- Claims submittal address: UnitedHealthcare - Claims, P.O. Box 981504, El Paso, TX 79998-1504; and
- Online assistance: www.myuhc.com.

Eligibility Requirements

Employee Eligibility

You are eligible for health care benefits if you are a permanent full-time or permanent part-time employee, which includes established-term regular, established-term irregular, a judge or other elected or appointed official.

State of Ohio employee health plans do not contain pre-existing condition exclusions; therefore, coverage is available to you and your eligible dependents regardless of current health or health history.

Married State Employees

When a husband and wife are both employed by the state, both employees cannot carry family coverage for medical, dental or vision. You have the following options:

- Both may carry single coverage.
- Both may be covered by one family plan.
- One employee may carry family coverage and the other single, but the spouse with single coverage may not be listed as a dependent under the family plan.

Examples of Employees NOT Eligible for Coverage:

- Temporary.
- Seasonal.
- Intermittent.
- Interim.
- Student or college intern.

Family members as described below may be eligible for coverage under your medical coverage.

Dependent Eligibility

1. Spouse. Your current legal spouse as recognized by Ohio law.

2. Children under Age 26 including:

- Your biological children (married or unmarried).
- Your legally adopted children: adopted children have the same coverage as children born to you or your spouse, whether or not the adoption has been finalized. Coverage begins upon placement/custody for adoption.
- Your dependent stepchildren.
- Foster children.
- Children for whom either you or your spouse has been appointed legal guardian.
- Children for whom the plan has received a Qualified Medical Child Support order: the child must be named as your alternate recipient in the QMCSO.

Note: Dependent children are only eligible for dental/vision benefits if unmarried and under age 23. Dependent children ages 19-22 with dental/vision coverage must be a student.

3. Unmarried Children Incapable of Self-Care

Unmarried children who are incapable of self-support due to mental retardation, severe mental illness, or physical handicap, whose disability began before age 23 and who are primarily dependent upon you are eligible for coverage. When there is an unsuccessful attempt at independent living, a child covered pursuant to this provision may be re-enrolled for coverage, provided that the application is submitted within five (5) years following loss of coverage.

This coverage is not automatic. You must complete the applicable form for your medical plan. A form for each plan can be found at <http://das.ohio.gov/healthplanforms>.

Periodically, but not more than once a year, proof of continued incapacity and dependence must be provided upon request.

4. HB1 Child

Ohio House Bill 1 of the 128th General Assembly created a new category of eligibility for the state medical plan. HBI coverage is available for medical (including prescription drug and behavioral health) coverage only.

HB1 Child requirements:

- Your unmarried child, age 26 and 27, and
- Child is your natural child, stepchild or adopted child; and
- Child is a resident of Ohio or a full time student at an accredited public or private institution of higher education; and

- Child is not employed by an employer that offers any health benefit plan under which the child is eligible for coverage; and
- Child is not eligible for state Medicaid or federal Medicare.

A special rate applies for these children.

You can enroll your HB1 child with the annual Affidavit of House Bill 1 Child.

When you enroll your HB1 Child, you must indicate on the applicable form whether the child qualifies as an IRS tax dependent or a child (within the meaning of 26 USC 152(f)(1)) who has not attained age 27 as of the end of the taxable year. You may wish to consult with an independent tax advisor as to your HB1 child's status under the Internal Revenue Code and IRS regulations. If your HB1 child qualifies as an IRS tax dependent or as a child (within the meaning of 26 USC 152(f)(1)) who has not attained age 27 as of the end of the taxable year, the deduction for coverage will occur before adjusted gross income is calculated (pre-tax dollars). If your HB1 child does not meet one of these qualifications, the deduction for coverage will occur after adjusted gross income is calculated.

An employee may enroll or disenroll an HB1 Child during open enrollment, when the child reaches the plan's limiting age, or when a child experiences a change in circumstances. Examples of a change in circumstance (Ohio Administrative Code 3901-8-13) include moving back to Ohio or the child's loss of employer-sponsored coverage.

To enroll or disenroll an HB1 Child, the employee must notify their agency benefits specialist within 30 days of the change in circumstance. Upon receiving your request, your child will be offered the opportunity to enroll in HB1 coverage within thirty days. If eligible, coverage will be effective at the beginning of the plan year for open enrollment enrollees, and within 30 days of receiving notice of the election and the required documentation.

Examples of Persons NOT Eligible for Coverage as a Dependent:

- A spouse from whom the employee is legally divorced or legally separated.
- Children who are age 26.
- Same-sex partners.
- Live-in boyfriends or girlfriends.
- Parents or parents-in-law.
- Grandchildren (unless employee is the court-appointed legal guardian).
- Adults who are not the employee's or spouse's child under guardianship of employee (brother, sister, aunt, uncle, etc.).
- A spouse from a common law marriage established in Ohio after October 10, 1991.
- Any other members of your household who do not meet the definition of an eligible dependent.

- A child who is eligible as an employee of the State is not also eligible as the dependent of a parent who is also a State employee.

It is the employee's responsibility to disenroll family member who is no longer eligible for coverage.

Knowingly providing false or misleading dependent eligibility information may result in any or all of the following actions by the State of Ohio: 1) loss of coverage; 2) disciplinary action, up to and including removal; 3) collection action to recoup payments of benefits and claims paid for individuals determined to be ineligible dependents; and/or 4) civil and/or criminal prosecution.

Cost of Coverage

You and State of Ohio share in the cost of the Plan. Your contribution amount depends on your appointment type and the family members you choose to enroll.

You can obtain current contribution amounts by going online to das.ohio.gov/benefits.

How to Enroll

To enroll, you can go online through Self Service at myOhio.gov, or by using a paper Medical Benefit Enrollment and Change Form available online or from your agency benefits specialist. You must enroll within 31 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 31 days, you will need to wait until the next annual Open Enrollment.

Each year during the annual Open Enrollment period, you have the opportunity to review and change your information. Any changes you make during Open Enrollment will become effective the following July 1.

Important

If you wish to change your benefit elections following your marriage, birth of a child, adoption of a child, placement for adoption of a child or other family status change, you must update your information online or contact your agency benefits specialist within 31 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to make changes.

When Coverage Begins

Once you complete your enrollment, coverage will begin the first of the month following your date of hire. Coverage for your Dependents will start on the date your coverage begins, provided you have enrolled them and provided all required documentation in a timely manner.

Coverage for a Spouse or Dependent stepchild that you acquire via marriage becomes effective the first of the month following the date of marriage, provided you update your information online or notify your agency benefits specialist office within 31 days of your marriage. Coverage for Dependent children acquired through birth, adoption, or placement for adoption is effective the date of the family status change, provided you update your

information online or notify your agency benefits specialist within 31 days of the birth, adoption, or placement.

Special Enrollment

For information regarding eligible changes outside of open enrollment, please go to the State of Ohio’s website at: <http://das.ohio.gov/benefits> and click the link on the right entitled “Change In Status/Qualifying Events Matrix”.

SECTION 2 - HOW THE PLAN WORKS

What this section includes:

- Network and Non-Network Benefits;
- Eligible Expenses;
- Annual Deductible;
- Copayment;
- Out-of-Pocket Maximum; and
- Coinsurance.

For specific benefit amounts see Section 4.

Network and Non-Network Benefits

As a participant in this Plan, you have the freedom to choose the Physician or health care professional you prefer each time you need to receive Covered Health Services. The choices you make affect the amounts you pay, as well as the level of Benefits you receive and any benefit limitations that may apply.

You are eligible for the Network level of Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services. For facility services, these are Benefits for Covered Health Services that are provided at a Network facility under the direction of either a Network or non-Network Physician or other provider. Network Benefits include Physician services provided in a Network facility by a Network or a non-Network anesthesiologist, Emergency room Physician, consulting Physician, pathologist and radiologist. Emergency Health Services are always paid as Network Benefits.

Generally, when you receive Covered Health Services from a Network provider, you pay less than you would if you receive the same care from a non-Network provider. Therefore, in most instances, your out-of-pocket expenses will be less if you use a Network provider.

If you choose to seek care outside the Network, the Plan generally pays Benefits at a lower level. You are required to pay the amount that exceeds the Eligible Expense. The amount in excess of the Eligible Expense could be significant, and this amount does not apply to the Out-of-Pocket Maximum. You may want to ask the non-Network provider about their billed charges before you receive care. Emergency services received at a non-Network Hospital are covered at the Network level.

Note: The above is a reference to Balance Billing - the difference between a Provider's charge and the Plan's allowed amount for which Non-Network Providers may bill.

Services incurred from a Non-Network Provider may require additional documentation to determine medical appropriateness before the claim can be paid.

Health Services from Non-Network Providers Paid as Network Benefits

If specific Covered Health Services are not available from a Network provider, you may be eligible to receive Network Benefits from a non-Network provider. In this situation, your Network Physician will notify Personal Health Support, and they will work with you and your Network Physician to coordinate care through a non-Network provider.

When you receive Covered Health Services through a Network Physician, the Plan will pay Network Benefits for those Covered Health Services, even if one or more of those Covered Health Services is received from a non-Network provider.

Looking for a Network Provider?

In addition to other helpful information, www.myuhc.com, UnitedHealthcare's consumer website, contains a directory of health care professionals and facilities in UnitedHealthcare's Network. While Network status may change from time to time, www.myuhc.com has the most current source of Network information.

Network Providers

UnitedHealthcare or its affiliates arrange for health care providers to participate in a Network. At your request, UnitedHealthcare will send you a directory of Network providers free of charge. Keep in mind, a provider's Network status may change. To verify a provider's status or request a provider directory, you can call UnitedHealthcare at the toll-free number on your ID card or log onto www.myuhc.com.

Network providers are independent practitioners and are not employees of State of Ohio or UnitedHealthcare.

Possible Limitations on Provider Use

If UnitedHealthcare determines that you are using health care services in a harmful or abusive manner, you may be required to select a Network Physician to coordinate all of your future Covered Health Services. If you don't make a selection within 31 days of the date you are notified, UnitedHealthcare will select a Network Physician for you. In the event that you do not use the Network Physician to coordinate all of your care, any Covered Health Services you receive will be paid at the non-Network level.

Eligible Expenses

Eligible Expenses are charges for Covered Health Services that are provided while the Plan is in effect, determined according to the definition in Section 13, *Glossary*. For certain Covered Health Services, the Plan will not pay these expenses until you have met your Annual Deductible. State of Ohio has delegated to UnitedHealthcare the discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Don't Forget Your ID Card

Remember to show your UnitedHealthcare ID card every time you receive health care services from a provider. If you do not show your ID card, a provider has no way of knowing that you are enrolled under the Plan.

Annual Deductible

The Annual Deductible is the amount of Eligible Expenses you must pay each plan year for Covered Health Services before you are eligible to begin receiving Benefits. There are separate Network and non-Network Annual Deductibles for this Plan. The amounts you pay toward your Annual Deductible accumulate over the course of the plan year.

Eligible Expenses charged by both Network and non-Network providers apply towards both the Network individual and family Annual Deductibles and the non-Network individual and family Annual Deductibles.

Amounts paid toward the Annual Deductible for Covered Health Services that are subject to a visit or day limit will also be calculated against that maximum benefit limit. As a result, the limited benefit will be reduced by the number of days or visits you used toward meeting the Annual Deductible.

When a Covered Person was previously covered under a benefit plan that was replaced by the Plan, any amount already applied to that annual deductible provision of the prior plan will apply to the Annual Deductible provision under this Plan.

Copayment

A Copayment (Copay) is the amount you pay each time you receive certain Covered Health Services. The Copay is a flat dollar amount and is paid at the time of service or when billed by the provider. Copays count toward the Out-of-Pocket-Maximum. Copays do not count toward the Annual Deductible. If the Eligible Expense is less than the Copay, you are only responsible for paying the Eligible Expense and not the Copay.

Coinsurance

Coinsurance is the percentage of Eligible Expenses that you are responsible for paying. Coinsurance is a fixed percentage that applies to certain Covered Health Services after you meet the Annual Deductible.

Coinsurance – Example

Let's assume that you receive Plan Benefits for outpatient surgery from a Network provider. Since the Plan pays 80% after you meet the Annual Deductible, you are responsible for paying the other 20%. This 20% is your Coinsurance.

Out-of-Pocket Maximum

The annual Out-of-Pocket Maximum is the most you pay each plan year for Covered Health Services. There are separate Network and non-Network Out-of-Pocket Maximums for this Plan. If your eligible out-of-pocket expenses in a plan year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the plan year.

Eligible Expenses charged by both Network and non-Network providers apply toward both the Network individual and family Out-of-Pocket Maximums and the non-Network individual and family Out-of-Pocket Maximums.

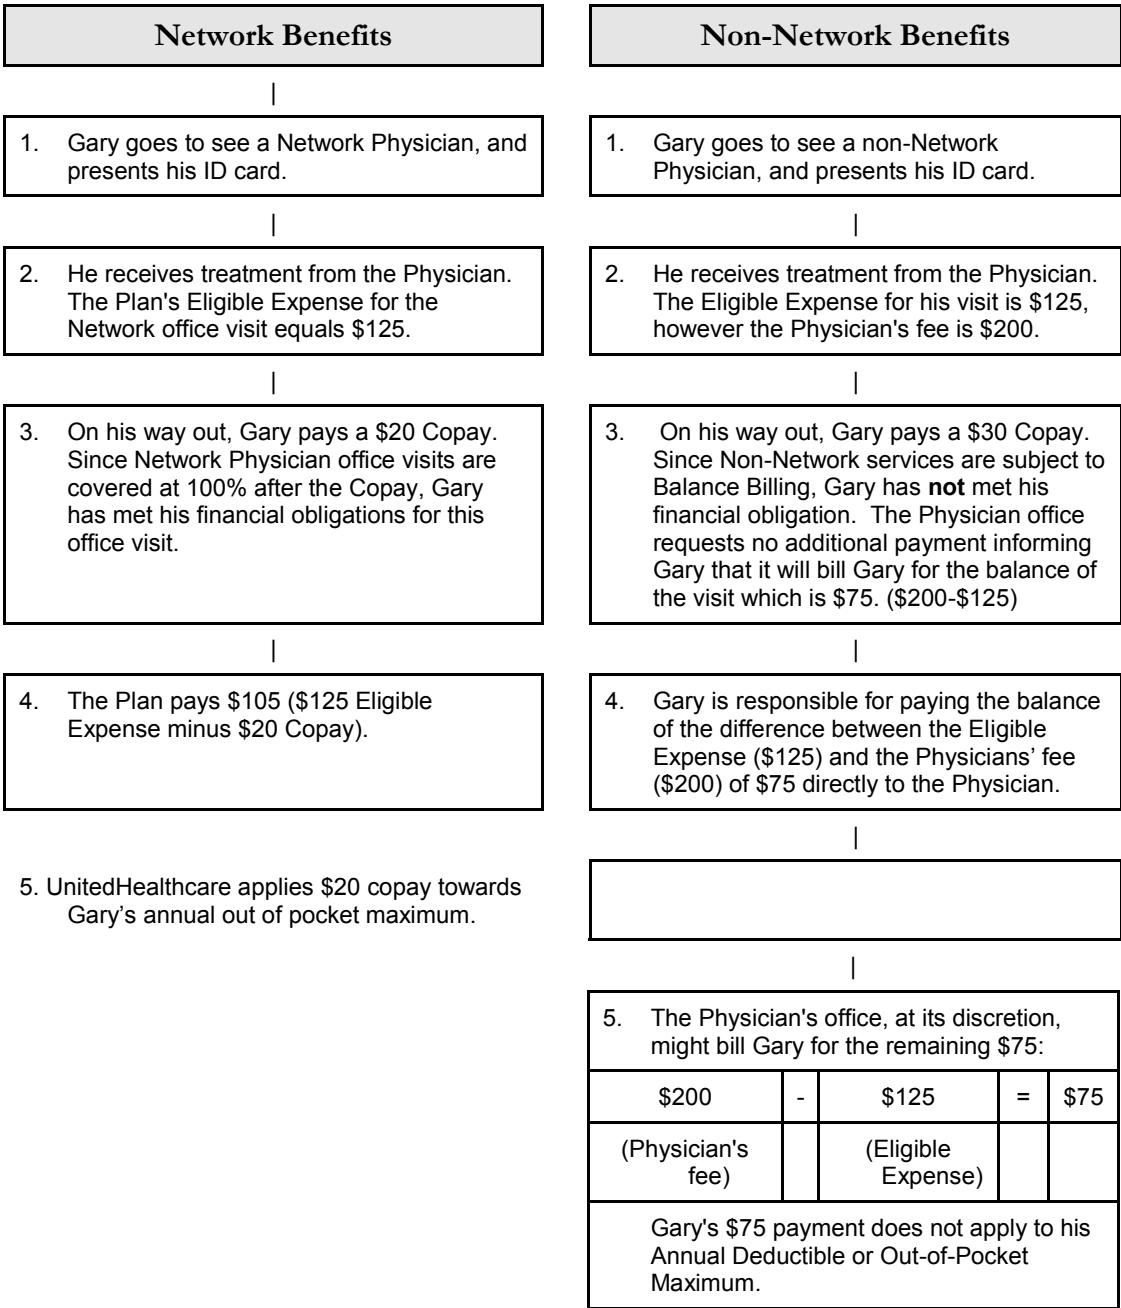

The following table identifies what does and does not apply toward your Network and non-Network Out-of-Pocket Maximums:

Plan Features	Applies to the Network Out-of-Pocket Maximum?	Applies to the Non-Network Out-of-Pocket Maximum?
Copays	Yes	Yes
Payments toward the Annual Deductible	Yes	Yes
Coinsurance Payments	Yes	Yes
Charges for non-Covered Health Services	No	No
The amounts of any reductions in Benefits you incur by not notifying Personal Health Support	No	No
Charges that exceed Eligible Expenses	No	No

How the Plan Works - Example

The following example illustrates how Annual Deductibles, Copays, Out-of-Pocket Maximums and Coinsurance work in practice.

Let's say Gary has individual coverage under the Plan. He has met his Network Annual Deductible, but not his non-Network Annual Deductible and needs to see a Physician. The flow chart below shows what happens when he visits a Network Physician versus a non-Network Physician.

Network Benefits

Non-Network Benefits

|

- 7. UnitedHealthcare applies the \$30 office visit copay to the \$125 paying \$95. \$125 goes toward Gary's Out-of-Pocket Maximum.

*Although non-Network providers have the right to request payment in full at the time of service, they bill UnitedHealthcare directly in most cases, minus any applicable copays.

SECTION 3 - PERSONAL HEALTH SUPPORT

What this section includes:

- An overview of the Personal Health Support program; and
- Covered Health Services for which you need to contact Personal Health Support.

UnitedHealthcare provides a program called Personal Health Support designed to encourage personalized, efficient care for you and your covered Dependents.

Personal Health Support Nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available. A Personal Health Support Nurse is notified when you or your provider calls the toll-free number on your ID card regarding an upcoming treatment or service.

If you are living with a chronic condition or dealing with complex health care needs, UnitedHealthcare may assign to you a primary nurse, referred to as a Personal Health Support Nurse to guide you through your treatment. This assigned nurse will answer questions, explain options, identify your needs, and may refer you to specialized care programs. The Personal Health Support Nurse will provide you with their telephone number so you can call them with questions about your conditions, or your overall health and well-being.

Personal Health Support Nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components and notification requirements are subject to change without notice. As of the publication of this booklet, the Personal Health Support program includes:

- **Admission counseling** - For upcoming inpatient Hospital admissions for certain conditions, a Treatment Decision Support Nurse may call you to help answer your questions and to make sure you have the information and support you need for a successful recovery.
- **Inpatient care management** - If you are hospitalized, a nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.
- **Readmission Management** - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Personal Health Support Nurse to confirm that medications, needed equipment, or follow-up services are in place. The Personal Health Support Nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.
- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies.

