Re: Data Encryption and Securing Sensitive Data

This Ohio IT Bulletin ITB-2007.02 was rescinded effective 07/01/2015 and is no longer in effect.

The [Office of Information Security & Privacy](#) published Ohio Administrative Policy IT-14, "Data Encryption and Securing Sensitive Data," which replaces Ohio IT Bulletin ITB-2007.02. The overall intent is to eliminate the statewide bulletin format while retaining critical security requirements. Updates were made to IT-14 to ensure the appropriate National Institute of Standards and Technology (NIST) requirements are addressed and that it is in alignment with newly drafted security requirements.

State of Ohio Administrative Policies may be found online at www.das.ohio.gov/forStateAgencies/Policies.aspx.

If you have questions about the replacement of this bulletin with Ohio Administrative Policy IT-14, please contact:
