Welcome to the 2017 Open Enrollment edition of MyBenefits magazine. The purpose of this edition is to inform you and your family about the State of Ohio’s employee health care benefits available this coming benefit year, which begins July 1, 2017.

Eligible employees can elect to enroll or disenroll themselves and/or their dependents in medical, dental, vision and supplemental life insurance coverage during the Open Enrollment period, which is being held Monday, May 15 through Friday, May 26.

If you already are enrolled in benefits, please review your Benefits Summary by logging into myOhio.gov and clicking the myBenefits button to access the benefits information for you as well as your dependents, if applicable. Ensure your dependents still meet the eligibility requirements by visiting das.ohio.gov/EligibilityRequirements. If you do not have any changes to your coverage, no additional action is required.

If you wish to waive your current health coverage, you will need to do so during Open Enrollment.

All eligible employees who currently are not enrolled or who need to make changes to medical, dental, vision or supplemental life insurance for themselves or their dependents can only do so during Open Enrollment, held from Monday, May 15 through Friday, May 26.

All choices made during Open Enrollment will become effective July 1, which begins the new benefit year. You will not have another opportunity to enroll yourself or eligible dependents for benefits or make changes to your elections until the next Annual Open Enrollment unless you experience a change in status/qualifying event, such as marriage, divorce, or the birth or adoption of a child.

For more information about qualifying events:
1. Go to das.ohio.gov/benefits;
2. Click on the link for the Change in Status/Qualifying Events Matrix along the right navigation pane.

ELIGIBILITY FOR BENEFITS: EMPLOYEES

- **Medical** – All permanent state employees are eligible to enroll in medical coverage (which includes prescription drug, behavioral health and wellness benefits) during Open Enrollment. Changes made during Open Enrollment are effective July 1. For more information about the eligibility of non-permanent employees pursuant to the Patient Protection and Affordable Care Act, please see das.ohio.gov/EligibilityRequirements.
- **Dental and Vision** – Permanent exempt and union-represented employees are eligible to enroll in dental and vision coverage effective the first day of the month after completing one full year of continuous state service or thereafter during Open Enrollment.
- **Basic Life** – Permanent exempt and union-represented employees are eligible for basic life coverage after completing one full year of continuous state service. Enrollment is automatic. The exempt employees’ basic life insurance benefit is provided through Minnesota Life, a Securian company.
- **Supplemental Life** – Permanent exempt and union-represented employees are eligible for supplemental life coverage on their date of hire and have 90 days to enroll.*Permanent exempt and union-represented employees also may enroll or make changes during Open Enrollment. The exempt employees’ supplemental life insurance benefit is provided through Minnesota Life.

*Certain new enrollments or increases are subject to evidence of insurability and may delay the effective date of coverage.

ELIGIBILITY FOR BENEFITS: DEPENDENTS

- **Medical** – Dependents are eligible for medical coverage up to the age of 26. Coverage may be continued if the dependent qualifies as a disabled dependent or elects coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA).
- **Dental and Vision** – Dependents are eligible for dental and vision coverage up to age 18 without student status verification. Dependents between the ages of 19 and 23 are eligible for continued coverage as long as they maintain their student status. Student coverage is not automatic; employees are required to submit proof of eligibility within 31 days of the qualifying event. To initiate or continue coverage for your dependent, the employee is required to complete and return an “Affidavit of Student Status” form, accessed at das.ohio.gov/forms in the “Eligibility” section. In addition, a “Current Enrollment Verification Certificate” from the National Student Clearinghouse, studentclearinghouse.org, or a letter or official transcript from the school registrar must be submitted with the Affidavit of Student Status. If the proof of eligibility is provided timely, the dependent may continue on the coverage until he/she turns 23, when the dependent no longer meets the eligibility requirements, or the dependent is turning 23 and qualifies as a disabled dependent.

To view the detailed eligibility and enrollment requirements for dependents for medical, dental and vision, visit: das.ohio.gov/EligibilityRequirements.

Note: To ensure that dependent documentation is processed prior to July 1, it is recommended that employees submit all required eligibility documentation for dependents to your agency human resources office by June 1. The final deadline to submit all required documentation is July 31.

- **Basic Life** – Dependents are not eligible to enroll in exempt basic life coverage; however, they are permitted to be designated as an employee’s beneficiary.
- **Supplemental Life** – Dependents are eligible for exempt supplemental life coverage. Supplemental life insurance provides up to $40,000 coverage for your spouse; $10,000 in coverage is available without evidence of insurability during Open Enrollment. If you apply for more than $10,000 in coverage for your spouse, Minnesota Life will mail a medical questionnaire to you that must be completed and returned. Supplemental life insurance in the amount of $7,000 for each child from birth until age 26 is available for a single monthly premium of .82 cents, regardless of how many children you cover.