Participants may receive a phone call from a Personal Health Support Nurse to discuss and share important health care information related to the participant's specific chronic or complex condition.

If you do not receive a call from a Personal Health Support Nurse but feel you could benefit from any of these programs, please call the toll-free number on your ID card.

Requirements for Notifying Personal Health Support

Network providers are generally responsible for notifying Personal Health Support before they provide certain services to you. However, there are some Network Benefits that we suggest that you notify Personal Health Support. This will enable you to access various programs sooner for which you may be eligible.

It is suggested that you notify us before you receive the following Covered Health Services when seeing a Network Provider:

- Clinical Trials.
- As soon as the possibility of a transplant arises (and before the time a pre-transplantation evaluation is performed at a transplant center).

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for notifying Personal Health Support before you receive these Covered Health Services. In many cases, your Non-Network Benefits will be reduced if Personal Health Support is not notified.

You are responsible for notifying us before you receive the following Covered Health Services when seeing a Non-Network Provider:

- Clinical Trials;
- Hospital-Inpatient Stay;
- For an Inpatient Stay of a mother and/or the newborn that will be more than the time frames described of:
 - 48 hours for the mother and newborn child following a vaginal delivery.
 - 96 hours for the mother and newborn child following a cesarean section delivery.
- Cochlear implants;
- Home Health Care;
- Major Diagnostic (Lab/X-Ray)-CT,PET,MRI, Nuclear Medicine—Outpatient;
- Obesity Surgery;
- Private Duty Nursing;
- Skilled Nursing Facility/Inpatient Rehabilitation Facility Services; and

- As soon as the possibility of a transplant arises (and before the time a pre-transplantation evaluation is performed at a transplant center).

Notification is required within two business days of admission or on the same day of admission if reasonably possible after you are admitted to a non-Network Hospital as a result of an Emergency.

For notification timeframes, and penalties that apply if you do not notify Personal Health Support, see Section 5, *Additional Coverage Details*.

Contacting Personal Health Support is easy.

Simply call the toll-free number on your ID card – (877) 440-5977.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis and Medicare pays benefits before the Plan, you are not required to notify Personal Health Support before receiving Covered Health Services. Since Medicare pays benefits first, the Plan will pay Benefits second as described in Section 9, *Coordination of Benefits (COB)*.

SECTION 4 - PLAN HIGHLIGHTS

The table below provides an overview of Copays that apply when you receive certain Covered Health Services, and outlines the Plan's Annual Deductible and Out-of-Pocket Maximum.

Plan Features	Network	Non-Network
Copays¹		
<ul style="list-style-type: none"> ■ Emergency Health Services ■ Physician's Office Services ■ Urgent Care Center Services 	\$75 \$20 \$25	\$75 \$30 \$30
Annual Deductible²		
<ul style="list-style-type: none"> ■ Individual ■ Family (not to exceed the individual Annual Deductible amount per Covered Person) 	\$200 \$400	\$400 \$800
Annual Out-of-Pocket Maximum²		
<ul style="list-style-type: none"> ■ Individual ■ Family (not to exceed the individual Annual Out-of-Pocket Maximum amount per Covered Person) 	\$1,500 \$3,000	\$3,000 \$6,000
Lifetime Maximum Benefit³		
There is no dollar limit to the amount the Plan will pay for essential Benefits during the entire period you are enrolled in this Plan.	Unlimited	

¹In addition to these Copays, you may be responsible for meeting the Annual Deductible for the Covered Health Services described in the chart on the following pages.

²Copays do not apply toward the Annual Deductible. Copays do apply toward the Out-of-Pocket Maximum. The Annual Deductible applies toward the Out-of-Pocket Maximum for all Covered Health Services.

³Generally the following are considered to be essential benefits under the Patient Protection and Affordable Care Act:

Ambulatory patient services; emergency services, hospitalization; maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

This table provides an overview of the Plan's coverage levels. For detailed descriptions of your Benefits, refer to Section 5, *Additional Coverage Details*.

Covered Health Services ¹	Percentage of Eligible Expenses Payable by the Plan:

Covered Health Services ¹	Percentage of Eligible Expenses Payable by the Plan:	
	Network	Non-Network
	Birth To Age 35: All Diagnostic Mammograms (initial & subsequent): 80% of eligible expenses after satisfying \$200 deductible.	
Lab, X-Ray and Major Diagnostics - CT, PET, MRI, MRA and Nuclear Medicine - Outpatient	80% after you meet the Annual Deductible	60% after you meet the Annual Deductible
Neonatal Resource Services (NRS) (These Benefits are for Covered Health Services provided through NRS only)	80% after you meet the Annual Deductible	Not Covered
Nutritional Counseling 2 visits are covered per plan year for Non-Preventive Nutritional Counseling. This limit does not apply to: - Nutrition Counseling identified as Preventive Care under the terms of the Health Care Reform Act - Health Education & Training Services for Diabetes or Obesity Preventive Nutritional Counseling is limited to a separate limit of 2 visits per plan year. This limit does not apply to: - Nutrition Counseling identified as Non-Preventive Care - Health Education & Training Services for Diabetes or Obesity Health Education & Training Services for Diabetes or Obesity are unlimited.	Preventive Nutrition Counseling: 100%	Preventive Nutrition Counseling: 60% after you meet the Annual Deductible
	Non-Preventive Nutrition Counseling: 80%	Non-Preventive Nutrition Counseling: 60% after you meet the Annual Deductible
	Health Education & Training Services for Diabetes or Obesity: 80%	Health Education & Training Services for Diabetes or Obesity: 60% after you meet the Annual Deductible
Obesity Surgery Benefits are only covered if criteria is met are met as outlined in Obesity Surgery in Section 5.	80% after you meet the Annual Deductible	60% after you meet the Annual Deductible

Covered Health Services ¹	Percentage of Eligible Expenses Payable by the Plan:	
	Network	Non-Network
Oral Surgery	80% after you meet the Annual Deductible	60% after you meet the Annual Deductible
Orthognathic Surgery	80% after you meet the Annual Deductible	60% after you meet the Annual Deductible
Ostomy Supplies	80% after you meet the Annual Deductible	60% after you meet the Annual Deductible
Pharmaceutical Products - Outpatient	80% after you meet the Annual Deductible	60% after you meet the Annual Deductible
Physician Fees for Surgical and Medical Services	80% after you meet the Annual Deductible	60% after you meet the Annual Deductible
Physician's Office Services - Sickness and Injury (Copay is per visit)	100% after you pay a \$20 Copay Office Visits for Obesity: 80%	60% after you pay a \$30 Copay Office Visits for Obesity: 60% after you meet the Annual Deductible
In addition to the Copay stated in this section, the Coinsurance and any Annual Deductible for the following services apply when the Covered Health Service is performed in a Physician's office: <ul style="list-style-type: none"> ■ lab, radiology/x-rays and other diagnostic services described under <i>Lab, X-Ray and Diagnostics – Outpatient</i>; ■ major diagnostic and nuclear medicine described under <i>Lab, X-Ray and Major Diagnostics - CT, PET, MRI, MRA and Nuclear Medicine – Outpatient</i>; 	80% after you meet the Annual Deductible	60% after you meet the Annual Deductible

Covered Health Services ¹	Percentage of Eligible Expenses Payable by the Plan:	
	Network	Non-Network

¹You must notify Personal Health Support, as described in Section 4, *Personal Health Support* to receive full Benefits before receiving certain Covered Health Services from a non-Network provider. In general, if you visit a Network provider, that provider is responsible for notifying Personal Health Support before you receive certain Covered Health Services. See Section 5, *Additional Coverage Details* for further information.

²These Benefits are for Covered Health Services provided through CRS at a Designated Facility. For oncology services not provided through CRS, the Plan pays Benefits as described under *Physician's Office Services - Sickness and Injury, Physician Fees for Surgical and Medical Services, Hospital - Inpatient Stay, Surgery - Outpatient, Scopic Procedures - Outpatient Diagnostic and Therapeutic Lab, X-Ray and Diagnostics – Outpatient,* and *Lab, X-Ray and Major Diagnostics – CT, PET, MRI, MRA and Nuclear Medicine – Outpatient.*

SECTION 5 - ADDITIONAL COVERAGE DETAILS

What this section includes:

- Covered Health Services for which the Plan pays Benefits; and
- Covered Health Services that require you to notify Personal Health Support before you receive them, and any penalty that may apply if you do not call Personal Health Support.

This section supplements the second table in Section 4, Plan *Highlights*.

While the table provides you with benefit limitations along with Copayment, Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply, as well as Covered Health Services for which you must call Personal Health Support. The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 7, *Exclusions*.

Ambulance Services

The Plan covers Emergency ambulance services and transportation provided by a licensed ambulance service to the nearest Hospital that offers Emergency Health Services. See Section 13, *Glossary* for the definition of Emergency.

Ambulance service by air is covered in an Emergency if ground transportation is impossible, or would put your life or health in serious jeopardy. If special circumstances exist, UnitedHealthcare may pay Benefits for Emergency air transportation to a Hospital that is not the closest facility to provide Emergency Health Services.

The Plan also covers transportation provided by a licensed professional ambulance (either ground or air ambulance, as UnitedHealthcare determines appropriate) between facilities when the transport is:

- from a non-Network Hospital to a Network Hospital;
- to a Hospital that provides a higher level of care that was not available at the original Hospital;
- to a more cost-effective acute care facility; or
- from an acute facility to a sub-acute setting.

Cancer Resource Services (CRS)

The Plan pays Benefits for oncology services provided by Designated Facilities participating in the Cancer Resource Services (CRS) program. Designated Facility is defined in Section 13, *Glossary*.

For oncology services and supplies to be considered Covered Health Services, they must be provided to treat a condition that has a primary or suspected diagnosis relating to cancer. If you or a covered Dependent has cancer, you may:

- be referred to CRS by a Personal Health Support Nurse;
- call CRS toll-free at (866) 936-6002; or
- visit www.myoptumhealthcomplexmedical.com.

To receive Benefits for a cancer-related treatment, you are not required to visit a Designated Facility. If you receive oncology services from a facility that is not a Designated Facility, the Plan pays Benefits as described under:

- Physician's Office Services - Sickness and Injury;
- Physician Fees for Surgical and Medical Services;
- Scopic Procedures - Outpatient Diagnostic and Therapeutic;
- Therapeutic Treatments - Outpatient;
- Hospital - Inpatient Stay; and
- Surgery - Outpatient.

To receive Benefits under the CRS program, you must contact CRS prior to obtaining Covered Health Services. The Plan will only pay Benefits under the CRS program if CRS provides the proper notification to the Designated Facility provider performing the services (even if you self refer to a provider in that Network).

Clinical Trials – - Routine Patient Care Costs

Benefits are available for routine patient care costs incurred during participation in a qualifying clinical trial for the treatment of:

- cancer or other life-threatening disease or condition. For purposes of this benefit, a life-threatening disease or condition is one from which the likelihood of death is probable unless the course of the disease or condition is interrupted;
- cardiovascular disease (cardiac/stroke) which is not life threatening, for which, as UnitedHealthcare determines, a clinical trial meets the qualifying clinical trial criteria stated below;

- surgical musculoskeletal disorders of the spine, hip and knees, which are not life threatening, for which, as UnitedHealthcare determines, a clinical trial meets the qualifying clinical trial criteria stated below; and
- other diseases or disorders which are not life threatening for which, as UnitedHealthcare determines, a clinical trial meets the qualifying clinical trial criteria stated below.

Benefits include the reasonable and necessary items and services used to prevent, diagnose and treat complications arising from participation in a qualifying clinical trial.

Benefits are available only when the Covered Person is clinically eligible for participation in the qualifying clinical trial as defined by the researcher.

Routine patient care costs for qualifying clinical trials include:

- Covered Health Services for which Benefits are typically provided absent a clinical trial;
- Covered Health Services required solely for the provision of the investigational item or service, the clinically appropriate monitoring of the effects of the item or service, or the prevention of complications; and
- Covered Health Services needed for reasonable and necessary care arising from the provision of an Investigational item or service.

Routine costs for clinical trials do not include:

- the Experimental or Investigational Service or item. The only exceptions to this are:
 - certain Category B devices;
 - certain promising interventions for patients with terminal illnesses; and
 - other items and services that meet specified criteria in accordance with our medical and drug policies;
- items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient;
- a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis; and
- items and services provided by the research sponsors free of charge for any person enrolled in the trial.

With respect to cancer or other life-threatening diseases or conditions, a qualifying clinical trial is a Phase I, Phase II, Phase III, or Phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and which meets any of the following criteria in the bulleted list below.

With respect to cardiovascular disease or musculoskeletal disorders of the spine and hip and knees and other diseases or disorders which are not life-threatening, a qualifying clinical trial is a Phase I, Phase II, or Phase III clinical trial that is conducted in relation to the detection

or treatment of such non-life-threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

- Federally funded trials. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
 - *National Institutes of Health (NIH)*. (Includes *National Cancer Institute (NCI)*);
 - *Centers for Disease Control and Prevention (CDC)*;
 - *Agency for Healthcare Research and Quality (AHRQ)*;
 - *Centers for Medicare and Medicaid Services (CMS)*;
 - a cooperative group or center of any of the entities described above or the *Department of Defense (DOD)* or the *Veterans Administration (VA)*;
 - a qualified non-governmental research entity identified in the guidelines issued by the *National Institutes of Health* for center support grants; or
 - The *Department of Veterans Affairs*, the *Department of Defense* or the *Department of Energy* as long as the study or investigation has been reviewed and approved through a system of peer review that is determined by the *Secretary of Health and Human Services* to meet both of the following criteria:
 - ◆ comparable to the system of peer review of studies and investigations used by the *National Institutes of Health*; and
 - ◆ ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
- the study or investigation is conducted under an investigational new drug application reviewed by the *U.S. Food and Drug Administration*;
- the study or investigation is a drug trial that is exempt from having such an investigational new drug application;
- the clinical trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (*IRBs*) before participants are enrolled in the trial. UnitedHealthcare may, at any time, request documentation about the trial; or
- the subject or purpose of the trial must be the evaluation of an item or service that meets the definition of a Covered Health Service and is not otherwise excluded under the Plan.

Please remember for Non-Network Benefits that you must notify Personal Health Support as soon as the possibility of participation in a clinical trial arises. If Personal Health Support is not notified, no Non-Network Benefits will be paid.

Congenital Heart Disease (CHD) Surgeries

The Plan pays Benefits for Congenital Heart Disease (CHD) services ordered by a Physician and received at a CHD Resource Services program. Benefits include the facility charge and the charge for supplies and equipment. Benefits are available for the following CHD services:

- outpatient diagnostic testing;
- evaluation;
- surgical interventions;
- interventional cardiac catheterizations (insertion of a tubular device in the heart);
- fetal echocardiograms (examination, measurement and diagnosis of the heart using ultrasound technology); and
- approved fetal interventions.

CHD services other than those listed above are excluded from coverage, unless determined by United Resource Networks or Personal Health Support to be proven procedures for the involved diagnoses. Contact United Resource Networks at (888) 936-7246 or Personal Health Support at the toll-free number on your ID card for information about CHD services.

If you receive Congenital Heart Disease services from a facility that is not a Designated Facility, the Plan pays Benefits as described under:

- Physician's Office Services - Sickness and Injury;
- Physician Fees for Surgical and Medical Services;
- Scopic Procedures - Outpatient Diagnostic and Therapeutic;
- Therapeutic Treatments – Outpatient;
- Hospital - Inpatient Stay; and
- Surgery - Outpatient.

Dental Services - Accident Only

Dental services are covered by the Plan when all of the following are true:

- treatment is necessary because of accidental damage;
- dental damage does not occur as a result of normal activities of daily living or extraordinary use of the teeth;
- dental services are received from a Doctor of Dental Surgery or a Doctor of Medical Dentistry;
- the dental damage is severe enough that initial contact with a Physician or dentist occurs within 72 hours of the accident. (You may request an extension of this time period provided that you do so within 60 days of the Injury and if extenuating circumstances exist due to the severity of the Injury.); and
- tooth/teeth must be sound and natural.

The Plan also covers dental care (oral examination, X-rays, extractions and non-surgical elimination of oral infection) required for the direct treatment of a medical condition limited to:

- dental services related to medical transplant procedures;
- initiation of immunosuppressives (medication used to reduce inflammation and suppress the immune system); and
- direct treatment of acute traumatic Injury, cancer or cleft palate.

Dental services for final treatment to repair the damage caused by accidental Injury must be started within three months of the accident unless extenuating circumstances exist (such as prolonged hospitalization or the presence of fixation wires from fracture care) and completed within 12 months of the accident.

The Plan pays for treatment of accidental Injury only for:

- emergency examination;
- necessary diagnostic x-rays;
- endodontic (root canal) treatment;
- temporary splinting of teeth;
- prefabricated post and core;
- simple minimal restorative procedures (fillings);
- extractions;
- post-traumatic crowns if such are the only clinically acceptable treatment; and

- replacement of lost teeth due to the Injury by implant, dentures or bridges.

Please remember that you should notify Personal Health Support as soon as possible, but at least five business days before follow-up (post-Emergency) treatment begins. You do not have to provide notification before the initial Emergency treatment. When you provide notification, Personal Health Support can determine whether the service is a Covered Health Service.

Diabetes Services

The Plan pays Benefits for the Covered Health Services identified below.

Covered Diabetes Services	
Diabetes Self-Management and Training/Diabetic Eye Examinations/Foot Care	<p>Benefits include outpatient self-management training for the treatment of diabetes, education and medical nutrition therapy services. These services must be ordered by a Physician and provided by appropriately licensed or registered healthcare professionals.</p> <p>Benefits under this section also include medical eye examinations (dilated retinal examinations) and preventive foot care for Covered Persons with diabetes.</p>
Diabetic Self-Management Items	<ul style="list-style-type: none"> ■ Insulin pumps and supplies for the management and treatment of diabetes, based upon the medical needs of the Covered Person. <p>Insulin pumps are subject to all the conditions of coverage stated under <i>Durable Medical Equipment</i> in this section.</p>

Durable Medical Equipment (DME)

The Plan pays for Durable Medical Equipment (DME) that is:

- ordered or provided by a Physician for outpatient use;
- used for medical purposes;
- not consumable or disposable;
- not of use to a person in the absence of a Sickness, Injury or disability;
- durable enough to withstand repeated use; and
- appropriate for use in the home.

If more than one piece of DME can meet your functional needs, you will receive Benefits only for the most Cost-Effective piece of equipment. Benefits are provided for a single unit of DME (example: one insulin pump) and for repairs of that unit.

Examples of DME include but are not limited to:

- equipment to administer oxygen;
- equipment to assist mobility, such as a standard wheelchair;
- Hospital beds;
- delivery pumps for tube feedings;
- burn garments;
- insulin pumps and all related necessary supplies as described under *Diabetes Services* in this section;
- negative pressure wound vacuums;
- external cochlear devices and systems. Surgery to place a cochlear implant is also covered by the Plan. Cochlear implantation can either be an inpatient or outpatient procedure. See *Hospital - Inpatient Stay, Rehabilitation Services - Outpatient Therapy* and *Surgery - Outpatient* in this section;
- equipment for the treatment of chronic or acute respiratory failure or conditions; and
- braces that stabilize an injured body part, including necessary adjustments to shoes to accommodate braces. Dental braces are also excluded from coverage. Braces that stabilize an injured body part and braces to treat curvature of the spine are considered Durable Medical Equipment and are a Covered Health Service. Braces that straighten or change the shape of a body part are orthotic devices and are excluded from coverage except for Rigid or semi-rigid supportive devices which limit or stop the motion of a weak or diseased body part are covered. These devices include:
 - cranial banding devices;
 - foot abduction rotation bar;
 - braces for the leg, arm, neck or back; and
 - trusses

The Plan also covers tubings, nasal cannulas, connectors and masks used in connection with DME.

Benefits also include speech aid devices and tracheo-esophageal voice devices required for treatment of severe speech impediment or lack of speech directly attributed to Sickness or Injury. Benefits for the purchase of speech aid devices and tracheo-esophageal voice devices are available only after completing a required three-month rental period.

Note: DME is different from prosthetic devices – see *Prosthetic Devices* in this section.

At UnitedHealthcare's discretion, replacements are covered for damage beyond repair with normal wear and tear, when repair costs exceed new purchase price. Repairs, including the replacement of essential accessories, such as hoses, tubes, mouth pieces, etc., for necessary DME are only covered when required to make the item/device serviceable and the estimated repair expense does not exceed the cost of purchasing or renting another item/device.

Requests for repairs may be made at anytime and are not subject to any timeline for replacement.

Emergency Health Services - Outpatient

The Plan's Emergency services Benefit pays for outpatient treatment at a Hospital or Alternate Facility when required to stabilize a patient or initiate treatment.

If you are admitted as an inpatient to a Hospital directly from the Emergency room, you will not have to pay the Copay for Emergency Health Services. The Benefits for an Inpatient Stay in a Hospital will apply instead.

Network Benefits will be paid for an Emergency admission to a non-Network Hospital as long as Personal Health Support is notified within two business days of the admission or on the same day of admission if reasonably possible after you are admitted to a non-Network Hospital. If you continue your stay in a non-Network Hospital after the date your Physician determines that it is medically appropriate to transfer you to a Network Hospital, Non-Network Benefits will apply.

Benefits under this section are not available for services to treat a condition that does not meet the definition of an Emergency.

Please remember for Non-Network Benefits, you must notify Personal Health Support within two business days of the admission or on the same day of admission if reasonably possible if you are admitted to a Hospital as a result of an Emergency. If Personal Health Support is not notified, Benefits for the Inpatient Hospital Stay will be subject to a \$350 penalty.

Enteral Feedings

The delivery of nutrients in liquid form directly into the stomach, duodenum, or jejunum and is used when the patient's condition precludes oral intake. Also called "tube feeding".

Hearing Aids

The Plan pays Benefits for hearing aids required for the correction of a hearing impairment (a reduction in the ability to perceive sound which may range from slight to complete deafness). Hearing aids are electronic amplifying devices designed to bring sound more effectively into the ear. A hearing aid consists of a microphone, amplifier and receiver.

Benefits are available for a hearing aid that is purchased as a result of a written recommendation by a Physician. Benefits are provided for the hearing aid and for charges for associated fitting and testing.

Hearing aids for accident, injury or illness or congenital anomaly will have no lifetime maximum.

Hearing aids for the correction of hearing loss due to natural causes are limited to one hearing aid per lifetime up to \$1,000.

Benefits do not include bone anchored hearing aids. Bone anchored hearing aids are a Covered Health Service for which Benefits are available under the applicable medical/surgical Covered Health Services categories in this section only for Covered Persons who have either of the following:

- craniofacial anomalies whose abnormal or absent ear canals preclude the use of a wearable hearing aid; or
- hearing loss of sufficient severity that it would not be adequately remedied by a wearable hearing aid.

Hearing Tests

Benefits are available for the following Covered Health Services when received from a provider in the provider's office:

- routine hearing exams; and
- hearing exams in case of accident, injury or illness.

Surgery to place a cochlear implant is also covered by the Plan. Cochlear implantation can either be an inpatient or outpatient procedure. See *Hospital - Inpatient Stay, Rehabilitation Services - Outpatient Therapy* and *Surgery - Outpatient* in this section.

Home Coagulation Testing

The following services will be covered expenses under the plan:

Demonstration, prior to initiation of home INR monitoring, for patient with either mechanical heart valve(s), chronic atrial fibrillation, or venous thromboembolism under the direction of a physician; includes: face-to-face demonstration of use and care of the INR monitor, obtaining at least one blood sample, provision of instructions for reporting home INR test results, and documentation of patient's ability to perform testing and report results.

Coverage will be based upon the benefit for *Therapeutic Treatments - Outpatient*.

Provision of test materials and equipment for home INR monitoring of patient with either mechanical heart valve(s), chronic atrial fibrillation, or venous thromboembolism who meets Medicare coverage criteria; includes: provision of materials for use in the home and reporting of test results to physician; testing not occurring more frequently than once a week; testing materials, billing units of service include 4 tests. Coverage will be based upon the benefit for *Durable Medical Equipment (DME)*.

Physician review, interpretation, and patient management of home INR testing for patient with either mechanical heart valve(s), chronic atrial fibrillation, or venous thromboembolism testing not occurring more frequently than once a week; billing units of service include 4 tests. Coverage will be based upon the benefit for *Lab, X-Ray (Non-Preventive) Lab, X-Ray Outpatient (Minor)*.

Home Health Care

Covered Health Services are services that a Home Health Agency provides if you need care in your home due to the nature of your condition. Services must be:

- ordered by a Physician;
- provided by or supervised by a registered nurse in your home, or provided by either a home health aide or licensed practical nurse and supervised by a registered nurse;
- not considered Custodial Care, as defined in Section 13, *Glossary*; and
- provided on a part-time, intermittent schedule when Skilled Care is required. Refer to Section 13, *Glossary* for the definition of Skilled Care.

Personal Health Support will decide if Skilled Care is needed by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are limited 180 days per plan year.

Please remember for Non-Network Benefits, you must notify Personal Health Support five business days before receiving services or as soon as reasonably possible.

Hospice Care

Hospice care is an integrated program recommended by a Physician which provides comfort and support services for the terminally ill. Hospice care can be provided on an inpatient or outpatient basis and includes physical, psychological, social and respite care for the terminally ill person, and short-term grief counseling for immediate family members while the Covered Person is receiving hospice care. Benefits are available only when hospice care is received from a licensed hospice agency, which can include a Hospital.

Hospital - Inpatient Stay

Hospital Benefits are available for:

- non-Physician services and supplies received during an Inpatient Stay;
- room and board in a Semi-private Room (a room with two or more beds); and
- Physician services for radiologists, anesthesiologists, pathologists and Emergency room Physicians.

The Plan will pay the difference in cost between a Semi-private Room and a private room only if a private room is necessary according to generally accepted medical practice.

Benefits for an Inpatient Stay in a Hospital are available only when the Inpatient Stay is necessary to prevent, diagnose or treat a Sickness or Injury. Benefits for other Hospital-

based Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

Benefits for Emergency admissions and admissions of less than 24 hours are described under *Emergency Health Services - Outpatient* and *Surgery - Outpatient*, *Scopic Procedures - Diagnostic and Therapeutic Services*, and *Therapeutic Treatments - Outpatient*, respectively.

Please remember for Non-Network Benefits, you must notify Personal Health Support as follows:

- for elective admissions: five business days before admission or as soon as reasonably possible;
- for Emergency admissions (also termed non-elective admissions): as soon as is reasonably possible.

If Personal Health Support is not notified, Benefits will be subject to a \$350 penalty.

Kidney Resource Services (KRS)

The Plan pays Benefits for Comprehensive Kidney Solution (CKS) that covers both chronic kidney disease and End Stage Renal Disease (ESRD) provided by Designated Facilities participating in the Kidney Resource Services (KRS) program. Designated Facility is defined in Section 13, *Glossary*.

In order to receive Benefits under this program, KRS must provide the proper notification to the Network provider performing the services. This is true even if you self refer to a Network provider participating in the program. Notification is required:

- prior to vascular access placement for dialysis; and
- prior to any ESRD services.

You or a covered Dependent may:

- be referred to KRS by Personal Health Support; or
- call KRS toll-free at (888) 936-7246 and select the KRS prompt.

To receive Benefits related to ESRD and chronic kidney disease, you are not required to visit a Designated Facility. If you receive services from a facility that is not a Designated Facility, the Plan pays Benefits as described under:

- Physician's Office Services - Sickness and Injury;
- Physician Fees for Surgical and Medical Services;
- Scopic Procedures - Outpatient Diagnostic and Therapeutic;
- Therapeutic Treatments - Outpatient;
- Hospital - Inpatient Stay; and

- Surgery - Outpatient.

To receive Benefits under the KRS program, you must contact KRS prior to obtaining Covered Health Services. The Plan will only pay Benefits under the KRS program if KRS provides the proper notification to the Designated Facility provider performing the services (even if you self refer to a provider in that Network).

Lab, X-Ray and Diagnostics - Outpatient

Services for Sickness and Injury-related diagnostic purposes, received on an outpatient basis at a Hospital or Alternate Facility include, but are not limited to:

- lab and radiology/x-ray; and
- mammography.

Benefits under this section include:

- the facility charge and the charge for supplies and equipment; and
- Physician services for radiologists, anesthesiologists and pathologists.

When these services are performed in a Physician's office, Benefits are described under *Physician's Office Services - Sickness and Injury* in this section.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*. Lab, X-ray and diagnostic services for preventive care are described under *Preventive Care Services* in this section. CT scans, PET scans, MRI, MRA, nuclear medicine and major diagnostic services are described under *Lab, X-Ray and Major Diagnostics - CT, PET Scans, MRI, MRA and Nuclear Medicine - Outpatient* in this section.

Lab, X-Ray and Major Diagnostics - CT, PET Scans, MRI, MRA and Nuclear Medicine - Outpatient

Services for CT scans, PET scans, MRI, MRA, nuclear medicine, and major diagnostic services received on an outpatient basis at a Hospital or Alternate Facility or in a Physician's office.

Benefits under this section include:

- the facility charge and the charge for supplies and equipment; and
- Physician services for radiologists, anesthesiologists and pathologists.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

Please remember for Non-Network Benefits, you must notify Personal Health Support five business days before receiving services or as soon as reasonably possible.

Neonatal Resource Services (NRS)

The Plan pays Benefits for neonatal intensive care unit (NICU) services provided by Designated Facilities participating in the Neonatal Resource Services (NRS) program. NRS provides guided access to a network of credentialed NICU providers and specialized nurse consulting services to manage NICU admissions. Designated Facility is defined in Section 13, *Glossary*.

In order to receive Benefits under this program, the Network provider must notify NRS or Personal Health Support if the newborn's NICU stay is longer than the mother's hospital stay.

You or a covered Dependent may also:

- call Personal Health Support; or
- call NRS toll-free at (888) 936-7246 and select the NRS prompt.

To receive NICU Benefits, you are not required to visit a Designated Facility. If you receive services from a facility that is not a Designated Facility, the Plan pays Benefits as described under:

- Physician's Office Services - Sickness and Injury;
- Physician Fees for Surgical and Medical Services;
- Scopic Procedures - Outpatient Diagnostic and Therapeutic;
- Therapeutic Treatments - Outpatient;
- Hospital - Inpatient Stay; and
- Surgery - Outpatient.

Nutritional Counseling

The Plan will pay for Covered Health Services for medical education services provided in a Physician's office by an appropriately licensed or healthcare professional when:

- education is required for a disease in which patient self-management is an important component of treatment; and
- there exists a knowledge deficit regarding the disease which requires the intervention of a trained health professional.

Some examples of such medical conditions include:

- coronary artery disease;
- congestive heart failure;

- severe obstructive airway disease;
- gout (a form of arthritis);
- renal failure;
- phenylketonuria (a genetic disorder diagnosed at infancy); and
- hyperlipidemia (excess of fatty substances in the blood).

When nutritional counseling services are billed as a preventive care service, these services will be paid as described under *Preventive Care Services* in this section.

Obesity Surgery

The Plan covers surgical treatment of obesity provided by or under the direction of a Physician provided either of the following are true:

- you have a minimum Body Mass Index (BMI) of 40; or
- you have a minimum BMI of 35 with complicating co-morbidities (such as sleep apnea or diabetes) directly related to, or exacerbated by obesity.

In addition to meeting the above criteria the following must also be true:

- you have documentation from a Physician of a diagnosis of morbid obesity for a minimum of one year;
- you are over the age of 18; and
- you have completed a 6-month physician supervised weight loss program.

Benefits are available for obesity surgery services that meet the definition of a Covered Health Service, as defined in Section 13, *Glossary* and are not Experimental or Investigational or Unproven Services.

Please remember for Non-Network Benefits, you must notify Personal Health Support prior to surgery.

Oral Surgery

Covered services under the Medical Plan include:

- If no dental insurance exists or does not cover osseous surgery, such surgery shall be covered as any other surgery;
- extraction of erupted tooth or exposed tooth by elevation and/or forceps removal;
- removal of bony impacted teeth;
- surgical removal of erupted tooth; and

- removal of soft tissue impacted tooth.

Orthognathic (Jaw) Surgery

Orthognathic surgery is covered in the following situation:

- A jaw deformity resulting from facial trauma or cancer.

OR

- A skeletal anomaly of either the maxilla or mandible, that demonstrates a functional medical impairment such as one of the following:
 - Inability to incise solid foods;
 - Choking on incompletely masticated solid foods;
 - Damage to soft tissue during mastication;
 - Speech impediment determined to be due to the jaw deformity;
 - Malnutrition and weight loss due to inadequate intake secondary to the jaw deformity; or
 - Obstructive sleep apnea or airway dysfunction.

Orthognathic surgery is not a Covered Health Service because it is considered unproven treatment due to a lack of evidence of improved functional clinical outcomes in peer reviewed, published medical literature, for the following symptoms:

- Myofascial, neck head and shoulder pain;
- Irritation of head/neck muscles;
- Popping/clicking of temporomandibular joint(s);
- Potential for development or exacerbation of temporomandibular joint dysfunction; and
- Teeth grinding.

Treatment of malocclusion is dental and therefore not a covered health service.

Ostomy Supplies

Benefits for ostomy supplies are limited to:

- pouches, face plates and belts;
- irrigation sleeves, bags and ostomy irrigation catheters; and
- skin barriers.

Pharmaceutical Products - Outpatient

The Plan pays for Pharmaceutical Products that are administered on an outpatient basis in a Hospital, Alternate Facility, Physician's office, or in a Covered Person's home. Examples of what would be included under this category are antibiotic injections in the Physician's office or inhaled medication in an Urgent Care Center for treatment of an asthma attack.

Benefits under this section are provided only for Pharmaceutical Products which, due to their characteristics (as determined by UnitedHealthcare), must typically be administered or directly supervised by a qualified provider or licensed/certified health professional. Benefits under this section do not include medications that are typically available by prescription order or refill at a pharmacy.

Physician Fees for Surgical and Medical Services

The Plan pays Physician fees for surgical procedures and other medical care received from a Physician in a Hospital, Skilled Nursing Facility, Inpatient Rehabilitation Facility, Alternate Facility, or for Physician house calls.

Physician's Office Services - Sickness and Injury

Benefits are paid by the Plan for Covered Health Services received in a Physician's office for the evaluation and treatment of a Sickness or Injury. Benefits are provided under this section regardless of whether the Physician's office is free-standing, located in a clinic or located in a Hospital. Benefits under this section include allergy injections and hearing exams in case of Injury or Sickness.

Benefits for preventive services are described under *Preventive Care Services* in this section.

Benefits under this section include lab, radiology/x-ray or other diagnostic services performed in the Physician's office.

Please Note

Your Physician does not have a copy of your booklet, and is not responsible for knowing or communicating your Benefits.

Pregnancy - Maternity Services

Benefits for Pregnancy will be paid at the same level as Benefits for any other condition, Sickness or Injury. This includes all maternity-related medical services for prenatal care, postnatal care, delivery, and any related complications.

The Plan will pay Benefits for an Inpatient Stay of at least:

- 48 hours for the mother and newborn child following a vaginal delivery; or
- 96 hours for the mother and newborn child following a cesarean section delivery.

These are federally mandated requirements under the Newborns' and Mothers' Health Protection Act of 1996 which apply to this Plan. The Hospital or other provider is not required to get authorization for the time periods stated above. Authorizations are required for longer lengths of stay. If the mother agrees, the attending Physician may discharge the mother and/or the newborn child earlier than these minimum timeframes.

Both before and during a Pregnancy, Benefits include the services of a genetic counselor when provided or referred by a Physician. These Benefits are available to all Covered Persons in the immediate family. Covered Health Services include related tests and treatment.

Please remember for Non-Network Benefits, you must notify Personal Health Support as soon as reasonably possible if the Inpatient Stay for the mother and/or the newborn will be longer than the timeframes indicated above. If Personal Health Support is not notified, Benefits for the extended stay will be subject to a \$350 penalty.

Healthy Pregnancy Program

The Plan provides a special prenatal program to help during Pregnancy. Participation is voluntary and free of charge. See Section 6, *Resources to Help you Stay Healthy*, for details.

Preventive Care Services

Preventive care services provided on an outpatient basis at a Physician's office, an Alternate Facility or a Hospital encompass medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to have a beneficial effect on health outcomes and include the following as required under applicable law:

- evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force;
- immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;
- with respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and
- with respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

Preventive care Benefits defined under the Health Resources and Services Administration (HRSA) requirement include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Benefits for breast pumps also include the cost of purchasing one breast pump per Pregnancy in conjunction with childbirth. These Benefits are described under Section 5, *Plan Highlights*, under *Covered Health Services*.

If more than one breast pump can meet your needs, Benefits are available only for the most cost effective pump. UnitedHealthcare will determine the following:

- Which pump is the most cost effective;
- Whether the pump should be purchased or rented;
- Duration of a rental;
- Timing of an acquisition.

Benefits are only available if breast pumps are obtained from a DME provider or Physician.

Private Duty Nursing – Outpatient

The Plan covers Private Duty Nursing care given on an outpatient basis by a licensed nurse such as a Registered Nurse (R.N.), Licensed Practical Nurse (L.P.N.), or Licensed Vocational Nurse (L.V.N.).

Please remember for Non-Network Benefits, you must notify Personal Health Support.

Prosthetic Devices

Benefits are paid by the Plan for prosthetic devices and appliances that replace a limb or body part, or help an impaired limb or body part work. Examples include, but are not limited to:

- artificial arms, legs, feet and hands;
- artificial face, eyes, ears and nose; and
- breast prosthesis following mastectomy as required by the Women's Health and Cancer Rights Act of 1998, including mastectomy bras and lymphedema stockings for the arm.

Benefits under this section are provided only for external prosthetic devices and do not include any device that is fully implanted into the body other than breast prostheses.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the most Cost-Effective prosthetic device. The device must be ordered or provided either by a Physician, or under a Physician's direction. If you purchase a prosthetic device that exceeds these minimum specifications, the Plan may pay only the amount that would have paid for the prosthetic that meets the minimum specifications, and you may be responsible for paying any difference in cost.

At UnitedHealthcare's discretion, prosthetic devices may be covered for damage beyond repair with normal wear and tear, when repair costs are less than the cost of replacement or when a change in the Covered Person's medical condition occurs sooner than the three year timeframe. Replacement of artificial limbs or any part of such devices may be covered when the condition of the device or part requires repairs that cost more than the cost of a replacement device or part.

Note: Prosthetic devices are different from DME - see *Durable Medical Equipment (DME)* in this section.

Reconstructive Procedures

Reconstructive Procedures are services performed when the primary purpose of the procedure is either to treat a medical condition or to improve or restore physiologic function for an organ or body part. Reconstructive procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not a changed or improved physical appearance.

Improving or restoring physiologic function means that the organ or body part is made to work better. An example of a Reconstructive Procedure is surgery on the inside of the nose so that a person's breathing can be improved or restored.

