A NEW YEAR, A NEW YOU

A New Year's resolution should be about what you gain, not what you lose. Each year, many people resolve to eliminate things such as old behaviors and habits in their lives. Why not make this year about learning something instead? With Learning on Demand, you can explore, learn, and develop new skills or refresh old skills.

To get the most out of the available LOD resources explore professional certifications such as Project Management (PMI), Society for Human Resource Management (SHRM), International Institute of Business Analysis (IIBA™), and CompTIA to name a few.

More information on career development and other valuable resources is available to exempt employees and IT professionals via Learning on Demand.