To elect supplemental life insurance for your dependents, you must be enrolled in supplemental life insurance for yourself.

To view the detailed eligibility and enrollment requirements for dependents for exempt basic and supplemental life insurance, visit: das.ohio.gov/lifeinsurance.

The State of Ohio contracts with Aetna, Anthem and Medical Mutual of Ohio to serve as the third-party administrators for the Ohio Med Preferred Provider Organization (PPO). The plan design is the same for all three third-party administrators. Under this plan, employees have access to both network and non-network providers.

Aetna, Anthem and Medical Mutual each serve specific regions in Ohio based on home ZIP codes. You are assigned your third-party administrator based on the first three digits of your home ZIP code. Review the chart on the right that features the ZIP code breakdown by plan administrator. Employees whose home address is outside Ohio are automatically enrolled in Anthem.

For deduction information, see the charts on Page 9.

When you are enrolled in medical coverage, you automatically gain prescription drug, behavioral health and wellness benefits. Medical copayments, deductibles and co-insurance are combined with your behavioral health plan. If you receive medical services prior to meeting your deductible, you may need to pay for these services up to the deductible amount before the plan starts paying. (This does not apply to routine office visits for which you only pay an office visit copayment.)

**TO OBTAIN INFORMATION FROM YOUR THIRD-PARTY ADMINISTRATOR:**

If you would like to receive information about the plan, providers and ancillary programs from your assigned third-party administrator – Aetna, Anthem or Medical Mutual – refer to the Health and Other Benefits Contacts information on Page 17. You can visit your third-party administrator’s website to download and print the information or call their customer service unit to request that it be mailed to you.

**SAFETY:**

The State of Ohio’s health plans are self-funded. This means that the cost of your benefits is funded by contributions from you and your agency. All claims are paid for from contributions – your third-party administrator does not pay for your claims. Rather, Aetna, Anthem and Medical Mutual review claims and process payments, and are paid an administrative fee. When the amount of paid claims is greater than the amount of contributions from employees and agencies, medical costs go up.

It is up to each of us to use our benefits wisely. We can all do our part by making wellness a priority in our lives, evaluating our options when we need care and avoiding unnecessary visits.

Take advantage of consumer tools provided by our medical third-party administrators that will enable you to shop and find lower costs for the services they provide (MRIs, labs, surgeries, etc.).

## Preventive Care

### STAY HEALTHY, SAVE MONEY

Preventing and detecting disease early is important to living a healthy life. The better your health, the lower your health care costs are likely to be. One of the most important actions you can take for your health and your family’s health is to schedule regular check-ups and screenings with your primary care physician.

## Behavioral Health

### HELP AVAILABLE 24/7
Optum Behavioral Solutions provides specialized behavioral health and substance use services for State of Ohio employees and their dependents who are enrolled in the Ohio Med PPO. This program provides 24-hours-a-day, seven-days-a-week confidential phone assessment and referral services for a variety of behavioral health issues, such as:

- Anger management;
- Anxiety;
- Compulsive disorders;
- Depression;
- Marital and family issues;
- Serious mental illness;
- Stress; and
- Substance use disorders.

Copayments, deductibles and co-insurance are combined with your medical plan. If you receive behavioral health services prior to meeting your deductible, you may need to pay for these services up to the deductible amount before your plan starts paying. This does not apply to routine office visits for which you only pay an office visit copayment.

### Benefits
Enrolled employees and their dependents have access to both in-network and out-of-network behavioral health benefits. However, you will pay more if you do not use a participating network provider and facility. This is known as balance billing. See the chart on this page for further details.

### Support Services
The State of Ohio offers support services through the Ohio Employee Assistance Program (OEAP) for various behavioral health issues, which include behavioral health referrals and consultations for employees and their dependents. Other services include training, critical incident stress management, organizational transition interventions, mediation and a new Family Support Program for dependents up to age 26 who have a substance use problem. For details, visit das.ohio.gov/behavioralhealth.

Dental and Vision
FOR EXEMPT EMPLOYEES

The State of Ohio pays the full cost for you and your eligible dependents (children younger than age 23) to participate in the dental and vision plans. Exempt employees are eligible to participate in these plans effective the first day of the month after completing one year of continuous state service. Employees are sent a letter indicating when they will be eligible for dental coverage.

Delta Dental PPO
Dental coverage is offered through the Delta Dental PPO plan, offered through Delta Dental of Ohio. You can go to any licensed dentist of your choice and receive benefits, but you typically will pay less when you go to an in-network dentist.

