

MARCS In-Schools Ordering Process

In order for OSFC to approve your MARCS In-School grant, you must certify that you have read, understand, and agree to the following:

1. It is the responsibility of your school to ensure that the MARCS system is compatible with its local first responders, and to coordinate with its first responders on proper procedures for use of the MARCS system.
2. Your school will be required to sign a “User Agreement” with MARCS, which may include a monthly fee for each unit/system that is installed.
3. The timeline for installation varies for each school. Once your application has been approved, OSFC will forward your school’s information to MARCS/Motorola, and a representative from MARCS/Motorola will contact you to discuss delivery and installation. All questions and correspondence concerning status and delivery of the MARCS system should be directed to MARCS/Motorola.
4. Once your system has been delivered, tested, and is fully operational, you must log back into this grant application system to certify that you have received the MARCS system.
5. Once you have confirmed receipt of the MARCS system, OSFC will pay Motorola directly. Your school will not need to pay first and then seek reimbursement.

If you have any questions regarding the MARCS system, please contact Rebecca Vanest at 614-995-0839 or e-mail rebecca.vanest@das.ohio.gov.
