

**STATE OF OHIO (DAS)
CLASSIFICATION
SPECIFICATION**

<u>CLASSIFICATION SERIES:</u> Architect	<u>SERIES NO.:</u> 8511
<u>MAJOR AGENCIES:</u> Adjutant General, Administrative Services, Industrial Relations, Mental Health, Developmental Disabilities, Natural Resources, Opportunities for Ohioans with Disabilities, Transportation	<u>EFFECTIVE DATE:</u> 02/18/2018

SERIES PURPOSE:
The purpose of the architect occupation is to provide &/or review architectural drawings & plans for construction of new facilities &/or improvements/alterations of existing facilities & provide related architectural services.

At the lowest level, incumbents, under close supervision from licensed architect, assist licensed architects &/or engineers.

At the second level, incumbents, under supervision of licensed architect, plan & design projects, prepare drawings & specifications & assist in monitoring construction of projects.

At the full performance level, incumbents prepare &/or review drawings & specifications & oversee projects or resolve construction claims/disputes between contractors & employing agency & act as project manager.

At the administrative level, one incumbent acts as either the Construction Codes Certification Engineer or the Code & Certification Construction Architect by providing technical expertise in respective area to assist the Board of Building Standards in promulgating construction codes for the State of Ohio & develop & administer technical programs for the Board of Building Standards.

At the highest level, incumbents administer & coordinate activity affecting the planning & construction of state &/or community owned capital improvement projects funded by given department, or administer architectural services section of assigned agency & supervise assigned personnel.

Note: Only licensed architects are professionally responsible for architectural building design work as the designer of record.

<u>CLASS TITLE</u>	<u>CLASS NUMBER</u>	<u>PAY RANGE</u>	<u>EFFECTIVE</u>
Designer 1	85110	30	05/14/1995

CLASS CONCEPT:
The entry level class works under close supervision from licensed architect or engineer & requires working knowledge of architecture & engineering mechanics & graphics in order to assist in reviewing architectural drawings & plans for new construction &/or improvements/alterations of existing facilities.

<u>CLASS TITLE</u>	<u>CLASS NUMBER</u>	<u>PAY RANGE</u>	<u>EFFECTIVE</u>
Designer 2	85111	32	05/14/1995

CLASS CONCEPT:
The developmental level class works under supervision from licensed architect & requires working knowledge of architecture & engineering mechanics & graphics in order to plan & design projects for repair, alteration or improvement of existing facilities or construction of new facilities & assist in monitoring construction of projects.

<u>CLASS TITLE</u>	<u>CLASS NUMBER</u>	<u>PAY RANGE</u>	<u>EFFECTIVE</u>
Architect	85113	34	05/14/1995

CLASS CONCEPT:
The full performance level class works under direction & requires thorough knowledge of architecture & engineering mechanics & graphics in order to plan &/or review, design & oversee projects for construction &/or improvement/alteration of facilities or resolve construction claims/disputes between contractors & employing agency, serve as staff specialist providing technical assistance on architectural matters, act as project manager (i.e., provides work direction & training) over lower-level architectural staff & sign & seal architectural drawings as licensed architect.

CLASS TITLE

Assistant Architect Administrator

CLASS NUMBER

85116

PAY RANGE

15

EFFECTIVE

01/09/2005

CLASS CONCEPT:

The administrative level class works under general direction & requires extensive knowledge of architecture or engineering & related laws & rules & national codes & standards in order to act as Construction Codes Certification Engineer or Code & Certification Construction Architect to assist Board of Building Standards in promulgating construction codes for State of Ohio & develop & administer technical programs for Board of Building Standards (i.e., classification is restricted to Ohio Department of Commerce).

CLASS TITLE

Architect Administrator

CLASS NUMBER

85117

PAY RANGE

EFFECTIVE

11/25/2001

CLASS CONCEPT:

The managerial level class works under general direction & requires extensive knowledge of architecture & engineering mechanics & graphics in order to administer overall architectural services program & supervise personnel for assigned agency, or administer & coordinate activity affecting planning & construction of state &/or community owned capital improvement projects funded by given department & sign & seal architectural drawings as licensed architect.

<u>CLASS TITLE</u>	<u>CLASS NUMBER</u>	<u>B. U.</u>	<u>EFFECTIVE</u>	<u>PAY RANGE</u>
Designer 1	85110	13	05/14/1995	30

JOB DUTIES IN ORDER OF IMPORTANCE: (These duties are illustrative only. Incumbents may perform some or all of these duties or other job-related duties as assigned.)

Under close supervision from licensed architect, assists licensed architect or engineer in completion of portion of project (e.g., assists in preparation of construction drawings using drafting equipment; researches building codes; assists in performing field measurements of facilities; calculates material & labor costs for projects; assists in performing inspections of project sites to ensure compliance with plans & specifications).

Prepares project progress reports, daily work logs & project completion reports; posts changes & updates reference information; maintains active project files; gathers, reads & maintains literature & confers with architect &/or engineers to keep abreast of changes in & improve knowledge of field of architecture &/or civil engineering.

MAJOR WORKER CHARACTERISTICS:

Knowledge of architecture & engineering mechanics & graphics; Ohio building codes & related regulations applicable to projects*. Skill in use of manual drafting &/or automated engineering hardware & software. Ability to review &/or draw plans & specifications in compliance with applicable building codes & related regulations; gather, collate & classify information about data, people or things; cooperate with co-workers on group projects.

(*)Developed after employment.

MINIMUM CLASS QUALIFICATIONS FOR EMPLOYMENT:

Completion of associate core program in architecture.

TRAINING AND DEVELOPMENT REQUIRED TO REMAIN IN THE CLASSIFICATION AFTER EMPLOYMENT:

Not applicable.

UNUSUAL WORKING CONDITIONS:

May require travel.

<u>CLASS TITLE</u>	<u>CLASS NUMBER</u>	<u>B. U.</u>	<u>EFFECTIVE</u>	<u>PAY RANGE</u>
Designer 2	85111	13	05/14/1995	32

JOB DUTIES IN ORDER OF IMPORTANCE: (These duties are illustrative only. Incumbents may perform some or all of these duties or other job-related duties as assigned.)

Under supervision from licensed architect, completes project-wide assignments (e.g., prepares preliminary & final plans, specifications & cost estimates & reviews plans & drawings for compliance with state & federal laws) & submits completed plans to licensed architect for review & signature & seal by licensed architect.

Assists in monitoring construction of assigned projects; researches & analyzes information to make recommendations to resolve disputes; reviews shop drawings & recommends approval or disapproval; prepares progress reports; gathers & maintains literature & confers with architects & engineers.

MAJOR WORKER CHARACTERISTICS:

Knowledge of architecture & engineering mechanics & graphics; Ohio building codes & related regulations applicable to projects*. Skill in use of manual drafting &/or automated engineering hardware & software. Ability to review &/or draw plans & specifications in compliance with applicable building codes & related regulations; gather, collate & classify information about data, people or things; cooperate with co-workers on group projects.

(*)Developed after employment.

MINIMUM CLASS QUALIFICATIONS FOR EMPLOYMENT:

Completion of undergraduate core program in architecture; 12 mos. trg. or 12 mos. exp. in architectural drafting.

-Or completion of associate core program; 36 mos. trg. & 36 mos. exp. in architectural drafting.

TRAINING AND DEVELOPMENT REQUIRED TO REMAIN IN THE CLASSIFICATION AFTER EMPLOYMENT:

Not applicable.

UNUSUAL WORKING CONDITIONS:

May require travel.
