The board, in consultation with the superintendent of insurance, shall negotiate with and, in accordance with the competitive selection procedures of Chapter 125. of the Revised Code, contract with one or more insurance companies authorized to do business in this state for the issuance of the plans. (2) Prior to soliciting proposals from insurance companies for the issuance of medical plans, the board shall determine what geographic regions exist in the state based on the availability of providers, networks, costs, and other factors relating to providing health care benefits. The board shall then determine what medical plans are offered by school districts and existing consortiums in the state. The board shall determine what medical plan offered by a school district or existing consortium in the region offers the lowest premium cost plan.
(3) The board shall develop a request for proposals and solicit bids for medical plans for the school districts in a region similar to the existing plans. The board shall also determine the benefits offered by existing medical plans, the employees' costs, and the cost-sharing arrangements used by public schools participating in a consortium. The board shall determine what strategies are used by the existing medical plans to manage health care costs and shall study the potential benefits of state or regional consortiums of public schools offering multiple health care plans.

(4) As used in this section, a "medical plan" includes group policies, contracts, and agreements that provide hospital, surgical, or medical expense coverage, including self-insured plans. A "medical plan" does not include an individual plan offered to the employees of a public school, or a plan that provides coverage only for specific disease or accidents, or a hospital indemnity, medicare supplement, or other plan that provides only supplemental benefits, paid for by the employees of a public school.

If a warrant for the payment of money from the state treasury has been illegally or improperly issued by the auditor of state, or the amount of a warrant issued by him exceeds the sum which should have been named therein, and payment of such warrant or excess has been made by the treasurer of state, the director of budget and management shall, unless the account of the appropriation from which it was paid has been closed, credit the amount collected to such appropriation; but, if such account has been closed, the director shall credit the amount so collected to the fund on which the warrant was originally drawn.

Sec. 120.36. (A) If (1) Subject to division (A)(2), (3), (4), (5), or (6) of this section, if a person who is a defendant in a criminal case or a party in a
case in juvenile court requests or is provided a state public defender, a county or joint county public defender, or any other counsel appointed by the court, the court in which the criminal case is initially filed or the juvenile court, whichever is applicable, shall assess, unless the application fee is waived or reduced, a non-refundable application fee of twenty-five dollars.

The court shall direct the person to pay the application fee to the clerk of court. The person shall pay the application fee to the clerk of court at the time the person files an affidavit of indigency or a financial disclosure form with the court, a state public defender, a county or joint county public defender, or any other counsel appointed by the court or within seven days of that date. If the person does not pay the application fee within that seven-day period, the court shall assess the application fee at sentencing or at the final disposition of the case.

If a case involving a felony that was initially filed in a municipal court or a county court is bound over to the court of common pleas and the defendant in the case failed to pay the application fee in the municipal court or county court, the court of common pleas shall assess the application fee at the initial appearance of the defendant in the court of common pleas. If a case involving an alleged delinquent child is transferred to the court of common pleas for prosecution of the involved child as an adult and if the involved child failed to pay the fee in the juvenile court, the court of common pleas shall assess the application fee at the initial appearance of the child in the court of common pleas.

(4) The court shall not assess an application fee for a postconviction proceeding or when the defendant files an appeal.

(5)(a) Except when the court assesses an application fee pursuant to division (A)(5)(b) of this section, the court shall assess an application fee when a person is charged with a violation of a community control sanction or a violation of a post-release control sanction.

(b) If a charge of violating a community control sanction or post-release control sanction described in division (A)(5)(a) of this section results in a
person also being charged with violating any provision of the Revised Code or an ordinance of a municipal corporation, the court shall only assess an application fee for the case that results from the additional charge. 

(6) If a case is transferred from one court to another court and the person failed to pay the application fee to the court that initially assessed the application fee, the court that initially assessed the fee shall remove the assessment, and the court to which the case was transferred shall assess the application fee.

(7) The court shall assess an application fee pursuant to this section one time per case. An appeal shall not be considered a separate case for the purpose of assessing the application fee. (B) No court, state public defender, county or joint county public defender, or other counsel appointed by the court shall deny a person the assistance of counsel solely due to the person's failure to pay the application fee assessed pursuant to division (A) of this section. A person's present inability, failure, or refusal to pay the application fee shall not disqualify that person from legal representation.

(C) The application fee assessed pursuant to division (A) of this section is separate from and in addition to any other amount assessed against a person who is found to be able to contribute toward the cost of the person's legal representation pursuant to division (D) of section 2941.51 of the Revised Code.

(D) The clerk of the court that assessed the fees shall forward all application fees collected pursuant to this section to the county treasurer for deposit in the county treasury. The county shall retain eighty per cent of the application fees so collected to offset the costs of providing legal representation to indigent persons. Each Not later than the last day of each month, the county auditor shall remit twenty per cent of the application fees so collected in the previous month to the state public defender. The state public defender shall deposit the remitted fees into the state treasury to the credit of the client payment fund created pursuant to division (B)(5) of
section 120.04 of the Revised Code. The state public defender may use that money in accordance with that section.

(E) On or before the first day of March of each year twentieth day of each month beginning in February of the year 2007, each clerk of court shall provide to the state public defender and the state auditor a report including all of the following:

(C) The Ohio legal assistance foundation shall determine whether each applicant that filed an application for financial assistance under division (A) of this section in a calendar year is eligible for financial assistance under this section. To be eligible for such financial assistance, an applicant shall satisfy the criteria for being a legal aid society and shall be in compliance with the provisions of sections 120.51 to 120.55 of the Revised Code and with the rules and requirements the foundation establishes pursuant to section 120.52 of the Revised Code. The Ohio legal assistance foundation then, on or before the fifteenth day of December of the calendar year in which the application is filed, shall notify each such applicant, in writing, whether it is eligible for financial assistance under this section, and if it is eligible, estimate the amount that will be available for that applicant for each six-month distribution period, as determined under division (D) of this section.

(D) The Ohio legal assistance foundation shall allocate moneys contained in the legal aid fund twice each year monthly for distribution to applicants that filed their applications in the previous calendar year and were determined to be eligible applicants.

All moneys contained in the fund on the first day of January of a calendar year each month shall be allocated, after deduction of the costs of administering sections 120.51 to 120.55 and sections 1901.26, 1907.24, 2303.201, 3953.231, 4705.09, and 4705.10 of the Revised Code that are authorized by section 120.52 of the Revised Code, according to this section and shall be distributed accordingly on the thirty first day of January of that calendar year, and all moneys contained in the fund on the first day of July of that calendar year shall be allocated, after deduction of the costs of administering those sections that are authorized by section 120.52 of the Revised Code, according to this section and shall be distributed accordingly on the thirty first day of July of that calendar year not later than the last day of the month following the month the moneys were received. of such moneys shall be apportioned as follows:

(1) After deduction of the amount authorized and used for actual, reasonable administrative costs under section 120.52 of the Revised Code:

(a) Five per cent of the moneys remaining in the fund shall be reserved for use in the manner described in division (A) of section 120.521 of the Revised Code or for distribution to legal aid societies that provide assistance to special population groups of their eligible clients, engage in special projects that have a substantial impact on their local service area or on significant segments of the state's poverty population, or provide legal training or support to other legal aid societies in the state;

(b) After deduction of the amount described in division (D)(1)(a) of this section, one and three-quarters per cent of the moneys remaining in the fund shall be apportioned among entities that received financial assistance from the legal aid fund prior to the effective date of this amendment but that, on and after the effective date of this amendment, no longer qualify as a legal aid society that is eligible for financial assistance under this section.

(c) After deduction of the amounts described in divisions (D)(1)(a) and (b) of this section, fifteen per cent of the moneys remaining in the fund shall be placed in the legal assistance foundation fund for use in the manner described in division (A) of section 120.521 of the Revised Code.

(2) After deduction of the actual, reasonable administrative costs under section 120.52 of the Revised Code and after deduction of the amounts identified in divisions (D)(1)(a), (b), and (c) of this section, the remaining moneys shall be apportioned among the counties that are served by eligible legal aid societies that have applied for financial assistance under this section so that each such county is apportioned a portion of those moneys, based upon the ratio of the number of indigents who reside in that county to the total number of indigents who reside in all counties of this state that are served by eligible legal aid societies that have applied for financial assistance under this section. Subject to division (E) of this section, the moneys apportioned to a county under this division then shall be allocated to the eligible legal aid society that serves the county and that has applied for financial assistance under this section. For purposes of this division, the source of data identifying the number of indigent persons who reside in a county shall be the most recent decennial census figures from the United States department of commerce, division of census.

(E) If the Ohio legal assistance foundation, in attempting to make an allocation of moneys under division (D)(2) of this section, determines that a county that has been apportioned money under that division is served by more than one eligible legal aid society that has applied for financial
assistance under this section, the Ohio legal assistance foundation shall allocate the moneys that have been apportioned to that county under division (D)(2) of this section among all eligible legal aid societies that serve that county and that have applied for financial assistance under this section on a pro rata basis, so that each such eligible society is allocated a portion based upon the amount of its total budget expended in the prior calendar year for legal services in that county as compared to the total amount expended in the prior calendar year for legal services in that county by all eligible legal aid societies that serve that county and that have applied for financial assistance under this section.

(F) Moneys allocated to eligible applicants under this section shall be paid twice annually, on the thirty-first day of January and on the thirty-first day of July of monthly beginning the calendar year following the calendar year in which the application is filed.

(G)(1) A legal aid society that receives financial assistance in any calendar year under this section shall file an annual report with the Ohio legal assistance foundation detailing the number and types of cases handled, and the amount and types of legal training, legal technical assistance, and other service provided, by means of that financial assistance. No information contained in the report shall identify or enable the identification of any person served by the legal aid society or in any way breach client confidentiality.

(2) The Ohio legal assistance foundation shall make an annual report to the governor, the general assembly, and the supreme court on the distribution and use of the legal aid fund. The foundation also shall include in the annual report an audited financial statement of all gifts, bequests, donations, contributions, and other moneys the foundation receives. No information contained in the report shall identify or enable the identification of any person served by a legal aid society, or in any way breach confidentiality.

(H) A legal aid society may enter into agreements for the provision of services, programs, training, or legal technical assistance for the legal aid society or to indigent persons.

(3) The cabinet council shall provide for the following:
   (a) Reviews of service and treatment plans for children for which such reviews are requested;
   (b) Assistance as the council determines to be necessary to meet the needs of children referred by county family and children first councils;
   (c) Monitoring and supervision of a statewide, comprehensive, coordinated, multi-disciplinary, interagency system for infants and toddlers with developmental disabilities or delays and their families, as established pursuant to federal grants received and administered by the department of health for early intervention services under the "Individuals with Disabilities Education Act of 2004," 20 U.S.C.A. 1400, as amended.

   (B)(1) Each board of county commissioners shall establish a county family and children first council. The board may invite any local public or private agency or group that funds, advocates, or provides services to children and families to have a representative become a permanent or temporary member of its county council. Each county council must include the following individuals:
      (a) At least three individuals who are not employed by an agency represented on the council and whose families are or have received services from an agency represented on the council or another county's council. Where possible, the number of members representing families shall be equal to twenty per cent of the council's membership.
      (b) The director of the board of alcohol, drug addiction, and mental health services that serves the county, or, in the case of a county that has a board of alcohol and drug addiction services and a community mental health board, the directors of both boards. If a board of alcohol, drug addiction, and mental health services covers more than one county, the director may designate a person to participate on the county's council.
      (c) The health commissioner, or the commissioner's designee, of the board of health of each city and general health district in the county. If the county has two or more health districts, the health commissioner membership may be limited to the commissioners of the two districts with the largest populations.
      (d) The director of the county department of job and family services;
      (e) The executive director of the public children services agency;
      (f) The superintendent of the county board of mental retardation and developmental disabilities;
(g) The county's juvenile court judge senior in service or another judge of the juvenile court designated by the administrative judge or, where there is no administrative judge, by the judge senior in service;

(h) The superintendent of the city, exempted village, or local school district with the largest number of pupils residing in the county, as determined by the department of education, which shall notify each board of county commissioners of its determination at least biennially;

(i) A school superintendent representing all other school districts with territory in the county, as designated at a biennial meeting of the superintendents of those districts;

(j) A representative of the municipal corporation with the largest population in the county;

(k) The president of the board of county commissioners or an individual designated by the board;

(l) A representative of the regional office of the department of youth services;

(m) A representative of the county's head start agencies, as defined in section 3301.32 of the Revised Code;

(n) A representative of the county's early intervention collaborative established pursuant to the federal early intervention program operated under the "Education of the Handicapped Act Amendments of 1986";

(o) A representative of a local nonprofit entity that funds, advocates, or provides services to children and families.

Notwithstanding any other provision of law, the public members of a county council are not prohibited from serving on the council and making decisions regarding the duties of the council, including those involving the funding of joint projects and those outlined in the county's service coordination mechanism implemented pursuant to division (C) of this section.

The cabinet council shall establish a state appeals process to resolve disputes among the members of a county council concerning whether reasonable responsibilities as members are being shared. The appeals process may be accessed only by a majority vote of the council members who are required to serve on the council. Upon appeal, the cabinet council may order that state funds for services to children and families be redirected to a county's board of county commissioners.

(2) The purpose of the county council is to streamline and coordinate existing government services for families seeking services for their children. In seeking to fulfill its purpose, a county council shall provide for the following:
(a) Referrals to the cabinet council of those children for whom the county council cannot provide adequate services;

(b) Development and implementation of a process that annually evaluates and prioritizes services, fills service gaps where possible, and invents new approaches to achieve better results for families and children;

(c) Participation in the development of a countywide, comprehensive, coordinated, multi-disciplinary, interagency system for infants and toddlers with developmental disabilities or delays and their families, as established pursuant to federal grants received and administered by the department of health for early intervention services under the "Education of the Handicapped Act Amendments of 1986";

(d) Maintenance of an accountability system to monitor the county council's progress in achieving results for families and children;

(e) Establishment of a mechanism to ensure ongoing input from a broad representation of families who are receiving services within the county system.

(3)(a) Except as provided in division (B)(3)(b) of this section, a county council shall comply with the policies, procedures, and activities prescribed by the rules or interagency agreements of a state department participating on the cabinet council whenever the county council performs a function subject to those rules or agreements.

(b) On application of a county council, the cabinet council may grant an exemption from any rules or interagency agreements of a state department participating on the council if an exemption is necessary for the council to implement an alternative program or approach for service delivery to families and children. The application shall describe the proposed program or approach and specify the rules or interagency agreements from which an exemption is necessary. The cabinet council shall approve or disapprove the application in accordance with standards and procedures it shall adopt. If an application is approved, the exemption is effective only while the program or approach is being implemented, including a reasonable period during which the program or approach is being evaluated for effectiveness.

(4)(a) Each county council shall designate an administrative agent for the council from among the following public entities: the board of alcohol, drug addiction, and mental health services, including a board of alcohol and drug addiction or a community mental health board if the county is served by separate boards; the board of county commissioners; any board of health of the county's city and general health districts; the county department of job and family services; the county agency responsible for the administration of children services pursuant to section 5153.15 of the Revised Code; the
county board of mental retardation and developmental disabilities; any of the county's boards of education or governing boards of educational service centers; or the county's juvenile court. Any of the foregoing public entities, other than the board of county commissioners, may decline to serve as the council's administrative agent.

A county council's administrative agent shall serve as the council's appointing authority for any employees of the council. The council shall file an annual budget with its administrative agent, with copies filed with the county auditor and with the board of county commissioners, unless the board is serving as the council's administrative agent. The council's administrative agent shall ensure that all expenditures are handled in accordance with policies, procedures, and activities prescribed by state departments in rules or interagency agreements that are applicable to the council's functions.

The administrative agent for a county council may do any of the following on behalf of the council:

(i) Enter into agreements or administer contracts with public or private entities to fulfill specific council business. Such agreements and contracts are exempt from the competitive bidding requirements of section 307.86 of the Revised Code if they have been approved by the county council and they are for the purchase of family and child welfare or child protection services or other social or job and family services for families and children. The approval of the county council is not required to exempt agreements or contracts entered into under section 5139.34, 5139.41, or 5139.43 of the Revised Code from the competitive bidding requirements of section 307.86 of the Revised Code.

(ii) As determined by the council, provide financial stipends, reimbursements, or both, to family representatives for expenses related to council activity;

(iii) Receive by gift, grant, devise, or bequest any moneys, lands, or other property for the purposes for which the council is established. The agent shall hold, apply, and dispose of the moneys, lands, or other property according to the terms of the gift, grant, devise, or bequest. Any interest or earnings shall be treated in the same manner and are subject to the same terms as the gift, grant, devise, or bequest from which it accrues.

(b)(i) If the county council designates the board of county commissioners as its administrative agent, the board may, by resolution, delegate any of its powers and duties as administrative agent to an executive committee the board establishes from the membership of the county council. The board shall name to the executive committee at least the individuals...
described in divisions (B)(1)(a) to (i) of this section and may appoint the
president of the board or another individual as the chair of the executive
committee. The executive committee must include at least one family
county council representative who does not have a family member
employed by an agency represented on the council.

(ii) The executive committee may, with the approval of the board, hire
an executive director to assist the county council in administering its powers
and duties. The executive director shall serve in the unclassified civil service
at the pleasure of the executive committee. The executive director may, with
the approval of the executive committee, hire other employees as necessary
to properly conduct the county council's business.

(iii) The board may require the executive committee to submit an annual
budget to the board for approval and may amend or repeal the resolution that
delegated to the executive committee its authority as the county council's
administrative agent.

(5) Two or more county councils may enter into an agreement to
administer their county councils jointly by creating a regional family and
children first council. A regional council possesses the same duties and
authority possessed by a county council, except that the duties and authority
apply regionally rather than to individual counties. Prior to entering into an
agreement to create a regional council, the members of each county council
to be part of the regional council shall meet to determine whether all or part
of the members of each county council will serve as members of the
regional council.

(6) A board of county commissioners may approve a resolution by a
majority vote of the board's members that requires the county council to
submit a statement to the board each time the council proposes to enter into
an agreement, adopt a plan, or make a decision, other than a decision
pursuant to section 121.38 of the Revised Code, that requires the
expenditure of funds for two or more families. The statement shall describe
the proposed agreement, plan, or decision.

Not later than fifteen days after the board receives the statement, it shall,
by resolution approved by a majority of its members, approve or disapprove
the agreement, plan, or decision. Failure of the board to pass a resolution
during that time period shall be considered approval of the agreement, plan,
or decision.

An agreement, plan, or decision for which a statement is required to be
submitted to the board shall be implemented only if it is approved by the
board.

(C) Each county shall develop a county service coordination
mechanism. The county service coordination mechanism shall serve as the
guiding document for coordination of services in the county. For children
who also receive services under the help me grow program, the service
coordination mechanism shall be consistent with rules adopted by the
department of health under section 3701.61 of the Revised Code. All family
service coordination plans shall be developed in accordance with the county
service coordination mechanism. The mechanism shall be developed and
approved with the participation of the county entities representing child
welfare; mental retardation and developmental disabilities; alcohol, drug
addiction, and mental health services; health; juvenile judges; education; the
county family and children first council; and the county early intervention
collaborative established pursuant to the federal early intervention program
operated under the "Education of the Handicapped Act Amendments of
1986." The county shall establish an implementation schedule for the
mechanism. The cabinet council may monitor the implementation and
administration of each county's service coordination mechanism.

Each mechanism shall include all of the following:

1. A procedure for an agency, including a juvenile court, or a family
   voluntarily seeking service coordination, to refer the child and family to the
   county council for service coordination in accordance with the county
   service coordination mechanism;

2. A procedure ensuring that a family and all appropriate staff from
   involved agencies, including a representative from the appropriate school
   district, are notified of and invited to participate in all family service
   coordination plan meetings;

3. A procedure that permits a family to initiate a meeting to develop or
   review the family's service coordination plan and allows the family to invite
   a family advocate, mentor, or support person of the family's choice to
   participate in any such meeting;

4. A procedure for ensuring that a family service coordination plan
   meeting is conducted before a non-emergency for each child who receives
   service coordination under the mechanism and for whom an emergency
   out-of-home placement for all multi need children, or has been made or for
   whom a nonemergency out-of-home placement is being considered. The
   meeting shall be conducted within ten days of an emergency out-of-home
   placement for emergency placements of multi need children. The meeting
   shall be conducted before a nonemergency out-of-home placement. The
   family service coordination plan shall outline how the county council
   members will jointly pay for services, where applicable, and provide
   services in the least restrictive environment.
(5) A procedure for monitoring the progress and tracking the outcomes of each service coordination plan requested in the county including monitoring and tracking children in out-of-home placements to assure continued progress, appropriateness of placement, and continuity of care after discharge from placement with appropriate arrangements for housing, treatment, and education.

(6) A procedure for protecting the confidentiality of all personal family information disclosed during service coordination meetings or contained in the comprehensive family service coordination plan.

(7) A procedure for assessing the needs and strengths of any child or family that has been referred to the council for service coordination, including a child whose parent or custodian is voluntarily seeking services, and for ensuring that parents and custodians are afforded the opportunity to participate;

(8) A procedure for development of a family service coordination plan described in division (D) of this section;

(9) A local dispute resolution process to serve as the process that must be used first to resolve disputes among the agencies represented on the county council concerning the provision of services to children, including children who are abused, neglected, dependent, unruly, alleged unruly, or delinquent children and under the jurisdiction of the juvenile court and children whose parents or custodians are voluntarily seeking services. The local dispute resolution process shall comply with section 121.38 of the Revised Code. The local dispute resolution process shall be used to resolve disputes between a child's parents or custodians and the county council regarding service coordination. The county council shall inform the parents or custodians of their right to use the dispute resolution process. Parents or custodians shall use existing local agency grievance procedures to address disputes not involving service coordination. The dispute resolution process is in addition to and does not replace other rights or procedures that parents or custodians may have under other sections of the Revised Code.

The cabinet council shall adopt rules in accordance with Chapter 119. of the Revised Code establishing an administrative review process to address problems that arise concerning the operation of a local dispute resolution process.

Nothing in division (C)(4) of this section shall be interpreted as overriding or affecting decisions of a juvenile court regarding an out-of-home placement, long-term placement, or emergency out-of-home placement.

(D) Each county shall develop a comprehensive family service
coordination plan that does all of the following:

(1) Designates service responsibilities among the various state and local agencies that provide services to children and their families, including children who are abused, neglected, dependent, unruly, or delinquent children and under the jurisdiction of the juvenile court and children whose parents or custodians are voluntarily seeking services;

(2) Designates an individual, approved by the family, to track the progress of the family service coordination plan, schedule reviews as necessary, and facilitate the family service coordination plan meeting process;

(3) Ensures that assistance and services to be provided are responsive to the strengths and needs of the family, as well as the family's culture, race, and ethnic group, by allowing the family to offer information and suggestions and participate in decisions. Identified assistance and services shall be provided in the least restrictive environment possible.

(4) Includes a process for dealing with a child who is alleged to be an unruly child. The process shall include methods to divert the child from the juvenile court system;

(5) Includes timelines for completion of goals specified in the plan with regular reviews scheduled to monitor progress toward those goals;

(6) Includes a plan for dealing with short-term crisis situations and safety concerns.

(E)(1) The process provided for under division (D)(4) of this section may include, but is not limited to, the following:

(a) Designation of the person or agency to conduct the assessment of the child and the child's family as described in division (C)(7) of this section and designation of the instrument or instruments to be used to conduct the assessment;

(b) An emphasis on the personal responsibilities of the child and the parental responsibilities of the parents, guardian, or custodian of the child;

(c) Involvement of local law enforcement agencies and officials.

(2) The method to divert a child from the juvenile court system that must be included in the service coordination process may include, but is not limited to, the following:

(a) The preparation of a complaint under section 2151.27 of the Revised Code alleging that the child is an unruly child and notifying the child and the parents, guardian, or custodian that the complaint has been prepared to encourage the child and the parents, guardian, or custodian to comply with other methods to divert the child from the juvenile court system;

(b) Conducting a meeting with the child, the parents, guardian, or
custodian, and other interested parties to determine the appropriate methods
to divert the child from the juvenile court system;

(c) A method to provide to the child and the child's family a short-term
respite from a short-term crisis situation involving a confrontation between
the child and the parents, guardian, or custodian;

(d) A program to provide a mentor to the child or the parents, guardian,
or custodian;

(e) A program to provide parenting education to the parents, guardian,
or custodian;

(f) An alternative school program for children who are truant from
school, repeatedly disruptive in school, or suspended or expelled from
school;

(g) Other appropriate measures, including, but not limited to, any
alternative methods to divert a child from the juvenile court system that are
identified by the Ohio family and children first cabinet council.

(F) Each county may review and revise the service coordination process
described in division (D) of this section based on the availability of funds
U.S.C.A. 601, as amended, or to the extent resources are available from any
other federal, state, or local funds.

Sec. 122.17. (A) As used in this section:

(1) "Full-time employee" means an individual who is employed for
consideration for at least thirty-five hours a week, or who renders any other
standard of service generally accepted by custom or specified by contract as
full-time employment.

(2) "New employee" means one of the following:

(a) A full-time employee first employed by a taxpayer in the project that
is the subject of the agreement after the taxpayer enters into a tax credit
agreement with the tax credit authority under this section;

(b) A full-time employee first employed by a taxpayer in the project that
is the subject of the tax credit after the tax credit authority approves a
project for a tax credit under this section in a public meeting, as long as the
taxpayer enters into the tax credit agreement prepared by the department of
development after such meeting within sixty days after receiving the
agreement from the department. If the taxpayer fails to enter into the
agreement within sixty days, "new employee" has the same meaning as
under division (A)(2)(a) of this section.

Under division (A)(2)(a) or (b) of this section, if the tax credit authority
determines it appropriate, "new employee" also may include an employee
re-hired or called back from lay-off to work in a new facility or on a new
product or service established or produced by the taxpayer after entering into the agreement under this section or after the tax credit authority approves the tax credit in a public meeting. Except as otherwise provided in this paragraph, "new employee" does not include any employee of the taxpayer who was previously employed in this state by a related member of the taxpayer and whose employment was shifted to the taxpayer after the taxpayer entered into the tax credit agreement or after the tax credit authority approved the credit in a public meeting, or any employee of the taxpayer for which the taxpayer has been granted a certificate under division (B) of section 5709.66 of the Revised Code. However, if the taxpayer is engaged in the enrichment and commercialization of uranium or uranium products or is engaged in research and development activities related thereto and if the tax credit authority determines it appropriate, "new employee" may include an employee of the taxpayer who was previously employed in this state by a related member of the taxpayer and whose employment was shifted to the taxpayer after the taxpayer entered into the tax credit agreement or after the tax credit authority approved the credit in a public meeting. "New employee" does not include an employee of the taxpayer who is employed in an employment position that was relocated to a project from other operations of the taxpayer in this state or from operations of a related member of the taxpayer in this state. In addition, "new employee" does not include a child, grandchild, parent, or spouse, other than a spouse who is legally separated from the individual, of any individual who is an employee of the taxpayer and who has a direct or indirect ownership interest of at least five per cent in the profits, capital, or value of the taxpayer. Such ownership interest shall be determined in accordance with section 1563 of the Internal Revenue Code and regulations prescribed thereunder.

(3) "New income tax revenue" means the total amount withheld under section 5747.06 of the Revised Code by the taxpayer during the taxable year, or during the calendar year that includes the tax period, from the compensation of new employees for the tax levied under Chapter 5747. of the Revised Code.

(4) "Related member" has the same meaning as under division (A)(6) of section 5733.042 of the Revised Code without regard to division (B) of that section.

(B) The tax credit authority may make grants under this section to foster job creation in this state. Such a grant shall take the form of a refundable credit allowed against the tax imposed by section 5725.18, 5729.03, 5733.06, or 5747.02 or levied under Chapter 5751. of the Revised Code. The credit shall be claimed for the taxable years or tax periods specified in the
taxpayer's agreement with the tax credit authority under division (D) of this section. With respect to taxes imposed under section 5733.06 or 5747.02 or Chapter 5751. of the Revised Code, the credit shall be claimed in the order required under section 5733.98, 5747.98, or 5751.98 of the Revised Code. The amount of the credit available for a taxable year or for a calendar year that includes a tax period equals the new income tax revenue for that year multiplied by the percentage specified in the agreement with the tax credit authority. Any credit granted under this section against the tax imposed by section 5733.06 or 5747.02 of the Revised Code, to the extent not fully utilized against such tax for taxable years ending prior to 2008, shall automatically be converted without any action taken by the tax credit authority to a credit against the tax levied under Chapter 5751. of the Revised Code for tax periods beginning on or after July 1, 2008, provided that the person to whom the credit was granted is subject to such tax. The converted credit shall apply to those calendar years in which the remaining taxable years specified in the agreement end.

(C) A taxpayer or potential taxpayer who proposes a project to create new jobs in this state may apply to the tax credit authority to enter into an agreement for a tax credit under this section. The director of development shall prescribe the form of the application. After receipt of an application, the authority may enter into an agreement with the taxpayer for a credit under this section if it determines all of the following:

(1) The taxpayer's project will create new jobs in this state;
(2) The taxpayer's project is economically sound and will benefit the people of this state by increasing opportunities for employment and strengthening the economy of this state;
(3) Receiving the tax credit is a major factor in the taxpayer's decision to go forward with the project.

(D) An agreement under this section shall include all of the following:

(1) A detailed description of the project that is the subject of the agreement;
(2) The term of the tax credit, which shall not exceed fifteen years, and the first taxable year, or first calendar year that includes a tax period, for which the credit may be claimed;
(3) A requirement that the taxpayer shall maintain operations at the project location for at least twice the number of years as the term of the tax credit;
(4) The percentage, as determined by the tax credit authority, of new income tax revenue that will be allowed as the amount of the credit for each taxable year or for each calendar year that includes a tax period;
(5) A specific method for determining how many new employees are employed during a taxable year or during a calendar year that includes a tax period;

(6) A requirement that the taxpayer annually shall report to the director of development the number of new employees, the new income tax revenue withheld in connection with the new employees, and any other information the director needs to perform the director's duties under this section;

(7) A requirement that the director of development annually shall verify the amounts reported under division (D)(6) of this section, and after doing so shall issue a certificate to the taxpayer stating that the amounts have been verified;

(8)(a) A provision requiring that the taxpayer, except as otherwise provided in division (D)(8)(b) of this section, shall not relocate employment positions from elsewhere in this state to the project site that is the subject of the agreement for the lesser of five years from the date the agreement is entered into or the number of years the taxpayer is entitled to claim the tax credit.

(b) The taxpayer may relocate employment positions from elsewhere in this state to the project site that is the subject of the agreement if the director of development determines both of the following:

(i) That the site from which the employment positions would be relocated is inadequate to meet market and industry conditions, expansion plans, consolidation plans, or other business considerations affecting the taxpayer;

(ii) That the legislative authority of the county, township, or municipal corporation from which the employment positions would be relocated has been notified of the relocation.

For purposes of this section, the movement of an employment position from one political subdivision to another political subdivision shall be considered a relocation of an employment position, but the transfer of an individual employee from one political subdivision to another political subdivision shall not be considered a relocation of an employment position as long as the individual's employment position in the first political subdivision is refilled.

(E) If a taxpayer fails to meet or comply with any condition or requirement set forth in a tax credit agreement, the tax credit authority may amend the agreement to reduce the percentage or term of the tax credit. The reduction of the percentage or term shall take effect in the taxable year immediately following the taxable year in which the authority amends the agreement or in the first tax period beginning in the calendar year
immediately following the calendar year in which the authority amends the agreement. If the taxpayer relocates employment positions in violation of the provision required under division (D)(8)(a) of this section, the taxpayer shall not claim the tax credit under section 5733.0610 of the Revised Code for any tax years following the calendar year in which the relocation occurs, or shall not claim the tax credit under section 5725.32, 5729.032, or 5747.058 of the Revised Code for the taxable year in which the relocation occurs and any subsequent taxable years, and shall not claim the tax credit under division (A) of section 5751.50 of the Revised Code for any tax period in the calendar year in which the relocation occurs and any subsequent tax periods.

(F) Projects that consist solely of point-of-final-purchase retail facilities are not eligible for a tax credit under this section. If a project consists of both point-of-final-purchase retail facilities and nonretail facilities, only the portion of the project consisting of the nonretail facilities is eligible for a tax credit and only the new income tax revenue from new employees of the nonretail facilities shall be considered when computing the amount of the tax credit. If a warehouse facility is part of a point-of-final-purchase retail facility and supplies only that facility, the warehouse facility is not eligible for a tax credit. Catalog distribution centers are not considered point-of-final-purchase retail facilities for the purposes of this division, and are eligible for tax credits under this section.

(G) Financial statements and other information submitted to the department of development or the tax credit authority by an applicant or recipient of a tax credit under this section, and any information taken for any purpose from such statements or information, are not public records subject to section 149.43 of the Revised Code. However, the chairperson of the authority may make use of the statements and other information for purposes of issuing public reports or in connection with court proceedings concerning tax credit agreements under this section. Upon the request of the tax commissioner or, if the applicant or recipient is an insurance company, upon the request of the superintendent of insurance, the chairperson of the authority shall provide to the commissioner or superintendent any statement or information submitted by an applicant or recipient of a tax credit in connection with the credit. The commissioner or superintendent shall preserve the confidentiality of the statement or information.

(H) A taxpayer claiming a credit under this section shall submit to the tax commissioner or, if the taxpayer is an insurance company, to the superintendent of insurance, a copy of the director of development's certificate of verification under division (D)(7) of this section with the
taxpayer’s tax report or return for the taxable year or for the calendar year that includes the tax period. However, failure to submit a copy of the certificate with the report or return does not invalidate a claim for a credit if the taxpayer submits a copy of the certificate to the commissioner or superintendent within sixty days after the commissioner or superintendent requests it.

(I) The director of development, after consultation with the tax commissioner and the superintendent of insurance and in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary to implement this section. The rules may provide for recipients of tax credits under this section to be charged fees to cover administrative costs of the tax credit program. At the time the director gives public notice under division (A) of section 119.03 of the Revised Code of the adoption of the rules, the director shall submit copies of the proposed rules to the chairpersons of the standing committees on economic development in the senate and the house of representatives.

(J) For the purposes of this section, a taxpayer may include a partnership, a corporation that has made an election under subchapter S of chapter one of subtitle A of the Internal Revenue Code, or any other business entity through which income flows as a distributive share to its owners. A credit received under this section by a partnership, S-corporation, or other such business entity shall be apportioned among the persons to whom the income or profit of the partnership, S-corporation, or other entity is distributed, in the same proportions as those in which the income or profit is distributed.

(K) If the director of development determines that a taxpayer who has received a credit under this section is not complying with the requirement under division (D)(3) of this section, the director shall notify the tax credit authority of the noncompliance. After receiving such a notice, and after giving the taxpayer an opportunity to explain the noncompliance, the tax credit authority may require the taxpayer to refund to this state a portion of the credit in accordance with the following:

(1) If the taxpayer maintained operations at the project location for at least one and one-half times the number of years of the term of the tax credit, an amount not exceeding twenty-five per cent of the sum of any previously allowed credits under this section;

(2) If the taxpayer maintained operations at the project location for at least the number of years of the term of the tax credit, an amount not exceeding fifty per cent of the sum of any previously allowed credits under this section;
(3) If the taxpayer maintained operations at the project location for less than the number of years of the term of the tax credit, an amount not exceeding one hundred per cent of the sum of any previously allowed credits under this section.

In determining the portion of the tax credit to be refunded to this state, the tax credit authority shall consider the effect of market conditions on the taxpayer's project and whether the taxpayer continues to maintain other operations in this state. After making the determination, the authority shall certify the amount to be refunded to the tax commissioner or superintendent of insurance, as appropriate. If the amount is certified to the commissioner, the commissioner shall make an assessment for that amount against the taxpayer under Chapter 5733., 5747., or 5751. of the Revised Code. If the amount is certified to the superintendent, the superintendent shall make an assessment for that amount against the taxpayer under Chapter 5725. or 5729. of the Revised Code. The time limitations on assessments under those chapters do not apply to an assessment under this division, but the commissioner or superintendent, as appropriate, shall make the assessment within one year after the date the authority certifies to the commissioner or superintendent the amount to be refunded.

(L) On or before the thirty-first day of March each year, the director of development shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the tax credit program under this section. The report shall include information on the number of agreements that were entered into under this section during the preceding calendar year, a description of the project that is the subject of each such agreement, and an update on the status of projects under agreements entered into before the preceding calendar year.

(M) There is hereby created the tax credit authority, which consists of the director of development and four other members appointed as follows: the governor, the president of the senate, and the speaker of the house of representatives each shall appoint one member who shall be a specialist in economic development; the governor also shall appoint a member who is a specialist in taxation. Of the initial appointees, the members appointed by the governor shall serve a term of two years; the members appointed by the president of the senate and the speaker of the house of representatives shall serve a term of four years. Thereafter, terms of office shall be for four years. Initial appointments to the authority shall be made within thirty days after January 13, 1993. Each member shall serve on the authority until the end of the term for which the member was appointed. Vacancies shall be filled in the same manner provided for original appointments. Any member
appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of that term. Members may be reappointed to the authority. Members of the authority shall receive their necessary and actual expenses while engaged in the business of the authority. The director of development shall serve as chairperson of the authority, and the members annually shall elect a vice-chairperson from among themselves. Three members of the authority constitute a quorum to transact and vote on the business of the authority. The majority vote of the membership of the authority is necessary to approve any such business, including the election of the vice-chairperson.

The director of development may appoint a professional employee of the department of development to serve as the director's substitute at a meeting of the authority. The director shall make the appointment in writing. In the absence of the director from a meeting of the authority, the appointed substitute shall serve as chairperson. In the absence of both the director and the director's substitute from a meeting, the vice-chairperson shall serve as chairperson.

(i) At least two hundred million dollars in the aggregate at the project site during a period of three consecutive calendar years including the calendar year that includes a day of the taxpayer's taxable year or tax period with respect to which the credit is granted;

(ii) If the average wage of all full-time employment positions at the project site is greater than four hundred per cent of the federal minimum wage, at least one hundred million dollars in the aggregate at the project site during a period of three consecutive calendar years including the calendar year that includes a day of the taxpayer's taxable year or tax period with respect to which the credit is granted.

(4) "Manufacturer" has the same meaning as in section 5739.011 of the Revised Code.

(5) "Project site" means an integrated complex of facilities in this state, as specified by the tax credit authority under this section, within a fifteen-mile radius where a taxpayer is primarily operating as an eligible business.

(6) "Applicable corporation" means a corporation satisfying all of the following:

(a)(i) For the entire taxable year immediately preceding the tax year, the corporation develops software applications primarily to provide telecommunication billing and information services through outsourcing or licensing to domestic or international customers.

(ii) Sales and licensing of software generated at least six hundred million dollars in revenue during the taxable year immediately preceding the tax year the corporation is first entitled to claim the credit provided under division (B) of this section.

(b) For the entire taxable year immediately preceding the tax year, the corporation or one or more of its related members provides customer or employee care and technical support for clients through one or more contact centers within this state, and the corporation and its related members
together have a daily average, based on a three-hundred-sixty-five-day year, of at least five hundred thousand successful customer contacts through one or more of their contact centers, wherever located.

(c) The corporation is eligible for the credit under division (B) of this section for the tax year.

(7) "Related member" has the same meaning as in section 5733.042 of the Revised Code as that section existed on the effective date of its amendment by Am. Sub. H.B. 215 of the 122nd general assembly, September 29, 1997.

(9) "Telecommunications" means all forms of telecommunications service as defined in section 5739.01 of the Revised Code, and includes services in wireless, wireline, cable, broadband, internet protocol, and satellite.

(10)(a) "Applicable difference" means the difference between the tax for the tax year under Chapter 5733. of the Revised Code applying the law in effect for that tax year, and the tax for that tax year if section 5733.042 of the Revised Code applied as that section existed on the effective date of its amendment by Am. Sub. H.B. 215 of the 122nd general assembly, September 29, 1997, subject to division (A)(10)(b) of this section.

(b) If the tax rate set forth in division (B) of section 5733.06 of the Revised Code for the tax year is less than eight and one-half per cent, the tax calculated under division (A)(10)(a) of this section shall be computed by substituting a tax rate of eight and one-half per cent for the rate set forth in division (B) of section 5733.06 of the Revised Code for the tax year.

(c) If the resulting difference is negative, the applicable tax difference for the tax year shall be zero.

(B) The tax credit authority created under section 122.17 of the Revised Code may grant tax credits under this section for the purpose of fostering job retention in this state. Upon application by an eligible business and upon consideration of the recommendation of the director of budget and management, tax commissioner, and director of development under division (C) of this section, the tax credit authority may grant to an eligible business a nonrefundable credit against the tax imposed by section 5733.06 or 5747.02 or levied under Chapter 5751. of the Revised Code for a period up to fifteen taxable years and against the tax levied by Chapter 5751. of the Revised Code for a period of up to fifteen calendar years. The credit shall be
in an amount not exceeding seventy-five per cent of the Ohio income tax withheld from the employees of the eligible business occupying full-time employment positions at the project site during the calendar year that includes the last day of such business' taxable year or tax period with respect to which the credit is granted. The amount of the credit shall not be based on the Ohio income tax withheld from full-time employees for a calendar year prior to the calendar year in which the minimum investment requirement referred to in division (A)(2)(b) of this section is completed. The credit shall be claimed only for the taxable years or tax periods specified in the eligible business' agreement with the tax credit authority under division (E) of this section, but in no event shall the credit be claimed for a taxable year or tax period terminating before the date specified in the agreement. Any credit granted under this section against the tax imposed by section 5733.06 or 5747.02 of the Revised Code, to the extent not fully utilized against such tax for taxable years ending prior to 2008, shall automatically be converted without any action taken by the tax credit authority to a credit against the tax levied under Chapter 5751. of the Revised Code for tax periods beginning on or after July 1, 2008, provided that the person to whom the credit was granted is subject to such tax. The converted credit shall apply to those calendar years in which the remaining taxable years specified in the agreement end.

The credit computed under this division is in addition to any credit allowed under division (M) of this section which the tax credit authority may also include in the agreement.

Any unused portion of a tax credit may be carried forward for not more than three additional years after the year for which the credit is granted.

(C) A taxpayer that proposes a capital investment project to retain jobs in this state may apply to the tax credit authority to enter into an agreement for a tax credit under this section. The director of development shall prescribe the form of the application. After receipt of an application, the authority shall forward copies of the application to the director of budget and management, the tax commissioner, and the director of development, each of whom shall review the application to determine the economic impact the proposed project would have on the state and the affected political subdivisions and shall submit a summary of their determinations and recommendations to the authority.

(D) Upon review of the determinations and recommendations described in division (C) of this section, the tax credit authority may enter into an agreement with the taxpayer for a credit under this section if the authority determines all of the following:
(1) The taxpayer's capital investment project will result in the retention of full-time employment positions in this state.

(2) The taxpayer is economically sound and has the ability to complete the proposed capital investment project.

(3) The taxpayer intends to and has the ability to maintain operations at the project site for at least twice the term of the credit.

(4) Receiving the credit is a major factor in the taxpayer's decision to begin, continue with, or complete the project.

(5) The political subdivisions in which the project is located have agreed to provide substantial financial support to the project.

(E) An agreement under this section shall include all of the following:

(1) A detailed description of the project that is the subject of the agreement, including the amount of the investment, the period over which the investment has been or is being made, and the number of full-time employment positions at the project site.

(2) The method of calculating the number of full-time employment positions as specified in division (A)(3) of this section.

(3) The term and percentage of the tax credit, and the first year for which the credit may be claimed.

(4) A requirement that the taxpayer maintain operations at the project site for at least twice the number of years as the term of the credit.

(5) A requirement that the taxpayer retain a specified number of full-time employment positions at the project site and within this state for the term of the credit, including a requirement that the taxpayer continue to employ at least one thousand employees in full-time employment positions at the project site during the entire term of any agreement, subject to division (E)(7) of this section.

(6) A requirement that the taxpayer annually report to the director of development the number of full-time employment positions subject to the credit, the amount of tax withheld from employees in those positions, the amount of the payments made for the capital investment project, and any other information the director needs to perform the director's duties under this section.

(7) A requirement that the director of development annually review the annual reports of the taxpayer to verify the information reported under division (E)(6) of this section and compliance with the agreement. Upon verification, the director shall issue a certificate to the taxpayer stating that the information has been verified and identifying the amount of the credit for the taxable year. Unless otherwise specified by the tax credit authority in a resolution and included as part of the agreement, the director shall not
issue a certificate for any year in which the total number of filled full-time employment positions for each day of the calendar year divided by three hundred sixty-five is less than ninety per cent of the full-time employment positions specified in division (E)(5) of this section. In determining the number of full-time employment positions, no position shall be counted that is filled by an employee who is included in the calculation of a tax credit under section 122.17 of the Revised Code.

(8)(a) A provision requiring that the taxpayer, except as otherwise provided in division (E)(8)(b) of this section, shall not relocate employment positions from elsewhere in this state to the project site that is the subject of the agreement for the lesser of five years from the date the agreement is entered into or the number of years the taxpayer is entitled to claim the credit.

(b) The taxpayer may relocate employment positions from elsewhere in this state to the project site that is the subject of the agreement if the director of development determines both of the following:

(i) That the site from which the employment positions would be relocated is inadequate to meet market and industry conditions, expansion plans, consolidation plans, or other business considerations affecting the taxpayer;

(ii) That the legislative authority of the county, township, or municipal corporation from which the employment positions would be relocated has been notified of the relocation.

For purposes of this section, the movement of an employment position from one political subdivision to another political subdivision shall be considered a relocation of an employment position unless the movement is confined to the project site. The transfer of an individual employee from one political subdivision to another political subdivision shall not be considered a relocation of an employment position as long as the individual's employment position in the first political subdivision is refilled.

(9) A waiver by the taxpayer of any limitations periods relating to assessments or adjustments resulting from the taxpayer's failure to comply with the agreement.

(F) If a taxpayer fails to meet or comply with any condition or requirement set forth in a tax credit agreement, the tax credit authority may amend the agreement to reduce the percentage or term of the credit. The reduction of the percentage or term shall take effect in the taxable year immediately following the taxable year in which the authority amends the agreement or in the first tax period beginning in the calendar year immediately following the calendar year in which the authority amends the
agreement. If the taxpayer relocates employment positions in violation of the provision required under division (D)(8)(a) of this section, the taxpayer shall not claim the tax credit under section 5733.0610 of the Revised Code for any tax years following the calendar year in which the relocation occurs, shall not claim the tax credit under section 5747.058 of the Revised Code for the taxable year in which the relocation occurs and any subsequent taxable years, and shall not claim the tax credit under division (A) of section 5751.50 of the Revised Code for the tax period in which the relocation occurs and any subsequent tax periods.

(G) Financial statements and other information submitted to the department of development or the tax credit authority by an applicant for or recipient of a tax credit under this section, and any information taken for any purpose from such statements or information, are not public records subject to section 149.43 of the Revised Code. However, the chairperson of the authority may make use of the statements and other information for purposes of issuing public reports or in connection with court proceedings concerning tax credit agreements under this section. Upon the request of the tax commissioner, the chairperson of the authority shall provide to the commissioner any statement or other information submitted by an applicant for or recipient of a tax credit in connection with the credit. The commissioner shall preserve the confidentiality of the statement or other information.

(H) A taxpayer claiming a tax credit under this section shall submit to the tax commissioner a copy of the director of development's certificate of verification under division (E)(7) of this section with the taxpayer's tax report or return for the taxable year or for the calendar year that includes the tax period. However, failure to submit a copy of the certificate with the report or return does not invalidate a claim for a credit if the taxpayer submits a copy of the certificate to the commissioner within sixty days after the commissioner requests it.

(I) For the purposes of this section, a taxpayer may include a partnership, a corporation that has made an election under subchapter S of chapter one of subtitle A of the Internal Revenue Code, or any other business entity through which income flows as a distributive share to its owners. A tax credit received under this section by a partnership, S-corporation, or other such business entity shall be apportioned among the persons to whom the income or profit of the partnership, S-corporation, or other entity is distributed, in the same proportions as those in which the income or profit is distributed.

(J) If the director of development determines that a taxpayer that
received a tax credit under this section is not complying with the requirement under division (E)(4) of this section, the director shall notify the tax credit authority of the noncompliance. After receiving such a notice, and after giving the taxpayer an opportunity to explain the noncompliance, the authority may terminate the agreement and require the taxpayer to refund to the state all or a portion of the credit claimed in previous years, as follows:

(1) If the taxpayer maintained operations at the project site for less than the term of the credit, the amount required to be refunded shall not exceed the amount of any tax credits previously allowed and received under this section.

(2) If the taxpayer maintained operations at the project site longer than the term of the credit but less than one and one-half times the term of the credit, the amount required to be refunded shall not exceed fifty per cent of the sum of any tax credits previously allowed and received under this section.

(3) If the taxpayer maintained operations at the project site for at least one and one-half times the term of the credit but less than twice the term of the credit, the amount required to be refunded shall not exceed twenty-five per cent of the sum of any tax credits previously allowed and received under this section.

In determining the portion of the credit to be refunded to this state, the authority shall consider the effect of market conditions on the taxpayer's project and whether the taxpayer continues to maintain other operations in this state. After making the determination, the authority shall certify the amount to be refunded to the tax commissioner. The commissioner shall make an assessment for that amount against the taxpayer under Chapter 5733., 5747., or 5751. of the Revised Code. The time limitations on assessments under those chapters do not apply to an assessment under this division, but the commissioner shall make the assessment within one year after the date the authority certifies to the commissioner the amount to be refunded.

If the director of development determines that a taxpayer that received a tax credit under this section has reduced the number of employees agreed to under division (E)(5) of this section by more than ten per cent, the director shall notify the tax credit authority of the noncompliance. After receiving such notice, and after providing the taxpayer an opportunity to explain the noncompliance, the authority may amend the agreement to reduce the percentage or term of the tax credit. The reduction in the percentage or term shall take effect in the taxable year, or in the calendar year that includes the tax period, in which the authority amends the agreement.
(K) The director of development, after consultation with the tax commissioner and in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary to implement this section. The rules may provide for recipients of tax credits under this section to be charged fees to cover administrative costs of the tax credit program. At the time the director gives public notice under division (A) of section 119.03 of the Revised Code of the adoption of the rules, the director shall submit copies of the proposed rules to the chairpersons of the standing committees on economic development in the senate and the house of representatives.

(L) On or before the thirty-first day of March of each year, the director of development shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the tax credit program under this section. The report shall include information on the number of agreements that were entered into under this section during the preceding calendar year, a description of the project that is the subject of each such agreement, and an update on the status of projects under agreements entered into before the preceding calendar year.

(M)(1) A nonrefundable credit shall be allowed to an applicable corporation and its related members in an amount equal to the applicable difference. The credit is in addition to the credit granted to the corporation or related members under division (B) of this section. The credit is subject to divisions (B) to (E) and division (J) of this section.

(2) A person qualifying as an applicable corporation under this section for a tax year does not necessarily qualify as an applicable corporation for any other tax year. No person is entitled to the credit allowed under division (M) of this section for the tax year immediately following the taxable year during which the person fails to meet the requirements in divisions (A)(6)(a)(i) and (A)(6)(b) of this section. No person is entitled to the credit allowed under division (M) of this section for any tax year for which the person is not eligible for the credit provided under division (B) of this section.

Sec. 122.72. (A) There is hereby created the minority development financing advisory board to assist in carrying out the programs created pursuant to sections 122.71 to 122.89 of the Revised Code.

(B) The board shall consist of ten members. The director of development or the director's designee shall be a voting member on the board. Seven members shall be appointed by the governor with the advice and consent of the senate and selected because of their knowledge of and experience in industrial, business, and commercial financing, suretyship, construction, and their understanding of the problems of minority business
enterprises; one member also shall be a member of the senate and appointed by the president of the senate, and one member also shall be a member of the house of representatives and appointed by the speaker of the house of representatives. With respect to the board, all of the following apply:

1. Not more than four of the members of the board appointed by the governor shall be of the same political party.
2. Each member shall hold office from the date of the member’s appointment until the end of the term for which the member was appointed.
3. The terms of office for the seven members appointed by the governor shall be for seven years, commencing on the first day of October and ending on the thirtieth day of September of the seventh year, except that of the original seven members, three shall be appointed for three years and two shall be appointed for five years.
4. Any member of the board is eligible for reappointment.
5. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member’s predecessor was appointed shall hold office for the remainder of the predecessor’s term.
6. Any member shall continue in office subsequent to the expiration date of the member’s term until the member’s successor takes office, or until a period of sixty days has elapsed, whichever occurs first.
7. Before entering upon official duties as a member of the board, each member shall take an oath as provided by Section 7 of Article XV, Ohio Constitution.
8. The governor may, at any time, remove any member appointed by the governor pursuant to section 3.04 of the Revised Code.
9. Notwithstanding section 101.26 of the Revised Code, members shall receive their necessary and actual expenses while engaged in the business of the board and shall be paid at the per diem rate of step 1 of pay range 31 of section 124.15 of the Revised Code.
10. Six members of the board constitute a quorum and the affirmative vote of six members is necessary for any action taken by the board.
11. In the event of the absence of a member appointed by the president of the senate or by the speaker of the house of representatives, either of the following persons may serve in the member’s absence:
   a. The president of the senate or the speaker of the house of representatives, whoever appointed the absent member;
   b. A member of the senate or of the house of representatives of the same political party as the absent member, as designated by the president of the senate or the speaker of the house of representatives, whoever appointed the absent member.
The board shall annually elect one of its members as chairperson and another as vice-chairperson.

Sec. 122.73. (A) The minority development financing advisory board and the director of development are invested with the powers and duties provided in sections 122.71 to 122.90 of the Revised Code, in order to promote the welfare of the people of the state by encouraging the establishment and expansion of minority business enterprises; to stabilize the economy; to provide employment; to assist in the development within the state of industrial, commercial, distribution, and research activities required for the people of the state, and for their gainful employment; or otherwise to create or preserve jobs and employment opportunities, or improve the economic welfare of the people of the state. It further is determined that it is necessary for the state to establish the programs authorized under sections 122.71 to 122.90 of the Revised Code to establish the minority development financing advisory board, and to invest it and the director of development with the powers and duties provided in sections 122.71 to 122.90 of the Revised Code.

(2) The director is not required to submit any determination, data, terms, or any other application materials or information to the minority development financing advisory board when provision of the assistance has been recommended to the director by a regional economic development entity or when an application for a surety company for bond guarantees under section 122.90 of the Revised Code has been previously approved by the controlling board.

(B) The director may do all of the following:

(1) Fix the rate of interest and charges to be made upon or with respect to moneys loaned or guaranteed by the director and the terms upon which mortgages and lease rentals may be guaranteed and the rates of charges to be made for them and make provisions for the operation of the funds established by the director in accordance with this section and sections 122.80, 122.88, and 122.90 of the Revised Code;

(6)(a) When the cost of any contract for the maintenance, protection,
repair, or improvement of any property held by the director, other than compensation for personal services, involves an expenditure of more than fifty thousand dollars, the director shall make a written contract with the lowest responsive and responsible bidder in accordance with section 9.312 of the Revised Code after advertisement for not less than two consecutive weeks in a newspaper of general circulation in the county where such contract, or some substantial part of it, is to be performed, and in such other publications as the director determines, which notice shall state the general character of the work and the general character of the materials to be furnished, the place where plans and specifications therefor may be examined, and the time and place of receiving bids.

(b) Each bid for a contract for the construction, demolition, alteration, repair, or reconstruction of an improvement shall contain the full name of every person interested in it and meet the requirements of section 153.54 of the Revised Code.

(c) Each bid for a contract, except as provided in division (B)(6)(b) of this section, shall contain the full name of every person interested in it and shall be accompanied by bond or certified check on a solvent bank, in such amount as the director considers sufficient, that if the bid is accepted a contract will be entered into and the performance of the proposal secured.

(d) The director may reject any and all bids.

(e) A bond with good and sufficient surety, approved by the director, shall be required of every contractor awarded a contract except as provided in division (B)(6)(b) of this section, in an amount equal to at least fifty per cent of the contract price, conditioned upon faithful performance of the contract.

(7) Employ or contract with financial consultants, appraisers, consulting engineers, superintendents, managers, construction and accounting experts, attorneys, and other employees and agents as are necessary in the director's judgment and fix their compensation;

(9) Establish with the treasurer of state the funds provided in sections 122.80 and 122.88 of the Revised Code in addition to such funds as the director determines are necessary or proper;

(10) Adopt rules under Chapter 119. of the Revised Code necessary to implement sections 122.71 to 122.90 of the Revised Code.

(11) Do all acts and things necessary or proper to carry out the powers expressly granted and the duties imposed in sections 122.71 to 122.90 of the Revised Code.

(C)(1) All expenses and obligations incurred by the director in carrying out the director's powers and in exercising the director's duties under sections 122.71 to 122.90 of the Revised Code shall be payable solely from revenues or other receipts or income of the director, from grants, gifts, and contributions, or funds established in accordance with such sections. Such sections do not authorize the director to incur indebtedness or to impose liability on the state or any political subdivision of the state.

(2) Financial statements and other data submitted to the director by any corporation, partnership, or person in connection with financial assistance provided under sections 122.71 to 122.90 of the Revised Code, or any information taken from such statements or data for any purpose, shall not be open to public inspection.

Sec. 122.90. (A) The director of development may guarantee bonds executed by sureties for minority businesses and EDGE business enterprises certified under section 123.152 of the Revised Code as principals on contracts with the state, any political subdivision or instrumentality, or any person as the obligee. The director, as guarantor, may exercise all the rights and powers of a company authorized by the department of insurance to guarantee bonds under Chapter 3929. of the Revised Code but otherwise is not subject to any laws related to a guaranty company under Title XXXIX of the Revised Code nor to any rules of the department of insurance.

(B) The director shall adopt rules under Chapter 119. of the Revised Code to establish procedures for the application for bond guarantees and the review and approval of applications for bond guarantees submitted by sureties that execute bonds eligible for guarantees under division (A) of this section.

board of trustees of a civil service township of a township civil service
commission, all positions in a civil service township police or fire

shall be given in, all positions in the competitive class that are not filled by
promotion, reinstatement, transfer, or reduction, as provided in this chapter,
and the rules of the director of administrative services, by appointment from
those certified to the appointing officer in accordance with this chapter.

(2) The unskilled labor class shall include ordinary unskilled laborers.
Vacancies in the labor class shall be filled by appointment from lists of
applicants registered by the director or a commission, as applicable. The
director or the commission, by rule, shall require an applicant for
registration in the labor class to furnish such evidence or take such tests as
the director or commission considers proper with respect to age, residence,

the classified or the unclassified civil service.

(D) This division does not apply to persons in the unclassified service

5123.08, 5139.02, and 5501.19 of the Revised Code.
An appointing authority whose employees are paid directly by warrant of the auditor of state director of budget and management may appoint a person who holds a certified position in the classified service within the appointing authority's agency to a position in the unclassified service within that agency. A person appointed pursuant to this division to a position in the unclassified service shall retain the right to resume the position and status held by the person in the classified service immediately prior to the person's appointment to the position in the unclassified service, regardless of the number of positions the person held in the unclassified service.

Reinstatement An employee's right to resume a position in the classified service may only be exercised when an appointing authority demotes the employee to a pay range lower than the employee's current pay range or revokes the employee's appointment to the unclassified service. An employee forfeits the right to resume a position in the classified service when the employee is removed from the position in the unclassified service due to incompetence, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, violation of this chapter or the rules of the director of administrative services, any other failure of good behavior, any other acts of misfeasance, malfeasance, or nonfeasance in office, or conviction of a felony. An employee also forfeits the right to resume a position in the classified service upon transfer to a different agency.

Reinstatement to a position in the classified service shall be to a position substantially equal to that position in the classified service held previously, as certified by the director of administrative services. If the position the person previously held in the classified service has been placed in the unclassified service or is otherwise unavailable, the person shall be appointed to a position in the classified service within the appointing authority's agency that the director of administrative services certifies is comparable in compensation to the position the person previously held in the classified service. Service in the position in the unclassified service shall be counted as service in the position in the classified service held by the person immediately prior to the person's appointment to the position in the unclassified service. When a person is reinstated to a position in the classified service as provided in this division, the person is entitled to all rights, status, and benefits accruing to the position in the classified service during the person's time of service in the position in the unclassified service.

Sec. 124.134. (A) Each full-time permanent state employee paid in accordance with section 124.152 of the Revised Code and those employees listed in divisions (B)(2) and (4) of section 124.14 of the Revised Code,
after service of one year, shall have earned and will be due upon the attainment of the first year of employment, and annually thereafter, eighty hours of vacation leave with full pay. One year of service shall be computed on the basis of twenty-six biweekly pay periods. A full-time permanent state employee with five or more years of service shall have earned and is entitled to one hundred twenty hours of vacation leave with full pay. A full-time permanent state employee with ten or more years of service shall have earned and is entitled to one hundred sixty hours of vacation leave with full pay. A full-time permanent state employee with fifteen or more years of service shall have earned and is entitled to one hundred eighty hours of vacation leave with full pay. A full-time permanent state employee with twenty or more years of service shall have earned and is entitled to two hundred hours of vacation leave with full pay. A full-time permanent state employee with twenty-five or more years of service shall have earned and is entitled to two hundred forty hours of vacation leave with full pay. Such vacation leave shall accrue to the employee at the rate of three and one-tenth hours each biweekly period for those entitled to eighty hours per year; four and six-tenths hours each biweekly period for those entitled to one hundred twenty hours per year; six and two-tenths hours each biweekly period for those entitled to one hundred sixty hours per year; six and nine-tenths hours each biweekly period for those entitled to one hundred eighty hours per year; seven and seven-tenths hours each biweekly period for those entitled to two hundred hours per year; and nine and two-tenths hours each biweekly period for those entitled to two hundred forty hours per year.

The amount of an employee’s service shall be determined in accordance with the standard specified in section 9.44 of the Revised Code. Credit for prior service, including an increased vacation accrual rate and longevity supplement, shall take effect during the first pay period that begins immediately following the date the director of administrative services approves granting credit for that prior service. No employee, other than an employee who submits proof of prior service within ninety days after the date of the employee’s hiring, shall receive any amount of vacation leave for the period prior to the date of the director’s approval of the grant of credit for prior service.

Part-time permanent employees who are paid in accordance with section 124.152 of the Revised Code and full-time permanent employees subject to this section who are in active pay status for less than eighty hours in a pay period shall earn vacation leave on a prorated basis. The ratio between the hours worked and the vacation hours earned by these classes of employees shall be the same as the ratio between the hours worked and the vacation
hours earned by a full-time permanent employee with the same amount of service as provided for in this section.

Vacation leave is not available for use until it appears on the employee's earning statement and the compensation described in the earning statement is available to the employee.

(B) Employees granted leave under this section shall forfeit their right to take or to be paid for any vacation leave to their credit which is in excess of the accrual for three years. Such excess leave shall be eliminated from the employees' leave balance. If an employee's vacation leave credit is at, or will reach in the immediately following pay period, the maximum of the accrual for three years and the employee has been denied the use of vacation leave during the immediately preceding twelve months, the employee, at the employee's request, shall be paid in a pay period for the vacation leave the employee was denied, up to the maximum amount the employee would be entitled to be paid for in any pay period. An employee is not entitled to receive payment for vacation leave denied in any pay period in which the employee's vacation leave credit is not at, or will not reach in the immediately following pay period, the maximum of accrual for three years. Any vacation leave for which an employee receives payment shall be deducted from the employee's vacation leave balance. Such payment shall not be made for any leave accrued in the same calendar year in which the payment is made.

(C) Upon separation from state service an employee granted leave under this section is entitled to compensation at the employee's current rate of pay for all unused vacation leave accrued under this section or section 124.13 of the Revised Code to the employee's credit. In case of transfer of an employee from one state agency to another, the employee shall retain the accrued and unused vacation leave. In case of death of an employee, such unused vacation leave shall be paid in accordance with section 2113.04 of the Revised Code, or to the employee's estate. An employee serving in a temporary work level or an interim appointment who is eligible to receive compensation under this division shall be compensated at the base rate of pay of the employee's normal classification.

Sec. 124.135. (A) State employees are entitled to paid leave when summoned for jury duty by a court of competent jurisdiction or.

(B) State employees are entitled to paid leave when subpoenaed to appear before any court, commission, board, or other legally constituted body authorized by law to compel the attendance of witnesses, if the employee is not a party to the action. Each This division does not apply if the state employee is a party to the action or proceeding involved or is
subpoenaed as a result of secondary employment outside the service of the state.

(C) Each full-time permanent state employee paid in accordance with section 124.152 of the Revised Code and those employees described in divisions (B)(2) and (4) of section 124.14 of the Revised Code also may be entitled to paid leave when appointed to serve on advisory boards or commissions, or when soliciting for charities for which payroll deductions are made.

Sec. 124.137. There is hereby created in the state treasury the parental leave benefit fund. The director of administrative services shall use moneys credited to the fund solely for the payment of parental leave benefits available to employees paid by warrant of the auditor of state director of budget and management and for payment of any direct and indirect costs that are attributable to consultants or a third-party administrator and that are necessary to administer this section. All investment earnings of the parental leave fund shall be credited to the fund.

The director of administrative services, in consultation with the director of budget and management, shall determine a rate at which the payrolls of all state agencies with employees paid by warrant of the auditor of state director of budget and management shall be charged each pay period that is sufficient to cover the costs of administering the parental leave benefit program. The rate shall be based on the total number of such employees and may be adjusted as the director of administrative services, in consultation with the director of budget and management, considers necessary. All money collected from the assessment shall be credited to the parental leave benefit fund.

Sec. 124.138. The director of administrative services may establish paid leaves and employee benefits for eligible full-time fire fighters employed by the adjutant general's department that are comparable to paid leaves and employee benefits provided to other full-time permanent employees paid directly by warrant of the auditor of state director of budget and management. Any paid leaves and employee benefits established under this section shall be limited to fire fighters regularly scheduled to work at least one hundred four hours per biweekly pay period and shall be adjusted so that the ratio between the hours worked and the paid leave hours earned shall be the same as the ratio between the hours worked and the paid leave hours earned by full-time permanent employees with the same amount of accrued service. The director of administrative services shall adopt rules in accordance with Chapter 119. of the Revised Code governing any paid leaves and employee benefits established under this section.
Sec. 124.139. (A) A full-time state employee shall receive up to two hundred forty hours of leave with pay during each calendar year to use during those hours when the employee is absent from work because of the employee's donation of any portion of an adult liver or because of the employee's donation of an adult kidney.

(B) A full-time state employee shall receive up to fifty-six hours of leave with pay during each calendar year to use during those hours when the employee is absent from work because of the employee's donation of adult bone marrow.

(C) An appointing authority shall compensate a full-time state employee who uses leave granted under division (A) or (B) of this section at the employee's regular rate of pay for those regular work hours during which the employee is absent from work.