Benefits for Reconstructive Procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Replacement of an existing breast implant is covered by the Plan if the initial breast implant followed mastectomy. Other services required by the Women's Health and Cancer Rights Act of 1998, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any other Covered Health Service. You can contact UnitedHealthcare at the telephone number on your ID card for more information about Benefits for mastectomy-related services.

There may be times when the primary purpose of a procedure is to make a body part work better. However, in other situations, the purpose of the same procedure is to improve the appearance of a body part. Cosmetic procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. A good example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a Reconstructive Procedure. In other cases, improvement in appearance is the primary intended purpose, which is considered a Cosmetic Procedure. This Plan does not provide Benefits for Cosmetic Procedures, as defined in Section 13, *Glossary*.

The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as a reconstructive procedure.

Please remember that you must notify Personal Health Support five business days before undergoing a Reconstructive Procedure. When you provide notification, Personal Health Support can determine whether the service is considered reconstructive or cosmetic. Cosmetic Procedures are always excluded from coverage.

Rehabilitation Services - Outpatient Therapy and Manipulative Treatment

Short-term outpatient rehabilitation services, limited to:

- Physical therapy.
- Occupational therapy.
- Manipulative Treatment.
- Speech therapy.
- Pulmonary rehabilitation therapy.
- Cardiac rehabilitation therapy.
- Post-cochlear implant aural therapy.
- Cognitive rehabilitation therapy.
- Vision therapy.

Rehabilitation services must be performed by a Physician or by a licensed therapy provider (when required by state law). Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility.

Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if rehabilitation goals have previously been met. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed Manipulative Treatment or if treatment goals have previously been met. Benefits under this section are not available for maintenance/preventive Manipulative Treatment.

Speech therapy - in order to be considered a Covered Health Service, this therapy must be performed by a certified, licensed therapist and be medically necessary due to a medical condition such as:

- a congenital abnormality;
- a stroke;
- aphasia;
- dysphasia;
- post-laryngectomy;
- following placement of cochlear implant; or
- autism spectrum disorders.

We will pay Benefits for physical and occupational therapy only when the disorder results from physical impairment due to disease, trauma, congenital anomaly, prior therapeutic intervention, or with a medically acceptable diagnosis of autism spectrum disorder.

Habilitative Services

Benefits are provided for habilitative services provided on an outpatient basis for Covered Persons with a congenital, genetic, or early acquired disorder when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist, Physician, licensed nutritionist, licensed social worker or licensed psychologist.
- The initial or continued treatment must be proven and not Experimental or Investigational.

Benefits for habilitative services do not apply to those services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service. When the Covered Person reaches his/her maximum level of improvement or does not demonstrate continued progress under a treatment plan, a service that was previously habilitative is no longer habilitative.

The Plan may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow the Plan to substantiate that initial or continued medical treatment is needed and that the Covered Person's condition is clinically improving as a result of the habilitative service. When the treating provider anticipates that continued treatment is or will be required to permit the Covered Person to achieve demonstrable progress, we may request a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

For purposes of this benefit, the following definitions apply:

- "Habilitative services" means occupational therapy, physical therapy and speech therapy prescribed by the Covered Person's treating Physician pursuant to a treatment plan to develop a function not currently present as a result of a congenital, genetic, or early acquired disorder.
- A "congenital or genetic disorder" includes, but is not limited to, hereditary disorders.
- An "early acquired disorder" refers to a disorder resulting from Sickness, Injury, trauma or some other event or condition suffered by a Covered Person prior to that Covered Person developing functional life skills such as, but not limited to, walking, talking, or self-help skills.

Other than as described under Habilitative Services above, please note that the Plan will pay Benefits for speech therapy for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, Congenital Anomaly, or Autism Spectrum Disorders.

Scopic Procedures - Outpatient Diagnostic and Therapeutic

The Plan pays for diagnostic and therapeutic scopic procedures and related services received on an outpatient basis at a Hospital or Alternate Facility.

Diagnostic scopic procedures are those for visualization, biopsy and polyp removal. Examples of diagnostic scopic procedures include colonoscopy, sigmoidoscopy, and endoscopy.

Benefits under this section include:

- the facility charge and the charge for supplies and equipment; and
- Physician services for radiologists, anesthesiologists and pathologists.

When these services are performed in a Physician's office, Benefits are described under *Physician's Office Services - Sickness and Injury* in this section. Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

Please note that Benefits under this section do not include surgical scopic procedures, which are for the purpose of performing surgery. Benefits for surgical scopic procedures are described under *Surgery - Outpatient*. Examples of surgical scopic procedures include arthroscopy, laparoscopy, bronchoscopy, hysteroscopy.

Skilled Nursing Facility/Inpatient Rehabilitation Facility Services

Facility services for an Inpatient Stay in a Skilled Nursing Facility or Inpatient Rehabilitation Facility are covered by the Plan. Benefits include:

- non-Physician services and supplies received during the Inpatient Stay; and
- room and board in a Semi-private Room (a room with two or more beds); and
- Physician services for radiologists, anesthesiologists and pathologists.

Benefits are available when skilled nursing and/or Inpatient Rehabilitation Facility services are needed on a daily basis. Benefits are also available in a Skilled Nursing Facility or Inpatient Rehabilitation Facility for treatment of a Sickness or Injury that would have otherwise required an Inpatient Stay in a Hospital.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

UnitedHealthcare will determine if Benefits are available by reviewing both the skilled nature of the service and the need for Physician-directed medical management. A service will not be determined to be "skilled" simply because there is not an available caregiver.

Benefits are available only if:

- the initial confinement in a Skilled Nursing Facility or Inpatient Rehabilitation Facility was or will be a cost-effective alternative to an Inpatient Stay in a Hospital; and
- you will receive skilled care services that are not primarily Custodial Care.

Skilled care is skilled nursing, skilled teaching, and skilled rehabilitation services when:

- it is delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome, and provide for the safety of the patient;
- it is ordered by a Physician;
- it is not delivered for the purpose of assisting with activities of daily living, including but not limited to dressing, feeding, bathing or transferring from a bed to a chair; and
- it requires clinical training in order to be delivered safely and effectively.

You are expected to improve to a predictable level of recovery. Benefits can be denied or shortened for Covered Persons who are not progressing in goal-directed rehabilitation services or if discharge rehabilitation goals have previously been met.

Note: The Plan does not pay Benefits for Custodial Care or Domiciliary Care, even if ordered by a Physician, as defined in Section 13, *Glossary*.

Please remember for Non-Network Benefits, you must notify Personal Health Support as follows:

- for elective admissions: five business days before admission;
- for Emergency admissions (also termed non-elective admissions): as soon as is reasonably possible.

Surgery - Outpatient

The Plan pays for surgery and related services received on an outpatient basis at a Hospital or Alternate Facility.

Benefits under this section include:

- the facility charge and the charge for supplies and equipment;
- certain surgical scopic procedures (examples of surgical scopic procedures include arthroscopy, laparoscopy, bronchoscopy, hysteroscopy); and
- Physician services for radiologists, anesthesiologists and pathologists.

Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

Temporomandibular Joint (TMJ) Services

The Plan covers diagnostic and surgical and non-surgical treatment of conditions affecting the temporomandibular joint when provided by or under the direction of a Physician. Coverage includes necessary treatment required as a result of accident, trauma, a Congenital Anomaly, developmental defect, or pathology.

Diagnostic treatment includes examination, radiographs and applicable imaging studies and consultation. Non-surgical treatment includes clinical examinations, oral appliances (orthotic splints), arthrocentesis and trigger-point injections.

Benefits are provided for surgical treatment if:

- there is clearly demonstrated radiographic evidence of significant joint abnormality;
- non-surgical treatment has failed to adequately resolve the symptoms; and
- pain or dysfunction is moderate or severe.

Benefits for surgical services include arthrocentesis, arthroscopy, arthroplasty, arthrotomy, open or closed reduction of dislocations. Benefits for surgical services also include *U.S. Food and Drug Administration (FDA)*-approved TMJ implants only when all other treatment has failed.

Benefits for an Inpatient Stay in a Hospital and Hospital-based Physician services are described in this section under *Hospital – Inpatient Stay* and *Physician Fees for Surgical and Medical Services*, respectively.

Therapeutic Treatments - Outpatient

The Plan pays Benefits for therapeutic treatments received on an outpatient basis at a Hospital or Alternate Facility, including but not limited to dialysis (both hemodialysis and peritoneal dialysis), intravenous chemotherapy or other intravenous infusion therapy and radiation oncology.

Covered Health Services include medical education services that are provided on an outpatient basis at a Hospital or Alternate Facility by appropriately licensed or registered healthcare professionals when:

- education is required for a disease in which patient self-management is an important component of treatment; and
- there exists a knowledge deficit regarding the disease which requires the intervention of a trained health professional.

Benefits under this section include:

- the facility charge and the charge for related supplies and equipment; and

- Physician services for anesthesiologists, pathologists and radiologists. Benefits for other Physician services are described in this section under *Physician Fees for Surgical and Medical Services*.

When these services are performed in a Physician's office, Benefits are described under *Physician's Office Services*.

Transplantation Services

Inpatient facility services (including evaluation for transplant, organ procurement and donor searches) for transplantation procedures must be ordered by a provider. Benefits are available to the donor and the recipient when the recipient is covered under this Plan. The transplant must meet the definition of a Covered Health Service and cannot be Experimental or Investigational, or Unproven. Examples of transplants for which Benefits are available include but are not limited to:

- heart;
- heart/lung;
- lung;
- kidney;
- kidney/pancreas;
- liver;
- liver/kidney;
- liver/intestinal;
- pancreas;
- intestinal; and
- bone marrow (either from you or from a compatible donor) and peripheral stem cell transplants, with or without high dose chemotherapy. Not all bone marrow transplants meet the definition of a Covered Health Service

Benefits are also available for cornea transplants that are provided by a provider at a Hospital. You are not required to notify United Resource Networks or Personal Health Support of a cornea transplant nor is the cornea transplant required to be performed at a Designated Facility.

Donor costs that are directly related to organ removal are Covered Health Services for which Benefits are payable through the organ recipient's coverage under the Plan.

The Plan has specific guidelines regarding Benefits for transplant services. Contact United Resource Networks at (888) 936-7246 or Personal Health Support at the telephone number on your ID card for information about these guidelines.

Please remember for Non-Network Benefits, you must notify United Resource Networks or Personal Health Support as soon as the possibility of a transplant arises (and before the time a pre-transplantation evaluation is performed at a transplant center).

Urgent Care Center Services

The Plan provides Benefits for services, including professional services, received at an Urgent Care Center, as defined in Section 13, *Glossary*. When Urgent Care services are provided in a Physician's office, the Plan pays Benefits as described under *Physician's Office Services - Sickness and Injury* earlier in this section.

SECTION 6 - RESOURCES TO HELP YOU STAY HEALTHY

Registering on www.myuhc.com

If you have not already registered as a www.myuhc.com subscriber, simply go to www.myuhc.com and click on "Register Now." Have your UnitedHealthcare ID card handy. The enrollment process is quick and easy.

What this section includes:

Health and well-being resources available to you, including:

- Consumer Solutions and Self-Service Tools;
- Disease and Condition Management Services; and
- Wellness Programs.

State of Ohio believes in giving you the tools you need to be an educated health care consumer. To that end, State of Ohio has made available several convenient educational and support services, accessible by phone and the Internet, which can help you to:

- take care of yourself and your family members;
- manage a chronic health condition; and
- navigate the complexities of the health care system.

NOTE:

Information obtained through the services identified in this section is based on current medical literature and on Physician review. It is not intended to replace the advice of a doctor. The information is intended to help you make better health care decisions and take a greater responsibility for your own health. UnitedHealthcare and State of Ohio are not responsible for the results of your decisions from the use of the information, including, but not limited to, your choosing to seek or not to seek professional medical care, or your choosing or not choosing specific treatment based on the text.

Consumer Solutions and Self-Service Tools

Reminder Programs

To help you stay healthy, UnitedHealthcare may send you and your covered Dependents reminders to schedule recommended screening exams. Examples of reminders include:

- mammograms for women between the ages of 51 and 68;
- pediatric and adolescent immunizations;
- cervical cancer screenings for women between the ages of 20 and 64;
- comprehensive screenings for individuals with diabetes; and
- influenza/pneumonia immunizations for enrollees age 65 and older.

There is no need to enroll in this program. You will receive a reminder automatically if you have not had a recommended screening exam.

Treatment Decision Support

In order to help you make informed decisions about your health care, UnitedHealthcare has a program called Treatment Decision Support. This program targets specific conditions as well as the treatments and procedures for those conditions.

This program offers:

- access to accurate, objective and relevant health care information;
- coaching by a nurse through decisions in your treatment and care;
- expectations of treatment; and
- information on high quality providers and programs.

Conditions for which this program is available include:

- back pain;
- knee & hip replacement;
- prostate disease;
- prostate cancer;
- benign uterine conditions;
- breast cancer;
- coronary disease; and
- bariatric surgery.

Participation is completely voluntary and without extra charge. If you think you may be eligible to participate or would like additional information regarding the program, please contact the number on the back of your ID card.

UnitedHealth PremiumSM Program

UnitedHealthcare designates Network Physicians and facilities as UnitedHealth Premium Program Physicians or facilities for certain medical conditions. Physicians and facilities are evaluated on two levels - quality and efficiency of care. The UnitedHealth Premium Program was designed to:

- help you make informed decisions on where to receive care;
- provide you with decision support resources; and

- give you access to Physicians and facilities across areas of medicine that have met UnitedHealthcare's quality and efficiency criteria.

For details on the UnitedHealth Premium Program including how to locate a UnitedHealth Premium Physician or facility, log onto www.myuhc.com or call the toll-free number on your ID card.

www.myuhc.com

UnitedHealthcare's member website, www.myuhc.com, provides information at your fingertips anywhere and anytime you have access to the Internet. www.myuhc.com opens the door to a wealth of health information and convenient self-service tools to meet your needs.

With www.myuhc.com you can:

- research a health condition and treatment options to get ready for a discussion with your Physician;
- search for Network providers available in your Plan through the online provider directory;
- use the treatment cost estimator to obtain an estimate of the costs of various procedures in your area;
- use the Hospital comparison tool to compare Hospitals in your area on various patient safety and quality measures;
- make real-time inquiries into the status and history of your claims;
- view eligibility and Plan Benefit information, including Copays and Annual Deductibles;
- view and print all of your Explanation of Benefits (EOBs) online; and
- order a new or replacement ID card or, print a temporary ID card.

Want to learn more about a condition or treatment?

Log on to www.myuhc.com and research health topics that are of interest to you. Learn about a specific condition, what the symptoms are, how it is diagnosed, how common it is, and what to ask your Physician.

Wellness Programs

Healthy Back Program

UnitedHealthcare provides a program that identifies, assesses, and supports members with acute and chronic back conditions. By participating in this program you may receive free educational information through the mail and may even be called by a registered nurse who is a specialist in acute and chronic back conditions. This nurse will be a resource to advise and help you manage your condition.

This program offers:

- education on back-related information and self-care strategies;
- management of depression related to chronic back pain; and
- support in choosing treatment options.

Participation is completely voluntary and without extra charge. If you think you may be eligible to participate or would like additional information regarding the program, please call the number on the back of your ID card.

Healthy Pregnancy Program

If you are pregnant and enrolled in the medical Plan, you can get valuable educational information and advice by calling the toll-free number on your ID card. This program offers:

- pregnancy consultation to identify special needs;
- written and on-line educational materials and resources;
- 24-hour toll-free access to experienced maternity nurses;
- a phone call from a care coordinator during your Pregnancy, to see how things are going; and
- a phone call from a care coordinator approximately four weeks postpartum to give you information on infant care, feeding, nutrition, immunizations and more.

Participation is completely voluntary and without extra charge. To take full advantage of the program, you are encouraged to enroll within the first 12 weeks of Pregnancy. You can enroll any time, up to your 34th week. To enroll, call the toll-free number on the back of your ID card.

As a program participant, you can call any time, 24 hours a day, seven days a week, with any questions or concerns you might have.

SECTION 7 - EXCLUSIONS: WHAT THE MEDICAL PLAN WILL NOT COVER

What this section includes:

- Services, supplies and treatments that are not Covered Health Services, except as may be specifically provided for in Section 5, *Additional Coverage Details*.

The Plan does not pay Benefits for the following services, treatments or supplies even if they are recommended or prescribed by a provider or are the only available treatment for your condition.

When Benefits are limited within any of the Covered Health Services categories described in Section 5, *Additional Coverage Details*, those limits are stated in the corresponding Covered Health Service category in Section 4, *Plan Highlights*. Limits may also apply to some Covered Health Services that fall under more than one Covered Health Service category. When this occurs, those limits are also stated in Section 4, *Plan Highlights*. Please review all limits carefully, as the Plan will not pay Benefits for any of the services, treatments, items or supplies that exceed these benefit limits.

Please note that in listing services or examples, when the booklet says "this includes," or "including but not limited to", it is not UnitedHealthcare's intent to limit the description to that specific list. When the Plan does intend to limit a list of services or examples, the booklet specifically states that the list "is limited to."

Alternative Treatments

1. acupressure;
2. acupuncture;
3. aromatherapy;
4. hypnotism;
5. massage therapy EXCEPT for massage therapists. Therapy by massage therapists is not covered. Therapy by an MD, DO, or DC is covered.
6. Rolfing (holistic tissue massage); and
7. art therapy, music therapy, dance therapy, horseback therapy and other forms of alternative treatment as defined by the National Center for Complimentary and Alternative Medicine (NCCAM) of the National Institutes of Health. This exclusion does not apply to Manipulative Treatment and non-manipulative osteopathic care for which Benefits are provided as described in Section 5, *Additional Coverage Details*.

Dental

1. dental care, except as identified under *Dental Services - Accident Only* and *Oral Surgery* in Section 5, *Additional Coverage Details*;

Dental care that is required to treat the effects of a medical condition, but that is not necessary to directly treat the medical condition, is excluded. Examples include treatment of dental caries resulting from dry mouth after radiation treatment or as a result of medication.

Endodontics, periodontal surgery and restorative treatment are excluded.

2. diagnosis or treatment of or related to the teeth, jawbones or gums. Examples include:

- restoration and replacement of teeth;
- medical or surgical treatments of dental conditions; and
- services to improve dental clinical outcomes;

This exclusion does not apply to accident-related dental services for which Benefits are provided as described under *Dental Services – Accident Only* in Section 5, *Additional Coverage Details*.

3. dental implants, bone grafts, and other implant-related procedures;

This exclusion does not apply to accident-related dental services for which Benefits are provided as described under *Dental Services – Accident Only* in Section 5, *Additional Coverage Details*.

4. dental braces (orthodontics);
5. dental X-rays, supplies and appliances and all associated expenses, including hospitalizations and anesthesia; and

This exclusion does not apply to dental care (oral examination, X-rays, extractions and non-surgical elimination of oral infection) required for the direct treatment of a medical condition for which Benefits are available under the Plan, as identified in Section 5, *Additional Coverage Details*.

6. treatment of congenitally missing (when the cells responsible for the formation of the tooth are absent from birth), malpositioned or supernumerary (extra) teeth, even if part of a Congenital Anomaly such as cleft lip or cleft palate.

Devices, Appliances and Prosthetics

1. devices used specifically as safety items or to affect performance in sports-related activities;
2. orthotic appliances and devices that straighten or re-shape a body part, except as described under *Durable Medical Equipment (DME)* in Section 5, *Additional Coverage Details*;

Examples of excluded orthotic appliances and devices include but are not limited to, foot orthotics. This exclusion does not include diabetic footwear which may be covered for a Covered Person with diabetic foot disease.