Your out-of-pocket expenses will vary depending on the participation status of your dentist. Your out-of-pocket costs are likely to be lower if you go to a dentist who participates in one of the Delta Dental networks. For most covered services, Delta Dental pays a higher percentage if you go to a dentist in its PPO network over its Premier network. Delta pays the least for out-of-network dentists.

To find a participating Delta Dental dentist near you, visit or call:

deltadentaloh.com
800-524-0149
Group Number: 9273-0001

Print Your Delta Dental Card Online
If you would like a card to present to your dentist, you may print a card from Delta Dental’s website. After you are enrolled in the dental plan, visit deltadentaloh.com and click on Consumer Toolkit.

Complete the login process and click on Print ID Card. If you are enrolling in the plan for the first time, please wait until July 1 to access the site.

Vision Service Plan
Vision coverage is offered through Vision Service Plan (VSP). The VSP Choice network encompasses a large number of providers. If you use a non-network provider, out-of-network charges will apply.

To find a participating VSP vision provider near you, visit or call:

vsp.com
800-877-7195
Group Number: 12022518

Print Your VSP Card Online
If you would like an enrollment card to present to your vision provider, you may print a card through the VSP website. After you are enrolled in the vision plan, visit vsp.com, complete the login process and click on My Member Vision Card. If you are enrolling in the vision plan for the first time, wait until July 1 to access the site.

Life Insurance
FOR EXEMPT EMPLOYEES

Exempt Basic Life Insurance
The State of Ohio pays the cost for eligible exempt employees to participate in the basic life plan. Eligible exempt employees are automatically enrolled in the basic life plan after one year of continuous state service. The coverage includes an accidental death and dismemberment benefit for work-related injuries. This benefit – equal to your annualized rate of pay rounded to the next highest $1,000 – is provided to you at no cost.

The Internal Revenue Service (IRS) requires that employees be taxed on the value of employer-paid group life insurance coverage exceeding $50,000. This is known as “imputed income.” If your annualized rate of pay (and thus your group life insurance) exceeds $50,000 per year, the tax you owe on the value of the coverage that exceeds $50,000 is reported to the IRS in Box 12 of your year-end W-2 form. The tax is based upon employee age brackets on the last day of the calendar year and increases in five-year increments as you grow older. See the imputed income rate chart on the right.

Beneficiary Forms
You may designate one or more beneficiaries for your basic and supplemental life benefits by visiting the Minnesota Life, a Securian company, website at lifebenefits.com. For logon instructions, see Page 17 under Life Insurance for exempt employees. Or you may submit a beneficiary form by mail to Minnesota Life. This form is available in the forms section of the DAS Benefits Administration website, located at das.ohio.gov/HealthPlanForms. Your beneficiary elections will apply to both your basic and supplemental life insurance benefits.

Exempt Supplemental Life Insurance
Exempt employees are eligible to purchase supplemental life insurance coverage, provided by Minnesota Life. This coverage is entirely employee-paid, and can be purchased within 90 days of employment or upon becoming an exempt employee with no waiting period. When you enroll for coverage, you also may elect life insurance for your eligible dependents. The amount you contribute toward your supplemental and dependent life coverage is deducted from your paycheck. See Page 17 for plan contact information and initial logon credentials.

For Yourself
At Open Enrollment, if you do not already have supplemental life coverage, you may purchase up to the lesser of two times your annualized earnings or $150,000 without evidence of insurability. If you have existing coverage, you may increase coverage by up to the lesser of two times your annualized earnings or $150,000 without evidence of insurability.

The maximum amount of coverage available is the lesser of eight times your annualized earnings or $600,000. If your coverage election exceeds the non-medical limits described above, evidence of insurability will be required. Coverage above the non-medical limits will become effective once evidence of insurability is approved by Minnesota Life. Outside of Open Enrollment, supplemental life coverage may not be increased without a qualifying life event. If you experience a qualifying life event, you must submit your request within 31 days of the associated life event. For questions regarding a qualifying life event, call Minnesota Life. See Page 17 for contact information.

For Spouse
You may purchase supplemental life insurance for your spouse in $10,000 increments up to $40,000. Spousal coverage in excess of $10,000 requires your spouse to provide evidence of insurability.

For Your Dependent Children
You may purchase $7,000 of life coverage for each of your eligible dependent children younger than age 26 at a rate of $0.82 cents per month, regardless of how many children you cover. You are responsible for dropping your dependent’s coverage when your child reaches age 26.

Cancelling or Reducing Coverage
You may cancel or reduce your employee or dependent supplemental life insurance coverage at any time throughout the year by submitting a written request to Minnesota Life. Coverage will be cancelled or reduced effective the first of the month after your request is received and processed by Minnesota Life. Once coverage is cancelled or reduced for either yourself and/or your dependents, evidence of insurability will be required for any future enrollment for supplemental life coverage, including during Open Enrollment and qualifying life events. You may be required to submit medical documentation and your coverage election may be approved or rejected by Minnesota Life based upon medical underwriting results.