(D)(1) The director of administrative services, under section 124.04 of the Revised Code, shall provide information about this section to full-time employees who are paid directly by warrant of the auditor of state director of budget and management.

(2) The appointing authority of full-time employees who are not paid directly by warrant of the auditor of state director of budget and management shall periodically provide information about this section to those employees.

Sec. 124.14. (A)(1) The director of administrative services shall establish, and may modify or repeal, by rule, a job classification plan for all positions, offices, and employments the salaries of which are paid in whole or in part by the state. The director shall group jobs within a classification so that the positions are similar enough in duties and responsibilities to be described by the same title, to have the same pay assigned with equity, and to have the same qualifications for selection applied. The director shall, by rule, assign a classification title to each classification within the classification plan. However, the director shall consider in establishing classifications, including classifications with parenthetical titles, and assigning pay ranges such factors as duties performed only on one shift, special skills in short supply in the labor market, recruitment problems, separation rates, comparative salary rates, the amount of training required, and other conditions affecting employment. The director shall describe the duties and responsibilities of the class and establish the qualifications for being employed in that position, and shall file with the secretary of state a copy of specifications for all of the classifications. The director shall file new, additional, or revised specifications with the secretary of state before being used.
The director shall, by rule, assign each classification, either on a statewide basis or in particular counties or state institutions, to a pay range established under section 124.15 or section 124.152 of the Revised Code. The director may assign a classification to a pay range on a temporary basis for a period of time designated in the rule. The director may establish, by rule adopted under Chapter 119. of the Revised Code, experimental classification plans for some or all employees paid directly by warrant of the auditor of state or director of budget and management. The rule shall include specifications for each classification within the plan and shall specifically address compensation ranges, and methods for advancing within the ranges, for the classifications, which may be assigned to pay ranges other than the pay ranges established under section 124.15 or 124.152 of the Revised Code.

(2) The director of administrative services may reassign to a proper classification those positions that have been assigned to an improper classification. If the compensation of an employee in such a reassigned position exceeds the maximum rate of pay for the employee's new classification, the employee shall be placed in pay step X and shall not receive an increase in compensation until the maximum rate of pay for that classification exceeds the employee's compensation.

(3) The director may reassign an exempt employee, as defined in section 124.152 of the Revised Code, to a bargaining unit classification if the director determines that the bargaining unit classification is the proper classification for that employee. Notwithstanding Chapter 4117. of the Revised Code or instruments and contracts negotiated under it, such placements are at the director's discretion.

(4) The director shall, by rule, assign related classifications, which form a career progression, to a classification series. The director shall, by rule, assign each classification in the classification plan a five-digit number, the first four digits of which shall denote the classification series to which the classification is assigned. When a career progression encompasses more than ten classifications, the director shall, by rule, identify the additional classifications belonging to a classification series. Such additional classifications shall be part of the classification series, notwithstanding the fact that the first four digits of the number assigned to the additional classifications do not correspond to the first four digits of the numbers assigned to other classifications in the classification series.

(5) The director shall adopt rules in accordance with Chapter 119. of the Revised Code for the establishment of a classification plan for county agencies that elect not to use the services and facilities of a county personnel
department. The rules shall include a methodology for the establishment of titles unique to county agencies, the use of state classification titles and classification specifications for common positions, the criteria for a county to meet in establishing its own classification plan, and the establishment of what constitutes a classification series for county agencies.

(B) Division (A) of this section and sections 124.15 and 124.152 of the Revised Code do not apply to the following persons, positions, offices, and employments:

(1) Elected officials;
(2) Legislative employees, employees of the legislative service commission, employees in the office of the governor, employees who are in the unclassified civil service and exempt from collective bargaining coverage in the office of the secretary of state, auditor of state, treasurer of state, and attorney general, and employees of the supreme court;
(3) Employees of a county children services board that establishes compensation rates under section 5153.12 of the Revised Code;
(4) Any position for which the authority to determine compensation is given by law to another individual or entity;
(5) Employees of the bureau of workers' compensation whose compensation the administrator of workers' compensation establishes under division (B) of section 4121.121 of the Revised Code.

(C) The director may employ a consulting agency to aid and assist the director in carrying out this section.

(D)(1) When the director proposes to modify a classification or the assignment of classes to appropriate pay ranges, the director shall send written notice of the proposed rule to the appointing authorities of the affected employees thirty days before the hearing on the proposed rule. The appointing authorities shall notify the affected employees regarding the proposed rule. The director shall also send such appointing authorities notice of any final rule which is adopted within ten days after adoption.

(2) When the director proposes to reclassify any employee so that the employee is adversely affected, the director shall give to the employee affected and to the employee's appointing authority a written notice setting forth the proposed new classification, pay range, and salary. Upon the request of any classified employee who is not serving in a probationary period, the director shall perform a job audit to review the classification of the employee's position to determine whether the position is properly classified. The director shall give to the employee affected and to the employee's appointing authority a written notice of the director's determination whether or not to reclassify the position or to reassign the
employee to another classification. An employee or appointing authority desiring a hearing shall file a written request for the hearing with the state personnel board of review within thirty days after receiving the notice. The board shall set the matter for a hearing and notify the employee and appointing authority of the time and place of the hearing. The employee, appointing authority, or any authorized representative of the employee who wishes to submit facts for the consideration of the board shall be afforded reasonable opportunity to do so. After the hearing, the board shall consider anew the reclassification and may order the reclassification of the employee and require the director to assign the employee to such appropriate classification as the facts and evidence warrant. As provided in division (A) of section 124.03 of the Revised Code, the board may determine the most appropriate classification for the position of any employee coming before the board, with or without a job audit. The board shall disallow any reclassification or reassignment classification of any employee when it finds that changes have been made in the duties and responsibilities of any particular employee for political, religious, or other unjust reasons.

(E)(1) Employees of each county department of job and family services shall be paid a salary or wage established by the board of county commissioners. The provisions of section 124.18 of the Revised Code concerning the standard work week apply to employees of county departments of job and family services. A board of county commissioners may do either of the following:

   (a) Notwithstanding any other section of the Revised Code, supplement the sick leave, vacation leave, personal leave, and other benefits of any employee of the county department of job and family services of that county, if the employee is eligible for the supplement under a written policy providing for the supplement;

   (b) Notwithstanding any other section of the Revised Code, establish alternative schedules of sick leave, vacation leave, personal leave, or other benefits for employees not inconsistent with the provisions of a collective bargaining agreement covering the affected employees.

(2) The provisions of division (E)(1) of this section do not apply to employees for whom the state employment relations board establishes appropriate bargaining units pursuant to section 4117.06 of the Revised Code, except in either of the following situations:

   (a) The employees for whom the state employment relations board establishes appropriate bargaining units elect no representative in a board-conducted representation election.

   (b) After the state employment relations board establishes appropriate
bargaining units for such employees, all employee organizations withdraw from a representation election.

(F) With respect to officers and employees of state-supported colleges and universities and except for the powers and duties of the state personnel board of review set forth in section 124.03 of the Revised Code, the powers, duties, and functions of the department of administrative services and of the director of administrative services specified in this chapter are hereby vested in and assigned to the boards of trustees of those colleges and universities, or those officers to whom the boards of trustees have delegated these powers, duties, and functions, subject to a periodic audit and review by the director. In exercising the powers, duties, and functions of the director, the boards of trustees or the officers to whom these powers, duties, and functions were delegated need not establish a job classification plan for unclassified employees and may proceed under section 111.15 of the Revised Code when exercising the director's rule-making authority. The adoption, amendment, rescission, and enforcement of rules under this division is not subject to approval, disapproval, or modification by the state personnel board of review. Nothing in this division shall be construed to limit the right of any classified employee who possesses the right of appeal to the state personnel board of review to continue to possess that right of appeal.

Upon the director's determination or finding of the misuse by the board of trustees of or a designated officer of a state-supported college or university of the authority granted under this division, the director shall order and direct the personnel functions of that state-supported college or university until sections 124.01 to 124.64 of the Revised Code have been fully complied with.

(G)(1) Each board of county commissioners may, by a resolution adopted by a majority of its members, establish a county personnel department to exercise the powers, duties, and functions specified in division (G) of this section. As used in division (G) of this section, "county personnel department" means a county personnel department established by a board of county commissioners under division (G)(1) of this section.

(2) Each board of county commissioners may, by a resolution adopted by a majority of its members, designate the county personnel department of the county to exercise the powers, duties, and functions of the department of administrative services and the director of administrative services specified in sections 124.01 to 124.64 and Chapter 325. of the Revised Code, except for the powers and duties of the state personnel board of review, which powers and duties shall not be construed as having been modified or

diminished in any manner by division (G)(2) of this section, with respect to
the employees for whom the board of county commissioners is the
appointing authority or co-appointing authority. Upon certification of a copy
of the resolution by the board to the director, these powers, duties, and
functions are vested in and assigned to the county personnel department
with respect to the employees for whom the board of county commissioners
is the appointing authority or co-appointing authority. The certification to
the director shall be provided not later than one hundred twenty days before
the first day of July of an odd-numbered year, and, following the
certification, the powers, duties, and functions specified in sections 124.01
to 124.64 and Chapter 325. of the Revised Code shall be vested in and
assigned to the county personnel department on that first day of July.
Nothing in division (G)(2) of this section shall be construed to limit the right
of any employee who possesses the right of appeal to the state personnel
board of review to continue to possess that right of appeal.

Any board of county commissioners that has established a county
personnel department may contract with the department of administrative
services, another political subdivision, or an appropriate public or private
entity to provide competitive testing services or other appropriate services.

(3) After the county personnel department of a county has assumed the
powers, duties, and functions of the department of administrative services
and the director as described in division (G)(2) of this section, any elected
official, board, agency, or other appointing authority of that county may,
upon notification to the director, elect to use the services and facilities of the
county personnel department. Upon the acceptance by the director of such
notification, the county personnel department shall exercise the powers,
duties, and functions of the department of administrative services and the
director as described in division (G)(2) of this section with respect to the
employees of that elected official, board, agency, or other appointing
authority. The notification to the director shall be provided not later than one
hundred twenty days before the first day of July of an odd-numbered year,
and, following the notification, the powers, duties, and functions specified in
sections 124.01 to 124.64 and Chapter 325. of the Revised Code with
respect to the employees of that elected official, board, agency, or other
appointing authority shall be vested in and assigned to the county personnel
department on that first day of July. Except for those employees under the
jurisdiction of the county personnel department, the director shall continue
to exercise these powers, duties, and functions with respect to employees of
the county.

(4) Each board of county commissioners that has established a county
personnel department may, by a resolution adopted by a majority of its members, disband the county personnel department and return to the department of administrative services for the administration of sections 124.01 to 124.64 and Chapter 325. of the Revised Code. The board shall, not later than one hundred twenty days before the first day of July of an odd-numbered year, send the director a certified copy of the resolution disbanding the county personnel department. All powers, duties, and functions previously vested in and assigned to the county personnel department shall return to the director on that first day of July.

(5) Any elected official, board, agency, or appointing authority of a county may return to the department of administrative services for the administration of sections 124.01 to 124.64 and Chapter 325. of the Revised Code. The elected official, board, agency, or appointing authority shall, not later than one hundred twenty days before the first day of July of an odd-numbered year, send the director a certified copy of the resolution that states its decision. All powers, duties, and functions previously vested in and assigned to the county personnel department with respect to the employees of that elected official, board, agency, or appointing authority shall return to the director on that first day of July.

(6) The director, by rule adopted in accordance with Chapter 119. of the Revised Code, shall prescribe criteria and procedures for granting to each county personnel department the powers, duties, and functions of the department of administrative services and the director as described in division (G)(2) of this section with respect to the employees of an elected official, board, agency, or other appointing authority or co-appointing authority. The rules shall cover the following criteria and procedures:

(a) The notification to the department of administrative services that an elected official, board, agency, or other appointing authority of a county has elected to use the services and facilities of the county personnel department;

(b) A requirement that each county personnel department, in carrying out its duties, adhere to merit system principles with regard to employees of county departments of job and family services, child support enforcement agencies, and public child welfare agencies so that there is no threatened loss of federal funding for these agencies, and a requirement that the county be financially liable to the state for any loss of federal funds due to the action or inaction of the county personnel department. The costs associated with audits conducted to monitor compliance with division (G)(6)(b) of this section shall be borne equally by the department of administrative services and the county.

(c) The termination of services and facilities rendered by the department
of administrative services, to include rate adjustments, time periods for termination, and other related matters;

(d) Authorization for the director of administrative services to conduct periodic audits and reviews of county personnel departments to guarantee the uniform application of this granting of the director's powers, duties, and functions. The costs of the audits and reviews shall be borne equally by the department of administrative services and the county for which the services were performed.

(e) The dissemination of audit findings under division (G)(5)(d) of this section, any appeals process relating to adverse findings by the department, and the methods whereby the county personnel program will revert to the authority of the director of administrative services due to misuse or nonuniform application of the authority granted to the county under division (G)(2) or (3) of this section.

(H) The director of administrative services shall establish the rate and method of compensation for all employees who are paid directly by warrant of the auditor of state director of budget and management and who are serving in positions which the director of administrative services has determined impracticable to include in the state job classification plan. This division does not apply to elected officials, legislative employees, employees of the legislative service commission, employees who are in the unclassified civil service and exempt from collective bargaining coverage in the office of the secretary of state, auditor of state, treasurer of state, and attorney general, employees of the courts, employees of the bureau of workers' compensation whose compensation the administrator of workers' compensation establishes under division (B) of section 4121.121 of the Revised Code, or employees of an appointing authority authorized by law to fix the compensation of those employees.

(I) The director shall set the rate of compensation for all intermittent, interim, seasonal, temporary, emergency, and casual employees who are not considered public employees under section 4117.01 of the Revised Code. Such employees are not entitled to receive employee benefits. This rate of compensation shall be equitable in terms of the rate of employees serving in the same or similar classifications. This division does not apply to elected officials, legislative employees, employees of the legislative service commission, employees who are in the unclassified civil service and exempt from collective bargaining coverage in the office of the secretary of state, auditor of state, treasurer of state, and attorney general, employees of the courts, employees of the bureau of workers' compensation whose compensation the administrator establishes under division (B) of section
4121.121 of the Revised Code, or employees of an appointing authority authorized by law to fix the compensation of those employees.

Sec. 124.151. (A) As used in this section, "compensation" includes, but is not limited to, wages and salary, travel allowances paid pursuant to section 101.27 of the Revised Code, and benefits paid pursuant to sections 124.13, 124.19, 124.381, 124.382, 124.383, 124.384, 124.385, and 124.386 of the Revised Code.

(B)(1) The compensation of any employee whose employment commenced on or after the effective date of this amendment and who is paid by warrant of the auditor of state director of budget and management shall be paid by direct deposit. Each such employee shall provide to the appointing authority a written authorization for payment by direct deposit. The authorization shall include the designation of a financial institution equipped to accept direct deposits and the number of the account into which the deposit is to be made. The authorization shall remain in effect until withdrawn in writing by the employee or until dishonored by the financial institution. The director of administrative services shall provide by rule adopted under Chapter 119. of the Revised Code for the direct deposit in a financial institution of the compensation of an employee who fails to provide to the appointing authority a written authorization for payment by direct deposit.

(2) Division (B)(1) of this section does not apply to an employee who was appointed to the employee's current position before June 5, 2002, who is a public employee as defined in section 4117.01 of the Revised Code, and whose applicable collective bargaining agreement does not require the employee to be paid by direct deposit.

Sec. 124.152. (A)(1) Except as provided in divisions (A)(2) and (3) of this section, each exempt employee shall be paid a salary or wage in accordance with schedule E-1 or schedule E-2 of division (B) or (C) of this section.

(2) Each exempt employee who holds a position in the unclassified civil service pursuant to division (A)(26) or (30) of section 124.11 of the Revised Code may be paid a salary or wage in accordance with schedule E-1, schedule E-1 for step seven only, or schedule E-2 of division (B), or (C), (D), or (E) of this section, as applicable.

(3)(a) Except as provided in division (A)(3)(b) of this section, each exempt employee who was paid a salary or wage at step 7 in the employee’s pay range on June 28, 2003, in accordance with the applicable schedule E-1 of former section 124.152 of the Revised Code and who continued to be so paid on June 29, 2003, shall be paid a salary or wage in the corresponding
(b) Except as provided in division (A)(3)(c) of this section, if an exempt employee who is being paid a salary or wage in accordance with schedule E-1 for step seven only of division (D) or (E)(C) of this section moves to another position, the employee shall not receive a salary or wage for that position or any other position in the future in accordance with that schedule.

(c) If an exempt employee who is being paid a salary or wage in accordance with schedule E-1 for step seven only of division (D) or (E)(C) of this section moves to another position assigned to pay range 12 or above, the appointing authority has the discretion to assign the employee to be paid a salary or wage in the appropriate pay range for that position in accordance with schedule E-1 for step seven only, provided that the appointing authority so notifies the director of administrative services in writing at the time the employee is appointed to that position.

(B) Beginning on the first day of the pay period that includes July 1, 2002, each exempt employee who must be paid in accordance with schedule E-1 or schedule E-2 of this section shall be paid a salary or wage in accordance with the following schedule of rates:

As used in this section, "exempt employee" means a permanent full-time or permanent part-time employee paid directly by warrant of the auditor of state director of budget and management whose position is included in the job classification plan established under division (A) of section 124.14 of the Revised Code but who is not considered a public employee for the purposes of Chapter 4117. of the Revised Code. As used in this section, "exempt employee" also includes a permanent full-time or permanent part-time employee of the secretary of state, auditor of state, treasurer of state, or attorney general who has not been placed in an appropriate bargaining unit by the state employment relations board.

Sec. 124.18. (A) Forty hours shall be the standard work week for all employees whose salary or wage is paid in whole or in part by the state or by any state-supported college or university. When any employee whose salary or wage is paid in whole or in part by the state or by any state-supported college or university is required by an authorized administrative authority to be in an active pay status more than forty hours in any calendar week, the employee shall be compensated for such time over forty hours, except as otherwise provided in this section, at one and one-half times the employee's regular rate of pay. The use of sick leave or any leave used in lieu of sick leave shall not be considered to be active pay status for the purposes of earning overtime or compensatory time by employees whose wages are paid directly by warrant of the auditor of state director of budget and management. A flexible-hours employee is not entitled to compensation for overtime work unless the employee's authorized administrative authority required the employee to be in active pay status for more than forty hours in a calendar week, regardless of the number of hours the employee works on
any day in the same calendar week.

Such compensation for overtime work shall be paid no later than at the conclusion of the next succeeding pay period.

If the employee elects to take compensatory time off in lieu of overtime pay for any overtime worked, such compensatory time shall be granted by the employee's administrative superior, on a time and one-half basis, at a time mutually convenient to the employee and the administrative superior. An compensatory time is not available for use until it appears on the employee's earning statement and the compensation described in the earning statement is available to the employee.

An employee may accrue compensatory time to a maximum of two hundred forty hours, except that public safety employees and other employees who meet the criteria established in the "Federal Fair Labor Standards Act of 1938," 52 Stat. 1060, 29 U.S.C.A. 207, 213, as amended, may accrue a maximum of four hundred eighty hours of compensatory time. An employee shall be paid at the employee's regular rate of pay for any hours of compensatory time accrued in excess of these maximum amounts if the employee has not used the compensatory time within one hundred eighty days after it is granted, if the employee transfers to another agency of the state, or if a change in the employee's status exempts the employee from the payment of overtime compensation. Upon the termination of employment, any employee with accrued but unused compensatory time shall be paid for that time at a rate that is the greater of the employee's final regular rate of pay or the employee's average regular rate of pay during the employee's last three years of employment with the state.

No overtime, as described in this section, can be paid unless it has been authorized by the authorized administrative authority. Employees may be exempted from the payment of compensation as required by this section only under the criteria for exemption from the payment of overtime compensation established in the "Federal Fair Labor Standards Act of 1938," 52 Stat. 1060, 29 U.S.C.A. 207, 213, as amended. With the approval of the director of administrative services, the appointing authority may establish a policy to grant compensatory time or to pay compensation to state employees who are exempt from overtime compensation. With the approval of the board of county commissioners, a county human services department may establish a policy to grant compensatory time or to pay compensation to employees of the department who are exempt from overtime compensation.

(B)(1) An employee, whose salary or wage is paid in whole or in part by the state, shall be paid for the holidays declared in section 124.19 of the
Revised Code and shall not be required to work on those holidays, unless, in the opinion of the employee's responsible administrative authority, failure to work on those holidays would impair the public service. An employee paid directly by warrant of the auditor of state director of budget and management who is scheduled to work on a holiday and who does not report to work the day before, the day of, or the day after the holiday due to an illness of the employee or of a member of the employee's immediate family shall not receive holiday pay as provided by this division, unless the employee can provide documentation of extenuating circumstances that prohibited the employee from so reporting to work. An employee also shall not be paid for a holiday unless the employee was in active pay status on the scheduled work day immediately preceding the holiday.

(2) If any of the holidays declared in section 124.19 of the Revised Code falls on Saturday, the Friday immediately preceding shall be observed as the holiday. If any of the holidays declared in section 124.19 of the Revised Code falls on Sunday, the Monday immediately succeeding shall be observed as the holiday. Employees whose work schedules are based on the requirements of a seven-days-a-week work operation shall observe holidays on the actual days specified in section 124.19 of the Revised Code.

(3) If an employee's work schedule is other than Monday through Friday, the employee shall be entitled to eight hours of holiday pay for holidays observed on the employee's day off regardless of the day of the week on which they are observed.

(4) A full-time permanent employee is entitled to a minimum of eight hours of pay for each holiday regardless of the employee's work shift and work schedule. A flexible-hours employee is entitled to holiday pay for the number of hours for which the employee normally would have been scheduled to work, who is normally scheduled to work in excess of eight hours on a day on which a holiday falls, either shall be required to work an alternate schedule for that week or shall receive additional holiday pay for the hours the employee is normally scheduled to work. Such an alternate schedule may require a flexible-hours employee to work five shifts consisting of eight hours each during the week including the holiday, and, in that case, the employee shall receive eight hours of holiday pay for the day the holiday is observed.

(5) Part-time permanent employees shall receive holiday pay for that portion of any holiday for which they would normally have been scheduled to work on a pro-rated basis, based upon the daily average of actual hours worked, excluding overtime hours worked, in the previous calendar quarter. The figure shall be calculated for the preceding calendar...
quarter on the first day of January, April, July, and October of each year. When

(6) When an employee who is eligible for overtime pay under this section is required by the employee's responsible administrative authority to work on the day observed as a holiday, the employee shall be entitled to pay for such time worked at one and one-half times the employee's regular rate of pay in addition to the employee's regular pay, or to be granted compensatory time off at time and one-half thereafter, at the employee's option. Payment at such rate shall be excluded in the calculation of hours in active pay status.

(C) Each appointing authority may designate the number of employees in an agency who are flexible-hours employees. The appointing authority may establish for each flexible-hours employee a specified minimum number of hours to be worked each day that is consistent with the "Federal Fair Labor Standards Act of 1938," 52 Stat. 1060, 29 U.S.C.A. 207, 213, as amended.

(D) This section shall be uniformly administered for employees as defined in section 124.01 of the Revised Code and by the personnel departments of state-supported colleges and universities for employees of state-supported colleges and universities. If employees are not paid directly by warrant of the auditor of state director of budget and management, the political subdivision shall determine whether the use of sick leave shall be considered to be active pay status for purposes of those employees earning overtime or compensatory time.

(E) Policies relating to the payment of overtime pay or the granting of compensatory time off shall be adopted by the chief administrative officer of the house of representatives for employees of the house of representatives, by the clerk of the senate for employees of the senate, and by the director of the legislative service commission for all other legislative employees.

(F) As used in this section, "regular rate of pay" means the base rate of pay an employee receives plus any pay supplements received pursuant to section 124.181 of the Revised Code.

Sec. 124.181. (A) Except as provided in division (M) of this section, any employee paid in accordance with schedule B of section 124.15 or schedule E-1 or schedule E-1 for step seven only of section 124.152 of the Revised Code is eligible for the pay supplements provided in this section upon application by the appointing authority substantiating the employee's qualifications for the supplement and with the approval of the director of administrative services except as provided in division (E) of this section.

(B)(1) Except as provided in section 124.183 of the Revised Code, in
computing any of the pay supplements provided in this section for an employee paid in accordance with schedule B of section 124.15 of the Revised Code, the classification salary base shall be the minimum hourly rate of the pay range, provided in that section, in which the employee is assigned at the time of computation.

(2) Except as provided in section 124.183 of the Revised Code, in computing any of the pay supplements provided in this section for an employee paid in accordance with schedule E-1 of section 124.152 of the Revised Code, the classification salary base shall be the minimum hourly rate of the pay range, provided in that section, in which the employee is assigned at the time of computation.

(3) Except as provided in section 124.183 of the Revised Code, in computing any of the pay supplements provided in this section for an employee paid in accordance with schedule E-1 for step seven only of section 124.152 of the Revised Code, the classification salary base shall be the minimum hourly rate in the corresponding pay range, provided in schedule E-1 of that section, to which the employee is assigned at the time of the computation.

(C) The effective date of any pay supplement, except as provided in section 124.183 of the Revised Code or unless otherwise provided in this section, shall be determined by the director.

(D) The director shall, by rule, establish standards regarding the administration of this section.

(E)(1) Except as otherwise provided in this division, beginning on the first day of the pay period within which the employee completes five years of total service with the state government or any of its political subdivisions, each employee in positions paid in accordance with schedule B of section 124.15 of the Revised Code or in accordance with schedule E-1 or schedule E-1 for step seven only of section 124.152 of the Revised Code shall receive an automatic salary adjustment equivalent to two and one-half per cent of the classification salary base, to the nearest whole cent. Each employee shall receive thereafter an annual adjustment equivalent to one-half of one per cent of the employee's classification salary base, to the nearest whole cent, for each additional year of qualified employment until a maximum of ten per cent of the employee's classification salary base is reached. The granting of longevity adjustments shall not be affected by promotion, demotion, or other changes in classification held by the employee, nor by any change in pay range for the employee's class or grade. Longevity pay adjustments shall become effective at the beginning of the pay period within which the employee completes the necessary length of service, except that when an
employee requests credit for prior service, the effective date of the prior service credit and of any longevity adjustment shall be the first day of the pay period following approval of the credit by the director of administrative services. No employee, other than an employee who submits proof of prior service within ninety days after the date of the employee's hiring, shall receive any longevity adjustment for the period prior to the director's approval of a prior service credit. Time spent on authorized leave of absence shall be counted for this purpose.

(2) An employee who has retired in accordance with the provisions of any retirement system offered by the state and who is employed by the state or any political subdivision of the state on or after June 24, 1987, shall not have prior service with the state or any political subdivision of the state counted for the purpose of determining the amount of the salary adjustment provided under this division.

(3) There shall be a moratorium on employees' receipt under this division of credit for service with the state government or any of its political subdivisions during the period from July 1, 2003, through June 30, 2005. In calculating the number of years of total service under this division, no credit shall be included for service during the moratorium. The moratorium shall apply to the employees of the secretary of state, the auditor of state, the treasurer of state, and the attorney general, who are subject to this section unless the secretary of state, the auditor of state, the treasurer of state, or the attorney general decides to exempt the office's employees from the moratorium and so notifies the director of administrative services in writing on or before July 1, 2003.

If an employee is exempt from the moratorium, receives credit for a period of service during the moratorium, and takes a position with another entity in the state government or any of its political subdivisions, either during or after the moratorium, and if that entity's employees are or were subject to the moratorium, the employee shall continue to retain the credit. However, if the moratorium is in effect upon the taking of the new position, the employee shall cease receiving additional credit as long as the employee is in the position, until the moratorium expires.

(F) When an exceptional condition exists that creates a temporary or a permanent hazard for one or more positions in a class paid in accordance with schedule B of section 124.15 of the Revised Code or in accordance with schedule E-1 or schedule E-1 for step seven only of section 124.152 of the Revised Code, a special hazard salary adjustment may be granted for the time the employee is subjected to the hazardous condition. All special hazard conditions shall be identified for each position and incidence from
information submitted to the director on an appropriate form provided by the
director and categorized into standard conditions of: some unusual hazard
not common to the class; considerable unusual hazard not common to the
class; and exceptional hazard not common to the class.

(1) A hazardous salary adjustment of five per cent of the employee's
classification salary base may be applied in the case of some unusual
hazardous condition not common to the class for those hours worked, or a
fraction of those hours worked, while the employee was subject to the
unusual hazard condition.

(2) A hazardous salary adjustment of seven and one-half per cent of the
employee's classification salary base may be applied in the case of some
considerable hazardous condition not common to the class for those hours
worked, or a fraction of those hours worked, while the employee was
subject to the considerable hazard condition.

(3) A hazardous salary adjustment of ten per cent of the employee's
classification salary base may be applied in the case of some exceptional
hazardous condition not common to the class for those hours worked, or a
fraction of those hours worked, when the employee was subject to the
exceptional hazard condition.

(4) Each claim for temporary hazard pay shall be submitted as a
separate payment and shall be subject to an administrative audit by the
director as to the extent and duration of the employee's exposure to the
hazardous condition.

(G) When a full-time employee whose salary or wage is paid directly by
warrant of the auditor of state and who also is eligible for overtime under the "Fair Labor Standards Act of 1938,"
52 Stat. 1060, 29 U.S.C.A. 207, 213, as amended, is ordered by the
appointing authority to report back to work after termination of the
employee's regular work schedule and the employee reports, the employee
shall be paid for such time. The employee shall be entitled to four hours at
the employee's total rate of pay or overtime compensation for the actual
hours worked, whichever is greater. This division does not apply to work
that is a continuation of or immediately preceding an employee's regular
work schedule.

(H) When a certain position or positions paid in accordance with
schedule B of section 124.15 of the Revised Code or in accordance with
schedule E-1 or schedule E-1 for step seven only of section 124.152 of the
Revised Code require the ability to speak or write a language other than
English, a special pay supplement may be granted to attract bilingual
individuals, to encourage present employees to become proficient in other
languages, or to retain qualified bilingual employees. The bilingual pay supplement provided in this division may be granted in the amount of five per cent of the employee's classification salary base for each required foreign language and shall remain in effect as long as the bilingual requirement exists.

(I) The director of administrative services may establish a shift differential for employees. The differential shall be paid to employees in positions working in other than the regular or first shift. In those divisions or agencies where only one shift prevails, no shift differential shall be paid regardless of the hours of the day that are worked. The director and the appointing authority shall designate which positions shall be covered by this division.

(J) Whenever an employee is assigned to work in a higher level position for a continuous period of more than two weeks but no more than two years because of a vacancy, the employee's pay may be established at a rate that is approximately four per cent above the employee's current base rate for the period the employee occupies the position, provided that this temporary occupancy is approved by the director. Employees paid under this division shall continue to receive any of the pay supplements due them under other divisions of this section based on the step one base rate for their normal classification.

(K) If a certain position, or positions, within a class paid in accordance with schedule B of section 124.15 of the Revised Code or in accordance with schedule E-1 or schedule E-1 for step seven only of section 124.152 of the Revised Code are mandated by state or federal law or regulation or other regulatory agency or other certification authority to have special technical certification, registration, or licensing to perform the functions which are under the mandate, a special professional achievement pay supplement may be granted. This special professional achievement pay supplement shall not be granted when all incumbents in all positions in a class require a license as provided in the classification description published by the department of administrative services; to licensees where no special or extensive training is required; when certification is granted upon completion of a stipulated term of in-service training; when an appointing authority has required certification; or any other condition prescribed by the director.

(1) Before this supplement may be applied, evidence as to the requirement must be provided by the agency for each position involved, and certification must be received from the director as to the director's concurrence for each of the positions so affected.

(2) The professional achievement pay supplement provided in this
division shall be granted in an amount up to ten per cent of the employee's classification salary base and shall remain in effect as long as the mandate exists.

(L) Those employees assigned to teaching supervisory, principal, assistant principal, or superintendent positions who have attained a higher educational level than a basic bachelor's degree may receive an educational pay supplement to remain in effect as long as the employee's assignment and classification remain the same.

(1) An educational pay supplement of two and one-half per cent of the employee's classification salary base may be applied upon the achievement of a bachelor's degree plus twenty quarter hours of postgraduate work.

(2) An educational pay supplement of an additional five per cent of the employee's classification salary base may be applied upon achievement of a master's degree.

(3) An educational pay supplement of an additional two and one-half per cent of the employee's classification salary base may be applied upon achievement of a master's degree plus thirty quarter hours of postgraduate work.

(4) An educational pay supplement of five per cent of the employee's classification salary base may be applied when the employee is performing as a master teacher.

(5) An educational pay supplement of five per cent of the employee's classification salary base may be applied when the employee is performing as a special education teacher.

(6) Those employees in teaching supervisory, principal, assistant principal, or superintendent positions who are responsible for specific extracurricular activity programs shall receive overtime pay for those hours worked in excess of their normal schedule, at their straight time hourly rate up to a maximum of five per cent of their regular base salary in any calendar year.

(M)(1) A state agency, board, or commission may establish a supplementary compensation schedule for those licensed physicians employed by the agency, board, or commission in positions requiring a licensed physician. The supplementary compensation schedule, together with the compensation otherwise authorized by this chapter, shall provide for the total compensation for these employees to range appropriately, but not necessarily uniformly, for each classification title requiring a licensed physician, in accordance with a schedule approved by the state controlling board. The individual salary levels recommended for each such physician employed shall be approved by the director. Notwithstanding section 124.11
of the Revised Code, such personnel are in the unclassified civil service.

(2) The director of administrative services may approve supplementary compensation for the director of health, if the director is a licensed physician, in accordance with a supplementary compensation schedule approved under division (M)(1) of this section or in accordance with another supplementary compensation schedule the director of administrative services considers appropriate. The supplementary compensation shall not exceed twenty per cent of the director of health's base rate of pay.

(N) Notwithstanding sections 117.28, 117.30, 117.33, 117.36, 117.42, and 131.02 of the Revised Code, the state shall not institute any civil action to recover and shall not seek reimbursement for overpayments made in violation of division (E) of this section or division (C) of section 9.44 of the Revised Code for the period starting after June 24, 1987, and ending on October 31, 1993.

(O) Employees of the office of the treasurer of state who are exempt from collective bargaining coverage may be granted a merit pay supplement of up to one and one-half per cent of their step rate. The rate at which this supplement is granted shall be based on performance standards established by the treasurer of state. Any supplements granted under this division shall be administered on an annual basis.

Sec. 124.182. (A) There is hereby created in the state treasury the professional development fund. The director of administrative services shall use moneys credited to the fund to pay for programs that provide professional development opportunities for employees who are exempt from collective bargaining coverage and paid by warrant of the auditor of state or director of budget and management. The director of administrative services shall identify by rule adopted under Chapter 119. of the Revised Code programs for which payments from the fund shall be made. The fund also shall be used to pay any direct and indirect costs that are attributable to consultants or a third-party administrator and that are necessary to administer this section. All investment earnings of the fund shall be credited to it.

(B) The director of administrative services, in consultation with the director of budget and management, shall determine a rate at which the payrolls of all participating state agencies with employees paid by warrant of the auditor of state or director of budget and management shall be charged each pay period that is sufficient to cover the costs of administering the programs paid for with the moneys credited to the professional development fund. The rate shall be based on the total number of those employees and may be adjusted as the director of administrative services, in consultation
with the director of budget and management, considers necessary. All moneys collected from the charge shall be credited to the professional development fund.

(C) If the director of administrative services determines that additional appropriation amounts are necessary, the director may request that the director of budget and management increase the appropriation amounts. The additional appropriation amounts are hereby appropriated.

Sec. 124.321. (A) Whenever it becomes necessary for an appointing authority to reduce its work force, the appointing authority shall lay off employees or abolish their positions in accordance with sections 124.321 to 124.327 of the Revised Code and the rules of the director of administrative services.

(B)(1) Employees may be laid off as a result of a lack of funds within an appointing authority. For appointing authorities that employ persons whose salary or wage is paid by warrant of the auditor of state, director of budget and management, the director of budget and management shall be responsible for determining whether a lack of funds exists. For appointing authorities that employ persons whose salary or wage is paid other than by warrant of the auditor of state, director of budget and management, the appointing authority itself shall determine whether a lack of funds exists and shall file a statement of rationale and supporting documentation with the director of administrative services prior to sending the layoff notice.

(2) As used in this division, a "lack of funds" means an appointing authority has a current or projected deficiency of funding to maintain current, or to sustain projected, levels of staffing and operations. This section does not require any transfer of money between funds in order to offset a deficiency or projected deficiency of federal funding for a program.

(3) The director of budget and management shall adopt rules, under Chapter 119. of the Revised Code, for agencies whose employees are paid by warrant of the auditor of state, director of budget and management, for determining whether a lack of funds exists.

(C)(1) Employees may be laid off as a result of lack of work within an appointing authority. For appointing authorities whose employees are paid by warrant of the auditor of state, director of budget and management, the director of administrative services shall determine whether a lack of work exists. All other appointing authorities shall themselves determine whether a lack of work exists and shall file a statement of rationale and supporting documentation with the director of administrative services prior to sending the layoff notice.

(2) As used in this division, a "lack of work" means an appointing
authority has a current or projected temporary decrease in the workload, expected to last less than one year, that requires a reduction of current or projected staffing levels. The determination of a lack of work shall indicate the current or projected temporary decrease in the workload of an appointing authority and whether the current or projected staffing levels of the appointing authority will be excessive.

(D)(1) Employees may be laid off as a result of abolishment of positions. As used in this division, "abolishment" means the deletion of a position or positions from the organization or structure of an appointing authority.

For purposes of this division, an appointing authority may abolish positions for any one or any combination of the following reasons: as a result of a reorganization for the efficient operation of the appointing authority, for reasons of economy, or for lack of work.

(2)(a) Reasons of economy permitting an appointing authority to abolish a position and to lay off the holder of that position under this division shall be determined at the time the appointing authority proposes to abolish the position. The reasons of economy shall be based on the appointing authority's estimated amount of savings with respect to salary, benefits, and other matters associated with the abolishment of the position, except that the reasons of economy associated with the position's abolishment instead may be based on the appointing authority's estimated amount of savings with respect to salary and benefits only, if:

(i) Either the appointing authority's operating appropriation has been reduced by an executive or legislative action, or the appointing authority has a current or projected deficiency in funding to maintain current or projected levels of staffing and operations; and

(ii) It files a notice of the position's abolishment with the director of administrative services within one year of the occurrence of the applicable circumstance described in division (D)(2)(a)(i) of this section.

(b) The following principles apply when a circumstance described in division (D)(2)(a)(i) of this section would serve to authorize an appointing authority to abolish a position and to lay off the holder of the position under this division based on the appointing authority's estimated amount of savings with respect to salary and benefits only:

(i) The position's abolishment shall be done in good faith and not as a subterfuge for discipline.

(ii) If a circumstance affects a specific program only, the appointing authority only may abolish a position within that program.

(iii) If a circumstance does not affect a specific program only, the
appointing authority may identify a position that it considers appropriate for abolishment based on the reasons of economy.

(3) Each appointing authority shall determine itself whether any position should be abolished and shall file a statement of rationale and supporting documentation with the director of administrative services prior to sending the notice of abolishment.

If an abolishment results in a reduction of the work force, the appointing authority shall follow the procedures for laying off employees, subject to the following modifications:

(a) The employee whose position has been abolished shall have the right to fill an available vacancy within the employee's classification.

(b) If the employee whose position has been abolished has more retention points than any other employee serving in the same classification, the employee with the fewest retention points shall be displaced.

(c) If the employee whose position has been abolished has the fewest retention points in the classification, the employee shall have the right to fill an available vacancy in a lower classification in the classification series.

(d) If the employee whose position has been abolished has the fewest retention points in the classification, the employee shall displace the employee with the fewest retention points in the next or successively lower classification in the classification series.

(E) Notwithstanding any contrary provision of the displacement procedure described in section 124.324 of the Revised Code for employees to displace other employees during a layoff, the director of administrative services may establish a paper lay-off process under which employees who are to be laid off or displaced may be required, before the date of their paper layoff, to preselect their options for displacing other employees.

(F) The director of administrative services shall adopt rules under Chapter 119. of the Revised Code for the determination of lack of work within an appointing authority, for the abolishment of positions by an appointing authority, and for the implementation of this section.

Sec. 124.324. (A) A laid-off employee has the right to displace the employee with the fewest retention points in the classification from which the employee was laid off or in a lower or equivalent classification, in the following order:

(1) Within the classification from which the employee was laid off;

(2) Within the classification series from which the employee was laid off;

(3) Within a classification which has the same or similar duties as the classification from which the employee was laid off, in accordance with
the list published by the director of administrative services under division (B)(2) of section 124.311 of the Revised Code;

(4) Within the classification the employee held immediately prior to holding the classification from which the employee was laid off.

Divisions (A)(3) and (4) of this section shall not apply to employees of cities, city health districts, and counties, except for employees of county departments of job and family services.

A laid-off employee in the classified service has the right to displace an employee with the fewest retention points in the classification that the laid-off employee held immediately prior to holding the classification from which the employee was laid off, if the laid-off employee was certified in the former classification. If a position in that classification does not exist, then the employee may displace employees in the classification that the employee next previously held, and so on, subject to the same provisions. The employee may not displace employees in a classification if the employee does not meet the minimum qualifications of the classification or if the employee held the classification more than five years prior to the date on which the employee was laid off, except that failure to meet minimum qualifications shall not prevent the employee from displacing employees in the classification that the employee next previously held within that five-year period.

If, after exercising displacement rights, an employee is subject to further layoff action, the employee’s displacement rights shall be in accordance with the classification from which the employee was first laid off.

The director shall verify the calculation of the retention points of all employees in an affected classification in accordance with section 124.325 of the Revised Code.

(B) Following the order of layoff, an employee laid off in the classified civil service shall displace another employee within the same appointing authority or independent institution and layoff jurisdiction in the following manner:

(1) Each laid-off employee possessing more retention points shall displace the employee with the fewest retention points in the next lower classification or successively lower classification in the same classification series except that a laid-off provisional employee shall not have the right to displace a certified employee.

(2) Any employee displaced by an employee possessing more retention points shall displace the employee with the fewest retention points in the next lower classification or successively lower classification in the same classification series except that a displaced provisional employee shall not
displace a certified employee. This process shall continue, if necessary, until the employee with the fewest retention points in the lowest classification of the classification series of the same appointing authority or independent institution has been reached and, if necessary, laid off.

(C) Employees shall notify the appointing authority of their intention to exercise their displacement rights, within five days after receiving notice of layoff. This division does not apply if the director of administrative services has established a paper lay-off process pursuant to division (E) of section 124.321 of the Revised Code that includes a different notification requirement for employees exercising their displacement rights under that process.

(D) No employee shall displace an employee for whose position or classification there exists special minimum qualifications, as established by a position description, by classification specifications, or by bona fide occupational qualification, unless the employee desiring to displace another employee possesses the requisite minimum qualifications for the position or classification.

(E) If an employee exercising displacement rights must displace an employee in another county within the same layoff district, the displacement shall not be construed to be a transfer.

(F) The director of administrative services shall promulgate rules, under Chapter 119. of the Revised Code, for the implementation of this section.

Sec. 124.327. (A) Employees who have been laid off or have, by virtue of exercising their displacement rights, been displaced to a lower classification in their classification series, shall be placed on appropriate layoff lists. Those employees with the most retention points within each category of order of layoff, as established in section 124.323 of the Revised Code, shall be placed at the top of the layoff list to be followed by employees ranked in descending total retention order. Laid-off employees shall be placed on layoff lists for each classification in the classification series equal to or lower than the classification in which the employee was employed at the time of layoff.

(B) An employee who is laid off retains reinstatement rights in the agency from which the employee was laid off. Reinstatement rights continue for one year from the date of layoff. During this one-year period, in any layoff jurisdiction in which an appointing authority has an employee on a layoff list, the appointing authority shall not hire or promote anyone into a position within that classification until all laid-off persons on a layoff list for that classification who are qualified to perform the duties of the position are
reinstated or decline the position when it is offered.

(C) Each laid-off or displaced employee, in addition to reinstatement rights within the employee's appointing authority, shall have the right to reemployment with other agencies within the layoff jurisdiction, if the employee is qualified to perform the duties of the position, but only in the same classification from which the employee was initially laid off or displaced. Layoff lists for each appointing authority must be exhausted before jurisdictional reemployment layoff lists are used.

(D) Any employee accepting or declining reinstatement to the same classification and same appointment type from which the employee was laid off or displaced shall be removed from the appointing authority's layoff list.

(E) Any employee accepting or declining reemployment to the same classification and the same appointment type from which the employee was laid off or displaced shall be removed from the jurisdictional layoff list.

(F) An employee who does not exercise the option to displace under section 124.324 of the Revised Code shall only be entitled to reinstatement or reemployment in the classification from which the employee was displaced or laid off.

(G) An employee who declines reinstatement to a classification lower in the classification series than the classification from which the employee was laid off or displaced, shall thereafter only be entitled to reinstatement to a classification higher, up to and including the classification from which the employee was laid off or displaced, in the classification series than the classification that was declined.

(H) Any employee reinstated or reemployed under this section shall not serve a probationary period upon reinstatement or reemployment except that an employee laid off during an original or promotional probationary period shall begin a new probationary period.

(I) For the purposes of this section, employees whose salary or wage is not paid directly by warrant of the auditor of state director of budget and management shall be placed on layoff lists of their appointing authority only.

Sec. 124.382. (A) As used in this section and sections 124.383, 124.386, 124.387, and 124.388 of the Revised Code:

(1) "Base pay period" means the pay period that includes the first day of December.

(2) "Pay period" means the fourteen-day period of time during which the payroll is accumulated, as determined by the director of administrative services.

(3) "Active pay status" means the conditions under which an
employee is eligible to receive pay, and includes, but is not limited to, vacation leave, sick leave, personal leave, bereavement leave, and administrative leave.

4) "No pay status" means the conditions under which an employee is ineligible to receive pay and includes, but is not limited to, leave without pay, leave of absence, and disability leave.

5) "Disability leave" means the leave granted pursuant to section 124.385 of the Revised Code.

6) "Full-time permanent employee" means an employee whose regular hours of duty total eighty hours in a pay period in a state agency and whose appointment is not for a limited period of time.

7) "Base rate of pay" means the rate of pay established under schedule B or C of section 124.15 of the Revised Code or under schedule E-1, schedule E-1 for step seven only, or schedule E-2 of section 124.152 of the Revised Code, plus any supplement provided under section 124.181 of the Revised Code, plus any supplements enacted into law which are added to schedule B or C of section 124.15 of the Revised Code or to schedule E-1, schedule E-1 for step seven only, or schedule E-2 of section 124.152 of the Revised Code.

8) "Part-time permanent employee" means an employee whose regular hours of duty total less than eighty hours in a pay period in a state agency and whose appointment is not for a limited period of time.

B) Each full-time permanent and part-time permanent employee whose salary or wage is paid directly by warrant of the auditor of state director of budget and management shall be credited with sick leave of three and one-tenth hours for each completed eighty hours of service, excluding overtime hours worked. Sick leave is not available for use until it appears on the employee's earning statement and the compensation described in the earning statement is available to the employee.

C) Any sick leave credit provided pursuant to division (B) of this section, remaining as of the last day of the pay period preceding the next succeeding base pay period first paycheck the employee receives in December, shall be converted pursuant to section 124.383 of the Revised Code.

D) Employees may use sick leave, provided a credit balance is available, upon approval of the responsible administrative officer of the employing unit, for absence due to personal illness, pregnancy, injury, exposure to contagious disease that could be communicated to other employees, and illness, injury, or death in the employee's immediate family. When sick leave is used, it shall be deducted from the employee's credit on
the basis of absence from previously scheduled work in such increments of an hour and at such a compensation rate as the director of administrative services determines. The appointing authority of each employing unit may require an employee to furnish a satisfactory, signed statement to justify the use of sick leave.

If, after having utilized the credit provided by this section, an employee utilizes sick leave that was accumulated prior to November 15, 1981, compensation for such sick leave used shall be at a rate as the director determines.

(E)(1) The previously accumulated sick leave balance of an employee who has been separated from the public service, for which separation payments pursuant to section 124.384 of the Revised Code have not been made, shall be placed to the employee's credit upon the employee's reemployment in the public service, if the reemployment takes place within ten years of the date on which the employee was last terminated from public service.

(2) The previously accumulated sick leave balance of an employee who has separated from a school district shall be placed to the employee's credit upon the employee's appointment as an unclassified employee of the state department of education, if all of the following apply:

(a) The employee accumulated the sick leave balance while employed by the school district.

(b) The employee did not receive any separation payments for the sick leave balance.

(c) The employee's employment with the department takes place within ten years after the date on which the employee separated from the school district.

(F) An employee who transfers from one public agency to another shall be credited with the unused balance of the employee's accumulated sick leave.

(G) The director of administrative services shall establish procedures to uniformly administer this section. No sick leave may be granted to a state employee upon or after the employee's retirement or termination of employment.

Sec. 124.384. (A) Except as otherwise provided in this section, employees whose salaries or wages are paid by warrant of the auditor of state director of budget and management and who have accumulated sick leave under section 124.38 or 124.382 of the Revised Code shall be paid for a percentage of their accumulated balances, upon separation for any reason, including death but excluding retirement, at their last base rate of pay at the
rate of one hour of pay for every two hours of accumulated balances. An employee who retires in accordance with any retirement plan offered by the state shall be paid upon retirement for each hour of the employee's accumulated sick leave balance at a rate of fifty-five per cent of the employee's last base rate of pay.

An employee serving in a temporary work level or an interim appointment who elects to convert unused sick leave to cash shall do so at the base rate of pay of the employee's normal classification. If an employee dies, the employee's unused sick leave shall be paid in accordance with section 2113.04 of the Revised Code or to the employee's estate.

In order to be eligible for the payment authorized by this section, an employee shall have at least one year of state service and shall request all or a portion of such payment no later than three years after separation from state service. No person is eligible to receive all or a portion of the payment authorized by this section at any time later than three years after the person's separation from state service.

(B) Except as otherwise provided in this division, a person initially employed on or after July 5, 1987, by a state agency in which the employees' salaries or wages are paid directly by warrant of the auditor of state director of budget and management shall receive payment under this section only for sick leave accumulated while employed by state agencies in which the employees' salaries or wages are paid directly by warrant of the auditor of state director of budget and management. A person initially employed on or after July 5, 1987, by the state department of education as an unclassified employee shall receive payment under this section only for sick leave accumulated while employed by state agencies in which the employees' salaries or wages are paid directly by warrant of the auditor of state director of budget and management and for sick leave placed to the employee's credit under division (E)(2) of section 124.382 of the Revised Code.

(C) For employees paid in accordance with section 124.152 of the Revised Code and those employees listed in divisions (B)(2) and (4) of section 124.14 of the Revised Code, the director of administrative services, with the approval of the director of the office of budget and management, may establish a plan for early payment of accrued sick leave and vacation leave.

Sec. 124.386. (A) Each full-time permanent employee paid in accordance with section 124.152 of the Revised Code and those full-time permanent employees listed in divisions (B)(2) and (4) of section 124.14 of the Revised Code shall be credited with thirty-two hours of personal leave
each year. Each part-time permanent employee paid in accordance with section 124.152 of the Revised Code; and those part-time permanent employees listed in divisions (B)(2) and (4) of section 124.14 of the Revised Code; shall receive a pro-rated personal leave credit as determined by rule of the director of administrative services. Such credit shall be made to each eligible employee in the first pay the employee receives in December. Employees, upon giving reasonable notice to the responsible administrative officer of the appointing authority, may use personal leave for absence due to mandatory court appearances, legal or business matters, family emergencies, unusual family obligations, medical appointments, weddings, religious holidays not listed in section 124.19 of the Revised Code, or any other matter of a personal nature. Personal leave may not be used on a holiday when an employee is scheduled to work.

Personal leave is not available for use until it appears on the employee's earning statement and the compensation described in the earning statement is available to the employee.

(B) When personal leave is used, it shall be deducted from the unused balance of the employee's personal leave on the basis of absence in such increments of an hour as the director of administrative services determines. Compensation for such leave shall be equal to the employee's base rate of pay.

(C) A newly appointed full-time permanent employee or a nonfull-time employee who receives a full-time permanent appointment shall be credited with personal leave of thirty-two hours, less one and two-tenths hours for each pay period that has elapsed following the base pay period the first paycheck the employee receives in December, until the first day of the pay period during which the appointment was effective.

(D) The director of administrative services shall allow employees to elect one of the following options with respect to the unused balance of personal leave:

1. Carry forward the balance. The maximum credit that shall be available to an employee at any one time is forty hours.

2. Convert the balance to accumulated sick leave, to be used in the manner provided by section 124.382 of the Revised Code;

3. Receive a cash benefit. The cash benefit shall equal one hour of the employee's base rate of pay for every hour of unused credit that is converted. An employee serving in a temporary work level or an interim appointment who elects to convert unused personal leave to cash shall do so at the base rate of pay of the employee's normal classification. Such cash benefit shall not be subject to contributions to any of the retirement systems,
either by the employee or the employer. 

(E) A full-time permanent employee who separates from state service or becomes ineligible to be credited with leave under this section shall receive a reduction of personal leave credit of one and two-tenths hours for each pay period that remains beginning with the first pay period following the date of separation or the effective date of the employee's ineligibility until the pay period preceding the next base pay period. After calculation of the reduction of an employee's personal leave credit, the employee is entitled to compensation for any remaining personal leave credit at the employee's current base rate of pay. If the reduction results in a number of hours less than zero, the cash equivalent value of such number of hours shall be deducted from any compensation that remains payable to the employee, or from the cash conversion value of any vacation or sick leave that remains credited to the employee. An employee serving in a temporary work level or an interim appointment who is eligible to receive compensation under this section shall be compensated at the base rate of pay of the employee's normal classification.

(F) An employee who transfers from one public agency to another public agency in which the employee is eligible for the credit provided under this section shall be credited with the unused balance of personal leave.

(G) The director of administrative services shall establish procedures to uniformly administer this section. No personal leave may be granted to a state employee upon or after retirement or termination of employment.

Sec. 124.387. Each full-time permanent and part-time permanent employee whose salary or wage is paid directly by warrant of the auditor of state director of budget and management shall be granted three days of bereavement leave with pay upon the death of a member of the employee's immediate family. Compensation for bereavement leave shall be equal to the employee's base rate of pay.

Sec. 124.389. The director of administrative services may establish an employee exchange program for employees whose salary or wage is paid directly by warrant of the auditor of state director of budget and management. The director of administrative services shall adopt rules in accordance with Chapter 119. of the Revised Code to provide for the administration of the program.

Sec. 124.391. (A) As used in this section, "paid leave" means sick leave, personal leave, or vacation leave.

(B) The director of administrative services may establish a program under which an employee paid directly by warrant of the auditor of state
director of budget and management may donate that employee's accrued but unused paid leave to another employee paid directly by warrant of the auditor of state director of budget and management who has no accrued but unused paid leave and who has a critical need for it because of circumstances such as a serious illness or the serious illness of a member of the employee's immediate family.

If the director of administrative services establishes a leave donation program under this division, the director shall adopt rules in accordance with Chapter 119. of the Revised Code to provide for the administration of the program. These rules shall include, but not be limited to, provisions that identify the circumstances under which leave may be donated and that specify the amount, types, and value of leave that may be donated.

(C) At the discretion of the appropriate legislative authority, a county may implement a leave donation program, as provided in this section, for all county agencies or for one or more designated agencies within the county.

Sec. 124.392. (A) As used in this section, "exempt employee" has the same meaning as in section 124.152 of the Revised Code.

(B) The director of administrative services may establish a voluntary cost savings program for exempt employees. The director shall adopt rules in accordance with Chapter 119. of the Revised Code to provide for the administration of the program.

Sec. 124.82. (A) Except as provided in division (D) of this section, the department of administrative services, in consultation with the superintendent of insurance, shall, in accordance with competitive selection procedures of Chapter 125. of the Revised Code, contract with an insurance company or a health plan in combination with an insurance company, authorized to do business in this state, for the issuance of a policy or contract of health, medical, hospital, dental, or surgical benefits, or any combination of those benefits, covering state employees who are paid directly by warrant of the auditor of state director of budget and management, including elected state officials. The department may fulfill its obligation under this division by exercising its authority under division (A)(2) of section 124.81 of the Revised Code.

(B) The department may, in addition, in consultation with the superintendent of insurance, negotiate and contract with health insuring corporations holding a certificate of authority under Chapter 1751. of the Revised Code, in their approved service areas only, for issuance of a contract or contracts of health care services, covering state employees who are paid directly by warrant of the auditor of state director of budget and management, including elected state officials. Except for health insuring
corporations, no more than one or more insurance carriers or health plans to provide the same plan of benefits, provided that:

1. The amount of the premium or cost for such coverage contributed by the state, for an individual or for an individual and the individual's family, does not exceed that same amount of the premium or cost contributed by the state under division (A) of this section;

2. The employee be permitted to exercise the option as to which plan the employee will select under division (A) or (B) of this section, at a time that shall be determined by the department;

3. The health insuring corporations do not refuse to accept the employee, or the employee and the employee's family, if the employee exercises the option to select care provided by the corporations;

4. The employee may choose participation in only one of the plans sponsored by the department;

5. The director of health examines and certifies to the department that the quality and adequacy of care rendered by the health insuring corporations meet at least the standards of care provided by hospitals and physicians in that employee's community, who would be providing such care as would be covered by a contract awarded under division (A) of this section.

(C) All or any portion of the cost, premium, or charge for the coverage in divisions (A) and (B) of this section may be paid in such manner or combination of manners as the department determines and may include the proration of health care costs, premiums, or charges for part-time employees.

(D) Notwithstanding division (A) of this section, the department may provide benefits equivalent to those that may be paid under a policy or contract issued by an insurance company or a health plan pursuant to division (A) of this section.

(E) This section does not prohibit the state office of collective bargaining from entering into an agreement with an employee representative for the purposes of providing fringe benefits, including, but not limited to, hospitalization, surgical care, major medical care, disability, dental care, vision care, medical care, hearing aids, prescription drugs, group life insurance, sickness and accident insurance, group legal services or other benefits, or any combination of those benefits, to employees paid directly by warrant of the auditor of state director of budget and management through a jointly administered trust fund. The employer's contribution for the cost of the benefit care shall be mutually agreed to in the collectively bargained
agreement. The amount, type, and structure of fringe benefits provided under this division is subject to the determination of the board of trustees of the jointly administered trust fund. Notwithstanding any other provision of the Revised Code, competitive bidding does not apply to the purchase of fringe benefits for employees under this division when those benefits are provided through a jointly administered trust fund.

(F) Members of state boards or commissions may be covered by any policy, contract, or plan of benefits or services described in division (A) or (B) of this section. Board or commission members who are appointed for a fixed term and who are compensated on a per meeting basis, or paid only for expenses, or receive a combination of per diem payments and expenses shall pay the entire amount of the premiums, costs, or charges for that coverage.

Sec. 124.821. Each state agency shall pay the monthly enrollee premium for medical insurance coverage under Part B of "The Social Security Amendments of 1965," 79 Stat. 301, 42 U.S.C. 1395j, as amended, for state employees and elected state officials who are employed by or serve in the agency, are paid directly by warrant of the auditor of state director of budget and management, are sixty-five years of age or older, and are participating in the program of health insurance for the aged under Title XVIII of the "Social Security Act," 79 Stat. 286, 42 U.S.C. 1395, as amended. The cost of the premiums shall not be deducted from any employee's or official's wage or salary.

The director of administrative services shall uniformly administer this section and shall, by rule, establish procedures for carrying out such administration.

Sec. 124.823. The department of administrative services shall establish a pilot program under which it includes medical savings accounts as part of any package of health care benefit options offered to state employees and state elected officials paid by warrant of the auditor of state director of budget and management. Except for the provisions in divisions (A) and (B) of section 3924.64 of the Revised Code concerning designation of an administrator, a medical savings account established as part of the program is subject to sections 3924.64 to 3924.74 of the Revised Code.

The department is not required to offer the medical savings account option to any state employee who is covered under a collective bargaining agreement entered into pursuant to Chapter 4117. of the Revised Code, but a medical savings account option may be part of a package of health care benefit options offered pursuant to a collective bargaining agreement. The department may limit enrollment in the medical savings account program and may require state employees enrolled in it to contribute to their medical
savings accounts. The department shall make both individual and family coverage available through the accounts. The program shall not increase the cost of providing health insurance to state employees. The department may end the program at any time not sooner than two years after it is established, except that the department may not end the program prior to providing six months' notice to the speaker of the house of representatives, president of the senate, minority leader of the house and minority leader of the senate, and the chairs of the standing committees of the senate and house of representatives with primary responsibility for health and insurance legislation.

A state employee who chooses the medical savings account option shall have any state health, medical, hospital, dental, surgical, and vision benefits for which the employee is eligible provided through the medical savings account. The department, under section 124.81 or 124.82 of the Revised Code, shall contract for or otherwise provide a high-deductible policy or contract through which those benefits can be paid.

The employee for whom a medical savings account is opened shall at the time the account is opened choose an administrator from a list of administrators designated by the department, one of which may be the insurer from which the department purchases the high-deductible policy or contract. If the employee fails to choose an administrator, the department shall designate an administrator.

If an elected state official whose term commenced prior to the establishment of the program elects to participate in the medical savings account program, participation shall commence at the beginning of the term following establishment of the program.

Sec. 124.84. (A) The department of administrative services, in consultation with the superintendent of insurance and subject to division (D) of this section, shall negotiate and contract with one or more insurance companies or health insuring corporations authorized to operate or do business in this state for the purchase of a policy of long-term care insurance covering all state employees who are paid directly by warrant of the auditor of state director of budget and management, including elected state officials. Any policy purchased under this division shall be negotiated and entered into in accordance with the competitive selection procedures specified in Chapter 125. of the Revised Code. As used in this section, "long-term care insurance" has the same meaning as in section 3923.41 of the Revised Code.

(B) Any elected state official or state employee paid directly by warrant of the auditor of state director of budget and management may elect to participate in any long-term care insurance policy purchased under division
(A) of this section. All or any portion of the premium charged may be paid by the state. Participation in the policy may include the dependents and family members of the elected state official or state employee.

If a participant in a long-term care insurance policy leaves employment, the participant and the participant's dependents and family members may, at their election, continue to participate in a policy established under this section. The manner of payment and the portion of premium charged the participant, dependent, and family member shall be established pursuant to division (E) of this section.

(C) Any long-term care insurance policy purchased under this section or section 124.841 or 145.581 of the Revised Code shall provide for all of the following with respect to the premiums charged for the policy:

1) They shall be set at the entry age of the official or employee when first covered by the policy and shall not increase except as a class during coverage under the policy.

2) They shall be based on the class of all officials or employees covered by the policy.

3) They shall continue, pursuant to section 145.581 of the Revised Code, after the retirement of the official or employee who is covered under the policy, at the rate in effect on the date of the official's or employee's retirement.

(D) Prior to entering into a contract with an insurance company or health insuring corporation for the purchase of a long-term care insurance policy under this section, the department shall request the superintendent of insurance to certify the financial condition of the company or corporation. The department shall not enter into the contract if, according to that certification, the company or corporation is insolvent, is determined by the superintendent to be potentially unable to fulfill its contractual obligations, or is placed under an order of rehabilitation or conservation by a court of competent jurisdiction or under an order of supervision by the superintendent.

(E) The department shall adopt rules in accordance with section 111.15 of the Revised Code governing long-term care insurance purchased under this section. All or any portion of the premium charged the participants, dependents, and family members shall be paid in such manner or combination of manners as the department determines.

Sec. 124.87. (A) There is hereby established in the state treasury the state employee health benefit fund for the sole purpose of enabling the department of administrative services to provide state employees with any benefits specified in division (A) of section 124.82 of the Revised Code.
(B) The fund shall be under the supervision of the department. The department shall be responsible, under approved bonds, for all moneys coming into, and paid out of, the fund in accordance with this section and shall ensure that the fund is actuarially sound. Amounts from the fund may be used to pay direct and indirect costs that are attributable to consultants or a third-party administrator and that are necessary to administer this section.

(C) In carrying out its duties and responsibilities, the department shall do the following:

1. Adopt rules with regard to the administration of the fund;
2. With respect to benefits specified in division (A) of section 124.82 of the Revised Code, enter into a contract with a company authorized to do the business of sickness and accident insurance under Title XXXIX of the Revised Code or a professional claim administrator, to serve as administrator of that portion of the fund set aside to provide such benefits. As used in this division, a "professional claim administrator" means any person that has experience in the handling of insurance claims and has been determined by the department to be fully qualified, financially sound, and capable of meeting all of the service requirements of the contract of administration under such criteria as may be established by rules adopted by the department. With respect to the benefits specified in division (A) of section 124.82 of the Revised Code, if the fund is the secondary payor of those benefits, the amount the professional claim administrator may pay is limited to an amount that will yield a benefit no greater than the amount that would have been paid if the fund were the primary payor of these benefits.
3. Adopt rules governing the conditions under which an employee may participate in or withdraw from the fund, and the procedure by which the employee is to contribute to the fund;
4. Adopt rules to ensure that the fund is actuarially sound;
5. Adopt rules to ensure the integrity of the fund, and to ensure that the fund be used solely for the purpose specified in division (A) of this section.

The department shall adopt all rules pursuant to this section in accordance with Chapter 119. of the Revised Code.

(D) Amounts withheld from employees, amounts contributed by the state or from federal funds, and all amounts contributed by any state authority, shall be credited to the fund. All other income, including the income derived from any dividends and distributions, interest earned, premium rate adjustments, or other refunds, shall also be credited to the fund. Any amounts remaining in the fund after all premiums or subscription charges, and other expenses have been paid, shall be retained in the fund as
a special reserve for adverse fluctuation.

(E) All income derived from the investment of the fund shall accrue to the fund.

(F) The department shall have prepared every year, by a competent actuary familiar with health and life insurance, a report showing a complete actuarial evaluation of the fund and the adequacy of the rates of contribution, which report shall contain such recommendations as the actuary considers advisable. The department may at any time request the actuary to make any studies or evaluations to determine the adequacy of the rates of contribution, and such rates may be adjusted by the department, as recommended by the actuary, effective as of the first of any fiscal year thereafter.

Sec. 125.21. The director of administrative services shall process payroll information for the purpose of payment for personal services of state officials and employees on the basis of rates of pay determined by pertinent law, the director, or other competent authority.

Calculation of payrolls may be made after the conclusion of each pay period based upon the amount of time served as certified by the appropriate appointing authority. Payment for personal service rendered by an official or employee during any pay period shall be made no later than at the conclusion of the official's or employee's next succeeding pay period.

The director of administrative services shall furnish to the auditor of state director of budget and management all necessary data for drawing state official and employee pay warrants and preparing earning statements. These data shall include the rate at which paid; the time for which paid, including overtime and any other adjustments affecting the official's or employee's gross pay; all taxes withheld, including, whenever practicable, year-to-date figures on all taxes withheld; the amount of contribution to the appropriate retirement system; any voluntary deductions made in accordance with authorizations filed by the official or employee; and whether a direct deposit is to be made in accordance with an authorization filed by the official or employee.

Amounts deducted from the salaries or wages of all officials and employees shall be transferred to the payroll withholding fund, which is hereby created in the state treasury for the purpose of consolidating all such deductions made in any month. Payments from this fund shall be made at intervals for the intended purpose of the deduction or for refund where it is determined that deductions were made in error.

Sec. 126.07. No contract, agreement, or obligation involving the expenditure of money chargeable to an appropriation, nor any resolution or
order for the expenditure of money chargeable to an appropriation, shall be valid and enforceable unless the director of budget and management first certifies that there is a balance in the appropriation not already obligated to pay existing obligations, in an amount at least equal to the portion of the contract, agreement, obligation, resolution, or order to be performed in the current fiscal year. Any written contract or agreement entered into by the state shall contain a clause stating that the obligations of the state are subject to this section.

In order to make a payment from the state treasury, a state agency shall first submit to the director all invoices, claims, vouchers, and other evidentiary matter related to the payment. If the director approves payment to be made, the director shall submit the approval to the auditor of state for the drawing of a warrant as provided in section 126.35 of the Revised Code. The director shall not approve payment to be made if the director finds that there is not an unobligated balance in the appropriation for the payment, that the payment is not for a valid claim against the state that is legally due, or that insufficient evidentiary matter has been submitted. If the director does not approve payment, the director shall notify the agency of the reasons the director has not given approval.

In approving payments to be made under this section, the director, upon receipt of certification from the director of job and family services pursuant to section 4141.231 of the Revised Code, shall withhold from amounts otherwise payable to a person who is the subject of the director of jobs and family services' certification, the amount certified to be due and unpaid to the director of job and family services, and shall approve for payment to the director of job and family services, the amount withheld.

Sec. 126.21. (A) The director of budget and management shall do all of the following:

1. Keep all necessary accounting records;
2. Prescribe and maintain the accounting system of the state and establish appropriate accounting procedures and charts of accounts;
3. Establish procedures for the use of written, electronic, optical, or other communications media for approving payment vouchers;
4. Reconcile, in the case of any variation between the amount of any appropriation and the aggregate amount of items of the appropriation, with the advice and assistance of the state agency affected by it and the legislative service commission, totals so as to correspond in the aggregate with the total appropriation. In the case of a conflict between the item and the total of which it is a part, the item shall be considered the intended appropriation.
(5) Evaluate on an ongoing basis and, if necessary, recommend improvements to the internal controls used in state agencies;

(6) Authorize the establishment of petty cash accounts. The director of budget and management may withdraw approval for any petty cash account and require the officer in charge to return to the state treasury any unexpended balance shown by the officer's accounts to be on hand. Any officer who is issued a warrant for petty cash shall render a detailed account of the expenditures of the petty cash and shall report when requested the balance of petty cash on hand at any time.

(7) Process orders, invoices, vouchers, claims, and payrolls and prepare financial reports and statements;

(8) Perform extensions, reviews, and compliance checks prior to approving a payment as the director considers necessary;

(9) Issue the official comprehensive annual financial report of the state. The report shall cover all funds of the state reporting entity and shall include basic financial statements and required supplementary information prepared in accordance with generally accepted accounting principles and other information as the director provides. All state agencies, authorities, institutions, offices, retirement systems, and other component units of the state reporting entity as determined by the director shall furnish the director whatever financial statements and other information the director requests for the report, in the form, at the times, covering the periods, and with the attestation the director prescribes. The information for state institutions of higher education, as defined in section 3345.011 of the Revised Code, shall be submitted to the director by the Ohio board of regents. The board shall establish a due date by which each such institution shall submit the information to the board, but no such date shall be later than one hundred twenty days after the end of the state fiscal year unless a later date is approved by the director.

(B) In addition to the director's duties under division (A) of this section, the director of budget and management may establish and administer one or more state payment card programs that permit or require state agencies to use a payment card to purchase equipment, materials, supplies, or services in accordance with guidelines issued by the director. The director may contract with one or more vendors to provide the payment cards and payment card services. State agencies may only participate in state payment card programs that the director establishes pursuant to this section.

(C) In addition to the director's duties under divisions (A) and (B) of this section, the director may enter into any contract or agreement necessary for and incidental to the performance of the director's duties or the duties of the
office of budget and management.

Sec. 126.22. The director of budget and management may:

(A) Perform or contract for accounting services and design and implement accounting systems with state agencies;

(B) Provide other accounting services, including the preparation and submission of reports;

(C) Change any accounting code appearing in appropriations acts of the general assembly.

Sec. 126.35. (A) The auditor of state director of budget and management shall draw warrants against the treasurer of state pursuant to all requests for payment that the director of budget and management has approved under section 126.07 of the Revised Code.

Payment by the auditor of state director of budget and management as compensation to an employee of the state who has, pursuant to section 124.151 of the Revised Code, designated a financial institution and account for the direct deposit of such payments shall be made by direct deposit to the account of the employee. Payment to any other payee who has designated a financial institution and account for the direct deposit of such payment may be made by direct deposit to the account of the payee in the financial institution as provided in section 9.37 of the Revised Code. The auditor of state shall contract with an authorized financial institution for the services necessary to make direct deposits or electronic benefit transfers under this division and draw lump sum warrants payable to that institution in the amount to be transferred. Accounts maintained by the auditor of state director of budget and management or the auditor of state’s director’s agent in a financial institution for the purpose of effectuating payment by direct deposit or electronic benefit transfer shall be maintained in accordance with section 135.18 of the Revised Code.

(C) All other payments from the state treasury shall be made by paper
warrants or by direct deposit payable to the respective payees. The auditor of state director of budget and management may mail the paper warrants to the respective payees or distribute them through other state agencies, whichever the auditor of state director determines to be the better procedure.

(D) If the average per transaction cost the auditor of state director of budget and management incurs in making direct deposits for a state agency exceeds the average per transaction cost the auditor of state director incurs in drawing paper warrants for all public offices during the same period of time, the auditor of state director may certify the difference in cost and the number of direct deposits for the agency to the director of administrative services. The director of administrative services shall reimburse the auditor of state director of budget and management for such additional costs and add the amount to the processing charge assessed upon the state agency.

Sec. 117.46 126.36. If the auditor of state director of budget and management is satisfied, by affidavit or otherwise, that any warrant on the state treasury drawn by him the director has been lost or destroyed prior to its presentation for payment, he the director may issue to the proper person a replacement of the lost or destroyed warrant; provided, that before issuing the replacement, he the director shall require that the person making application therefor execute a formal agreement to indemnify the state for any loss or damage sustained on account of the issuance of the replacement and the subsequent presentation and payment of the original. The form of the agreement shall be prepared by the attorney general. The agreement when executed shall be filed with the auditor of state director. The treasurer of state shall not be liable because of his paying the payment of any replacement warrant drawn under this section.

Sec. 117.47 126.37. (A) The auditor of state director of budget and management shall void any warrant he the director draws on the state treasury pursuant to Chapter 5733. or 5747. of the Revised Code that is not presented for payment to the treasurer of state within two years after the date of issuance and shall void any other warrant he the director draws on the state treasury that is not presented to the treasurer of state within ninety days after the date of issuance.

(B) If a warrant voided pursuant to division (A) of this section was drawn against an appropriation of the current fiscal year and the holder of the voided warrant presents the warrant for reissuance, in the same fiscal year, to the state agency that made the payment originally, the agency shall prepare a voucher for the holder of the voided warrant, in the amount shown on the warrant that has been voided, against the same appropriation of the same fiscal year if the agency is satisfied that payment is proper.
(C) If a warrant was drawn against an appropriation of the first fiscal year of the fiscal biennium and voided pursuant to division (A) of this section in either fiscal year of the biennium and if the holder of the voided warrant presents the warrant for reissuance, in the second fiscal year of the biennium, to the state agency that made the payment originally, the agency shall prepare a voucher for the holder of the voided warrant, in the amount shown on the warrant that has been voided, against funds transferred to the agency by the director of budget and management pursuant to section 131.33 of the Revised Code, if the agency is satisfied that payment is proper. If no such funds are available for transfer, the agency shall prepare the voucher against any unexpended appropriations of the current fiscal year available to it.

(D) If a warrant was drawn against an appropriation and, during the same biennium, was voided pursuant to division (A) of this section, and if, after that biennium, the holder of the voided warrant presents the warrant for reissuance to the state agency that made the payment originally, the agency shall prepare a voucher for the holder of the voided warrant, in the amount shown on the warrant that has been voided, against any appropriation of the current fiscal year made to the agency if the agency is satisfied that payment is proper.

(E) If a warrant voided pursuant to division (A) of this section was drawn against an appropriation of a previous fiscal year and voided after that fiscal biennium and if the holder of the voided warrant presents the warrant for reissuance to the state agency that made the payment originally, the agency shall forward the warrant to the director of budget and management with a request for reissuance. The director shall make payment to the holder of the voided warrant, in the amount shown on the warrant that has been voided, against any appropriation of the current fiscal year made to the director of budget and management for the reissuance of voided warrants, if the director of budget and management is satisfied that reissuance of the warrant is proper.

Sec. 131.022. (A) As used in this section:

1. "Final overdue claim" means a claim that has been certified to the attorney general under section 131.02 of the Revised Code, that has been final for at least one year, and for which no arrangements have been made for the payment of the claim or, if arrangements for the payment of the claim have been made, the person owing the claim has failed to comply with the terms of the arrangement for more than thirty days.

"Final overdue claim" includes collection costs incurred with respect to the claim that is the basis of the final overdue claim and assessed by the attorney general under division (A) of section 131.02 of the Revised Code, interest accruing to the claim under division (D) of that section, and fees added under division (E)(3) of that section.
(2) "Final" means a claim has been finalized under the law providing for the imposition or determination of the amount due, and any time provided for appeal of the amount, legality, or validity of the claim has expired without an appeal having been filed in the manner provided by law. "Final" includes, but is not limited to, a final determination of the tax commissioner for which the time for appeal has expired without a notice of appeal having been filed.

(B) If a claim is certified to the attorney general under section 131.02 of the Revised Code, at any time after the claim is a final overdue claim, the attorney general may, subject to the approval of the chief officer of the agency reporting the claim and of the controlling board, sell the claim to any person through a competitive process. If federal funds comprise all or a part of the claim, it may not be sold unless the chief officer determines that the sale of the claim will not have an adverse financial impact on the state due to any requirement of the state to repay the federal funds to the federal government.

(C) The attorney general may consolidate any number of final overdue claims for sale under this section.

(D) Not less than sixty days before first offering a final overdue claim for sale, the attorney general shall provide written notice, by ordinary mail, to the person owing the claim at that person's last known mailing address. The notice shall state the following:

   b. The person is deemed to be denied any right to seek and obtain a refund of any amount from which the claim arises if the applicable law otherwise allows for a refund of that nature;
   c. Except as provided in division (I) of this section, the person is deemed to waive any right the person may have to confidentiality of information regarding the claim to the extent confidentiality is provided under any other section of the Revised Code.

(E) Upon the sale of a final overdue claim under this section, the claim becomes the property of the purchaser, and the purchaser may sell or otherwise transfer the claim to any other person or otherwise dispose of the
claim. The owner of the claim is entitled to all proceeds from the collection
of the claim, except the owner of the claim shall reimburse the state for costs
it incurs after the sale of the claim in assisting or facilitating the collection
of the claim including, without limitation, costs of time expended by state
employees. Purchasers or transferees of a final overdue claim are subject to
any applicable laws governing collection of debts of the kind represented by
the claim.

(F) Upon the sale or transfer of a final overdue claim under this section,
no refund shall be issued or paid to the person owing the claim for any part
of the amount from which the claim arises. The sale or transfer of a claim
under this section or division (F) of section 131.02 of the Revised Code
shall not compromise any criminal, civil, or administrative action initiated
by the state against any person owing the claim.

(G) Except as provided in division (I) of this section, and
notwithstanding any other section of the Revised Code, the attorney general,
solely for the purpose of effecting the sale or transfer of a final overdue
claim under this section, may disclose information about the person owing
the claim that otherwise would be confidential under a section of the
Revised Code, and the person shall have no right of action against that
disclosure to the extent a right of that nature is available under that section.

(H) The authority granted under this section is supplemental to the
authority granted under section 131.02 of the Revised Code.

(I) If information contained in a claim that is sold, conveyed, or
transferred to a private entity pursuant to this section is confidential pursuant
to federal law or a section of the Revised Code that implements a federal
law governing confidentiality, such information remains subject to that law
during and following the sale, conveyance, or transfer. A private entity to
which a claim is sold, conveyed, or transferred is bound by all federal and
state confidentiality requirements concerning such information.

Sec. 131.33. No state agency shall incur an obligation which exceeds
the agency's current appropriation authority. Unexpended balances of
appropriations shall, at the close of the period for which the appropriations
are made, revert to the funds from which the appropriations were made,
except that the director of budget and management shall transfer such
unexpended balances from the first fiscal year to the second fiscal year of an
agency's appropriations to the extent necessary for voided warrants to be
reissued pursuant to division (C) of section 17.47 126.37 of the Revised
Code.

Except as provided in this section, appropriations made to a specific
fiscal year shall be expended only to pay liabilities incurred within that
fiscal year.

All payrolls shall be charged to the allotments of the fiscal quarters in which the applicable payroll vouchers are certified by the director of budget and management in accordance with section 126.07 of the Revised Code. As used in this section, "payrolls" means any payment made in accordance with section 125.21 of the Revised Code.

The report shall be certified by an architect or engineer independent of any person that provided goods or services to the board in connection with the energy conservation measures that are the subject of the report. The resultant operational and maintenance cost savings shall be certified by the school district treasurer. The report shall be made available to the commission upon request.

The last maturity of the securities issued under this section on and after the effective date of this amendment shall be not later than the last day of December of the tenth year following the year in which the securities are first issued. Sec. 133.18. (A) The taxing authority of a subdivision may by legislation submit to the electors of the subdivision the question of issuing any general obligation bonds, for one purpose, that the subdivision has power or authority to issue.

(B) When the taxing authority of a subdivision desires or is required by law to submit the question of a bond issue to the electors, it shall pass legislation that does all of the following:

(2) States the date of the authorized election at which the question shall be submitted to the electors;

(3) States the amount, approximate date, estimated rate of interest, and maximum number of years over which the principal of the bonds may be paid;

(4) Declares the necessity of levying a tax outside the tax limitation to pay the debt charges on the bonds and any anticipatory securities.

In calculating the estimated average annual property tax levy for this purpose, the county auditor shall assume that the bonds are issued in one series bearing interest and maturing in substantially equal principal amounts in each year over the maximum number of years over which the principal of the bonds may be paid as stated in that legislation, and that the amount of the tax valuation of the subdivision for the current year remains the same throughout the maturity of the bonds, except as otherwise provided in division (C)(2) of this section. If the tax valuation for the current year is not determined, the county auditor shall base the calculation on the estimated amount of the tax valuation submitted by the county auditor to the county budget commission. If the subdivision is located in more than one county, the county auditor shall obtain the assistance of the county auditors of the other counties, and those county auditors shall provide assistance, in establishing the tax valuation of the subdivision for purposes of certifying the estimated average annual property tax levy.

The tax commissioner may issue rules, orders, or instructions directing how the assessment percentages must be utilized.

(D) After receiving the county auditor's advice under division (C) of this section, the taxing authority by legislation may determine to proceed with submitting the question of the issue of securities, and shall, not later than the seventy-fifth day before the day of the election, file the following with the board of elections:

The election shall be conducted, canvassed, and certified in the manner provided in Title XXXV of the Revised Code.

(2) The election shall be held at the regular places for voting in the subdivision. If the electors of only a part of a precinct are qualified to vote at the election the board of elections may assign the electors in that part to an adjoining precinct, including an adjoining precinct in another county if the board of elections of the other county consents to and approves the assignment. Each elector so assigned shall be notified of that fact prior to the election by notice mailed by the board of elections, in such manner as it determines, prior to the election.

(3) Securities representing a portion of the amount authorized at an election that are issued within the applicable limitation on net indebtedness are valid and in no manner affected by the fact that the balance of the securities authorized cannot be issued by reason of the net indebtedness limitation or lapse of time.

(2) "Community-based long-term care services" has the same meaning
as in section 173.14 of the Revised Code.

(B) Except as provided in section 173.392 of the Revised Code, the department of aging may not pay a person or government entity for providing community-based long-term care services under a program the department administers unless the person or government entity is certified under section 173.391 of the Revised Code and provides the services.

Sec. 173.391. (A) The department of aging or its designee shall do all of the following in accordance with Chapter 119. of the Revised Code:

(1) Certify a person or government entity to provide community-based long-term care services under a program the department administers if the person or government entity satisfies the requirements for certification established by rules adopted under division (B) of this section;

(2) When required to do so by rules adopted under division (B) of this section, take one or more of the following disciplinary actions against a person or government entity issued a certificate under division (A)(1) of this section:

   (a) Issue a written warning;
   (b) Require the submission of a plan of correction;
   (c) Suspend referrals;
   (d) Remove clients;
   (e) Impose a fiscal sanction such as a civil monetary penalty or an order that unearned funds be repaid;
   (f) Revoke the certificate;
   (g) Impose another sanction.

(3) Hold hearings when there is a dispute between the department or its designee and a person or government entity concerning actions the department or its designee takes or does not take under division (A)(1) or (2)(c) to (g) of this section.

(B) The director of aging shall adopt rules in accordance with Chapter 119. of the Revised Code establishing certification requirements and standards for determining which type of disciplinary action to take under division (A)(2) of this section in individual situations. The rules shall establish procedures for all of the following:

(1) Ensuring that community-based long-term care agencies, as defined in section 173.41 of the Revised Code, comply with that section 173.394 of the Revised Code;

(2) Evaluating the services provided to ensure that they are provided in a quality manner advantageous to the individual receiving the services;

(3) Determining when to take disciplinary action under division (A)(2) of this section and which disciplinary action to take.
(C) The procedures established in rules adopted under division (B)(2) of this section shall require that all of the following be considered as part of an evaluation:

1. The service provider's experience and financial responsibility;
2. The service provider's ability to comply with standards for the community-based long-term care services that the provider provides under a program the department administers;
3. The service provider's ability to meet the needs of the individuals served;
4. Any other factor the director considers relevant.

(D) The rules adopted under division (B)(3) of this section shall specify that the reasons disciplinary action may be taken under division (A)(2) of this section include good cause, including misfeasance, malfeasance, nonfeasance, confirmed abuse or neglect, financial irresponsibility, or other conduct the director determines is injurious to the health or safety of individuals being served.

Sec. 173.41 173.394. (A) As used in this section:

1. "Applicant" means a person who is under final consideration for employment with a community-based long-term care agency in a full-time, part-time, or temporary position that involves providing direct care to an older adult individual. "Applicant" does not include a person who provides direct care as a volunteer without receiving or expecting to receive any form of remuneration other than reimbursement for actual expenses.
2. "Criminal records check" and "older adult" have the same meaning as in section 109.572 of the Revised Code.
3. "PASSPORT agency" means a public or private entity that provides home and community-based services to older adults through the PASSPORT program created under section 173.40 of the Revised Code.

(B)(1) Except as provided in division (I) of this section, the chief administrator of a community-based long-term care agency shall request that the superintendent of the bureau of criminal identification and investigation conduct a criminal records check with respect to each applicant. If an applicant for whom a criminal records check request is required under this division does not present proof of having been a resident of this state for the five-year period immediately prior to the date the criminal records check is requested or provide evidence that within that five-year period the superintendent has requested information about the applicant from the federal bureau of investigation in a criminal records check, the chief administrator shall request that the superintendent obtain information from the federal bureau of investigation as part of the criminal
records check of the applicant. Even if an applicant for whom a criminal records check request is required under this division presents proof of having been a resident of this state for the five-year period, the chief administrator may request that the superintendent include information from the federal bureau of investigation in the criminal records check.

(2) A person required by division (B)(1) of this section to request a criminal records check shall do both of the following:

(a) Provide to each applicant for whom a criminal records check request is required under that division a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and a standard fingerprint impression sheet prescribed pursuant to division (C)(2) of that section, and obtain the completed form and impression sheet from the applicant;

(b) Forward the completed form and impression sheet to the superintendent of the bureau of criminal identification and investigation.

(3) An applicant provided the form and fingerprint impression sheet under division (B)(2)(a) of this section who fails to complete the form or provide fingerprint impressions shall not be employed in any position for which a criminal records check is required by this section.

(C)(1) Except as provided in rules adopted by the department of aging in accordance with division (F) of this section and subject to division (C)(2) of this section, no community-based long-term care agency shall employ a person in a position that involves providing direct care to an older adult individual if the person has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.11, 2905.12, 2907.02, 2907.03, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.12, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2913.02, 2913.03, 2913.04, 2913.05, 2913.06, 2913.11, 2913.12, 2913.31, 2913.40, 2913.43, 2913.47, 2913.51, 2919.25, 2921.36, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.11, 2925.13, 2925.22, 2925.23, or 3716.11 of the Revised Code.

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (C)(1)(a) of this section.

(2)(a) A community-based long-term care agency may employ conditionally an applicant for whom a criminal records check request is required under division (B) of this section prior to obtaining the results of a criminal records check regarding the individual, provided that
the agency shall request a criminal records check regarding the individual in accordance with division (B)(1) of this section not later than five business days after the individual begins conditional employment. In the circumstances described in division (I)(2) of this section, a community-based long-term care agency may employ conditionally an applicant who has been referred to the agency by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care of older adults and for whom, pursuant to that division, a criminal records check is not required under division (B) of this section.

(b) A community-based long-term care agency that employs an individual conditionally under authority of division (C)(2)(a) of this section shall terminate the individual's employment if the results of the criminal records check request under division (B) of this section or described in division (I)(2) of this section, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending sixty days after the date the request is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the individual has been convicted of or pleaded guilty to any of the offenses listed or described in division (C)(1) of this section, the agency shall terminate the individual's employment unless the agency chooses to employ the individual pursuant to division (F) of this section. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the individual makes any attempt to deceive the agency about the individual's criminal record.

(D)(1) Each community-based long-term care agency shall pay to the bureau of criminal identification and investigation the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check conducted pursuant to a request made under division (B) of this section.

(2) A community-based long-term care agency may charge an applicant a fee not exceeding the amount the agency pays under division (D)(1) of this section. An agency may collect a fee only if both of the following apply:

(a) The agency notifies the person at the time of initial application for employment of the amount of the fee and that, unless the fee is paid, the person will not be considered for employment;

(b) The medical assistance program established under Chapter 5111. of the Revised Code does not reimburse the agency the fee it pays
under division (D)(1) of this section.

(E) The report of any criminal records check conducted pursuant to a request made under this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

1. The individual who is the subject of the criminal records check or the individual's representative;
2. The chief administrator of the agency requesting the criminal records check or the administrator's representative;
3. The administrator of any other facility, agency, or program that provides direct care to older adults that is owned or operated by the same entity that owns or operates the PASSPORT community-based long-term care agency;
4. The director of aging or a person authorized by the director to monitor a community-based long-term care agency's compliance with this section;
5. A court, hearing officer, or other necessary individual involved in a case dealing with a denial of employment of the applicant or dealing with employment or unemployment benefits of the applicant;
6. Any person to whom the report is provided pursuant to, and in accordance with, division (I)(1) or (2) of this section.

(F) The department of aging shall adopt rules in accordance with Chapter 119. of the Revised Code to implement this section. The rules shall specify circumstances under which a PASSPORT community-based long-term care agency may employ a person who has been convicted of or pleaded guilty to an offense listed or described in division (C)(1) of this section but meets personal character standards set by the department.

(G) The chief administrator of a PASSPORT community-based long-term care agency shall inform each person, at the time of initial application for a position that involves providing direct care to an older adult individual, that the person is required to provide a set of fingerprint impressions and that a criminal records check is required to be conducted if the person comes under final consideration for employment.

(H) In a tort or other civil action for damages that is brought as the result of an injury, death, or loss to person or property caused by an individual who a PASSPORT community-based long-term care agency employs in a position that involves providing direct care to older adult individuals, all of the following shall apply:

1. If the agency employed the individual in good faith and reasonable reliance on the report of a criminal records check requested under this
section, the agency shall not be found negligent solely because of its reliance on the report, even if the information in the report is determined later to have been incomplete or inaccurate;

(2) If the agency employed the individual in good faith on a conditional basis pursuant to division (C)(2) of this section, the agency shall not be found negligent solely because it employed the individual prior to receiving the report of a criminal records check requested under this section;

(3) If the agency in good faith employed the individual according to the personal character standards established in rules adopted under division (F) of this section, the agency shall not be found negligent solely because the individual prior to being employed had been convicted of or pleaded guilty to an offense listed or described in division (C)(1) of this section.

(I)(1) The chief administrator of a PASSPORT community-based long-term care agency is not required to request that the superintendent of the bureau of criminal identification and investigation conduct a criminal records check of an applicant if the applicant has been referred to the agency by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care of older adults individuals and both of the following apply:

(a) The chief administrator receives from the employment service or the applicant a report of the results of a criminal records check regarding the applicant that has been conducted by the superintendent within the one-year period immediately preceding the applicant's referral;

(b) The report of the criminal records check demonstrates that the person has not been convicted of or pleaded guilty to an offense listed or described in division (C)(1) of this section, or the report demonstrates that the person has been convicted of or pleaded guilty to one or more of those offenses, but the PASSPORT community-based long-term care agency chooses to employ the individual pursuant to division (F) of this section.

(2) The chief administrator of a PASSPORT community-based long-term care agency is not required to request that the superintendent of the bureau of criminal identification and investigation conduct a criminal records check of an applicant and may employ the applicant conditionally as described in this division, if the applicant has been referred to the agency by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care of older adults individuals and if the chief administrator receives from the employment service or the applicant a letter from the employment service that is on the letterhead of the employment service, dated, and signed by a supervisor or another designated official of the employment service and that states that the
employment service has requested the superintendent to conduct a criminal records check regarding the applicant, that the requested criminal records check will include a determination of whether the applicant has been convicted of or pleaded guilty to any offense listed or described in division (C)(1) of this section, that, as of the date set forth on the letter, the employment service had not received the results of the criminal records check, and that, when the employment service receives the results of the criminal records check, it promptly will send a copy of the results to the PASSPORT community-based long-term care agency. If a PASSPORT community-based long-term care agency employs an applicant conditionally in accordance with this division, the employment service, upon its receipt of the results of the criminal records check, promptly shall send a copy of the results to the PASSPORT community-based long-term care agency, and division (C)(2)(b) of this section applies regarding the conditional employment.

Sec. 184.20. (A) A member of the third frontier commission or a member of the third frontier advisory board shall not do either of the following:

1. Receive support under section 184.11 of the Revised Code;
2. Receive any financial gain from an entity that is awarded support under section 184.11 of the Revised Code if that financial gain is directly related to, or is the direct result of, the awarding of such support.

(B) A member who violates division (A) of this section shall forfeit the support or financial gain received and shall pay the amount forfeited to the third frontier commission.

Sec. 307.761. A board of county commissioners may maintain and operate a facility to encourage the study of and promote the sciences and natural history, or it may contract with or contribute to a nonprofit corporation to develop, maintain, and operate such a facility if the nonprofit corporation is organized, in whole or in part, for the purpose of encouraging the study of and to promote the sciences and natural history.

Sec. 319.301. (A) This section does not apply to any of the following:

1. Taxes levied at whatever rate is required to produce a specified amount of tax money, including a tax levied under section 5705.211 of the Revised Code, or an amount to pay debt charges;
2. Taxes levied within the one per cent limitation imposed by Section 2 of Article XII, Ohio Constitution;
3. Taxes provided for by the charter of a municipal corporation.

(B) As used in this section:

1. "Real property" includes real property owned by a railroad.
(2) "Carryover property" means all real property on the current year's tax list except:
   (a) Land and improvements that were not taxed by the district in both the preceding year and the current year;
   (b) Land and improvements that were not in the same class in both the preceding year and the current year.

(3) "Effective tax rate" means with respect to each class of property:
   (a) The sum of the total taxes that would have been charged and payable for current expenses against real property in that class if each of the district's taxes were reduced for the current year under division (D)(1) of this section without regard to the application of division (E)(3) of this section divided by
   (b) The taxable value of all real property in that class.

(4) "Taxes charged and payable" means the taxes charged and payable prior to any reduction required by section 319.302 of the Revised Code.

(C) The tax commissioner shall make the determinations required by this section each year, without regard to whether a taxing district has territory in a county to which section 5715.24 of the Revised Code applies for that year. Separate determinations shall be made for each of the two classes established pursuant to section 5713.041 of the Revised Code.

(D) With respect to each tax authorized to be levied by each taxing district, the tax commissioner, annually, shall do both of the following:
   (1) Determine by what percentage, if any, the sums levied by such tax against the carryover property in each class would have to be reduced for the tax to levy the same number of dollars against such property in that class in the current year as were charged against such property by such tax in the preceding year subsequent to the reduction made under this section but before the reduction made under section 319.302 of the Revised Code. In the case of a tax levied for the first time that is not a renewal of an existing tax, the commissioner shall determine by what percentage the sums that would otherwise be levied by such tax against carryover property in each class would have to be reduced to equal the amount that would have been levied if the full rate thereof had been imposed against the total taxable value of such property in the preceding tax year. A tax or portion of a tax that is designated a replacement levy under section 5705.192 of the Revised Code is not a renewal of an existing tax for purposes of this division.
   (2) Certify each percentage determined in division (D)(1) of this section, as adjusted under division (E) of this section, and the class of property to which that percentage applies to the auditor of each county in which the district has territory. The auditor, after complying with section 319.30 of the Revised Code, shall reduce the sum to be levied by such tax against each
 parcel of real property in the district by the percentage so certified for its class. Certification shall be made by the first day of September except in the case of a tax levied for the first time, in which case certification shall be made within fifteen days of the date the county auditor submits the information necessary to make the required determination.

(E)(1) As used in division (E)(2) of this section, "pre-1982 joint vocational taxes" means, with respect to a class of property, the difference between the following amounts:

(a) The taxes charged and payable in tax year 1981 against the property in that class for the current expenses of the joint vocational school district of which the school district is a part after making all reductions under this section;

(b) The following percentage of the taxable value of all real property in that class:

(i) In 1987, five one-hundredths of one per cent;
(ii) In 1988, one-tenth of one per cent;
(iii) In 1989, fifteen one-hundredths of one per cent;
(iv) In 1990 and each subsequent year, two-tenths of one per cent.

If the amount in division (E)(1)(b) of this section exceeds the amount in division (E)(1)(a) of this section, the pre-1982 joint vocational taxes shall be zero.

As used in divisions (E)(2) and (3) of this section, "taxes charged and payable" has the same meaning as in division (B)(4) of this section and excludes any tax charged and payable in 1985 or thereafter under sections 5705.194 to 5705.197 or section 5705.213 of the Revised Code.

(2) If in the case of a school district other than a joint vocational or cooperative education school district any percentage required to be used in division (D)(2) of this section for either class of property could cause the total taxes charged and payable for current expenses to be less than two per cent of the taxable value of all real property in that class that is subject to taxation by the district, the commissioner shall determine what percentages would cause the district's total taxes charged and payable for current expenses against that class, after all reductions that would otherwise be made under this section, to equal, when combined with the pre-1982 joint vocational taxes against that class, the lesser of the following:

(a) The sum of the rates at which those taxes are authorized to be levied;

(b) Two per cent of the taxable value of the property in that class. The auditor shall use such percentages in making the reduction required by this section for that class.

(3)(a) If in the case of a joint vocational school district any percentage
required to be used in division (D)(2) of this section for either class of property could cause the total taxes charged and payable for current expenses for that class to be less than the designated amount, the commissioner shall determine what percentages would cause the district's total taxes charged and payable for current expenses for that class, after all reductions that would otherwise be made under this section, to equal the designated amount. The auditor shall use such percentages in making the reductions required by this section for that class.

(b) As used in division (E)(3)(a) of this section, the designated amount shall equal the taxable value of all real property in the class that is subject to taxation by the district times the lesser of the following:

(i) Two-tenths of one per cent;

(ii) The district's effective rate plus the following percentage for the year indicated:

(F) No reduction shall be made under this section in the rate at which any tax is levied.

(G) The commissioner may order a county auditor to furnish any information needed to make the determinations required under division (D) or (E) of this section, and the auditor shall supply the information in the form and by the date specified in the order. If the auditor fails to comply with an order issued under this division, except for good cause as determined by the commissioner, the commissioner shall withhold from such county or taxing district therein fifty per cent of state revenues to local governments pursuant to section 5747.50 of the Revised Code or shall direct the department of education to withhold therefrom fifty per cent of state revenues to school districts pursuant to Chapter 3317. of the Revised Code. The commissioner shall withhold the distribution of such revenues until the county auditor has complied with this division, and the department
shall withhold the distribution of such revenues until the commissioner has notified the department that the county auditor has complied with this division.

(H) If the commissioner is unable to certify a tax reduction factor for either class of property in a taxing district located in more than one county by the last day of November because information required under division (G) of this section is unavailable, the commissioner may compute and certify an estimated tax reduction factor for that district for that class. The estimated factor shall be based upon an estimate of the unavailable information. Upon receipt of the actual information for a taxing district that received an estimated tax reduction factor, the commissioner shall compute the actual tax reduction factor and use that factor to compute the taxes that should have been charged and payable against each parcel of property for the year for which the estimated reduction factor was used. The amount by which the estimated factor resulted in an overpayment or underpayment in taxes on any parcel shall be added to or subtracted from the amount due on that parcel in the ensuing tax year.

A percentage or a tax reduction factor determined or computed by the commissioner under this section shall be used solely for the purpose of reducing the sums to be levied by the tax to which it applies for the year for which it was determined or computed. It shall not be used in making any tax computations for any ensuing tax year.

(I) In making the determinations under division (D)(1) of this section, the tax commissioner shall take account of changes in the taxable value of carryover property resulting from complaints filed under section 5715.19 of the Revised Code for determinations made for the tax year in which such changes are reported to the commissioner. Such changes shall be reported to the commissioner on the first abstract of real property filed with the commissioner under section 5715.23 of the Revised Code following the date on which the complaint is finally determined by the board of revision or by a court or other authority with jurisdiction on appeal. The tax commissioner shall account for such changes in making the determinations only for the tax year in which the change in valuation is reported. Such a valuation change shall not be used to recompute the percentages determined under division (D)(1) of this section for any prior tax year.

Sec. 333.01. As used in this chapter:

(A) "County sales and use tax" means the tax levied by a county under division (A) of section 5739.021 or division (A) of section 5741.021 of the Revised Code that is returned or distributed to the county under section 5739.21 or 5741.03 of the Revised Code.
(B) "Impact facility" means a permanent structure, including all interior or exterior square footage used for educational or exhibition activities, that meets all of the following criteria:

1. It is used for the sale of tangible personal property or services;
2. At least ten per cent of the facility's total square footage is dedicated to educational or exhibition activities;
3. At least fifty million dollars is invested in land, buildings, infrastructure, and equipment for the facility at the site of the facility over a period of not more than two years;
4. An annualized average of at least one hundred fifty new full-time equivalent positions will be created and maintained at the facility;
5. More than fifty per cent of the visitors to the facility are reasonably anticipated to live at least one hundred miles from the facility.

(C) "Qualifying investment" means a person's investment in land, buildings, infrastructure, and equipment for creating an impact facility.

(D) "Full-time equivalent positions" means the total number of hours worked at a facility in a work week, divided by forty hours per week.

Sec. 333.02. Before December 1, 2006, a board of county commissioners of a county that levies a county sales and use tax may enter into an agreement with any person that proposes to construct an impact facility in the county to provide payments to that person of up to seventy-five per cent of the county sales and use tax collected on each retail sale made by that person at the facility, for a term of up to ten years, or until the person's qualifying investment in the impact facility has been realized through the payments, whichever occurs first.

Sec. 333.03. (A) A person seeking to enter into an agreement and obtain payments under section 333.02 of the Revised Code shall provide both of the following to the board of county commissioners:

1. A certification by the person's chief financial officer, or the equivalent if that position does not exist, that the criteria listed in division (B) of section 333.01 of the Revised Code will be met; and
2. An application on a form or in a format acceptable to the board that describes the proposed impact facility, including the projected level of investment in and new jobs to be created at the facility, the rationale used for determining that more than fifty per cent of the facility's visitors live at least one hundred miles from the facility, the types of activities to be conducted at the facility, the projected levels of sales to occur at the facility, a calculation of the facility's square footage that will be dedicated to educational or exhibition activities, and any other information the board of county commissioners reasonably requests about the expected operations of
the facility.

(B) The board of county commissioners shall request the director of development to certify that the proposed facility meets the criteria for an impact facility listed in division (B) of section 333.01 of the Revised Code. The board of county commissioners may, but need not, make findings of fact that a proposed facility meets the criteria for an impact facility listed in division (B) of section 333.01 of the Revised Code before or after requesting the certification. If the director of development certifies a proposed facility as an impact facility under this section, and if the board makes such findings, the findings and certification are conclusive and not subject to reopening at any time.

Sec. 333.04. (A) After review of the items submitted under division (A) of section 333.03 of the Revised Code, and after receipt of the certification from the director of development under division (B) of that section, a board of county commissioners, before December 1, 2006, may enter into an agreement under section 333.02 of the Revised Code, provided that the board has determined all of the following:

1. The proposed impact facility is economically sound;
2. Construction of the proposed impact facility has not begun prior to the day the agreement is entered into;
3. The impact facility will benefit the county by increasing employment opportunities and strengthening the local and regional economy; and
4. Receiving payments from the board of county commissioners is a major factor in the person's decision to go forward with construction of the impact facility.

(B) An agreement entered into under this section shall include all of the following:

1. A description of the impact facility that is the subject of the agreement, including the existing investment level, if any, the proposed amount of investments, the scheduled starting and completion dates for the facility, and the number and type of full-time equivalent positions to be created at the facility;
2. The percentage of the county sales and use tax collected at the impact facility that will be used to make payments to the person entering into the agreement;
3. The term of the payments and the first calendar quarter in which the person may apply for a payment under section 333.06 of the Revised Code;
4. A requirement that the amount of payments made to the person during the term established under division (B)(3) of this section shall not
exceed the person's qualifying investment, and that all payments cease when that amount is reached;

5. A requirement that the person maintain operations at the impact facility for at least the term established under division (B)(3) of this section;

6. A requirement that the person annually certify to the board of county commissioners, on or before a date established by the board in the agreement, the level of investment in, the number of employees and type of full-time equivalent positions at, and the amount of county sales and use tax collected and remitted to the tax commissioner or treasurer of state from sales made at, the facility;

7. A provision stating that the creation of the proposed impact facility does not involve the relocation of more than ten full-time equivalent positions and two million dollars in taxable assets to the impact facility from another facility owned by the person, or a related member of the person, that is located in another political subdivision of this state, other than the political subdivision in which the impact facility is or will be located;

8. of the Revised Code, but it may evidence in addition any agreements of the parties for the payment of delinquent charges, as provided for in section 1317.06 of the Revised Code, taxes, and any lawful fee actually paid out, or to be paid out, by the retail seller to any public officer for filing, recording, or releasing any instrument securing the payment of the obligation owed on any retail installment contract. No retail seller, directly or indirectly, shall charge, contract for, or receive from any retail buyer, any further or other amount for examination, service, brokerage, commission, expense, fee, or other thing of value. A documentary service charge customarily and presently being paid on May 9, 1949, in a particular business and area may be charged if the charge does not exceed one hundred fifty dollars per sale.

No retail seller shall use multiple agreements with respect to a single item or related items purchased at the same time, with intent to obtain a higher charge than would otherwise be permitted by Chapter 1317. of the Revised Code or to avoid disclosure of an annual percentage rate, nor by use of such agreements make any charge greater than that which would be permitted by Chapter 1317. of the Revised Code had a single agreement been used.

Sec. 1321.02. No person shall engage in the business of lending money, credit, or choses in action in amounts of five thousand dollars or less, or exact, contract for, or receive, directly or indirectly, on or in connection with any such loan, any interest and charges that in the aggregate are greater than the interest and charges that the lender would be permitted to charge for a loan of money if the lender were not a licensee, without first having obtained a license from the division of financial institutions under sections 1321.01 to 1321.19 of the Revised Code.

Sections 1321.01 to 1321.19 of the Revised Code do not apply to any person doing business under and as permitted by any law of this state, another state, or the United States relating to banks, savings banks, savings societies, trust companies, credit unions, savings and loan associations substantially all the business of which is confined to loans on real estate mortgages and evidences of their own indebtedness; to registrants conducting business pursuant to sections 1321.51 to 1321.60 of the Revised Code; to licensees conducting business pursuant to sections 1321.71 to 1321.83 of the Revised Code; or to licensees doing business pursuant to sections 1315.35 to 1315.44 of the Revised Code; or to any entity who is licensed pursuant to Title XXXIX of the Revised Code, who makes advances or loans to any person who is licensed to sell insurance pursuant to that Title, and who is authorized in writing by that entity to sell insurance.
No person engaged in the business of selling tangible goods or services related thereto may receive or retain a license under sections 1321.01 to 1321.19 of the Revised Code for such place of business.

The first paragraph of this section applies to any person, who by any device, subterfuge, or pretense, charges, contracts for, or receives greater interest, consideration, or charges than that authorized by this section for any such loan or use of money or for any such loan, use, or sale of credit, or who for a fee or any manner of compensation arranges or offers to find or arrange for another person to make any such loan, use, or sale of credit. This section does not preclude the acquiring, directly or indirectly, by purchase or discount, of a bona fide obligation for goods or services when such obligation is payable directly to the person who provided the goods or services.

Any contract of loan in the making or collection of which an act is done by the lender that violates this section is void and the lender has no right to collect, receive, or retain any principal, interest, or charges.

Sec. 2151.357. (A) In the manner prescribed by division (C)(1) or (2) of section 3313.64 of the Revised Code, as applicable, the court, at the time of making any order that removes a child from the child's own home or that vests legal or permanent custody of the child in a person other than the child's parent or a government agency, shall determine the school district that is to bear the cost of educating the child. The court shall make the determination a part of the order that provides for the child's placement or
commitment. That school district shall bear the cost of educating the child unless and until the court modifies its order pursuant to division (A)(2) of this section.

(2) If, while the child is in the custody of a person other than the child's parent or a government agency, the department of education notifies the court that the place of residence of the child's parent has changed since the court issued its initial order, the court may modify its order to name a different school district to bear the cost of educating the child. The department may submit the notice to the court upon receipt, from the school district initially ordered to bear the cost of educating the child, of evidence acceptable to the department that the residence of the child's parent has changed since the court issued its initial order. In the notice to the court, the department shall recommend to the court whether a different district should be ordered to bear the cost of educating the child and, if so, which district should be so ordered. The department shall recommend to the court the district in which the child's parent currently resides or, if the parent's residence is not known, the district in which the parent's last known residence is located. If the department cannot determine any Ohio district in which the parent currently resides or has resided, the school district designated in the initial court order shall continue to bear the cost of educating the child.

The court may consider the content of a notice by the department of education under division (A)(2) of this section as conclusive evidence as to which school district should bear the cost of educating the child and may amend its order accordingly.

(B) Whenever a child is placed in a detention facility established under section 2152.41 of the Revised Code or a juvenile facility established under section 2151.65 of the Revised Code, the child's school district as determined by the court shall pay the cost of educating the child based on the per capita cost of the educational facility within the detention home or juvenile facility.

(C) Whenever a child is placed by the court in a private institution, school, or residential treatment center or any other private facility, the state shall pay to the court a subsidy to help defray the expense of educating the child in an amount equal to the product of the daily per capita educational cost of the private facility, as determined pursuant to this section, and the number of days the child resides at the private facility, provided that the subsidy shall not exceed twenty-five hundred dollars per year per child. The daily per capita educational cost of a private facility shall be determined by dividing the actual program cost of the private facility or twenty-five
hundred dollars, whichever is less, by three hundred sixty-five days or by
three hundred sixty-six days for years that include February twenty-ninth.
The state shall pay seventy-five per cent of the total subsidy for each year
quarterly to the court. The state may adjust the remaining twenty-five per
cent of the total subsidy to be paid to the court for each year to an amount
that is less than twenty-five per cent of the total subsidy for that year based
upon the availability of funds appropriated to the department of education
for the purpose of subsidizing courts that place a child in a private
institution, school, or residential treatment center or any other private
facility and shall pay that adjusted amount to the court at the end of the year.

Sec. 2152.44. (A) As soon as practical after the organization of the joint
board of county commissioners as provided by section 2152.41 of the
Revised Code, the joint board shall appoint a board of not less than five
trustees. The board shall hold office until the first annual meeting after the
choice of an established site and buildings, or after the selection and
purchase of a building site. At that time, the joint board of county
commissioners shall appoint a board of not less than five trustees, one of
whom shall hold office for a term of one year, one for a term of two years,
one for a term of three years, half of the remaining number for a term of four
years, and the remainder for a term of five years. Annually thereafter, the
joint board of county commissioners shall appoint one or more trustees,
each of whom shall hold office for a term of five years, to succeed the
trustee or trustees whose term of office expires. A trustee may be appointed
to successive terms. Any person appointed as a trustee shall be
recommended and approved by the juvenile court judge or judges of the
county of which the person resides.

At least one trustee shall reside in each county in the district. In districts
composed of two counties, each county shall be entitled to not less than two
trustees. In districts composed of more than four counties, the number of
trustees shall be sufficiently increased, provided that there shall always be
an uneven number of trustees on the board. The county in which a district
detention facility is located shall have not less than two trustees, who, in the
interim period between the regular meetings of the trustees, shall act as an
executive committee in the discharge of all business pertaining to the
facility.

The joint board of county commissioners may remove any trustee for
good cause. The trustee appointed to fill any vacancy shall hold the office
for the unexpired term of the predecessor trustee.

(B) The annual meeting of the board of trustees shall be held on the first
Tuesday in May in each year.
A majority of the board constitutes a quorum. Other board meetings shall be held at least quarterly. The juvenile court judge of each county of the district, or the judge's designee, shall attend the meetings. The members of the board shall receive no compensation for their services, except their actual and necessary expenses. The treasurer shall pay the member's traveling expenses when properly certified.

(C) When the board of trustees does not choose an established institution in one of the counties of the district, it may select a suitable site for the erection of a district detention facility. The site must be easily accessible, conducive to health, economy in purchasing or in building, and the general interest of the facility and its residents, and be as near as practicable to the geographical center of the district.

In the interim between the selection and purchase of a site, and the erection and occupancy of the district detention facility, the joint board of county commissioners provided under section 2151.41 2152.41 of the Revised Code may delegate to the board of trustees any powers and duties that, in its judgment, will be of general interest or aid to the institution. The joint board of county commissioners may appropriate a trustees' fund, to be expended by the trustees for contracts, purchases, or other necessary expenses of the facility. The trustees shall make a complete settlement with the joint board of county commissioners once each six months, or quarterly if required, and shall make to the board of county commissioners and to the juvenile court of each of the counties a full report of the condition of the facility and residents.

(D) The choice of an established site and buildings, or the purchase of a site, stock, implements, and general farm equipment, should there be a farm, the erection of buildings, and the completion and furnishing of the district detention facility for occupancy, shall be in the hands of the joint board of county commissioners organized under section 2152.41 of the Revised Code. The joint board of county commissioners may delegate all or a portion of these duties to the board of trustees, under any restrictions that the joint board of county commissioners imposes.

When an established site and buildings are used for a district detention facility, the joint board of county commissioners shall cause the value of that site and those buildings to be properly appraised. This appraisal value, or in case of the purchase of a site, the purchase price and the cost of all improvements thereto, shall be paid by the counties comprising the district, in proportion to the taxable property of each county, as shown by its tax duplicate.

(E) Once a district is established, the trustees shall operate, maintain,
and manage the facility as provided in sections 2152.41 to 2152.43 of the Revised Code and, on and after the effective date of this amendment and notwithstanding any provision of the Revised Code to the contrary, may adopt bylaws regarding the daily operation, maintenance, and management of the facility. No bylaw adopted pursuant to this division may supersede any provision of the Revised Code.

Sec. 2305.2341. (A) The medical liability insurance reimbursement program is hereby established. Free clinics, including the clinics' staff and volunteer health care professionals and volunteer health care workers, may participate in the medical liability insurance reimbursement program established by this section. The coverage provided under the program shall be limited to claims that arise out of the diagnosis, treatment, and care of patients of free clinics, as defined in division (D)(1) of this section.

(B) A free clinic is eligible to receive reimbursement under the medical liability insurance reimbursement program for the premiums that the clinic pays for medical liability insurance coverage for the clinic, its staff, and volunteer health care professionals and health care workers. Free clinics shall register with the department of health by the thirty-first day of January of each year in order to participate in and to obtain reimbursement under the program. Free clinics shall provide all of the following to the department of health at the time of registration:

2. A statement of the number of health care services rendered by the free clinic during the previous fiscal year;
3. A signed form acknowledging that the free clinic agrees to follow its medical liability insurer's risk management and loss prevention policies;
4. A copy of the medical liability insurance policy purchased by the free clinic, or the policy's declaration page, and documentation of the premiums paid by the clinic.

(C) The department of health shall reimburse free clinics participating in the professional liability insurance reimbursement program for up to eighty per cent of the premiums that the free clinic pays for medical liability insurance coverage up to twenty thousand dollars. Appropriations to the department of health may be made from the general fund of the state for this purpose.

A free clinic facilitates the delivery of health care services through the use of volunteer health care professionals and voluntary care networks. For this purpose, a free clinic shall comply with all of the following:

(b) A free clinic shall not bill a patient for health care services rendered.

(c) Free clinics shall not perform operations, as defined by divisions (A)(9) and (F)(1)(b) of section 2305.234 of the Revised Code.

A clinic is not a free clinic if the clinic bills medicaid, medicare, or other third-party payers for health care services rendered at the clinic, and receives twenty-five per cent or more of the clinic's annual revenue from the third-party payments.

(2) "Health care professional" and "health care worker" have the same meanings as in section 2305.234 of the Revised Code.

Sec. 2503.20. The reporter shall prepare for publication and edit, tabulate, and index those opinions and decisions of any court of appeals furnished the reporter for publication by any such court, and such opinions and decisions of any of the inferior courts, as may be designated by the reporter and approved by the chief justice of the supreme court. No cases in any court of appeals shall be reported for publication except those selected by that court of appeals, or by a majority of the judges thereof.

The supreme court may appoint assistants necessary to carry on the work of the reporter's office. The court shall fix the compensation of each assistant, which compensation shall be paid out of the state treasury upon the warrant of the auditor of state director of budget and management.

Whenever a case is reported for publication, the syllabus of such case shall be prepared by the judge delivering the opinion, and approved by a majority of the members of the court. Such report may be per curiam, or if an opinion is reported, such opinion shall be written in as concise form as may be consistent with a clear presentation of the law of the case. Opinions for permanent publication in book form shall be furnished to the reporter and to no other person. All such cases shall be reported in accordance with this section before they are recognized by and receive the official sanction.

(6) Beer, intoxicating liquor, and alcohol shall be disposed of in accordance with division (D)(4) of section 2933.41 of the Revised Code.

(7) In the case of property not described in divisions (B)(1) to (6) of this
section and of property described in those divisions but not disposed of pursuant to them, the property shall be sold in accordance with division (B)(7) of this section or, in the case of forfeited moneys, disposed of in accordance with division (B)(7) of this section. If the property is to be sold, the prosecuting attorney shall cause a notice of the proposed sale of the property to be given in accordance with law, and the property shall be sold, without appraisal, at a public auction to the highest bidder for cash. The proceeds of a sale and forfeited moneys shall be applied in the following order:

(a) First, to the payment of the costs incurred in connection with the seizure of, storage of, maintenance of, and provision of security for the property, the forfeiture proceeding or civil action, and, if any, the sale;

(b) Second, the remaining proceeds or forfeited moneys after compliance with division (B)(7)(a) of this section, to the payment of the value of any legal right, title, or interest in the property that is possessed by a person who, pursuant to division (F) of section 2923.44 of the Revised Code or division (E) of section 2923.45 of the Revised Code, established the validity of and consequently preserved that legal right, title, or interest, including, but not limited to, any mortgage, perfected or other security interest, or other lien in the property. The value of these rights, titles, or interests shall be paid according to their record or other order of priority.

(c) Third, the remaining proceeds or forfeited moneys after compliance with divisions (B)(7)(a) and (b) of this section, as follows:

(i) If the forfeiture was ordered in a juvenile court, ten per cent to one or more alcohol and drug addiction treatment programs that are certified by the department of alcohol and drug addiction services under section 3793.06 of the Revised Code and that are specified in the order of forfeiture. A juvenile court shall not specify an alcohol or drug addiction treatment program in the order of forfeiture unless the program is a certified alcohol and drug addiction treatment program and, except as provided in division (B)(7)(c)(i) of this section, unless the program is located in the county in which the court that orders the forfeiture is located or in a contiguous county. If no certified alcohol and drug addiction treatment program is located in any of those counties, the juvenile court may specify in the order a certified alcohol and drug addiction treatment program located anywhere within this state.

(ii) If the forfeiture was ordered in a juvenile court, ninety per cent, and if the forfeiture was ordered in a court other than a juvenile court, one hundred per cent to appropriate funds in accordance with divisions (D)(1)(c) and (2) of section 2933.43 of the Revised Code. The remaining proceeds or forfeited moneys so deposited shall be used only for the purposes authorized
Am. Sub. H. B. No. 530

by those divisions and division (D)(3)(a)(ii) of that section.

(C)(1) Sections 2923.44 to 2923.47 of the Revised Code do not preclude a financial institution that possessed a valid mortgage, security interest, or lien that is not satisfied prior to a sale under division (B)(7) of this section or following a sale by application of division (B)(7)(b) of this section, from commencing a civil action in any appropriate court in this or another state to obtain a deficiency judgment against the debtor if the financial institution otherwise would have been entitled to do so in this or another state.

(2) Any law enforcement agency that obtains any vehicle pursuant to division (B)(1) of this section shall take the vehicle subject to the outstanding amount of any security interest or lien that attaches to the vehicle.

(3) Nothing in this section impairs a mortgage, security interest, lien, or other interest of a financial institution in property that was the subject of a forfeiture order under section 2923.44 or 2923.45 of the Revised Code and that was sold or otherwise disposed of in a manner that does not conform to the requirements of division (B) of this section, or any right of a financial institution of that nature to commence a civil action in any appropriate court in this or another state to obtain a deficiency judgment against the debtor.

(4) Following the sale under division (B)(7) of this section of any property that is required to be titled or registered under the law of this state, the prosecuting attorney responsible for the disposition of the property shall cause the state to issue an appropriate certificate of title or registration to the purchaser of the property. If, in a disposition of property pursuant to division (B) of this section, the state or a political subdivision is given any property that is required to be titled or registered under the law of this state, the prosecuting attorney responsible for the disposition of the property shall cause the state to issue an appropriate certificate of title or registration to itself or to the political subdivision.

(D) Property that has been forfeited to the state pursuant to an order of criminal forfeiture under section 2923.44 of the Revised Code or an order of civil forfeiture under section 2923.45 of the Revised Code shall not be available for use to pay any fine imposed upon a person who is convicted of or pleads guilty to a violation of section 2923.42 of the Revised Code or upon a juvenile who is found by a juvenile court to be a delinquent child for an act that is a violation of section 2923.42 of the Revised Code.

(E) Sections 2923.44 to 2923.47 of the Revised Code do not prohibit a law enforcement officer from seeking the forfeiture of contraband associated with a violation of section 2923.42 of the Revised Code pursuant to section 2933.43 of the Revised Code.
Sec. 2925.44. (A) If property is seized pursuant to section 2925.42 or 2925.43 of the Revised Code, it is deemed to be in the custody of the head of the law enforcement agency that seized it, and the head of that agency may do any of the following with respect to that property prior to its disposition in accordance with division (A)(4) or (B) of this section:

(1) Place the property under seal;

(2) Remove the property to a place that the head of that agency designates;

(3) Request the issuance of a court order that requires any other appropriate municipal corporation, county, township, park district created pursuant to section 511.18 or 1545.01 of the Revised Code, or state law enforcement officer or other officer to take custody of the property and, if practicable, remove it to an appropriate location for eventual disposition in accordance with division (B) of this section;

(4)(a) Seek forfeiture of the property pursuant to federal law. If the head of that agency seeks its forfeiture pursuant to federal law, the law enforcement agency shall deposit, use, and account for proceeds from a sale of the property upon its forfeiture, proceeds from another disposition of the property upon its forfeiture, or forfeited moneys it receives, in accordance with the applicable federal law and otherwise shall comply with that law.

(b) If the state highway patrol seized the property and if the superintendent of the state highway patrol seeks its forfeiture pursuant to federal law, the appropriate governmental officials shall deposit into the highway patrol federal contraband, forfeiture, and other fund all interest or other earnings derived from the investment of the proceeds from a sale of the property upon its forfeiture, the proceeds from another disposition of the property upon its forfeiture, or the forfeited moneys into the highway patrol justice contraband fund or the highway patrol treasury contraband fund, as applicable. The state highway patrol shall use and account for that interest or other earnings in accordance with the applicable federal law.

(c) If the investigative unit of the department of public safety seized the property and if the director of public safety seeks its forfeiture pursuant to federal law, the appropriate governmental officials shall deposit into the department of public safety investigative unit federal equitable share account fund all interest or other earnings derived from the investment of the proceeds from a sale of the property upon its forfeiture, the proceeds from another disposition of the property upon its forfeiture, or the forfeited moneys. The department shall use and account for that interest or other earnings in accordance with the applicable federal law.

(d) If the enforcement division of the department of taxation seized the
property and if the tax commissioner seeks its forfeiture pursuant to federal law, the appropriate governmental officials shall deposit into the department of taxation enforcement fund all interest or other earnings derived from the investment of the proceeds from a sale of the property upon its forfeiture, the proceeds from another disposition of the property upon its forfeiture, or the forfeited moneys. The department shall use and account for that interest or other earnings in accordance with the applicable federal law.

(e) Division (B) of this section and divisions (D)(1) to (3) of section 2933.43 of the Revised Code do not apply to proceeds or forfeited moneys received pursuant to federal law or to the interest or other earnings that are derived from the investment of proceeds or forfeited moneys received pursuant to federal law and that are described in division (A)(4)(b) or (d) of this section.

(B) In addition to complying with any requirements imposed by a court pursuant to section 2925.42 or 2925.43 of the Revised Code, and the requirements imposed by those sections, in relation to the disposition of property forfeited to the state under either of those sections, the prosecuting attorney who is responsible for its disposition shall dispose of the property as follows:

1) Any vehicle, as defined in section 4501.01 of the Revised Code, that was used in a felony drug abuse offense or in an act that, if committed by an adult, would be a felony drug abuse offense shall be given to the law enforcement agency of the municipal corporation or county in which the offense occurred if that agency desires to have the vehicle, except that, if the offense occurred in a township or in a park district created pursuant to section 511.18 or 1545.01 of the Revised Code and a law enforcement officer employed by the township or the park district was involved in the seizure of the vehicle, the vehicle may be given to the law enforcement agency of that township or park district if that agency desires to have the vehicle, and except that, if the state highway patrol made the seizure of the vehicle, the vehicle may be given to the state highway patrol if it desires to have the vehicle.

2) Any drug paraphernalia that was used, possessed, sold, or manufactured in a violation of section 2925.14 of the Revised Code that would be a felony drug abuse offense or in a violation of that section committed by a juvenile that, if committed by an adult, would be a felony drug abuse offense, may be given to the law enforcement agency of the municipal corporation or county in which the offense occurred if that agency desires to have and can use the drug paraphernalia, except that, if the offense occurred in a township or in a park district created pursuant to section
511.18 or 1545.01 of the Revised Code and a law enforcement officer employed by the township or the park district was involved in the seizure of the drug paraphernalia, the drug paraphernalia may be given to the law enforcement agency of that township or park district if that agency desires to have and can use the drug paraphernalia. If the drug paraphernalia is not so given, it shall be disposed of by sale pursuant to division (B)(8) of this section or disposed of in another manner that the court that issued the order of forfeiture considers proper under the circumstances.

(3) Drugs shall be disposed of pursuant to section 3719.11 of the Revised Code or placed in the custody of the secretary of the treasury of the United States for disposal or use for medical or scientific purposes under applicable federal law.

(4) Firearms and dangerous ordnance suitable for police work may be given to a law enforcement agency for that purpose. Firearms suitable for sporting use, or as museum pieces or collectors’ items, may be disposed of by sale pursuant to division (B)(8) of this section. Other firearms and dangerous ordnance shall be destroyed by a law enforcement agency or shall be sent to the bureau of criminal identification and investigation for destruction by it. As used in this division, "firearms" and "dangerous ordnance" have the same meanings as in section 2923.11 of the Revised Code.

(5) Computers, computer networks, computer systems, and computer software suitable for police work may be given to a law enforcement agency for that purpose. Other computers, computer networks, computer systems, and computer software shall be disposed of by sale pursuant to division (B)(8) of this section or disposed of in another manner that the court that issued the order of forfeiture considers proper under the circumstances. As used in this division, "computers," "computer networks," "computer systems," and "computer software" have the same meanings as in section 2913.01 of the Revised Code.

(6) Obscene materials shall be destroyed.

(7) Beer, intoxicating liquor, and alcohol shall be disposed of in accordance with division (D)(4) of section 2933.41 of the Revised Code.

(8) In the case of property not described in divisions (B)(1) to (7) of this section and of property described in those divisions but not disposed of pursuant to them, the property shall be sold in accordance with division (B)(8) of this section or, in the case of forfeited moneys, disposed of in accordance with division (B)(8) of this section. If the property is to be sold, the prosecuting attorney shall cause a notice of the proposed sale of the property to be given in accordance with law, and the property shall be sold,
without appraisal, at a public auction to the highest bidder for cash. The proceeds of a sale and forfeited moneys shall be applied in the following order:

(a) First, to the payment of the costs incurred in connection with the seizure of, storage of, maintenance of, and provision of security for the property, the forfeiture proceeding or civil action, and, if any, the sale;

(b) Second, the remaining proceeds or forfeited moneys after compliance with division (B)(8)(a) of this section, to the payment of the value of any legal right, title, or interest in the property that is possessed by a person who, pursuant to division (F) of section 2925.42 of the Revised Code or division (E) of section 2925.43 of the Revised Code, established the validity of and consequently preserved that legal right, title, or interest, including, but not limited to, any mortgage, perfected or other security interest, or other lien in the property. The value of these rights, titles, or interests shall be paid according to their record or other order of priority.

(c) Third, the remaining proceeds or forfeited moneys after compliance with divisions (B)(8)(a) and (b) of this section, as follows:

(i) If the forfeiture was ordered in a juvenile court, ten per cent to one or more alcohol and drug addiction treatment programs that are certified by the department of alcohol and drug addiction services under section 3793.06 of the Revised Code and that are specified in the order of forfeiture. A juvenile court shall not specify an alcohol or drug addiction treatment program in the order of forfeiture unless the program is a certified alcohol and drug addiction treatment program and, except as provided in division (B)(8)(c)(i) of this section, unless the program is located in the county in which the court that orders the forfeiture is located or in a contiguous county. If no certified alcohol and drug addiction treatment program is located in any of those counties, the juvenile court may specify in the order a certified alcohol and drug addiction treatment program located anywhere within this state.

(ii) If the forfeiture was ordered in a juvenile court, ninety per cent, and if the forfeiture was ordered in a court other than a juvenile court, one hundred per cent to appropriate funds in accordance with divisions (D)(1)(c) and (2) of section 2933.43 of the Revised Code. The remaining proceeds or forfeited moneys so deposited shall be used only for the purposes authorized by those divisions and division (D)(3)(a)(ii) of that section.

(C)(1) Sections 2925.41 to 2925.45 of the Revised Code do not preclude a financial institution that possessed a valid mortgage, security interest, or lien that is not satisfied prior to a sale under division (B)(8) of this section or following a sale by application of division (B)(8)(b) of this section, from commencing a civil action in any appropriate court in this or another state to
obtain a deficiency judgment against the debtor if the financial institution otherwise would have been entitled to do so in this or another state.

(2) Any law enforcement agency that obtains any vehicle pursuant to division (B)(1) of this section shall take the vehicle subject to the outstanding amount of any security interest or lien that attaches to the vehicle.

(3) Nothing in this section impairs a mortgage, security interest, lien, or other interest of a financial institution in property that was the subject of a forfeiture order under section 2925.42 or 2925.43 of the Revised Code and that was sold or otherwise disposed of in a manner that does not conform to the requirements of division (B) of this section, or any right of a financial institution of that nature to commence a civil action in any appropriate court in this or another state to obtain a deficiency judgment against the debtor.

(4) Following the sale under division (B)(8) of this section of any property that is required to be titled or registered under the law of this state, the prosecuting attorney responsible for the disposition of the property shall cause the state to issue an appropriate certificate of title or registration to the purchaser of the property. Additionally, if, in a disposition of property pursuant to division (B) of this section, the state or a political subdivision is given any property that is required to be titled or registered under the law of this state, the prosecuting attorney responsible for the disposition of the property shall cause the state to issue an appropriate certificate of title or registration to itself or to the political subdivision.

(D) Property that has been forfeited to the state pursuant to an order of criminal forfeiture under section 2925.42 of the Revised Code or an order of civil forfeiture under section 2925.43 of the Revised Code shall not be available for use to pay any fine imposed upon a person who is convicted of or pleads guilty to a felony drug abuse offense or upon any juvenile who is found by a juvenile court to be a delinquent child for an act that, if committed by an adult, would be a felony drug abuse offense.

(E) Sections 2925.41 to 2925.45 of the Revised Code do not prohibit a law enforcement officer from seeking the forfeiture of contraband associated with a felony drug abuse offense pursuant to section 2933.43 of the Revised Code.

Sec. 2933.43. (A)(1) Except as provided in this division or in section 2913.34 or sections 2923.44 to 2923.47 or 2925.41 to 2925.45 of the Revised Code, a law enforcement officer shall seize any contraband that has been, is being, or is intended to be used in violation of division (A) of section 2933.42 of the Revised Code. A law enforcement officer shall seize contraband that is a watercraft, motor vehicle, or aircraft and that has been,
is being, or is intended to be used in violation of division (A) of section 2933.42 of the Revised Code only if the watercraft, motor vehicle, or aircraft is contraband because of its relationship to an underlying criminal offense that is a felony.

Additionally, a law enforcement officer shall seize any watercraft, motor vehicle, aircraft, or other personal property that is classified as contraband under division (B) of section 2933.42 of the Revised Code if the underlying offense involved in the violation of division (A) of that section that resulted in the watercraft, motor vehicle, aircraft, or personal property being classified as contraband, is a felony.

(2) If a law enforcement officer seizes property that is titled or registered under law, including a motor vehicle, pursuant to division (A)(1) of this section, the officer or the officer's employing law enforcement agency shall notify the owner of the seizure. The notification shall be given to the owner at the owner's last known address within seventy-two hours after the seizure, and may be given orally by any means, including telephone, or by certified mail, return receipt requested.

If the officer or the officer's agency is unable to provide the notice required by this division despite reasonable, good faith efforts to do so, the exercise of the reasonable, good faith efforts constitutes fulfillment of the notice requirement imposed by this division.

(B)(1) A motor vehicle seized pursuant to division (A)(1) of this section and the contents of the vehicle may be retained for a reasonable period of time, not to exceed seventy-two hours, for the purpose of inspection, investigation, and the gathering of evidence of any offense or illegal use.

At any time prior to the expiration of the seventy-two-hour period, the law enforcement agency that seized the motor vehicle may petition the court of common pleas of the county that has jurisdiction over the underlying criminal case or administrative proceeding involved in the forfeiture for an extension of the seventy-two-hour period if the motor vehicle or its contents are needed as evidence or if additional time is needed for the inspection, investigation, or gathering of evidence. Upon the filing of such a petition, the court immediately shall schedule a hearing to be held at a time as soon as possible after the filing, but in no event at a time later than the end of the next business day subsequent to the day on which the petition was filed, and upon scheduling the hearing, immediately shall notify the owner of the vehicle, at the address at which notification of the seizure was provided under division (A) of this section, of the date, time, and place of the hearing. If the court, at the hearing, determines that the vehicle or its contents, or both, are needed as evidence or that additional time is needed for the
inspection, investigation, or gathering of evidence, the court may grant the petition and issue an order authorizing the retention of the vehicle or its contents, or both, for an extended period as specified by the court in its order. An order extending a period of retention issued under this division may be renewed.

If no petition for the extension of the initial seventy-two-hour period has been filed, prior to the expiration of that period, under this division, if the vehicle was not in the custody and control of the owner at the time of its seizure, and if, at the end of that seventy-two-hour period, the owner of the vehicle has not been charged with an offense or administrative violation that includes the use of the vehicle as an element and has not been charged with any other offense or administrative violation in the actual commission of which the motor vehicle was used, the vehicle and its contents shall be released to its owner or the owner's agent, provided that the law enforcement agency that seized the vehicle may require proof of ownership of the vehicle, proof of ownership or legal possession of the contents, and an affidavit of the owner that the owner neither knew of nor expressly or impliedly consented to the use of the vehicle that resulted in its forfeiture as conditions precedent to release. If a petition for the extension of the initial seventy-two-hour period has been filed, prior to the expiration of that period, under this division but the court does not grant the petition, if the vehicle was not in the custody and control of the owner at the time of its seizure, and if, at the end of that seventy-two-hour period, the owner of the vehicle has not been charged with an offense or administrative violation that includes the use of the vehicle as an element and has not been charged with any other offense or administrative violation in the actual commission of which the motor vehicle was used, the vehicle and its contents shall be released to its owner or the owner's agent, provided that the court may require the proof and affidavit described in the preceding sentence as conditions precedent to release. If the initial seventy-two-hour period has been extended under this division, the vehicle and its contents to which the extension applies may be retained in accordance with the extension order. If, at the end of that extended period, the owner of the vehicle has not been charged with an offense or administrative violation that includes the use of the vehicle as an element and has not been charged with any other offense or administrative violation in the actual commission of which the motor vehicle was used, and if the vehicle was not in the custody and control of the owner at the time of its seizure, the vehicle and its contents shall be released to its owner or the owner's agent, provided that the court may require the proof and affidavit described in the third preceding sentence as conditions
precedent to release. In cases in which the court may require proof and affidavits as conditions precedent to release, the court also may require the posting of a bond, with sufficient sureties approved by the court, in an amount equal to the value of the property to be released, as determined by the court, and conditioned upon the return of the property to the court if it is forfeited under this section, as a further condition to release. If, at the end of the initial seventy-two-hour period or at the end of any extended period granted under this section, the owner has been charged with an offense or administrative violation that includes the use of the vehicle as an element or has been charged with another offense or administrative violation in the actual commission of which the motor vehicle was used, or if the vehicle was in the custody and control of the owner at the time of its seizure, the vehicle and its contents shall be retained pending disposition of the charge, provided that upon the filing of a motion for release by the owner, if the court determines that the motor vehicle or its contents, or both, are not needed as evidence in the underlying criminal case or administrative proceeding, the court may permit the release of the property that is not needed as evidence to the owner; as a condition precedent to a release of that nature, the court may require the owner to execute a bond with the court. Any bond so required shall be in an amount equal to the value of the property to be released, as determined by the court, shall have sufficient sureties approved by the court, and shall be conditioned upon the return of the property to the court to which it is forfeited under this section.

The final disposition of a motor vehicle seized pursuant to division (A)(1) of this section shall be determined in accordance with division (C) of this section.

(2) Pending a hearing pursuant to division (C) of this section, and subject to divisions (B)(1) and (C) of this section, any property lawfully seized pursuant to division (A) of this section because it was contraband of a type described in division (A)(13)(b), (d), (e), (f), (g), (h), (i), or (j) of section 2901.01 of the Revised Code shall not be subject to replevin or other action in any court and shall not be subject to release upon request of the owner, and no judgment shall be enforced against the property. Pending the hearing, and subject to divisions (B)(1) and (C) of this section, the property shall be kept in the custody of the law enforcement agency responsible for its seizure.

Pending a hearing pursuant to division (C) of this section, and notwithstanding any provisions of division (B)(1) or (C) of this section to the contrary, any property lawfully seized pursuant to division (A) of this section because it was contraband of a type described in division (A)(13)(a)
or (c) of section 2901.01 of the Revised Code shall not be subject to replevin or other action in any court and shall not be subject to release upon request of the owner, and no judgment shall be enforced against the property. Pending the hearing, and notwithstanding any provisions of division (B)(1) or (C) of this section to the contrary, the property shall be kept in the custody of the law enforcement agency responsible for its seizure.

A law enforcement agency that seizes property under division (A) of this section because it was contraband of any type described in division (A)(13) of section 2901.01 or division (B) of section 2933.42 of the Revised Code shall maintain an accurate record of each item of property so seized, which record shall include the date on which each item was seized, the manner and date of its disposition, and if applicable, the name of the person who received the item; however, the record shall not identify or enable the identification of the individual officer who seized the item. The record of property of that nature that no longer is needed as evidence shall be open to public inspection during the agency's regular business hours. Each law enforcement agency that, during any calendar year, seizes property under division (A) of this section because it was contraband shall prepare a report covering the calendar year that cumulates all of the information contained in all of the records kept by the agency pursuant to this division for that calendar year, and shall send a copy of the cumulative report, no later than the first day of March in the calendar year following the calendar year covered by the report, to the attorney general. Each report received by the attorney general is a public record open for inspection under section 149.43 of the Revised Code. Not later than the fifteenth day of April in the calendar year in which the reports are received, the attorney general shall send to the president of the senate and the speaker of the house of representatives a written notification that does all of the following:

(a) Indicates that the attorney general has received from law enforcement agencies reports of the type described in this division that cover the previous calendar year and indicates that the reports were received under this division;

(b) Indicates that the reports are open for inspection under section 149.43 of the Revised Code;

(c) Indicates that the attorney general will provide a copy of any or all of the reports to the president of the senate or the speaker of the house of representatives upon request.

(C) The prosecuting attorney, village solicitor, city director of law, or similar chief legal officer who has responsibility for the prosecution of the underlying criminal case or administrative proceeding, or the attorney
general if the attorney general has that responsibility, shall file a petition for
the forfeiture, to the seizing law enforcement agency of the contraband
seized pursuant to division (A) of this section. The petition shall be filed in
the court that has jurisdiction over the underlying criminal case or
administrative proceeding involved in the forfeiture. If the property was
seized on the basis of both a criminal violation and an administrative
regulation violation, the petition shall be filed by the officer and in the court
that is appropriate in relation to the criminal case.

The petitioner shall conduct or cause to be conducted a search of the
appropriate public records that relate to the seized property for the purpose
of determining, and shall make or cause to be made reasonably diligent
inquiries for the purpose of determining, any person having an ownership or
security interest in the property. The petitioner then shall give notice of the
forfeiture proceedings by personal service or by certified mail, return receipt
requested, to any persons known, because of the conduct of the search, the
making of the inquiries, or otherwise, to have an ownership or security
interest in the property, and shall publish notice of the proceedings once
each week for two consecutive weeks in a newspaper of general circulation
in the county in which the seizure occurred. The notices shall be personally
served, mailed, and first published at least four weeks before the hearing.
They shall describe the property seized; state the date and place of seizure;
name the law enforcement agency that seized the property and, if applicable,
that is holding the property; list the time, date, and place of the hearing; and
state that any person having an ownership or security interest in the property
may contest the forfeiture.

If the property seized was determined by the seizing law enforcement
officer to be contraband because of its relationship to an underlying criminal
offense or administrative violation, no forfeiture hearing shall be held under
this section unless the person pleads guilty to or is convicted of the
commission of, or an attempt or conspiracy to commit, the offense or a
different offense arising out of the same facts and circumstances or unless
the person admits or is adjudicated to have committed the administrative
violation or a different violation arising out of the same facts and
circumstances; a forfeiture hearing shall be held in a case of that nature no
later than forty-five days after the conviction or the admission or
adjudication of the violation, unless the time for the hearing is extended by
the court for good cause shown. The owner of any property seized because
of its relationship to an underlying criminal offense or administrative
violation may request the court to release the property to the owner. Upon
receipt of a request of that nature, if the court determines that the property is
not needed as evidence in the underlying criminal case or administrative proceeding, the court may permit the release of the property to the owner. As a condition precedent to a release of that nature, the court may require the owner to execute a bond with the court. Any bond so required shall have sufficient sureties approved by the court, shall be in a sum equal to the value of the property, as determined by the court, and shall be conditioned upon the return of the property to the court if the property is forfeited under this section. Any property seized because of its relationship to an underlying criminal offense or administrative violation shall be returned to its owner if charges are not filed in relation to that underlying offense or violation within thirty days after the seizure, if charges of that nature are filed and subsequently are dismissed, or if charges of that nature are filed and the person charged does not plead guilty to and is not convicted of the offense or does not admit and is not found to have committed the violation.

If the property seized was determined by the seizing law enforcement officer to be contraband other than because of a relationship to an underlying criminal offense or administrative violation, the forfeiture hearing under this section shall be held no later than forty-five days after the seizure, unless the time for the hearing is extended by the court for good cause shown.

Where possible, a court holding a forfeiture hearing under this section shall follow the Rules of Civil Procedure. When a hearing is conducted under this section, property shall be forfeited upon a showing, by a preponderance of the evidence, by the petitioner that the person from which the property was seized was in violation of division (A) of section 2933.42 of the Revised Code. If that showing is made, the court shall issue an order of forfeiture. If an order of forfeiture is issued in relation to contraband that was released to the owner or the owner's agent pursuant to this division or division (B)(1) of this section, the order shall require the owner to deliver the property, by a specified date, to the law enforcement agency that employed the law enforcement officer who made the seizure of the property, and the court shall deliver a copy of the order to the owner or send a copy of it by certified mail, return receipt requested, to the owner at the address to which notice of the seizure was given under division (A)(2) of this section. Except as otherwise provided in this division, all rights, interest, and title to the forfeited contraband vests in the state, effective from the date of seizure.

No property shall be forfeited pursuant to this division if the owner of the property establishes, by a preponderance of the evidence, that the owner neither knew, nor should have known after a reasonable inquiry, that the property was used, or was likely to be used, in a crime or administrative
violation. No bona fide security interest shall be forfeited pursuant to this division if the holder of the interest establishes, by a preponderance of the evidence, that the holder of the interest neither knew, nor should have known after a reasonable inquiry, that the property was used, or likely to be used, in a crime or administrative violation, that the holder of the interest did not expressly or impliedly consent to the use of the property in a crime or administrative violation, and that the security interest was perfected pursuant to law prior to the seizure. If the holder of the interest satisfies the court that these requirements are met, the interest shall be preserved by the court. In a case of that nature, the court shall either order that the agency to which the property is forfeited reimburse the holder of the interest to the extent of the preserved interest or order that the holder be paid for the interest from the proceeds of any sale pursuant to division (D) of this section.

(D)(1) Contraband ordered forfeited pursuant to this section shall be disposed of pursuant to divisions (D)(1) to (7) of section 2933.41 of the Revised Code or, if the contraband is not described in those divisions, may be used, with the approval of the court, by the law enforcement agency that has custody of the contraband pursuant to division (D)(8) of that section. In the case of contraband not described in any of those divisions and of contraband not disposed of pursuant to any of those divisions, the contraband shall be sold in accordance with this division or, in the case of forfeited moneys, disposed of in accordance with this division. If the contraband is to be sold, the prosecuting attorney shall cause a notice of the proposed sale of the contraband to be given in accordance with law, and the property shall be sold, without appraisal, at a public auction to the highest bidder for cash. The proceeds of a sale and forfeited moneys shall be applied in the following order:

(a) First, to the payment of the costs incurred in connection with the seizure of, storage of, maintenance of, and provision of security for the contraband, the forfeiture proceeding, and, if any, the sale;

(b) Second, the remaining proceeds or forfeited moneys after compliance with division (D)(1)(a) of this section, to the payment of the balance due on any security interest preserved pursuant to division (C) of this section;

(c) Third, the remaining proceeds or forfeited moneys after compliance with divisions (D)(1)(a) and (b) of this section, as follows:

(i) If the forfeiture was ordered in a juvenile court, ten per cent to one or more alcohol and drug addiction treatment programs that are certified by the department of alcohol and drug addiction services under section 3793.06 of
the Revised Code and that are specified in the order of forfeiture. A juvenile
court shall not certify an alcohol or drug addiction treatment program in the
order of forfeiture unless the program is a certified alcohol and drug
addiction treatment program and, except as provided in division (D)(1)(c)(i)
of this section, unless the program is located in the county in which the court
that orders the forfeiture is located or in a contiguous county. If no certified
alcohol and drug addiction treatment program is located in any of those
counties, the juvenile court may specify in the order a certified alcohol and
drug addiction treatment program located anywhere within this state.

(ii) If the forfeiture was ordered in a juvenile court, ninety per cent, and
if the forfeiture was ordered in a court other than a juvenile court, one
hundred per cent to the law enforcement trust fund of the prosecuting
attorney and to the law enforcement trust fund of the county sheriff if the
county sheriff made the seizure, to the law enforcement trust fund of a
municipal corporation if its police department made the seizure, to the law
enforcement trust fund of a township if the seizure was made by a township
police department, township police district police force, or office of a
township constable, to the law enforcement trust fund of a park district
created pursuant to section 511.18 or 1545.01 of the Revised Code if the
seizure was made by the park district police force or law enforcement
department, to the highpway patrol state contraband, forfeiture, and other
fund if the state highway patrol made the seizure, to the department of
public safety investigative unit contraband, forfeiture, and other fund if the
investigative unit of the department of public safety made the seizure, to the
department of taxation enforcement fund if the department of taxation made
the seizure, to the board of pharmacy drug law enforcement fund created by
division (B)(1) of section 4729.65 of the Revised Code if the board made
the seizure, or to the treasurer of state for deposit into the peace officer
training commission fund if a state law enforcement agency, other than the
state highway patrol, the investigative unit of the department of public
safety, the enforcement division of the department of taxation, or the state
board of pharmacy, made the seizure. The prosecuting attorney may decline
to accept any of the remaining proceeds or forfeited moneys, and, if the
prosecuting attorney so declines, the remaining proceeds or forfeited
moneys shall be applied to the fund described in this division that relates to
the law enforcement agency that made the seizure.

A law enforcement trust fund shall be established by the prosecuting
attorney of each county who intends to receive any remaining proceeds or
forfeited moneys pursuant to this division, by the sheriff of each county, by
the legislative authority of each municipal corporation, by the board of
township trustees of each township that has a township police department, township police district police force, or office of the constable, and by the board of park commissioners of each park district created pursuant to section 511.18 or 1545.01 of the Revised Code that has a park district police force or law enforcement department, for the purposes of this division. There is hereby created in the state treasury the highway patrol state contraband, forfeiture, and other fund, the department of public safety investigative unit contraband, forfeiture, and other fund, the department of taxation enforcement fund, and the peace officer training commission fund, for the purposes described in this division.

The highway patrol state contraband, forfeiture, and other fund, the department of public safety investigative unit contraband, forfeiture, and other fund, the department of taxation enforcement fund, the board of pharmacy drug law enforcement fund, and a law enforcement trust fund shall not be used to meet the operating costs of the state highway patrol, of the investigative unit of the department of public safety, of the department of taxation enforcement division, of the state board of pharmacy, of any political subdivision, or of any office of a prosecuting attorney or county sheriff that are unrelated to law enforcement.

Proceeds and forfeited moneys that are paid into the state treasury to be deposited into the peace officer training commission fund shall be used by the commission only to pay the costs of peace officer training.

Any sheriff or prosecuting attorney who receives proceeds or forfeited moneys pursuant to this division during any calendar year shall file a report with the county auditor, no later than the thirty-first day of January of the next calendar year, verifying that the proceeds and forfeited moneys were expended only for the purposes authorized by this division and division (D)(3)(a)(ii) of this section and specifying the amounts expended for each authorized purpose. (o) Results of diagnostic assessments administered to kindergarten students as required under section 3301.0715 of the Revised Code to permit a comparison of the academic readiness of kindergarten students. However, no district shall be required to report to the department the results of any diagnostic assessment administered to a kindergarten student if the parent of that student requests the district not to report those results.

(2) Personnel and classroom enrollment data for each school district, including:

(a) The total numbers of licensed employees and nonlicensed employees and the numbers of full-time equivalent licensed employees and nonlicensed employees providing each category of instructional service, instructional support service, and administrative support service used pursuant to division (C)(3) of this section. The guidelines adopted under this section shall require these categories of data to be maintained for the school district as a whole and, wherever applicable, for each grade in the school district as a whole, for each school building as a whole, and for each grade in each school building.

(b) The total number of employees and the number of full-time equivalent employees providing each category of service used pursuant to divisions (C)(4)(a) and (b) of this section, and the total numbers of licensed employees and nonlicensed employees and the numbers of full-time equivalent licensed employees and nonlicensed employees providing each category used pursuant to division (C)(4)(c) of this section. The guidelines adopted under this section shall require these categories of data to be
maintained for the school district as a whole and, wherever applicable, for
each grade in the school district as a whole, for each school building as a
whole, and for each grade in each school building.

(c) The total number of regular classroom teachers teaching classes of
regular education and the average number of pupils enrolled in each such
class, in each of grades kindergarten through five in the district as a whole
and in each school building in the school district.

(3)(a) Student demographic data for each school district, including
information regarding the gender ratio of the school district's pupils, the
racial make-up of the school district's pupils, the number of limited English
proficient students in the district, and an appropriate measure of the number
of the school district's pupils who reside in economically disadvantaged
households. The demographic data shall be collected in a manner to allow
correlation with data collected under division (B)(1) of this section.
Categories for data collected pursuant to division (B)(3) of this section shall
conform, where appropriate, to standard practices of agencies of the federal
government.

(b) With respect to each student entering kindergarten, whether the
student previously participated in a public preschool program, a private
preschool program, or a head start program, and the number of years the
student participated in each of these programs.

(4) Any data required to be collected pursuant to federal law.

(C) The education management information system shall include cost
accounting data for each district as a whole and for each school building in
each school district. The guidelines adopted under this section shall require
the cost data for each school district to be maintained in a system of
mutually exclusive cost units and shall require all of the costs of each school
district to be divided among the cost units. The guidelines shall require the
system of mutually exclusive cost units to include at least the following:

(1) Administrative costs for the school district as a whole. The
guidelines shall require the cost units under this division (C)(1) to be
designed so that each of them may be compiled and reported in terms of
average expenditure per pupil in formula ADM in the school district, as
determined pursuant to section 3317.03 of the Revised Code.

(2) Administrative costs for each school building in the school district.
The guidelines shall require the cost units under this division (C)(2) to be
designed so that each of them may be compiled and reported in terms of average expenditure per full-time equivalent pupil receiving instructional or support services in each building.

(3) Instructional services costs for each category of instructional service provided directly to students and required by guidelines adopted pursuant to division (B)(1)(a) of this section. The guidelines shall require the cost units under division (C)(3) of this section to be designed so that each of them may be compiled and reported in terms of average expenditure per pupil receiving the service in the school district as a whole and average expenditure per pupil receiving the service in each building in the school district and in terms of a total cost for each category of service and, as a breakdown of the total cost, a cost for each of the following components:

(a) The cost of each instructional services category required by guidelines adopted under division (B)(1)(a) of this section that is provided directly to students by a classroom teacher;

(b) The cost of the instructional support services, such as services provided by a speech-language pathologist, classroom aide, multimedia aide, or librarian, provided directly to students in conjunction with each instructional services category;

(c) The cost of the administrative support services related to each instructional services category, such as the cost of personnel that develop the curriculum for the instructional services category and the cost of personnel supervising or coordinating the delivery of the instructional services category.

(4) Support or extracurricular services costs for each category of service directly provided to students and required by guidelines adopted pursuant to division (B)(1)(b) of this section. The guidelines shall require the cost units under division (C)(4) of this section to be designed so that each of them may be compiled and reported in terms of average expenditure per pupil receiving the service in the school district as a whole and average expenditure per pupil receiving the service in each building in the school district and in terms of a total cost for each category of service and, as a breakdown of the total cost, a cost for each of the following components:

(a) The cost of each support or extracurricular services category required by guidelines adopted under division (B)(1)(b) of this section that is provided directly to students by a licensed employee, such as services provided by a guidance counselor or any services provided by a licensed employee under a supplemental contract;

services of a sports trainer;

(c) The cost of the administrative services related to each services category in division (C)(4)(a) or (b) of this section, such as the cost of any licensed or nonlicensed employees that develop, supervise, coordinate, or otherwise are involved in administering or aiding the delivery of each services category.

(D)(1) The guidelines adopted under this section shall require school districts to collect information about individual students, staff members, or both in connection with any data required by division (B) or (C) of this section or other reporting requirements established in the Revised Code. The guidelines may also require school districts to report information about individual staff members in connection with any data required by division (B) or (C) of this section or other reporting requirements established in the Revised Code. The guidelines shall not authorize school districts to request social security numbers of individual students. The guidelines shall prohibit the reporting under this section of a student's name, address, and social security number to the state board of education or the department of education. The guidelines shall also prohibit the reporting under this section of any personally identifiable information about any student, except for the purpose of assigning the data verification code required by division (D)(2) of this section, to any other person unless such person is employed by the school district or the data acquisition site operated under section 3301.075 of the Revised Code and is authorized by the district or acquisition site to have access to such information or is employed by an entity with which the department contracts for the scoring of tests administered under section 3301.0711 or 3301.0712 of the Revised Code. The guidelines may require school districts to provide the social security numbers of individual staff members.

(2) The guidelines shall provide for each school district or community school to assign a data verification code that is unique on a statewide basis over time to each student whose initial Ohio enrollment is in that district or school and to report all required individual student data for that student utilizing such code. The guidelines shall also provide for assigning data verification codes to all students enrolled in districts or community schools on the effective date of the guidelines established under this section.

Individual student data shall be reported to the department through the data acquisition sites utilizing the code but, except as provided in section 3310.11 of the Revised Code, at no time shall the state board or the department have access to information that would enable any data verification code to be matched to personally identifiable student data.
Each school district shall ensure that the data verification code is included in the student's records reported to any subsequent school district or community school in which the student enrolls. Any such subsequent district or school shall utilize the same identifier in its reporting of data under this section.

(E) The guidelines adopted under this section may require school districts to collect and report data, information, or reports other than that described in divisions (A), (B), and (C) of this section for the purpose of complying with other reporting requirements established in the Revised Code. The other data, information, or reports may be maintained in the education management information system but are not required to be compiled as part of the profile formats required under division (G) of this section or the annual statewide report required under division (H) of this section.

(F) Beginning with the school year that begins July 1, 1991, the board of education of each school district shall annually collect and report to the state board, in accordance with the guidelines established by the board, the data required pursuant to this section. A school district may collect and report these data notwithstanding section 2151.358 or 3319.321 of the Revised Code.

(G) The state board shall, in accordance with the procedures it adopts, annually compile the data reported by each school district pursuant to division (D) of this section. The state board shall design formats for profiling each school district as a whole and each school building within each district and shall compile the data in accordance with these formats. These profile formats shall:

1. Include all of the data gathered under this section in a manner that facilitates comparison among school districts and among school buildings within each school district;
2. Present the data on academic achievement levels as assessed by the testing of student achievement maintained pursuant to division (B)(1)(d) of this section.

(H)(1) The state board shall, in accordance with the procedures it adopts, annually prepare a statewide report for all school districts and the general public that includes the profile of each of the school districts developed pursuant to division (G) of this section. Copies of the report shall be sent to each school district.

2. The state board shall, in accordance with the procedures it adopts, annually prepare an individual report for each school district and the general public that includes the profiles of each of the school buildings in that
school district developed pursuant to division (G) of this section. Copies of the report shall be sent to the superintendent of the district and to each member of the district board of education.

(3) Copies of the reports received from the state board under divisions (H)(1) and (2) of this section shall be made available to the general public at each school district's offices. Each district board of education shall make copies of each report available to any person upon request and payment of a reasonable fee for the cost of reproducing the report. The board shall annually publish in a newspaper of general circulation in the school district, at least twice during the two weeks prior to the week in which the reports will first be available, a notice containing the address where the reports are available and the date on which the reports will be available.

(I) Any data that is collected or maintained pursuant to this section and that identifies an individual pupil is not a public record for the purposes of section 149.43 of the Revised Code.

(J) As used in this section:

(1) "School district" means any city, local, exempted village, or joint vocational school district.

(2) "Cost" means any expenditure for operating expenses made by a school district excluding any expenditures for debt retirement except for payments made to any commercial lending institution for any loan approved pursuant to section 3313.483 of the Revised Code.

(K) Any person who removes data from the information system established under this section for the purpose of releasing it to any person not entitled under law to have access to such information is subject to section 2913.42 of the Revised Code prohibiting tampering with data.

(L) Any time the department of education determines that a school district has taken any of the actions described under division (L)(1), (2), or (3) of this section, it shall make a report of the actions of the district, send a copy of the report to the superintendent of such school district, and maintain a copy of the report in its files:

(1) The school district fails to meet any deadline established pursuant to this section for the reporting of any data to the education management information system;

(2) The school district fails to meet any deadline established pursuant to this section for the correction of any data reported to the education management information system;

(3) The school district reports data to the education management information system in a condition, as determined by the department, that indicates that the district did not make a good faith effort in reporting the
data to the system.

Any report made under this division shall include recommendations for corrective action by the school district.

Upon making a report for the first time in a fiscal year, the department shall withhold ten per cent of the total amount due during that fiscal year under Chapter 3317. of the Revised Code to the school district to which the report applies. Upon making a second report in a fiscal year, the department shall withhold an additional twenty per cent of such total amount due during that fiscal year to the school district to which the report applies. The department shall not release such funds unless it determines that the district has taken corrective action. However, no such release of funds shall occur if the district fails to take corrective action within forty-five days of the date upon which the report was made by the department.

(M) No data acquisition site or school district shall acquire, change, or update its student administration software package to manage and report data required to be reported to the department unless it converts to a student software package that is certified by the department.

(N) The state board of education, in accordance with sections 3319.31 and 3319.311 of the Revised Code, may suspend or revoke a license as defined under division (A) of section 3319.31 of the Revised Code that has been issued to any school district employee found to have willfully reported erroneous, inaccurate, or incomplete data to the education management information system.

(O) No person shall release or maintain any information about any student in violation of this section. Whoever violates this division is guilty of a misdemeanor of the fourth degree.

(P) The department shall disaggregate the data collected under division (B)(1)(o) of this section according to the race and socioeconomic status of the students assessed. No data collected under that division shall be included on the report cards required by section 3302.03 of the Revised Code.

(Q) If the department cannot compile any of the information required by division (C)(5) of section 3302.03 of the Revised Code based upon the data collected under this section, the department shall develop a plan and a reasonable timeline for the collection of any data necessary to comply with that division.

Sec. 3302.021. (A) Not earlier than July 1, 2005, and not later than July 1, 2007, the department of education shall implement a value-added progress dimension for school districts and buildings and shall incorporate the value-added progress dimension into the report cards and performance ratings issued for districts and buildings under section 3302.03 of the
Revised Code.

The state board of education shall adopt rules, pursuant to Chapter 119 of the Revised Code, for the implementation of the value-added progress dimension. In adopting rules, the state board shall consult with the Ohio accountability task force established under division (D) of this section. The rules adopted under this division shall specify both of the following:

(1) A scale for describing the levels of academic progress in reading and mathematics relative to a standard year of academic growth in those subjects for each of grades three through eight;

(2) That the department shall maintain the confidentiality of individual student test scores and individual student reports in accordance with sections 3301.0711, 3301.0714, and 3319.321 of the Revised Code and federal law. The department may require school districts to use a unique identifier for each student for this purpose. Individual student test scores and individual student reports shall be made available only to a student's classroom teacher and other appropriate educational personnel and to the student's parent or guardian.

(B) The department shall use a system designed for collecting necessary data, calculating the value-added progress dimension, analyzing data, and generating reports, which system has been used previously by a non-profit organization led by the Ohio business community for at least one year in the operation of a pilot program in cooperation with school districts to collect and report student achievement data via electronic means and to provide information to the districts regarding the academic performance of individual students, grade levels, school buildings, and the districts as a whole.

(C) The department shall not pay more than two dollars per student for data analysis and reporting to implement the value-added progress dimension in the same manner and with the same services as under the pilot program described by division (B) of this section. However, nothing in this section shall preclude the department or any school district from entering into a contract for the provision of more services at a higher fee per student. Any data analysis conducted under this section by an entity under contract with the department shall be completed in accordance with timelines established by the superintendent of public instruction.

(D)(1) There is hereby established the Ohio accountability task force. The task force shall consist of the following thirteen members:

(a) The chairpersons and ranking minority members of the house of representatives and senate standing committees primarily responsible for education legislation, who shall be nonvoting members;
(b) One representative of the governor's office, appointed by the governor;
(c) The superintendent of public instruction, or the superintendent's designee;
(d) One representative of teacher employee organizations formed pursuant to Chapter 4117. of the Revised Code, appointed by the speaker of the house of representatives;
(e) One representative of school district boards of education, appointed by the president of the senate;
(f) One school district superintendent, appointed by the speaker of the house of representatives;
(g) One representative of business, appointed by the president of the senate;
(h) One representative of a non-profit organization led by the Ohio business community, appointed by the governor;
(i) One school building principal, appointed by the president of the senate;
(j) A member of the state board of education, appointed by the speaker of the house of representatives.

Initial appointed members of the task force shall serve until January 1, 2005. Thereafter, terms of office for appointed members shall be for two years, each term ending on the same day of the same month as did the term that it succeeds. Each appointed member shall hold office from the date of appointment until the end of the term for which the member was appointed. Members may be reappointed. Vacancies shall be filled in the same manner as the original appointment. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of that term.

The task force shall select from among its members a chairperson. The task force shall meet at least six times each calendar year and at other times upon the call of the chairperson to conduct its business. Members of the task force shall serve without compensation.

(2) The task force shall do all of the following:
(a) Examine the implementation of the value-added progress dimension by the department, including the system described in division (B) of this section, the reporting of performance data to school districts and buildings, and the provision of professional development on the interpretation of the data to classroom teachers and administrators;
(b) Periodically review any fees for data analysis and reporting paid by the department pursuant to division (C) of this section and determine if the
fees are appropriate based upon the level of services provided;

(c) Periodically report to the department and the state board on all issues related to the school district and building accountability system established under this chapter;

(d) Not later than seven years after its initial meeting, make recommendations to improve the school district and building accountability system established under this chapter. The task force shall adopt recommendations by a majority vote of its members. Copies of the recommendations shall be provided to the state board, the governor, the speaker of the house of representatives, and the president of the senate.

(e) Determine starting dates for the implementation of the value-added progress dimension and its incorporation into school district and building report cards and performance ratings.

Sec. 3307.32. All amounts due the state teachers retirement system from the state treasury pursuant to this chapter shall be promptly paid upon warrant of the auditor of state director of budget and management pursuant to a voucher approved by the director of budget and management.

Sec. 3309.68. All amounts due the school employees retirement system from the state treasury pursuant to this chapter shall be promptly paid upon warrant of the auditor of state director of budget and management pursuant to a voucher approved by the director of budget and management.

Sec. 3310.03. (A) A student is an "eligible student" for purposes of the educational choice scholarship pilot program if the student satisfies both of the following conditions:

(1) The student either:
   (a) Is enrolled in a school building that is operated by the student's resident district and that the department of education declared, in the most recent rating of school buildings published prior to the first day of July of the school year for which a scholarship is sought and in the two preceding school years, to be in a state of academic emergency or academic watch under section 3302.03 of the Revised Code;

   (b) Is eligible to enroll in kindergarten in the school year for which a scholarship is sought and otherwise would be assigned under section 3319.01 of the Revised Code to a school building described in division (A)(1)(a) of this section;

   (c) Is enrolled in a community school established under Chapter 3314. of the Revised Code but otherwise would be assigned under section 3319.01 of the Revised Code to a building described in division (A)(1)(a) of this section;

   (d) Is eligible to enroll in kindergarten in the school year for which a
scholarship is sought, or is enrolled in a community school established under Chapter 3314. of the Revised Code, and the student's resident district both:

(i) Has in force an intradistrict open enrollment policy under which no student in kindergarten or the community school student's grade level, respectively, is automatically assigned to a particular school building;

(ii) In the most recent rating of school districts published prior to the first day of July of the school year for which a scholarship is sought and in the preceding two school years, was declared to be in a state of academic emergency under section 3302.03 of the Revised Code.

(2) The student's resident district is not a school district in which the pilot project scholarship program is operating under sections 3313.974 to 3313.979 of the Revised Code.

(B) A student who receives a scholarship under the educational choice scholarship program remains an eligible student and may continue to receive scholarships in subsequent school years until the student completes grade twelve, so long as all of the following apply:

(1) The student's resident district remains the same;

(2) The student takes each state test prescribed for the student's grade level under section 3301.0710 or 3301.0712 of the Revised Code while enrolled in a chartered nonpublic school;

(3) In each school year that the student is enrolled in a chartered nonpublic school, the student is absent from school for not more than twenty days that the school is open for instruction, not including absences due to illness or injury confirmed in writing by a physician.

(C) The superintendent shall cease awarding first-time scholarships with respect to a school building that, in the most recent ratings of school buildings published under section 3302.03 of the Revised Code prior to the first day of July of the school year, ceases to be in a state of academic emergency or academic watch. However, students who have received scholarships in the prior school year remain eligible students pursuant to division (B) of this section.

Sec. 3310.06. It is the policy adopted by the general assembly that the educational choice scholarship program shall be construed as one of several educational options available for students enrolled in academic emergency or academic watch school buildings. Students may be enrolled in the schools of the student's resident district, in a community school established under Chapter 3314. of the Revised Code, in the schools of another school district pursuant to an open enrollment policy adopted under section 3313.98 of the Revised Code, in a chartered nonpublic school with
or without a scholarship under the educational choice scholarship pilot program, or in other schools as the law may provide.

Sec. 3310.08. (A) The amount paid for an eligible student under the educational choice scholarship pilot program shall be the lesser of the tuition of the chartered nonpublic school in which the student is enrolled or the maximum amount prescribed in section 3310.09 of the Revised Code.

(B)(1) The department shall pay to the parent of each eligible student for whom a scholarship is awarded under the program, or to the student if at least eighteen years of age, periodic partial payments of the scholarship.

(2) The department shall proportionately reduce or terminate the payments for any student who withdraws from a chartered nonpublic school prior to the end of the school year.

(C)(1) The department shall deduct from the payments made to each school district under Chapter 3317. and, if necessary, sections 321.24 and 323.156 of the Revised Code the amount of five thousand two hundred dollars for each eligible student awarded a scholarship under the educational choice scholarship pilot program who is entitled under section 3313.64 or 3313.65 of the Revised Code to attend school in the district. The amount deducted under this division funds scholarships for students under both the educational choice scholarship pilot program and the pilot project scholarship program under sections 3313.974 to 3313.979 of the Revised Code.

(2) If the department reduces or terminates payments to a parent or a student, as prescribed in division (B)(2) of this section, and the student re-enrolls in the schools of the student's resident district or in a community school, established under Chapter 3314. of the Revised Code, before the end of the school year, the department shall proportionally restore to the resident district the amount deducted for that student under division (C)(1) of this section.

(D) In the case of any school district from which a deduction is made under division (C) of this section, the department shall disclose on the district's SF-3 form, or any successor to that form used to calculate a district's state funding for operating expenses, a comparison of the following:

(1) The district's state base-cost payment, as calculated under division (A)(1) of section 3317.022 of the Revised Code prior to making the adjustments under divisions (A)(2) and (3) of that section, with the scholarship students included in the district's formula ADM;

(2) What the district's state base-cost payment would have been, as calculated under division (A)(1) of that section prior to making the
adjustments under divisions (A)(2) and (3) of that section, if the scholarship students were not included in the district's formula ADM.

This comparison shall display both the aggregate difference between the amounts described in divisions (D)(1) and (2) of this section, and the quotient of that aggregate difference divided by the number of eligible students for whom deductions are made under division (C) of this section.

Sec. 3310.11. (A) Only for the purpose of administering the educational choice scholarship pilot program, the department of education may request from any of the following entities the data verification code assigned under division (D)(2) of section 3301.0714 of the Revised Code to any student who is seeking a scholarship under the program:

1. The student's resident district;
2. If applicable, the community school in which that student is enrolled;
3. The independent contractor engaged to create and maintain student data verification codes.

(B) Upon a request by the department under division (A) of this section for the data verification code of a student seeking a scholarship or a request by the student's parent for that code, the school district or community school shall submit that code to the department or parent in the manner specified by the department. If the student has not been assigned a code, because the student will be entering kindergarten during the school year for which the scholarship is sought, the district shall assign a code to that student and submit the code to the department or parent by a date specified by the department. If the district does not assign a code to the student by the specified date, the department shall assign a code to that student.

The department annually shall submit to each school district the name and data verification code of each student residing in the district who is entering kindergarten, who has been awarded a scholarship under the program, and for whom the department has assigned a code under this division.

(C) For the purpose of administering the applicable tests prescribed under sections 3301.0710 and 3301.0712 of the Revised Code, as required by section 3310.14 of the Revised Code, the department shall provide to each chartered nonpublic school that enrolls a scholarship student the data verification code for that student.

(D) The department and each chartered nonpublic school that receives a data verification code under this section shall not release that code to any person except as provided by law.

Any document relative to this program that the department holds in its
files that contains both a student's name or other personally identifiable
information and the student's data verification code shall not be a public
record under section 149.43 of the Revised Code.
Sec. 3310.12. Except as provided in division (D) of section 3310.11 of
the Revised Code, documents relative to the educational choice scholarship
pilot program that the department holds in its files are public records under
section 149.43 of the Revised Code and may be released pursuant to that
section subject to the provisions of section 3319.321 of the Revised Code
20 U.S.C. 1232g, as amended.
Sec. 3310.16. (A) The state board of education shall adopt rules in
accordance with Chapter 119. of the Revised Code prescribing procedures
for the administration of the educational choice scholarship pilot program.
(B) The state board and the department of education shall not require
chartered nonpublic schools to comply with any education laws or rules or
other requirements that are not specified in sections 3310.01 to 3310.17 of
the Revised Code or in rules necessary for the administration of the
program, adopted under division (A) of this section, and that otherwise
would not apply to a chartered nonpublic school.
Sec. 3311.057. (A) Any educational service center that is formed by
merging two or more educational service centers or former county school
districts after July 1, 1995, but prior to July 1, 2003, may determine the
number of members of its governing board and whether the members are to
be elected at large or by subdistrict, provided each board shall have an odd
number of members.
(B) If an educational service center described in division (A) of this
section is formed on or after the effective date of this section, the The
governing board of each service center that is merging to form the new
service center shall include identical provisions for electing the new service
center's governing board in its resolution adopted pursuant to division (A) of
section 3311.053 of the Revised Code. If there is any transition period
between the effective date of the merger of the service centers and the
assumption of control of the new service center by the new board, the
resolutions shall include provisions for an interim governing board which
shall be appointed to govern the service center until the time the new board
is elected and assumes control of the service center.
(C) If an educational service center described in division (A) of this
section was formed prior to the effective date of this section, the governing
board of the service center may adopt at any time prior to July 1, 2003, a
resolution setting forth provisions for changing the number of members and
the manner of electing its board and provisions for any transitional period between the abolition of the existing board and the assumption of control by the new board.

(D) Any provisions for electing a governing board adopted pursuant to division (B) or (C) of this section may provide for the election of members at large, may provide for the establishment of subdistricts within the district, or may require some members to be elected at large and some to be elected from subdistricts. If subdistricts are included, the resolutions shall specify the manner in which their boundaries are to be drawn. The provisions shall attempt to ensure that each elected member of the board represents an equal number of residents of the service center. To accomplish this, any subdistrict containing a multiple of the number of electors in another subdistrict, may elect at-large within that subdistrict, a number of board members equal to the multiple that its population is of the population of the other subdistrict.

(E) The provisions for selecting board members set forth in the latest resolution adopted pursuant to division (B) or (C) of this section prior to July 1, 2003, shall remain the method of electing board members within that educational service center.

Sec. 3313.29. The treasurer of each board of education shall keep an account of all school funds of the district. The treasurer shall receive all vouchers for payments and disbursements made to and by the board and preserve such vouchers for a period of ten years unless copied or reproduced according to the procedure prescribed in section 9.01 of the Revised Code. Thereafter, such vouchers may be destroyed by the treasurer upon applying to and obtaining an order from the school district records commission in the manner prescribed by section 149.41 of the Revised Code, except that it shall not be necessary to copy or reproduce such vouchers before their destruction. The treasurer shall render a statement to the board and to the superintendent of the school district, monthly, or more often if required, showing the revenues and receipts from whatever sources derived, the various appropriations made by the board, the expenditures and disbursements therefrom, the purposes thereof, the balances remaining in each appropriation, and the assets and liabilities of the school district. Sec. 3313.372. (A) As used in this section, "energy conservation measure" means an installation or modification of an installation in, or remodeling of, a building, to reduce energy consumption. It includes:

7. Energy recovery systems;
8. Cogeneration systems that produce steam or forms of energy such as heat, as well as electricity, for use primarily within a building or complex of buildings;
9. Any other modification, installation, or remodeling approved by the Ohio school facilities commission as an energy conservation measure.

(B) A board of education of a city, exempted village, local, or joint vocational school district may enter into an installment payment contract for the purchase and installation of energy conservation measures. The provisions of such installment payment contracts dealing with interest charges and financing terms shall not be subject to the competitive bidding requirements of section 3313.46 of the Revised Code, and shall be on the following terms:

1. Not less than one-fifteenth of the costs thereof shall be paid within two years from the date of purchase.
2. The remaining balance of the costs thereof shall be paid within fifteen years from the date of purchase.

An installment payment contract entered into by a board of education under this section shall require the board to contract in accordance with division (A) of section 3313.46 of the Revised Code for the installation,

Revenues derived from local taxes or otherwise, for the purpose of conserving energy or for defraying the current operating expenses of the district, may be applied to the payment of interest and the retirement of such notes. The notes may be sold at private sale or given to the contractor under the installment payment contract authorized by division (B) of this section.

(D) Debt incurred under this section shall not be included in the calculation of the net indebtedness of a school district under section 133.06 of the Revised Code.

(E) No school district board shall enter into an installment payment contract under division (B) of this section unless it first obtains a report of the costs of the energy conservation measures and the savings thereof as described under division (G) of section 133.06 of the Revised Code as a requirement for issuing energy securities, makes a finding that the amount spent on such measures is not likely to exceed the amount of money it would save in energy costs and resultant operational and maintenance costs as described in that division, except that that finding shall cover the ensuing fifteen years, and the Ohio school facilities commission determines that the district board's findings are reasonable and approves the contract as described in that division.

The district board shall monitor the savings and maintain a report of those savings, which shall be available to the commission in the same manner as required by division (G) of section 133.06 of the Revised Code in the case of energy securities.

(b) The superintendents of both districts enter into a written agreement that consents to the attendance and specifies that the purpose of such attendance is to protect the student's physical or mental well-being or to deal with other extenuating circumstances deemed appropriate by the superintendents.

While an agreement is in effect under this division for a student who is not receiving special education under Chapter 3323. of the Revised Code and notwithstanding Chapter 3327. of the Revised Code, the board of education of neither school district involved in the agreement is required to provide transportation for the student to and from the school where the student attends.

A student attending a school of a district pursuant to this division shall be allowed to participate in all student activities, including interscholastic athletics, at the school where the student is attending on the same basis as any student who has always attended the schools of that district while of compulsory school age.

(13) All school districts shall comply with the "McKinney-Vento Homeless Assistance Act," 42 U.S.C.A. 11431 et seq., for the education of
homeless children. Each city, local, and exempted village school district shall comply with the requirements of that act governing the provision of a free, appropriate public education, including public preschool, to each homeless child.

When a child loses permanent housing and becomes a homeless person, as defined in 42 U.S.C.A. 11481(5), or when a child who is such a homeless person changes temporary living arrangements, the child's parent or guardian shall have the option of enrolling the child in either of the following:

(a) The child's school of origin, as defined in 42 U.S.C.A. 11432(g)(3)(C);

(b) The school that is operated by the school district in which the shelter where the child currently resides is located and that serves the geographic area in which the shelter is located.

(14) A child under the age of twenty-two years who resides with a person other than the child's parent is entitled to attend school in the school district in which that person resides if both of the following apply:

(a) That person has been appointed, through a military power of attorney executed under section 574(a) of the "National Defense Authorization Act for Fiscal Year 1994," 107 Stat. 1674 (1993), 10 U.S.C. 1044b, or through a comparable document necessary to complete a family care plan, as the parent's agent for the care, custody, and control of the child while the parent is on active duty as a member of the national guard or a reserve unit of the armed forces of the United States or because the parent is a member of the armed forces of the United States and is on a duty assignment away from the parent's residence.

(b) The military power of attorney or comparable document includes at least the authority to enroll the child in school.

The entitlement to attend school in the district in which the parent's agent under the military power of attorney or comparable document resides applies until the end of the school year in which the military power of attorney or comparable document expires.

(G) A board of education, after approving admission, may waive tuition for students who will temporarily reside in the district and who are either of the following:

(1) Residents or domiciliaries of a foreign nation who request admission as foreign exchange students;

(2) Residents or domiciliaries of the United States but not of Ohio who request admission as participants in an exchange program operated by a student exchange organization.
(H) Pursuant to sections 3311.211, 3313.90, 3319.01, 3323.04, 3327.04, and 3327.06 of the Revised Code, a child may attend school or participate in a special education program in a school district other than in the district where the child is entitled to attend school under division (B) of this section.

(I)(1) Notwithstanding anything to the contrary in this section or section 3313.65 of the Revised Code, a child under twenty-two years of age may attend school in the school district in which the child, at the end of the first full week of October of the school year, was entitled to attend school as otherwise provided under this section or section 3313.65 of the Revised Code, if at that time the child was enrolled in the schools of the district but since that time the child or the child's parent has relocated to a new address located outside of that school district and within the same county as the child's or parent's address immediately prior to the relocation. The child may continue to attend school in the district, and at the school to which the child was assigned at the end of the first full week of October of the current school year, for the balance of the school year. Division (I)(1) of this section applies only if both of the following conditions are satisfied:

(a) The board of education of the school district in which the child was entitled to attend school at the end of the first full week in October and of the district to which the child or child's parent has relocated each has adopted a policy to enroll children described in division (I)(1) of this section.

(b) The child's parent provides written notification of the relocation outside of the school district to the superintendent of each of the two school districts.

(2) At the beginning of the school year following the school year in which the child or the child's parent relocated outside of the school district as described in division (I)(1) of this section, the child is not entitled to attend school in the school district under that division.

(3) Any person or entity owing tuition to the school district on behalf of the child at the end of the first full week in October, as provided in division (C) of this section, shall continue to owe such tuition to the district for the child's attendance under division (I)(1) of this section for the lesser of the balance of the school year or the balance of the time that the child attends school in the district under division (I)(1) of this section.

(4) A pupil who may attend school in the district under division (I)(1) of this section shall be entitled to transportation services pursuant to an agreement between the district and the district in which the child or child's parent has relocated unless the districts have not entered into such agreement, in which case the child shall be entitled to transportation services...
in the same manner as a pupil attending school in the district under interdistrict open enrollment as described in division (H) of section 3313.981 of the Revised Code, regardless of whether the district has adopted an open enrollment policy as described in division (B)(1)(b) or (c) of section 3313.98 of the Revised Code.

(J) This division does not apply to a child receiving special education.

A school district required to pay tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount deducted under division (F) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. A school district entitled to receive tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount credited under division (F) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. If the tuition rate credited to the district of attendance exceeds the rate deducted from the district required to pay tuition, the department of education shall pay the district of attendance the difference from amounts deducted from all districts' payments under division (F) of section 3317.023 of the Revised Code but not credited to other school districts under such division and from appropriations made for such purpose. The treasurer of each school district shall, by the fifteenth day of January and July, furnish the superintendent of public instruction a report of the names of each child who attended the district's schools under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code during the preceding six calendar months, the duration of the attendance of those children, the school district responsible for tuition on behalf of the child, and any other information that the superintendent requires.

Upon receipt of the report the superintendent, pursuant to division (F) of section 3317.023 of the Revised Code, shall deduct each district's tuition obligations under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code and pay to the district of attendance that amount plus any amount required to be paid by the state.

(K) In the event of a disagreement, the superintendent of public instruction shall determine the school district in which the parent resides.

(L) Nothing in this section requires or authorizes, or shall be construed to require or authorize, the admission to a public school in this state of a pupil who has been permanently excluded from public school attendance by the superintendent of public instruction pursuant to sections 3301.121 and 3313.662 of the Revised Code.

(M) In accordance with division (B)(1) of this section, a child whose
parent is a member of the national guard or a reserve unit of the armed forces of the United States and is called to active duty, or a child whose parent is a member of the armed forces of the United States and is ordered to a temporary duty assignment outside of the district, may continue to attend school in the district in which the child's parent lived before being called to active duty or ordered to a temporary duty assignment outside of the district, as long as the child's parent continues to be a resident of that district, and regardless of where the child lives as a result of the parent's active duty status or temporary duty assignment. However, the district is not responsible for providing transportation for the child if the child lives outside of the district as a result of the parent's active duty status or temporary duty assignment.

Sec. 3313.6410. This section applies to any school that is operated by a school district and in which the enrolled students work primarily on assignments in nonclassroom-based learning opportunities provided via an internet- or other computer-based instructional method.

(A) Any school to which this section applies shall withdraw from the school any student who, for two consecutive school years, has failed to participate in the spring administration of any test prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the test pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (E) of section 3317.03 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education to be added to the list maintained by the department under section 3314.26 of the Revised Code.

(B) No school to which this section applies shall receive any state funds under Chapter 3317. of the Revised Code for any enrolled student whose data verification code appears on the list maintained by the department under section 3314.26 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the school district that operates the school in an amount equal to the state funds the district otherwise would receive for that student, as determined by the department. A school to which this section applies may withdraw any student for whom the parent does not pay tuition as required by this division.

The board shall administer the allocation and distribution of all state and federal funds for these programs.

(C) The state board of education shall require the board of education of each school district included under this division to establish and maintain a school breakfast and lunch, and summer food service program pursuant to the "National School Lunch Act" and the "Child Nutrition Act of 1966," as described in divisions (C)(1) to (4) of this section.

(1) The state board shall require the board of education in each school district to establish a breakfast program in every school where at least one-third of the pupils in the school are eligible under federal requirements for free breakfasts and to establish a lunch program in every school where at least one-third of the pupils are eligible for free lunches. The board of education required to establish a breakfast program under this division may make a charge in accordance with federal requirements for each reduced price breakfast or paid breakfast to cover the cost incurred in providing that meal.

(2) The state board shall require the board of education in each school district to establish a breakfast program in every school in which the parents of at least one-half of the children enrolled in the school have requested that the breakfast program be established. The board of education required to establish a program under this division may make a charge for each meal to cover all or part of the costs incurred in establishing such a program.
(3) The state board of education shall require the board of education in each school district to establish one of the following for summer intervention services described in division (D) of section 3301.0711 and section 3313.608 of the Revised Code and any other summer intervention program required by law:

(c) A summer food service program pursuant to those acts.

(4)(a) If the board of education of a school district determines that, for financial reasons, it cannot comply with division (C)(1) or (3) of this section, the district board may choose not to comply with either or both divisions, except as provided in division (C)(4)(b) of this section. The district board publicly shall communicate to the residents of the district, in the manner it determines appropriate, its decision not to comply.

(b) If a district board chooses not to comply with division (C)(1) of this section, the state board of education nevertheless shall require the district board to establish a breakfast program in every school where at least one-third of the pupils in the school are eligible under federal requirements for free breakfasts and to establish a lunch program in every school where at least one-third of the pupils are eligible for free lunches. The district board may make a charge in accordance with federal requirements for each reduced price breakfast or paid breakfast to cover the cost incurred in providing that meal.

(c) If a school district cannot for good cause comply with the requirements of division (C)(1) or (2) or (4)(b) of this section at the time the state board determines that a district is subject to these requirements, the state board of education shall grant a reasonable extension of time. Good cause for an extension of time shall include, but need not be limited to, economic impossibility of compliance with the requirements at the time the state board determines that a district is subject to them.

(D)(1) The state board of education shall accept the application of any outdoor education center in the state making application for participation in a program pursuant to division (B) of this section.

(2) For purposes of participation in any program pursuant to this section, the board shall certify any outdoor education center making application as an educational unit that is part of the educational system of the state, if the center:

(a) Meets the definition of an outdoor education center;
(b) Provides its outdoor education curriculum to pupils on an overnight
basis so that pupils are in residence at the center for more than twenty-four consecutive hours;

(c) Operates under public or nonprofit private ownership in a single building or complex of buildings.

(3) The board shall approve any outdoor education center certified under this division for participation in the program for which the center is making application on the same basis as any other applicant for that program.

(D) A majority vote of the board of a sponsoring entity and a majority vote of the members of the governing authority of a community school shall be required to adopt a contract and convert the public school to a community school or establish the new start-up school. (8) Requirements for financial audits by the auditor of state. (9) The facilities to be used and their locations;

(10) Qualifications of teachers, including a requirement that the school's classroom teachers be licensed in accordance with sections 3319.22 to 3319.31 of the Revised Code, except that a community school may engage noncertificated persons to teach up to twelve hours per week pursuant to section 3319.301 of the Revised Code;

(f) The school will comply with sections 3313.61, 3313.611, and 3313.614 of the Revised Code, except that the requirement in sections 3313.61 and 3313.611 of the Revised Code that a person must successfully complete the curriculum in any high school prior to receiving a high school diploma may be met by completing the curriculum adopted by the governing authority of the community school rather than the curriculum specified in Title XXXIII of the Revised Code or any rules of the state board of education;

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school during a school year for the period of time beginning on the later of the date
on which the school both has received documentation of the student's enrollment from a parent and the student has commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's instruction time in non-classroom-based learning opportunities shall be certified by an employee of the community school. A student's enrollment shall be considered to cease on the date on which any of the following occur:

(a) The community school receives documentation from a parent terminating enrollment of the student.

(b) The community school is provided documentation of a student's enrollment in another public or private school.

(c) The community school ceases to offer learning opportunities to the student pursuant to the terms of the contract with the sponsor or the operation of any provision of this chapter.

(3) A student's percentage of full-time equivalency shall be considered to be the percentage the hours of learning opportunity offered to that student is of nine hundred and twenty hours. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours.

(M) The department of education shall reduce the amounts paid under division (D) of this section to reflect payments made to colleges under division (B) of section 3365.07 of the Revised Code.

(N)(1) No student shall be considered enrolled in any internet- or computer-based community school or, if applicable to the student, in any community school that is required to provide the student with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following conditions are satisfied:

(a) The student possesses or has been provided with all required hardware and software materials and all such materials are operational so that the student is capable of fully participating in the learning opportunities specified in the contract between the school and the school's sponsor as required by division (A)(23) of section 3314.03 of the Revised Code;
(b) The school is in compliance with division (A)(1) or (2) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted jointly by the superintendent of public instruction and the auditor of state, the department shall reduce the amounts otherwise payable under division (D) of this section to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(O)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue
its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(P) The department shall not subtract from a school district's state aid account under division (C) of this section and shall not pay to a community school under division (D) of this section any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school during the previous school year when tests were administered under section 3301.0711 of the Revised Code but did not take one or more of the tests required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the test and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a school district's state aid account under division (C) of this section and shall not pay to a community school under division (D) of this section any amount for that veteran.

Sec. 3314.18. (A) Subject to division (C) of this section, the governing board of each community school shall establish a breakfast program pursuant to the "National School Lunch Act," 60 Stat. 230 (1946), 42 U.S.C. 1751, as amended, and the "Child Nutrition Act of 1966," 80 Stat. 885, 42 U.S.C. 1771, as amended, if at least one-fifth of the pupils in the school are eligible under federal requirements for free breakfasts, and shall establish a lunch program pursuant to those acts if at least one-fifth of the pupils are
eligible for free lunches. The governing board required to establish a breakfast program under this division may make a charge in accordance with federal requirements for each reduced price breakfast or paid breakfast to cover the cost incurred in providing that meal.

(B) Subject to division (C) of this section, the governing board of each community school shall establish one of the following for summer intervention services described in division (D) of section 3301.0711 and section 3313.608 of the Revised Code and any other summer intervention program required by law:

(1) An extension of the school breakfast program pursuant to the "National School Lunch Act" and the "Child Nutrition Act of 1966";

(2) An extension of the school lunch program pursuant to those acts;

(3) A summer food service program pursuant to those acts.

(C) If the governing board of a community school determines that, for financial reasons, it cannot comply with division (A) or (B) of this section, the governing board may choose not to comply with either or both divisions. In that case, the governing board shall communicate to the parents of its students, in the manner it determines appropriate, its decision not to comply.

(D) The governing board of each community school required to establish a school breakfast, school lunch, or summer food service program under this section shall apply for state and federal funds allocated by the state board of education under division (B) of section 3313.813 of the Revised Code and shall comply with the state board's standards adopted under that division.

(E) This section does not apply to internet- or computer-based community schools.

Sec. 3314.26. (A) Each internet- or computer-based community school shall withdraw from the school any student who, for two consecutive school years, has failed to participate in the spring administration of any test prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the test pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (P)(3) of section 3314.08 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education. The department shall maintain a list of all data verification codes reported under this division and section 3313.6410 of the Revised Code and provide that list to each internet- or computer-based community school and to each school to which section 3313.6410 of the Revised Code applies.
(B) No internet- or computer-based community school shall receive any state funds under this chapter for any enrolled student whose data verification code appears on the list maintained by the department under division (A) of this section.

Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the internet- or computer-based community school in an amount equal to the state funds the school otherwise would receive for that student, as determined by the department. An internet- or computer-based community school may withdraw any student for whom the parent does not pay tuition as required by this division.

Sec. 3314.35. (A) This section applies to any community school established under this chapter that meets one or more of the following criteria:

(1) The school is declared to be in need of continuous improvement, under an academic watch, or in a state of academic emergency pursuant to section 3302.03 of the Revised Code.

(2) The school has not been in operation for at least two full school years.

(3) The school does not offer any grade level for which an achievement test is prescribed under section 3301.0710 of the Revised Code or the number of students enrolled in each grade level offered by the school for which an achievement test is prescribed is too small to yield statistically reliable data about student performance, as determined by the department of education.

(B) Beginning in the 2006-2007 2007-2008 school year, each community school to which this section applies shall administer a reading and mathematics assessment approved by the department in the fall and spring of the school year to each student who is enrolled in any of grades one through twelve to measure the academic progress made by students during the school year. For each grade level, the community school shall administer the same assessment in the spring that the school administers in the fall.

(C) Each community school that administers the assessments required by division (B) of this section shall be responsible for all costs associated with the administration and scoring of the assessments. Each community school shall report the scores of all students taking the assessments to the department in a manner prescribed by the department.

(D) The department shall establish a list of nationally normed assessments in reading and mathematics that it approves for use by
community schools under this section. The department may approve assessments in other subject areas, but no community school shall be required to administer an assessment in a subject area other than reading or mathematics under this section.

(E) The sponsor of any community school to which this section does not apply may elect to have the school administer reading and mathematics assessments in accordance with this section.

Sec. 3314.36. (A) Not later than July 1, 2006 2007, the state board of education shall adopt rules establishing reasonable standards for expected gains in student achievement between the fall and spring administrations of the reading and mathematics assessments administered under section 3314.35 of the Revised Code and for expected gains in the graduation rate.

(B) Any community school that is declared to be under an academic watch or in a state of academic emergency pursuant to section 3302.03 of the Revised Code after July 1, 2006 2007, or to which division (A)(3) of section 3314.35 of the Revised Code applies shall be subject to division (C) of this section beginning the next school year if either of the following apply to the school:

1. The percentage of the school's total student population showing the expected gains in student achievement established under division (A) of this section on the reading or mathematics assessments administered most recently under section 3314.35 of the Revised Code is less than fifty-five per cent.

2. The school offers a high school diploma but is not showing the expected gains in the graduation rate established under division (A) of this section.

A community school that has been in operation for one school year shall not be subject to division (C) of this section.

(C)(1) In the first school year that a community school is subject to division (C) of this section, if the school is an internet- or computer-based community school, the school shall not enroll any students in excess of the number of students the school enrolled at the conclusion of the preceding school year.

2. In the second consecutive school year that a community school is subject to division (C) of this section, if the school is an internet- or computer-based community school, the school shall do both of the following:

(a) Continue to comply with division (C)(1) of this section;

(b) Withdraw from the school at the conclusion of the school year any student for whom any of the following conditions apply, unless the student's
parent agrees to pay tuition to the school in an amount equal to the state funds the school otherwise would receive for that student as determined by the department of education:

(i) For two consecutive school years, the student has taken the reading and mathematics assessments administered under section 3314.35 of the Revised Code but has failed to show the expected gains in student achievement established under division (A) of this section for both reading and mathematics.

(ii) For two consecutive school years, the student has not taken one or more of the reading and mathematics assessments described in division (C)(2)(b)(i) of this section.

(iii) For one of two consecutive school years, the student took the reading and mathematics assessments described in division (C)(2)(b)(i) of this section but failed to show the expected gains in student achievement also described in that division for both reading and mathematics, and, for the other school year, the student did not take one or more of those assessments.

After the conclusion of the school year, the school shall not receive state funds for any student who is required to be withdrawn or for whom tuition is owed under division (C)(2)(b) of this section.

(3) In the third consecutive school year that any community school is subject to division (C) of this section, the following shall apply:

(a) If the school is an internet- or computer-based community school, the school shall continue to comply with division (C)(1)(a) of this section.

(b) The school shall be permanently closed at the conclusion of the school year.

(D) The sponsor of any community school that is declared to be in need of continuous improvement, effective, or excellent pursuant to section 3302.03 of the Revised Code and offers one or more grade levels for which an achievement test is prescribed under section 3301.0710 of the Revised Code may elect to evaluate the performance of the school in accordance with division (B) of this section, provided the school administers reading and mathematics assessments under section 3314.35 of the Revised Code. If the sponsor so elects, the evaluation method shall be used for a minimum of three school years and shall be specified in the contract required by section 3314.03 of the Revised Code. Nothing in this division requires the sponsor of a community school that elects to evaluate the school in accordance with division (B) of this section to take any action specified in division (C) of this section, unless the contract requires such action.

(E) In calculating the gains in student achievement demonstrated by a community school for the purposes of division (B) of this section, the
department shall include the scores of all students who participated in the fall and spring administrations of the assessments administered under section 3314.35 of the Revised Code. If the school's participation rate for any grade level is less than ninety per cent, the department shall calculate the gains in academic achievement demonstrated by the students in that grade level as if the participation rate was ninety per cent by assuming a score of zero for each student that it is necessary to add to the participation rate to make that rate equal ninety per cent.

Sec. 3315.01. (A) Except as provided in division (B) of this section and notwithstanding sections 3315.12 and 3315.14 of the Revised Code, the board of education of any school district may adopt a resolution requiring the treasurer of the district to credit the earnings made on the investment of the principal of the moneys specified in the resolution to the fund from which the earnings arose or any other fund of the district as the board specifies in its resolution.

(B) This section does not apply to the earnings made on the investment of the bond retirement fund, the sinking fund, a project construction fund established pursuant to sections 3318.01 to 3318.20 of the Revised Code, or the payments received by school districts pursuant to division (L)(1) of section 3317.024 of the Revised Code.

Sec. 3317.01. As used in this section and section 3317.011 of the Revised Code, "school district," unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the state board of education. The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in section 5705.211 of the Revised Code. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Annually, the department of education shall calculate and report to each school district the district's total state and local funds for providing an adequate basic education to the district's nonhandicapped students, utilizing the determination in section 3317.012 of the Revised Code. In addition, the department shall calculate and report separately for each school district the
district's total state and local funds for providing an adequate education for its handicapped students, utilizing the determinations in both sections 3317.012 and 3317.013 of the Revised Code.

Not later than the thirty-first day of August of each fiscal year, the department of education shall provide to each school district and county MR/DD board a preliminary estimate of the amount of funding that the department calculates the district will receive under each of divisions (C)(1) and (4) of section 3317.022 of the Revised Code. No later than the first day of December of each fiscal year, the department shall update that preliminary estimate.

Moneys distributed pursuant to this chapter shall be calculated and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. The moneys appropriated for each fiscal year shall be distributed at least monthly to each school district unless otherwise provided for. The state board shall submit a yearly distribution plan to the controlling board at its first meeting in July. The state board shall submit any proposed midyear revision of the plan to the controlling board in January. Any year-end revision of the plan shall be submitted to the controlling board in June. If moneys appropriated for each fiscal year are distributed other than monthly, such distribution shall be on the same basis for each school district.

The total amounts paid each month shall constitute, as nearly as possible, one-twelfth of the total amount payable for the entire year.

Until fiscal year 2006 2007, payments made during the first six months of the fiscal year may be based on an estimate of the amounts payable for the entire year. Payments made in the last six months shall be based on the final calculation of the amounts payable to each school district for that fiscal year. Payments made in the last six months may be adjusted, if necessary, to correct the amounts distributed in the first six months, and to reflect enrollment increases when such are at least three per cent.

Beginning in fiscal year 2006 2007, payments shall be calculated to reflect the biannual reporting of average daily membership. In fiscal year 2006 2007 and in each fiscal year thereafter, annualized periodic payments for July through December each school district shall be based on the district's student counts certified pursuant to section 3317.03 of the Revised Code for the first full week in October, and payments for January through June shall be based on the average of student counts certified pursuant to that section for the first full week of the previous October and the third full week in February, as follows:

the sum of one-half of the number of students reported
for the first full week in October plus one-half of the average of the numbers reported for the first full week in October and for the first full week in February.

