State of Ohio Retirees: You Make the Difference

Retired State of Ohio employees can be proud of their accomplishments and continue to contribute to the State of Ohio Combined Charitable Campaign. Lives are touched by your compassion and generous support.

Paying it Forward Through CCC

I believe that giving and paying it forward is simply the right thing to do. Years ago, I survived a house fire and if it wasn't for charitable donations, the interim could have been very dim. I know there is always someone out there less fortunate. You just never know when you or someone you love will need some form of charity. Charitable contributions of money, donated items, or volunteered time do come full circle.

State of Ohio
Combined Charitable
Campaign

Dear State of Ohio Retiree:

The State of Ohio Combined Charitable Campaign (CCC) gives State employees the opportunity to make tax-deductible contributions to charitable organizations of your choice in an easy and secure way. As a retiree, you still have the opportunity to contribute.

Your contributions allow CCC charities to continue their valuable work within communities throughout Ohio, nationally and internationally. This work includes counseling services, medical research, disaster relief, and environmental and endangered species protection and much more.

Perhaps you or a loved one have been in a situation where assistance was needed. If so, you know just how important these services are, and how important it is that we each contribute in order to sustain the work of these charities in our communities.

Any donation is welcome and appreciated. Unlike the payroll deduction you may have used as an employee, retirees are only eligible to donate a one-time gift annually. We hope you will make a contribution to the State of Ohio CCC today to help those in your community and around the world.

Sincerely,
Steering Committee
State of Ohio Combined Charitable Campaign