This Notice of Privacy Practices describes the privacy practices of the State of Ohio’s self-funded medical plans, prescription drug plan, behavioral health plan, population health management plan, dental plans, vision plans, flexible spending account (but not dependent care flexible spending account) which are administered by the State of Ohio, Department of Administrative Services, Office of Benefits Administration Services (collectively “the Plan”). The Plan is required by the privacy regulations issued under the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) to maintain the privacy of Protected Health Information (PHI), and to provide individuals with notice of the legal duties and privacy practices with respect to protected health information and to abide by the terms of the notice currently in effect.

Position on Privacy

The Plan is committed to maintaining the privacy of its enrolled persons. As part of your participation in the health plans, the Plan and its business associates (whom we use to administer and deliver health care services) receive health information through the operation and administration of the plans. PHI refers to any information, transmitted or maintained in any form or medium, which the Plan creates or receives that relates to your physical or mental health, the delivery of health care services to you or payment for health care services that identifies you or could reasonably be used to identify you. If you have questions about this notice, please contact the Plan’s HIPAA Privacy Contact listed on Page 20.

How the Plan May Use or Disclose Your Protected Health Information

The Plan may only use or disclose your medical information as described in this notice. Not every authorized use or disclosure in each category is listed, however all permitted uses and disclosures fall into one of these general categories.

1. Uses and Disclosures of Your PHI for Treatment, Payment, and Health Care Operations

For Treatment. The Plan may make requests, uses, and disclosures of your PHI as necessary for treatment purposes. For example, the Plan may use information regarding your medical procedures and treatment so the third party administrator can process and pay claims. The Plan may also disclose your PHI for the payment purposes of a health care provider or a health plan.

For Health Care Operations Purposes. The Plan may use and disclose your PHI as necessary for health care operations. For example, Health Care Operations include, but are not limited to, use and disclosures: by health plan of PHI to the Plan for administration of the health plans; for quality assessment of the plans through the distribution and analysis of satisfaction surveys; in connection with the performance of disease management functions; and for general administrative activities, including customer service, cost management, data management, communications, claims and operational audits, and legal services. In addition, a health plan may send you information based on your own health information to inform you of possible treatment options or alternatives that may be available to you. The Plan may also combine your health information with that of other enrolled persons to evaluate the coverage provided and the quality of care received.

2. Other Uses and Disclosures of PHI for Which Your Authorization is Not Required

In limited instances, the law allows the Plan to use and disclose your PHI without your authorization in the following situations:

A. As Required By Law. The Plan may disclose your PHI when required by federal, state or local law.

B. Family and Individuals Involved in Your Care. The Plan may disclose medical information about you to a family member or friend who is involved in your medical care. The Plan may request that your family members verify their identity and demonstrate they are acting on your behalf.

C. To Avert a Serious Threat to Health or Safety. The Plan may disclose medical information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public.

D. Public Health Activities. The Plan may use and disclose medical information about you for public health activities including activities related to preventing and controlling disease or, when required by law, to notify public authorities concerning cases of abuse or neglect.

E. Victims of Abuse, Neglect, or Domestic Violence. The Plan may disclose medical information to a government authority, including a social service or protective agency if the Plan reasonably believes you to be a victim of abuse, neglect, or domestic violence.

F. Health Oversight Activities. The Plan may disclose medical information to a health oversight agency for oversight activities authorized by law, such as: overall health care system monitoring, monitoring the conduct of government programs, and monitoring to ensure compliance with civil rights laws.

G. Lawsuits/Legal Disputes. The Plan may use and disclose medical information about you in the course of an administrative or judicial proceeding, such as in response
to a subpoena, discovery request, warrant, or a lawful court order.

H. **Law Enforcement Purposes.** The Plan may disclose medical information to law enforcement officials for law enforcement purposes including investigation of a crime or to identify or locate a suspect, fugitive, material witness or missing person.

I. **Specialized Government Functions.** The Plan may disclose medical information to authorized federal officials for the purposes of intelligence, counterintelligence, and other national security activities authorized by law.

J. **Military.** If you are a member of the armed forces, the Plan may disclose medical information about you as required by military command authorities.

K. **Organ, Eye and Tissue Donation.** If you are an organ donor, the Plan may disclose information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate organ or tissue donation and transplantation.

L. **Workers’ Compensation.** The Plan may disclose medical information about you for workers’ compensation or similar programs that provide benefits for work-related injuries or illness.