3. the following items are excluded, even if prescribed by a Physician:
 - blood pressure cuff/monitor;
 - enuresis alarm;
 - non-wearable external defibrillator;
 - ultrasonic nebulizers;
4. the repair and replacement of prosthetic devices when damaged due to misuse, malicious breakage or gross neglect;
5. the replacement of lost or stolen prosthetic devices;
6. devices and computers to assist in communication and speech except for speech aid devices and tracheo-esophageal voice devices for which Benefits are provided as described under *Durable Medical Equipment* in Section 5, *Additional Coverage Details*; and
7. oral appliances for snoring.

Drugs

1. prescription drugs for outpatient use that are filled by a prescription order or refill; and
2. over the counter drugs and treatments.

Note: Drugs are provided by the State of Ohio's pharmacy benefit manager.

Experimental or Investigational or Unproven Services

1. Experimental or Investigational Services or Unproven Services, unless the Plan has agreed to cover them as defined in Section 13, *Glossary*.

This exclusion applies even if Experimental or Investigational Services or Unproven Services, treatments, devices or pharmacological regimens are the only available treatment options for your condition.

This exclusion does not apply to Covered Health Services provided during a Clinical Trial for which Benefits are provided as described under *Clinical Trials* in Section 5, *Additional Coverage Details*.

Foot Care

1. routine foot care, except when needed for Covered Persons with diabetes for which Benefits are provided as described under *Diabetes Services* in Section 5, *Additional Coverage Details*. Routine foot care services that are not covered include:
 - cutting or removal of corns and calluses;
 - nail trimming or cutting; and
 - debriding (removal of dead skin or underlying tissue);
2. hygienic and preventive maintenance foot care. Examples include:

- cleaning and soaking the feet;
- applying skin creams in order to maintain skin tone; and other services that are performed when there is not a localized Sickness, Injury or symptom involving the foot;

This exclusion does not apply to preventive foot care for Covered Persons diagnosed with diabetes.

3. treatment of flat feet;
4. treatment of subluxation of the foot;
5. shoe inserts;
6. arch supports;
7. shoes (standard or custom), lifts and wedges; and
8. shoe orthotics. (This exclusion does not apply to for Covered Persons diagnosed with diabetes)

Medical Supplies and Equipment

1. prescribed or non-prescribed medical supplies. Examples of supplies that are not covered include, but are not limited to:
 - elastic stockings, ace bandages and diabetic strips.

This exclusion does not apply to:

- ostomy bags and related supplies for which Benefits are provided as described under *Ostomy Supplies* in Section 5, *Additional Coverage Details*.
 - disposable supplies necessary for the effective use of Durable Medical Equipment for which Benefits are provided as described under *Durable Medical Equipment* in Section 5, *Additional Coverage Details*;
 - surgical dressings, non-diabetic needles, non-diabetic syringes, catheters or gloves, non-sterile; or
 - diabetic supplies for which Benefits are provided as described under *Diabetes Services* in Section 5, *Additional Coverage Details*.
2. tubings, nasal cannulas, connectors and masks except when used with Durable Medical Equipment;
 3. the repair and replacement of Durable Medical Equipment when damaged due to misuse, malicious breakage or gross neglect;
 4. the replacement of lost or stolen Durable Medical Equipment; and
 5. deodorants, filters, lubricants, tape, appliance cleaners, adhesive, adhesive remover or other items that are not specifically identified under *Ostomy Supplies* in Section 5, *Additional Coverage Details*.

Mental Health/Substance Use Disorder

1. services for the treatment of mental illness or mental health conditions and substance use disorder services as the primary diagnosis that State of Ohio has elected to provide through United Behavioral Health.

Nutrition

1. nutritional or cosmetic therapy using high dose or mega quantities of vitamins, minerals or elements, and other nutrition based therapy;
2. nutritional counseling for either individuals or groups, except as identified under *Diabetes Services*, and except as defined under *Nutritional Counseling* in Section 5, *Additional Coverage Details*;
3. Foods that are not covered include:
 - Infant formula available over the counter is always excluded;
 - foods to control weight, treat obesity (including liquid diets), lower cholesterol or control diabetes;
 - oral vitamins and minerals;
 - meals you can order from a menu, for an additional charge, during an Inpatient Stay; and
 - other dietary and electrolyte supplements.

Personal Care, Comfort or Convenience

1. television;
2. telephone;
3. beauty/barber service;
4. guest service;
5. supplies, equipment and similar incidentals for personal comfort. Examples include:
 - air conditioners;
 - air purifiers and filters;
 - batteries and battery chargers;
 - dehumidifiers and humidifiers;
 - ergonomically correct chairs;
 - non-Hospital beds, comfort beds, motorized beds and mattresses;
 - breast pumps; This exclusion does not apply to breast pumps for which Benefits are provided under the Health Resources and Services Administration (HRSA) requirement;
 - car seats;
 - chairs, bath chairs, feeding chairs, toddler chairs, chair lifts and recliners;
 - electric scooters;
 - exercise equipment and treadmills;

- hot tubs, Jacuzzis, saunas and whirlpools;
- medical alert systems;
- music devices;
- personal computers;
- pillows;
- power-operated vehicles;
- radios;
- strollers;
- safety equipment;
- vehicle modifications such as van lifts;
- video players; and
- home modifications to accommodate a health need (including, but not limited to, ramps, swimming pools, elevators, handrails, and stair glides).

Physical Appearance

1. Cosmetic Procedures, as defined in Section 13, *Glossary*, are excluded from coverage. Examples include:
 - liposuction or removal of fat deposits considered undesirable, including fat accumulation under the male breast and nipple;
 - pharmacological regimens;
 - nutritional procedures or treatments;
 - tattoo or scar removal or revision procedures (such as salabrasion, chemosurgery and other such skin abrasion procedures);
 - hair removal or replacement by any means;
 - treatments for skin wrinkles or any treatment to improve the appearance of the skin;
 - treatment for spider veins;
 - skin abrasion procedures performed as a treatment for acne;
 - treatments for hair loss;
 - varicose vein treatment of the lower extremities, when it is considered cosmetic; and
 - replacement of an existing intact breast implant if the earlier breast implant was performed as a Cosmetic Procedure;
2. physical conditioning programs such as athletic training, bodybuilding, exercise, fitness, flexibility, health club memberships and programs, spa treatments, and diversion or general motivation;
3. weight loss programs whether or not they are under medical supervision or for medical reasons, even if for morbid obesity;
4. wigs regardless of the reason for the hair loss; and
5. treatment of benign gynecomastia (abnormal breast enlargement in males).

Procedures and Treatments

1. biofeedback;
2. medical and surgical treatment of snoring, except when provided as a part of treatment for documented obstructive sleep apnea (a sleep disorder in which a person regularly stops breathing for 10 seconds or longer);
3. speech therapy to treat stuttering, stammering, or other articulation disorders;
4. speech therapy, except when required for treatment of a speech impediment or speech dysfunction as identified under *Rehabilitation Services – Outpatient Therapy and Manipulative Treatment* in Section 5, *Additional Coverage Details*;
5. speech therapy for learning disabilities;
6. a procedure or surgery to remove fatty tissue such as panniculectomy, abdominoplasty, thighplasty, brachioplasty, or mastopexy;
7. excision or elimination of hanging skin on any part of the body (examples include plastic surgery procedures called abdominoplasty or abdominal panniculectomy and brachioplasty);
8. psychosurgery (lobotomy);
9. treatment of tobacco dependency;
10. chelation therapy, except to treat heavy metal poisoning;
11. Manipulative Treatment to treat a condition unrelated to spinal manipulation and ancillary physiologic treatment rendered to restore/improve motion, reduce pain and improve function, such as asthma or allergies;
12. physiological modalities and procedures that result in similar or redundant therapeutic effects when performed on the same body region during the same visit or office encounter;
13. sex transformation operations;
14. the following treatments for obesity:
 - non-surgical treatment, even if for morbid obesity; and
 - surgical treatment of obesity unless there is a diagnosis of morbid obesity as described under *Obesity Surgery* in Section 5, *Additional Coverage Details*;
15. medical and surgical treatment of hyperhidrosis (excessive sweating), except for chemodenervation using botulinum (botox) injections or endoscopic thoracic sympathectomy for treatment of primary focal hyperhidrosis when there is the presence of medical complications due to hyperhidrosis, including skin maceration with secondary infection or significant functional impairment;

16. the following services for the diagnosis and treatment of TMJ: surface electromyography; Doppler analysis; vibration analysis; computerized mandibular scan or jaw tracking; cranosacral therapy; orthodontics; occlusal adjustment; dental restorations;
17. upper and lower jawbone surgery except as required for direct treatment of acute traumatic Injury, dislocation, tumor, TMJ or cancer. Orthognathic surgery for non-medical diagnoses; and
18. breast reduction surgery that is determined to be a Cosmetic Procedure.

This exclusion does not apply to breast reduction surgery which the Claims Administrator determines is requested to treat a physiologic functional impairment or to coverage required by the Women's Health and Cancer Right's Act of 1998 for which Benefits are described under *Reconstructive Procedures* in Section 5, *Additional Coverage Details*.

Providers

Services:

1. performed by a provider who is a family member by birth or marriage, including your Spouse, brother, sister, parent or child;
2. a provider may perform on himself or herself;
3. performed by a provider with your same legal residence;
4. ordered or delivered by a Christian Science practitioner;
5. performed by an unlicensed provider or a provider who is operating outside of the scope of his/her license;
6. provided at a diagnostic facility (Hospital or free-standing) without a written order from a provider;
7. which are self-directed to a free-standing or Hospital-based diagnostic facility; and
8. ordered by a provider affiliated with a diagnostic facility (Hospital or free-standing), when that provider is not actively involved in your medical care:
 - prior to ordering the service; or
 - after the service is received.

This exclusion does not apply to mammography testing.

Reproduction

1. health services and associated expenses for infertility treatments, including In vitro fertilization, gamete intrafallopian transfer (GIFT) procedures, zygote intrafallopian transfer (ZIFT) procedures, artificial insemination and other assisted reproductive technology, regardless of the reason for the treatment.

This exclusion does not apply to services required to treat or correct underlying causes of infertility;

2. storage and retrieval of all reproductive materials (examples include eggs, sperm, testicular tissue and ovarian tissue);
3. surrogate parenting, donor eggs, donor sperm and host uterus;
4. the reversal of voluntary sterilization;
5. artificial reproductive treatments done for genetic or eugenic (selective breeding) purposes;
6. elective surgical, non-surgical or drug induced Pregnancy termination;

The Plan will not provide any benefits or services related to non-therapeutic abortions for any State of Ohio employee or Dependent. For the purposes of this contract, “non-therapeutic” is defined as an abortion that is performed or induced when the life of the mother would not be endangered if the fetus were carried to term, or when the pregnancy was not the result of rape or incest reported to a law enforcement agency.

7. fetal reduction surgery, unless performed or induced when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy was the result of rape or incest reported to a law enforcement agency;
8. services provided by a doula (labor aide); and
9. parenting, pre-natal or birthing classes.

Services Provided under Another Plan

Services for which coverage is available:

1. under another plan, except for Eligible Expenses payable as described in Section 9, *Coordination of Benefits (COB)*;
2. under workers' compensation, no-fault automobile coverage or similar legislation if you could elect it, or could have it elected for you;
3. while on active military duty; and
4. for treatment of military service-related disabilities when you are legally entitled to other coverage, and facilities are reasonably accessible.

Transplants

1. health services for organ and tissue transplants, except as identified under *Transplantation Services* in Section 5, *Additional Coverage Details* unless UnitedHealthcare determines the transplant to be appropriate according to UnitedHealthcare's transplant guidelines;
2. mechanical or animal organ transplants, except services related to the implant or removal of a circulatory assist device (a device that supports the heart while the patient waits for a suitable donor heart to become available); and
3. donor costs for organ or tissue transplantation to another person (these costs may be payable through the recipient's benefit plan).

Travel

1. travel or transportation expenses, even if ordered by a Physician. Travel expenses related to Covered Health Services received from a Facility or Physician may be reimbursed at the Plan's discretion as identified under *Ambulance Services* in Section 5, *Additional Coverage Details*.

Types of Care

1. Custodial Care as defined in Section 13, *Glossary* or maintenance care;
2. Domiciliary Care, as defined in Section 13, *Glossary*;
3. multi-disciplinary pain management programs provided on an inpatient basis for acute pain or for exacerbation of chronic pain;
4. Private Duty Nursing received on an inpatient basis;
5. respite care. This exclusion does not apply to respite care that is part of an integrated hospice care program of services provided to a terminally ill person by a licensed hospice care agency for which Benefits are described under *Hospice Care* in Section 5, *Additional Coverage Details*;
6. rest cures;
7. services of personal care attendants; and
8. work hardening (individualized treatment programs designed to return a person to work or to prepare a person for specific work).

Vision and Hearing

1. routine vision examinations, including refractive examinations to determine the need for vision correction;
2. implantable lenses used only to correct a refractive error (such as Intacs corneal implants);
3. purchase cost and associated fitting charges for eyeglasses or contact lenses, except for the initial pair of lenses as well as necessary replacements for post cataract surgery;
4. bone anchored hearing aids except when either of the following applies:
 - for Covered Persons with craniofacial anomalies whose abnormal or absent ear canals preclude the use of a wearable hearing aid; or
 - for Covered Persons with hearing loss of sufficient severity that it would not be adequately remedied by a wearable hearing aid;

The Plan will not pay for more than one bone anchored hearing aid per Covered Person who meets the above coverage criteria during the entire period of time the Covered Person is enrolled in this Plan. In addition, repairs and/or replacement for a bone anchored hearing aid for Covered Persons who meet the above coverage are not covered, other than for malfunctions; and
5. surgery and other related treatment that is intended to correct nearsightedness, farsightedness, presbyopia and astigmatism including, but not limited to, procedures such as laser and other refractive eye surgery and radial keratotomy.

All Other Exclusions

1. autopsies and other coroner services and transportation services for a corpse;
2. charges for:
 - missed appointments;
 - room or facility reservations;
 - completion of claim forms; or
 - record processing.
3. charges prohibited by federal anti-kickback or self-referral statutes;
4. diagnostic tests that are:
 - delivered in other than a Physician's office or health care facility; and
 - self-administered home diagnostic tests, including but not limited to HIV and Pregnancy tests;
5. expenses for health services and supplies:
 - that do not meet the definition of a Covered Health Service in Section 13, *Glossary*;

- that are received as a result of war or any act of war, whether declared or undeclared, while part of any armed service force of any country. This exclusion does not apply to Covered Persons who are civilians injured or otherwise affected by war, any act of war or terrorism in a non-war zone;
 - that are received after the date your coverage under this Plan ends, including health services for medical conditions which began before the date your coverage under the Plan ends;
 - for which you have no legal responsibility to pay, or for which a charge would not ordinarily be made in the absence of coverage under this Benefit Plan; or
 - that exceed Eligible Expenses or any specified limitation in this booklet;
 - for which a provider waives the Copay, Annual Deductible or Coinsurance amounts;
6. foreign language and sign language services;
7. long term (more than 30 days) storage of blood, umbilical cord or other material. Examples include cryopreservation of tissue, blood and blood products; and
8. physical, psychiatric or psychological exams, testing, vaccinations, immunizations or treatments when:
- required solely for purposes of education, sports or camp, travel, career or employment, insurance, marriage or adoption; or as a result of incarceration;
 - conducted for purposes of medical research;
 - related to judicial or administrative proceedings or orders; or
 - required to obtain or maintain a license of any type.

SECTION 8 - CLAIMS PROCEDURES

What this section includes:

- How Network and non-Network claims work; and
- What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Copay or Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for meeting the Annual Deductible and paying any Copay or Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on the back of your ID card.

Coverage While Traveling Abroad

The Plan pays Benefits for Covered Persons while traveling outside the United States. Eligible Expenses for non-Emergency services incurred while outside the United States are reimbursed at the non-Network benefit level and are subject to the Annual Deductible. Emergency services received outside the United States will be paid at the network benefit level subject to the Annual Deductible. If you receive treatment while traveling outside the United States, you will have to pay for the services up-front and then submit a claim form along with the receipt and an itemized bill from the provider. For details on the procedures for filing a claim, refer to Section 8, *Claims Procedures*. If you have any questions about Benefits while traveling abroad, please call UnitedHealthcare at the toll-free number on your ID card.

When to Submit a Claim

If you receive a bill for Covered Health Services from a provider, you must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on the back of your ID card.

If Your Provider Does Not File Your Claim

You can obtain a claim form by visiting www.myuhc.com, calling the toll-free number on your ID card. If you do not have a claim form, simply attach a brief letter of explanation to

the bill, and verify that the bill contains the information listed below. If any of these items are missing from the bill, you can include them in your letter:

- your name and address;
- the patient's name, age and relationship to the Participant;
- the number as shown on your ID card;
- the name, address and tax identification number of the provider of the service(s);
- a diagnosis from the Physician;
- the date of service;
- an itemized bill from the provider that includes:
 - the Current Procedural Terminology (CPT) codes;
 - a description of, and the charge for, each service;
 - the date the Sickness or Injury began; and
 - a statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

The above information should be filed with us at the address on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the non-Network provider the charges you incurred, including any difference between what you were billed and what the Plan paid.

UnitedHealthcare will pay Benefits to you unless:

- the provider notifies UnitedHealthcare that you have provided signed authorization to assign Benefits directly to that provider; or
- you make a written request for the non-Network provider to be paid directly at the time you submit your claim.

UnitedHealthcare will only pay Benefits to you or, with written authorization by you, your provider, and not to a third party, even if your provider has assigned Benefits to that third party.

Health Statements

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at www.myuhc.com. You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

Explanation of Benefits (EOB)

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also view and print all of your EOBs online at www.myuhc.com. See Section 13, *Glossary* for the definition of Explanation of Benefits.

Important - Timely Filing of Claims

All claim forms must be submitted within 15 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by UnitedHealthcare. This 15-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Denials and Appeals

If Your Claim is Denied

If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim

If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit Urgent Care appeals in writing. This communication should include:

- the patient's name and ID number as shown on the ID card;
- the provider's name;
- the date of medical service;
- the reason you disagree with the denial; and
- any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare - Appeals
P.O. Box 30432
Salt Lake City, UT 84130-0432

For Urgent Care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

Types of claims

The timing of the claims appeal process is based on the type of claim you are appealing.

If you wish to appeal a claim, it helps to understand whether it is an:

- urgent care request for Benefits;
- pre-service request for Benefits;
- post-service claim; or
- concurrent claim.

Review of an Appeal

UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- an appropriate individual(s) who did not make the initial benefit determination; and
- a health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Filing a Second Appeal

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request an optional second level appeal from UnitedHealthcare within 60 days from receipt of the first level appeal determination. UnitedHealthcare must notify you of the appeal determination within 15 days after receiving the completed appeal for a pre-service denial and 30 days after receiving the completed post-service appeal.

Note: Upon written request and free of charge, you may examine documents relevant to their claim and/or appeals and submit opinions and comments. UnitedHealthcare will review all claims in accordance with the rules established by the U.S. Department of Labor.

Understanding the External Review Process

UnitedHealthcare must provide a process that allows a person covered under a health benefit plan or a person applying for health benefit plan coverage to request an independent external review of an adverse benefit determination. An adverse benefit determination is a decision by UnitedHealthcare not to provide benefits because they believe services are not medically necessary, or not covered, excluded, or limited under the plan, or they believe you are not eligible to receive the benefit. An adverse benefit determination can also be a decision to deny health benefit plan coverage or to rescind coverage.

Opportunity for External Review

An external review may be conducted by an Independent Review Organization (IRO) or by the Ohio Department of Insurance.

