**CLASSIFICATION SERIES:**
Health Care Facilities Surveyor (Maternity)

**SERIES NO.:**
6154

**MAJOR AGENCIES:**
Health only

**EFFECTIVE DATE:**
03/25/2001

**SERIES PURPOSE:**
The purpose of the health care facilities surveyor (maternity) occupation is to conduct onsite inspections &/or surveys of hospital-based maternity units, freestanding birthing centers, & maternity homes in order to determine provider compliance with applicable technical laws & rules. The focus of the inspections, consultations, & technical assistance will vary based upon the employee’s level of expertise.

At the lowest level, incumbents receive training & orientation on inspection protocols & tasks, organization operational procedures, & laws & rules pertinent to hospital-based maternity units, freestanding birthing centers, & maternity homes.

At the second level, incumbents provide consultation & technical assistance, & conduct onsite inspections independently, as part of a team, or as a team leader for inspection type. When assigned, they will also precept newer surveyors.

---