M. **Coroners, Medical Examiners, and Funeral Directors.** The Plan may disclose medical information to a coroner or medical examiner to, for example, identify a deceased person or determine the cause of death. The Plan may also disclose medical information about patients to funeral directors as necessary to carry out their duties.

N. **Business Associates.** The State contracts with parties who provide necessary services for the operation of its plans. For example, the Plan is assisted in its operations by third party administrators. These persons who assist the Plan are called business associates. At times, the Plan may use and disclose PHI so they can provide services. The Plan will require that any business associates who receive PHI safeguard the privacy of that information.

O. **Disclosure to You.** The Plan may disclose your medical information to you.

**3. Other Uses and Disclosures of PHI Requiring Your Written Authorization**

In all situations other than those described previously, the Plan will ask for your written authorization before using or disclosing your PHI. For example, (except as required or permitted by law), the Plan will not use or disclose psychotherapy notes or sell your medical information without obtaining your prior written authorization. If you have provided authorization, you may revoke it in writing at any time, unless the Plan has already disclosed the information.

**4. Changes to Existing Laws**

Certain provisions of Ohio law may impose greater restrictions on uses and/or disclosures of PHI, or otherwise be more stringent than federal rules protecting the privacy of PHI. If such provisions of Ohio law apply to a use or disclosure of PHI or under other circumstances described in this notice, the Plan must comply with those provisions.

**Your Legal Rights**

Federal privacy regulations provide you the following rights associated with your medical information:

Right to Request Restrictions. You have the right to request a restriction or limitation on the medical information the Plan uses or discloses about you for treatment, payment or health care operations. You also have the right to request a limit on the medical information we disclose about you to someone who is involved in your care or the payment for your care, like a family member or friend. (For example, you could ask that the Plan not disclose or use information about a certain medical treatment you received.) **The Plan is not required to agree to your request.** To request restrictions on the use or disclosure of your PHI, you must make your request in writing to the Plan’s HIPAA Privacy Contact listed on Page 20. In your request, you must explain: (1) what PHI you want to limit; (2) whether you want to limit the Plan’s use, disclosure, or both; and, (3) to whom you want the limits to apply (for example, your spouse).

Right to Request Confidential Communications. You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you at a specific phone number or address. To request confidential communications, you must make your request in writing to the Plan’s HiPAA Privacy Contact listed on Page 20. The Plan will accommodate all reasonable requests. Your request must specify how or where you wish to be contacted. After the Plan receives your request, the information may be forwarded to your health plan. As a result, additional reasonable information may be required from you by your plan to process the request.

Right to Inspect and Copy Your Information. You have the right, in most cases, to inspect and copy medical information that may be used to make decisions about your care. To inspect and copy medical information that may be used to make decisions about you, you must submit your request in writing to the Plan’s HiPAA Privacy Contact listed on Page 20. If you request a copy of the information, the Plan may charge a fee for the costs of copying, mailing, or other unusual supplies associated with your request. Under Ohio and federal law, the Plan may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to medical information, you may request that the denial be reviewed.

Right to Request an Amendment. If you feel that medical information about you is incorrect or incomplete, you may ask the Plan to amend the information. You have the right to request an amendment for as long as the information is kept. To request an amendment, your request must be made in writing and submitted to the Plan’s HiPAA Privacy Contact listed on this page. You must provide reasons that support your request. If the Plan denies your request for any reason under state or federal law, the Plan will permit you to submit a written statement of disagreement to be kept with your PHI. The Plan may reasonably limit the length of such statement of disagreement.
Right to an Accounting of Disclosures. You have the right to request an "accounting of disclosures." This is a list of certain disclosures the Plan has made of medical information about you. This accounting will not include many routine disclosures including, but not limited to, those made to you or pursuant to your authorization, those made for treatment, payment and operations purposes as discussed above, those made for national security and intelligence purposes, and those made to law enforcement in compliance with law.

To request this list or accounting of disclosures, you must submit your request in writing to the Plan's HIPAA Privacy Contact. Your request must state the time period that may not be longer than six (6) years prior to the date on which the accounting is requested. Your request should indicate in what form you want the list (paper or electronic). The first list you request within a 12-month period will be free. For additional lists, the Plan may charge you for the costs of providing the list. The Plan will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

Right to a Paper Copy of this Notice. You have the right to a paper copy of this notice even if you have received it electronically. You may make your request to the Plan's HIPAA Privacy Contact.

Right to Breach Notification. You have the right to notification if a breach of your unsecured PHI has occurred.

This Notice Is Subject To Change

The Plan reserves the right to change the terms of this notice and its privacy practices at any time. If such a change is made, the new terms and policies will be effective for all of the information that the Plan has about you as well as any information it may hold about you in the future, and will be posted at das.ohio.gov and may be provided by mail if required. If you want to ensure you have the latest version of this notice, you may contact the Plan’s HIPAA Privacy Contact.