Before initiating an external review, you must exhaust the first level of the internal appeals process, except in the following instances:

- UnitedHealthcare agrees to waive the exhaustion requirement.
- You did not receive a written decision of your internal appeal within the required timeframe.
- UnitedHealthcare did not meet all of the requirements of the internal appeals process unless the failure was due to a de minimis violation which:
 - Did not cause or is not likely to cause prejudice or harm to you;
 - Was for a good cause or due to matters beyond our control;
 - Occurred during the ongoing, good faith exchange between you and UnitedHealthcare; and
 - Is not reflective of a pattern or practice of non-compliance.
 - An expedited internal review and an expedited external review are being completed at the same time.

Any exceptions to the exhaustion requirement will be included in the adverse benefit determination notice.

An external review is not available for a retrospective final adverse benefit determination until you have exhausted the first level of the internal appeals process unless UnitedHealthcare agrees to waive the exhaustion requirement. Retrospective final adverse benefit determinations are those for health care services that have already been provided to you.

You are entitled to an external review by an IRO in the following instances:

- The adverse benefit determination involves a medical judgment or is based on any medical information, including a decision that Emergency Health Services did not meet the definition of an Emergency Medical Condition (prudent layperson standard).
- The adverse benefit determination indicates the requested service is experimental or investigational, is not specifically excluded and the treating Physician certifies at least one of the following:

- Standard health care services have not been effective in improving your condition.
- Standard health care services are not medically appropriate for you.
- No available standard health care service covered by UnitedHealthcare is more beneficial than the requested health care service.

There are two types of IRO reviews, standard and expedited. A standard review is normally completed within 30 days. An expedited review for urgent medical situations is normally completed within 72 hours.

Standard External Reviews

A standard external review is comprised of all of the following:

- A preliminary review by UnitedHealthcare of the request.
- A referral of the request by UnitedHealthcare to the IRO.
- A decision by the IRO.

You or your authorized representative may request a standard external review if you are not satisfied with an adverse benefit determination made by UnitedHealthcare. A standard external review may be requested for the adverse benefit determinations described above under External Reviews by an IRO. For further details on how to request an external review, please see the highlighted section titled, “*Request for External Review*” included in this section.

Expedited External Reviews

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time period for completing the review process is much shorter. In some instances, you may request that an expedited external review be conducted at the same time as an expedited internal appeal.

You or your authorized representative may request an expedited external review if any of the following apply:

- Your treating Physician certifies that the adverse benefit determination involves a medical condition that could seriously jeopardize your life or health or would jeopardize your ability to regain maximum function if treatment is delayed until after the time frame of an expedited internal appeal.
- Your treating Physician certifies that the final adverse benefit determination involves a medical condition that could seriously jeopardize your life or health or would jeopardize your ability to regain maximum function if the treatment is delayed until after the timeframe of a standard external appeal.
- The adverse benefit determination concerns an admission, availability of care, continued stay, or health care service for which you received emergency services, but has not yet been discharged from a facility.

- An expedited internal appeal is in process for an adverse benefit determination of experimental or investigational treatment and your treating Physician certifies in writing that the recommended health care service or treatment would be significantly less effective if not promptly initiated.

You are entitled to an external review by the Ohio Department of Insurance in either of the following instances:

- The adverse benefit determination is based on a contractual issue that does not involve a medical judgment or any medical information.
- The adverse benefit determination indicates that emergency medical services did not meet the definition of emergency AND UnitedHealthcare's decision has already been upheld through an external review by an IRO.

For further details on how to request an expedited external review, please see the highlighted section titled, "*Request for External Review*" included in this section. All requests must be in writing, except for a request for an expedited external review. Expedited external reviews may be requested electronically or orally; however written confirmation of the request must be submitted to UnitedHealthcare no later than five (5) days after the initial request. The IRO will issue a response within 72 hours.

External Reviews for Experimental or Investigational Services

An external review for an Experimental or Investigational Service is similar to a standard or expedited external review. The most significant difference is that these are external reviews of adverse benefit determinations when Benefits have been denied for a health care service that UnitedHealthcare has determined to be an Experimental or Investigational Service unless the requested health care service is specifically listed as an exclusion in the Plan.

You or your authorized representative may request an external review for Experimental or Investigational Services only if your treating Physician certifies that one of the following situations applies:

- Standard health care services have not been effective in improving your condition.
- Standard health care services are not medically appropriate for you.
- There is no available standard health care service covered under the Plan that is more beneficial than the requested health care service.

For further details on how to request an external review, please see the highlighted section titled, "*Request for External Review*".

External Reviews by the Superintendent of Insurance

You or your authorized representative may request an external review by the Superintendent for either of the following:

- The adverse benefit determination is based on a contractual issue that does not involve a medical judgment or any medical information.

- The adverse benefit determination indicates that Emergency Health Services did not meet the definition of an Emergency Medical Condition (prudent layperson) and our decision has been upheld through an external review by an IRO.

If UnitedHealthcare denies your request for an external review, you or your authorized representative may appeal the denial to the Superintendent. Regardless of UnitedHealthcare's decision, the Superintendent may determine that the request is eligible for external review and require that the request be referred for external review. The Superintendent's decision will be made in accordance with the terms of your Plan and all applicable provisions of the law.

For further details on how to request an external review, please see the highlighted section titled, “*Request for External Review*”.

When you make a request for an external review, you will be required to authorize the release of medical records (as necessary) in order for the external review to be conducted.

Request for External Review

- You must request an external review within 180 days of the date of the notice of final adverse benefit determination issued by UnitedHealthcare.

UnitedHealthcare Central Escalation Unit
 ATTN: ASO External Review
 4316 Rice Lake Rd
 Duluth, MN 55811

- All requests must be in writing, except for a request for an expedited external review.
- Expedited external reviews may be requested electronically or orally; however written confirmation of the request must be submitted to the health plan issuer no later than five (5) days after the initial request.
- If the request is complete UnitedHealthcare will initiate the external review and notify you in writing that the request is complete and eligible for external review.
 - The notice will include the name and contact information for the assigned IRO or the Ohio Department of Insurance (as applicable) for the purpose of submitting additional information.
 - The notice will inform you that, within 10 business days after receipt of the notice, they may submit additional information in writing to the IRO or the Ohio Department of Insurance (as applicable) for consideration in the review.
- UnitedHealthcare will also forward all documents and information used to make the adverse benefit determination to the assigned IRO or the Ohio Department of Insurance (as applicable).
- If the request is not complete UnitedHealthcare will inform you in writing and specify what information is needed to make the request complete.
- If UnitedHealthcare determines that the adverse benefit determination is not eligible for external review, UnitedHealthcare must notify you in writing and provide you with the

reason for the denial and inform you that the denial may be appealed to the Ohio Department of Insurance.

- The Ohio Department of Insurance may determine the request is eligible for external review regardless of the decision by UnitedHealthcare and require that the request be referred for external review. The Department's decision will be made in accordance with the terms of the health benefit plan and all applicable provisions of the law.

IRO Assignment

- The Ohio Department of Insurance maintains a secure web based system that is used to manage and monitor the external review process.
- When UnitedHealthcare initiates an external review by an IRO in this system, the Ohio Department of Insurance system randomly assigns the review to an Ohio accredited IRO that is qualified to conduct the review based on the type of health care service.
- UnitedHealthcare and the IRO are automatically notified of the assignment.

If an IRO has a conflict of interest with you, the health care provider, the health care facility or UnitedHealthcare, it will not be selected to conduct the review.

IRO Review and Decision

The IRO must forward, upon receipt, any additional information it receives from the you to UnitedHealthcare. At any time UnitedHealthcare may reconsider its adverse benefit determination and provide coverage for the health care service. Reconsideration will not delay or terminate the external review. If UnitedHealthcare reverses the adverse benefit determination, they must notify you, the assigned IRO and the Ohio Department of Insurance within one day of the decision. Upon receipt of the notice of reversal by UnitedHealthcare, the IRO will terminate the review.

In addition to all documents and information considered by UnitedHealthcare in making the adverse benefit determination, the IRO must consider things such as; the your medical records, the attending health care professional's recommendation, consulting reports from appropriate health care professionals, the terms of coverage under the health benefit plan and the most appropriate practice guidelines.

The IRO will provide a written notice of its decision within 30 days of receipt by UnitedHealthcare of a request for a standard review or within 72 hours of receipt by UnitedHealthcare of a request for an expedited review. This notice will be sent to the you, UnitedHealthcare and the Ohio Department of Insurance and must include the following information.

- A general description of the reason for the request for external review.
- The date the independent review organization was assigned by the Ohio Department of Insurance to conduct the external review.
- The dates over which the external review was conducted.
- The date on which the independent review organization's decision was made.
- The rationale for its decision.

- References to the evidence or documentation, including any evidence-based standards, that was used or considered in reaching its decision.

For an adverse benefit determination that involves a health care treatment or service that is stated to be an Experimental or Investigational Service, the written decision by the IRO will also include the following:

- The principal reason or reasons for the IRO's decision.
- The written opinion of each clinical reviewer including each clinical reviewer's recommendation as to whether the recommended or requested health care service or treatment should be covered and rationale for the recommendation.

Binding Nature of External Review Decision

An external review decision is binding on UnitedHealthcare except to the extent UnitedHealthcare has other remedies available under state law. The decision is also binding on you except to the extent you have other remedies available under applicable state or federal law.

You may not file a subsequent request for an external review involving the same adverse benefit determination that was previously reviewed unless new medical or scientific evidence is submitted to UnitedHealthcare.

If You Have Questions About Your Rights or Need Assistance

You may contact UnitedHealthcare at the toll-free number on your ID card or the Ohio Department of Insurance at the address and telephone number below for more information regarding the internal appeals or external review processes:

Timing of Appeals Determinations

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- Urgent Care request for Benefits - a request for Benefits provided in connection with Urgent Care services, as defined in Section 13, *Glossary*;
- Pre-Service request for Benefits - a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-Urgent Care is provided; and
- Post-Service - a claim for reimbursement of the cost of non-Urgent Care that has already been provided.

The tables below describe the time frames which you and UnitedHealthcare are required to follow.

Urgent Care Request for Benefits *	
Type of Request for Benefits or Appeal	Timing
If your request for Benefits is incomplete, UnitedHealthcare must notify you within:	24 hours
You must then provide completed request for Benefits to UnitedHealthcare within:	48 hours after receiving notice of additional information required
UnitedHealthcare must notify you of the benefit determination within:	72 hours
If UnitedHealthcare denies your request for Benefits, you must appeal an adverse benefit determination no later than:	180 days after receiving the adverse benefit determination
UnitedHealthcare must notify you of the appeal decision within:	72 hours after receiving the appeal

*You do not need to submit Urgent Care appeals in writing. You should call UnitedHealthcare as soon as possible to appeal an Urgent Care request for Benefits.

Pre-Service Request for Benefits	
Type of Request for Benefits or Appeal	Timing
If your request for Benefits is filed improperly, UnitedHealthcare must notify you within:	5 days
If your request for Benefits is incomplete, UnitedHealthcare must notify you within:	15 days
You must then provide completed request for Benefits information to UnitedHealthcare within:	45 days
UnitedHealthcare must notify you of the benefit determination:	
■ if the initial request for Benefits is complete, within:	15 days
■ after receiving the completed request for Benefits (if the initial request for Benefits is incomplete), within:	15 days

Pre-Service Request for Benefits	
Type of Request for Benefits or Appeal	Timing
You must appeal an adverse benefit determination no later than:	180 days after receiving the adverse benefit determination
UnitedHealthcare must notify you of the first level appeal decision within:	15 days after receiving the first level appeal
If you choose to appeal, you must appeal the first level appeal (file a second level appeal) within:	60 days after receiving the first level appeal decision
UnitedHealthcare must notify you of the second level appeal decision within:	15 days after receiving the second level appeal

Post-Service Claims	
Type of Claim or Appeal	Timing
If your claim is incomplete, UnitedHealthcare must notify you within:	30 days
You must then provide completed claim information to UnitedHealthcare within:	45 days
UnitedHealthcare must notify you of the benefit determination:	
■ if the initial claim is complete, within:	30 days
■ after receiving the completed claim (if the initial claim is incomplete), within:	30 days
You must appeal an adverse benefit determination no later than:	180 days after receiving the adverse benefit determination
UnitedHealthcare must notify you of the first level appeal decision within:	30 days after receiving the first level appeal
If you choose to appeal, you must appeal the first level appeal (file a second level appeal) within:	60 days after receiving the first level appeal decision
UnitedHealthcare must notify you of the second level appeal decision within:	30 days after receiving the second level appeal

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an Urgent Care request for Benefits as defined above, your request will be decided within 24 hours.

UnitedHealthcare will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Limitation of Action

You cannot bring any legal action against State of Ohio or the Claims Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your claim have been completed. If you want to bring a legal action against State of Ohio or the Claims Administrator, you must do so within three years from the expiration of the time period in which a request for reimbursement must be submitted or you lose any rights to bring such an action against State of Ohio or the Claims Administrator. Actions against the State of Ohio may be required by law to be filed within a shorter time period.

You cannot bring any legal action against State of Ohio or the Claims Administrator for any other reason unless you first complete all the steps in the appeal process described in this section. After completing that process, if you want to bring a legal action against State of Ohio or the Claims Administrator you must do so within three years of the date you are notified of our final decision on your appeal or you lose any rights to bring such an action against State of Ohio or the Claims Administrator. Actions against the State of Ohio may be required by law to be filed within a shorter time period.

SECTION 9 - COORDINATION OF BENEFITS (COB)

What this section includes:

- How your Benefits under this Plan coordinate with other medical plans;
- How coverage is affected if you become eligible for Medicare; and
- Procedures in the event the Plan overpays Benefits.

Coordination of Benefits (COB) applies to you if you are covered by more than one health benefits plan, including any one of the following:

- another employer sponsored health benefits plan;
- a medical component of a group long-term care plan, such as skilled nursing care;
- no-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy;
- medical payment benefits under any premises liability or other types of liability coverage; or
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the primary plan.

Don't forget to update your Dependents' Medical Coverage Information

Avoid delays on your Dependent claims by updating your Dependent's medical coverage information. Just log on to www.myuhc.com or call the toll-free number on your ID card to update your COB information. You will need the name of your Dependent's other medical coverage, along with the policy number.

Determining Which Plan is Primary

If you are covered by two or more plans, the benefit payment follows the rules below in this order:

- this Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy;
- when you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first;
- a plan that covers a person as a Participant pays benefits before a plan that covers the person as a dependent;

- if you are receiving COBRA continuation coverage under another employer plan, this Plan will pay Benefits first;
- your dependent children will receive primary coverage from the parent whose birth date occurs first in a calendar year. If both parents have the same birth date, the plan that pays benefits first is the one that has been in effect the longest. This birthday rule applies only if:
 - the parents are married or living together whether or not they have ever been married and not legally separated; or
 - a court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage;
- if two or more plans cover a dependent child of divorced or separated parents and if there is no court decree stating that one parent is responsible for health care, the child will be covered under the plan of:
 - the parent with custody of the child; then
 - the Spouse of the parent with custody of the child; then
 - the parent not having custody of the child; then
 - the Spouse of the parent not having custody of the child;
- plans for active Participants pay before plans covering laid-off or retired Participants;
- the plan that has covered the individual claimant the longest will pay first; The expenses must be covered in part under at least one of the plans; and
- finally, if none of the above rules determines which plan is primary or secondary, the allowable expenses shall be shared equally between the plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the primary Plan.

The following examples illustrate how the Plan determines which plan pays first and which plan pays second.

Determining Primary and Secondary Plan – Examples

- 1) Let's say you and your Spouse both have family medical coverage through your respective employers. You are unwell and go to see a Physician. Since you're covered as a Participant under this Plan, and as a Dependent under your Spouse's plan, this Plan will pay Benefits for the Physician's office visit first.
- 2) Again, let's say you and your Spouse both have family medical coverage through your respective employers. You take your Dependent child to see a Physician. This Plan will look at your birthday and your Spouse's birthday to determine which plan pays first. If you were born on June 11 and your Spouse was born on May 30, your Spouse's plan will pay first.

When This Plan is Secondary

If this Plan is secondary, it determines the amount it will pay for a Covered Health Service by following the steps below.

- the Plan determines the amount it would have paid had it been the only plan involved.
- the Plan pays the entire difference between the allowable expense and the amount paid by the primary plan – as long as this amount is not more than the Plan would have paid had it been the only plan involved.

The maximum combined payment you may receive from all plans cannot exceed 100% of the total allowable expense. See the textbox below for the definition of allowable expense.

Determining the Allowable Expense If This Plan is Secondary

If this Plan is secondary and the expense meets the definition of a Covered Health Service under this Plan, the allowable expense is determined as follows:

- When the provider is a Network provider for both the primary plan and this Plan, the allowable expense is the primary plan's network rate;
- When the provider is a Network provider for the primary plan and a non-Network provider for this Plan, the allowable expense is the primary plan's network rate;
- When the provider is a non-Network provider for the primary plan and a Network provider for this Plan, the allowable expense is the greater of the two plans', the reasonable and customary charges for the primary plan or this Plan's network rate allowed by the primary plan; or
- When the provider is a non-Network provider for both the primary plan and this Plan, the allowable expense is the greater of the two Plans' reasonable and customary charges.

What is an allowable expense?

For purposes of COB, an allowable expense is a health care expense that meets the definition of a Covered Health Service under this Plan.

When a Covered Person Qualifies for Medicare

Determining Which Plan is Primary

To the extent permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- employees with active current employment status age 65 or older and their Spouses age 65 or older; and
- individuals with end-stage renal disease, for a limited period of time.

Determining the Allowable Expense When This Plan is Secondary

If this Plan is secondary to Medicare, the Medicare approved amount is the allowable expense, as long as the provider accepts Medicare. If the provider does not accept Medicare, the Medicare limiting charge (the most a provider can charge you if they don't accept Medicare) will be the allowable expense. Medicare payments, combined with Plan Benefits, will not exceed 100% of the total allowable expense.

If you are eligible for, but not enrolled in, Medicare, and this Plan is secondary to Medicare, Benefits payable under this Plan will be reduced by the amount that would have been paid if you had been enrolled in Medicare.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. State of Ohio may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

State of Ohio does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give UnitedHealthcare any facts needed to apply those rules and determine benefits payable. If you do not provide UnitedHealthcare the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that UnitedHealthcare should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, State of Ohio may recover the amount in the form of salary, wages, or benefits payable under any State of Ohio -sponsored benefit plans, including this Plan. State of Ohio also reserves the right to recover any overpayment by legal action or offset payments on future Eligible Expenses.

If the Plan overpays a health care provider, UnitedHealthcare reserves the right to recover the excess amount, by legal action if necessary.

Refund of Overpayments

If State of Ohio pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to State of Ohio if:

- all or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person;
- all or some of the payment State of Ohio made exceeded the Benefits under the Plan; or

- all or some of the payment was made in error.

The refund equals the amount State of Ohio paid in excess of the amount that should have paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help State of Ohio get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, State of Ohio may reduce the amount of any future Benefits for the Covered Person that are payable under the Plan. The reductions will equal the amount of the required refund. State of Ohio may have other rights in addition to the right to reduce future Benefits.

SECTION 10 - SUBROGATION AND REIMBURSEMENT

The Plan has a right to subrogation and reimbursement.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which a third party is alleged to be responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which a third party is alleged to be responsible.

Subrogation – Example

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if a third party causes or is alleged to have caused a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you received for that Sickness or Injury.

Reimbursement – Example

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- a person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages;
- any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages;
- the Plan Sponsor (for example workers' compensation cases);
- any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators; and
- any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable;
 - providing any relevant information requested by the Plan;
 - signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim;
 - responding to requests for information about any accident or injuries;
 - making court appearances;
 - obtaining the Plan's consent or its agents' consent before releasing any party from liability or payment of medical expenses; and
 - complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against a third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to Hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit the Plan's subrogation and reimbursement rights.
- Benefits paid by the Plan may also be considered to be Benefits advanced.

- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you shall hold those funds in trust, either in a separate bank account in your name or in your attorney's trust account. You agree that you will serve as a trustee over those funds to the extent of the Benefits the Plan has paid.
- The Plan's rights to recovery will not be reduced due to your own negligence.
- Upon the Plan's request, you will assign to the Plan all rights of recovery against third parties, to the extent of the Benefits the Plan has paid for the Sickness or Injury.
- The Plan may, at its option, take necessary and appropriate action to preserve its rights under these subrogation provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party and filing suit in your name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain.
- You may not accept any settlement that does not fully reimburse the Plan, without its written approval.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If a third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.
- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

Right of Recovery

The Plan has the right to recover benefits it has paid on you or your Dependent's behalf that were:

- made in error;
- due to a mistake in fact;
- advanced during the time period of meeting the plan year Deductible; or
- advanced during the time period of meeting the Out-of-Pocket Maximum for the plan year.

Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- require that the overpayment be returned when requested, or
- reduce a future benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the plan year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan; and
- conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.

SECTION 11 - WHEN COVERAGE ENDS

What this section includes:

- Circumstances that cause coverage to end;
- Extended coverage;
- Conversion from a group policy to an individual policy; and
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, State of Ohio will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended.

For employees who were covered (with no lapse) **prior** to July 1, 2009, your coverage under the Plan will end on the earliest of:

- The date the Plan ends;
- The last day of the month following the month of your effective date of separation or death;
- The last day of the month you cease to be an eligible employee;
- The last day of the month for which you stop making required contributions; or
- The last day of the month upon revocation by you of your election to participate in the Plan.

For employees who were covered **after** July 1, 2009, your coverage under the Plan will end on the earliest of:

- The date the Plan ends;
- The last day of the month of your effective date of separation or death;
- The last day of the month you cease to be an eligible employee;
- The last day of the month for which you stop making required contributions; or
- The last day of the month upon revocation by you of your election to participate in the Plan.

Coverage for your eligible Dependents will end on the earliest of:

- the date your coverage ends;

- the last day of the month you stop making the required contributions;
- the last day of the month UnitedHealthcare receives written notice from State of Ohio to end your coverage, or the date requested in the notice, if later; or
- the last day of the month your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide prior written notice to you that your coverage will end on the date identified in the notice if:

- you commit an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact including, but not limited to, false information relating to another person's eligibility or status as a Dependent; or
- you commit an act of physical or verbal abuse that imposes a threat to State of Ohio's staff, UnitedHealthcare's staff, a provider or another Covered Person.

Note: State of Ohio has the right to demand that you pay back Benefits State of Ohio paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

Continuing Coverage Through COBRA

If you lose your Plan coverage, you may have the right to extend it under the Consolidated Budget Reconciliation Act of 1985 (COBRA), as defined in Section 13, *Glossary*.

Continuation Coverage under Federal Law (COBRA)

Much of the language in this section comes from the federal law that governs continuation coverage. You should call your Plan Administrator if you have questions about your right to continue coverage.

In order to be eligible for continuation coverage under federal law, you must meet the definition of a "Qualified Beneficiary". A Qualified Beneficiary is any of the following persons who were covered under the Plan on the day before a qualifying event:

- a Participant;
- a Participant's enrolled Dependent, including with respect to the Participant's children, a child born to or placed for adoption with the Participant during a period of continuation coverage under federal law; or
- a Participant's former Spouse.

Qualifying Events for Continuation Coverage under COBRA

The following table outlines situations in which you may elect to continue coverage under COBRA for yourself and your Dependents, and the maximum length of time you can receive continued coverage. These situations are considered qualifying events.

If Coverage Ends Because of the Following Qualifying Events:	You May Elect COBRA:		
	For Yourself	For Your Spouse	For Your Child(ren)
Your work hours are reduced	18 months	18 months	18 months
Your employment terminates for any reason (other than gross misconduct)	18 months	18 months	18 months
You or your family member become eligible for Social Security disability benefits at any time within the first 60 days of losing coverage ¹	29 months	29 months	29 months
You die	N/A	36 months	36 months
You divorce (or legally separate)	N/A	36 months	36 months
Your child is no longer an eligible family member (e.g., reaches the maximum age limit)	N/A	N/A	36 months
You become entitled to Medicare	N/A	See table below	See table below
State of Ohio files for bankruptcy under Title 11, United States Code. ²	36 months	36 months ³	36 months ³

¹Subject to the following conditions: (i) notice of the disability must be provided within the latest of 60 days after a). the determination of the disability, b). the date of the qualifying event, c). the date the Qualified Beneficiary would lose coverage under the Plan, and in no event later than the end of the first 18 months; (ii) the Qualified Beneficiary must agree to pay any increase in the required premium for the additional 11 months over the original 18 months; and (iii) if the Qualified Beneficiary entitled to the 11 months of coverage has non-disabled family members who are also Qualified Beneficiaries, then those non-disabled Qualified Beneficiaries are also entitled to the additional 11 months of continuation coverage. Notice of any final determination that the Qualified Beneficiary is no longer disabled must be provided within 30 days of such determination. Thereafter, continuation coverage may be terminated on the first day of the month that begins more than 30 days after the date of that determination.

²This is a qualifying event for any retired Participant and his or her enrolled Dependents if there is a substantial elimination of coverage within one year before or after the date the bankruptcy was filed.

³From the date of the Participant's death if the Participant dies during the continuation coverage.

How Your Medicare Eligibility Affects Dependent COBRA Coverage

The table below outlines how your Dependents' COBRA coverage is impacted if you become entitled to Medicare.

If Dependent Coverage Ends When:	You May Elect COBRA Dependent Coverage For Up To:
You become entitled to Medicare and don't experience any additional qualifying events	18 months
You become entitled to Medicare, after which you experience a second qualifying event* before the initial 18-month period expires	36 months
You experience a qualifying event*, after which you become entitled to Medicare before the initial 18-month period expires; and, if absent this initial qualifying event, your Medicare entitlement would have resulted in loss of Dependent coverage under the Plan	36 months

* Your work hours are reduced or your employment is terminated for reasons other than gross misconduct.

Getting Started

You will be notified by mail if you become eligible for COBRA coverage as a result of a reduction in work hours or termination of employment. The notification will give you instructions for electing COBRA coverage, and advise you of the monthly cost. Your monthly cost is the full cost, including both Participant and Employer costs, plus a 2% administrative fee or other cost as permitted by law.

You will have up to 60 days from the date you receive notification or 60 days from the date your coverage ends to elect COBRA coverage, whichever is later. You will then have an additional 45 days to pay the cost of your COBRA coverage, retroactive to the date your Plan coverage ended.

During the 60-day election period, the Plan will, only in response to a request from a provider, inform that provider of your right to elect COBRA coverage, retroactive to the date your COBRA eligibility began.

While you are a participant in the medical Plan under COBRA, you have the right to change your coverage election:

- during Open Enrollment; and
- following a change in family status, as described under *Changing Your Coverage* in Section 1, *Introduction*.

Notification Requirements

If your covered Dependents lose coverage due to divorce, legal separation, or loss of Dependent status, you or your Dependents must notify State of Ohio within 60 days of the latest of:

- the date of the divorce, legal separation or an enrolled Dependent's loss of eligibility as an enrolled Dependent;
- the date your enrolled Dependent would lose coverage under the Plan; or
- the date on which you or your enrolled Dependent are informed of your obligation to provide notice and the procedures for providing such notice.

You or your Dependents must also notify State of Ohio when a qualifying event occurs that will extend continuation coverage.

If you or your Dependents fail to notify State of Ohio of these events within the 60 day period, State of Ohio is not obligated to provide continued coverage to the affected Qualified Beneficiary. If you are continuing coverage under federal law, you must notify State of Ohio within 60 days of the birth or adoption of a child.

Once you have notified State of Ohio, you will then be notified by mail of your election rights under COBRA.

Notification Requirements for Disability Determination

If you extend your COBRA coverage beyond 18 months because you are eligible for disability benefits from Social Security, you must provide your agency benefits specialist with notice of the Social Security Administration's determination within 60 days after you receive that determination, and before the end of your initial 18-month continuation period.

The contents of the notice must be such that State of Ohio is able to determine the covered Employee and qualified beneficiary(ies), the qualifying event or disability, and the date on which the qualifying event occurred.

Trade Act of 2002

The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Participants who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals: generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the Trade Act of 1974. These Participants are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.

If a Participant qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact State of Ohio for additional information. The Participant must contact State of Ohio promptly after qualifying for assistance under the Trade Act of 1974 or the Participant will lose his or her special COBRA rights. COBRA coverage elected during the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

When COBRA Ends

COBRA coverage will end before the maximum continuation period shown above if:

- you or your covered Dependent becomes covered under another group medical plan, as long as the other plan doesn't limit your coverage due to a preexisting condition; or if the other plan does exclude coverage due to your preexisting condition, your COBRA benefits would end when the exclusion period ends;
- you or your covered Dependent becomes entitled to, and enrolls in, Medicare after electing COBRA;
- the first required premium is not paid within 45 days;
- any other monthly premium is not paid within 30 days of its due date;
- the entire Plan ends; or
- coverage would otherwise terminate under the Plan as described in the beginning of this section.

Note: If you selected continuation coverage under a prior plan which was then replaced by coverage under this Plan, continuation coverage will end as scheduled under the prior plan or in accordance with the terminating events listed in this section, whichever is earlier.

Conversion from a Group Plan to an Individual Plan

If your coverage terminates for one of the reasons described below, you may apply for conversion coverage, without furnishing evidence of insurability, if:

- you are no longer eligible as a Participant or enrolled Dependent; or
- continuation coverage ends.

This right to conversion coverage is contingent upon the exhaustion of COBRA continuation coverage.

In addition, you may not be eligible for conversion coverage if you are:

- age 65 or older;
- covered under or eligible for coverage under Medicare (title XVIII as amended); or

- covered under or eligible for any group, individual, prepayment, government, or other plan or program which would result in overinsurance if conversion coverage was issued.

You must submit your first application and payment to UnitedHealthcare or its designated insurance company within 31 days after coverage ends under this Plan. UnitedHealthcare or its designated insurance company will issue conversion coverage according to the terms and conditions in effect at the time you apply. Conversion coverage may be substantially different from coverage provided under this Plan. Even though you may be eligible for conversion coverage, UnitedHealthcare does not offer conversion products in certain states. Ohio does allow conversion coverage. When a conversion product is not available, the conversion coverage may be provided by a state sponsored risk pool.

Uniformed Services Employment and Reemployment Rights Act

A Participant who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Participant and the Participant's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Participants may elect to continue coverage under the Plan by notifying State of Ohio in advance, and providing payment of any required contribution for the health coverage. This may include the amount State of Ohio normally pays on a Participant's behalf. If a Participant's Military Service is for a period of time less than 31 days, the Participant may not be required to pay more than the regular contribution amount, if any, for continuation of health coverage.

A Participant may continue Plan coverage under USERRA for up to the lesser of:

- the 24 month period beginning on the date of the Participant's absence from work; or
- the day after the date on which the Participant fails to apply for, or return to, a position of employment.

Regardless of whether a Participant continues health coverage, if the Participant returns to a position of employment, the Participant's health coverage and that of the Participant's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on a Participant or the Participant's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call State of Ohio if you have questions about your rights to continue health coverage under USERRA.

SECTION 12 - OTHER IMPORTANT INFORMATION

What this section includes:

- Court-ordered Benefits for Dependent children;
- Your relationship with UnitedHealthcare and State of Ohio;
- Relationships with providers;
- Interpretation of Benefits;
- Information and records;
- Incentives to providers and you;
- The future of the Plan; and
- How to access the official Plan documents.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from State of Ohio.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and State of Ohio

In order to make choices about your health care coverage and treatment, State of Ohio believes that it is important for you to understand how UnitedHealthcare interacts with State of Ohio's benefit Plan and how it may affect you. UnitedHealthcare helps administer State of Ohio's benefit Plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- State of Ohio and UnitedHealthcare do not decide what care you need or will receive. You and your Physician make those decisions;
- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive (the Plan pays for Covered Health Services, which are more fully described in this booklet); and

- the Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

State of Ohio and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. State of Ohio and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. State of Ohio and UnitedHealthcare will use de-identified data for commercial purposes including research.

Relationship with Providers

The relationships between State of Ohio, UnitedHealthcare and Network providers are solely contractual relationships between independent contractors. Network providers are not State of Ohio's agents or employees, nor are they agents or employees of UnitedHealthcare. State of Ohio and any of its employees are not agents or employees of Network providers, nor are UnitedHealthcare and any of its employees agents or employees of Network providers.

State of Ohio and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, State of Ohio and UnitedHealthcare arranges for health care providers to participate in a Network and pay Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not State of Ohio's employees nor are they employees of UnitedHealthcare. State of Ohio and UnitedHealthcare do not have any other relationship with Network providers such as principal-agent or joint venture. State of Ohio and UnitedHealthcare are not liable for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of State of Ohio for any purpose with respect to the administration or provision of benefits under this Plan.

State of Ohio is solely responsible for:

- enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage);
- the timely payment of Benefits; and
- notifying you of the termination or modifications to the Plan.

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient. Your provider is solely responsible for the quality of the services provided to you. You:

- are responsible for choosing your own provider;

- are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance, any Annual Deductible and any amount that exceeds Eligible Expenses;
- are responsible for paying, directly to your provider, the cost of any non-Covered Health Service;
- must decide if any provider treating you is right for you (this includes Network providers you choose and providers to whom you have been referred); and
- must decide with your provider what care you should receive.

Interpretation of Benefits

State of Ohio and UnitedHealthcare have the sole and exclusive discretion to:

- interpret Benefits under the Plan;
- interpret the other terms, conditions, limitations and exclusions of the Plan, including this booklet and any Riders and/or Amendments; and
- make factual determinations related to the Plan and its Benefits.

State of Ohio and UnitedHealthcare may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Plan.

Information and Records

State of Ohio and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. State of Ohio and UnitedHealthcare may request additional information from you to decide your claim for Benefits. State of Ohio and UnitedHealthcare will keep this information confidential. State of Ohio and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish State of Ohio and UnitedHealthcare with all information or copies of records relating to the services provided to you. State of Ohio and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have signed the Participant's enrollment form. State of Ohio and UnitedHealthcare agree that such information and records will be considered confidential.

State of Ohio and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as State of Ohio is required to do by law or regulation. During and after the term of the Plan, State of Ohio and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements State of Ohio recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, State of Ohio and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. Our designees have the same rights to this information as does State of Ohio.

Future of the Plan

Although State of Ohio expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

State of Ohio's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code, or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If State of Ohio does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any Plan document or contract provisions affecting the Plan and State of Ohio decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to State of Ohio and others as may be required by any applicable law.

SECTION 13 - GLOSSARY

What this section includes:

- Definitions of terms used throughout this booklet.

Many of the terms used throughout this booklet may be unfamiliar to you or have a specific meaning with regard to the way the Plan is administered and how Benefits are paid. This section defines terms used throughout this booklet, but it does not describe the Benefits provided by the Plan.

Addendum – any attached written description of additional or revised provisions to the Plan. The benefits and exclusions of this booklet and any amendments thereto shall apply to the Addendum except that in the case of any conflict between the Addendum and booklet and/or Amendments to the booklet, the Addendum shall be controlling.

Alternate Facility – a health care facility that is not a Hospital and that provides one or more of the following services on an outpatient basis, as permitted by law:

- surgical services;
- Emergency Health Services; or
- rehabilitative, laboratory, diagnostic or therapeutic services.

Amendment – any attached written description of additional or alternative provisions to the Plan. Amendments are effective only when distributed by the Plan Sponsor or the Plan Administrator. Amendments are subject to all conditions, limitations and exclusions of the Plan, except for those that the amendment is specifically changing.

Annual Deductible – the amount of Eligible Expenses you must pay for Covered Health Services in a plan year before the Plan will begin paying Benefits in that plan year. The Annual Deductible is shown in the first table in Section 4, *Plan Highlights*.

Balance Billing – the difference between a Provider's charge and the Plan's allowed amount for which Non Network and Non-Contracting Providers may bill.

Benefits – Plan payments for Covered Health Services, subject to the terms and conditions of the Plan and any Addendums and/or Amendments.

Body Mass Index (BMI) – a calculation used in obesity risk assessment which uses a person's weight and height to approximate body fat.

Cancer Resource Services (CRS) – a program administered by UnitedHealthcare or its affiliates made available to you by State of Ohio. The CRS program provides:

- specialized consulting services, on a limited basis, to Participants and enrolled Dependents with cancer;
- access to cancer centers with expertise in treating the most rare or complex cancers; and

- education to help patients understand their cancer and make informed decisions about their care and course of treatment.

CHD – see Congenital Heart Disease (CHD).

Claims Administrator – UnitedHealthcare (also known as United HealthCare Services, Inc.) and its affiliates, who provide certain claim administration services for the Plan.

Clinical Trial – a scientific study designed to identify new health services that improve health outcomes. In a Clinical Trial, two or more treatments are compared to each other and the patient is not allowed to choose which treatment will be received.

COBRA – see Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA).

Coinsurance – the percentage of Eligible Expenses you are required to pay for certain Covered Health Services as described in Section 2, *How the Plan Works*.

Company – State of Ohio.

Congenital Anomaly – a physical developmental defect that is present at birth and is identified within the first twelve months of birth.

Congenital Heart Disease (CHD) – any structural heart problem or abnormality that has been present since birth. Congenital heart defects may:

- be passed from a parent to a child (inherited);
- develop in the fetus of a woman who has an infection or is exposed to radiation or other toxic substances during her Pregnancy; or
- have no known cause.

Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) – a federal law that requires employers to offer continued health insurance coverage to certain employees and their dependents whose group health insurance has been terminated.

Copayment (or Copay) – the set dollar amount you are required to pay for certain Covered Health Services as described in Section 2, *How the Plan Works*.

Cosmetic Procedures – procedures or services that change or improve appearance without significantly improving physiological function, as determined by the Claims Administrator. Reshaping a nose with a prominent bump is a good example of a Cosmetic Procedure because appearance would be improved, but there would be no improvement in function like breathing.

Cost-Effective – the least expensive equipment that performs the necessary function. This term applies to Durable Medical Equipment and prosthetic devices.

Covered Health Services – those health services, including services, supplies or Pharmaceutical Products, which State of Ohio determines to be:

- provided for the purpose of preventing, diagnosing or treating Sickness, Injury, mental illness, substance use disorders, or their symptoms;
- consistent with nationally recognized scientific evidence as available, and prevailing medical standards and clinical guidelines as described below;
- not provided for the convenience of the Covered Person, Physician, facility or any other person;
- included in Sections 5 and 6, Plan Highlights and Additional Coverage Details;
- provided to a Covered Person who meets the Plan's eligibility requirements, as described under *Eligibility* in Section 1, *Introduction*; and
- not identified in Section 7, *Exclusions*.

In applying the above definition, "scientific evidence" and "prevailing medical standards" have the following meanings:

- "scientific evidence" means the results of controlled Clinical Trials or other studies published in peer-reviewed, medical literature generally recognized by the relevant medical specialty community; and
- "prevailing medical standards and clinical guidelines" means nationally recognized professional standards of care including, but not limited to, national consensus statements, nationally recognized clinical guidelines, and national specialty society guidelines.

The Claims Administrator maintains clinical protocols that describe the scientific evidence, prevailing medical standards and clinical guidelines supporting its determinations regarding specific services. You can access these clinical protocols (as revised from time to time) on www.myuhc.com or by calling the number on the back of your ID card. This information is available to Physicians and other health care professionals on UnitedHealthcareOnline.

