Message from Governor Mike DeWine:

Dear Colleague:

State of Ohio employees are compassionate and enthusiastic about serving others. That sense of caring and desire to help those who most need it continues when the workday is done.

Fortunately, the Combined Charitable Campaign provides state employees with the opportunity to give consistently through payroll deductions or through a one-time gift. Last year, state employees showed their generosity by raising more than $2.6 million for the campaign.

With more than 1,200 charities to choose from, the CCC is sure to have a cause that is meaningful to you. From supporting our men and women in uniform, to feeding the hungry, to helping find the cure for cancer, to protecting our environment, there are so many ways for you to help your community, our country, and the world. If you have yet to sign up for the CCC, I encourage you to consider it.

Thank you for all you do to serve our state every day.

Very respectfully yours,

Mike DeWine
Governor