NOTICE OF RIGHT TO ELECT COBRA CONTINUATION COVERAGE

What is COBRA Continuation Coverage?

On April 7, 1986, a federal law was enacted (Public Law 99-272, Title XI) requiring that most employers sponsoring group health plans offer employees and their families the opportunity for a temporary extension of health coverage (called “continuation coverage”) at group rates in certain instances where coverage under the plan would otherwise end. This notice is intended to inform you, in a summary fashion, of your rights and obligations under the continuation coverage provisions of the law. You, your spouse and dependent children, if any, should all take the time to read the entire notice carefully.

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happens:

- The parent-employee dies;
- The parent-employee’s hours of employment are reduced;
- The parent-employee’s employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both); or
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the plan as a “dependent child.”
**Legal Notices**

*If a covered child of the employee is enrolled in the plan pursuant to a qualified medical child support order (QMCSO) during the employee’s period of employment, he or she is entitled to the same rights under COBRA as if he or she were the employee’s dependent.*

**When is COBRA Coverage Available?**

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, or the employees is becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

**You Must Give Notice of Some Qualifying Events**

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child’s losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to your employer.

**How is COBRA Coverage Provided?**

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to a total of 36 months. When the qualifying event is the end of employment or reduction of the employee’s hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee’s hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

**Disability:** The 18 months may be extended to 29 months if a qualified beneficiary is determined by the Social Security Administration to be disabled (for Social Security disability purposes) at any time during the first 60 days of COBRA coverage. This 11-month extension is available to all individuals who are qualified beneficiaries due to a termination or reduction in hours of employment.

To benefit from this extension, a qualified beneficiary must notify the Plan Administrator or designated Plan Service Provider of the disability determination on or before 60 days from the COBRA start date, and before the end of the original 18-month period. If you do not notify the Plan Administrator or the designated Plan Service Provider within the required period of time, you may lose your right to the extension.

The affected individual must also notify the Plan Administrator or designated Plan Service Provider within 30 days of any final disability determination that the individual is no longer disabled. Coverage will end on the first of the month, following at least 30 days after the date of the Social Security final disability determination letter.

**Second qualifying event extension of 18-month period of continuation coverage:** If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and any dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated, or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

**Your Election Rights:** When the Plan Administrator or designated Plan Service Provider is notified that one of these events has happened, they will in turn notify you that you have the right to choose continuation coverage. Under the law, you have at least 60 days from the date you would lose coverage (because of one of the events described above) to inform the Plan Administrator or the designated Plan Service Provider that you want continuation coverage. If you do not choose continuation coverage in a timely manner, your group health insurance coverage will end.

**Coverage Rights:** If you choose continuation coverage, the Plan is required to give you coverage which, as of the time coverage is being provided, is identical to the coverage provided under the Plan to similarly situated employees or family members. Each covered person will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

**Maximum Period of Coverage:** The law requires that you be afforded the opportunity to maintain continuation coverage for 36 months unless you lost group health insurance coverage because of a termination of employment (for reasons other than gross misconduct) or reduction in hours. In that case, the required continuation coverage period is 18 months. These 18 months may be extended for affected individuals to 36 months from termination of employment if other events (such as a death, divorce, legal separation, or Medicare entitlement) occur during that 18-month period. In no event will continuation coverage last beyond 36 months from the date of the event that originally made a qualified beneficiary eligible to elect coverage.
California State Residence: Under California law, you may be eligible for a state-mandated extension of benefits after your federally-mandated COBRA period expires. California state laws allow an extension of COBRA benefits to a total of 36 months from the date of your qualifying event to qualified beneficiaries who begin COBRA coverage on or after Jan. 1, 2003. You will be notified of this extension at the conclusion of your original COBRA coverage.

Flexible Spending Account or Medical Reimbursement Account: If you are participating in the company’s Flexible Spending Account or Medical Reimbursement Account at the time of your termination or reduction of hours, you may also have the right to continue participation under COBRA based on the following parameters:

1. You will be allowed to continue coverage for the remainder of the current plan year if you have a balance remaining in your account at the time of your termination or reduction in hours;
2. You will not be able to receive reimbursements in excess of your original election amount in the account; and
3. You make monthly payments in the same amount as your regular payroll deductions while you were an active employee.

Adding Dependents to COBRA Coverage: A child who is born to or adopted by the covered employee during a period of COBRA coverage will be eligible to become a qualified beneficiary. In accordance with the terms of the Plan and the requirements of federal law, these qualified beneficiaries can be added to COBRA coverage upon proper notification to the Plan Administrator or designated Plan Service Provider of the birth or adoption.

