Conflict Resolution

Conflict in the workplace is inevitable, that is not always an undesirable thing. In fact, conflict is often a healthy stimulus to creativity, problem solving, decision making, and growth. However, conflict, when hurtful or unresolved, puts distance between people who need to work together, and often results in a loss of talent. Employees must learn to recognize the signs of unhealthy conflict and take steps to prevent it.

The resources below are available through Learning on Demand to assist you in exploring more on the topic of Conflict Resolution.

- Facing and Resolving Conflict in the Workplace -- Course: 30 Minutes
- Working out and Through Conflict -- Course: 29 Minutes
