

Signing in to the Skillsoft Mobile App

Please follow the steps below to download and access Skillsoft App for Mobile Devices.

To Sign in to the App

1. Before you download the Skillsoft Learning App, clear the cookies from your desktop browser that you normally use to access Learning on Demand.
2. At Google play or the Apple App Store, download the Skillsoft Learning app.
3. From the app launch page tap **Sign In**.
4. Enter LearningonDemand in the Skillport Name field and tap **Next**. This is the name of your SkillPort site.
 - a. **Note:** You only need to enter the site name, not a complete URL. For example, if your site is called *learningondemand*, you only need to type *learningondemand*.
5. When prompted, enter your Skillport username and password and then tap **Sign In**.
 - a. **Note:** Skillport sites with Single Sign-On (SSO) configured may have a slightly different login experience.
6. **You will be sent to myohio.gov** for authentication.

Enter your State User ID and your State User password. Once you do this **STOP**, do not enter the dx.myohio.gov portal. It may take a few minutes to be re-directed back to the Skillsoft Learning App the first time. You are now ready to enjoy Learning on Demand on your mobile device