Expiration of COBRA Coverage: The law also provides that continuation coverage may be cut short for any of the following five reasons:

1. The company no longer provides group health coverage to any of its employees;
2. The premium for continuation coverage is not paid on time;
3. The qualified beneficiary becomes covered - after the date he or she elects COBRA coverage - under another group health plan that does not contain any exclusion or limitation with respect to any pre-existing condition he or she may have;
4. The qualified beneficiary becomes entitled to Medicare after the date he or she elects COBRA coverage;
5. The qualified beneficiary extends coverage for up to 29 months due to disability and there has been a final determination that the individual is no longer disabled.

Limits to Pre-Existing Conditions: The Health Insurance Portability and Accountability Act of 1996 (HIPAA) restricts the extent to which group health plans may impose pre-existing condition limitations. These rules are generally effective for plan years beginning after June 30, 1997. HIPAA coordinates COBRA’s other coverage cut-off rules with these new limits as follows:

- If you become covered by another group health plan and that plan contains a pre-existing condition limitation that affects you, your COBRA coverage cannot be terminated. However, if the other plan’s pre-existing condition rule does not apply to you by reason of HIPAA’s restrictions on pre-existing condition clauses, the Plan may terminate your COBRA coverage.
- You do not have to show that you are insurable to choose continuation coverage. However, continuation coverage under COBRA is provided subject to your eligibility for coverage; the Plan Administrator reserves the right to terminate your COBRA coverage retroactively if you are determined to be ineligible.

Insurance Premiums: Under the law, you may have to pay all or part of the premium for your continuation coverage. You may also be required to pay a 2% administration fee above the cost of the premiums. If you are disabled, you may be required to pay 150% of the premium during the 11-month extension period.

Grace Period: There is a grace period of 30 days for payment of the regularly scheduled premium.

Conversion Coverage: At the end of the 18-month, 29-month or 36-month continuation coverage period, qualified beneficiaries may be allowed to enroll in an individual conversion health plan provided a conversion health plan is available to active employees. Please read your health plan benefits booklet or Summary Plan Description regarding any option for conversion coverage after the expiration of COBRA coverage. If there is an option for conversion to an individual policy, follow the instructions provided to apply for the coverage, as it would be separate coverage, and would not simply be an extension of COBRA coverage.

The Women's Health and Cancer Rights Act of 1998 (WHCRA) is a federal law that provides protections to patients who choose to have breast reconstruction in connection with a mastectomy. The terms of WHCRA provide:

1. All stages of reconstruction of the breast on which the mastectomy was performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. Prostheses; and,
4. Treatment of physical complications of all stages of mastectomy, including lymphedema.

For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate and as are consistent with those established for other benefits under the plan or coverage.

THE NEWBORNS’ AND MOTHERS’ HEALTH PROTECTION ACT

Under the provisions of The Newborns’ and Mothers’ Health Protection Act, group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a Caesarean section. However, federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

CREDITABLE COVERAGE DISCLOSURE:

Important Notice from the State of Ohio About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the State of Ohio and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

- The State of Ohio has determined that the prescription drug coverage offered by OptumRx is, on average for all Plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When can you join a Medicare drug plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from Oct. 15 to Dec. 7. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What happens to your current coverage if you decide to join a Medicare drug plan?

If you decide to join a Medicare drug plan, your current State of Ohio coverage will not be affected. The State of Ohio has determined that the prescription drug coverage offered by OptumRx is, on average for all Plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

Go to: das.ohio.gov/prescriptiondrug for more details on your prescription benefits.

If you decide to join a Medicare Drug Plan and drop your current state medical coverage, be aware that you and your dependents will not be able to get this coverage back unless you experience a qualifying event or sign up during Open Enrollment.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with the State of Ohio and don’t join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1 percent of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19 percent higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

NOTICE REGARDING WELLNESS PROGRAM

Take Charge! Live Well! is a voluntary wellness program available to all employees enrolled in the State of Ohio medical plan. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary health risk assessment or “HRA” that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You also will be asked to complete a biometric screening, which will include a blood test for total cholesterol, high density lipoprotein (HDL), low density lipoprotein (LDL), triglycerides, and blood glucose. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program will receive an incentive of up to $50 for completion of the HRA and $100 for completion of a biometric screening. Although you are not required to complete the HRA or participate in the biometric screening, only employees who do so will receive the incentive.

