Learning on Demand
Ohio's e-Learning Resource

Business Analysis

Business Analysis is the discipline of organizing business needs and determining solutions to various business problems. Solutions often include process improvement, organizational change, strategic planning or policy development. Business analysis also may consist of a software-systems development component.

The resources below are available through **Learning on Demand** to assist you in exploring more on the topic of *Business Analysis.*

- Introduction to Business Analysis – course, 1.5 hrs.
- Business Analysis Terms and Definitions – Skillbrief
- Sense Making In Strategic Planning – video, 2 mins.

To learn more about *Business Analysis*, exempt and IT professionals can visit **Learning on Demand** by clicking on the link below.

Log on to: **Learning on Demand** and get started!

If you have not logged in before, please use these simple steps:

- Enter username: Your State of Ohio User ID.
- Enter the password: welcome (not case sensitive)
- After your first login, you will be asked to change your password and to create a security question and answer.
- Your password must be at least eight (8) characters long, include at least four (4) letters and four (4) numbers.

Please review and adhere to your agency's training and development policies, procedures and guidelines regarding the use of LOD resources and tools.