Except as otherwise provided, payments under this chapter shall be made only to those school districts in which:

(A) The school district, except for any educational service center and any joint vocational or cooperative education school district, levies for current operating expenses at least twenty mills. Levies for joint vocational or cooperative education school districts or county school financing districts, limited to or to the extent apportioned to current expenses, shall be included in this qualification requirement. School district income tax levies under Chapter 5748 of the Revised Code, limited to or to the extent apportioned to current operating expenses, shall be included in this qualification requirement to the extent determined by the tax commissioner under division (D) of section 3317.021 of the Revised Code.

(B) The school year next preceding the fiscal year for which such payments are authorized meets the requirement of section 3313.48 or 3313.481 of the Revised Code, with regard to the minimum number of days or hours school must be open for instruction with pupils in attendance, for individualized parent-teacher conference and reporting periods, and for professional meetings of teachers. This requirement shall be waived by the superintendent of public instruction if it had been necessary for a school to be closed because of disease epidemic, hazardous weather conditions, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, provided that for those school districts operating pursuant to section 3313.48 of the Revised Code the number of days the school was actually open for instruction with pupils in attendance and for individualized parent-teacher conference and reporting periods is not less than one hundred seventy-five, or for those school districts operating on a trimester plan the number of days the school was actually open for instruction with pupils in attendance not less than seventy-nine days in any trimester, for those school districts operating on a quarterly plan the number of days the school was actually open for instruction with pupils in attendance not less than fifty-nine days in any quarter, or for those school districts operating on a pentamester plan the number of days the school was actually open for instruction with pupils in attendance not less than forty-four days in any pentamester.

A school district shall not be considered to have failed to comply with this division or section 3313.481 of the Revised Code because schools were
open for instruction but either twelfth grade students were excused from attendance for up to three days or only a portion of the kindergarten students were in attendance for up to three days in order to allow for the gradual orientation to school of such students.

The superintendent of public instruction shall waive the requirements of this section with reference to the minimum number of days or hours school must be in session with pupils in attendance for the school year succeeding the school year in which a board of education initiates a plan of operation pursuant to section 3313.481 of the Revised Code. The minimum requirements of this section shall again be applicable to such a district beginning with the school year commencing the second July succeeding the initiation of one such plan, and for each school year thereafter.

A school district shall not be considered to have failed to comply with this division or section 3313.48 or 3313.481 of the Revised Code because schools were open for instruction but the length of the regularly scheduled school day, for any number of days during the school year, was reduced by not more than two hours due to hazardous weather conditions.

(C) The school district has on file, and is paying in accordance with, a teachers' salary schedule which complies with section 3317.13 of the Revised Code.

A board of education or governing board of an educational service center which has not conformed with other law and the rules pursuant thereto, shall not participate in the distribution of funds authorized by sections 3317.022 to 3317.0211, 3317.11, 3317.16, 3317.17, and 3317.19 of the Revised Code, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

All funds allocated to school districts under this chapter, except those specifically allocated for other purposes, shall be used to pay current operating expenses only.

Sec. 3317.015. (A) In addition to the information certified to the department of education under division (A) of section 3317.021 of the Revised Code, the tax commissioner shall, at the same time, certify the following information for each city, exempted village, and local school district to be used for the same purposes as described under that division:

(1) The taxable value of the school district's carryover property, as defined in section 319.301 of the Revised Code, for the preceding tax year;

(2) The school district's increase in such carryover valuation value, if any, between the second preceding tax year and the preceding tax year as used in calculating the percentage reduction under section 319.301 of the Revised Code.
In any fiscal year the department of education shall calculate each school district's recognized valuation in the following manner:

(1) For a school district located in a county in which a reappraisal or triennial update occurred in the preceding tax year, the recognized valuation equals the district's total taxable value for the preceding tax year minus two-thirds times the increase in the carryover value from the second preceding tax year to the preceding tax year.

(2) For a school district located in a county in which a reappraisal or triennial update occurred in the second preceding tax year, the recognized valuation equals the district's total taxable value for the preceding tax year minus one-third times the increase in the carryover value from the third preceding tax year to the second preceding tax year.

(3) For a school district located in a county in which a reappraisal or triennial update occurred in the third preceding tax year, the recognized valuation equals the district's total taxable value for the preceding tax year.

Beginning in fiscal year 2006-2007, for payments in which formula ADM is a factor, for the months of July through December, the formula ADM means for each school district for the fiscal year is the sum of one-half of the number reported in for October of that fiscal year, and for the months of January through June, the formula ADM means plus one-half of the average of the numbers reported in the previous for October and in February of that fiscal year.

(f) The aggregate value of the improvements to parcels of real property in the school district exempted from taxation 

(h) The portion of school district compensation value that was exempted from taxation for the preceding tax year under such an ordinance or resolution, if, prior to January 1, 2006, the legislative authority of a municipal corporation, board of township trustees, or board of county commissioners has pledged service payments for a designated transportation capacity project approved by the transportation review advisory council under Chapter 5512. of the Revised Code;

(i) The aggregate value of the improvements to parcels of real property in the school district exempted from taxation

(7) The aggregate value of real property in the school district for which an exemption from taxation is granted by an ordinance or resolution adopted on or after January 1, 2006, under Chapter 725. or 1728., sections 3735.65 to 3735.70, or section 5709.62, 5709.63, 5709.632, 5709.63, 5709.84, or 5709.88 of the Revised Code, as indicated on the list of exempted property for the preceding tax year under section 5713.08 of the Revised Code and as if such property had been assessed for taxation that year, but not including
compensation for tax revenue foregone pursuant to an agreement entered into on or after January 1, 2006, under section 5709.82 of the Revised Code, and minus the product determined by multiplying (a) the aggregate value of the real property in the school district exempted from taxation for the preceding tax year under any of the chapters or sections specified in this division, by (b) a fraction, the numerator of which is the difference between (i) the amount of anticipated revenue such school district would have received in for the preceding fiscal tax year if the real property exempted from taxation had not been exempted from taxation and (ii) the aggregate amount of payments in lieu of taxes on the exempt real property for the preceding fiscal tax year and other compensation received in for the preceding fiscal tax year by the school district pursuant to any agreements entered into on or after January 1, 2006, under section 5709.82 of the Revised Code between the school district and the legislative authority of a political subdivision that acted under the authority of a chapter or statute specified in this division, that were entered into in relation to such exemption, and the denominator of which is the amount of anticipated revenue such school district would have received in the preceding fiscal year if the real property exempted from taxation had not been exempted.

(8) For each school district receiving payments under division (B) or (C) of section 3317.0216 of the Revised Code during the current fiscal year, as included on the most recent list of such districts sent to the tax commissioner under division (F) of that section, the following:

(a) The portion of the total amount of taxes charged and payable for current expenses certified under division (A)(3)(a) of this section that is attributable to each new levy approved and charged in the preceding tax year and the respective tax rate of each of those new levies;

(b) The portion of the total taxes collected for current expenses under a school district income tax adopted pursuant to section 5748.03 or 5748.08 of the Revised Code, as certified under division (A)(2) of section 3317.08 of the Revised Code, that is attributable to each new school district income tax first effective in the current taxable year or in the preceding taxable year.

(B) On or before the first day of May each year, the tax commissioner shall certify to the department of education the total taxable real property value of railroads and, separately, the total taxable tangible personal property value of all public utilities for the preceding tax year, by school district and by county of location.

(C) If a public utility has properly and timely filed a petition for reassessment under section 5727.47 of the Revised Code with respect to an assessment issued under section 5727.23 of the Revised Code affecting
taxable property apportioned by the tax commissioner to a school district, the taxable value of public utility tangible personal property included in the certification under divisions (A)(2) and (B) of this section for the school district shall include only the amount of taxable value on the basis of which the public utility paid tax for the preceding year as provided in division (B)(1) or (2) of section 5727.47 of the Revised Code.

(D) If on the basis of the information certified under division (A) of this section, the department determines that any district fails in any year to meet the qualification requirement specified in division (A) of section 3317.01 of the Revised Code, the department shall immediately request the tax commissioner to determine the extent to which any school district income tax levied by the district under Chapter 5748. of the Revised Code shall be included in meeting that requirement. Within five days of receiving such a request from the department, the tax commissioner shall make the determination required by this division and report the quotient obtained under division (D)(3) of this section to the department. This quotient represents the number of mills that the department shall include in determining whether the district meets the qualification requirement of division (A) of section 3317.01 of the Revised Code.

The tax commissioner shall make the determination required by this division as follows:

(1) Multiply one mill times the total taxable value of the district as determined in divisions (A)(1) and (2) of this section;

(2) Estimate the total amount of tax liability for the current tax year under taxes levied by Chapter 5748. of the Revised Code that are apportioned to current operating expenses of the district;

(3) Divide the amount estimated under division (D)(2) of this section by the product obtained under division (D)(1) of this section.

(E)(1) On or before June 1, 2006, and the first day of June April of each year thereafter, the director of development shall certify report to the department of education and the tax commissioner the total amount amounts of payments received by each city, local, exempted village, or joint vocational school district during for the preceding tax year pursuant to an agreement entered into under division (B) division (D) of section 5709.40, division (D) of section 5709.73, division (C) of section 5709.78, or division (B)(1), (B)(2), (C), or (D) of section 5709.82 of the Revised Code in relation to exemptions from taxation granted pursuant to an ordinance adopted by the legislative authority of a municipal corporation under division (C)(4) of section 5709.40 of the Revised Code, or a resolution adopted by a board of township trustees or board of county commissioners under division (C)(4) of
section 5709.73 or division (B)(4) of section 5709.78 of the Revised Code, respectively. On or before April 1, 2006, and the first day of April March of each year thereafter, the treasurer of each city, local, exempted village, or joint vocational school district that has entered into such an agreement shall report to the director of development the total amount of such payments the district received during for the preceding tax year pursuant to each such agreement as provided in this section. The state board of education, in accordance with sections 3319.31 and 3319.311 of the Revised Code, may suspend or revoke the license of a treasurer found to have willfully reported erroneous, inaccurate, or incomplete data under this division.

(2) On or before April 1, 2007, and the first day of April of each year thereafter, the director of development shall report to the department of education and to the tax commissioner the total amounts of payments received by each city, local, exempted village, or joint vocational school district for the preceding tax year pursuant to divisions (B), (C), and (D) of section 5709.82 of the Revised Code in relation to exemptions from taxation granted pursuant to ordinances or resolutions adopted on or after January 1, 2006, under Chapter 725, or 1728., sections 3735.65 to 3735.70, or section 5709.62, 5709.63, 5709.632, 5709.84, or 5709.88 of the Revised Code. On or before March 1, 2007, and the first day of March of each year thereafter, the treasurer of each city, local, exempted village, or joint vocational school district that has entered into such an agreement shall report to the director of development the total amounts of such payments the district received for the preceding tax year as provided by this section. The state board of education, in accordance with sections 3319.31 and 3319.311 of the Revised Code, may suspend or revoke the license of a treasurer found to have willfully reported erroneous, inaccurate, or incomplete data under this division.

Sec. 3317.022. (A) The department of education shall compute and distribute state base cost funding to each school district for the fiscal year using the information obtained under section 3317.021 of the Revised Code in the calendar year in which the fiscal year begins.

(1) Compute the following for each eligible district:

\[ \text{[cost-of-doing-business factor X the formula amount X formula ADM]} + \text{the sum of the base funding supplements prescribed in divisions (C)(1) to (4) of section 3317.012 of the Revised Code] - [.023 x (the sum of recognized valuation and property exemption (value))] \]
If the difference obtained is a negative number, the district's computation shall be zero.

(2) Compute both of the following for each school district:
   (a) The difference of (i) the district's fiscal year 2005 base cost payment under the version of division (A)(1) of this section in effect in fiscal year 2005, minus (ii) the amount computed for the district for the current fiscal year under current division (A)(1) of this section;
   (b) The following amount:
       \[
       \left( \frac{\text{fiscal year 2005 base cost payment}}{\text{fiscal year 2005 formula ADM}} \right) \times \text{current year formula ADM} \]
       minus
       the amount computed for the district under current division (A)(1) of this section

If one of the amounts computed under division (A)(2)(a) or (b) of this section is a positive amount, the department shall pay the district that amount in addition to the amount calculated under division (A)(1) of this section. If both amounts are positive amounts, the department shall pay the district the lesser of the two amounts in addition to the amount calculated under division (A)(1) of this section.

(3)(a) For each school district for which the tax exempt value of the district equals or exceeds twenty-five per cent of the potential value of the district, the department of education shall calculate the difference between the district's tax exempt value and twenty-five per cent of the district's potential value.

   (b) For each school district to which division (A)(3)(a) of this section applies, the department shall adjust the recognized valuation used in the calculation under division (A)(1) of this section by subtracting from it the amount calculated under division (A)(3)(a) of this section.

(B) As used in this section:

   (1) The "total special education weight" for a district means the sum of the following amounts:

      (a) The district's category one special education ADM multiplied by the multiple specified in division (A) of section 3317.013 of the Revised Code;
      (b) The district's category two special education ADM multiplied by the multiple specified in division (B) of section 3317.013 of the Revised Code;
      (c) The district's category three special education ADM multiplied by the multiple specified in division (C) of section 3317.013 of the Revised Code;
      (d) The district's category four special education ADM multiplied by the multiple specified in division (D) of section 3317.013 of the Revised Code;
The district's category five special education ADM multiplied by the multiple specified in division (E) of section 3317.013 of the Revised Code;

(f) The district's category six special education ADM multiplied by the multiple specified in division (F) of section 3317.013 of the Revised Code.

(2) "State share percentage" means the percentage calculated for a district as follows:

(a) Calculate the state base cost funding amount for the district for the fiscal year under division (A) of this section. If the district would not receive any state base cost funding for that year under that division, the district's state share percentage is zero.

(b) If the district would receive state base cost funding under that division, divide that amount by an amount equal to the following:

\[
\text{(Cost-of-doing-business factor X the formula amount X formula ADM) + the sum of the base funding supplements prescribed in divisions (C)(1) to (4) of section 3317.012 of the Revised Code}
\]

The resultant number is the district's state share percentage.

(3) "Related services" includes:

(a) Child study, special education supervisors and coordinators, speech and hearing services, adaptive physical development services, occupational or physical therapy, teacher assistants for handicapped children whose handicaps are described in division (B) of section 3317.013 or division (F)(3) of section 3317.02 of the Revised Code, behavioral intervention, interpreter services, work study, nursing services, and specialized integrative services as those terms are defined by the department;

(b) Speech and language services provided to any student with a handicap, including any student whose primary or only handicap is a speech and language handicap;

(c) Any related service not specifically covered by other state funds but specified in federal law, including but not limited to, audiology and school psychological services;

(d) Any service included in units funded under former division (O)(1) of section 3317.023 of the Revised Code;

(e) Any other related service needed by handicapped children in accordance with their individualized education plans.

(4) The "total vocational education weight" for a district means the sum of the following amounts:

(a) The district's category one vocational education ADM multiplied by the multiple specified in division (A) of section 3317.014 of the Revised
Code;

(b) The district's category two vocational education ADM multiplied by the multiple specified in division (B) of section 3317.014 of the Revised Code.

(C)(1) The department shall compute and distribute state special education and related services additional weighted costs funds to each school district in accordance with the following formula:

\[
\text{The district's state share percentage} \times \text{the formula amount for the year for which the aid is calculated} \times \text{the district's total special education weight}
\]

(2) The attributed local share of special education and related services additional weighted costs equals:

\[
(1 - \text{the district's state share percentage}) \times \text{the district's total special education weight} \times \text{the formula amount}
\]

(3)(a) The department shall compute and pay in accordance with this division additional state aid to school districts for students in categories two through six special education ADM. If a district's costs for the fiscal year for a student in its categories two through six special education ADM exceed the threshold catastrophic cost for serving the student, the district may submit to the superintendent of public instruction documentation, as prescribed by the superintendent, of all its costs for that student. Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the district an amount equal to the sum of the following:

(i) One-half of the district's costs for the student in excess of the threshold catastrophic cost;

(ii) The product of one-half of the district's costs for the student in excess of the threshold catastrophic cost multiplied by the district's state share percentage.

(b) For purposes of division (C)(3)(a) of this section, the threshold catastrophic cost for serving a student equals:

(i) For a student in the school district's category two, three, four, or five special education ADM, twenty-five thousand dollars in fiscal year 2002, twenty-five thousand seven hundred dollars in fiscal years 2003, 2004, and 2005, and twenty-six thousand five hundred dollars in fiscal years 2006 and 2007;

(ii) For a student in the district's category six special education ADM, thirty thousand dollars in fiscal year 2002, thirty thousand eight hundred

(c) The district shall only report under division (C)(3)(a) of this section, and the department shall only pay for, the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

(b) For the provision of speech language pathology services to students, including students who do not have individualized education programs prepared for them under Chapter 3323. of the Revised Code, and for no other purpose, the department of education shall pay each school district an amount calculated under the following formula:

\[
(\text{formula ADM divided by 2000}) \times 
\text{the personnel allowance} \times 
\text{the state share percentage}
\]

(5) In any fiscal year, a school district shall spend for purposes that the department designates as approved for special education and related services expenses at least the amount calculated as follows:

\[
(\text{cost-of-doing-business factor} \times 
\text{formula amount} \times \text{the sum of categories one through six special education ADM}) + 
(\text{total special education weight} \times \text{formula amount})
\]

The purposes approved by the department for special education expenses shall include, but shall not be limited to, identification of handicapped children, compliance with state rules governing the education of handicapped children and prescribing the continuum of program options for handicapped children, provision of speech language pathology services, and the portion of the school district's overall administrative and overhead costs that are attributable to the district's special education student population.

The department shall require school districts to report data annually to allow for monitoring compliance with division (C)(5) of this section. The department shall annually report to the governor and the general assembly the amount of money spent by each school district for special education and related services.

(6) In any fiscal year, a school district shall spend for the provision of speech language pathology services not less than the sum of the amount
calculated under division (C)(1) of this section for the students in the
district's category one special education ADM and the amount calculated
under division (C)(4) of this section.

(D)(1) As used in this division:
(a) "Daily bus miles per student" equals the number of bus miles
traveled per day, divided by transportation base.
(b) "Transportation base" equals total student count as defined in section
3301.011 of the Revised Code, minus the number of students enrolled in
preschool handicapped units, plus the number of nonpublic school students
included in transportation ADM.
(c) "Transported student percentage" equals transportation ADM
divided by transportation base.
(d) "Transportation cost per student" equals total operating costs for
board-owned or contractor-operated school buses divided by transportation
base.

(2) Analysis of student transportation cost data has resulted in a finding
that an average efficient transportation use cost per student can be calculated
by means of a regression formula that has as its two independent variables
the number of daily bus miles per student and the transported student
percentage. For fiscal year 1998 transportation cost data, the average
efficient transportation use cost per student is expressed as follows:
\[ 51.79027 + (139.62626 \times \text{daily bus miles per student}) +
(116.25573 \times \text{transported student percentage}) \]

The department of education shall annually determine the average
efficient transportation use cost per student in accordance with the principles
stated in division (D)(2) of this section, updating the intercept and
regression coefficients of the regression formula modeled in this division,
based on an annual statewide analysis of each school district's daily bus
miles per student, transported student percentage, and transportation cost per
student data. The department shall conduct the annual update using data,
including daily bus miles per student, transported student percentage, and
transportation cost per student data, from the prior fiscal year. The
department shall notify the office of budget and management of such update
by the fifteenth day of February of each year.

(3) In addition to funds paid under divisions (A), (C), and (E) of this
section, each district with a transported student percentage greater than zero
shall receive a payment equal to a percentage of the product of the district's
transportation base from the prior fiscal year times the annually updated
average efficient transportation use cost per student, times an inflation factor
of two and eight tenths per cent to account for the one-year difference
between the data used in updating the formula and calculating the payment and the year in which the payment is made. The percentage shall be the following percentage of that product specified for the corresponding fiscal year:

<table>
<thead>
<tr>
<th>FISCAL YEAR</th>
<th>PERCENTAGE</th>
</tr>
</thead>
<tbody>
<tr>
<td>2000</td>
<td>52.5%</td>
</tr>
<tr>
<td>2001</td>
<td>55%</td>
</tr>
<tr>
<td>2002</td>
<td>57.5%</td>
</tr>
<tr>
<td>2003 and thereafter</td>
<td>The greater of 60% or the district's state share percentage</td>
</tr>
</tbody>
</table>

The payments made under division (D)(3) of this section each year shall be calculated based on all of the same prior year's data used to update the formula.

(4) In addition to funds paid under divisions (D)(2) and (3) of this section, a school district shall receive a rough road subsidy if both of the following apply:

(a) Its county rough road percentage is higher than the statewide rough road percentage, as those terms are defined in division (D)(5) of this section;
(b) Its district student density is lower than the statewide student density, as those terms are defined in that division.

(5) The rough road subsidy paid to each district meeting the qualifications of division (D)(4) of this section shall be calculated in accordance with the following formula:

\[
\text{(per rough mile subsidy \times total rough road miles) \times density multiplier}
\]

where:

(a) "Per rough mile subsidy" equals the amount calculated in accordance with the following formula:

\[
0.75 - \{0.75 \times \frac{\text{(maximum rough road percentage - county rough road percentage)}}{\text{(maximum rough road percentage - statewide rough road percentage)}}\}
\]

(i) "Maximum rough road percentage" means the highest county rough road percentage in the state.

(ii) "County rough road percentage" equals the percentage of the mileage of state, municipal, county, and township roads that is rated by the department of transportation as type A, B, C, E2, or F in the county in which the school district is located or, if the district is located in more than one county, the county to which it is assigned for purposes of determining its cost-of-doing-business factor.

(iii) "Statewide rough road percentage" means the percentage of the
statewide total mileage of state, municipal, county, and township roads that is rated as type A, B, C, E2, or F by the department of transportation.

(b) "Total rough road miles" means a school district's total bus miles traveled in one year times its county rough road percentage.

(c) "Density multiplier" means a figure calculated in accordance with the following formula:

\[ 1 - \frac{\text{(minimum student density} - \text{district student density})}{\text{(minimum student density} - \text{statewide student density})} \]

(i) "Minimum student density" means the lowest district student density in the state.

(ii) "District student density" means a school district's transportation base divided by the number of square miles in the district.

(iii) "Statewide student density" means the sum of the transportation bases for all school districts divided by the sum of the square miles in all school districts.

(6) In addition to funds paid under divisions (D)(2) to (5) of this section, each district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than board-owned or contractor-operated buses and whose transportation is not funded under division (J)(G) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(E)(1) The department shall compute and distribute state vocational education additional weighted costs funds to each school district in accordance with the following formula:

\[ \text{state share percentage X the formula amount X total vocational education weight} \]

In any fiscal year, a school district receiving funds under division (E)(1) of this section shall spend those funds only for the purposes that the department designates as approved for vocational education expenses. Vocational educational expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. The department shall require the school district to report data annually so that the department may monitor the district's compliance with the requirements regarding the manner in which funding received under division (E)(1) of this section may be spent.

(2) The department shall compute for each school district state funds for vocational education associated services in accordance with the following formula:
In any fiscal year, a school district receiving funds under division (E)(2) of this section, or through a transfer of funds pursuant to division (L) of section 3317.023 of the Revised Code, shall spend those funds only for the purposes that the department designates as approved for vocational education associated services expenses, which may include such purposes as apprenticeship coordinators, coordinators for other vocational education services, vocational evaluation, and other purposes designated by the department. The department may deny payment under division (E)(2) of this section to any district that the department determines is not operating those services or is using funds paid under division (E)(2) of this section, or through a transfer of funds pursuant to division (L) of section 3317.023 of the Revised Code, for other purposes.

(F) The actual local share in any fiscal year for the combination of special education and related services additional weighted costs funding calculated under division (C)(1) of this section, transportation funding calculated under divisions (D)(2) and (3) of this section, and vocational education and associated services additional weighted costs funding calculated under divisions (E)(1) and (2) of this section shall not exceed for any school district the product of three and three-tenths mills times the district's recognized valuation. The department annually shall pay each school district as an excess cost supplement any amount by which the sum of the district's attributed local shares for that funding exceeds that product. For purposes of calculating the excess cost supplement:

(1) The attributed local share for special education and related services additional weighted costs funding is the amount specified in division (C)(2) of this section.

(2) The attributed local share of transportation funding equals the difference of the total amount calculated for the district using the formula developed under division (D)(2) of this section minus the actual amount paid to the district after applying the percentage specified in division (D)(3) of this section.

(3) The attributed local share of vocational education and associated services additional weighted costs funding is the amount determined as follows:

\[
(1 - \text{state share percentage}) \times \left( (1 - \text{total vocational education weight}) \times \text{the formula amount} \right) + \text{the payment under}
\]
division (E)(2) of this section]

No school district shall be required to establish or maintain such a program in any year unless sufficient funds are appropriated to cover the district's total costs for the program.

(P) An amount to each school district or educational service center for the total number of gifted units approved pursuant to section 3317.05 of the Revised Code. The amount for each such unit shall be the sum of the minimum salary for the teacher of the unit, calculated on the basis of the teacher's training level and years of experience pursuant to the salary schedule prescribed in the version of section 3317.13 of the Revised Code in effect prior to July 1, 2001, plus fifteen per cent of that minimum salary amount, plus two thousand six hundred seventy-eight dollars.

(Q) An amount to each institution defined under section 3317.082 of the Revised Code providing elementary or secondary education to children other than children receiving special education under section 3323.091 of the Revised Code. This amount for any institution in any fiscal year shall equal the total of all tuition amounts required to be paid to the institution under division (A)(1) of section 3317.082 of the Revised Code.

(R) A grant to each school district and joint vocational school district that operates a "graduation, reality, and dual-role skills" (GRADS) program for pregnant and parenting students that is approved by the department. The amount of the payment shall be the district's state share percentage, as defined in section 3317.022 or 3317.16 of the Revised Code, times the GRADS personnel allowance times the full-time-equivalent number of GRADS teachers approved by the department. The GRADS personnel allowance is $47,555 in fiscal years 2004, 2005, 2006, and 2007.

The state board of education or any other board of education or
governing board may provide for any resident of a district or educational service center territory any educational service for which funds are made available to the board by the United States under the authority of public law, whether such funds come directly or indirectly from the United States or any agency or department thereof or through the state or any agency, department, or political subdivision thereof.

Sec. 3317.029. (A) As used in this section:

(1) "Poverty percentage" means the quotient obtained by dividing the five-year average number of children ages five to seventeen residing in the school district and living in a family receiving assistance under the Ohio works first program or an antecedent program known as TANF or ADC, as certified or adjusted under section 3317.10 of the Revised Code, by the district's three-year average formula ADM.

(2) "Statewide poverty percentage" means the five-year average of the total number of children ages five to seventeen years residing in the state and receiving assistance under the Ohio works first program or an antecedent program known as TANF or ADC, divided by the sum of the three-year average formula ADMs for all school districts in the state.

(3) "Poverty index" means the quotient obtained by dividing the school district's poverty percentage by the statewide poverty percentage.

(4) "Poverty student count" means the five-year average number of children ages five to seventeen residing in the school district and living in a family receiving assistance under the Ohio works first program or an antecedent program known as TANF or ADC, as certified under section 3317.10 of the Revised Code.

(5) "Kindergarten ADM" means the number of students reported under section 3317.03 of the Revised Code as enrolled in kindergarten, excluding any kindergarten students reported under division (B)(3)(e) or (f) of section 3317.03 of the Revised Code.

(6) "Kindergarten through third grade ADM" means the amount calculated as follows:

(a) Multiply the kindergarten ADM by the sum of one plus the all-day kindergarten percentage;

(b) Add the number of students in grades one through three;

(c) Subtract from the sum calculated under division (A)(6)(b) of this section the number of special education students in grades kindergarten through three.

"Kindergarten through third grade ADM" shall not include any students reported under division (B)(3)(e) or (f) of section 3317.03 of the Revised Code.
(7) "All-day kindergarten" means a kindergarten class that is in session five days per week for not less than the same number of clock hours each day as for pupils in grades one through six.

(8) "All-day kindergarten percentage" means the percentage of a district's actual total number of students enrolled in kindergarten who are enrolled in all-day kindergarten.

(9) "Buildings with the highest concentration of need" means the school buildings in a district with percentages of students in grades kindergarten through three receiving assistance under Ohio works first at least as high as the district-wide percentage of students receiving such assistance.

If, in any fiscal year, the information provided by the department of job and family services under section 3317.10 of the Revised Code is insufficient to determine the Ohio works first percentage in each building, "buildings with the highest concentration of need" has the meaning given in rules that the department of education shall adopt. The rules shall base the definition of "buildings with the highest concentration of need" on family income of students in grades kindergarten through three in a manner that, to the extent possible with available data, approximates the intent of this division and division (K) of this section to designate buildings where the Ohio works first percentage in those grades equals or exceeds the district-wide Ohio works first percentage.

(B) In addition to the amounts required to be paid to a school district under section 3317.022 of the Revised Code, the department of education shall compute and distribute to each school district for poverty-based assistance the greater of the following:

(1) The amount the district received in fiscal year 2005 for disadvantaged pupil impact aid pursuant to Section 41.10 of Am. Sub. H.B. 95 of the 125th General Assembly, as amended, minus the amount deducted from the district under Section 16 of Am. Sub. S.B. 2 of the 125th General Assembly that year for payments to internet- and computer-based community schools;

(2) The sum of the computations made under divisions (C) to (I) of this section.

(C) A payment for academic intervention programs, if the district's poverty index is greater than or equal to 0.25, calculated as follows:

(1) If the district's poverty index is greater than or equal to 0.25, calculate the district's level one amount for large-group academic intervention for all students as follows:

(a) If the district's poverty index is greater than or equal to 0.25 but less than 0.75:
large-group intervention units \times \text{hourly rate} \times \text{level one hours} \times \left(\frac{\text{poverty index} - 0.25}{0.5}\right) \times \text{phase-in percentage}

Where:
(i) "Large-group intervention units" equals the district's formula ADM divided by 20;
(ii) "Hourly rate" equals $20.00 in fiscal year 2006 and $20.40 in fiscal year 2007;
(iii) "Level one hours" equals 25 hours;
(iv) "Phase-in percentage" equals 0.60 in fiscal year 2006 and 1.00 in fiscal year 2007.

(b) If the district's poverty index is greater than or equal to 0.75:
large-group intervention units \times \text{hourly rate} \times \text{level one hours} \times \text{phase-in percentage}

Where "large-group intervention units," "hourly rate," "level one hours," and "phase-in percentage" have the same meanings as in division (C)(1)(a) of this section.

(2) If the district's poverty index is greater than or equal to 0.75, calculate the district's level two amount for medium-group academic intervention for all students as follows:
(a) If the district's poverty index is greater than or equal to 0.75 but less than 1.50:
medium-group intervention units \times \text{hourly rate} \times \left(\text{level one hours} + \left[25 \times \left(\frac{\text{poverty index} - 0.75}{0.75}\right)\right]\right) \times \text{phase-in percentage}

Where:
(i) "Medium group intervention units" equals the district's formula ADM divided by 15;
(ii) "Hourly rate," "level one hours," and "phase-in percentage" have the same meanings as in division (C)(1)(a) of this section.
(b) If the district's poverty index is greater than or equal to 1.50:
medium-group intervention units \times \text{hourly rate} \times \text{level two hours} \times \text{phase-in percentage}

Where:
(i) "Medium group intervention units" has the same meaning as in division (C)(2)(a)(i) of this section;
(ii) "Hourly rate" and "phase-in percentage" have the same meanings as in division (C)(1)(a) of this section;
(iii) "Level two hours" equals 50 hours.
(3) If the district's poverty index is greater than or equal to 1.50,
calculate the district's level three amount for small-group academic intervention for impoverished students as follows:

(a) If the district's poverty index is greater than or equal to 1.50 but less than 2.50:

\[
\text{small group intervention units} \times \text{hourly rate} \times \left\{ \text{level one hours} + \left[ \text{level three hours} \times (\text{poverty index} - 1.50) \right] \right\} \times \text{phase-in percentage}
\]

Where:

(i) "Small group intervention units" equals the quotient of (the district's poverty student count times 3) divided by 10;
(ii) "Hourly rate," "level one hours," and "phase-in percentage" have the same meanings as in division (C)(1)(a) of this section;
(iii) "Level three hours" equals 135 hours.

(b) If the district's poverty index is greater than or equal to 2.50:

\[
\text{small group intervention units} \times \text{hourly rate} \times \text{level three hours} \times \text{phase-in percentage}
\]

Where:

(i) "Small group intervention units" has the same meaning as in division (C)(3)(a)(i) of this section;
(ii) "Hourly rate" and "phase-in percentage" have the same meanings as in division (C)(1)(a) of this section;
(iii) "Level three hours" equals 160 hours.

Any district that receives funds under division (C)(2) or (3) of this section annually shall submit to the department of education by a date established by the department a plan describing how the district will deploy those funds. The deployment measures described in that plan shall comply with any applicable spending requirements prescribed in division (J)(6) of this section or with any order issued by the superintendent of public instruction under section 3317.017 of the Revised Code.

(D) A payment for all-day kindergarten if the poverty index of the school district is greater than or equal to 1.0 or if the district's three-year average formula ADM exceeded seventeen thousand five hundred. In addition, the department shall make a payment under this division to any school district that, in a prior fiscal year, qualified for this payment and provided all-day kindergarten, regardless of changes to the district's poverty index. The department shall calculate the payment under this division by multiplying the all-day kindergarten percentage by the kindergarten ADM and multiplying that product by the formula amount.

(E) A class-size reduction payment based on calculating the number of new teachers necessary to achieve a lower student-teacher ratio, as follows:
(1) Determine or calculate a formula number of teachers per one thousand students based on the poverty index of the school district as follows:

(a) If the poverty index of the school district is less than 1.0, the formula number of teachers is 50.0, which is the number of teachers per one thousand students at a student-teacher ratio of twenty to one;

(b) If the poverty index of the school district is greater than or equal to 1.0, but less than 1.5, the formula number of teachers is calculated as follows:

\[ 50.0 + \left\{ \frac{(\text{poverty index} - 1.0)/0.5 \times 16.667} \right\} \]

Where 50.0 is the number of teachers per one thousand students at a student-teacher ratio of twenty to one; 0.5 is the interval from a poverty index of 1.0 to a poverty index of 1.5; and 16.667 is the difference in the number of teachers per one thousand students at a student-teacher ratio of fifteen to one and the number of teachers per one thousand students at a student-teacher ratio of twenty to one.

(c) If the poverty index of the school district is greater than or equal to 1.5, the formula number of teachers is 66.667, which is the number of teachers per one thousand students at a student-teacher ratio of fifteen to one.

(2) Multiply the formula number of teachers determined or calculated in division (E)(1) of this section by the kindergarten through third grade ADM for the district and divide that product by one thousand;

(3) Calculate the number of new teachers as follows:

(a) Multiply the kindergarten through third grade ADM by 50.0, which is the number of teachers per one thousand students at a student-teacher ratio of twenty to one, and divide that product by one thousand;

(b) Subtract the quotient obtained in division (E)(3)(a) of this section from the product in division (E)(2) of this section.

(4) Multiply the greater of the difference obtained under division (E)(3) of this section or zero by the statewide average teachers compensation. For this purpose, the "statewide average teacher compensation" is $53,680 in fiscal year 2006 and $54,941 in fiscal year 2007, which includes an amount for the value of fringe benefits.

(F) A payment for services to limited English proficient students, if the district's poverty index is greater than or equal to 1.0 and the proportion of its students who are limited English proficient, as reported in 2003 on its school district report issued under section 3302.03 of the Revised Code for the 2002-2003 school year, is greater than or equal to 2.0%, calculated as follows:
(1) If the district's poverty index is greater than or equal to 1.0, but less than 1.75, determine the amount per limited English proficient student as follows:

\[0.125 + \left[0.125 \times \frac{(\text{poverty index} - 1.0)}{0.75}\right]\]

\(\times\) formula amount

(2) If the district's poverty index is greater than or equal to 1.75, the amount per limited English proficient student equals:

\(0.25 \times\) formula amount

(3) Multiply the per student amount determined for the district under division (F)(1) or (2) of this section by the number of the district's limited English proficient students, times a phase-in percentage of 0.40 in fiscal year 2006 and 0.70 in fiscal year 2007. For purposes of this calculation, the number of limited English proficient students for each district shall be the number determined by the department when it calculated the district's percentage of limited English proficient students for its school district report card issued in 2003 for the 2002-2003 school year.

Not later than December 31, 2006, the department of education shall recommend to the general assembly and the director of budget and management a method of identifying the number of limited English proficient students for purposes of calculating payments under this division after fiscal year 2007.

(G) A payment for professional development of teachers, if the district's poverty index is greater than or equal to 1.0, calculated as follows:

(1) If the district's poverty index is greater than or equal to 1.0, but less than 1.75, determine the amount per teacher as follows:

\[
\left(\frac{\text{poverty index} - 1.0}{0.75}\right) \times 0.045 \times \text{formula amount}
\]

(2) If the district's poverty index is greater than or equal to 1.75, the amount per teacher equals:

\(0.045 \times\) formula amount

(3) Determine the number of teachers, as follows:

(formula ADM/17)

(4) Multiply the per teacher amount determined for the district under division (G)(1) or (2) of this section by the number of teachers determined under division (G)(3) of this section, times a phase-in percentage of 0.40 in fiscal year 2006 and 0.70 in fiscal year 2007.

(H) A payment for dropout prevention, if the district is a big eight school district as defined in section 3314.02 of the Revised Code, calculated as follows:

\(0.005 \times\) formula amount \(\times\) poverty index

\(\times\) formula ADM \(\times\) phase-in percentage
Where "phase-in percentage" equals 0.40 in fiscal year 2006 and 0.70 in fiscal year 2007.

(I) An amount for community outreach, if the district is an urban school district as defined in section 3314.02 of the Revised Code, calculated as follows:

\[0.005 \times \text{formula amount} \times \text{poverty index} \times \text{formula ADM} \times \text{phase-in percentage}\]

Where "phase-in percentage" equals 0.40 in fiscal year 2006 and 0.70 in fiscal year 2007.

(J) This division applies only to school districts whose poverty index is 1.0 or greater.

(1) Each school district subject to this division shall first utilize funds received under this section so that, when combined with other funds of the district, sufficient funds exist to provide all-day kindergarten to at least the number of children in the district's all-day kindergarten percentage. To satisfy this requirement, a district may use funds paid under division (C), (F), (G), (H), or (I) of this section to provide all-day kindergarten in addition to the all-day kindergarten payment under division (D) of this section.

(2) Each school district shall use its payment under division (F) of this section for one or more of the following purposes:

(a) To hire teachers for limited English proficient students or other personnel to provide intervention services for those students;
(b) To contract for intervention services for those students;
(c) To provide other services to assist those students in passing the third-grade reading achievement test, and to provide for those students the intervention services required by section 3313.608 of the Revised Code.

(3) Each school district shall use its payment under division (G) of this section for professional development of teachers or other licensed personnel providing educational services to students only in one or more of the following areas:

(a) Data-based decision making;
(b) Standards-based curriculum models;
(c) Job-embedded professional development activities that are research-based, as defined in federal law.

In addition, each district shall use the payment only to implement programs identified on a list of eligible professional development programs provided by the department of education. The department annually shall provide the list to each district receiving a payment under division (G) of this section. However, a district may apply to the department for a waiver to
implement an alternative professional development program in one or more of the areas specified in divisions (J)(3)(a) to (c) of this section. If the department grants the waiver, the district may use its payment under division (G) of this section to implement the alternative program.

(4) Each big eight school district shall use its payment under division (H) of this section either for preventing at-risk students from dropping out of school, for safety and security measures described in division (J)(5)(b) of this section, for academic intervention services described in division (J)(6) of this section, or for a combination of those purposes. Not later than September 1, 2005, the department of education shall provide each big eight school district with a list of dropout prevention programs that it has determined are successful. The department subsequently may update the list. Each district that elects to use its payment under division (H) of this section for dropout prevention shall use the payment only to implement a dropout prevention program specified on the department's list. However, a district may apply to the department for a waiver to implement an alternative dropout prevention program. If the department grants the waiver, the district may use its payment under division (H) of this section to implement the alternative program.

(5) Each urban school district that has a poverty index greater than or equal to 1.0 shall use its payment under division (I) of this section for one or a combination of the following purposes:

(a) To hire or contract for community liaison officers, attendance or truant officers, or safety and security personnel;

(b) To implement programs designed to ensure that schools are free of drugs and violence and have a disciplined environment conducive to learning;

(c) To implement academic intervention services described in division (J)(6) of this section.

(6) Each school district with a poverty index greater than or equal to 1.0 shall use the amount of its payment under division (C) of this section, and may use any amount of its payment under division (H) or (I) of this section, for academic intervention services for students who have failed or are in danger of failing any of the tests administered pursuant to section 3301.0710 of the Revised Code, including intervention services required by section 3313.608 of the Revised Code. No district shall spend any portion of its payment under division (C) of this
section for any other purpose. Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, no collective bargaining agreement entered into after the effective date of this amendment June 30, 2005, shall require use of the payment for any other purpose.

(7) Except as otherwise required by division (K) or permitted under division (O) of this section, all remaining funds distributed under this section to districts with a poverty index greater than or equal to 1.0 shall be utilized for the purpose of the third grade guarantee. The third grade guarantee consists of increasing the amount of instructional attention received per pupil in kindergarten through third grade, either by reducing the ratio of students to instructional personnel or by increasing the amount of instruction and curriculum-related activities by extending the length of the school day or the school year.

School districts may implement a reduction of the ratio of students to instructional personnel through any or all of the following methods:

(a) Reducing the number of students in a classroom taught by a single teacher;
(b) Employing full-time educational aides or educational paraprofessionals issued a permit or license under section 3319.088 of the Revised Code;
(c) Instituting a team-teaching method that will result in a lower student-teacher ratio in a classroom.

Districts may extend the school day either by increasing the amount of time allocated for each class, increasing the number of classes provided per day, offering optional academic-related after-school programs, providing curriculum-related extra curricular activities, or establishing tutoring or remedial services for students who have demonstrated an educational need. In accordance with section 3319.089 of the Revised Code, a district extending the school day pursuant to this division may utilize a participant of the work experience program who has a child enrolled in a public school in that district and who is fulfilling the work requirements of that program by volunteering or working in that public school. If the work experience program participant is compensated, the school district may use the funds distributed under this section for all or part of the compensation.

Districts may extend the school year either through adding regular days of instruction to the school calendar or by providing summer programs.

(K) Each district shall not expend any funds received under division (E) of this section in any school buildings that are not buildings with the highest concentration of need, unless there is a ratio of instructional personnel to students of no more than fifteen to one in each kindergarten and first grade.
class in all buildings with the highest concentration of need. This division does not require that the funds used in buildings with the highest concentration of need be spent solely to reduce the ratio of instructional personnel to students in kindergarten and first grade. A school district may spend the funds in those buildings in any manner permitted by division (J)(7) of this section, but may not spend the money in other buildings unless the fifteen-to-one ratio required by this division is attained.

(L)(1) By the first day of August of each fiscal year, each school district wishing to receive any funds under division (D) of this section shall submit to the department of education an estimate of its all-day kindergarten percentage. Each district shall update its estimate throughout the fiscal year in the form and manner required by the department, and the department shall adjust payments under this section to reflect the updates.

(2) Annually by the end of December, the department of education, utilizing data from the information system established under section 3301.0714 of the Revised Code and after consultation with the legislative office of education oversight, shall determine for each school district subject to division (J) of this section whether in the preceding fiscal year the district's ratio of instructional personnel to students and its number of kindergarten students receiving all-day kindergarten appear reasonable, given the amounts of money the district received for that fiscal year pursuant to divisions (D) and (E) of this section. If the department is unable to verify from the data available that students are receiving reasonable amounts of instructional attention and all-day kindergarten, given the funds the district has received under this section and that class-size reduction funds are being used in school buildings with the highest concentration of need as required by division (K) of this section, the department shall conduct a more intensive investigation to ensure that funds have been expended as required by this section. The department shall file an annual report of its findings under this division with the chairpersons of the committees in each house of the general assembly dealing with finance and education.

(M)(1) Each school district with a poverty index less than 1.0 and a three-year average formula ADM exceeding seventeen thousand five hundred that receives a payment under division (D) of this section shall first utilize funds received under this section so that, when combined with other funds of the district, sufficient funds exist to provide all-day kindergarten to at least the number of children in the district's all-day kindergarten percentage. To satisfy this requirement, a district may use funds paid under division (C) or (I) of this section to provide all-day kindergarten in addition
to the all-day kindergarten payment under division (D) of this section.

(2) Each school district with a poverty index less than 1.0 that receives a payment under division (C) of this section shall use its payment under that division in accordance with all requirements of division (J)(6) of this section.

(3) Each school district with a poverty index less than 1.0 that receives a payment under division (I) of this section shall use its payment under that division for one or a combination of the following purposes:

(a) To hire or contract for community liaison officers, attendance or truant officers, or safety and security personnel;
(b) To implement programs designed to ensure that schools are free of drugs and violence and have a disciplined environment conducive to learning;
(c) To implement academic intervention services described in division (J)(6) of this section.

(4) Each school district to which division (M)(1), (2), or (3) of this section applies shall expend the remaining funds received under this section, and any other district with a poverty index less than 1.0 shall expend all funds received under this section, for any of the following purposes:

(a) The purchase of technology for instructional purposes for remediation;
(b) All-day kindergarten;
(c) Reduction of class sizes in grades kindergarten through three, as described in division (J)(7) of this section;
(d) Summer school remediation;
(e) Dropout prevention programs approved by the department of education under division (J)(4) of this section;
(f) Guaranteeing that all third graders are ready to progress to more advanced work;
(g) Summer education and work programs;
(h) Adolescent pregnancy programs;
(i) Head start, preschool, early childhood education, or early learning programs;
(j) Reading improvement and remediation programs described by the department of education;
(k) Programs designed to ensure that schools are free of drugs and violence and have a disciplined environment conducive to learning;
(l) Furnishing, free of charge, materials used in courses of instruction, except for the necessary textbooks or electronic textbooks required to be
furnished without charge pursuant to section 3329.06 of the Revised Code, to pupils living in families participating in Ohio works first in accordance with section 3313.642 of the Revised Code;

(m) School breakfasts provided pursuant to section 3313.813 of the Revised Code.

(N) If at any time the superintendent of public instruction determines that a school district receiving funds under division (D) of this section has enrolled less than the all-day kindergarten percentage reported for that fiscal year, the superintendent shall withhold from the funds otherwise due the district under this section a proportional amount as determined by the difference in the certified all-day kindergarten percentage and the percentage actually enrolled in all-day kindergarten.

The superintendent shall also withhold an appropriate amount of funds otherwise due a district for any other misuse of funds not in accordance with this section.

(O)(1) A district may use a portion of the funds calculated for it under division (D) of this section to modify or purchase classroom space to provide all-day kindergarten, if both of the following conditions are met:

(a) The district certifies to the department, in a manner acceptable to the department, that it has a shortage of space for providing all-day kindergarten.

(b) The district provides all-day kindergarten to the number of children in the all-day kindergarten percentage it certified under this section.

(2) A district may use a portion of the funds described in division (J)(7) of this section to modify or purchase classroom space to enable it to further reduce class size in grades kindergarten through two with a goal of attaining class sizes of fifteen students per licensed teacher. To do so, the district must certify its need for additional space to the department, in a manner satisfactory to the department.

Sec. 3317.0216. (A) As used in this section:

(1) "Total taxes charged and payable for current expenses" means the sum of the taxes charged and payable as certified under division (A)(3)(a) of section 3317.021 of the Revised Code less any amounts reported under division (A)(3)(b) of that section, and the tax distribution for the preceding year under any school district income tax levied by the district pursuant to Chapter 5748. of the Revised Code to the extent the revenue from the income tax is allocated or apportioned to current expenses.

(2) "Charge-off amount" means two and three-tenths per cent multiplied by (the sum of recognized valuation and property exemption value).
(3) Until fiscal year 2003, the "actual local share of special education, transportation, and vocational education funding" for any school district means the sum of the district's attributed local shares described in divisions (F)(1) to (3) of section 3317.022 of the Revised Code. Beginning in fiscal year 2003, the "actual local share of special education, transportation, and vocational education funding" means that sum minus the amount of any excess cost supplement payment calculated for the district under division (F) of section 3317.022 of the Revised Code.

(4) "Current expense revenues from the tangible property tax replacement fund" means payments received from the school district tangible property tax replacement fund or the general revenue fund under section 5751.21 of the Revised Code for fixed-rate levies for current expenses and for fixed-sum levies for current expenses, including school district emergency levies under sections 5705.194 to 5705.197 of the Revised Code.

(B) Upon receiving the certifications under section 3317.021 of the Revised Code, the department of education shall determine for each city, local, and exempted village school district whether the district's charge-off amount is greater than the sum of the district's total taxes charged and payable for current expenses and current expense revenues from the tangible property tax replacement fund, and if the charge-off amount is greater, shall pay the district the amount of the difference. A payment shall not be made to any school district for which the computation under division (A) of section 3317.022 of the Revised Code equals zero.

(C)(1) If a district's charge-off amount is equal to or greater than the sum of its total taxes charged and payable for current expenses and current expense revenues from the tangible property tax replacement fund, the department shall, in addition to the payment required under division (B) of this section, pay the district the amount of its actual local share of special education, transportation, and vocational education funding.

(2) If a district's charge-off amount is less than the sum of its total taxes charged and payable for current expenses and current expense revenues from the tangible property tax replacement fund, the department shall pay the district any amount by which its actual local share of special education, transportation, and vocational education funding exceeds the sum of its total taxes charged and payable for current expenses and current expense revenues from the tangible property tax replacement fund minus its charge-off amount.

(D) If a school district that received a payment under division (B) or (C) of this section in the prior fiscal year is ineligible for payment under those
divisions in the current fiscal year, the department shall determine if the
ineligibility is the result of a property tax or income tax levy approved by
the district's voters to take effect in tax year 2005 or thereafter. If the
department determines that is the case, and calculates that the levy causing
the ineligibility exceeded by at least one mill the equivalent millage of the
prior year's payment under divisions (B) and (C) of this section, the
department shall make a payment to the district for the first three years that

(2) A student enrolled in a community school established under Chapter 3314. of the Revised Code shall be counted in the formula ADM and, if applicable, the category one, two, three, four, five, or six special education ADM of the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code for the same proportion of the school year that the student is counted in the enrollment of the community school for purposes of section 3314.08 of the Revised Code.

child spends in the vocational education programs or classes.

(4) Based on the information reported under this section, the department of education shall determine the total student count, as defined in section 3301.011 of the Revised Code, for each school district.

(D)(1) The superintendent of each joint vocational school district shall certify to the superintendent of public instruction on or before the fifteenth day of October in each year for the first full school week in October the formula ADM. Beginning in fiscal year 2006, each superintendent also shall certify to the state superintendent the formula ADM for the first third week in February. If a school operated by the joint vocational school district is closed for one or more days during that week due to hazardous weather conditions or other circumstances described in the first paragraph of division (B) of section 3317.01 of the Revised Code, the superintendent may apply to the superintendent of public instruction for a waiver, under which the superintendent of public instruction may exempt the district superintendent from certifying the formula ADM for that school for that week and specify an alternate week for certifying the formula ADM of that school.

The formula ADM, except as otherwise provided in this division, shall consist of the average daily membership during such week, on an FTE basis, of the number of students receiving any educational services from the district, including students enrolled in a community school established under Chapter 3314 of the Revised Code who are attending the joint vocational district under an agreement between the district board of education and the governing authority of the community school and are entitled to attend school in a city, local, or exempted village school district whose territory is part of the territory of the joint vocational district. In Beginning in fiscal year 2007, in the case of the report submitted for the first third week in February, or the alternative week if specified by the superintendent of public instruction, the superintendent of the joint vocational school district may include the number of students reported under division (D)(1) of this section for the first full week of the preceding October but who since that week have received high school diplomas.

The following categories of students shall not be included in the determination made under division (D)(1) of this section:

(a) Students enrolled in adult education classes;
(b) Adjacent or other district joint vocational students enrolled in the district under an open enrollment policy pursuant to section 3313.98 of the Revised Code;

cooperative education agreement, or a contract, but who are entitled to attend school in a city, local, or exempted village school district whose territory is not part of the territory of the joint vocational district;

(d) Students for whom tuition is payable pursuant to sections 3317.081 and 3323.141 of the Revised Code.

(2) To enable the department of education to obtain the data needed to complete the calculation of payments pursuant to this chapter, in addition to the formula ADM, each superintendent shall report separately the average daily membership included in the report under division (D)(1) of this section for each of the following categories of students for the same week for which formula ADM is certified:

(a) Students enrolled in each grade included in the joint vocational district schools;

(b) Handicapped children receiving special education services for the category one handicap described in division (A) of section 3317.013 of the Revised Code;

(f) Handicapped children receiving special education services for the category five handicap described in division (E) of section 3317.013 of the Revised Code;

(g) Handicapped children receiving special education services for category six handicaps described in division (F) of section 3317.013 of the Revised Code;

(h) Students receiving category one vocational education services, described in division (A) of section 3317.014 of the Revised Code;

(i) Students receiving category two vocational education services, described in division (B) of section 3317.014 of the Revised Code.

The superintendent of each joint vocational school district shall also indicate the city, local, or exempted village school district in which each joint vocational district pupil is entitled to attend school pursuant to section 3313.64 or 3313.65 of the Revised Code.

(E) In each school of each city, local, exempted village, joint vocational,
and cooperative education school district there shall be maintained a record of school membership, which record shall accurately show, for each day the school is in session, the actual membership enrolled in regular day classes. For the purpose of determining average daily membership, the membership figure of any school shall not include any pupils except those pupils described by division (A) of this section. The record of membership for each school shall be maintained in such manner that no pupil shall be counted as in membership prior to the actual date of entry in the school and also in such manner that where for any cause a pupil permanently withdraws from the school that pupil shall not be counted as in membership from and after the date of such withdrawal. There shall not be included in the membership of any school any of the following:

(1) Any pupil who has graduated from the twelfth grade of a public or nonpublic high school;
(2) Any pupil who is not a resident of the state;
(3) Any pupil who was enrolled in the schools of the district during the previous school year when tests were administered under section 3301.0711 of the Revised Code but did not take one or more of the tests required by that section and was not excused pursuant to division (C)(1) or (3) of that section;
(4) Any pupil who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for reenrollment in the public school system of their residence not later than four years after termination of war or their honorable discharge.

If, however, any veteran described by division (E)(4) of this section elects to enroll in special courses organized for veterans for whom tuition is paid under the provisions of federal laws, or otherwise, that veteran shall not be included in average daily membership.

Notwithstanding division (E)(3) of this section, the membership of any school may include a pupil who did not take a test required by section 3301.0711 of the Revised Code if the superintendent of public instruction grants a waiver from the requirement to take the test to the specific pupil and a parent is not paying tuition for the pupil pursuant to section 3313.6410 of the Revised Code. The superintendent may grant such a waiver only for good cause in accordance with rules adopted by the state board of education.

Except as provided in divisions (B)(2) and (F) of this section, the average daily membership figure of any local, city, exempted village, or joint vocational school district shall be determined by dividing the figure
representing the sum of the number of pupils enrolled during each day the
school of attendance is actually open for instruction during the week for
which the formula ADM is being certified by the total number of days the
school was actually open for instruction during that week. For purposes of
state funding, "enrolled" persons are only those pupils who are attending
school, those who have attended school during the current school year and
are absent for authorized reasons, and those handicapped children currently
receiving home instruction.

The average daily membership figure of any cooperative education
school district shall be determined in accordance with rules adopted by the
state board of education.

(F)(1) If the formula ADM for the first full school week in February is
at least three per cent greater than that certified for the first full school week
in the preceding October, the superintendent of schools of any city,
exempted village, or joint vocational school district or educational service
center shall certify such increase to the superintendent of public instruction.
Such certification shall be submitted no later than the fifteenth day of
February. For the balance of the fiscal year, beginning with the February
payments, the superintendent of public instruction shall use the increased
formula ADM in calculating or recalculating the amounts to be allocated in
accordance with section 3317.022 or 3317.16 of the Revised Code. In no
event shall the superintendent use an increased membership certified to the
superintendent after the fifteenth day of February. Division (F)(1) of this
section does not apply after fiscal year 2005.

(2) If on the first school day of April the total number of classes or units
for handicapped preschool children that are eligible for approval under
division (B) of section 3317.05 of the Revised Code exceeds the number of
units that have been approved for the year under that division, the
superintendent of schools of any city, exempted village, or cooperative
education school district or educational service center shall make the
certifications required by this section for that day. If the department
determines additional units can be approved for the fiscal year within any
limitations set forth in the acts appropriating moneys for the funding of such
units, the department shall approve additional units for the fiscal year on the
basis of such average daily membership. For each unit so approved, the
department shall pay an amount computed in the manner prescribed in
section 3317.052 or 3317.19 and section 3317.053 of the Revised Code.

(3) If a student attending a community school under Chapter 3314. of
the Revised Code is not included in the formula ADM certified for the
school district in which the student is entitled to attend school under section
3313.64 or 3313.65 of the Revised Code, the department of education shall adjust the formula ADM of that school district to include the community school student in accordance with division (C)(2) of this section, and shall recalculate the school district's payments under this chapter for the entire fiscal year on the basis of that adjusted formula ADM. This requirement applies regardless of whether the student was enrolled, as defined in division (E) of this section, in the community school during the first full school week in October.

(G)(1)(a) The superintendent of an institution operating a special education program pursuant to section 3323.091 of the Revised Code shall, for the programs under such superintendent's supervision, certify to the state board of education, in the manner prescribed by the superintendent of public instruction, both of the following:

(i) The average daily membership of all handicapped children other than handicapped preschool children receiving services at the institution for each category of handicap described in divisions (A) to (F) of section 3317.013 of the Revised Code;

(ii) The average daily membership of all handicapped preschool children in classes or programs approved annually by the department of education for unit funding under section 3317.05 of the Revised Code.

(b) The superintendent of an institution with vocational education units approved under division (A) of section 3317.05 of the Revised Code shall, for the units under the superintendent's supervision, certify to the state board of education the average daily membership in those units, in the manner prescribed by the superintendent of public instruction.

(2) The superintendent of each county MR/DD board that maintains special education classes under section 3317.20 of the Revised Code or units approved pursuant to section 3317.05 of the Revised Code shall do both of the following:

(a) Certify to the state board, in the manner prescribed by the board, the average daily membership in classes under section 3317.20 of the Revised Code for each school district that has placed children in the classes;

(b) Certify to the state board, in the manner prescribed by the board, the number of all handicapped preschool children enrolled as of the first day of December in classes eligible for approval under division (B) of section 3317.05 of the Revised Code, and the number of those classes.

(3)(a) If on the first school day of April the number of classes or units maintained for handicapped preschool children by the county MR/DD board that are eligible for approval under division (B) of section 3317.05 of the Revised Code is greater than the number of units approved for the year
under that division, the superintendent shall make the certification required by this section for that day.

(b) If the department determines that additional classes or units can be approved for the fiscal year within any limitations set forth in the acts appropriating moneys for the funding of the classes and units described in division (G)(3)(a) of this section, the department shall approve and fund additional units for the fiscal year on the basis of such average daily membership. For each unit so approved, the department shall pay an amount computed in the manner prescribed in sections 3317.052 and 3317.053 of the Revised Code.

(H) Except as provided in division (I) of this section, when any city, local, or exempted village school district provides instruction for a nonresident pupil whose attendance is unauthorized attendance as defined in section 3327.06 of the Revised Code, that pupil's membership shall not be included in that district's membership figure used in the calculation of that district's formula ADM or included in the determination of any unit approved for the district under section 3317.05 of the Revised Code. The reporting official shall report separately the average daily membership of all pupils whose attendance in the district is unauthorized attendance, and the membership of each such pupil shall be credited to the school district in which the pupil is entitled to attend school under division (B) of section 3313.64 or section 3313.65 of the Revised Code as determined by the department of education.

(I)(1) A city, local, exempted village, or joint vocational school district admitting a scholarship student of a pilot project district pursuant to division (C) of section 3313.976 of the Revised Code may count such student in its average daily membership.

(2) In any year for which funds are appropriated for pilot project scholarship programs, a school district implementing a state-sponsored pilot project scholarship program that year pursuant to sections 3313.974 to 3313.979 of the Revised Code may count in average daily membership:

(a) All children residing in the district and utilizing a scholarship to attend kindergarten in any alternative school, as defined in section 3313.974 of the Revised Code;

(b) All children who were enrolled in the district in the preceding year who are utilizing a scholarship to attend any such alternative school.

(J) The superintendent of each cooperative education school district shall certify to the superintendent of public instruction, in a manner prescribed by the state board of education, the applicable average daily memberships for all students in the cooperative education district, also
indicating the city, local, or exempted village district where each pupil is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

Sec. 3317.051. (A)(1) Notwithstanding sections 3317.05 and 3317.11 of the Revised Code, a unit funded pursuant to division (P)(L) of section 3317.024 or division (A)(2) of section 3317.052 of the Revised Code shall not be approved for state funding in one school district, including any cooperative education school district or any educational service center, to the extent that such unit provides programs in or services to another district which receives payment pursuant to section 3317.04 of the Revised Code.

(2) Any city, local, exempted village, or cooperative education school district or any educational service center may combine partial unit eligibility for handicapped preschool programs pursuant to section 3317.05 of the Revised Code, and such combined partial units may be approved for state funding in one school district or service center.

(B) After units have been initially approved for any fiscal year under section 3317.05 of the Revised Code, no unit shall be subsequently transferred from a school district or educational service center to another city, exempted village, local, or cooperative education school district or educational service center or to an institution or county MR/DD board solely for the purpose of reducing the financial obligations of the school district in a fiscal year it receives payment pursuant to section 3317.04 of the Revised Code.

(1) An amount equal to 50% of the average unit amount for the unit;
(2) An amount equal to the percentage of the dollar amount for the unit that equals the district's state share percentage.

All interest earned by a school district on such payments shall be used by the district for the same purposes and in the same manner as the payments may be used.

The department of education shall adopt guidelines and procedures under which such programs and services shall be provided, under which districts shall be reimbursed for administrative costs incurred in providing such programs and services, and under which any unexpended balance of the amounts appropriated by the general assembly to implement this section may be transferred to the auxiliary services personnel unemployment compensation fund established pursuant to section 4141.47 of the Revised Code. The department shall also adopt guidelines and procedures limiting the purchase and loan of the items described in division (K) of this section to items that are in general use in the public schools of the state, that are incapable of diversion to religious use, and that are susceptible to individual use rather than classroom use. Within thirty days after the end of each biennium, each board of education shall remit to the department all moneys paid to it under division (L)(I) of section 3317.024 of the Revised Code and any interest earned on those moneys that are not required to pay expenses incurred under this section during the biennium for which the money was appropriated and during which the interest was earned. If a board of education subsequently determines that the remittal of moneys leaves the board with insufficient money to pay all valid expenses incurred under this section during the biennium for which the remitted money was appropriated, the board may apply to the department of education for a refund of money,
not to exceed the amount of the insufficiency. If the department determines the expenses were lawfully incurred and would have been lawful expenditures of the refunded money, it shall certify its determination and the amount of the refund to be made to the director of job and family services who shall make a refund as provided in section 4141.47 of the Revised Code.

The amount paid to a school district for buses purchased for transportation of handicapped and nonpublic school pupils shall be determined by a per pupil allocation based on the number of special education and nonpublic school pupils for whom transportation is provided.

The state board of education shall adopt a formula to determine the amount of payments that shall be distributed to school districts to purchase school buses for pupils other than handicapped or nonpublic school pupils.

If any district or MR/DD board obtains bus services for pupil transportation pursuant to a contract, such district or board may use payments received under this section to defray the costs of contracting for bus services in lieu of purchasing buses.

If the department of education determines that a county MR/DD board no longer needs a school bus because the board no longer transports children to a special education program operated by the board, or if the department determines that a school district no longer needs a school bus to transport pupils to a nonpublic school or special education program, the department may reassign a bus that was funded with payments provided pursuant to this section for the purpose of transporting such pupils. (1) If the tuition amount is equal to or less than the amount of state basic aid funds payable to the district under sections 3317.022 and 3317.023 of the Revised Code, pay to the institution submitting the statement an amount equal to the tuition amount, as provided under division (Q)(M) of section 3317.024 of the Revised Code, and deduct the tuition amount from the state basic aid funds payable to the district, as provided under division (F)(2) of section 3317.023 of the Revised Code;

(2) If the tuition amount is greater than the amount of state basic aid funds payable to the district under sections 3317.022 and 3317.023 of the Revised Code, require the district to pay to the institution submitting the statement an amount equal to the tuition amount.

(D) The department shall pay each educational service center the amounts due to it from school districts pursuant to contracts, compacts, or agreements under which the service center furnishes services to the districts or their students. In order to receive payment under this division, an educational service center shall furnish either a copy of the contract, compact, or agreement clearly indicating the amounts of the payments, or a written statement that clearly indicates the payments owed and is signed by the superintendent or treasurer of the responsible school district. (E) Each school district's deduction under this section and divisions (E) and (K)(3) of section 3317.023 of the Revised Code shall be made from the total payment computed for the district under this chapter, after making any other adjustments in that payment required by law.

(F)(1) Except as provided in division (F)(2) of this section, the department annually shall pay the governing board of each educational service center state funds equal to thirty-seven dollars times its service center ADM.

(2) The department annually shall pay state funds equal to forty dollars and fifty-two cents times the service center ADM to each educational service center comprising territory that was included in the territory of at least three former service centers or county school districts, which former centers or districts engaged in one or more mergers under section 3311.053 of the Revised Code to form the present center.
(G) Each city, exempted village, local, joint vocational, or cooperative education school district shall pay to the governing board of an educational service center any amounts agreed to for each child enrolled in the district who receives special education and related services or career-technical education from the educational service center, unless these educational services are provided pursuant to a contract, compact, or agreement for which the department deducts and transfers payments under division (D) of this section and division (K)(3) of section 3317.023 of the Revised Code.

