

Message from Christopher Mabe President of OCSEA/AFSCME Local 11

The Combined Charitable Campaign has been a true partnership between labor and management in the State of Ohio since its beginning in 1989. And that's because taking care of our communities is at the center of public service.

State of Ohio employees have used it as a way to open their hearts, support causes and organizations they care about and to help heal our communities.

And while essential state workers have been on the front lines during this pandemic, they also are finding ways to give back to their communities and to help others during these unprecedented times. And the need could not be greater.

By giving to those in need, the funds from our combined effort make it possible to find solutions to social justice issues, protect the environment, advance medical research, provide educational opportunities, house the under-served and feed the hungry. This unprecedented health crisis has made that mission even more urgent this year.

I hope you'll join me and other State employees in making a contribution to a charitable organization.

Sincerely,

Christopher Mabe
President of OCSEA/AFSCME Local 11