Additional incentives of up to $200 may be available for employees who participate in certain health-related activities such as health coaching and online participation in health and wellness lessons and/or challenges. If you are unable to participate in any of the health-related activities required to earn an incentive, you may be entitled to a reasonable accommodation. You may request a reasonable accommodation by contacting Beth Kim, State of Ohio Wellness program manager, at 614-728-5478.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as health coaching and QuitNet. You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and the State of Ohio may use aggregate information it collects to design a program based on identified health risks in the workplace, Take Charge! Live Well! will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is the health coaching staff at Healthways, in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact Beth Kim at 614-728-5478.

Glossary

When reviewing information about your health care coverage options, it is helpful to understand some of the basic terms and concepts.

**Benefit Year/Plan Year:** The 12-month period from July 1 through June 30 during which services are rendered and your deductible and coinsurance are accumulated.

**Biometric Screening:** A private screening with a health professional that provides a snapshot of your health. The screening includes cholesterol (total), HDL, LDL, blood glucose, blood pressure, height, weight and waist circumference.

**Change in Status/Qualifying Event:** A change in your life that allows you to enroll or make an adjustment to your existing coverage. Examples include marriage, divorce, birth or adoption of a child, or a change in job status for you or a dependent.

**Coinsurance:** The percentage of eligible expenses that the health care plan pays after the annual deductible is met. For example, an 80 percent coinsurance rate means you pay 20 percent and the plan pays 80 percent.

**Copay:** A specified dollar amount you pay to a health care provider or pharmacy for eligible expenses such as office visits and prescriptions. Copays do not count toward your annual deductible.

**Covered Person:** The employee, the employee’s spouse and/or dependent children who are eligible and enrolled under your health care plan.

**Covered Services:** Those services and supplies provided for the purpose of preventing, diagnosing or treating a medical condition, behavioral disorder, psychological injury or substance use addiction for which the plan will provide benefits.

**Deductible:** The amount you pay for eligible expenses each plan year before the plan begins to pay anything. This does not apply to preventive services covered at 100 percent.

**Dependent(s):** A spouse and/or an eligible child or children.

**Eligible Expense:** The maximum amount on which payment is based for covered health care services. You may be required to pay a percentage of Eligible Expenses in the form of Coinsurance.

**Employee Share or Contribution:** The portion of the total premium that you pay through pre-tax payroll deductions for your coverage.

**Exempt Employee:** An appointment to a position not represented by a labor union. Employees are usually exempt from union representation because they are supervisors, in positions of a confidential or fiduciary nature or not in permanent appointments.

**Flexible Spending Accounts (FSA):** A type of savings account that provides the account holder with specific tax advantages.

The account allows employees to contribute a portion of his or her regular earnings to pay for qualified expenses, such as for medical or dependent care. The two types of FSAs are health care spending accounts and dependent care spending accounts.

**Out-of-pocket Maximum:** The cap or maximum amount you pay for eligible out-of-pocket health care expenses during the plan year. After your out-of-pocket expenses reach the maximum, the plan pays 100 percent of any additional eligible expenses for the remainder of the plan year. There is a separate out-of-pocket maximum for prescription drugs.

**Patient Protection and Affordable Care Act (also known as the Affordable Care Act or PPACA or simply ACA):** The health reform legislation passed by Congress and signed into law in March 2010 by the president of the United States.

**Preferred Provider Organization (PPO):** A PPO is a medical plan that offers benefits at both network and non-network levels. When you enroll in the Ohio Med PPO, you may visit any doctor and receive benefits. However, the benefit is greater when you use network providers, but less when you use providers who are not part of the network.

**State Share or Contribution:** The portion of the total premium the State of Ohio pays to provide its employees with coverage.

**Summary of Benefits and Coverage (SBC):** A requirement of the Patient Protection and Affordable Care Act, the SBC is a concise four-page document that details simple and consistent information about health plan benefits and coverage. It will help you understand the basics of your coverage and allow you to compare any different coverage options you may have. It summarizes the key features of the plan, such as covered benefits, cost-sharing provisions, and limitations and exceptions. All insurance companies and group health plans must use the same standard SBC form. The SBC also contains a link to the required Uniform Glossary, which provides definitions of many commonly used health coverage and medical terms. For full details, visit das.ohio.gov/benefits.

**Third-Party Administrator (TPA):** An organization or company that processes claims and other aspects of employee benefits plans on behalf of an employer. For example, Aetna, Anthem and Medical Mutual are the third-party administrators of the Ohio Med PPO.

**Total Premium:** The combination of the employee contribution and the state contribution.

**Union-Represented Employee:** Also known as a Bargaining Unit Employee, is represented by a labor union and covered by the terms of a collective bargaining agreement.

**Well-Being 5 Survey:** A confidential questionnaire that assesses your physical, emotional, financial and social health and how your lifestyle habits affect your overall well-being.
Children of parents who talk to their teens about drugs are 50% less likely to use.