Covered Person – either the Participant or an enrolled Dependent only while enrolled and eligible for Benefits under the Plan. References to "you" and "your" throughout this booklet are references to a Covered Person.

CRS – see Cancer Resource Services (CRS).

Custodial Care – services that do not require special skills or training and that:

- provide assistance in activities of daily living (including but not limited to feeding, dressing, bathing, ostomy care, incontinence care, checking of routine vital signs, transferring and ambulating);

- are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence; or
- do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

Dependent – an individual who meets the eligibility requirements specified in the Plan, as described under *Eligibility* in Section 1, *Introduction*. A Dependent does not include anyone who is also enrolled as a Participant. No one can be a Dependent of more than one Participant.

Designated Facility – a facility that has entered into an agreement with the Claims Administrator or with an organization contracting on behalf of the Plan, to provide Covered Health Services for the treatment of specified diseases or conditions. A Designated Facility may or may not be located within your geographic area.

To be considered a Designated Facility, a facility must meet certain standards of excellence and have a proven track record of treating specific conditions.

Domiciliary Care – living arrangements designed to meet the needs of people who cannot live independently but do not require Skilled Nursing Facility services.

Durable Medical Equipment (DME) – medical equipment that is all of the following:

- used to serve a medical purpose with respect to treatment of a Sickness, Injury or their symptoms;
- not disposable;
- not of use to a person in the absence of a Sickness, Injury or their symptoms;
- durable enough to withstand repeated use;
- not implantable within the body; and
- appropriate for use, and primarily used, within the home.

Eligible Expenses – charges for Covered Health Services that are provided while the Plan is in effect, determined as follows:

For:	Eligible Expenses are Based On:
Network Benefits	Contracted rates with the provider
Non-Network Benefits	<ul style="list-style-type: none"> ■ negotiated rates agreed to by the non-Network provider and either the Claims Administrator or one of its vendors, affiliates or subcontractors, at the discretion of the Claims Administrator.

For:	Eligible Expenses are Based On:
	<ul style="list-style-type: none"> ■ If rates have not been negotiated, then one of the following amounts: <ul style="list-style-type: none"> - for Covered Health Services other than Pharmaceutical Products, Eligible Expenses are determined based on competitive fees in that geographic area. If no fee information is available for a Covered Health Service, the Eligible Expense is based on 50% of billed charges.; - for Covered Health Services that are Pharmaceutical Products, Eligible Expenses are determined based on 110% of the published rates allowed by the <i>Centers for Medicare and Medicaid Services (CMS)</i> for Medicare for the same or similar service within the geographic market. When a rate is not published by <i>CMS</i> for the service, the Claims Administrator will use the gap methodologies that are similar to the pricing methodology used by <i>CMS</i>, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by <i>RJ Health Systems, Thomas Reuters</i> (published in its Red Book) or <i>UnitedHealthcare</i> based on internally developed pharmaceutical pricing resource. <p>These provisions do not apply if you receive Covered Health Services from a non-Network provider in an Emergency or as otherwise arranged by the Claims Administrator. In that case, Eligible Expenses are the amounts billed by the provider, unless the Claims Administrator negotiates lower rates.</p>

For certain Covered Health Services, you are required to pay a percentage of Eligible Expenses in the form of a Copay and/or Coinsurance.

Eligible Expenses are subject to the Claims Administrator's reimbursement policy guidelines. You may request a copy of the guidelines related to your claim from the Claims Administrator.

Emergency – a serious medical condition or symptom resulting from Injury, Sickness or mental illness, or substance use disorders which:

- arises suddenly; and
- in the judgment of a reasonable person, requires immediate care and treatment, generally received within 24 hours of onset, to avoid jeopardy to life or health.

Emergency Health Services – health care services and supplies necessary for the treatment of an Emergency.

Employer – State of Ohio.

Experimental or Investigational Services – medical, surgical, diagnostic, psychiatric, mental health, substance use disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications or devices that, at the time the Claims Administrator makes a determination regarding coverage in a particular case, are determined to be any of the following:

- not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use;
- subject to review and approval by any institutional review board for the proposed use (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational); or
- the subject of an ongoing Clinical Trial that meets the definition of a Phase 1, 2 or 3 Clinical Trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

- Clinical trials for which Benefits are available as described under *Clinical Trials* in Section 6, *Additional Coverage Details*.
- If you are not a participant in a qualifying Clinical Trial as described under Section 6, *Additional Coverage Details*, and have a Sickness or condition that is likely to cause death within one year of the request for treatment, the Claims Administrator may, at its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that Sickness or condition. Prior to such consideration, the Claims Administrator must determine that, although unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Explanation of Benefits (EOB) – a statement provided by UnitedHealthcare to you, your Physician, or another health care professional that explains:

- the Benefits provided (if any);
- the allowable reimbursement amounts;
- Annual Deductibles;
- Coinsurance;
- any other reductions taken;
- the net amount paid by the Plan; and

- the reason(s) why the service or supply was not covered by the Plan.

Health Statement(s) – a single, integrated statement that summarizes EOB information by providing detailed content on account balances and claim activity.

Home Health Agency – a program or organization authorized by law to provide health care services in the home.

Hospital – an institution, operated as required by law, which is:

- primarily engaged in providing health services, on an inpatient basis, for the acute care and treatment of sick or injured individuals. Care is provided through medical, diagnostic and surgical facilities, by or under the supervision of a staff of Physicians; and
- has 24 hour nursing services.

A Hospital is not primarily a place for rest, Custodial Care or care of the aged and is not a Skilled Nursing Facility, convalescent home or similar institution.

Injury – bodily damage other than Sickness, including all related conditions and recurrent symptoms.

Inpatient Rehabilitation Facility – a Hospital (or a special unit of a Hospital that is designated as an Inpatient Rehabilitation Facility) that provides physical therapy, occupational therapy and/or speech therapy on an inpatient basis, as authorized by law.

Inpatient Stay – an uninterrupted confinement, following formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility.

Intermittent Care – skilled nursing care that is provided or needed either:

- fewer than seven days each week; or
- fewer than eight hours each day for periods of 21 days or less.

Exceptions may be made in special circumstances when the need for additional care is finite and predictable.

Kidney Resource Services (KRS) – a program administered by UnitedHealthcare or its affiliates made available to you by State of Ohio. The KRS program provides:

- specialized consulting services to Participants and enrolled Dependents with ESRD or chronic kidney disease;
- access to dialysis centers with expertise in treating kidney disease; and
- guidance for the patient on the prescribed plan of care.

Manipulative Treatment – the therapeutic application of chiropractic and/or manipulative treatment with or without ancillary physiologic treatment and/or rehabilitative methods rendered to restore/improve motion, reduce pain and improve function in the management of an identifiable neuromusculoskeletal condition.

Medicaid – a federal program administered and operated individually by participating state and territorial governments that provides medical benefits to eligible low-income people needing health care. The federal and state governments share the program's costs.

Medicare – Parts A, B, C and D of the insurance program established by Title XVIII, United States Social Security Act, as amended by 42 U.S.C. Sections 1394, et seq. and as later amended.

Neonatal Resource Services (NRS) - a program administered by UnitedHealthcare or its affiliates made available to you by State of Ohio. The NRS program provides guided access to a network of credentialed NICU providers and specialized nurse consulting services to help manage NICU admissions.

Network – when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with the Claims Administrator or with its affiliate to participate in the Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services. The Claims Administrator's affiliates are those entities affiliated with the Claims Administrator through common ownership or control with the Claims Administrator or with the Claims Administrator's ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some products. In this case, the provider will be a Network provider for the Covered Health Services and products included in the participation agreement, and a non-Network provider for other Covered Health Services and products. The participation status of providers will change from time to time.

Network Benefits - description of how Benefits are paid for Covered Health Services provided by Network provider. Refer to Section 4, *Plan Highlights* for details about how Network Benefits apply.

Non-Network Benefits - description of how Benefits are paid for Covered Health Services provided by non-Network providers. Refer to Section 4, *Plan Highlights* for details about how Non-Network Benefits apply.

Open Enrollment – the period of time, determined by State of Ohio, during which eligible Participants may enroll themselves and their Dependents under the Plan. State of Ohio determines the period of time that is the Open Enrollment period.

Out-of-Pocket Maximum – the maximum amount you pay every plan year. Refer to Section 4, *Plan Highlights* for the Out-of-Pocket Maximum amount. See Section 2, *How the Plan Works* for a description of how the Out-of-Pocket Maximum works.

Participant – a full-time Participant of the Employer who meets the eligibility requirements specified in the Plan, as described under *Eligibility* in Section 1, *Introduction*. A Participant must live and/or work in the United States.

Personal Health Support – programs provided by the Claims Administrator that focus on prevention, education, and closing the gaps in care designed to encourage an efficient system of care for you and your covered Dependents.

Personal Health Support Nurse – the primary nurse that UnitedHealthcare may assign to you if you have a chronic or complex health condition. If a Personal Health Support Nurse is assigned to you, this nurse will call you to assess your progress and provide you with information and education.

Pharmaceutical Products – FDA-approved prescription pharmaceutical products administered in connection with a Covered Health Service by a Physician or other health care provider within the scope of the provider’s license, and not otherwise excluded under the Plan.

Physician – any Doctor of Medicine or Doctor of Osteopathy who is properly licensed and qualified by law.

Please note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that a provider is described as a Physician does not mean that Benefits for services from that provider are available to you under the Plan.

Plan – The State of Ohio- Ohio Med Plan.

Plan Administrator – State of Ohio or its designee.

Plan Sponsor – State of Ohio.

Pregnancy – includes prenatal care, postnatal care, childbirth, and any complications associated with Pregnancy.

Primary Physician – a Physician who has a majority of his or her practice in general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

Private Duty Nursing – nursing care that is provided to a patient on a one-to-one basis by licensed nurses in a home setting or on an outpatient basis when the following are true:

- services are performed by a registered nurse, licensed vocational nurse or licensed practical nurse who is hired directly by the covered person or his/her family and when ordered by a Physician;
- services include skilled nursing services received in a patient's home or on an outpatient basis;
- services are skilled.

Private Duty Nursing is not available when any of the following are true:

- skilled nursing resources are available in the facility;
- the service is provided to a Covered Person by an independent nurse who is hired directly by the Covered Person or his/her family if the service is non-skilled nursing;
- care is primarily non-medical or custodial in nature such as bathing, exercising or feeding;
- services are provided by a nurse who usually lives in your home or is a member of your immediate family.

Reconstructive Procedure – a procedure performed to address a physical impairment where the expected outcome is restored or improved function. The primary purpose of a Reconstructive Procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not changed or improved physical appearance. The fact that a person may suffer psychologically as a result of the impairment does not classify surgery or any other procedure done to relieve the impairment as a Reconstructive Procedure.

Semi-private Room - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Service, the difference in cost between a Semi-private Room and a private room is a benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-private Room is not available.

Shared Savings Program - the Shared Savings Program provides access to discounts from non-Network Physicians who participate in that program. UnitedHealthcare will use the Shared Savings Program to pay claims when doing so will lower Eligible Expenses. While UnitedHealthcare might negotiate lower Eligible Expenses for Non-Network Benefits, the Coinsurance will stay the same as described in Section 4, Plan *Highlights*.

UnitedHealthcare does not credential the Shared Savings Program providers and the Shared Savings Program providers are not Network providers. Accordingly, in benefit plans that have both Network and non-Network levels of Benefits, Benefits for Covered Health Services provided by Shared Savings Program providers will be paid at the non-Network Benefit level (except in situations when Benefits for Covered Health Services provided by non-Network providers are payable at Network Benefit levels, as in the case of Emergency Health Services). When UnitedHealthcare uses the Shared Savings Program to pay a claim, the patient responsibility is limited to Coinsurance calculated on the contracted rate paid to the provider, in addition to any required Annual Deductible.

Sickness – physical illness, disease or Pregnancy. The term Sickness as used in this booklet does not include mental illness or substance use disorder, regardless of the cause or origin of the mental illness or substance use disorder.

Skilled Care – skilled nursing, teaching, and rehabilitation services when:

- they are delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome and provide for the safety of the patient;
- a Physician orders them;
- they are not delivered for the purpose of assisting with activities of daily living, including, but not limited to, dressing, feeding, bathing or transferring from a bed to a chair;
- they require clinical training in order to be delivered safely and effectively; and
- they are not Custodial Care, as defined in this section.

Skilled Nursing Facility – a nursing facility that is licensed and operated as required by law. A Skilled Nursing Facility that is part of a Hospital is considered a Skilled Nursing Facility for purposes of the Plan.

Total Disability – a Participant's inability to perform all substantial job duties because of physical or mental impairment, or a Dependent's inability to perform the normal activities of a person of like age and gender.

UnitedHealth Premium Program – a program that identifies network Physicians or facilities that have been designated as a UnitedHealth Premium Program Physician or facility for certain medical conditions.

To be designated as a UnitedHealth Premium provider, Physicians and facilities must meet program criteria. The fact that a Physician or facility is a Network Physician or facility does not mean that it is a UnitedHealth Premium Program Physician or facility.

Unproven Services – health services, including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature:

- Well-conducted randomized controlled trials are two or more treatments compared to each other, with the patient not being allowed to choose which treatment is received.
- Well-conducted cohort studies are studies in which patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.

UnitedHealthcare has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, UnitedHealthcare issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment), UnitedHealthcare and State of Ohio may, at its discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, UnitedHealthcare and State of Ohio must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition, and that the service would be provided under standards equivalent to those defined by the National Institutes of Health.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare and State of Ohio's discretion. Other apparently similar promising but unproven services may not qualify.

Urgent Care – treatment of an unexpected Sickness or Injury that is not life-threatening but requires outpatient medical care that cannot be postponed. An urgent situation requires prompt medical attention to avoid complications and unnecessary suffering, such as high fever, a skin rash, or an ear infection.

Urgent Care Center – a facility that provides Urgent Care services, as previously defined in this section. In general, Urgent Care Centers:

- do not require an appointment;
- are open outside of normal business hours, so you can get medical attention for minor illnesses that occur at night or on weekends; and
- provide an alternative if you need immediate medical attention, but your Physician cannot see you right away.

ATTACHMENT I - HEALTH CARE REFORM NOTICES

Patient Protection and Affordable Care Act ("PPACA")

Patient Protection Notices

The Claims Administrator generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the Claims Administrator's network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the Claims Administrator at the number on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the Claims Administrator or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the Claims Administrator's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Claims Administrator at the number on the back of your ID card.

ATTACHMENT II – LEGAL NOTICES

Women's Health and Cancer Rights Act of 1998

As required by the Women's Health and Cancer Rights Act of 1998, we provide Benefits under the Plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health Plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.

ADDENDUM - UNITEDHEALTH ALLIES

Introduction

This Addendum to the Employee Benefit Booklet provides discounts for select non-Covered Health Services from Physicians and health care professionals.

When the words "you" and "your" are used the Plan is referring to people who are Covered Persons as the term is defined in the Employee Benefit Booklet (booklet). See Section 13, *Glossary* in the booklet.

Important:

UnitedHealth Allies is not a health insurance plan. You are responsible for the full cost of any services purchased, minus the applicable discount. Always use your health insurance plan for Covered Health Services described in the Employee Benefit Booklet (see Section 4, Plan *Highlights*) when a benefit is available.

What is UnitedHealth Allies?

UnitedHealth Allies is a health value program that offers savings on certain products and services that are not Covered Health Services under your health plan.

Because this is not a health insurance plan, you are not required to receive a referral or submit any claim forms.

Discounts through UnitedHealth Allies are available to you and your Dependents as defined in the Employee Benefit Booklet (booklet) in Section 13, *Glossary*.

Examples of discounts include, but are subject to change:

- Vision
- Dental
- Alternative care
- Wellness
- Long term care services
- Hearing
- Infertility

Selecting a Discounted Product or Service

A list of available discounted products or services can be viewed online at www.healthallies.com or by calling the number on the back of your ID card.

After selecting a health care professional and product or service, reserve the preferred rate and print the rate confirmation letter. If you have reserved a product or service with a customer service representative, the rate confirmation letter will be faxed or mailed to you.

Important:

You must present the rate confirmation at the time of receiving the product or service in order to receive the discount.

Visiting Your Selected Health Care Professional

After reserving a preferred rate, make an appointment directly with the health care professional. Your appointment must be within ninety (90) days of the date on your rate confirmation letter.

Present the rate confirmation and your ID card at the time you receive the service. You will be required to pay the preferred rate directly to the health care professional at the time the service is received.

Additional UnitedHealth Allies Information

Additional information on the UnitedHealth Allies program can be obtained online at www.healthallies.com or by calling the toll-free phone number on the back of your ID card.

ADDENDUM - PARENTSTEPS®

Introduction

This Addendum to the Employee Benefit Booklet illustrates the benefits you may be eligible for under the ParentSteps program.

When the words "you" and "your" are used the Plan is referring to people who are Covered Persons as the term is defined in the Employee Benefit Booklet (booklet). See Section 13, *Glossary* in the booklet.

Important:

ParentSteps is not a health insurance plan. You are responsible for the full cost of any services purchased. ParentSteps will collect the provider payment from you online via the ParentSteps website and forward the payment to the provider on your behalf. Always use your health insurance plan for Covered Health Services (described in the Employee Benefit Booklet Section 4, Plan *Highlights*) when a benefit is available.

What is ParentSteps?

ParentSteps is a discount program that offers savings on certain medications and services for the treatment of infertility that are not Covered Health Services under your health plan.

This program also offers:

- guidance to help you make informed decisions on where to receive care;
- education and support resources through experienced infertility nurses;
- access to providers contracted with UnitedHealthcare that offer discounts for infertility medical services; and
- discounts on select medications when filled through a designated pharmacy partner.

Because this is not a health insurance plan, you are not required to receive a referral or submit any claim forms.

Discounts through this program are available to you and your Dependents. Dependents are defined in the Employee Benefit Booklet in Section 13, *Glossary*.

Registering for ParentSteps

Prior to obtaining discounts on infertility medical treatment or speaking with an infertility nurse you need to register for the program online at www.myoptumhealthparentsteps.com or by calling ParentSteps toll-free at 1-877-801-3507.

Selecting a Contracted Provider

After registering for the program you can view ParentSteps facilities and clinics online based on location, compare IVF cycle outcome data for each participating provider and see the

specific rates negotiated by ParentSteps with each provider for select types of infertility treatment in order to make an informed decision.

Visiting Your Selected Health Care Professional

Once you have selected a provider, you will be asked to choose that clinic for a consultation. You should then call and make an appointment with that clinic and mention you are a ParentSteps member. ParentSteps will validate your choice and send a validation email to you and the clinic.

Obtaining a Discount

If you and your provider choose a treatment in which ParentSteps discounts apply, the provider will enter in your proposed course of treatment. ParentSteps will alert you, via email, that treatment has been assigned. Once you log in to the ParentSteps website, you will see your treatment plan with a cost breakdown for your review.

After reviewing the treatment plan and determining it is correct you can pay for the treatment online. Once this payment has been made successfully ParentSteps will notify your provider with a statement saying that treatments may begin.

Speaking with a Nurse

Once you have successfully registered for the ParentSteps program you may receive additional educational and support resources through an experienced infertility nurse. You may even work with a single nurse throughout your treatment if you choose.

For questions about diagnosis, treatment options, your plan of care or general support, please contact a ParentSteps nurse via phone (toll-free) by calling 1-866-774-4626.

ParentSteps nurses are available from 8 a.m. to 5 p.m. Central Time; Monday through Friday, excluding holidays.

Additional ParentSteps Information

Additional information on the ParentSteps program can be obtained online at www.myoptumhealthparentsteps.com or by calling 1-877-801-3507 (toll-free).
