website

Your personal secure website where you can view your claims, research medical information, order an extra ID card or find a doctor. Once you're an Aetna member, you can register for Aetna Navigator. You'll get a personalized version of DocFind each time you sign in. Your plan name and ZIP code will already be filled in. That makes your search easier!
