6. Key Term: Justification Attachment
7. In Case You Missed It: Updated Job Aids

Ohio|Buys is Open for FY21 Processing
Ohio|Buys reopened on July 1\textsuperscript{st} and users can now resume processing requisitions and completing the requisition approval process.

## What We Are Working On

The Ohio|Buys team wanted to keep everyone informed on what we are working on as FY 2021 begins and share what is coming up.

### SUPPLIER ENABLEMENT

The team has continued its outreach to engage suppliers and have them register with Ohio|Buys. Throughout the past month, three waves of targeted emails have been sent introducing suppliers to the solution and encouraging them to sign up for an OH|ID, participate in a webinar and register their organization with Ohio|Buys.

Additionally, some suppliers will be contacted via phone and postcards (if emails are not available) to generate awareness about Ohio|Buys and encourage them to register.

### ENHANCEMENTS

The release of our 5\textsuperscript{th} enhancement went live on July 1\textsuperscript{st}. Please refer to the Ohio|Buys R2 Enhancement Sprint # 5 is LIVE email for an explanation of the new features in Ohio|Buys.

In addition, we are starting a video library of significant enhancements that have been made to Ohio|Buys. We are building videos now and this library will expand shortly. In addition, all job aids are updated to reflect all current enhancements.

### STAFFING UPDATE
As you are probably aware, we have updated the assignments for the OCM team and their associated agencies. Please reach out to your OCM representative if you have any questions.

Coming Attractions

RELEASE 3 UPDATES

Suppliers will be able to request an Ohio|Buys Direct Purchase Contract when Release 3 goes live. In these
instances, a Supplier will upload a price list for items to be included in their catalog and submit it to the State. The State will then create a contract in Ohio|Buys to obtain the supplier’s agreement with standard terms and conditions. Upon the supplier’s signature, the price list will be added to the catalog and made available to users shopping in the system.

The DAS Office of Procurement Services will receive these requests, create the contract, go through the approval workflow to obtain a signed Contract, and then continue to approve the Supplier’s price list to be added to that Contract.

An Ohio|Buys Direct Purchase Contract is a type of contract Suppliers can directly enter into with State of Ohio’s Agencies, Boards, and Commissions in order to sell goods and services in Ohio|Buys. Typically, a direct purchase contract will include an open market pricelist and may not be the result of a solicitation process. Purchases made by State Agencies, Boards, and Commissions against these contracts are tracked against direct purchase and Controlling Board thresholds. See Ohio Administrative Policy PM-01 Purchasing Procedures for additional details regarding Controlling Board and Direct Purchase Thresholds and quoting guidance.

**Solicitation and Contract Management**

**Role Mapping and Stakeholder ID Activity**

OCM Practitioners will be engaging Agency Leads on identifying performers in the Solicitation and Contract Management Lifecycle. OCM will prompt agencies to think about how they collaborate when developing or managing solicitations and contracts today to prepare for these discussions.
**Supplier Training:** July Supplier Training

Supplier/bidder training webinars will be held on the dates listed below. Each 1-hour webinar will provide a review of the topics above, as well as time for questions. The Ohio|Buys Team is seeking Agency Representative participation in these meetings to interact directly with suppliers. Representatives can reiterate the importance of getting registered and setup in the system to participate in/respond to quick quote solicitations. If you’d like to participate, please contact us.

**Webinar Schedule and Registration Information**

Click the link to register for the webinar based on the date and time you would like to attend. You can register in advance or right up until the webinar begins.

**Note:** Before joining, be sure to check system requirements to avoid any connection issues.
**Key Term**

*Justification Attachment* - Attachments on a PR meant to justify to approvers why the contents of a PR have been selected and what they are needed for (e.g., permission from a Supervisor, images). These are required when creating an emergency requisition, flagging a requisition as a single-source or sole-source procurement, or listing a Supplier Quote ID for a quote obtained from outside of Ohio|Buys and may also be required depending on your agency’s internal business processes. These attachments are not visible to Suppliers.

**In Case You Missed It**

Please remember that we are frequently updating Agency and Supplier [Job Aids](#). Please take some time to review this material so you and your teams can utilize the most current information to make Ohio|Buys work for you.

We will continue to keep you informed as Job Aids are added and updated. Please bookmark or favorite the [Ohio|Buys training page](#) for easy access to new updates.
