

**AMENDMENT 2
TO
MASTER SERVICE AGREEMENT
BY AND BETWEEN
VERIZON WIRELESS
AND
THE STATE OF OHIO, DEPARTMENT OF ADMINISTRATIVE SERVICES**

This is an Amendment to Master Service Agreement (MSA), effective August 6th, 2009, ("Agreement") between the Department of Administrative Services ("DAS") on behalf of the State of Ohio ("the State") and Cellco Partnership dba Verizon Wireless ("Service Provider"), jointly referred hereto as ("the Parties").

PURPOSE: It is the intent of this amendment to change the reference to the State's ordering system from the current Technology Service Request (TSR) system to a broader reference to account for replacement of this system or use of other contracted ordering systems.

Language in Section 5.1, A and B is hereby deleted in its entirety and replaced with the following:

- A. All Orders for Service as well as any Cancellations, or Modifications to an order must be made through the State's Technology (formerly Telecommunications) Service Request ("TSR") system or any other system State owned and/or contracted for use by the State at the time an order for Service, Cancellation or Modification is requested. Therefore the Service Provider will notify the State when an order is received that was placed outside the TSR or similar system and the Service Provider will not accept the order. If a Service Provider accepts an order outside the TSR or similar system, the State may either withhold payment for the unverified order or request suspension of the Service occurring due to the unverified order without penalty to the State.

- B. The Service Provider agrees to keep Subscribing Entities' orders updated and current in the TSR System or any other system owned and/or contracted for use by the State.

The first sentence in Section 9.3 B is hereby deleted in its entirety and replaced with the following:

- B. Invoices may be submitted electronically, either in the form of an internet download or optical/ magnetic media which form is to be determined at the State's option, to the office designated in the purchase order or State ordering system as the "bill to address".

All provisions of the Master Service Agreement not addressed by this Amendment remain in full force and effect.