Sec. 3318.052. At any time after the electors of a school district have approved either or both a property tax levied under section 5705.21 or 5705.218 of the Revised Code for the purpose of permanent improvements, including general permanent improvements, or a school district income tax levied under Chapter 5748 of the Revised Code, the proceeds of either of which, pursuant to the ballot measures approved by the electors, are not so restricted that they cannot be used to pay the costs of a project or maintaining classroom facilities, the school district board may:

(A) Within one year following the date of the certification of the conditional approval of the school district's classroom facilities project by the Ohio school facilities commission, enter into a written agreement with the commission, which may be part of an agreement entered into under section 3318.08 of the Revised Code, and in which the school district board covenants and agrees to do one or both of the following:

(1) Apply a specified amount of available proceeds of that property tax levy, of that school district income tax, or of securities issued under this section, or of proceeds from any two or more of those sources, to pay all or part of the district's portion of the basic project cost of its classroom facilities project;

(2) Apply available proceeds of either or both a property tax levied under section 5705.21 or 5705.218 of the Revised Code in effect for a continuing period of time, or of a school district income tax levied under Chapter 5748 of the Revised Code in effect for a continuing period of time to the payment of costs of maintaining the classroom facilities.
(B) Receive, as a credit against the amount of bonds required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district and issued by the district board for the district's portion of the basic project cost of its classroom facilities project in order for the district to receive state assistance for the project, an amount equal to the specified amount that the district board covenants and agrees with the commission to apply as set forth in division (A)(1) of this section;

(C) Receive, as a credit against the amount of the tax levy required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district to pay the costs of maintaining the classroom facilities in order to receive state assistance for the classroom facilities project, an amount equivalent to the specified amount of proceeds the school district board covenants and agrees with the commission to apply as referred to in division (A)(2) of this section;

(D) Apply proceeds of either or both a school district income tax levied under Chapter 5748. of the Revised Code that may lawfully be used to pay the costs of a classroom facilities project or of a tax levied under section 5705.21 or 5705.218 of the Revised Code to the payment of debt charges on and financing costs related to securities issued under this section;

(E) Issue securities to provide moneys to pay all or part of the district's portion of the basic project cost of its classroom facilities project in accordance with an agreement entered into under division (A) of this section. No state moneys shall be released for a project to which this section applies until the proceeds of the tax securities issued under this section that are dedicated for the payment of the district portion of the basic project cost of its classroom facilities project are first deposited into the district's project construction fund.

(2) No school district reasonably expected to be eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code within three fiscal years after the year of the application for assistance under this section shall be eligible for assistance under this section, unless the district's entire classroom facilities plan consists of only a single building designed to house grades kindergarten through twelve and the district satisfies the conditions prescribed in divisions (A)(3)(a) and (b) of this section.

(3) No school district that participates in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

However, the commission need not conduct the evaluation of facilities if the commission determines that a district's assessment conducted under section 3318.36 of the Revised Code is sufficient for purposes of this section.

(4) Notwithstanding division (A) of section 3318.05 of the Revised Code, the school district's portion of the basic project cost under this section shall be the "required percentage of the basic project costs," as defined in division (K) of section 3318.01 of the Revised Code.

(5) Except as otherwise specified in this section, any project undertaken with assistance under this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code. A school district may
receive assistance under sections 3318.01 to 3318.20 of the Revised Code for the remainder of the district's classroom facilities needs as assessed under this section when the district is eligible for such assistance pursuant to section 3318.02 of the Revised Code, but any classroom facility constructed with assistance under this section shall not be included in a district's project at that time unless the commission determines the district has experienced the increased enrollment specified in division (B)(1) of section 3318.04 of the Revised Code.

Sec. 3319.17. (A) As used in this section, "interdistrict contract" means any contract or agreement entered into by an educational service center governing board and another board or other public entity pursuant to section 3313.17, 3313.841, 3313.842, 3313.843, 3313.91, or 3323.08 of the Revised Code, including any such contract or agreement for the provision of services funded under division (L)(I) of section 3317.024 of the Revised Code or provided in any unit approved under section 3317.05 of the Revised Code.

(B) When, for any of the following reasons that apply to any city, exempted village, local, or joint vocational school district or any educational service center, the board decides that it will be necessary to reduce the number of teachers it employs, it may make a reasonable reduction:

(1) In the case of any district or service center, return to duty of regular teachers after leaves of absence including leaves provided pursuant to division (B) of section 3314.10 of the Revised Code, suspension of schools, territorial changes affecting the district or center, or financial reasons;

(3) In the case of any governing board of a service center providing any particular service directly to pupils pursuant to one or more interdistrict contracts requiring such service, reduction in the total number of pupils the governing board is required to provide with the service under all interdistrict contracts as a result of the termination or nonrenewal of one or more of these interdistrict contracts;

(4) In the case of any governing board providing any particular service that it does not provide directly to pupils pursuant to one or more interdistrict contracts requiring such service, reduction in the total level of
the service the governing board is required to provide under all interdistrict contracts as a result of the termination or nonrenewal of one or more of these interdistrict contracts.

(C) In making any such reduction, any city, exempted village, local, or joint vocational school board shall proceed to suspend contracts in accordance with the recommendation of the superintendent of schools who shall, within each teaching field affected, give preference first to teachers on continuing contracts and then to teachers who have greater seniority. In making any such reduction, any governing board of a service center shall proceed to suspend contracts in accordance with the recommendation of the superintendent who shall, within each teaching field or service area affected, give preference first to teachers on continuing contracts and then to teachers who have greater seniority.

On a case-by-case basis, in lieu of suspending a contract in whole, a board may suspend a contract in part, so that an individual is required to work a percentage of the time the employee otherwise is required to work under the contract and receives a commensurate percentage of the full compensation the employee otherwise would receive under the contract.

The teachers whose continuing contracts are suspended by any board pursuant to this section shall have the right of restoration to continuing service status by that board in the order of seniority of service in the district or service center if and when teaching positions become vacant or are created for which any of such teachers are or become qualified. No teacher whose continuing contract has been suspended pursuant to this section shall lose that right of restoration to continuing service status by reason of having declined recall to a position that is less than full-time or, if the teacher was not employed full-time just prior to suspension of the teacher's continuing contract, to a position requiring a lesser percentage of full-time employment than the position the teacher last held while employed in the district or service center.

(D) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section prevail over any conflicting provisions of agreements between employee organizations and public employers entered into after the effective date of this amendment.

(G)(1) The members of the Ohio elections commission shall elect a chairperson and a vice-chairperson. At no time shall the chairperson and vice-chairperson be affiliated with the same political party. The chairperson shall serve in that capacity for one year and shall not serve as chairperson more than twice during a term as a member of the commission. No two successive chairpersons shall be affiliated with the same political party.

(2) The commission shall meet at the call of the chairperson or upon the written request of a majority of the members. The meetings and hearings of the commission or a panel of the commission under sections 3517.153 to 3517.157 of the Revised Code are subject to section 121.22 of the Revised Code.

(3) The commission shall adopt rules for its procedures in accordance with Chapter 119. of the Revised Code. Five of the seven members constitute a quorum. (b) An attorney employed by or under contract with the commission shall be licensed to practice law in this state.

(3)(a) Except as otherwise provided in division (H)(3)(b) of this section, at least five members of the commission shall agree on the employment of a person, a majority of the members shall agree on the discharge of an employee, and a person employed by the commission shall serve at the pleasure of the commission.

(b) At least five of the seven members shall agree on the discharge of an investigatory attorney.

(I) There is hereby created in the state treasury the Ohio elections commission fund. All moneys credited to the fund shall be used solely for the purpose of paying expenses related to the operation of the Ohio elections commission.

Sec. 3701.041. (A) The employee assistance program is hereby established for the purpose of referring state employees paid by warrant of the auditor of state director of budget and management who are in need of medical, social, or other services to providers of those services.

The director of health, in consultation with the director of budget and management, shall determine a rate at which the payrolls of all state agencies with employees paid by warrant of the auditor of state director of budget and management shall be charged each pay period that is sufficient to cover the costs of administering the program. The rate shall be based upon the total number of such employees and may be adjusted as the director of health, in consultation with the director of budget and management, considers necessary. All money collected from the assessment
shall be deposited in the state treasury to the credit of the employee assistance general services fund, which is hereby created. The fund shall be used by the director of health to administer the program.

(B) Records of the identity, diagnosis, prognosis, or treatment of any person that are maintained in connection with the employee assistance program created in division (A) of this section are not public records under section 149.43 of the Revised Code and shall be disclosed only as provided in division (C) of this section.

(C)(1) Records described in division (B) of this section may be disclosed with the prior written consent of the person who is the subject of the record.

(2) Records described in division (B) of this section may be disclosed with or without the prior written consent of the person who is the subject of the record under the following conditions:

(a) To medical personnel to the extent necessary to meet a bona fide medical emergency;

(b) To qualified personnel for the purpose of conducting scientific research, management audits, financial audits, or program evaluation, but the personnel shall not directly or indirectly identify any person who is the subject of the record in any report of the research, audit, or evaluation or in any other manner;

(c) If authorized by an appropriate order of a court of competent jurisdiction granted after a showing of good cause. In determining good cause, the court shall weigh the public interest and the need for disclosure against injury to the person who is the subject of the record and to the employee assistance program. Upon granting such an order, the court shall, in determining the extent to which the disclosure of all or any part of any record is necessary, impose appropriate safeguards against unauthorized disclosure.

(D) Except as authorized by a court order described in division (C)(2)(c) of this section, no record described in division (B) of this section may be used to initiate or substantiate criminal charges against the person who is the subject of the record or to conduct any investigation of such a person.

Sec. 3701.046. The director of health is authorized to make grants for women's health services from funds appropriated for that purpose by the general assembly.

None of the funds received through grants for women's health services shall be used to provide abortion services. None of the funds received through these grants shall be used for counseling for or referrals for abortion, except in the case of a medical emergency. These funds shall be
distributed by the director to programs that the department of health determines will provide services that are physically and financially separate from abortion-providing and abortion-promoting activities, and that do not include counseling for or referrals for abortion, other than in the case of medical emergency.

These women's health services include and are limited to the following: pelvic examinations and laboratory testing; breast examinations and patient education on breast cancer; screening for cervical cancer; screening and treatment for sexually transmitted diseases and HIV screening; voluntary choice of contraception, including abstinence and natural family planning; patient education and pre-pregnancy counseling on the dangers of smoking, alcohol, and drug use during pregnancy; education on sexual coercion and violence in relationships; and prenatal care or referral for prenatal care. These health care services shall be provided in a medical clinic setting by persons authorized under Chapter 4731 of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery; authorized under Chapter 4730 of the Revised Code to practice as a physician assistant; licensed under Chapter 4723 of the Revised Code as a registered nurse or licensed practical nurse; or licensed under Chapter 4757 of the Revised Code as a social worker, independent social worker, professional clinical counselor, or professional counselor.

The director shall adopt rules under Chapter 119. of the Revised Code specifying reasonable eligibility standards that must be met to receive the state funding and provide reasonable methods by which a grantee wishing to be eligible for federal funding may comply with these requirements for state funding without losing its eligibility for federal funding.

Each applicant for these funds shall provide sufficient assurance to the director of all of the following:

(A) The program shall not discriminate in the provision of services based on an individual's religion, race, national origin, handicapping condition, age, sex, number of pregnancies, or marital status;

(B) The program shall provide services without subjecting individuals to any coercion to accept services or to employ any particular methods of family planning;

(C) Acceptance of services shall be solely on a voluntary basis and may not be made a prerequisite to eligibility for, or receipt of, any other service, assistance from, or participation in, any other program of the service provider;

(D) Any charges for services provided by the program shall be based on the patient's ability to pay and priority in the provision of services shall be
given to persons from low-income families.

In distributing these grant funds, the director shall give priority to grant requests from local departments of health for women's health services to be provided directly by personnel of the local department of health. The director shall issue a single request for proposals for all grants for women's health services. The director shall send a notification of this request for proposals to every local department of health in this state and shall place a notification on the department's web site. The director shall allow at least thirty days after issuing this notification before closing the period to receive applications.

After the closing date for receiving grant applications, the director shall first consider grant applications from local departments of health that apply for grants for women's health services to be provided directly by personnel of the local department of health. Local departments of health that apply for grants for women's health services to be provided directly by personnel of the local department of health need not provide all the listed women's health services in order to qualify for a grant. However, in prioritizing awards among local departments of health that qualify for funding under this paragraph, the director may consider, among other reasonable factors, the comprehensiveness of the women's health services to be offered, provided that no local department of health shall be discriminated against in the process of awarding these grant funds because the applicant does not provide contraception.

If funds remain after awarding grants to all local departments of health that qualify for the priority, the director may make grants to other applicants. Awards to other applicants may be made to those applicants that will offer all eight of the listed women's health services or that will offer all of the services except contraception. No applicant shall be discriminated against in the process of awarding these grant funds because the applicant does not provide contraception.

Sec. 3701.341. (A) The public health council, pursuant to Chapter 119. and consistent with section 2317.56 of the Revised Code, shall adopt rules relating to abortions and the following subjects:

1. Post-abortion procedures to protect the health of the pregnant woman;
2. Reporting forms;
3. Pathological reports;
4. Humane disposition of the product of human conception;
5. Counseling.

(B) The director of health shall implement the rules and shall apply to
the court of common pleas for temporary or permanent injunctions restraining a violation or threatened violation of the rules. This action is an additional remedy not dependent on the adequacy of the remedy at law.

Sec. 3701.65. (A) There is hereby created in the state treasury the "choose life" fund. The fund shall consist of the contributions that are paid to the registrar of motor vehicles by applicants who voluntarily elect to obtain "choose life" license plates pursuant to section 4503.91 of the Revised Code and any money returned to the fund under division (E)(1)(d) of this section. All investment earnings of the fund shall be credited to the fund.

(B)(1) At least annually, the director of health shall distribute the money in the fund to any private, nonprofit organization that is eligible to receive funds under this section and that applies for funding under division (C) of this section.

(2) The director shall distribute the funds based on the county in which the organization applying for funding is located and in proportion to the number of "choose life" license plates issued during the preceding year to vehicles registered in each county. The director shall distribute funds allocated for a county to one or more eligible organizations located in contiguous counties if no eligible organization located within the county applies for funding. Within each county, eligible organizations that apply for funding shall share equally in the funds available for distribution to organizations located within that county.

(C) Any organization seeking funds under this section annually shall apply for distribution of the funds based on the county in which the organization is located. An organization may apply for funding in a contiguous county if it demonstrates that it provides services for pregnant women residing in that contiguous county. The director shall develop an application form and may determine the schedule and procedures that an organization shall follow when annually applying for funds. The application shall inform the applicant of the conditions for receiving and using funds under division (E) of this section. The application shall require evidence that the organization meets all of the following requirements:

1. Is a private, nonprofit organization;
2. Is committed to counseling pregnant women about the option of adoption;
3. Provides services within the state to pregnant women who are planning to place their children for adoption, including counseling and meeting the material needs of the women;
4. Does not charge women for any services received;
(5) Is not involved or associated with any abortion activities, including counseling for or referrals to abortion clinics, providing medical abortion-related procedures, or pro-abortion advertising;

(6) Does not discriminate in its provision of any services on the basis of race, religion, color, age, marital status, national origin, handicap, gender, or age.

(D) The director shall not distribute funds to an organization that does not provide verifiable evidence of the requirements specified in the application under division (C) of this section and shall not provide additional funds to any organization that fails to comply with division (E) of this section in regard to its previous receipt of funds under this section.

(E)(1) An organization receiving funds under this section shall do all of the following:

(a) Use not more than sixty per cent of the funds distributed to it for the material needs of pregnant women who are planning to place their children for adoption or for infants awaiting placement with adoptive parents, including clothing, housing, medical care, food, utilities, and transportation;

(b) Use not more than forty per cent of the funds distributed to it for counseling, training, or advertising;

(c) Not use any of the funds distributed to it for administrative expenses, legal expenses, or capital expenditures;

(d) Annually return to the fund created under division (A) of this section any unused money that exceeds ten per cent of the money distributed to the organization.

(2) The organization annually shall submit to the director an audited financial statement verifying its compliance with division (E)(1) of this section.

(F) The director, in accordance with Chapter 119. of the Revised Code, shall adopt rules to implement this section.

It is not the intent of the general assembly that the department create a new position within the department to implement and administer this section. It is the intent of the general assembly that the implementation and administration of this section be accomplished by existing department personnel.

In addition, the rules shall require a board of health, not later than sixty days after the issuance of an installation permit, to certify to the director on a form provided by the director that the permit was issued.

(6) Require a board of health to inspect a sewage treatment system not later than eighteen months after its installation to ensure that the system is operating properly. The rules shall require a board of health, not later than sixty days after the inspection, to certify to the director on a form provided by the director that the inspection was performed.

(7) Require a board of health to register installers, service providers, and septage haulers that perform work within the health district; prescribe criteria and procedures for the registration; and prescribe criteria for a
demonstration of competency as a part of the registration;

(8) Prescribe requirements for the collection, transportation, disposal, and land application of domestic septage in this state from a sewage treatment system;

(9) Require boards of health to maintain records that are determined necessary to ascertain compliance with this chapter and the rules adopted under it;

(10) Require a board of health and the manufacturer of a sewage treatment system, when possible, to provide instructions for the operation and maintenance of the system. The rules shall authorize the instructions to be posted on the department of health's web site and the manufacturer's web site. In addition, the rules shall require a board of health and a manufacturer to provide a copy of the operation and maintenance instructions, if available, when a board of health or a manufacturer receives a written request for instructions.

(11) Prescribe criteria for the provision of written evidence of compliance with rules pertaining to household sewage treatment for purposes of sections 711.05 and 711.10 of the Revised Code;

(12) Prescribe minimum criteria and procedures under which boards of health may establish household sewage treatment district management programs for the purpose of providing a responsive approach toward preventing or solving sewage treatment problems resulting from household sewage treatment systems within the districts established under the program. For purposes of division (A)(12) of this section, a board of health may enter into a contract with any entity to administer a household sewage treatment district management program.

(13) Prescribe standards for the siting, design, installation, operation, monitoring, maintenance, and abandonment of small flow on-site sewage treatment systems that may be used in this state.

The council may adopt other rules under division (A) of this section that it determines are necessary to implement this chapter and to protect the public health and welfare.

At least sixty days prior to adopting a rule under division (A) of this section, the council shall provide boards of health and any other interested parties an opportunity to comment on the rule.

(B) In accordance with section 3709.20 or 3709.21 of the Revised Code, as applicable, and subject to review by and approval of the director under division (C) of section 3718.05 of the Revised Code, a board of health may adopt rules necessary for the public health providing for more stringent standards governing household sewage treatment systems, installers, service
providers, or septage haulers than those established in rules of the public health council adopted under division (A) of this section. A board that intends to adopt such rules shall notify the department of health of the rules at least ninety days prior to the proposed date of adoption. The director shall approve or disapprove any such proposed rule within ninety days after receiving notice of it under this division. If the director fails to approve or disapprove a proposed rule within ninety days after receiving notice of it, the proposed rule shall be deemed approved.

Sec. 3734.57. (A) The following fees are hereby levied on the transfer or disposal of solid wastes in this state:

(1) One dollar per ton on and after July 1, 2003, through June 30, 2008, one-half of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste facility management fund created in section 3734.18 of the Revised Code and one-half of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste clean-up fund created in section 3734.28 of the Revised Code;

(2) An additional one dollar per ton on and after July 1, 2003, through June 30, 2008, the proceeds of which shall be deposited in the state treasury to the credit of the solid waste fund, which is hereby created. The environmental protection agency shall use money in the solid waste fund to pay the costs of administering and enforcing the laws pertaining to solid wastes, infectious wastes, and construction and demolition debris, including, without limitation, ground water evaluations related to solid wastes, infectious wastes, and construction and demolition debris, under this chapter and Chapter 3714. of the Revised Code and any rules adopted under them, providing compliance assistance to small businesses, and paying a share of the administrative costs of the environmental protection agency pursuant to section 3745.014 of the Revised Code.

(3) An additional one dollar and fifty cents per ton on and after July 1, 2005, through June 30, 2008, the proceeds of which shall be deposited in the state treasury to the credit of the environmental protection fund created in section 3745.015 of the Revised Code.

In the case of solid wastes that are taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of solid wastes received at the facility multiplied by the fees levied under this division. In the case of solid wastes that are not taken to a solid...
waste transfer facility located in this state prior to being transported to a solid waste disposal facility, the fees shall be collected by the owner or operator of the solid waste disposal facility as a trustee for the state. The amount of fees required to be collected under this division at such a disposal facility shall equal the total tonnage of solid wastes received at the facility that was not previously taken to a solid waste transfer facility located in this state multiplied by the fees levied under this division. Fees levied under this division do not apply to materials separated from a mixed waste stream for recycling by a generator or materials removed from the solid waste stream through recycling, as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

The owner or operator of a solid waste transfer facility or disposal facility, as applicable, shall prepare and file with the director of environmental protection each month a return indicating the total tonnage of solid wastes received at the facility during that month and the total amount of the fees required to be collected under this division during that month. In addition, the owner or operator of a solid waste disposal facility shall indicate on the return the total tonnage of solid wastes received from transfer facilities located in this state during that month for which the fees were required to be collected by the transfer facilities. The monthly returns shall be filed on a form prescribed by the director. Not later than thirty days after the last day of the month to which a return applies, the owner or operator shall mail to the director the return for that month together with the fees required to be collected under this division during that month as indicated on the return. If the return is filed and the amount of the fees due is paid in a timely manner as required in this division, the owner or operator may retain a discount of three-fourths of one per cent of the total amount of the fees that are required to be paid as indicated on the return.

The owner or operator may request an extension of not more than thirty days for filing the return and remitting the fees, provided that the owner or operator has submitted such a request in writing to the director together with a detailed description of why the extension is requested, the director has received the request not later than the day on which the return is required to be filed, and the director has approved the request. If the fees are not remitted within thirty days after the last day of the month to which the return applies or are not remitted by the last day of an extension approved by the director, the owner or operator shall not retain the three-fourths of one per cent discount and shall pay an additional ten per cent of the amount of the fees for each month that they are late. For purposes of calculating the late fee, the first month in which fees are late begins on the first day after the
deadline has passed for timely submitting the return and fees, and one additional month shall be counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in writing, on a form prescribed by the director, and shall be supported by evidence that may be required in rules adopted by the director under this chapter. After reviewing the request, and if the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.

If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility notwithstanding the existence of any
provision in a contract that the customer or a political subdivision may have with the owner or operator or with a transporter of waste to the facility that would not require or allow such payment.

(B) For the purposes specified in division (G) of this section, the solid waste management policy committee of a county or joint solid waste management district may levy fees upon the following activities:

(1) The disposal at a solid waste disposal facility located in the district of solid wastes generated within the district;

(2) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of the district, but inside this state;

(3) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of this state.

The solid waste management plan of the county or joint district approved under section 3734.521 or 3734.55 of the Revised Code and any amendments to it, or the resolution adopted under this division, as appropriate, shall establish the rates of the fees levied under divisions (B)(1), (2), and (3) of this section, if any, and shall specify whether the fees are levied on the basis of tons or cubic yards as the unit of measurement. A solid waste management district that levies fees under this division on the basis of cubic yards shall do so in accordance with division (A) of this section.

The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a district under section 3734.55 of the Revised Code, the solid waste management policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to
the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers appropriate and thereafter, by resolution, shall adopt the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution, shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following
the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.

Not later than fourteen days after the director issues an order approving a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the approval of the plan or amended plan, or the amendment to the plan, as appropriate, and the amount of the fees, if any. In the case of an initial or amended plan approved under section 3734.521 of the Revised Code in connection with a change in district composition, other than one involving the withdrawal of a county from a joint district, the committee, within fourteen days after the change takes effect pursuant to division (G) of that section, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees that the change has taken effect and of the amount of the fees, if any. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, forty-five days or more before the beginning of a calendar year, the policy committee of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change, within fourteen days after the director's completion of the required actions, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the issuance of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall
commence on the first day of January immediately following the issuance of the notice. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, less than forty-five days before the beginning of a calendar year, the director, on behalf of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change proceedings, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the mailing of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of the second month following the month in which notification is sent to the owner or operator. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying under divisions (B)(1) to (3) of this section is amended or repealed, the fees in effect immediately prior to the amendment or repeal shall continue to be collected until collection of the amended fees commences or collection of the repealed fees ceases, as applicable, as specified in this division. In the case of a change in district composition, money so received from the collection of the fees of the former districts shall be divided among the resulting districts in accordance with division (B) of section 343.012 of the Revised Code and the agreements entered into under division (B) of section 343.01 of the Revised Code to establish the former and resulting districts and any amendments to those agreements.

For the purposes of the provisions of division (B) of this section establishing the times when newly established or amended fees levied by a district are required to commence and the collection of fees that have been amended or repealed is required to cease, "fees" or "schedule of fees" includes, in addition to fees levied under divisions (B)(1) to (3) of this section, those levied under section 3734.573 or 3734.574 of the Revised Code.
(C) For the purposes of defraying the added costs to a municipal corporation or township of maintaining roads and other public facilities and of providing emergency and other public services, and compensating a municipal corporation or township for reductions in real property tax revenues due to reductions in real property valuations resulting from the location and operation of a solid waste disposal facility within the municipal corporation or township, a municipal corporation or township in which such a solid waste disposal facility is located may levy a fee of not more than twenty-five cents per ton on the disposal of solid wastes at a solid waste disposal facility located within the boundaries of the municipal corporation or township regardless of where the wastes were generated.

The legislative authority of a municipal corporation or township may levy fees under this division by enacting an ordinance or adopting a resolution establishing the amount of the fees. Upon so doing the legislative authority shall mail a certified copy of the ordinance or resolution to the board of county commissioners or directors of the county or joint solid waste management district in which the municipal corporation or township is located or, if a regional solid waste management authority has been formed under section 343.011 of the Revised Code, to the board of trustees of that regional authority, the owner or operator of each solid waste disposal facility in the municipal corporation or township that is required to collect the fee by the ordinance or resolution, and the director of environmental protection. Although the fees levied under this division are levied on the basis of tons as the unit of measurement, the legislative authority, in its ordinance or resolution levying the fees under this division, may direct that the fees be levied on the basis of cubic yards as the unit of measurement based upon a conversion factor of three cubic yards per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or adopting a resolution under this division, the legislative authority shall so notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fee. Collection of any fee levied on or after March 24, 1992, shall commence on the first day of the second month following the month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;
(b) Are disposed of at facilities that exclusively dispose of wastes that are generated from the combustion of coal, or from the combustion of primarily coal in combination with scrap tires, that is not combined in any way with garbage at one or more premises owned by the generator.

(2) Except as provided in section 3734.571 of the Revised Code, any fees levied under division (B)(1) of this section apply to solid wastes originating outside the boundaries of a county or joint district that are covered by an agreement for the joint use of solid waste facilities entered into under section 343.02 of the Revised Code by the board of county commissioners or board of directors of the county or joint district where the wastes are generated and disposed of.

(3) When solid wastes, other than solid wastes that consist of scrap tires, are burned in a disposal facility that is an incinerator or energy recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash remaining after burning of the solid wastes and shall be collected by the owner or operator of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer facility, the fees levied under divisions (B) and (C) of this section shall be levied upon the disposal of solid wastes transported off the premises of the transfer facility for disposal and shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this section do not apply to sewage sludge that is generated by a waste water treatment facility holding a national pollutant discharge elimination system permit and that is disposed of through incineration, land application, or composting or at another resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this section do not apply to solid wastes delivered to a solid waste composting facility for processing. When any unprocessed solid waste or compost product is transported off the premises of a composting facility and disposed of at a landfill, the fees levied under divisions (A), (B), and (C) of this section shall be collected by the owner or operator of the landfill where the unprocessed waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are processed at a scrap tire recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash or other solid wastes remaining after the processing of the scrap tires and shall be collected by the owner or operator of the solid waste disposal facility where the ash or other solid wastes are disposed of.
(8) The director of environmental protection may issue an order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection, or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has reason to believe that there is a substantial threat to public health or safety or the environment or that the conditions are causing or contributing to air or water pollution or soil contamination. An order issued by the director of environmental protection under division (D)(8) of this section shall include a determination that the amount of the fees not received by a solid waste management district as a result of the order will not adversely impact the implementation and financing of the district's approved solid waste management plan and any approved amendments to the plan. Such an order is a final action of the director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this section shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of as a trustee for the county or joint district and municipal corporation or township where the wastes are disposed of. Moneys from the fees levied under division (B) of this section shall be forwarded to the board of county commissioners or board of directors of the district in accordance with rules adopted under division (H) of this section. Moneys from the fees levied under division (C) of this section shall be forwarded to the treasurer or such other officer of the municipal corporation as, by virtue of the charter, has the duties of the treasurer or to the fiscal officer of the township, as appropriate, in accordance with those rules.

(F) Moneys received by the treasurer or other officer of the municipal corporation under division (E) of this section shall be paid into the general fund of the municipal corporation. Moneys received by the fiscal officer of the township under that division shall be paid into the general fund of the township. The treasurer or other officer of the municipal corporation or the township fiscal officer, as appropriate, shall maintain separate records of the moneys received from the fees levied under division (C) of this section.

(G) Moneys received by the board of county commissioners or board of directors under division (E) of this section or section 3734.571, 3734.572, 3734.573, or 3734.574 of the Revised Code shall be paid to the county
treasurer, or other official acting in a similar capacity under a county charter, in a county district or to the county treasurer or other official designated by the board of directors in a joint district and kept in a separate and distinct fund to the credit of the district. If a regional solid waste management authority has been formed under section 343.011 of the Revised Code, moneys received by the board of trustees of that regional authority under division (E) of this section shall be kept by the board in a separate and distinct fund to the credit of the district. Moneys in the special fund of the county or joint district arising from the fees levied under division (B) of this section and the fee levied under division (A) of section 3734.573 of the Revised Code shall be expended by the board of county commissioners or directors of the district in accordance with the district's solid waste management plan or amended plan approved under section 3734.521, 3734.55, or 3734.56 of the Revised Code exclusively for the following purposes:

(1) Preparation of the solid waste management plan of the district under section 3734.54 of the Revised Code, monitoring implementation of the plan, and conducting the periodic review and amendment of the plan required by section 3734.56 of the Revised Code by the solid waste management policy committee;

(2) Implementation of the approved solid waste management plan or amended plan of the district, including, without limitation, the development and implementation of solid waste recycling or reduction programs;

(3) Providing financial assistance to boards of health within the district, if solid waste facilities are located within the district, for enforcement of this chapter and rules, orders, and terms and conditions of permits, licenses, and variances adopted or issued under it, other than the hazardous waste provisions of this chapter and rules adopted and orders and terms and conditions of permits issued under those provisions;

(4) Providing financial assistance to each county within the district to defray the added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation of a solid waste facility within the county under the district's approved solid waste management plan or amended plan;

(5) Pursuant to contracts entered into with boards of health within the district, if solid waste facilities contained in the district's approved plan or amended plan are located within the district, for paying the costs incurred by those boards of health for collecting and analyzing samples from public or private water wells on lands adjacent to those facilities;

(6) Developing and implementing a program for the inspection of solid
wastes generated outside the boundaries of this state that are disposed of at solid waste facilities included in the district's approved solid waste management plan or amended plan;

(7) Providing financial assistance to boards of health within the district for the enforcement of section 3734.03 of the Revised Code or to local law enforcement agencies having jurisdiction within the district for enforcing anti-littering laws and ordinances;

(8) Providing financial assistance to boards of health of health districts within the district that are on the approved list under section 3734.08 of the Revised Code to defray the costs to the health districts for the participation of their employees responsible for enforcement of the solid waste provisions of this chapter and rules adopted and orders and terms and conditions of permits, licenses, and variances issued under those provisions in the training and certification program as required by rules adopted under division (L) of section 3734.02 of the Revised Code;

(9) Providing financial assistance to individual municipal corporations and townships within the district to defray their added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation within their boundaries of a composting, energy or resource recovery, incineration, or recycling facility that either is owned by the district or is furnishing solid waste management facility or recycling services to the district pursuant to a contract or agreement with the board of county commissioners or directors of the district;

(10) Payment of any expenses that are agreed to, awarded, or ordered to be paid under section 3734.35 of the Revised Code and of any administrative costs incurred pursuant to that section. In the case of a joint solid waste management district, if the board of county commissioners of one of the counties in the district is negotiating on behalf of affected communities, as defined in that section, in that county, the board shall obtain the approval of the board of directors of the district in order to expend moneys for administrative costs incurred.

Prior to the approval of the district's solid waste management plan under section 3734.55 of the Revised Code, moneys in the special fund of the district arising from the fees shall be expended for those purposes in the manner prescribed by the solid waste management policy committee by resolution.

Notwithstanding division (G)(6) of this section as it existed prior to October 29, 1993, or any provision in a district's solid waste management plan prepared in accordance with division (B)(2)(e) of section 3734.53 of
the Revised Code as it existed prior to that date, any moneys arising from
the fees levied under division (B)(3) of this section prior to January 1, 1994,
may be expended for any of the purposes authorized in divisions (G)(1) to
(10) of this section.

(H) The director shall adopt rules in accordance with Chapter 119. of
the Revised Code prescribing procedures for collecting and forwarding the
fees levied under divisions (B) and (C) of this section to the boards of
county commissioners or directors of county or joint solid waste
management districts and to the treasurers or other officers of municipal
corporations and the fiscal officers of townships. The rules also shall
prescribe the dates for forwarding the fees to the boards and officials and
may prescribe any other requirements the director considers necessary or
appropriate to implement and administer divisions (A), (B), and (C) of this
section.

Sec. 3735.67. (A) The owner of real property located in a community
reinvestment area and eligible for exemption from taxation under a
resolution adopted pursuant to section 3735.66 of the Revised Code may file
an application for an exemption from real property taxation of a percentage
of the assessed valuation of a new structure or remodeling, completed after
the effective date of the resolution adopted pursuant to section 3735.66 of
the Revised Code, with the housing officer designated pursuant to section
3735.66 of the Revised Code for the community reinvestment area in which
the property is located. If any part of the new structure or remodeling that
would be exempted is of real property to be used for commercial or
industrial purposes, the legislative authority and the owner of the property
shall enter into a written agreement pursuant to section 3735.671 of the
Revised Code prior to commencement of construction or remodeling; if
such an agreement is subject to approval by the board of education of the
school district within the territory of which the property is or will be located,
the agreement shall not be formally approved by the legislative authority

permit or apply for the permit formerly held, and the division of liquor
control shall issue the permit for which the owner or operator applies and
formerly held, notwithstanding any quota.

A D-5a permit shall not be transferred to another location. No quota

additional two hundred thousand square feet of floor area or fraction of that

enclosed shopping center shall be determined by subtracting the number of
D-3 and D-5 permits issued in the enclosed shopping center from the
number of D-5b permits that otherwise may be issued at the enclosed
shopping center under the formulas provided in this division. Except as
provided in this section, no quota shall be placed on the number of D-5b
permits that may be issued. Notwithstanding any quota provided in this

The holder of a D-5b permit issued before April 4, 1984, whose tenancy
is terminated for a cause other than nonpayment of rent, may return the

that permit. Upon cancellation of that permit and upon the permit holder's
payment of taxes, contributions, premiums, assessments, and other debts
owing or accrued upon the date of cancellation to this state and its political
subdivisions and a filing with the division of a certification of that payment, the division shall issue to that person either a D-5 permit, or a D-1, a D-2, and a D-3 permit, as that person requests. The division shall issue the D-5 permit, or the D-1, D-2, and D-3 permits, even if the number of D-1, D-2, D-3, or D-5 permits currently issued in the municipal corporation or in the unincorporated area of the township where that person’s proposed premises is located equals or exceeds the maximum number of such permits that can be issued in that municipal corporation or in the unincorporated area of that township under the population quota restrictions contained in section 4303.29 of the Revised Code. Any D-1, D-2, D-3, or D-5 permit so issued shall not be transferred to another location. If a D-5b permit is canceled under the provisions of this paragraph, the number of D-5b permits that may be issued at the enclosed shopping center for which the D-5b permit was issued, under the formula provided in this division, shall be reduced by one if the enclosed shopping center was entitled to more than one D-5b permit under the formula.

The fee for this permit is two thousand three hundred forty-four dollars.

A D-5c permit shall not be transferred to another location. No quota
restriction shall be placed on the number of such permits that may be issued.

Any person who has held a D-5c permit for at least two years may apply for a D-5 permit, and the division of liquor control shall issue the D-5 permit notwithstanding the quota restrictions contained in section 4303.29 of the Revised Code or in any rule of the liquor control commission.

(2) Separately itemize and charge the vehicle license fee in the rental agreement between the dealer and a renter, and specifically describe the vehicle license fee in the rental agreement as the estimated average per day per vehicle portion of the dealer's total annual registration, license plates, and title fees;

(3) In any advertisement made in this state that describes vehicle rental rates for vehicles available for rent in this state, include a statement that the renter is required to pay the vehicle license fee and disclose the maximum daily charge for the vehicle license fee.

(B) Any dealer who separately charges a vehicle license fee shall not charge, collect, or retain any amount in excess of the actual average per day per vehicle portion of the dealer's total annual registration, license plates, and title fees paid in this state for its rental fleet during the calendar year. If a dealer recovers the dealer's actual costs related to the annual vehicle registration, license plates, and title fees, the dealer shall cease to itemize and charge such costs in any rental agreement during that calendar year.

(C) As used in this section, "motor vehicle renting dealer" has the same meaning as in section 4549.65 of the Revised Code.

Sec. 4731.22. (A) The state medical board, by an affirmative vote of not fewer than six of its members, may revoke or may refuse to grant a certificate to a person found by the board to have committed fraud during the administration of the examination for a certificate to practice or to have committed fraud, misrepresentation, or deception in applying for or securing any certificate to practice or certificate of registration issued by the board.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's certificate to practice, refuse to register an individual, refuse to reinstate a certificate, or reprimand or place on probation the holder of a certificate for one or more of the following reasons:

(1) Permitting one's name or one's certificate to practice or certificate of registration to be used by a person, group, or corporation when the individual concerned is not actually directing the treatment given;

(2) Failure to maintain minimal standards applicable to the selection or administration of drugs, or failure to employ acceptable scientific methods.
in the selection of drugs or other modalities for treatment of disease;

(3) Selling, giving away, personally furnishing, prescribing, or administering drugs for other than legal and legitimate therapeutic purposes or a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction of, a violation of any federal or state law regulating the possession, distribution, or use of any drug;

(4) Willfully betraying a professional confidence.

For purposes of this division, "willfully betraying a professional confidence" does not include providing any information, documents, or reports to a child fatality review board under sections 307.621 to 307.629 of the Revised Code and does not include the making of a report of an employee's use of a drug of abuse, or a report of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(5) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited branch of medicine; or in securing or attempting to secure any certificate to practice or certificate of registration issued by the board.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) A departure from, or the failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(7) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(8) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;
(9) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(10) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(12) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Violation of the conditions of limitation placed by the board upon a certificate to practice;

(16) Failure to pay license renewal fees specified in this chapter;

(17) Except as authorized in section 4731.31 of the Revised Code, engaging in the division of fees for referral of patients, or the receiving of a thing of value in return for a specific referral of a patient to utilize a particular service or business;

(18) Subject to section 4731.226 of the Revised Code, violation of any provision of a code of ethics of the American medical association, the American osteopathic association, the American podiatric medical association, or any other national professional organizations that the board specifies by rule. The state medical board shall obtain and keep on file current copies of the codes of ethics of the various national professional organizations. The individual whose certificate is being suspended or revoked shall not be found to have violated any provision of a code of ethics of an organization not appropriate to the individual's profession.

For purposes of this division, a "provision of a code of ethics of a national professional organization" does not include any provision that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with
division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(19) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills.

In enforcing this division, the board, upon a showing of a possible violation, may compel any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in this division, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's certificate. For the purpose of this division, any individual who applies for or receives a certificate to practice under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(20) Except when civil penalties are imposed under section 4731.225 or 4731.281 of the Revised Code, and subject to section 4731.226 of the Revised Code, violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provisions of this chapter or any rule promulgated by the board.

This division does not apply to a violation or attempted violation of, assisting in or abetting the violation of, or a conspiracy to violate, any provision of this chapter or any rule adopted by the board that would preclude the making of a report by a physician of an employee's use of a
drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(21) The violation of section 3701.79 of the Revised Code or of any abortion rule adopted by the public health council pursuant to section 3701.341 of the Revised Code;

(22) Any of the following actions taken by the agency responsible for regulating the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or the limited branches of medicine in another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(23) The violation of section 2919.12 of the Revised Code or the performance or inducement of an abortion upon a pregnant woman with actual knowledge that the conditions specified in division (B) of section 2317.56 of the Revised Code have not been satisfied or with a heedless indifference as to whether those conditions have been satisfied, unless an affirmative defense as specified in division (H)(2) of that section would apply in a civil action authorized by division (H)(1) of that section;

(24) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice;

(25) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency for any act or acts that also would constitute a violation of division (B)(2), (3), (6), (8), or (19) of this section;

(26) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice.

For the purposes of this division, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to
supervision by the board. By filing an application for or holding a certificate
to practice under this chapter, an individual shall be deemed to have given
consent to submit to a mental or physical examination when ordered to do so
by the board in writing, and to have waived all objections to the
admissibility of testimony or examination reports that constitute privileged
communications.

If it has reason to believe that any individual authorized to practice by
this chapter or any applicant for certification to practice suffers such
impairment, the board may compel the individual to submit to a mental or
physical examination, or both. The expense of the examination is the
responsibility of the individual compelled to be examined. Any mental or
physical examination required under this division shall be undertaken by a
treatment provider or physician who is qualified to conduct the examination
and who is chosen by the board.

Failure to submit to a mental or physical examination ordered by the
board constitutes an admission of the allegations against the individual
unless the failure is due to circumstances beyond the individual's control,
and a default and final order may be entered without the taking of testimony
or presentation of evidence. If the board determines that the individual's
ability to practice is impaired, the board shall suspend the individual's
certificate or deny the individual's application and shall require the
individual, as a condition for initial, continued, reinstated, or renewed
certification to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a certificate
suspended under this division, the impaired practitioner shall demonstrate to
the board the ability to resume practice in compliance with acceptable and
prevailing standards of care under the provisions of the practitioner's
certificate. The demonstration shall include, but shall not be limited to, the
following:

(a) Certification from a treatment provider approved under section
4731.25 of the Revised Code that the individual has successfully completed
any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or
consent agreement;

(c) Two written reports indicating that the individual's ability to practice
has been assessed and that the individual has been found capable of
practicing according to acceptable and prevailing standards of care. The
reports shall be made by individuals or providers approved by the board for
making the assessments and shall describe the basis for their determination.

The board may reinstate a certificate suspended under this division after
that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(27) A second or subsequent violation of section 4731.66 or 4731.69 of the Revised Code;

(28) Except as provided in division (N) of this section:

  (a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that individual;

  (b) Advertising that the individual will waive the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay.

(29) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(30) Failure to provide notice to, and receive acknowledgment of the notice from, a patient when required by section 4731.143 of the Revised Code prior to providing nonemergency professional services, or failure to maintain that notice in the patient's file;

(31) Failure of a physician supervising a physician assistant to maintain supervision in accordance with the requirements of Chapter 4730. of the Revised Code and the rules adopted under that chapter;

(32) Failure of a physician or podiatrist to enter into a standard care arrangement with a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner with whom the physician or podiatrist is in collaboration pursuant to section 4731.27 of the Revised Code or failure to fulfill the responsibilities of collaboration after entering into a standard care arrangement;

(33) Failure to comply with the terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code;

(34) Failure to cooperate in an investigation conducted by the board under division (F) of this section, including failure to comply with a
subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(35) Failure to supervise an acupuncturist in accordance with Chapter 4762. of the Revised Code and the board's rules for supervision of an acupuncturist;

(36) Failure to supervise an anesthesiologist assistant in accordance with Chapter 4760. of the Revised Code and the board's rules for supervision of an anesthesiologist assistant;

(37) Assisting suicide as defined in section 3795.01 of the Revised Code.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

If the board takes disciplinary action against an individual under division (B) of this section for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code, the disciplinary action shall consist of a suspension of the individual's certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's certificate to practice. Any consent agreement entered into under this division with an individual that pertains to a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of that section shall provide for a suspension of the individual's certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's certificate to practice.

(D) For purposes of divisions (B)(10), (12), and (14) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under
those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4731.39 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the supervising member. No member of the board who supervises the investigation of a case shall participate in further adjudication of the case.

(3) In investigating a possible violation of this chapter or any rule adopted under this chapter, the board may administer oaths, order the taking of depositions, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board. Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or any rule adopted under
it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence. When the person being served is a person whose practice is authorized by this chapter, service of the subpoena may be made by certified mail, restricted delivery, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery.

A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for witnesses in civil cases in the courts of common pleas.

(4) All hearings and investigations of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(5) Information received by the board pursuant to an investigation is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code, except that consent or a waiver of that nature is not required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.

The board may share any information it receives pursuant to an investigation, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply,
notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

(a) The case number assigned to the complaint or alleged violation;
(b) The type of certificate to practice, if any, held by the individual against whom the complaint is directed;
(c) A description of the allegations contained in the complaint;
(d) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the Revised Code.

(G) If the secretary and supervising member determine that there is clear and convincing evidence that an individual has violated division (B) of this section and that the individual's continued practice presents a danger of immediate and serious harm to the public, they may recommend that the board suspend the individual's certificate to practice without a prior hearing. Written allegations shall be prepared for consideration by the board.

The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a certificate without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the
board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within sixty days after completion of its hearing. A failure to issue the order within sixty days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(9), (11), or (13) of this section and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition of that nature and supporting court documents, the board shall reinstate the individual’s certificate to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (B) of this section.

(I) The certificate to practice issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date of the individual's second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code, or the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a certificate.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose certificate is automatically suspended under
this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall do whichever of the following is applicable:

(1) If the automatic suspension under this division is for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code, the board shall enter an order suspending the individual's certificate to practice for a period of at least one year or, if determined appropriate by the board, imposing a more serious sanction involving the individual's certificate to practice.

(2) In all circumstances in which division (I)(1) of this section does not apply, enter a final order permanently revoking the individual's certificate to practice.

(J) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's certificate to practice may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a certificate suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant a certificate to an applicant, revokes an individual's certificate to practice, refuses to register an applicant, or refuses to reinstate an individual's certificate to practice, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a certificate to practice and the board shall not accept an application for reinstatement of the certificate or for issuance of a new certificate.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a certificate issued under this chapter shall not be effective unless or until accepted by the board. Reinstatement of a certificate surrendered to the board requires an affirmative vote of not fewer than six members of the board.
(2) An application for a certificate made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a certificate of registration in accordance with this chapter shall not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(N) Sanctions shall not be imposed under division (B)(28) of this section against any person who waives deductibles and copayments as follows:

(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person authorized to practice pursuant to this chapter, to the extent allowed by this chapter and rules adopted by the board.

(O) Under the board's investigative duties described in this section and subject to division (F) of this section, the board shall develop and implement a quality intervention program designed to improve through remedial education the clinical and communication skills of individuals authorized under this chapter to practice medicine and surgery, osteopathic medicine and surgery, and podiatric medicine and surgery. In developing and implementing the quality intervention program, the board may do all of the following:

(1) Offer in appropriate cases as determined by the board an educational and assessment program pursuant to an investigation the board conducts under this section;

(2) Select providers of educational and assessment services, including a quality intervention program panel of case reviewers;

(3) Make referrals to educational and assessment service providers and approve individual educational programs recommended by those providers. The board shall monitor the progress of each individual undertaking a recommended individual educational program.

(4) Determine what constitutes successful completion of an individual educational program and require further monitoring of the individual who completed the program or other action that the board determines to be appropriate;

(5) Adopt rules in accordance with Chapter 119. of the Revised Code to further implement the quality intervention program.
An individual who participates in an individual educational program pursuant to this division shall pay the financial obligations arising from that educational program.

Sec. 4731.281. (A) On or before the deadline established under division (B) of this section for applying for renewal of a certificate of registration, each person holding a certificate under this chapter to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery shall certify to the state medical board that in the preceding two years the person has completed one hundred hours of continuing medical education. The certification shall be made upon the application for biennial registration submitted pursuant to division (B) of this section. The board shall adopt rules providing for pro rata reductions by month of the number of hours of continuing education required for persons who are in their first registration period, who have a registration period of less than two years due to initial implementation of the staggered renewal schedule established under division (B) of this section, who have been disabled due to illness or accident, or who have been absent from the country.

In determining whether a course, program, or activity qualifies for credit as continuing medical education, the board shall approve all continuing medical education taken by persons holding a certificate to practice medicine and surgery that is certified by the Ohio state medical association, all continuing medical education taken by persons holding a certificate to practice osteopathic medicine and surgery that is certified by the Ohio osteopathic association, and all continuing medical education taken by persons holding a certificate to practice podiatry that is certified by the Ohio podiatric medical association. Each person holding a certificate to practice under this chapter shall be given sufficient choice of continuing education programs to ensure that the person has had a reasonable opportunity to participate in continuing education programs that are relevant to the person's medical practice in terms of subject matter and level.

(E) If an individual certifies completion of the number of hours and type of continuing medical education required to receive a certificate of registration or reinstatement of a certificate to practice, and the board finds through the random samples it conducts under this section or through any other means that the individual did not complete the requisite continuing medical education, the board may impose a civil penalty of not more than five thousand dollars. The board's finding shall be made pursuant to an adjudication under Chapter 119. of the Revised Code and by an affirmative vote of not fewer than six members.

(B) Subject to this section, the director of job and family services shall, pursuant to section 111.15 of the Revised Code, adopt rules establishing eligibility requirements for the medicaid program and defining the term "resources" as used in this section. The rules shall include rules that do all of the following:

(1) Establish

(C) In determining eligibility for the medicaid program, the following shall apply with respect to real property used by an aged, blind or disabled applicant or recipient as a homestead or principal place of residence:

(1) The value of the property shall be the maximum allowed under Title XVI of the "Social Security Act," 86 Stat. 1329 (1972), 42 U.S.C. 1381;

(2) Except as provided in division (C)(3) of this section, the department of job and family services may consider the property to not be the
homestead or principal place of residence of the applicant or recipient if the applicant or recipient resides in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution for thirteen months or longer.

(3) Division (C)(2) of this section does not apply if any of the following individuals reside in the applicant's or recipient's real property used as a homestead or principal place of residence:

Such copies, and the information disclosed thereon, shall be used solely for the purpose of determining the probability of whether the applicant has transferred assets in violation of this division. The director shall provide for the confidentiality and return of any copies of forms or schedules submitted under this division. Where such copies reveal the probability that an applicant has transferred assets in violation of this division, a presumption arises that the applicant has transferred assets in violation of this division, and the director shall deny the application until the applicant submits a true and accurate expenditure statement to the director that shows the applicant did not violate this division. The director of job and family services shall adopt rules to implement this provision.

(E)(1) Except as provided in divisions (E)(2) and (G) of this section, an institutionalized individual who is otherwise eligible for medicaid shall be

(3) The director shall adopt rules specifying, for the purpose of division (E)(1) of this section, the length of the period of ineligibility due to transfers of resources for less than fair market value on or after the look-back date. The period of ineligibility shall begin with the month in which the resources were transferred. The department shall allow exceptions to the period of ineligibility to the extent that exceptions are permitted by that title. An exception based on undue hardship to the institutionalized individual shall be allowed only so long as the individual cooperates with the department or the county department of job and family services in securing the return of transferred resources.

(4) To secure compliance with this division, the department may require applicants for and recipients of medicaid, as a condition of eligibility, to provide documentation of their income and resources up to five years prior to the date the individual becomes an institutionalized individual if the individual is eligible for medicaid on that date or the date the individual applies for medicaid while an institutionalized individual. Documentation may include, but is not limited to, tax returns, records from financial institutions, and real property records.

(F) The director shall, by rule adopted in accordance with section 111.15 of the Revised Code, establish standards consistent with federal law for allocating income and resources as income and resources of the spouse, children, parents, or stepparents of a recipient of or applicant for medicaid:

   (b) The number of months an institutionalized individual's ineligibility for such services is to continue,
(5) Establish exceptions to the period of ineligibility that an institutionalized individual would otherwise be subject to under section 5111.0116 of the Revised Code;
(6) Define the term "other medicaid-funded long-term care services" as used in sections 5111.0117 and 5111.0118 of the Revised Code;
(7) For the purpose of division (C)(2)(c) of section 5111.0117 of the Revised Code, establish the process to determine whether the child of an aged, blind, or disabled individual is financially dependent on the individual for housing.

(B) Notwithstanding any provision of state law, including statutes, administrative rules, common law, and court rules, regarding real or personal property or domestic relations, the standards established under this rules adopted under division (A)(1) of this section shall be used to determine eligibility for medicaid.

(G) The director may, by rule adopted in accordance with section 111.15 of the Revised Code, exempt individuals who apply for or receive medicaid that may be provided pursuant to division (C) of section 5111.01 of the Revised Code from some or all of the requirements of this section.

   (2) Division (B)(1) of this section shall not be considered to do either of
the following with regard to a medicaid recipient who is unable to pay a required copayment:

(a) Relieve the medicaid recipient from the obligation to pay a copayment;
(b) Prohibit the provider from attempting to collect an unpaid copayment.

(3) **Except as provided in division (C) of this section, no provider shall waive a medicaid recipient's obligation to pay the provider a copayment.**

(4) No provider or drug manufacturer, including the manufacturer's representative, employee, independent contractor, or agent, shall pay any copayment on behalf of a medicaid recipient.

(5) If it is the routine business practice of the provider to refuse service to any individual who owes an outstanding debt to the provider, the provider may consider an unpaid copayment imposed by the copayment program as an outstanding debt and may refuse service to a medicaid recipient who owes the provider an outstanding debt. If the provider intends to refuse service to a medicaid recipient who owes the provider an outstanding debt, the provider shall notify the individual of the provider's intent to refuse services.

(C) In the case of a provider that is a hospital, the copayment program shall permit the hospital to take action to collect a copayment by providing, at the time services are rendered to a medicaid recipient, notice that a copayment may be owed. If the hospital provides the notice and chooses not to take any further action to pursue collection of the copayment, the prohibition against waiving copayments specified in division (B)(3) of this section does not apply.

electronically monitoring medicaid recipients' medical history, drug regimen compliance, and fraud and abuse.

(C) If the director establishes an e-prescribing system under division (B) of this section, the director shall do all of the following:

(D) In the case of a participant of the qualified state long-term care insurance partnership program, adjustment or recovery required by this section may be reduced in accordance with rules adopted under division (G) of this section.

(E) The department shall, in accordance with procedures and criteria established in rules adopted under division (G) of this section, waive seeking an adjustment or recovery otherwise required by this section if the director of job and family services determines that adjustment or recovery would work an undue hardship. (b) Cash distributions to the applicant or recipient shall be counted as unearned income. All other distributions from the trust shall be treated as provided in rules adopted by the department of job and family services governing in-kind income.

(c) A provision that attempts to prevent the trust or its corpus or principal from being counted as an available resource.

(4) A trust that meets the requirements of division (G)(1) of this section shall not be counted as an available resource if at least one of the following circumstances applies:

2. The rate for ancillary and support costs determined for the nursing facility's ancillary and support cost peer group under section 5111.24 of the Revised Code;

3. The rate for tax costs determined for the nursing facility under
section 5111.242 of the Revised Code;

(4) The rate for franchise permit fees determined for the nursing facility under section 5111.243 of the Revised Code;

(5) The quality incentive payment paid to the nursing facility's quality tier group facility under section 5111.244 of the Revised Code;

(6) The median rate for capital costs for the nursing facilities in the nursing facility's capital costs peer group as determined under section 5111.25 of the Revised Code.

(B) The department shall adjust the payment rates otherwise determined under division divisions (A)(1), (2), (3), and (6) of this section as directed by the general assembly through the enactment of law governing medicaid payments to providers of nursing facilities, including any law that does either of the following:

(1) Establishes factors by which the payments rates are to be adjusted;

(2) Establishes a methodology for phasing in the rates determined for fiscal year 2006 under uncodified law the general assembly enacts to rates determined for subsequent fiscal years under sections 5111.20 to 5111.33 of the Revised Code.

Sec. 5111.231. (A) As used in this section, "applicable calendar year" means the following:

(1) For the purpose of the department of job and family services' initial determination under division (D) of this section of each peer group's cost per case-mix unit, calendar year 2003;

(2) For the purpose of the department's subsequent determinations under division (D) of this section of each peer group's cost per case-mix unit, the calendar year the department selects.

(B) The department of job and family services shall pay a provider for each of the provider's eligible nursing facilities a per resident per day rate for direct care costs determined semi-annually by multiplying the cost per case-mix unit determined under division (D) of this section for the facility's peer group by the facility's semiannual case-mix score determined under section 5111.232 of the Revised Code.

(C) For the purpose of determining nursing facilities' rate for direct care costs, the department shall establish three peer groups.

Each nursing facility located in any of the following counties shall be placed in peer group one: Brown, Butler, Clermont, Clinton, Hamilton, and Warren.

Each nursing facility located in any of the following counties shall be placed in peer group two: Ashtabula, Champaign, Clark, Cuyahoga, Darke, Delaware, Fairfield, Fayette, Franklin, Fulton, Geauga, Greene, Hancock,
Knox, Lake, Licking, Lorain, Lucas, Madison, Marion, Medina, Miami, Montgomery, Morrow, Ottawa, Pickaway, Portage, Preble, Ross, Sandusky, Seneca, Summit, Union, and Wood.

Each nursing facility located in any of the following counties shall be placed in peer group three: Adams, Allen, Ashland, Athens, Auglaize, Belmont, Carroll, Columbiana, Coshocton, Crawford, Defiance, Erie, Gallia, Guernsey, Hardin, Harrison, Henry, Highland, Hocking, Holmes, Huron, Jackson, Jefferson, Lawrence, Logan, Mahoning, Meigs, Mercer, Monroe, Morgan, Muskingum, Noble, Paulding, Perry, Pike, Putnam, Richland, Scioto, Shelby, Stark, Trumbull, Tuscarawas, Van Wert, Vinton, Washington, Wayne, Williams, and Wyandot.

(D)(1) At least once every ten years, the department shall determine a cost per case-mix unit for each peer group established under division (C) of this section. A cost per case-mix unit determined under this division for a peer group shall be used for subsequent years until the department redetermines it. To determine a peer group's cost per case-mix unit, the department shall do all of the following:

(a) Determine the cost per case-mix unit for each nursing facility in the peer group for the applicable calendar year by dividing each facility's desk-reviewed, actual, allowable, per diem direct care costs for the applicable calendar year by the facility's annual average case-mix score determined under section 5111.232 of the Revised Code for the applicable calendar year.

(b) Subject to division (D)(2) of this section, identify which nursing facility in the peer group is at the twenty-fifth percentile of the cost per case-mix units determined under division (D)(1)(a) of this section.

(c) Calculate the amount that is seven per cent above the cost per case-mix unit determined under division (D)(1)(a) of this section for the nursing facility identified under division (D)(1)(b) of this section.

(d) Multiply the amount calculated under division (D)(1)(c) of this section by the rate of inflation for the eighteen-month period beginning on the first day of July of the applicable calendar year and ending the last day of December of the calendar year immediately following the applicable calendar year using the employment cost index for total compensation, health services component, published by the United States bureau of labor statistics.

(2) In making the identification under division (D)(1)(b) of this section, the department shall exclude both of the following:

(a) Nursing facilities that participated in the medicaid program under the same provider for less than twelve months in the applicable calendar year;
(b) Nursing facilities whose direct care costs are cost per case-mix unit is more than one standard deviation from the mean desk reviewed, actual, allowable, per diem direct care cost per case-mix unit for all nursing facilities in the nursing facility's peer group for the applicable calendar year.

(3) The department shall not redetermine a peer group's cost per case-mix unit under this division based on additional information that it receives after the peer group's per case-mix unit is determined. The department shall redetermine a peer group's cost per case-mix unit only if it made an error in determining the peer group's cost per case-mix unit based on information available to the department at the time of the original determination.

Sec. 5111.244. (A) As used in this section, "deficiency" and "standard survey" have the same meanings as in section 5111.35 of the Revised Code.

(B) Each fiscal year, the department of job and family services shall pay the provider of each nursing facility placed in the first, second, and third quality tier groups established under division (C) of this section a quality incentive payment. Nursing facilities placed in the first group shall receive the highest payment. Nursing facilities placed in the second group shall receive the second highest payment. Nursing facilities placed in the third group shall receive the third highest payment. Nursing facilities placed in the fourth group shall receive no payment. The amount of a quality incentive payment paid to a provider for a fiscal year shall be based on the number of points the provider's nursing facility is awarded under division (C) of this section for that fiscal year. The amount of a quality incentive payment paid to a provider of a nursing facility that is awarded no points may be zero. The mean payment for fiscal year 2007, weighted by medicaid days, shall be two per cent of the average rate for all nursing facilities calculated under sections 5111.20 to 5111.33 of the Revised Code, excluding this section three dollars per medicaid day. Nursing facilities placed in the fourth group shall be included for the purpose of determining the mean payment. The department shall adjust the mean payment for subsequent fiscal years by the same adjustment factors the department uses to adjust, pursuant to division (B) of section 5111.222 of the Revised Code, nursing facilities' rates otherwise determined under divisions (A)(1), (2), (3), and (6) of that section.

(C) Each year, the department shall establish four quality tier groups. Each group shall consist of one quarter of all nursing facilities participating in the medicaid program. The first group shall consist of the quarter of nursing facilities individually awarded the most number of points under division (D) of this section. The second group shall consist of the quarter of nursing facilities individually awarded the second most number of points.
Am. Sub. H. B. No. 530

under division (D) of this section. The third group shall consist of the
quarter of nursing facilities individually awarded the third most number of
points under division (D) of this section. The fourth group shall consist of
the quarter of nursing facilities individually awarded the least number of
points under division (D) of this section.

(D) Each year (1) Except as provided by division (C)(2) of this section,
the department shall annually award each nursing facility participating in the
medicaid program one point for each of the following accountability
measures the facility meets:

(a) The facility had no health deficiencies on the facility's most recent
standard survey.

(b) The facility had no health deficiencies with a scope and severity
level greater than E, as determined under nursing facility certification
standards established under Title XIX, on the facility's most recent standard
survey.

(c) The facility's resident satisfaction is above the statewide average.

(d) The facility's family satisfaction is above the statewide average.

(e) The number of hours the facility employs nurses is above the
statewide average.

(f) The facility's employee retention rate is above the average for the
facility's peer group established in division (C) of section 5111.231 of the
Revised Code.

(g) The facility's occupancy rate is above the statewide average.

(h) The facility's medicaid utilization rate is above the statewide
average.

(i) The facility's case-mix score is above the statewide average.

(2) The department shall award points pursuant to division (C)(1)(c)
or (d) of this section only for a fiscal year immediately following a calendar
year for which a survey of resident or family satisfaction has been
conducted under section 173.47 of the Revised Code.

The director of job and family services shall adopt rules under
section 5111.02 of the Revised Code as necessary to implement this section.
The rules shall include rules establishing the system for awarding points
under division (D)(C) of this section.

Sec. 5111.27. (A) The department of job and family services shall
conduct a desk review of each cost report it receives under section 5111.26
of the Revised Code. Based on the desk review, the department shall make a
preliminary determination of whether the reported costs are allowable costs.
The department shall notify each provider of whether any of the reported
costs are preliminarily determined not to be allowable, the rate calculation
under sections 5111.20 to 5111.33 of the Revised Code that results from that
determination, and the reasons for the determination and resulting rate. The
department shall allow the provider to verify the calculation and submit
additional information.

(B) The department may conduct an audit, as defined by rule adopted
under section 5111.02 of the Revised Code, of any cost report and shall
notify the provider of its findings.

Audits shall be conducted by auditors under contract with or employed
by the department. The decision whether to conduct an audit and the scope
of the audit, which may be a desk or field audit, shall be determined based
on prior performance of the provider and may be based on a risk analysis or
other evidence that gives the department reason to believe that the provider
has reported costs improperly. A desk or field audit may be performed
annually, but is required whenever a provider does not pass the risk analysis
tolerance factors. The department shall issue the audit report no later than
three years after the cost report is filed, or upon the completion of a desk or
field audit on the report or a report for a subsequent cost reporting period,
whichever is earlier. During the time within which the department may issue
an audit report, the provider may amend the cost report upon discovery of a
material error or material additional information. The department shall
review the amended cost report for accuracy and notify the provider of its
determination.

The department may establish a contract for the auditing of facilities by
outside firms. Each contract entered into by bidding shall be effective for
one to two years. The department shall establish an audit manual and
program which shall require that all field audits, conducted either pursuant
to a contract or by department employees:

1. Comply with the applicable rules prescribed pursuant to Titles XVIII
and XIX;

2. Consider generally accepted auditing standards prescribed by the
American institute of certified public accountants;

3. Include a written summary as to whether the costs included in the
report examined during the audit are allowable and are presented fairly in
accordance with generally accepted accounting principles and department
rules, and whether, in all material respects, allowable costs are documented,
reasonable, and related to patient care;

4. Are conducted by accounting firms or auditors who, during the
period of the auditors' professional engagement or employment and during
the period covered by the cost reports, do not have nor are committed to
acquire any direct or indirect financial interest in the ownership, financing,
or operation of a nursing facility or intermediate care facility for the mentally retarded in this state;

(5) Are conducted by accounting firms or auditors who, as a condition of the contract or employment, shall not audit any facility that has been a client of the firm or auditor;

(6) Are conducted by auditors who are otherwise independent as determined by the standards of independence established by the American institute of certified public accountants;

(7) Are completed within the time period specified by the department;

(8) Provide to the provider complete written interpretations that explain in detail the application of all relevant contract provisions, regulations, auditing standards, rate formulae, and departmental policies, with explanations and examples, that are sufficient to permit the provider to calculate with reasonable certainty those costs that are allowable and the rate to which the provider's facility is entitled.

For the purposes of division (B)(4) of this section, employment of a member of an auditor's family by a nursing facility or intermediate care facility for the mentally retarded that the auditor does not review does not constitute a direct or indirect financial interest in the ownership, financing, or operation of the facility.

(C) The department, pursuant to rules adopted under section 5111.02 of the Revised Code, may conduct an exception review of assessment data submitted under section 5111.232 of the Revised Code. The department may conduct an exception review based on the findings of a certification survey conducted by the department of health, a risk analysis, or prior performance of the provider.

Exception reviews shall be conducted at the facility by appropriate health professionals under contract with or employed by the department of job and family services. The professionals may review resident assessment forms and supporting documentation, conduct interviews, and observe residents to identify any patterns or trends of inaccurate assessments and resulting inaccurate case-mix scores.

The rules shall establish an exception review program that requires that exception reviews do all of the following:

(1) Comply with Titles XVIII and XIX;

(2) Provide a written summary that states whether the resident assessment forms have been completed accurately;

(3) Are conducted by health professionals who, during the period of their professional engagement or employment with the department, neither have nor are committed to acquire any direct or indirect financial interest in
the ownership, financing, or operation of a nursing facility or intermediate care facility for the mentally retarded in this state;

(4) Are conducted by health professionals who, as a condition of their engagement or employment with the department, shall not review any provider that has been a client of the professional.

For the purposes of division (C)(3) of this section, employment of a member of a health professional's family by a nursing facility or intermediate care facility for the mentally retarded that the professional does not review does not constitute a direct or indirect financial interest in the ownership, financing, or operation of the facility.

