Get out of the weeds. Delegate, with a system that trusts and verifies.

[Strategic Thinking: The Difference Between a Leader and a Manager](#)

By: Max McKeown **Video:** 3 Minute

Leaders see the big picture, how things are connected to the future, and how to get out of the box. Managers concentrate on the here and now.

[Strategic Communication Improves Perceptions of Strategic Thinking](#)

By: Kelly Watson **Video:** 5 Minutes

High-performing women who over-communicate come across to others as being less strategic.

[Finding the Best Solution: Use Line-Thinking to Connect the Dots](#)

By: Steve Shapiro **Video:** 3 Minutes

Jobs said creativity is having enough dots to connect—finding solutions in different places. Asking for uses of a brick is different from asking to connect a brick to a random object.

[Leading Through Critical Thinking](#)

By: Dwayne Spradlin **Video:** 2 Minutes

Leaders today need better critical thinking and problem solving skills—a focus on what questions to ask and how to approach the answers to those questions.