If an exception review is conducted before the effective date of the rate that is based on the case-mix data subject to the review and the review results in findings that exceed tolerance levels specified in the rules adopted under this division, the department, in accordance with those rules, may use the findings to recalculate individual resident case-mix scores, quarterly average facility case-mix scores, and annual average facility case-mix scores. The department may use the recalculated quarterly and annual facility average case-mix scores to calculate the facility's rate for direct care costs for the appropriate calendar quarter or quarters.

(D) The department shall prepare a written summary of any audit disallowance or exception review finding that is made after the effective date of the rate that is based on the cost or case-mix data. Where the provider is pursuing judicial or administrative remedies in good faith regarding the disallowance or finding, the department shall not withhold from the provider's current payments any amounts the department claims to be due from the provider pursuant to section 5111.28 of the Revised Code.

(E) The department shall not reduce rates calculated under sections 5111.20 to 5111.33 of the Revised Code on the basis that the provider charges a lower rate to any resident who is not eligible for the medicaid program.

(F) The department shall adjust the rates calculated under sections 5111.20 to 5111.33 of the Revised Code to account for reasonable additional costs that must be incurred by nursing facilities and intermediate care facilities for the mentally retarded to comply with requirements of federal or state statutes, rules, or policies enacted or amended after January 1, 1992, or with orders issued by state or local fire authorities.

Sec. 5111.31. (A) Every provider agreement with the provider of a nursing facility or intermediate care facility for the mentally retarded shall:

(1) Prohibit the provider from failing or refusing to retain as a patient any person because the person is, becomes, or may, as a patient in the
facility, become a medicaid recipient. For the purposes of this division, a medicaid recipient who is a patient in a facility shall be considered a patient in the facility during any hospital stays totaling less than twenty-five days during any twelve-month period. Recipients who have been identified by the department of job and family services or its designee as requiring the level of care of an intermediate care facility for the mentally retarded shall not be subject to a maximum period of absences during which they are considered patients if prior authorization of the department for visits with relatives and friends and participation in therapeutic programs is obtained under rules adopted under section 5111.02 of the Revised Code.

(2) Except as provided by division (B)(1) of this section, include any part of the facility that meets standards for certification of compliance with federal and state laws and rules for participation in the medicaid program.

(3) Prohibit the provider from discriminating against any patient on the basis of race, color, sex, creed, or national origin.

(4) Except as otherwise prohibited under section 5111.55 of the Revised Code, prohibit the provider from failing or refusing to accept a patient because the patient is, becomes, or may, as a patient in the facility, become a medicaid recipient if less than eighty per cent of the patients in the facility are medicaid recipients.

(B)(1) Except as provided by division (B)(2) of this section, the following are not required to be included in a provider agreement unless otherwise required by federal law:

(a) Beds added during the period beginning July 1, 1987, and ending July 1, 1993, to a nursing home licensed under Chapter 3721. of the Revised Code;

(b) Beds in an intermediate care facility for the mentally retarded that are designated for respite care under a medicaid waiver component operated pursuant to a waiver sought under section 5111.87 of the Revised Code;

(c) Beds that are converted to providing home and community-based services under the ICF/MR conversion pilot program authorized by a waiver sought under division (B)(1) of section 5111.88 of the Revised Code.

(2) If a provider chooses to include a bed specified in division (B)(1)(a) of this section in a provider agreement, the bed may not be removed from the provider agreement unless the provider withdraws the facility in which the bed is located from the medicaid program.

(C) Nothing in this section shall bar a provider that is a religious organization operating a religious or denominational nursing facility or intermediate care facility for the mentally retarded from giving preference to persons of the same religion or denomination. Nothing in this section shall
bar any provider from giving preference to persons with whom the provider has contracted to provide continuing care.

(D) Nothing in this section shall bar the provider of a county home organized under Chapter 5155. of the Revised Code from admitting residents exclusively from the county in which the county home is located.

(E) No provider of a nursing facility or intermediate care facility for the mentally retarded for which a provider agreement is in effect shall violate the provider contract obligations imposed under this section.

(F) Nothing in divisions (A) and (C) of this section shall bar a provider from retaining patients who have resided in the provider's facility for not less than one year as private pay patients and who subsequently become medicaid recipients, but refusing to accept as a patient any person who is or may, as a patient in the facility, become a medicaid recipient, if all of the following apply:

1. The provider does not refuse to retain any patient who has resided in the provider's facility for not less than one year as a private pay patient because the patient becomes a medicaid recipient, except as necessary to comply with division (F)(2) of this section;

2. The number of medicaid recipients retained under this division does not at any time exceed ten per cent of all the patients in the facility;

3. On July 1, 1980, all the patients in the facility were private pay patients.

Sec. 5111.88. (A) As used in sections 5111.88 to 5111.8812 5111.8817 of the Revised Code:

"Administrative agency" means the department of job and family services or, if the department assigns the day-to-day administration of the ICF/MR conversion pilot program to the department of mental retardation and developmental disabilities pursuant to section 5111.887 of the Revised Code, the department of mental retardation and developmental disabilities.

"ICF/MR conversion pilot program" means the medicaid waiver component authorized by a waiver sought under division (B)(1) of this section.

"ICF/MR services" means intermediate care facility for the mentally retarded services covered by the medicaid program that an intermediate care facility for the mentally retarded provides to a resident of the facility who is a medicaid recipient eligible for medicaid-covered intermediate care facility for the mentally retarded services.

"Intermediate care facility for the mentally retarded" has the same meaning as in section 5111.20 of the Revised Code.

"Medicaid waiver component" has the same meaning as in section
5111.85 of the Revised Code.

(B) By July 1, 2006, or as soon thereafter as practical, but not later than January 1, 2007, the director of job and family services shall, after consulting with and receiving input from the ICF/MR conversion advisory council, submit both of the following to the United States secretary of health and human services:

1) An application for a waiver authorizing the ICF/MR conversion pilot program under which intermediate care facilities for the mentally retarded, other than such facilities operated by the department of mental retardation and developmental disabilities, may volunteer to convert in whole or in part from providing intermediate care facility for the mentally retarded services to providing home and community-based services and individuals with mental retardation or a developmental disability who are eligible for ICF/MR services may volunteer to receive instead home and community-based services;

2) An amendment to the state medicaid plan to authorize the director, beginning on the first day that the ICF/MR conversion pilot program begins implementation under section 5111.882 of the Revised Code and except as provided by section 5111.8811 of the Revised Code, to refuse to enter into or amend a medicaid provider agreement with the operator of an intermediate care facility for the mentally retarded if the provider agreement or amendment would authorize the operator to receive medicaid payments for more intermediate care facility for the mentally retarded beds than the operator receives on the day before that day.

(C) The director shall notify the governor, speaker and minority leader of the house of representatives, and president and minority leader of the senate when the director submits the application for the ICF/MR conversion pilot program under division (B)(1) of this section and the amendment to the state medicaid plan under division (B)(2) of this section. The director is not required to submit the application and the amendment at the same time.

Sec. 5111.882. If the United States secretary of health and human services approves the waiver requested under division (B)(1) of section 5111.88 of the Revised Code, the administrative agency shall implement the ICF/MR conversion pilot program for not less than three years as follows:

(A) Permit no more than two hundred individuals to participate in the program at one time;

(B) Select, from among volunteers only, enough intermediate care facilities for the mentally retarded to convert in whole or in part from providing ICF/MR services to providing home and community-based services as necessary to accommodate each individual participating in the
(A) To program the facilities selected for conversion cease, except as provided by section 5111.8811 of the Revised Code, to provide any ICF/MR services once the conversion takes place;

(C) Subject to division (A) of this section, permit individuals who reside in an intermediate care facility for the mentally retarded that converts in whole or in part to providing home and community-based services to choose whether to participate in the program or, if the facility ceases to have enough ICF/MR-certified beds for the individual, to transfer to another intermediate care facility for the mentally retarded that is not converting has an available ICF/MR-certified bed for the individual;

(D) Ensure that no individual receiving ICF/MR services on the effective date of this section suffers an interruption in medicaid-covered services that the individual is eligible to receive;

(E) Collect information as necessary for the evaluation required by section 5111.889 of the Revised Code;

(F) After consulting with the ICF/MR conversion advisory council, make adjustments to the program that the administrative agency and, if the administrative agency is not the department of job and family services, the department agree are both necessary for the program to be implemented more effectively and consistent with the terms of the waiver authorizing the program. No adjustment may be made that expands the size or scope of the program.

Sec. 5111.889. (A) The administrative agency, in consultation with the ICF/MR conversion advisory council, shall conduct an evaluation of the ICF/MR conversion pilot program. All of the following shall be examined as part of the evaluation:

(1) The effectiveness of the home and community-based services provided under the program in meeting the health and welfare needs of the individuals participating in the program as identified in the individuals' written individual service plans;

(2) The satisfaction of the individuals participating in the program with the home and community-based services;

(3) The impact that the conversion in whole or in part from providing ICF/MR services to providing home and community-based services has on the intermediate care facilities for the mentally retarded that so convert;

(4) The program's cost effectiveness, including administrative cost effectiveness;

(5) Feedback about the program from the individuals participating in the program, such individuals' families and guardians, county boards of mental retardation and developmental disabilities, and providers of home and
(6) Other matters the administrative agency considers appropriate for evaluation.

(B) The administrative agency, in consultation with the ICF/MR conversion advisory council, shall prepare two reports of the evaluation conducted under this section. The initial report shall be finished not sooner than the last day of the ICF/MR conversion pilot program's first year of operation. The final report shall be finished not sooner than the last day of the program's second year of operation. The administrative agency shall provide a copy of each report to the governor, president and minority leader of the senate, and speaker and minority leader of the house of representatives.

Sec. 5111.8811. An intermediate care facility for the mentally retarded that converts in whole or in part from providing ICF/MR services to providing home and community-based services under the ICF/MR conversion pilot program may reconvert the converted beds to providing ICF/MR services after the program terminates unless either any of the following is the case:

(A) The program, following the general assembly's enactment of law authorizing the program's statewide implementation, is implemented statewide;

(B) The facility no longer meets the requirements for certification as an intermediate care facility for the mentally retarded;

(C) The facility no longer meets the requirements for licensure as a residential facility under section 5123.19 of the Revised Code or, if the facility is eligible under section 5123.192 of the Revised Code to be licensed as a nursing home, the requirements for licensure as a nursing home under section 3721.02 or 3721.09 of the Revised Code.

Sec. 5111.8812. (A) Subject to division (B) of this section and beginning not later than two and one-half years after the date the ICF/MR conversion pilot program terminates, the department of mental retardation and developmental disabilities shall be responsible for a portion of the nonfederal share of medicaid expenditures for ICF/MR services provided by any beds of an intermediate care facility for the mentally retarded that are reconverted to providing ICF/MR services under section 5111.8811 of the Revised Code. The portion for which the department shall be responsible shall be the portion that the department and department of job and family services specify in an agreement.

(B) The department of mental retardation and developmental disabilities shall not be responsible for any portion of the nonfederal share of medicaid...
expenditures for ICF/MR services incurred for any beds of an intermediate care facility for the mentally retarded that are in excess of the number of beds the facility had while participating in the ICF/MR conversion pilot program.

Sec. 5111.8813. The operator of an intermediate care facility for the mentally retarded that converts only in part from providing ICF/MR services to providing home and community-based services under the ICF/MR conversion pilot program shall place the beds that convert in a distinct part of the facility that houses the intermediate care facility for the mentally retarded.

Sec. 5111.8814. An intermediate care facility for the mentally retarded that converts in whole to providing home and community-based services under the ICF/MR conversion pilot program shall either be licensed as a residential facility under section 5123.19 of the Revised Code or certified to provide supported living under section 5126.431 of the Revised Code. If an intermediate care facility for the mentally retarded converts in part to providing such home and community-based services, the distinct part of the facility that provides the home and community-based services shall either be licensed as a residential facility under section 5123.19 of the Revised Code or certified to provide supported living under section 5126.431 of the Revised Code. The facility or distinct part of the facility shall be licensed as a residential facility rather than certified to provide supported living if it meets the definition of "residential facility" in section 5123.19 of the Revised Code.

Sec. 5111.8815. (A) Not later than thirty days after the date a resident of an intermediate care facility for the mentally retarded is enrolled in the ICF/MR conversion pilot program, the operator of the intermediate care facility for the mentally retarded shall do the following regardless of whether the resident resides in a distinct part of a facility that also houses the intermediate care facility for the mentally retarded:

(1) If the intermediate care facility for the mentally retarded is licensed as a residential facility under section 5123.19 of the Revised Code, notify the director of mental retardation and developmental disabilities of the resident's enrollment;

(2) If the intermediate care facility for the mentally retarded is licensed as a nursing home under section 3721.02 of the Revised Code, notify the director of health of the resident's enrollment;

(3) If the intermediate care facility for the mentally retarded is licensed as a nursing home by a political subdivision under section 3721.09 of the Revised Code, notify the officials of the political subdivision of the
resident's enrollment.

(B) The director of mental retardation and developmental disabilities, director of health, and officials of a political subdivision shall reduce the licensed capacity of a residential facility or nursing home by the number of the residential facility's or nursing home's residents who enroll in the ICF/MR conversion pilot program. The director of job and family services shall be notified of each reduction in licensed capacity made under this section.

Sec. 5111.8816. Not later than thirty days after the date an intermediate care facility for the mentally retarded converts in whole or in part to providing home and community-based services under the ICF/MR conversion pilot program, the operator of the facility shall notify the director of job and family services of the number of beds that converted. The director of job and family services shall notify the director of health of the operator's notice. The director of health shall reduce the facility's certified capacity by the number of beds that convert. The director of health shall notify the director of job and family services whenever the director of health takes action under this section.

Sec. 5111.8817. On receipt of notice from the director of health under section 5111.8816 of the Revised Code that the director has reduced the certified capacity of an intermediate care facility for the mentally retarded, the director of job and family services shall amend the facility's medicaid provider agreement to reflect the facility's reduced certified capacity or, if the facility's certified capacity is reduced to zero, terminate the facility's medicaid provider agreement.

Sec. 5111.941. The medicaid revenue and collections fund is hereby created in the state treasury. Except as otherwise provided by statute or as authorized by the controlling board, the non-federal share of all medicaid-related revenues, collections, and recoveries shall be credited to the fund. The department of job and family services shall use money credited to the fund to pay for medicaid services and contracts.

Sec. 5111.942. (A) The prescription drug rebates fund is hereby created in the state treasury. All of the following shall be credited to the fund:

1. The non-federal share of all rebates paid by drug manufacturers to the department of job and family services in accordance with a rebate agreement required by 42 U.S.C.A. 1396r-8 shall be credited to the fund.

2. The non-federal share of all supplemental rebates paid by drug manufacturers to the department of job and family services in accordance
with the supplemental drug rebate program established under section 5111.081 of the Revised Code.

(B) The department of job and family services shall use money credited to the prescription drug rebates fund to pay for medicaid services and contracts.

5. "Obligations" means bonds, notes, or other evidence of obligation including interest coupons pertaining thereto, issued pursuant to this section.

6. "Pledged receipts" means moneys accruing to the state from the lease, lease-purchase, sale, or other disposition, or use, of qualified projects, and from the repayment, including interest, of loans made from proceeds received from the sale of obligations; accrued interest received from the sale of obligations; income from the investment of the special funds; any gifts, grants, donations, and pledges, and receipts therefrom, available for the payment of bond service charges; and any amounts in the state infrastructure bank pledged to the payment of such charges. If the amounts in the state infrastructure bank are insufficient for the payment of such charges, "pledged receipts" also means moneys that are apportioned by the United States secretary of transportation under United States Code, Title XXIII, as amended, or any successor legislation, or under any other federal law relating to aid for highways, and that are to be received as a grant by the state, to the extent the state is not prohibited by state or federal law from using such moneys and the moneys are pledged to the payment of such bond service charges.
(7) "Special funds" or "funds" means, except where the context does not permit, the bond service fund, and any other funds, including reserve funds, created under the bond proceedings, and the state infrastructure bank revenue bond service fund created by division (R) of this section to the extent provided in the bond proceedings, including all moneys and investments, and earnings from investment, credited and to be credited thereto.

(8) "State infrastructure project" means any public transportation project undertaken by the state, including, but not limited to, all components of any such project, as described in division (D) of section 5531.09 of the Revised Code.

(9) "District obligations" means bonds, notes, or other evidence of obligation including interest coupons pertaining thereto, issued to finance a qualified project by a transportation improvement district created pursuant to section 5540.02 of the Revised Code, of which the principal, including mandatory sinking fund requirements for retirement of such obligations, and interest and redemption premium, if any, are payable by the department of transportation.

(B) The issuing authority, after giving written notice to the director of budget and management and upon the certification by the director of transportation to the issuing authority of the amount of moneys or additional moneys needed either for state infrastructure projects or to provide financial assistance for any of the purposes for which the state infrastructure bank may be used under section 5531.09 of the Revised Code, or needed for capitalized interest, funding reserves, and paying costs and expenses incurred in connection with the issuance, carrying, securing, paying, redeeming, or retirement of the obligations or any obligations refunded thereby, including payment of costs and expenses relating to letters of credit, lines of credit, insurance, put agreements, standby purchase agreements, indexing, marketing, remarketing and administrative arrangements, interest swap or hedging agreements, and any other credit enhancement, liquidity, remarketing, renewal, or refunding arrangements, all of which are authorized by this section, shall issue obligations of the state under this section in the required amount. The proceeds of such obligations, except for the portion to be deposited in special funds, including reserve funds, as may be provided in the bond proceedings, shall as provided in the bond proceedings be credited to the infrastructure bank obligations fund of the state infrastructure bank created by section 5531.09 of the Revised Code and disbursed as provided in the bond proceedings for such obligations. The issuing authority may appoint trustees, paying agents, transfer agents, and
authenticating agents, and may retain the services of financial advisors, accounting experts, and attorneys, and retain or contract for the services of marketing, remarketing, indexing, and administrative agents, other consultants, and independent contractors, including printing services, as are necessary in the issuing authority's judgment to carry out this section. The costs of such services are payable from funds of the state infrastructure bank.

(C) Except as otherwise provided in this division, the holders or owners of such obligations shall have no right to have moneys raised by taxation by the state of Ohio obligated or pledged, and moneys so raised shall not be obligated or pledged, for the payment of bond service charges. The municipal corporations and counties may pledge and obligate moneys received pursuant to sections 4501.04, 5709.42, 5709.79, 5735.23, 5735.27, and 5735.291 of the Revised Code to the payment of amounts payable by those municipal corporations and counties to the state infrastructure bank pursuant to section 5531.09 of the Revised Code, and the bond proceedings for obligations may provide that such payments shall constitute pledged receipts, provided such moneys are obligated, pledged, and paid only with respect to obligations issued exclusively for public transportation projects. The right of such holders and owners to the payment of bond service charges is limited to all or that portion of the pledged receipts and those special funds pledged thereto pursuant to the bond proceedings for such obligations in accordance with this section, and each such obligation shall bear on its face a statement to that effect. Moneys received as repayment of loans made by the state infrastructure bank pursuant to section 5531.09 of the Revised Code shall not be considered moneys raised by taxation by the state of Ohio regardless of the source of the moneys.

(D) Obligations shall be authorized by order of the issuing authority and the bond proceedings shall provide for the purpose thereof and the principal amount or amounts, and shall provide for or authorize the manner or agency for determining the principal maturity or maturities, not exceeding twenty-five years from the date of issuance, the interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest thereon, their denomination, and the establishment within or without the state of a place or places of payment of bond service charges. Sections 9.98 to 9.983 of the Revised Code are applicable to obligations issued under this section. The purpose of such obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The bond proceedings also shall provide, subject to the provisions of any other applicable bond proceedings, for the pledge of all, or such part
as the issuing authority may determine, of the pledged receipts and the applicable special fund or funds to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims, or payments, and may be made to secure the obligations on a parity with obligations theretofore or thereafter issued, if and to the extent provided in the bond proceedings. The pledged receipts and special funds so pledged and thereafter received by the state immediately are subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledges is valid and binding against all parties having claims of any kind against the state or any governmental agency of the state, irrespective of whether such parties have notice thereof, and shall create a perfected security interest for all purposes of Chapter 1309. of the Revised Code, without the necessity for separation or delivery of funds or for the filing or recording of the bond proceedings by which such pledge is created or any certificate, statement, or other document with respect thereto; and the pledge of such pledged receipts and special funds is effective and the money therefrom and thereof may be applied to the purposes for which pledged without necessity for any act of appropriation. Every pledge, and every covenant and agreement made with respect thereto, made in the bond proceedings may therein be extended to the benefit of the owners and holders of obligations authorized by this section, and to any trustee therefor, for the further security of the payment of the bond service charges.

(E) The bond proceedings may contain additional provisions as to:

1) The redemption of obligations prior to maturity at the option of the issuing authority at such price or prices and under such terms and conditions as are provided in the bond proceedings;

2) Other terms of the obligations;

3) Limitations on the issuance of additional obligations;

4) The terms of any trust agreement or indenture securing the obligations or under which the same may be issued;

5) The deposit, investment, and application of special funds, and the safeguarding of moneys on hand or on deposit, without regard to Chapter 131. or 135. of the Revised Code, but subject to any special provisions of this section with respect to particular funds or moneys, provided that any bank or trust company which acts as depository of any moneys in the special funds may furnish such indemnifying bonds or may pledge such securities as required by the issuing authority;

6) Any or every provision of the bond proceedings being binding upon such officer, board, commission, authority, agency, department, or other person or body as may from time to time have the authority under law to
take such actions as may be necessary to perform all or any part of the duty required by such provision;

(7) Any provision that may be made in a trust agreement or indenture;

(8) Any other or additional agreements with the holders of the obligations, or the trustee therefor, relating to the obligations or the security therefor, including the assignment of mortgages or other security relating to financial assistance for qualified projects under section 5531.09 of the Revised Code.

(F) The obligations may have the great seal of the state or a facsimile thereof affixed thereto or printed thereon. The obligations and any coupons pertaining to obligations shall be signed or bear the facsimile signature of the issuing authority. Any obligations or coupons may be executed by the person who, on the date of execution, is the proper issuing authority although on the date of such bonds or coupons such person was not the issuing authority. In case the issuing authority whose signature or a facsimile of whose signature appears on any such obligation or coupon ceases to be the issuing authority before delivery thereof, such signature or facsimile nevertheless is valid and sufficient for all purposes as if the former issuing authority had remained the issuing authority until such delivery; and in case the seal to be affixed to obligations has been changed after a facsimile of the seal has been imprinted on such obligations, such facsimile seal shall continue to be sufficient as to such obligations and obligations issued in substitution or exchange therefor.

(G) All obligations are negotiable instruments and securities under Chapter 1308. of the Revised Code, subject to the provisions of the bond proceedings as to registration. The obligations may be issued in coupon or in registered form, or both, as the issuing authority determines. Provision may be made for the registration of any obligations with coupons attached thereto as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion into obligations with coupons attached thereto of any obligations registered as to both principal and interest, and for reasonable charges for such registration, exchange, conversion, and reconversion.

(H) Obligations may be sold at public sale or at private sale, as determined in the bond proceedings.

(I) Pending preparation of definitive obligations, the issuing authority may issue interim receipts or certificates which shall be exchanged for such definitive obligations.

(J) In the discretion of the issuing authority, obligations may be secured additionally by a trust agreement or indenture between the issuing authority
and a corporate trustee which may be any trust company or bank having its principal place of business within the state. Any such agreement or indenture may contain the order authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions which are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

1. Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the state has fully paid the bond service charges on the obligations secured thereby, or provision therefor has been made;

2. In the event of default in any payments required to be made by the bond proceedings, or any other agreement of the issuing authority made as a part of the contract under which the obligations were issued, enforcement of such payments or agreement by mandamus, the appointment of a receiver, suit in equity, action at law, or any combination of the foregoing;

3. The rights and remedies of the holders of obligations and of the trustee, and provisions for protecting and enforcing them, including limitations on the rights of individual holders of obligations;

4. The replacement of any obligations that become mutilated or are destroyed, lost, or stolen;

5. Such other provisions as the trustee and the issuing authority agree upon, including limitations, conditions, or qualifications relating to any of the foregoing.

K. Any holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's or trustee's rights are restricted by the bond proceedings, may by any suitable form of legal proceedings, protect and enforce any rights under the laws of this state or granted by such bond proceedings. Such rights include the right to compel the performance of all duties of the issuing authority and the director of transportation required by the bond proceedings or sections 5531.09 and 5531.10 of the Revised Code; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the issuing authority or the director of transportation in the bond proceedings, to apply to a court having jurisdiction of the cause to appoint a receiver to receive and administer the pledged receipts and special funds, other than those in the custody of the treasurer of state, which are pledged to the payment of the bond service charges on such obligations or which are the subject of the covenant or agreement, with full power to pay, and to provide for payment of bond service charges on, such obligations, and with such powers, subject
to the direction of the court, as are accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the state or local governmental entities, or agencies thereof, to the payment of such principal and interest and excluding the power to take possession of, mortgage, or cause the sale or otherwise dispose of any project facilities.

Each duty of the issuing authority and the issuing authority's officers and employees, and of each state or local governmental agency and its officers, members, or employees, undertaken pursuant to the bond proceedings or any loan, loan guarantee, lease, lease-purchase agreement, or other agreement made under authority of section 5531.09 of the Revised Code, and in every agreement by or with the issuing authority, is hereby established as a duty of the issuing authority, and of each such officer, member, or employee having authority to perform such duty, specifically enjoined by the law resulting from an office, trust, or station within the meaning of section 2731.01 of the Revised Code.

The person who is at the time the issuing authority, or the issuing authority's officers or employees, are not liable in their personal capacities on any obligations issued by the issuing authority or any agreements of or with the issuing authority.

(L) The issuing authority may authorize and issue obligations for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of any obligations previously issued by the issuing authority or district obligations. Such refunding obligations may be issued in amounts sufficient for payment of the principal amount of the prior obligations or district obligations, any redemption premiums thereon, principal maturities of any such obligations or district obligations maturing prior to the redemption of the remaining obligations or district obligations on a parity therewith, interest accrued or to accrue to the maturity dates or dates of redemption of such obligations or district obligations, and any expenses incurred or to be incurred in connection with such issuance and such refunding, funding, and retirement. Subject to the bond proceedings therefor, the portion of proceeds of the sale of refunding obligations issued under this division to be applied to bond service charges on the prior obligations or district obligations shall be credited to an appropriate account held by the trustee for such prior or new obligations or to the appropriate account in the bond service fund for such obligations or district obligations. Obligations authorized under this division shall be deemed to be issued for those purposes for which such prior obligations or district obligations were issued and are subject to the
provisions of this section pertaining to other obligations, except as otherwise provided in this section. The last maturity of obligations authorized under this division shall not be later than twenty-five years from the date of issuance of the original securities issued for the original purpose.

(M) The authority to issue obligations under this section includes authority to issue obligations in the form of bond anticipation notes and to renew the same from time to time by the issuance of new notes. The holders of such notes or interest coupons pertaining thereto shall have a right to be paid solely from the pledged receipts and special funds that may be pledged to the payment of the bonds anticipated, or from the proceeds of such bonds or renewal notes, or both, as the issuing authority provides in the order authorizing such notes. Such notes may be additionally secured by covenants of the issuing authority to the effect that the issuing authority and the state will do such or all things necessary for the issuance of such bonds or renewal notes in the appropriate amount, and apply the proceeds thereof to the extent necessary, to make full payment of the principal of and interest on such notes at the time or times contemplated, as provided in such order. For such purpose, the issuing authority may issue bonds or renewal notes in such principal amount and upon such terms as may be necessary to provide funds to pay when required the principal of and interest on such notes, notwithstanding any limitations prescribed by or for purposes of this section. Subject to this division, all provisions for and references to obligations in this section are applicable to notes authorized under this division.

The issuing authority in the bond proceedings authorizing the issuance of bond anticipation notes shall set forth for such bonds an estimated interest rate and a schedule of principal payments for such bonds and the annual maturity dates thereof.

(N) Obligations issued under this section are lawful investments for banks, societies for savings, savings and loan associations, deposit guarantee associations, trust companies, trustees, fiduciaries, insurance companies, including domestic for life and domestic not for life, trustees or other officers having charge of sinking and bond retirement or other special funds of political subdivisions and taxing districts of this state, the commissioners of the sinking fund of the state, the administrator of workers' compensation, the state teachers retirement system, the public employees retirement system, the school employees retirement system, and the Ohio police and fire pension fund, notwithstanding any other provisions of the Revised Code or rules adopted pursuant thereto by any agency of the state with respect to investments by them, and are also acceptable as security for the deposit of public moneys.
(O) Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the special funds established by or pursuant to this section may be invested by or on behalf of the issuing authority only in notes, bonds, or other obligations of the United States, or of any agency or instrumentality of the United States, obligations guaranteed as to principal and interest by the United States, obligations of this state or any political subdivision of this state, and certificates of deposit of any national bank located in this state and any bank, as defined in section 1101.01 of the Revised Code, subject to inspection by the superintendent of financial institutions. If the law or the instrument creating a trust pursuant to division (J) of this section expressly permits investment in direct obligations of the United States or an agency of the United States, unless expressly prohibited by the instrument, such moneys also may be invested in no-front-end-load money market mutual funds consisting exclusively of obligations of the United States or an agency of the United States and in repurchase agreements, including those issued by the fiduciary itself, secured by obligations of the United States or an agency of the United States; and in collective investment funds as defined in division (A) of section 1111.01 of the Revised Code and consisting exclusively of any such securities. The income from such investments shall be credited to such funds as the issuing authority determines, and such investments may be sold at such times as the issuing authority determines or authorizes.

(P) Provision may be made in the applicable bond proceedings for the establishment of separate accounts in the bond service fund and for the application of such accounts only to the specified bond service charges on obligations pertinent to such accounts and bond service fund and for other accounts therein within the general purposes of such fund. Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the several special funds established pursuant to this section shall be disbursed on the order of the treasurer of state, provided that no such order is required for the payment from the bond service fund when due of bond service charges on obligations.

(Q)(1) The issuing authority may pledge all, or such portion as the issuing authority determines, of the pledged receipts to the payment of bond service charges on obligations issued under this section, and for the establishment and maintenance of any reserves, as provided in the bond proceedings, and make other provisions therein with respect to pledged receipts as authorized by this chapter, which provisions are controlling notwithstanding any other provisions of law pertaining thereto.

(2) An action taken under division (Q)(2) of this section does not limit
the generality of division (Q)(1) of this section, and is subject to division (C) of this section and, if and to the extent otherwise applicable, Section 13 of Article VIII, Ohio Constitution. The bond proceedings may contain a covenant that, in the event the pledged receipts primarily pledged and required to be used for the payment of bond service charges on obligations issued under this section, and for the establishment and maintenance of any reserves, as provided in the bond proceedings, are insufficient to make any such payment in full when due, or to maintain any such reserve, the director of transportation shall so notify the governor, and shall determine to what extent, if any, the payment may be made or moneys may be restored to the reserves from lawfully available moneys previously appropriated for that purpose to the department of transportation. The covenant also may provide that if the payments are not made or the moneys are not immediately and fully restored to the reserves from such moneys, the director shall promptly submit to the governor and to the director of budget and management a written request for either or both of the following:

(a) That the next biennial budget submitted by the governor to the general assembly include an amount to be appropriated from lawfully available moneys to the department for the purpose of and sufficient for the payment in full of bond service charges previously due and for the full replenishment of the reserves;

(b) That the general assembly be requested to increase appropriations from lawfully available moneys for the department in the current biennium sufficient for the purpose of and for the payment in full of bond service charges previously due and to come due in the biennium and for the full replenishment of the reserves.

The director of transportation shall include with such requests a recommendation that the payment of the bond service charges and the replenishment of the reserves be made in the interest of maximizing the benefits of the state infrastructure bank. Any such covenant shall not obligate or purport to obligate the state to pay the bond service charges on such bonds or notes or to deposit moneys in a reserve established for such payments other than from moneys that may be lawfully available and appropriated for that purpose during the then-current biennium.

(R) There is hereby created the state infrastructure bank revenue bond service fund, which shall be in the custody of the treasurer of state but shall not be a part of the state treasury. All moneys received by or on account of the issuing authority or state agencies and required by the applicable bond proceedings, consistent with this section, to be deposited, transferred, or credited to the bond service fund, and all other moneys transferred or
allocated to or received for the purposes of the fund, shall be deposited and credited to such fund and to any separate accounts therein, subject to applicable provisions of the bond proceedings, but without necessity for any act of appropriation. The state infrastructure bank revenue bond service fund is a trust fund and is hereby pledged to the payment of bond service charges to the extent provided in the applicable bond proceedings, and payment thereof from such fund shall be made or provided for by the treasurer of state in accordance with such bond proceedings without necessity for any act of appropriation.

(S) The obligations issued pursuant to this section, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within this state.

Sec. 5531.101. (A) Municipal corporations, counties, and townships may not use revenue raised under section 5735.29 of the Revised Code to repay loans made by the state infrastructure bank under section 5531.09 of the Revised Code if both of the following apply:

(1) The loans were made for highway, road, or street projects begun prior to March 31, 2003.

(2) The revenue:

(a) Results from the increase in the tax imposed under section 5735.29 of the Revised Code pursuant to the amendment of the section by Am. Sub. H.B. 87 of the 125th General Assembly; and

(b) Is distributed under section 5735.291 of the Revised Code.

(B) While the loans described in division (A)(1) of this section are outstanding, the tax commissioner shall notify municipal corporations, counties, and townships receiving the revenue described in division (A)(2) of this section of the amount that cannot be used for the loan repayments.

Sec. 5577.99. (A) Whoever violates the weight provisions of sections 5577.01 to 5577.07 or the weight provisions in regard to highways under section 5577.04 of the Revised Code shall be fined eighty dollars for the first two thousand pounds, or fraction thereof, of overload; for overloads in excess of two thousand pounds, but not in excess of five thousand pounds, such person shall be fined one hundred dollars, and in addition thereto one dollar per one hundred pounds of overload; for overloads in excess of five thousand pounds, but not in excess of ten thousand pounds, such person shall be fined one hundred thirty dollars and in addition thereto two dollars per one hundred pounds of overload; for overloads in excess of ten thousand pounds, such person shall be fined one hundred sixty dollars, and in addition thereto three dollars per one hundred pounds of overload, or imprisoned not more than thirty days, or both. For all overloads in excess of ten thousand pounds such person shall be fined one hundred sixty dollars, and in addition thereto three dollars per one hundred pounds of overload, or imprisoned not more than
thirty days, or both. Whoever violates the weight provisions of vehicle and load relating to gross load limits shall be fined not less than one hundred dollars. No penalty prescribed in this division shall be imposed on any vehicle combination if the overload on any axle does not exceed one thousand pounds, and if the immediately preceding or following axle, excepting the front axle of the vehicle combination, is underloaded by the same or a greater amount. For purposes of this division, two axles on one vehicle less than eight feet apart, shall be considered as one axle.

(B) Whoever violates the weight provisions of section 5577.071 or 5577.08 or the weight provisions in regard to bridges under section 5577.09, and whoever exceeds the carrying capacity specified under section 5591.42 of the Revised Code, shall be fined eighty dollars for the first two thousand pounds, or fraction thereof, of overload; for overloads in excess of two thousand pounds, but not in excess of five thousand pounds, the person shall be fined one hundred dollars, and in addition thereto one dollar per one hundred pounds of overload; for overloads in excess of five thousand pounds, but not in excess of ten thousand pounds, the person shall be fined one hundred thirty dollars, and in addition thereto two dollars per one hundred pounds of overload, or imprisoned not more than thirty days, or both. For all overloads in excess of ten thousand pounds, the person shall be fined one hundred sixty dollars, and in addition thereto three dollars per one hundred pounds of overload, or imprisoned not more than thirty days, or both.

Notwithstanding any other provision of the Revised Code that specifies a procedure for the distribution of fines, all fines collected pursuant to division (B) of this section shall be paid into the treasury of the county and credited to any fund for the maintenance and repair of roads, highways, bridges, or culverts.

(C) Whoever violates any other provision of sections 5577.01 to 5577.09 of the Revised Code is guilty of a minor misdemeanor on a first offense; on a second or subsequent offense, such person is guilty of a misdemeanor of the fourth degree.

(D) Whoever violates section 5577.10 of the Revised Code shall be fined not more than five thousand dollars or imprisoned for not less than thirty days nor more than six months, or both.

(E) Whoever violates section 5577.11 of the Revised Code shall be fined not more than twenty-five dollars.

Sec. 5701.11. (A) Except as provided under division (B) of this section, any reference in Title LVII of the Revised Code to the Internal Revenue Code, to the Internal Revenue Code "as amended," to other laws of the
United States, or to other laws of the United States, "as amended" means the Internal Revenue Code or other laws of the United States as they exist on the effective date of this section as enacted by H.B. 530 of the 126th general assembly. This section does not apply to any reference to the Internal Revenue Code or to other laws of the United States as of a date certain specifying the day, month, and year.

(B) For purposes of applying section 5733.04, 5745.01, or 5747.01 of the Revised Code to a taxpayer's taxable year ending in 2005, and also to the subsequent taxable year if it ends before the effective date of this section, a taxpayer may irrevocably elect to incorporate the provisions of the Internal Revenue Code or other laws of the United States that are in effect for federal income tax purposes for those taxable years if those provisions differ from the provisions that would otherwise be incorporated into section 5733.04, 5745.01, or 5747.01 of the Revised Code for those taxable years under division (A) of this section. The filing of a report or return by the taxpayer for the taxable year ending in 2005 that incorporates the provisions of the Internal Revenue Code or other laws of the United States applicable for federal income tax purposes to that taxable year, without adjustments to reverse the effects of any differences between those provisions and the provisions that would otherwise be incorporated under division (A) of this section, constitutes the making of an irrevocable election under this division for that taxable year and for the subsequent taxable year if it ends before the effective date of this section.

Sec. 5703.21. (A) Except as provided in divisions (B) and (C) of this section, no agent of the department of taxation, except in the agent's report to the department or when called on to testify in any court or proceeding, shall divulge any information acquired by the agent as to the transactions, property, or business of any person while acting or claiming to act under orders of the department. Whoever violates this provision shall thereafter be disqualified from acting as an officer or employee or in any other capacity under appointment or employment of the department.

(B)(1) For purposes of an audit pursuant to section 117.15 of the Revised Code, or an audit of the department pursuant to Chapter 117. of the Revised Code, or an audit, pursuant to that chapter, the objective of which is to express an opinion on a financial report or statement prepared or issued pursuant to division (A)(7) or (9) of section 126.21 of the Revised Code, the officers and employees of the auditor of state charged with conducting the audit shall have access to and the right to examine any state tax returns and state tax return information in the possession of the department to the extent that the access and examination are necessary for purposes of the audit. Any
information acquired as the result of that access and examination shall not be divulged for any purpose other than as required for the audit or unless the officers and employees are required to testify in a court or proceeding under compulsion of legal process. Whoever violates this provision shall thereafter be disqualified from acting as an officer or employee or in any other capacity under appointment or employment of the auditor of state.

(2) As provided by section 6103(d)(2) of the Internal Revenue Code, any federal tax returns or federal tax information that the department has acquired from the internal revenue service, through federal and state statutory authority, may be disclosed to the auditor of state solely for purposes of an audit of the department.

(C) Division (A) of this section does not prohibit any of the following:

1) Divulging information contained in applications, complaints, and related documents filed with the department under section 5715.27 of the Revised Code or in applications filed with the department under section 5715.39 of the Revised Code;

2) Providing information to the office of child support within the department of job and family services pursuant to section 3125.43 of the Revised Code;

3) Disclosing to the board of motor vehicle collision repair registration any information in the possession of the department that is necessary for the board to verify the existence of an applicant's valid vendor's license and current state tax identification number under section 4775.07 of the Revised Code;

7) Providing information regarding the name, account number, or business address of a holder of a vendor's license issued pursuant to section 5739.17 of the Revised Code, a holder of a direct payment permit issued pursuant to section 5739.031 of the Revised Code, or a seller having a use tax account maintained pursuant to section 5741.17 of the Revised Code, or information regarding the active or inactive status of a vendor's license, direct payment permit, or seller's use tax account;

8) Releasing invoices or invoice information furnished under section 4301.433 of the Revised Code pursuant to that section;
(9) Providing to a county auditor notices or documents concerning or affecting the taxable value of property in the county auditor's county. Unless authorized by law to disclose documents so provided, the county auditor shall not disclose such documents;

(10) Providing to a county auditor sales or use tax return or audit information under section 333.06 of the Revised Code.

Sec. 5703.57. (A) As used in this section, "Ohio business gateway" has the same meaning as in section 718.051 of the Revised Code.

(B) There is hereby created the Ohio business gateway steering committee to direct the continuing development of the Ohio business gateway and to oversee its operations. The committee shall provide general oversight regarding operation of the Ohio business gateway and shall recommend to the department of administrative services enhancements that will improve the Ohio business gateway. The committee shall consider all banking, technological, administrative, and other issues associated with the Ohio business gateway and shall make recommendations regarding the type of reporting forms or other tax documents to be filed through the Ohio business gateway.

(C) The committee shall consist of:

(1) The following members, appointed by the governor with the advice and consent of the senate:

(a) Not more than two representatives of the business community;
(b) Not more than three representatives of municipal tax administrators; and

(c) Not more than two tax practitioners.

(2) The following ex officio members:

(a) The director or other highest officer of each state agency that has tax reporting forms or other tax documents filed with it through the Ohio business gateway or the director's designee;

(f) The tax commissioner or the tax commissioner's designee.

An appointed member shall serve until the member resigns or is removed by the governor. Vacancies shall be filled in the same manner as original appointments.

(D) A vacancy on the committee does not impair the right of the other members to exercise all the functions of the committee. The presence of a
majority of the members of the committee constitutes a quorum for the
conduct of business of the committee. The concurrence of at least a majority
of the members of the committee is necessary for any action to be taken by
the committee. On request, each member of the committee shall be
reimbursed for the actual and necessary expenses incurred in the discharge
of the member's duties.

(E) The committee is a part of the department of taxation for
administrative purposes.

(F) Each year, the governor shall select a member of the committee to
serve as chairperson. The chairperson shall appoint an official or employee
of the department of taxation to act as the committee's secretary. The
secretary shall keep minutes of the committee's meetings and a journal of all
meetings, proceedings, findings, and determinations of the committee.

(G) The committee shall hire professional, technical, and clerical staff
needed to support its activities.

(H) The committee shall meet as often as necessary to perform its
duties.

Sec. 5705.03. (A) The taxing authority of each subdivision may levy
taxes annually, subject to the limitations of sections 5705.01 to 5705.47 of
the Revised Code, on the real and personal property within the subdivision
for the purpose of paying the current operating expenses of the subdivision
and acquiring or constructing permanent improvements. The taxing
authority of each subdivision and taxing unit shall, subject to the limitations
of such sections, levy such taxes annually as are necessary to pay the
interest and sinking fund on and retire at maturity the bonds, notes, and
certificates of indebtedness of such subdivision and taxing unit, including
levies in anticipation of which the subdivision or taxing unit has incurred
indebtedness.

(B) When a taxing authority determines that it is necessary to levy a
tax outside the ten-mill limitation for any purpose authorized by the Revised
Code, the taxing authority shall certify to the county auditor a resolution or
ordinance requesting that the county auditor certify to the taxing authority
the total current tax valuation of the subdivision, and the number of mills
required to generate a specified amount of revenue, or the dollar amount of
revenue that would be generated by a specified number of mills. The
resolution or ordinance shall state the purpose of the tax, whether the tax is
an additional levy or a renewal or a replacement of an existing tax, and the
section of the Revised Code authorizing submission of the question of the
tax. If a subdivision is located in more than one county, the county auditor
shall obtain from the county auditor of each other county in which the
subdivision is located the current tax valuation for the portion of the subdivision in that county. The county auditor shall issue the certification to the taxing authority within ten days after receiving the taxing authority's resolution or ordinance requesting it.

(2) When considering the tangible personal property component of the tax valuation of the subdivision, the county auditor shall take into account the assessment percentages prescribed in section 5711.22 of the Revised Code. The tax commissioner may issue rules, orders, or instructions directing how the assessment percentages must be utilized.

(3) If, upon receiving the certification from the county auditor, the taxing authority proceeds with the submission of the question of the tax to electors, the taxing authority shall certify its resolution or ordinance, accompanied by a copy of the county auditor's certification, to the proper county board of elections in the manner and within the time prescribed by the section of the Revised Code governing submission of the question, and shall include with its certification the rate of the tax levy, expressed in mills for each one dollar in tax valuation as estimated by the county auditor. The county board of elections shall not submit the question of the tax to electors unless a copy of the county auditor's certification accompanies the resolution or ordinance the taxing authority certifies to the board. Before requesting a taxing authority to submit a tax levy, any agency or authority authorized to make that request shall first request the certification from the county auditor provided under this section.

(4) This division is supplemental to, and not in derogation of, any similar requirement governing the certification by the county auditor of the tax valuation of a subdivision or necessary tax rates for the purposes of the submission of the question of a tax in excess of the ten-mill limitation, including sections 133.18 and 5705.195 of the Revised Code.

(C) All taxes levied on property shall be extended on the tax duplicate by the county auditor of the county in which the property is located, and shall be collected by the county treasurer of such county in the same manner and under the same laws and rules as are prescribed for the assessment and collection of county taxes. The proceeds of any tax levied by or for any subdivision when received by its fiscal officer shall be deposited in its treasury to the credit of the appropriate fund.

Sec. 5705.091. The board of county commissioners of each county shall establish a county mental retardation and developmental disabilities general fund. Notwithstanding sections 5705.00 and 5705.10 of the Revised Code, proceeds from levies under section 5705.222 and division (L) of section 5705.19 of the Revised Code shall be deposited to the credit of the
county mental retardation and developmental disabilities general fund. Accounts shall be established within the county mental retardation and developmental disabilities general fund for each of the several particular purposes of the levies as specified in the resolutions under which the levies were approved, and proceeds from different levies that were approved for the same particular purpose shall be credited to accounts for that purpose. Other money received by the county for the purposes of Chapters 3323. and 5126. of the Revised Code and not required by state or federal law to be deposited to the credit of a different fund shall also be deposited to the credit of the county mental retardation and developmental disabilities general fund, in an account appropriate to the particular purpose for which the money was received. Unless otherwise provided by law, an unexpended balance at the end of a fiscal year in any account in the county mental retardation and developmental disabilities general fund shall be appropriated the next fiscal year to the same fund.

A county board of mental retardation and developmental disabilities may request, by resolution, that the board of county commissioners establish a county mental retardation and developmental disabilities capital fund for money to be used for acquisition, construction, or improvement of capital facilities or acquisition of capital equipment used in providing services to mentally retarded and developmentally disabled persons. The county board of mental retardation and developmental disabilities shall transmit a certified copy of the resolution to the board of county commissioners. Upon receiving the resolution, the board of county commissioners shall establish a county mental retardation and developmental disabilities capital fund.

A county board shall request, by resolution, that the board of county commissioners establish a county MR/DD medicaid reserve fund. Upon receipt of the resolution, the board of county commissioners shall establish a county MR/DD medicaid reserve fund. The portion of federal revenue funds that the county board earns for providing medicaid case management services and home and community-based services that is needed for the county board to pay for extraordinary costs, including extraordinary costs for services to individuals with mental retardation or other developmental disability, and ensure the availability of adequate funds in the event a county property tax levy for services for individuals with mental retardation or other developmental disability fails shall be deposited into the fund. The county board shall use money in the fund for those purposes in accordance with rules adopted under section 5123.0413 of the Revised Code.

Sec. 5705.19. This section does not apply to school districts or county school financing districts.
The taxing authority of any subdivision at any time and in any year, by vote of two-thirds of all the members of the taxing authority, may declare by resolution and certify the resolution to the board of elections not less than seventy-five days before the election upon which it will be voted that the amount of taxes that may be raised within the ten-mill limitation will be insufficient to provide for the necessary requirements of the subdivision and that it is necessary to levy a tax in excess of that limitation for any of the following purposes:

The resolution shall be confined to the purpose or purposes described in one division of this section, to which the revenue derived therefrom shall be applied. The existence in any other division of this section of authority to levy a tax for any part or all of the same purpose or purposes does not preclude the use of such revenues for any part of the purpose or purposes of the division under which the resolution is adopted.

The resolution shall specify the amount of the increase in rate that it is necessary to levy, the purpose of that increase in rate, and the number of years during which the increase in rate shall be in effect, which may or may
not include a levy upon the duplicate of the current year. The number of
years may be any number not exceeding five, except as follows:

1) When the additional rate is for the payment of debt charges, the
increased rate shall be for the life of the indebtedness.

2) When the additional rate is for any of the following, the increased
rate shall be for a continuing period of time:

(a) For the current expenses for a detention facility district, a district

3) When the additional rate is for either of the following, the increased
rate may be for a continuing period of time:

(a) For the purposes set forth in division (I), (J), (U), or (KK) of this
section;

(b) For the maintenance and operation of a joint recreation district.

4) When the increase is for the purpose or purposes set forth in division
(D), (G), (H), (CC), or (PP) of this section, the tax levy may be for any

the resolution.

5) When the additional rate is for the purpose described in division (Z)
of this section, the increased rate shall be for any number of years not

A levy for one of the purposes set forth in division (G), (I), (J), or (U) of
this section may be reduced pursuant to section 5705.261 or 5705.31 of the
Revised Code. A levy for one of the purposes set forth in division (G), (I),
(J), or (U) of this section may also be terminated or permanently reduced by
the taxing authority if it adopts a resolution stating that the continuance of
the levy is unnecessary and the levy shall be terminated or that the millage is
excessive and the levy shall be decreased by a designated amount.

A resolution of a detention facility district, a district organized under
section 2151.65 of the Revised Code, or a combined district organized under
both sections 2151.65 and 2152.41 of the Revised Code may include both
current expenses and other purposes, provided that the resolution shall
apportion the annual rate of levy between the current expenses and the other
purpose or purposes. The apportionment need not be the same for each year
of the levy, but the respective portions of the rate actually levied each year
for the current expenses and the other purpose or purposes shall be limited
by the apportionment.

Whenever a board of county commissioners, acting either as the taxing authority of its county or as the taxing authority of a sewer district or subdistrict created under Chapter 6117. of the Revised Code, by resolution declares it necessary to levy a tax in excess of the ten-mill limitation for the purpose of constructing, improving, or extending sewage disposal plants or sewage systems, the tax may be in effect for any number of years not exceeding twenty, and the proceeds of the tax, notwithstanding the general provisions of this section, may be used to pay debt charges on any obligations issued and outstanding on behalf of the subdivision for the purposes enumerated in this paragraph, provided that any such obligations have been specifically described in the resolution.

The resolution shall go into immediate effect upon its passage, and no publication of the resolution is necessary other than that provided for in the notice of election.

When the electors of a subdivision have approved a tax levy under this section, the taxing authority of the subdivision may anticipate a fraction of the proceeds of the levy and issue anticipation notes in accordance with section 5705.191 or 5705.193 of the Revised Code.

Sec. 5705.195. Within five days after the resolution is certified to the county auditor as provided by section 5705.194 of the Revised Code, the auditor shall calculate and certify to the taxing authority the annual levy, expressed in dollars and cents for each one hundred dollars of valuation as well as in mills for each one dollar of valuation, throughout the life of the levy which will be required to produce the annual amount set forth in the resolution assuming that the amount of the tax list of such subdivision remains throughout the life of the levy the same as the amount of the tax list for the current year, and if this is not determined, the estimated amount submitted by the auditor to the county budget commission. Thereupon When considering the tangible personal property component of the tax valuation of the subdivision, the county auditor shall take into account the assessment percentages prescribed in section 5711.22 of the Revised Code. The tax commissioner may issue rules, orders, or instructions directing how the assessment percentages must be utilized.

Upon receiving the certification from the county auditor, if the taxing authority desires to proceed with the submission of the question it shall, not less than seventy-five days before the day of such election, certify its resolution, together with the amount of the average tax levy, expressed in dollars and cents for each one hundred dollars of valuation as well as in mills for each one dollar of valuation, estimated by the auditor, and the
number of years the levy is to run to the board of elections of the county which shall prepare the ballots and make other necessary arrangements for the submission of the question to the voters of the subdivision.

Sec. 5705.211. (A) As used in this section:

(1) "Adjusted charge-off increase" for a tax year means two and three-tenths per cent of the cumulative carryover property value increase.

(2) "Cumulative carryover property value increase" means the sum of the increases in carryover value certified under division (B)(2) of section 3317.015 of the Revised Code and included in a school district's total taxable value in the computation of recognized valuation under division (B) of that section for all fiscal years from the fiscal year that ends in the first tax year a levy under this section is extended on the tax list of real and public utility property until and including the fiscal year that ends in the current tax year.

(3) "Taxes charged and payable" means the taxes charged and payable from a tax levy extended on the real and public utility property tax list and the general list of personal property before any reduction under section 319.302, 323.152, or 323.158 of the Revised Code.

(B) The board of education of a city, local, or exempted village school district may adopt a resolution proposing the levy of a tax in excess of the ten-mill limitation for the purpose of paying the current operating expenses of the district. If the resolution is approved as provided in division (D) of this section, the tax may be levied at such a rate each tax year that the total taxes charged and payable from the levy equals the adjusted charge-off increase for the tax year or equals a lesser amount as prescribed under division (C) of this section. The tax may be levied for a continuing period of time or for a specific number of years, but not fewer than five years, as provided in the resolution. The tax may not be placed on the tax list for a tax year beginning before the first day of January following adoption of the resolution. A board of education may not adopt a resolution under this section proposing to levy a tax under this section concurrently with any other tax levied by the board under this section.

(C) After the first year a tax is levied under this section, the rate of the tax in any year shall not exceed the rate, estimated by the county auditor, that would cause the sums levied from the tax against carryover property to exceed one hundred four per cent of the sums levied from the tax against carryover property in the preceding year. A board of education imposing a tax under this section may specify in the resolution imposing the tax that the percentage shall be less than one hundred four per cent, but the percentage shall not be less than one hundred per cent. At any time after a resolution
adopted under this section is approved by a majority of electors as provided in division (D) of this section, the board of education, by resolution, may decrease the percentage specified in the resolution levying the tax.

(D) A resolution adopted under this section shall state that the purpose of the tax is to pay current operating expenses of the district, and shall specify the first year in which the tax is to be levied, the number of years the tax will be levied or that it will be levied for a continuing period of time, and the election at which the question of the tax is to appear on the ballot, which shall be a general or special election consistent with the requirements of section 3501.01 of the Revised Code. If the board of education specifies a percentage less than one hundred four per cent pursuant to division (C) of this section, the percentage shall be specified in the resolution.

Upon adoption of the resolution, the board of education may certify a copy of the resolution to the proper county board of elections. The copy of the resolution shall be certified to the board of elections not later than seventy-five days before the day of the election at which the question of the tax is to appear on the ballot. Upon receiving a timely certified copy of such a resolution, the board of elections shall make the necessary arrangements for the submission of the question to the electors of the school district, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the school district for the election of members of the board of education. Notice of the election shall be published in one or more newspapers of general circulation in the school district once per week for four consecutive weeks. The notice shall state that the purpose of the tax is for the current operating expenses of the school district, the first year the tax is to be levied, the number of years the tax is to be levied or that it is to be levied for a continuing period of time, that the tax is to be levied each year in an amount estimated to offset decreases in state base cost funding caused by appreciation in real estate values, and that the estimated additional tax in any year shall not exceed the previous year's by more than four per cent, or a lesser percentage specified in the resolution levying the tax, except for increases caused by the addition of new taxable property.

The question shall be submitted as a separate proposition but may be printed on the same ballot with any other proposition submitted at the same election other than the election of officers.

The form of the ballot shall be substantially as follows:

"An additional tax for the benefit of (name of school district) for the purpose of paying the current operating expenses of the district, for ........... (number of years or for continuing period of time), at a rate sufficient to offset any reduction in basic state funding caused by appreciation in real
estated values? This levy will permit variable annual growth in revenue up to
. . . . (amount specified by school district) per cent for the duration of the
levy.

If a majority of the electors of the school district voting on the question
vote in favor of the question, the board of elections shall certify the results
of the election to the board of education and to the tax commissioner
immediately after the canvass.

(E) When preparing any estimate of the contemplated receipts from a
tax levied pursuant to this section for the purposes of sections 5705.28 to
5705.40 of the Revised Code, and in preparing to certify the tax under
section 5705.34 of the Revised Code, a board of education authorized to
levy such a tax shall use information supplied by the department of
education to determine the adjusted charge-off increase for the tax year for
which that certification is made. If the board levied a tax under this section
in the preceding tax year, the sum to be certified for collection from the tax
shall not exceed the sum that would exceed the limitation imposed under
division (C) of this section. At the request of the board of education or the
treasurer of the school district, the county auditor shall assist the board of
education in determining the rate or sum that may be levied under this
section.

The board of education shall certify the sum authorized to be levied to
the county auditor, and, for the purpose of the county auditor determining
the rate at which the tax is to be levied in the tax year, the sum so certified
shall be the sum to be raised by the tax unless the sum exceeds the limitation
imposed by division (C) of this section. A tax levied pursuant to this section
shall not be levied at a rate in excess of the rate estimated by the county
auditor to produce the sum certified by the board of education before the
reductions under sections 319.302, 323.152, and 323.158 of the Revised
Code. Notwithstanding section 5705.34 of the Revised Code, a board of
education authorized to levy a tax under this section shall certify the tax to
the county auditor before the first day of October of the tax year in which
the tax is to be levied, or at a later date as approved by the tax
commissioner.

Sec. 5705.34. When the budget commission has completed its work
with respect to a tax budget or other information required to be provided
under section 5705.281 of the Revised Code, it shall certify its action to the
taxing authority, together with an estimate by the county auditor of the rate of each tax necessary to be levied by the taxing authority within its subdivision or taxing unit, and what part thereof is in excess of, and what part within, the ten-mill tax limitation. The certification shall also indicate the date on which each tax levied by the taxing authority will expire.

If a taxing authority levies a tax for a fixed sum of money or to pay debt charges for the tax year for which the tax budget is prepared, and a payment on account of that tax is payable to the taxing authority for the tax year under section 5727.85 or 5727.86, 5751.21, or 5751.22 of the Revised Code, the county auditor, when estimating the rate at which the tax shall be levied in the current year, shall estimate the rate necessary to raise the required sum less the estimated amount of any payments made for the tax year to a taxing unit for fixed-sum levies under those sections 5727.85 and 5727.86 of the Revised Code. The estimated rate shall be the rate of the levy that the budget commission certifies with its action under this section.

Each taxing authority, by ordinance or resolution, shall authorize the necessary tax levies and certify them to the county auditor before the first day of October in each year, or at such later date as is approved by the tax commissioner, except that the certification by a board of education shall be made by the first day of April or at such later date as is approved by the commissioner, and except that a township board of park commissioners that is appointed by the board of township trustees and oversees a township park district that contains only unincorporated territory shall authorize only those taxes approved by, and only at the rate approved by, the board of township trustees as required by division (C) of section 511.27 of the Revised Code. If the levying of a tax to be placed on the duplicate of the current year is approved by the electors of the subdivision under sections 5705.01 to 5705.47 of the Revised Code; if the rate of a school district tax is increased due to the repeal of a school district income tax and property tax rate reduction at an election held pursuant to section 5748.04 of the Revised Code; or if refunding bonds to refund all or a part of the principal of bonds payable from a tax levy for the ensuing fiscal year are issued or sold and in the process of delivery, the budget commission shall reconsider and revise its action on the budget of the subdivision or school library district for whose benefit the tax is to be levied after the returns of such election are fully canvassed, or after the issuance or sale of such refunding bonds is certified to it.

Sec. 5709.08. (A)(1) Real or personal property belonging to the state or United States used exclusively for a public purpose, and public property used exclusively for a public purpose, shall be exempt from taxation. Real
(2) For purposes of division (A)(1) of this section, real and personal property owned by the state, even when the property is leased or otherwise operated by a private party, and used as public service facilities described in section 1501.07 of the Revised Code, as concessions or other special projects described in division (F) of section 1531.06 of the Revised Code, as refuge harbors or marine recreational facilities described in section 1547.72 of the Revised Code, or areas described in section 1503.03 of the Revised Code, is hereby declared to be public property "used exclusively for a public purpose."

(B) Real and personal property, when devoted to public use and not held for pecuniary profit, owned by an adjoining state or any political subdivision or agency of such adjoining state, which would be exempt from taxation if owned by the state of Ohio or a political subdivision or agency thereof, shall be exempt from taxation providing that such adjoining state exempts from taxation real and personal property devoted to public use and not held for pecuniary profit, owned by the state of Ohio or any political subdivision or agency thereof, which would be exempt from taxation if owned by the adjoining state or political subdivision or agency thereof.

Sec. 5709.081. (A) Real and tangible personal property owned by a political subdivision that is a public recreational facility for athletic events shall be exempt from taxation if all of the following apply:

both, in which all or a part of that facility is located, providing for payments to the school district or municipal corporation, or both, in lieu of taxes that otherwise would be charged against real and tangible personal property exempted from taxation under this section, for a period of time and under such terms and conditions as the legislative authority of the political subdivision and the board of education or municipal legislative authority, or both, may agree, which agreements are hereby specifically authorized.

(G) As used in this section, "political subdivision" includes the state or an agency of the state if the city, local, or exempted village school district in which the property is situated expressly consents to exempting the property from taxation.

"Public infrastructure improvement" does not include police or fire equipment.

(B) The legislative authority of a municipal corporation, by ordinance, may declare improvements to certain parcels of real property located in the municipal corporation to be a public purpose. Except as otherwise provided in with the approval under division (D) of this section of the board of education of each city, local, or exempted village school district within which the improvements are located, not more than seventy-five per cent of an improvement thus declared to be a public purpose may be exempted from real property taxation for a period of not more than ten years. The ordinance shall specify the percentage of the improvement to be exempted from taxation and the life of the exemption.
An ordinance adopted or amended under this division shall designate the specific public infrastructure improvements made, to be made, or in the process of being made by the municipal corporation that directly benefit, or that once made will directly benefit, the parcels for which improvements are declared to be a public purpose. (C)(1) The legislative authority of a municipal corporation may adopt an ordinance creating an incentive district and declaring improvements to parcels within the district to be a public purpose and, except as provided in division (F) of this section, exempt from taxation as provided in this section, but no legislative authority of a municipal corporation that has a population that exceeds twenty-five thousand, as shown by the most recent federal decennial census, shall adopt an ordinance that creates an incentive district if, as a result of adopting the ordinance, more than the sum of the taxable value of real property in the proposed district for the preceding tax year and the taxable value of all real property in the municipal corporation that would have been taxable in the preceding year were it not for the fact that the property was in an existing incentive district and therefore exempt from taxation exceeds twenty-five per cent of the municipal corporation’s taxable value, as of the first day of January of the year in which the ordinance takes effect, is subject to an exemption because of an incentive district. The twenty-five per cent limitation does not apply to an incentive district that was created by an ordinance adopted prior to January 1, 2006, unless the legislative authority creates an additional incentive district after that date.

The ordinance shall delineate the boundary of the district and specifically identify each parcel within the district. A district may not include any parcel that is or has been exempted from taxation under division (B) of this section or that is or has been within another district created under this division. An ordinance may create more than one such district, and more than one ordinance may be adopted under division (C)(1) of this section.

(2) Not later than thirty days prior to adopting an ordinance under division (C)(1) of this section, if the municipal corporation intends to apply for exemptions from taxation under section 5709.911 of the Revised Code on behalf of owners of real property located within the proposed incentive district, the legislative authority of a municipal corporation shall conduct a
public hearing on the proposed ordinance. Not later than thirty days prior to the public hearing, the legislative authority shall give notice of the public hearing and the proposed ordinance by first class mail to every real property owner whose property is located within the boundaries of the proposed incentive district that is the subject of the proposed ordinance.

(3)(a) An ordinance adopted under division (C)(1) of this section shall specify the life of the incentive district and the percentage of the improvements to be exempted. shall designate the public infrastructure improvements made, to be made, or in the process of being made, that benefit or serve, or, once made, will benefit or serve parcels in the district. The ordinance also shall identify one or more specific projects being, or to be, undertaken in the district that place additional demand on the public infrastructure improvements designated in the ordinance. The project identified may, but need not be, the project under division (C)(3)(b) of this section that places real property in use for commercial or industrial purposes. Except as otherwise permitted under that division, the service payments provided for in section 5709.42 of the Revised Code shall be used to finance the designated public infrastructure improvements for the purpose described in division (D)(1) or (E) of this section, or as provided in section 5709.43 of the Revised Code.

An ordinance adopted under division (C)(1) of this section on or after the effective date of this amendment shall not designate police or fire equipment as public infrastructure improvements, and no service payment provided for in section 5709.42 of the Revised Code and received by the municipal corporation under the ordinance shall be used for police or fire equipment.

(b) An ordinance adopted under division (C)(1) of this section may authorize the use of service payments provided for in section 5709.42 of the Revised Code for the purpose of housing renovations within the incentive district, provided that the ordinance also designates public infrastructure improvements that benefit or serve the district, and that a project within the district places real property in use for commercial or industrial purposes. Service payments may be used to finance or support loans, deferred loans, and grants to persons for the purpose of housing renovations within the district. The ordinance shall designate the parcels within the district that are eligible for housing renovation. The ordinance shall state separately the amounts or the percentages of the expected aggregate service payments that are designated for each public infrastructure improvement and for the general purpose of housing renovations.

(4) Except with the approval of the board of education of each city,
local, or exempted village school district within the territory of which the incentive district is or will be located, and subject to division (E) of this section, the life of an incentive district shall not exceed ten years, and the percentage of improvements to be exempted shall not exceed seventy-five per cent. With approval of the board of education, the life of a district may be not more than thirty years, and the percentage of improvements to be exempted may be not more than one hundred per cent. The approval

(5) Approval of a board of education shall be obtained in the manner provided in division (D) of this section for exemptions under division (B) of this section, except that the notice to the board of education shall delineate the boundaries of the district, specifically identify each parcel within the district, identify each anticipated improvement in the district, provide an estimate of the true value in money of each such improvement, specify the life of the district and the percentage of improvements that would be exempted, and indicate the date on which the legislative authority intends to adopt the ordinance.

(D)(1) If the ordinance declaring improvements to a parcel to be a public purpose or creating an incentive district specifies that payments in lieu of taxes provided for in section 5709.42 of the Revised Code shall be paid to the city, local, or exempted village school district in which the parcel or incentive district is located in the amount of the taxes that would have been payable to the school district if the improvements had not been exempted from taxation, the percentage of the improvement that may be exempted from taxation may exceed seventy-five per cent, and the exemption may be granted for up to thirty years, without the approval of the board of education as otherwise required under division (D)(2) of this section.

(2) Improvements with respect to a parcel may be exempted from taxation under division (B) of this section, and improvements to parcels within an incentive district may be exempted from taxation under division (C) of this section, for up to ten years or, with the approval under this paragraph of the board of education of the city, local, or exempted village school district within which the parcel or district is located, for up to thirty years. The percentage of the improvement exempted from taxation may, with such approval, exceed seventy-five per cent, but shall not exceed one hundred per cent. Not later than forty-five business days prior to adopting an ordinance under this section declaring improvements to be a public purpose that is subject to approval by a board of education under this division, the legislative authority shall deliver to the board of education a notice stating its intent to adopt an ordinance making that declaration. The notice
regarding improvements with respect to a parcel under division (B) of this section shall identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period for which the improvements would be exempted from taxation and the percentage of the improvement that would be exempted, and indicate the date on which the legislative authority intends to adopt the ordinance. The notice regarding improvements to parcels within an incentive district under division (C) of this section shall delineate the boundaries of the district, specifically identify each parcel within the district, identify each anticipated improvement in the district, provide an estimate of the true value in money of each such improvement, specify the life of the district and the percentage of improvements that would be exempted, and indicate the date on which the legislative authority intends to adopt the ordinance. The board of education, by resolution adopted by a majority of the board, may approve the exemption for the period or for the exemption percentage specified in the notice, or may disapprove the exemption for the number of years in excess of ten, or may approve the exemption for the percentage of the improvement to be exempted in excess of seventy-five per cent, or both, or may approve the exemption on the condition that the legislative authority and the board negotiate an agreement providing for compensation to the school district equal in value to a percentage of the amount of taxes exempted in the eleventh and subsequent years of the exemption period or, in the case of exemption percentages in excess of seventy-five per cent, compensation equal in value to a percentage of the taxes that would be payable on the portion of the improvement in excess of seventy-five per cent were that portion to be subject to taxation, or other mutually agreeable compensation. The board of education shall certify its resolution to the legislative authority not later than fourteen days prior to the date the legislative authority intends to adopt the ordinance as indicated in the notice. If the board of education and the legislative authority negotiate a mutually acceptable compensation agreement, the ordinance may declare the improvements a public purpose for the number of years specified in the ordinance or, in the case of exemption percentages in excess of seventy-five per cent, for the exemption percentage specified in the ordinance. In either case, if the board and the legislative authority fail to negotiate a mutually acceptable compensation agreement, the ordinance may declare the improvements a public purpose for not more than ten years, but and shall not exempt more than seventy-five per cent of the improvements from taxation. If the board fails to certify a resolution to the legislative authority
within the time prescribed by this division, the legislative authority thereupon may adopt the ordinance and may declare the improvements a public purpose for up to thirty years, or, in the case of exemption percentages proposed in excess of seventy-five per cent, for the exemption percentage specified in the ordinance. The legislative authority may adopt the ordinance at any time after the board of education certifies its resolution approving the exemption to the legislative authority, or, if the board approves the exemption on the condition that a mutually acceptable compensation agreement be negotiated, at any time after the compensation agreement is agreed to by the board and the legislative authority.

(3)(4) If a board of education has adopted a resolution waiving its right to approve exemptions from taxation under this section and the resolution remains in effect, approval of exemptions by the board is not required under this division (D) of this section. If a board of education has adopted a resolution allowing a legislative authority to deliver the notice required under division (D)(2) of this section fewer than forty-five business days prior to the legislative authority's adoption of the ordinance, the legislative authority shall deliver the notice to the board not later than the number of days prior to such adoption as prescribed by the board in its resolution. If a board of education adopts a resolution waiving its right to approve agreements or shortening the notification period, the board shall certify a copy of the resolution to the legislative authority. If the board of education rescinds such a resolution, it shall certify notice of the rescission to the legislative authority.

(4)(5) If the legislative authority is not required by division (D)(1) or (2) or (3) of this section to notify the board of education of the legislative authority's intent to declare improvements to be a public purpose, the legislative authority shall comply with the notice requirements imposed under section 5709.83 of the Revised Code, unless the board has adopted a resolution under that section waiving its right to receive such a notice.

(E)(1) If a proposed ordinance under division (C)(1) of this section exempts improvements with respect to a parcel within an incentive district for more than ten years, or the percentage of the improvement exempted from taxation exceeds seventy-five per cent, not later than forty-five business days prior to adopting the ordinance the legislative authority of the municipal corporation shall deliver to the board of county commissioners of the county within which the incentive district will be located a notice that states its intent to adopt an ordinance creating an incentive district. The notice shall include a copy of the proposed ordinance, identify the parcels for which improvements are to be exempted from taxation, provide an
estimate of the true value in money of the improvements, specify the period of time for which the improvements would be exempted from taxation, specify the percentage of the improvements that would be exempted from taxation, and indicate the date on which the legislative authority intends to adopt the ordinance.

(2) The board of county commissioners, by resolution adopted by a majority of the board, may object to the exemption for the number of years in excess of ten, may object to the exemption for the percentage of the improvement to be exempted in excess of seventy-five per cent, or both, or may accept either or both exemptions. If the board of county commissioners objects, the board may negotiate a mutually acceptable compensation agreement with the legislative authority that provides. In no case shall the compensation provided to the board exceed the property taxes foregone due to the exemption. If the board of county commissioners objects, and the board and legislative authority fail to negotiate a mutually acceptable compensation agreement, the ordinance adopted under division (C)(1) of this section shall provide to the board compensation in the eleventh and subsequent years of the exemption period compensation equal in value to not more than fifty per cent of the taxes that would be payable to the county or, if the board’s objection includes an objection to an exemption percentage in excess of seventy-five per cent, compensation equal in value to not more than fifty per cent of the taxes that would be payable to the county, on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation. The board of county commissioners shall certify its resolution to the legislative authority not later than thirty days after receipt of the notice.

(3) If the board of county commissioners does not object or fails to certify its resolution objecting to an exemption within thirty days after receipt of the notice, the legislative authority may adopt the ordinance, and no compensation shall be provided to the board of county commissioners. If the board timely certifies its resolution objecting to the ordinance, the legislative authority may adopt the ordinance at any time after a mutually acceptable compensation agreement is agreed to by the board and the legislative authority, or, if no compensation agreement is negotiated, at any time after the legislative authority agrees in the proposed ordinance to provide compensation to the board of fifty per cent of the taxes that would be payable to the county in the eleventh and subsequent years of the exemption period or on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation.

(F) Any of the following property tax levies that are enacted Service
payments in lieu of taxes that are attributable to any amount by which the effective tax rate of either a renewal levy with an increase or a replacement levy exceeds the effective tax rate of the levy renewed or replaced, or that are attributable to an additional levy, for a levy authorized by the voters for any of the following purposes on or after January 1, 2006, and after the date which are provided pursuant to an ordinance creating an incentive district under division (C)(1) of this section that is adopted on or after January 1, 2006, under division (C)(1) of this section shall be levied on property that was exempted from taxation distributed to the appropriate taxing authority as required under division (C) of section 5709.42 of the Revised Code in an amount equal to the amount of taxes from that additional levy or from the increase in the effective tax rate of such renewal or replacement levy that would have been payable to that taxing authority from the following levies were it not for the exemption authorized under division (C) of this section, and revenues collected from such levies shall not be used to provide service payments under this section:

(1) A tax levied under division (L) of section 5705.19 or section 5705.191 of the Revised Code for community mental retardation and developmental disabilities programs and services pursuant to Chapter 5126. of the Revised Code;

(2) A tax levied under division (Y) of section 5705.19 of the Revised Code for providing or maintaining senior citizens services or facilities;

(3) A tax levied under section 5705.22 of the Revised Code for county hospitals;

(4) A tax levied by a joint-county district or by a county under section 5705.19, 5705.191, or 5705.221 of the Revised Code for alcohol, drug addiction, and mental health services or facilities;

(10) A tax levied under section 1545.20 or 1545.21 of the Revised Code for park district purposes;

(12) A tax levied under section 3709.29 of the Revised Code for a general health district program.

(G) An exemption from taxation granted under this section commences with the tax year specified in the ordinance so long as the year specified in the ordinance commences after the effective date of the ordinance. If the ordinance specifies a year commencing before the effective date of the resolution or specifies no year whatsoever, the exemption commences with the tax year in which an exempted improvement first appears on the tax list and duplicate of real and public utility property and that commences after the effective date of the ordinance. Except as otherwise provided in this division, the exemption ends on the date specified in the ordinance as the date the improvement ceases to be a public purpose or the incentive district expires, or ends on the date on which the public infrastructure improvements and housing renovations are paid in full from the municipal public improvement tax increment equivalent fund established under division (A) of section 5709.43 of the Revised Code, whichever occurs first. The exemption of an improvement with respect to a parcel or within an incentive district may end on a later date, as specified in the ordinance, if the legislative authority and the board of education of the city, local, or exempted village school district within which the parcel or district is located have entered into a compensation agreement under section 5709.82 of the Revised Code with respect to the improvement or district, and the board of education has approved the term of the exemption under division (D)(2) of this section, but in no case shall the improvement be exempted from taxation for more than thirty years. Exemptions shall be claimed and allowed in the same manner as in the case of other real property exemptions. If an exemption status changes during a year, the procedure for the apportionment of the taxes for that year is the same as in the case of other changes in tax exemption status during the year.

(H) Additional municipal financing of public infrastructure improvements and housing renovations may be provided by any methods that the municipal corporation may otherwise use for financing such improvements or renovations. If the municipal corporation issues bonds or notes to finance the public infrastructure improvements and housing
renovations and pledges money from the municipal public improvement tax increment equivalent fund to pay the interest on and principal of the bonds or notes, the bonds or notes are not subject to Chapter 133. of the Revised Code.

(I) The municipal corporation, not later than fifteen days after the adoption of an ordinance under this section, shall submit to the director of development a copy of the ordinance. On or before the thirty-first day of March of each year, the municipal corporation shall submit a status report to the director of development. The report shall indicate, in the manner prescribed by the director, the progress of the project during each year that an exemption remains in effect, including a summary of the receipts from service payments in lieu of taxes; expenditures of money from the funds created under section 5709.43 of the Revised Code; a description of the public infrastructure improvements and housing renovations financed with such expenditures; and a quantitative summary of changes in employment and private investment resulting from each project.

(J) Nothing in this section shall be construed to prohibit a legislative authority from declaring to be a public purpose improvements with respect to more than one parcel.

Sec. 5709.42. (A) A municipal corporation that has declared an improvement to be a public purpose under section 5709.40 or 5709.41 of the Revised Code may require the owner of any structure located on the parcel to make annual service payments in lieu of taxes to the county treasurer on or before the final dates for payment of real property taxes. Each such payment shall be charged and collected in the same manner and in the same amount as the real property taxes that would have been charged and payable against the improvement if it were not exempt from taxation. If any reduction in the levies otherwise applicable to such exempt property is made by the county budget commission under section 5705.31 of the Revised Code, the amount of the service payment in lieu of taxes shall be calculated as if such reduction in levies had not been made.

(B) Moneys collected as service payments in lieu of taxes shall be distributed at the same time and in the same manner as real property tax payments. However, subject to division (C) of this section or section 5709.913 of the Revised Code, the entire amount so collected shall be distributed to the municipal corporation in which the improvement is located. If an ordinance adopted under section 5709.40 or 5709.41 of the Revised Code specifies that service payments shall be paid to the city, local, or exempted village school district in which the improvements are located, the county treasurer shall distribute the portion of the service payments to
that school district in an amount equal to the property tax payments the school district would have received from the portion of the improvements exempted from taxation had the improvements not been exempted, as directed in the ordinance. The treasurer shall maintain a record of the service payments in lieu of taxes made from property in each municipal corporation.

(C) If annual service payments in lieu of taxes are required under this section, the county treasurer shall distribute to the appropriate taxing authorities the portion of the service payments that represents payments required under division (F) of section 5709.40 of the Revised Code.

(D) Nothing in this section or section 5709.40 or 5709.41 of the Revised Code affects the taxes levied against that portion of the value of any parcel of property that is not exempt from taxation.

Sec. 5709.43. (A) A municipal corporation that grants a tax exemption under section 5709.40 of the Revised Code shall establish a municipal public improvement tax increment equivalent fund into which shall be deposited service payments in lieu of taxes distributed to the municipal corporation under section 5709.42 of the Revised Code. If the legislative authority of the municipal corporation has adopted an ordinance under division (C) of section 5709.40 of the Revised Code, the municipal corporation shall establish at least one account in that fund with respect to ordinances adopted under division (B) of that section, and one account with respect to each incentive district created in an ordinance adopted under division (C) of that section. If an ordinance adopted under division (C) of section 5709.40 of the Revised Code also authorizes the use of service payments for housing renovations within the district, the municipal corporation shall establish separate accounts for the service payments designated for public infrastructure improvements and for the service payments authorized for the purpose of housing renovations. Money in an account of the municipal public improvement tax increment equivalent fund shall be used to finance the public infrastructure improvements designated in, or the housing renovations authorized by, the ordinance with respect to which the account is established; in the case of an account established with respect to an ordinance adopted under division (C) of that section, money in the account shall be used to finance the public infrastructure improvements designated, or the housing renovations authorized, for each incentive district created in the ordinance. Money in an account shall not be used to finance or support housing renovations that take place after the incentive district has expired. The municipal corporation also may deposit into any of those accounts municipal income tax revenue that has been designated by ordinance to finance the public infrastructure improvements and housing
renovations.

(B) A municipal corporation may establish an urban redevelopment tax increment equivalent fund, by resolution or ordinance of its legislative authority, into which shall be deposited service payments in lieu of taxes distributed to the municipal corporation by the county treasurer as provided in section 5709.42 of the Revised Code for improvements exempt from taxation pursuant to an ordinance adopted under section 5709.41 of the Revised Code. Moneys deposited in the urban redevelopment tax increment equivalent fund shall be used for such purposes as are authorized in the resolution or ordinance establishing the fund. The municipal corporation also may deposit into the urban redevelopment tax increment equivalent fund municipal income tax revenue that has been dedicated to fund any of the purposes for which the fund is established.

(C)(1)(a) A municipal corporation also may distribute money in the municipal public improvement tax increment equivalent fund or the urban redevelopment tax increment equivalent fund to any school district in which the exempt property is located, in an amount not to exceed the amount of real property taxes that such school district would have received from the improvement if it were not exempt from taxation, or use money in either or both funds to finance specific public improvements benefiting the school district. The resolution or ordinance establishing the fund shall set forth the percentage of such maximum amount that will be distributed to any affected school district or used to finance specific public improvements benefiting the school district.

(b) A municipal corporation also may distribute money in the municipal public improvement tax increment equivalent fund or the urban redevelopment tax increment equivalent fund as follows:

(i) To a board of county commissioners, in the amount that is owed to the board pursuant to division (E) of section 5709.40 of the Revised Code;

(ii) To a county in accordance with section 5709.913 of the Revised Code.

(2) Money from an account in a municipal public improvement tax increment equivalent fund or from an urban redevelopment tax increment equivalent fund may be distributed under division (C)(1)(b) of this section, regardless of the date a resolution or an ordinance was adopted under section 5709.40 or 5709.41 of the Revised Code that prompted the establishment of the account or the establishment of the urban redevelopment tax increment equivalent fund, even if the resolution or ordinance was adopted prior to the effective date of this amendment.

(D) Any incidental surplus remaining in the municipal public
improvement tax increment equivalent fund or an account of that fund, or in the urban redevelopment tax increment equivalent fund, upon dissolution of the account or fund shall be transferred to the general fund of the municipal corporation.

Sec. 5709.73. (A) As used in this section and section 5709.74 of the Revised Code:

(1) "Business day" means a day of the week excluding Saturday, Sunday, and a legal holiday as defined in section 1.14 of the Revised Code.

(2) "Further improvements" or "improvements" means the increase in the assessed value of real property that would first appear on the tax list and duplicate of real and public utility property after the effective date of a resolution adopted under this section were it not for the exemption granted by that resolution. For purposes of division (B) of this section, "improvements" do not include any property used or to be used for residential purposes.

(3) "Housing renovation" means a project carried out for residential purposes.

(4) "Incentive district" has the same meaning as in section 5709.40 of the Revised Code, except that a blighted area is in the unincorporated area of a township.

(5) "Project" and "public infrastructure improvement" have the same meanings as in section 5709.40 of the Revised Code.

(B) A board of township trustees may, by unanimous vote, adopt a resolution that declares to be a public purpose any public infrastructure improvements made that are necessary for the development of certain parcels of land located in the unincorporated area of the township. Except as otherwise provided in with the approval under division (D) of this section of the board of education of each city, local, or exempted village school district within which the improvements are located, the resolution may exempt from real property taxation not more than seventy-five per cent of further improvements to a parcel of land that directly benefits from the public infrastructure improvements, for a period of not more than ten years. The resolution shall specify the percentage of the further improvements to be exempted and the life of the exemption.

(C)(1) A board of township trustees may adopt, by unanimous vote, a resolution creating an incentive district and declaring improvements to parcels within the district to be a public purpose and, except as provided in division (F) of this section, exempt from taxation as provided in this section, but no board of township trustees of a township that has a population that exceeds twenty-five thousand, as shown by the most recent federal
decennial census, shall adopt a resolution that creates an incentive district if, as a result of adopting the resolution, more than the sum of the taxable value of real property in the proposed district for the preceding tax year and the taxable value of all real property in the township that would have been taxable in the preceding year were it not for the fact that the property was in an existing incentive district and therefore exempt from taxation exceeds twenty-five per cent of the township's taxable value, as of the first day of January of the year in which the resolution takes effect, is subject to exemption because of an incentive district. The twenty-five per cent limitation does not apply to an incentive district that was created by a resolution adopted prior to January 1, 2006, unless the board creates an additional incentive district after that date taxable value of real property in the township for the preceding tax year. The district shall be located within the unincorporated area of the township and shall not include any territory that is included within a district created under division (B) of section 5709.78 of the Revised Code. The resolution shall delineate the boundary of the district and specifically identify each parcel within the district. A district may not include any parcel that is or has been exempted from taxation under division (B) of this section or that is or has been within another district created under this division. A resolution may create more than one district, and more than one resolution may be adopted under division (C)(1) of this section.

(2) Not later than thirty days prior to adopting a resolution under division (C)(1) of this section, if the township intends to apply for exemptions from taxation under section 5709.911 of the Revised Code on behalf of owners of real property located within the proposed incentive district, the board shall conduct a public hearing on the proposed resolution. Not later than thirty days prior to the public hearing, the board shall give notice of the public hearing and the proposed resolution by first class mail to every real property owner whose property is located within the boundaries of the proposed incentive district that is the subject of the proposed resolution.

(3)(a) A resolution adopted under division (C)(1) of this section shall specify the life of the incentive district and the percentage of the improvements to be exempted, shall designate the public infrastructure improvements made, to be made, or in the process of being made, that benefit or serve, or, once made, will benefit or serve parcels in the district. The resolution also shall identify one or more specific projects being, or to be, undertaken in the district that place additional demand on the public infrastructure improvements designated in the resolution. The project
identified may, but need not be, the project under division (C)(3)(b) of this section that places real property in use for commercial or industrial purposes.

A resolution adopted under division (C)(1) of this section on or after the effective date of this amendment shall not designate police or fire equipment as public infrastructure improvements, and no service payment provided for in section 5709.74 of the Revised Code and received by the township under the resolution shall be used for police or fire equipment.

(b) A resolution adopted under division (C)(1) of this section may authorize the use of service payments provided for in section 5709.74 of the Revised Code for the purpose of housing renovations within the incentive district, provided that the resolution also designates public infrastructure improvements that benefit or serve the district, and that a project within the district places real property in use for commercial or industrial purposes. Service payments may be used to finance or support loans, deferred loans, and grants to persons for the purpose of housing renovations within the district. The resolution shall designate the parcels within the district that are eligible for housing renovations. The resolution shall state separately the amount or the percentages of the expected aggregate service payments that are designated for each public infrastructure improvement and for the purpose of housing renovations.

(4) Except with the approval of the board of education of each city, local, or exempted village school district within the territory of which the incentive district is or will be located, and subject to division (E) of this section, the life of an incentive district shall not exceed ten years, and the percentage of improvements to be exempted shall not exceed seventy-five per cent. With approval of the board of education, the life of a district may be not more than thirty years, and the percentage of improvements to be exempted may be not more than one hundred per cent. The approval

(5) Approval of a board of education shall be obtained in the manner provided in division (D) of this section for exemptions under division (B) of this section, except that the notice to the board of education shall delineate the boundaries of the district, specifically identify each parcel within the district, identify each anticipated improvement in the district, provide an estimate of the true value in money of each such improvement, specify the life of the district and the percentage of improvements that would be exempted, and indicate the date on which the board of township trustees intends to adopt the resolution.

(D) Improvements with respect to a parcel may be exempted from taxation under division (B) of this section, and improvements to parcels
within an incentive district may be exempted from taxation under division (C) of this section, for up to ten years or, with the approval of the board of education of the city, local, or exempted village school district within which the parcel or district is located, for up to thirty years. The percentage of the improvements exempted from taxation may, with such approval, exceed seventy-five per cent, but shall not exceed one hundred per cent. Not later than forty-five business days prior to adopting a resolution under this section declaring improvements to be a public purpose that is subject to approval by a board of education under this division, the board of township trustees shall deliver to the board of education a notice stating its intent to adopt a resolution making that declaration. The notice regarding improvements with respect to a parcel under division (B) of this section shall identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period for which the improvements would be exempted from taxation and the percentage of the improvements that would be exempted, and indicate the date on which the board of township trustees intends to adopt the resolution. The notice regarding improvements made under division (C) of this section to parcels within an incentive district shall delineate the boundaries of the district, specifically identify each parcel within the district, identify each anticipated improvement in the district, provide an estimate of the true value in money of each such improvement, specify the life of the district and the percentage of improvements that would be exempted, and indicate the date on which the board of township trustees intends to adopt the resolution. The board of education, by resolution adopted by a majority of the board, may approve the exemption for the period or for the exemption percentage specified in the notice; may disapprove the exemption for the number of years in excess of ten, may disapprove the exemption for the percentage of the improvements to be exempted in excess of seventy-five per cent, or both; or may approve the exemption on the condition that the board of township trustees and the board of education negotiate an agreement providing for compensation to the school district equal in value to a percentage of the amount of taxes exempted in the eleventh and subsequent years of the exemption period or, in the case of exemption percentages in excess of seventy-five per cent, compensation equal in value to a percentage of the taxes that would be payable on the portion of the improvements in excess of seventy-five per cent were that portion to be subject to taxation, or other mutually agreeable compensation. The

The board of education shall certify its resolution to the board of township trustees not later than fourteen days prior to the date the board of
tow nship trustees intends to adopt the resolution as indicated in the notice. If the board of education and the board of township trustees negotiate a mutually acceptable compensation agreement, the resolution may declare the improvements a public purpose for the number of years specified in the resolution or, in the case of exemption percentages in excess of seventy-five per cent, for the exemption percentage specified in the resolution. In either case, if the board of education and the board of township trustees fail to negotiate a mutually acceptable compensation agreement, the resolution may declare the improvements a public purpose for not more than ten years, but and shall not exempt more than seventy-five per cent of the improvements from taxation. If the board of education fails to certify a resolution to the board of township trustees within the time prescribed by this section, the board of township trustees thereupon may adopt the resolution and may declare the improvements a public purpose for up to thirty years or, in the case of exemption percentages proposed in excess of seventy-five per cent, for the exemption percentage specified in the resolution. The board of township trustees may adopt the resolution at any time after the board of education certifies its resolution approving the exemption to the board of township trustees, or, if the board of education approves the exemption on the condition that a mutually acceptable compensation agreement be negotiated, at any time after the compensation agreement is agreed to by the board of education and the board of township trustees.

If a board of education has adopted a resolution waiving its right to approve exemptions from taxation under this section and the resolution remains in effect, approval of such exemptions by the board of education is not required under this division (D) of this section. If a board of education has adopted a resolution allowing a board of township trustees to deliver the notice required under this division (D) of this section fewer than forty-five business days prior to adoption of the resolution by the board of township trustees, the board of township trustees shall deliver the notice to the board of education not later than the number of days prior to the adoption as prescribed by the board of education in its resolution. If a board of education adopts a resolution waiving its right to approve exemptions or shortening the notification period, the board of education shall certify a copy of the resolution to the board of township trustees. If the board of education rescinds the resolution, it shall certify notice of the rescission to the board of township trustees.

If the board of township trustees is not required by this division (D) of this section to notify the board of education of the board of township trustees...
trustees' intent to declare improvements to be a public purpose, the board of 
township trustees shall comply with the notice requirements imposed under 
section 5709.83 of the Revised Code before taking formal action to adopt 
the resolution making that declaration, unless the board of education has 
adopted a resolution under that section waiving its right to receive the 
notice.

(E)(1) If a proposed resolution under division (C)(1) of this section 
exempts improvements with respect to a parcel within an incentive 
district for more than ten years, or the percentage of the improvement exempted 
from taxation exceeds seventy-five per cent, not later than forty-five 
business days prior to adopting the ordinance resolution the board of 
township trustees shall deliver to the board of county commissioners of the 
county within which the incentive district is or will be located a notice that 
states its intent to adopt a resolution creating an incentive district. The notice 
shall include a copy of the proposed resolution, identify the parcels for 
which improvements are to be exempted from taxation, provide an estimate 
of the true value in money of the improvements, specify the period of time 
for which the improvements would be exempted from taxation, specify the 
percentage of the improvements that would be exempted from taxation, and 
indicate the date on which the board of township trustees intends to adopt 
the resolution.

(2) The board of county commissioners, by resolution adopted by a 
majority of the board, may object to the exemption for the number of years 
in excess of ten, may object to the exemption for the percentage of the 
 improvement to be exempted in excess of seventy-five per cent, or both, or 
may accept either or both exemptions. If the board of county commissioners 
objects, the board may negotiate a mutually acceptable compensation 
agreement with the board of township trustees that provides. In no case shall 
the compensation provided to the board of county commissioners exceed the 
property taxes foregone due to the exemption. If the board of county commissioners 
objects, and the board of county commissioners and board of 
township trustees fail to negotiate a mutually acceptable compensation 
agreement, the resolution adopted under division (C)(1) of this section shall 
 provide to the board of county commissioners compensation in the eleventh 
and subsequent years of the exemption period compensation equal in value 
to not more than fifty per cent of the taxes that would be payable to the 
county or, if the board of county commissioner's objection includes an 
objection to an exemption percentage in excess of seventy-five per cent, 
compensation equal in value to not more than fifty per cent of the taxes that 
would be payable to the county, on the portion of the improvement in excess
of seventy-five per cent, were that portion to be subject to taxation. The board of county commissioners shall certify its resolution to the board of township trustees not later than thirty days after receipt of the notice.

(3) If the board of county commissioners does not object or fails to certify its resolution objecting to an exemption within thirty days after receipt of the notice, the board of township trustees may adopt its resolution, and no compensation shall be provided to the board of county commissioners. If the board of county commissioners timely certifies its resolution objecting to the trustees’ resolution, the board of township trustees may adopt its resolution at any time after a mutually acceptable compensation agreement is agreed to by the board of county commissioners and the board of township trustees, or, if no compensation agreement is negotiated, at any time after the board of township trustees agrees in the proposed resolution to provide compensation to the board of county commissioners of fifty per cent of the taxes that would be payable to the county in the eleventh and subsequent years of the exemption period or on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation.

(F) Any of the following property tax levies that are enacted Service payments in lieu of taxes that are attributable to any amount by which the effective tax rate of either a renewal levy with an increase or a replacement levy exceeds the effective tax rate of the levy renewed or replaced, or that are attributable to an additional levy, for a levy authorized by the voters for any of the following purposes on or after January 1, 2006, and after the date an ordinance which are provided pursuant to a resolution creating an incentive district under division (C)(1) of this section that is adopted on or after January 1, 2006, under division (C)(1) of this section shall be levied on property that was exempted from taxation distributed to the appropriate taxing authority as required under division (C) of section 5709.74 of the Revised Code in an amount equal to the amount of taxes from that additional levy or from the increase in the effective tax rate of such renewal or replacement levy that would have been payable to that taxing authority from the following levies were it not for the exemption authorized under division (C) of this section and revenues collected from such levies shall not be used to provide service payments under this section:

(1) A tax levied under division (L) of section 5705.19 or section 5705.191 of the Revised Code for community mental retardation and developmental disabilities programs and services pursuant to Chapter 5126. of the Revised Code;

(2) A tax levied under division (Y) of section 5705.19 of the Revised
Am. Sub. H. B. No. 530

Code for providing or maintaining senior citizens services or facilities;

(3) A tax levied under section 5705.22 of the Revised Code for county hospitals;

(4) A tax levied by a joint-county district or by a county under section 5705.19, 5705.191, or 5705.221 of the Revised Code for alcohol, drug addiction, and mental health services or families;

(6) A tax levied under section 5705.24 of the Revised Code for the support of children services and the placement and care of children;

(9) A tax levied under division (A), (F), or (H) of section 5705.19 of the Revised Code for parks and recreational purposes of a joint recreation district organized pursuant to division (B) of section 755.14 of the Revised Code;

(10) A tax levied under section 1545.20 or 1545.21 of the Revised Code for park district purposes;

(11) A tax levied under section 5705.191 of the Revised Code for the purpose of making appropriations for public assistance; human or social services; public relief; public welfare; public health and hospitalization; and support of general hospitals;

(12) A tax levied under section 3709.29 of the Revised Code for a general health district program.

(G) An exemption from taxation granted under this section commences with the tax year specified in the resolution that begins so long as the year specified in the resolution commences after the effective date of the resolution. If the resolution specifies a year commencing before the effective date of the resolution or specifies no year whatsoever, the exemption commences with the tax year in which an exempted improvement first appears on the tax list and duplicate of real and public utility property and that commences after the effective date of the resolution. Except as otherwise provided in this division, the exemption ends on the date specified in the resolution as the date the improvement ceases to be a public purpose or the incentive district expires, or ends on the date on which the public infrastructure improvements and housing renovations are paid in full from the township public improvement tax increment equivalent fund established
under section 5709.75 of the Revised Code, whichever occurs first. The exemption of an improvement with respect to a parcel or within an incentive district may end on a later date, as specified in the resolution, if the board of township trustees and the board of education of the city, local, or exempted village school district within which the parcel or district is located have entered into a compensation agreement under section 5709.82 of the Revised Code with respect to the improvement or district and the board of education has approved the term of the exemption under division (D) of this section, but in no case shall the improvement be exempted from taxation for more than thirty years. The board of township trustees may, by majority vote, adopt a resolution permitting the township to enter into such agreements as the board finds necessary or appropriate to provide for the construction or undertaking of public infrastructure improvements and housing renovations. Any exemption shall be claimed and allowed in the same or a similar manner as in the case of other real property exemptions. If an exemption status changes during a tax year, the procedure for the apportionment of the taxes for that year is the same as in the case of other changes in tax exemption status during the year.

(H) The board of township trustees may issue the notes of the township to finance all costs pertaining to the construction or undertaking of public infrastructure improvements and housing renovations made pursuant to this section. The notes shall be signed by the board and attested by the signature of the township fiscal officer, shall bear interest not to exceed the rate provided in section 9.95 of the Revised Code, and are not subject to Chapter 133. of the Revised Code. The resolution authorizing the issuance of the notes shall pledge the funds of the township public improvement tax increment equivalent fund established pursuant to section 5709.75 of the Revised Code to pay the interest on and principal of the notes. The notes, which may contain a clause permitting prepayment at the option of the board, shall be offered for sale on the open market or given to the vendor or contractor if no sale is made.

(I) The township, not later than fifteen days after the adoption of a resolution under this section, shall submit to the director of development a copy of the resolution. On or before the thirty-first day of March of each year, the township shall submit a status report to the director of development. The report shall indicate, in the manner prescribed by the director, the progress of the project during each year that the exemption remains in effect, including a summary of the receipts from service payments in lieu of taxes; expenditures of money from the fund created under section 5709.75 of the Revised Code; a description of the
public infrastructure improvements and housing renovations financed with the expenditures; and a quantitative summary of changes in private investment resulting from each project.

(J) Nothing in this section shall be construed to prohibit a board of township trustees from declaring to be a public purpose improvements with respect to more than one parcel.

(K) A board of township trustees that adopted a resolution under this section prior to July 21, 1994, may amend that resolution to include any additional public infrastructure improvement. A board of township trustees that seeks by the amendment to utilize money from its township public improvement tax increment equivalent fund for land acquisition in aid of industry, commerce, distribution, or research, demolition on private property, or stormwater and flood remediation projects may do so provided that the board currently is a party to a hold-harmless agreement with the board of education of the city, local, or exempted village school district within the territory of which are located the parcels that are subject to an exemption. For the purposes of this division, a "hold-harmless agreement" means an agreement under which the board of township trustees agrees to compensate the school district for one hundred per cent of the tax revenue that the school district would have received from further improvements to parcels designated in the resolution were it not for the exemption granted by the resolution.

Sec. 5709.74. (A) A township that has declared an improvement to be a public purpose under section 5709.73 of the Revised Code may require the owner of the parcel to make annual service payments in lieu of taxes to the county treasurer on or before the final dates for payment of real property taxes. Each payment shall be charged and collected in the same manner and in the same amount as the real property taxes that would have been charged and payable against any improvement made on the parcel if it were not exempt from taxation. If any reduction in the levies otherwise applicable to the exempt property is made by the county budget commission under section 5705.31 of the Revised Code, the amount of the service payment in lieu of taxes shall be calculated as if a reduction in levies had not been made. A township shall not require an owner to make annual service payments in lieu of taxes pursuant to this section after the date on which the township has been paid back in full for the public infrastructure improvements made pursuant to sections 5709.73 to 5709.75 of the Revised Code.

(B) Moneys collected as service payments in lieu of taxes shall be distributed at the same time and in the same manner as real property tax payments. However, subject to division (C) of this section or section
5709.913 of the Revised Code, the entire amount so collected shall be distributed to the township in which the improvement is located. If a parcel upon which moneys are collected as service payments in lieu of taxes is annexed to a municipal corporation, the service payments shall continue to be collected and distributed to the township in which the parcel was located before its annexation until the township is paid back in full for the cost of any public infrastructure improvements it made on the parcel. The treasurer shall maintain a record of the service payments in lieu of taxes made from property in each township.

(C) If annual service payments in lieu of taxes are required under this section, the county treasurer shall distribute to the appropriate taxing authorities the portion of the service payments that represent payments required under division (F) of section 5709.73 of the Revised Code.

(D) Nothing in this section or section 5709.73 of the Revised Code affects the taxes levied against that portion of the value of any parcel of property that is not exempt from taxation.

Sec. 5709.75. (A) Any township that receives service payments in lieu of taxes under section 5709.74 of the Revised Code shall establish a township public improvement tax increment equivalent fund into which those payments shall be deposited. If the board of township trustees has adopted a resolution under division (C) of section 5709.73 of the Revised Code, the township shall establish at least one account in that fund with respect to resolutions adopted under division (B) of that section, and one account with respect to each incentive district created by a resolution adopted under division (C) of that section. If a resolution adopted under division (C) of section 5709.73 of the Revised Code also authorizes the use of service payments for housing renovations within the incentive district, the township shall establish separate accounts for the service payments designated for public infrastructure improvements and for the service payments authorized for the purpose of housing renovations.

(B) Except as otherwise provided in division (C) or (D) of this section, money deposited in an account of the township public improvement tax increment equivalent fund shall be used by the township to pay the costs of public infrastructure improvements designated in or the housing renovations authorized by the resolution with respect to which the account is established, including any interest on and principal of the notes; in the case of an account established with respect to a resolution adopted under division (C) of that section, money in the account shall be used to finance the public infrastructure improvements designated, or the housing renovations authorized, for each incentive district created in the resolution. Money in an
account shall not be used to finance or support housing renovations that take place after the incentive district has expired.

(C)(1)(a) A township may also distribute money in such an account to any school district in which the exempt property is located in an amount not to exceed the amount of real property taxes that such school district would have received from the improvement if it were not exempt from taxation. The resolution establishing the fund shall set forth the percentage of such maximum amount that will be distributed to any affected school district.

(b) A township also may distribute money in such an account as follows:

(i) To a board of county commissioners, in the amount that is owed to the board pursuant to division (E) of section 5709.73 of the Revised Code;

(ii) To a county in accordance with section 5709.913 of the Revised Code.

(2) Money from an account in a township public improvement tax increment equivalent fund may be distributed under division (C)(1)(b) of this section, regardless of the date a resolution was adopted under section 5709.73 of the Revised Code that prompted the establishment of the account, even if the resolution was adopted prior to the effective date of this amendment.

(D) On or before January 1, 2007, a board of township trustees that adopted a resolution under division (B) of section 5709.73 of the Revised Code before January 1, 1995, and that, with respect to property exempted under such a resolution, is party to a hold-harmless agreement, may appropriate and expend unencumbered money in the fund to pay current public safety expenses of the township. A township appropriating and expending money under this division shall reimburse the fund for the sum so appropriated and expended not later than the day the exemption granted under the resolution expires. For the purposes of this division, a "hold-harmless agreement" is an agreement with the board of education of a city, local, or exempted village school district under which the board of township trustees agrees to compensate the school district for one hundred per cent of the tax revenue the school district would have received from improvements to parcels designated in the resolution were it not for the exemption granted by the resolution.

(E) Any incidental surplus remaining in the township public improvement tax increment equivalent fund or an account of that fund upon dissolution of the account or fund shall be transferred to the general fund of the township.

Sec. 5709.78. (A) A board of county commissioners may, by resolution,
declare improvements to certain parcels of real property located in the unincorporated territory of the county to be a public purpose. Except as otherwise provided in the approval under division (C) of this section of the board of education of each city, local, or exempted village school district within which the improvements are located, not more than seventy-five per cent of an improvement thus declared to be a public purpose may be exempted from real property taxation, for a period of not more than ten years. The resolution shall specify the percentage of the improvement to be exempted and the life of the exemption.

A resolution adopted under this division shall designate the specific public infrastructure improvements made, to be made, or in the process of being made by the county that directly benefit, or that once made will directly benefit, the parcels for which improvements are declared to be a public purpose. The service payments provided for in section 5709.79 of the Revised Code shall be used to finance the public infrastructure improvements designated in the resolution, or as provided in section 5709.80 of the Revised Code.

(B)(1) A board of county commissioners may adopt a resolution creating an incentive district and declaring improvements to parcels within the district to be a public purpose and, except as provided in division (E) of this section, exempt from taxation as provided in this section, but no board of county commissioners of a county that has a population that exceeds twenty-five thousand, as shown by the most recent federal decennial census, shall adopt a resolution that creates an incentive district if, as a result of adopting the resolution, more than the sum of the taxable value of real property in the proposed district for the preceding tax year and the taxable value of all real property in the county that would have been taxable in the preceding year were it not for the fact that the property was in an existing incentive district and therefore exempt from taxation exceeds twenty-five per cent of the county’s taxable value, as of the first day of January of the year in which the resolution takes effect, is subject to exemption because of an incentive district. district. The resolution shall designate the parcels within the district that are eligible for housing renovations. The resolution shall state separately the amount or the percentages of the expected aggregate service payments that are designated for each public infrastructure improvement and for the purpose of housing renovations.

With approval of the board of education, the life of a district may be not more than thirty years, and the percentage of improvements to be exempted may be not more than one hundred per cent. The approval

case of exemption percentages proposed in excess of seventy-five per cent, for the exemption percentage specified in the resolution. The board of county commissioners may adopt the resolution at any time after the board of education certifies its resolution approving the exemption to the board of county commissioners, or, if the board of education approves the exemption on the condition that a mutually acceptable compensation agreement be negotiated, at any time after the compensation agreement is agreed to by the board of education and the board of county commissioners.

(2)(3) If a board of education has adopted a resolution waiving its right to approve exemptions from taxation under this section and the resolution remains in effect, approval of such exemptions by the board of education is not required under division (C)(1) of this section. If a board of education has adopted a resolution allowing a board of county commissioners to deliver the notice required under division (C)(1) of this section fewer than forty-five business days prior to approval of the resolution by the board of county commissioners, the board of county commissioners shall deliver the notice to the board of education not later than the number of days prior to such approval as prescribed by the board of education in its resolution. If a board of education adopts a resolution waiving its right to approve exemptions or shortening the notification period, the board of education shall certify a copy of the resolution to the board of county commissioners. If the board of education rescinds such a resolution, it shall certify notice of the rescission to the board of county commissioners.

If the board of township trustees or legislative authority, or both, objects, the board of township trustees or legislative authority may negotiate a mutually acceptable compensation agreement with the board of county commissioners that provides. In no case shall the compensation provided to the board of township trustees exceed the property taxes foregone due to the exemption. division, an assessment is made on the date the notification of the
assessment is sent by the department of insurance or the date of an invoice
for the assessment from the treasurer of state, whichever is earlier.

Sec. 5725.98. (A) To provide a uniform procedure for calculating the
amount of tax imposed by section 5725.18 of the Revised Code that is due
under this chapter, a taxpayer shall claim any credits and offsets against tax
liability to which it is entitled in the following order:

(1) The credit for an insurance company or insurance company group
under section 5729.031 of the Revised Code.

(2) The credit for eligible employee training costs under section 5725.31
of the Revised Code.

(3) The credit under section 5725.19 of the Revised Code for losses on
loans made under the Ohio venture capital authority program under sections
150.01 to 150.10 of the Revised Code if the taxpayer elected a nonrefundable credit under section 150.07 of the Revised Code.

(4) The offset of assessments by the Ohio life and health insurance guaranty association permitted by section 3956.20 of the Revised Code.

(5) The refundable credit for Ohio job creation under section 5725.32 of the Revised Code.

(6) The credit under section 5729.08 of the Revised Code for losses on loans made under the Ohio venture capital program under sections 150.01 to 150.10 of the Revised Code if the taxpayer elected a refundable credit under section 150.07 of the Revised Code.

(B) For any credit except the credits enumerated in divisions (A)(5) and (6) of this section, the amount of the credit for a taxable year shall not exceed the tax due after allowing for any other credit that precedes it in the order required under this section. Any excess amount of a particular credit may be carried forward if authorized under the section creating that credit.

Nothing in this chapter shall be construed to allow a taxpayer to claim, directly or indirectly, a credit more than once for a taxable year.

Sec. 5727.06. (A) Except as otherwise provided by law, the following constitutes the taxable property of a public utility, interexchange telecommunications company, or public utility property lessor that shall be assessed by the tax commissioner:

(1) For tax years before tax year 2006:

(a) In the case of a railroad company, all real property and tangible personal property owned or operated by the railroad company in this state on the thirty-first day of December of the preceding year;

(b) In the case of a water transportation company, all tangible personal property, except watercraft, owned or operated by the water transportation company in this state on the thirty-first day of December of the preceding year and all watercraft owned or operated by the water transportation company in this state during the preceding calendar year;

(c) In the case of all other public utilities and interexchange telecommunications companies, all tangible personal property that on the thirty-first day of December of the preceding year was both located in this state and:

(i) Owned by the public utility or interexchange telecommunications company; or

(ii) Leased by the public utility or interexchange telecommunications company under a sale and leaseback transaction.

(2) For tax years 2006, 2007, and 2008:

(a) In the case of a railroad company, all real property used in railroad
operations and tangible personal property owned or operated by the railroad company in this state on the thirty-first day of December of the preceding year;

(b) In the case of a water transportation company, all tangible personal property, except watercraft, owned or operated by the water transportation company in this state on the thirty-first day of December of the preceding year and all watercraft owned or operated by the water transportation company in this state during the preceding calendar year;

(c) In the case of all other public utilities except telephone and telegraph companies, all tangible personal property that on the thirty-first day of December of the preceding year was both located in this state and either owned by the public utility or leased by the public utility under a sale and leaseback transaction.

(3) For tax year 2009 and each tax year thereafter:

(a) In the case of a railroad company, all real property used in railroad operations and tangible personal property owned or operated by the railroad company in this state on the thirty-first day of December of the preceding year;

(b) In the case of a water transportation company, all tangible personal property, except watercraft, owned or operated by the water transportation company in this state on the thirty-first day of December of the preceding year and all watercraft owned or operated by the water transportation company in this state during the preceding calendar year;

(c) In the case of all other public utilities except telephone and telegraph companies, all tangible personal property that on the thirty-first day of December of the preceding year was both located in this state and either owned by the public utility or leased by the public utility under a sale and leaseback transaction;

(d) In the case of a public utility property lessor, all personal property that on the thirty-first day of December of the preceding year was both located in this state and leased, in other than a sale and leaseback transaction, to an interexchange telecommunications company or a public utility other than a railroad company, telephone, telegraph, or water transportation company. The assessment rate used under section 5727.111 of the Revised Code shall be based on the assessment rate that would apply if the interexchange telecommunications company or public utility owned the property.

(4) For tax years 2005 and 2006, in the case of telephone, telegraph, or interexchange telecommunications companies, all tangible personal property that on the thirty-first day of December of the preceding year was both
located in this state and either owned by the telephone, telegraph, or interexchange telecommunications company or leased by the telephone, telegraph, or interexchange telecommunications company under a sale and leaseback transaction.

(5) For tax year 2007 and thereafter, in the case of telephone, telegraph, or interexchange telecommunications companies, all tangible personal property shall be listed and assessed for taxation under Chapter 5711. of the Revised Code.

(B) This division applies to tax years before tax year 2007.

In the case of an interexchange telecommunications company, all taxable property shall be subject to the provisions of this chapter and shall be valued by the commissioner in accordance with division (A) of section 5727.11 of the Revised Code. A person described by this division shall file the report required by section 5727.08 of the Revised Code. (C) The lien of the state for taxes levied each year on the real and personal property of public utilities and interexchange telecommunications companies and on the personal property of public utility property lessors shall attach thereto on the thirty-first day of December of the preceding year.

(D) Property that is required by division (A)(3)(b) of this section to be assessed by the tax commissioner under this chapter shall not be listed by the owner of the property under Chapter 5711. of the Revised Code.

(E) The tax commissioner may adopt rules governing the listing of the taxable property of public utilities and interexchange telecommunications companies and the determination of true value.

Sec. 5727.85. (A) By the thirty-first day of July of each year, beginning in 2002 and ending in 2016, the department of education shall determine the following for each school district and each joint vocational school district eligible for payment under division (C) or (D) of this section:

(1) The state education aid offset, which is the difference obtained by subtracting the amount described in division (A)(1)(b) of this section from the amount described in division (A)(1)(a) of this section:

(a) The state education aid computed for the school district or joint vocational school district for the current fiscal year as of the thirty-first day of July;

(b) The state education aid that would be computed for the school district or joint vocational school district for the current fiscal year as of the
thirty-first day of July if the recognized valuation included the tax value loss for the school district or joint vocational school district.

(2) The greater of zero or the difference obtained by subtracting the state education aid offset determined under division (A)(1) of this section from the fixed-rate levy loss certified under division (J) of section 5727.84 of the Revised Code for all taxing districts in each school district and joint vocational school district.

By the fifth day of August of each such year, the department of education shall certify the amount so determined under division (A)(1) of this section to the director of budget and management.

(B) Not later than the thirty-first day of October of the years 2006 through 2016, the department of education shall determine all of the following for each school district:

(1) The amount obtained by subtracting the district's state education aid computed for fiscal year 2002 from the district's state education aid computed for the current fiscal year;

(2) The inflation-adjusted property tax loss. The inflation-adjusted property tax loss equals the fixed-rate levy loss, excluding the tax loss from levies within the ten-mill limitation to pay debt charges, determined under division (G) of section 5727.84 of the Revised Code for all taxing districts in each school district, plus the product obtained by multiplying that loss by the cumulative percentage increase in the consumer price index from January 1, 2002, to the thirtieth day of June of the current year.

(3) The difference obtained by subtracting the amount computed under division (B)(1) from the amount of the inflation-adjusted property tax loss. If this difference is zero or a negative number, no further payments shall be made under division (C) of this section to the school district from the school district property tax replacement fund.

(C) The department of education shall pay from the school district property tax replacement fund to each school district all of the following:

(1) In February 2002, one-half of the fixed-rate levy loss certified under division (J) of section 5727.84 of the Revised Code between the twenty-first and twenty-eighth days of February.

(2) From August 2002 through August 2006, one-half of the amount calculated for that fiscal year under division (A)(2) of this section between the twenty-first and twenty-eighth days of August and of February, provided the difference computed under division (B)(3) of this section is not less than or equal to zero.

(3) From February 2007 through August 2016, one-half of the amount calculated for that calendar year under division (B)(3) of this section
between the twenty-first and twenty-eighth days of August and of February.

(4) For taxes levied within the ten-mill limitation for debt purposes in tax year 1998 in the case of electric company tax value losses, and in tax year 1999 in the case of natural gas company tax value losses, payments shall be made equal to one hundred per cent of the loss computed as if the tax were a fixed-rate levy, but those payments shall extend from fiscal year 2006 through fiscal year 2016.

The department of education shall report to each school district the apportionment of the payments among the school district's funds based on the certifications under division (J) of section 5727.84 of the Revised Code.

(D) Not later than January 1, 2002, for all taxing districts in each joint vocational school district, the tax commissioner shall certify to the department of education the fixed-rate levy loss determined under division (G) of section 5727.84 of the Revised Code. From February 2002 to August 2016, the department shall pay from the school district property tax replacement fund to the joint vocational school district one-half of the amount calculated for that fiscal year under division (A)(2) of this section between the twenty-first and twenty-eighth days of August and of February.

(E)(1) Not later than January 1, 2002, for each fixed-sum levy levied by each school district or joint vocational school district and for each year for which a determination is made under division (H) of section 5727.84 of the Revised Code that a fixed-sum levy loss is to be reimbursed, the tax commissioner shall certify to the department of education the fixed-sum levy loss determined under that division. The certification shall cover a time period sufficient to include all fixed-sum levies for which the tax commissioner made such a determination. The department shall pay from the school district property tax replacement fund to the school district or joint vocational school district one-half of the fixed-sum levy loss so certified for each year between the twenty-first and twenty-eighth days of August and of February.

(2) Beginning in 2003, by the thirty-first day of January of each year, the tax commissioner shall review the certification originally made under division (E)(1) of this section. If the commissioner determines that a debt levy that had been scheduled to be reimbursed in the current year has expired, a revised certification for that and all subsequent years shall be made to the department of education.

(F) If the balance of the half-mill equalization fund created under section 3318.18 of the Revised Code is insufficient to make the full amount of payments required under division (D) of that section, the department of education, at the end of the third quarter of the fiscal year, shall certify to the
director of budget and management the amount of the deficiency, and the
director shall transfer an amount equal to the deficiency from the school
district property tax replacement fund to the half-mill equalization fund.

(G) Beginning in August 2002, and ending in May 2017, the director of
budget and management shall transfer from the school district property tax
replacement fund to the general revenue fund each of the following:

1. Between the twenty-eighth day of August and the fifth day of
   September, the lesser of one-half of the amount certified for that fiscal year
   under division (A)(2) of this section or the balance in the school district
   property tax replacement fund;

2. Between the first and fifth days of May, the lesser of one-half of the
   amount certified for that fiscal year under division (A)(2) of this section or
   the balance in the school district property tax replacement fund.

(H) On the first day of June each year, the director of budget and
management shall transfer any balance remaining in the school district
property tax replacement fund after the payments have been made under
divisions (C), (D), (E), (F), and (G) of this section to the half-mill
equalization fund created under section 3318.18 of the Revised Code.

(I) From fiscal year 2002 through fiscal year 2016, if the total amount in
the school district property tax replacement fund is insufficient to make all
payments under divisions (C), (D), (E), and (F) of this section at the time the
payments are to be made, the director of budget and management shall
transfer from the general revenue fund to the school district property tax
replacement fund the difference between the total amount to be paid and the
total amount in the school district property tax replacement fund, except that
no transfer shall be made by reason of a deficiency to the extent that it
results from the amendment of section 5727.84 of the Revised Code by
Amended Substitute House Bill No. 95 of the 125th general assembly.

(J) If all of the territory of a school district or joint vocational school
district is merged with an existing district, or if a part of the territory of a
school district or joint vocational school district is transferred to an existing
or new district, the department of education, in consultation with the tax
commissioner, shall adjust the payments made under this section as follows:

1. For the merger of all of the territory of two or more districts, the
   fixed-rate levy loss and the fixed-sum levy loss of the successor district shall
   be equal to the sum of the fixed-rate levy losses and the fixed-sum levy
   losses for each of the districts involved in the merger.

2. For the transfer of a part of one district's territory to an existing
district, the amount of the fixed-rate levy loss that is transferred to the
recipient district shall be an amount equal to the transferring district's total
fixed-rate levy loss times a fraction, the numerator of which is the value of electric company tangible personal property located in the part of the territory that was transferred, and the denominator of which is the total value of electric company tangible personal property located in the entire district from which the territory was transferred. The value of electric company tangible personal property under this division shall be determined for the most recent year for which data is available. Fixed-sum levy losses for both districts shall be determined under division (J)(4) of this section.

(3) For the transfer of a part of the territory of one or more districts to create a new district:

(a) If the new district is created on or after January 1, 2000, but before January 1, 2005, the new district shall be paid its current fixed-rate levy loss through August 2006. From February 2007 to August 2016, the new district shall be paid the lesser of: (i) the amount calculated under division (B)(2) of this section or (ii) an amount determined under equal to the new district's fixed-rate levy loss multiplied by the percentage prescribed by the following schedule in division (A)(1) of section 5727.86 of the Revised Code, as if for this purpose the new district was a local taxing unit under that section. Fixed-sum levy losses for the districts shall be determined under division (J)(4) of this section.

(b) If the new district is created on or after January 1, 2005, the new district shall be deemed not to have any fixed-rate levy loss or, except as provided in division (J)(4) of this section, fixed-sum levy loss. The district or districts from which the territory was transferred shall have no reduction in their fixed-rate levy loss, or, except as provided in division (J)(4) of this section, their fixed-sum levy loss.

(4) If a recipient district under division (J)(2) of this section or a new district under division (J)(3)(a) or (b) of this section takes on debt from one or more of the districts from which territory was transferred, and any of the
districts transferring the territory had fixed-sum levy losses, the department of education, in consultation with the tax commissioner, shall make an equitable division of the fixed-sum levy losses.

(K) There is hereby created the public utility property tax study committee, effective January 1, 2011. The committee shall consist of the following seven members: the tax commissioner, three members of the senate appointed by the president of the senate, and three members of the house of representatives appointed by the speaker of the house of representatives. The appointments shall be made not later than January 31, 2011. The tax commissioner shall be the chairperson of the committee.

The committee shall study the extent to which each school district or joint vocational school district has been compensated, under sections 5727.84 and 5727.85 of the Revised Code as enacted by Substitute Senate Bill No. 3 of the 123rd general assembly and any subsequent acts, for the property tax loss caused by the reduction in the assessment rates for natural gas, electric, and rural electric company tangible personal property. Not later than June 30, 2011, the committee shall issue a report of its findings, including any recommendations for providing additional compensation for the property tax loss or regarding remedial legislation, to the president of the senate and the speaker of the house of representatives, at which time the committee shall cease to exist.

The department of taxation and department of education shall provide such information and assistance as is required for the committee to carry out its duties.

Sec. 5729.05. On or before October 15, 1965 and on or before the fifteenth day of October each succeeding year, each foreign insurance company shall pay to the treasurer of state an amount equal to one-half of the previous calendar year's tax, before credits, which was assessed and paid under section 5729.03 of the Revised Code and this chapter. This payment shall be considered as a partial payment of the tax upon the business done in this state during the calendar year in which the payment date provided by this paragraph is contained.

At the time of filing its annual statement, each foreign insurance company shall pay to the treasurer of state the tax assessable under section 5729.03 of the Revised Code and this chapter, calculated by such company from such annual statement. The company may deduct the part of such tax already paid as a partial payment.

The superintendent shall determine the correctness of the reports and statements of insurance companies, compute the annual tax provided for in such sections, and, on or before the fifteenth day of May, prepare and
furnish to the treasurer of state lists of all taxable companies, showing as to each company the whole amount of the annual tax computed by the superintendent. The treasurer of state, after deducting the tax already paid, shall promptly notify each such company of any amount due, which amount shall be paid by each such company to the treasurer of state by the fifteenth day of June next succeeding. If a company has for any reason overpaid or was illegally or erroneously assessed or charged for collection a larger amount of tax than its annual tax as computed by the superintendent of insurance and an application for refund was timely filed under section 5729.102 of the Revised Code, a refund of the excess amount shall be paid from the tax refund fund created by section 5703.052 of the Revised Code.

Sec. 5729.101. For the purposes of this section, interest shall be computed at a rate per calendar month, rounded to the nearest one-hundredth of one per cent, equal to one-twelfth of the rate per annum prescribed by section 5703.47 of the Revised Code for the calendar year that includes the month for which the interest accrues.

(A) When taxes levied by this chapter or by section 3737.71 of the Revised Code are assessed as the result of a tax return being filed late, the treasurer of state shall add interest to the taxes due. The interest shall accrue from the first day of the month following the last day on which the taxes were required to be paid had the assessment been certified by the date prescribed, to the last day of the month preceding the date on which the assessment was certified, and shall be computed on the basis of the taxes due.

(B) If an assessment has been certified pursuant to this chapter and an amended or final assessment is certified for the same taxpayer and the same tax year, the treasurer of state shall add interest to the deficiency or excess. The interest shall be computed on the excess or deficiency and shall accrue as follows:

1. On a deficiency, interest shall accrue from the first day of the month following the last day on which the previous assessment was required to be paid to the last day of the month preceding the date on which the amended or final assessment is certified.

2. On an excess, interest shall be allowed from the first day of the month following the date of payment of the previous assessment to the last day of the month preceding the date on which the amended or final assessment is certified.

Sec. 5729.102. (A) An application to refund to a foreign insurance company any taxes imposed by section 3737.71 of the Revised Code or this chapter that are overpaid, paid illegally or erroneously, or paid on any
illegal, erroneous, or excessive assessment, with interest thereon as provided by section 5729.101 of the Revised Code, shall be filed with the superintendent of insurance, on the form prescribed by the superintendent, within three years after the date of the illegal, erroneous, or excessive payment of the tax. No refund shall be allowed unless an application has been filed in accordance with this section. The time limit imposed under this division may be extended if both the foreign insurance company and the superintendent of insurance agree in writing to the extension.

(B) Except as otherwise provided in this division, the superintendent may make an assessment against a foreign insurance company for any deficiency for the period for which a report, tax return, or tax payment is due for any taxes imposed by section 3737.71 of the Revised Code or this chapter, based on any information in the superintendent's possession. No assessment shall be made against a foreign insurance company more than three years after the later of the final date the report, tax return, or tax payment subject to the assessment was required to be filed or paid, or the date the report or tax return was filed, provided that there shall be no bar if the foreign insurance company failed to file the required report or tax return or if the deficiency results from fraud or any felonious act. The time limit may be extended if both the foreign insurance company and the superintendent agree in writing to the extension. For the purposes of this division, an assessment is made on the date the notification of the assessment is sent by the department of insurance or the date of an invoice for the assessment from the treasurer of state, whichever is earlier.

Sec. 5729.98. (A) To provide a uniform procedure for calculating the amount of tax due under this chapter, a taxpayer shall claim any credits and offsets against tax liability to which it is entitled in the following order:

1. The credit for an insurance company or insurance company group under section 5729.031 of the Revised Code.
2. The credit for eligible employee training costs under section 5729.07 of the Revised Code.
3. The credit under section 5729.08 of the Revised Code for losses on loans made under the Ohio venture capital program under sections 150.01 to 150.10 of the Revised Code if the taxpayer elected a nonrefundable credit under section 150.07 of the Revised Code.
4. The offset of assessments by the Ohio life and health insurance guaranty association against tax liability permitted by section 3956.20 of the Revised Code.
5. The refundable credit for Ohio job creation under section 5729.032 of the Revised Code.
(6) The credit under section 5729.08 of the Revised Code for losses on
loans made under the Ohio venture capital program under sections 150.01 to
150.10 of the Revised Code if the taxpayer elected a refundable credit under
section 150.07 of the Revised Code.

(B) For any credit except the credits enumerated in divisions (A)(5) and (6) of this section, the amount of the credit for a taxable year shall not exceed the tax due after allowing for any other credit that precedes it in the order required under this section. Any excess amount of a particular credit may be carried forward if authorized under the section creating that credit. Nothing in this chapter shall be construed to allow a taxpayer to claim, directly or indirectly, a credit more than once for a taxable year.

Sec. 5733.01. (A) The tax provided by this chapter for domestic corporations shall be the amount charged against each corporation organized for profit under the laws of this state and each nonprofit corporation organized pursuant to Chapter 1729. of the Revised Code, except as provided in sections 5733.09 and 5733.10 of the Revised Code, for the privilege of exercising its franchise during the calendar year in which that amount is payable, and the tax provided by this chapter for foreign corporations shall be the amount charged against each corporation organized for profit and each nonprofit corporation organized or operating in the same or similar manner as nonprofit corporations organized under Chapter 1729. of the Revised Code, under the laws of any state or country other than this state, except as provided in sections 5733.09 and 5733.10 of the Revised Code, for the privilege of doing business in this state, owning or using a part or all of its capital or property in this state, holding a certificate of compliance with the laws of this state authorizing it to do business in this state, or otherwise having nexus in or with this state under the Constitution of the United States, during the calendar year in which that amount is payable.

(B) A corporation is subject to the tax imposed by section 5733.06 of the Revised Code for each calendar year that it is so organized, doing business, owning or using a part or all of its capital or property, holding a certificate of compliance, or otherwise having nexus in or with this state under the Constitution of the United States, on the first day of January of that calendar year.

(C) Any corporation subject to this chapter that is not subject to the federal income tax shall file its returns and compute its tax liability as required by this chapter in the same manner as if that corporation were subject to the federal income tax.

(D) For purposes of this chapter, a federally chartered financial
institution shall be deemed to be organized under the laws of the state within which its principal office is located.

(E) For purposes of this chapter, any person, as defined in section 5701.01 of the Revised Code, shall be treated as a corporation if the person is classified for federal income tax purposes as an association taxable as a corporation, and an equity interest in the person shall be treated as capital stock of the person.

(F) For the purposes of this chapter, "disregarded entity" has the same meaning as in division (D) of section 5745.01 of the Revised Code.

(1) A person's interest in a disregarded entity, whether held directly or indirectly, shall be treated as the person's ownership of the assets and liabilities of the disregarded entity, and the income, including gain or loss, shall be included in the person's net income under this chapter.

(2) Any sale, exchange, or other disposition of the person's interest in the disregarded entity, whether held directly or indirectly, shall be treated as a sale, exchange, or other disposition of the person's share of the disregarded entity's underlying assets or liabilities, and the gain or loss from such sale, exchange, or disposition shall be included in the person's net income under this chapter.

(3) The disregarded entity's payroll, property, and sales factors shall be included in the person's factors.

(G) The tax a corporation is required to pay under this chapter shall be as follows:

(1)(a) For financial institutions, the greater of the minimum payment required under division (E) of section 5733.06 of the Revised Code or the difference between all taxes charged the financial institution under this chapter, without regard to division (G)(2) of this section, less any credits allowable against such tax.

(b) A corporation satisfying the description in division (E)(5), (6), (7), (8), or (10) of section 5751.01 of the Revised Code that is not a financial institution, insurance company, or dealer in intangibles is subject to the taxes imposed under this chapter as a corporation and not subject to tax as a financial institution, and shall pay the greater of the minimum payment required under division (E) of section 5733.06 of the Revised Code or the difference between all the taxes charged under this chapter, without regard to division (G)(2) of this section, less any credits allowable against such tax.

(2) For all corporations other than those persons described in division (G)(1)(a) or (b) of this section, the amount under division (G)(2)(a) of this section applicable to the tax year specified less the amount under division (G)(2)(b) of this section:
(a)(i) For tax year 2005, the greater of the minimum payment required under division (E) of section 5733.06 of the Revised Code or the difference between all taxes charged the corporation under this chapter and any credits allowable against such tax;

(ii) For tax year 2006, the greater of the minimum payment required under division (E) of section 5733.06 of the Revised Code or four-fifths of the difference between all taxes charged the corporation under this chapter and any credits allowable against such tax except the qualifying pass-through entity tax credit described in division (A)(30) and the refundable credits described in divisions (A)(31), (32), and (33), and (34) of section 5733.98 of the Revised Code;

(iii) For tax year 2007, the greater of the minimum payment required under division (E) of section 5733.06 of the Revised Code or three-fifths of the difference between all taxes charged the corporation under this chapter and any credits allowable against such tax except the qualifying pass-through entity tax credit described in division (A)(30) and the refundable credits described in divisions (A)(31), (32), and (33), and (34) of section 5733.98 of the Revised Code;

(iv) For tax year 2008, the greater of the minimum payment required under division (E) of section 5733.06 of the Revised Code or two-fifths of the difference between all taxes charged the corporation under this chapter and any credits allowable against such tax except the qualifying pass-through entity tax credit described in division (A)(30) and the refundable credits described in divisions (A)(31), (32), and (33), and (34) of section 5733.98 of the Revised Code;

(v) For tax year 2009, the greater of the minimum payment required under division (E) of section 5733.06 of the Revised Code or one-fifth of the difference between all taxes charged the corporation under this chapter and any credits allowable against such tax except the qualifying pass-through entity tax credit described in division (A)(30) and the refundable credits described in divisions (A)(31), (32), and (33) of section 5733.98 of the Revised Code;

(vi) For tax year 2010 and each tax year thereafter, no tax.

(b) A corporation shall subtract from the amount calculated under division (G)(2)(a)(ii), (iii), (iv), or (v) of this section any qualifying pass-through entity tax credit described in division (A)(30) and any refundable credits described in divisions (A)(31), (32), and (33), and (34) of section 5733.98 of the Revised Code to which the corporation is entitled. Any unused qualifying pass-through entity tax credit is not refundable.

(c) For the purposes of computing the amount of a credit that may be
carried forward to a subsequent tax year under division (G)(2) of this section, a credit is utilized against the tax for a tax year to the extent the credit applies against the tax for that tax year, even if the difference is then multiplied by the applicable fraction under division (G)(2)(a) of this section.

(3) Nothing in division (G) of this section eliminates or reduces the tax imposed by section 5733.41 of the Revised Code on a qualifying pass-through entity.

Sec. 5733.352. (A) As used in this section:

(1) "Borrower" means any person that receives a loan from the director of development under section 166.21 of the Revised Code, regardless of whether the borrower is subject to the taxes imposed by sections 5733.06, 5733.065, and 5733.066 of the Revised Code.

(2) "Related member" has the same meaning as in section 5733.042 of the Revised Code.

(3) "Qualified research and development loan payments" has the same meaning as in division (D) of section 166.21 of the Revised Code.

(B) Beginning with tax year 2004, and in the case of a corporation subject to division (G)(2) of section 5733.01 of the Revised Code ending with tax year 2008, a nonrefundable credit is allowed against the taxes imposed by sections 5733.06, 5733.065, and 5733.066 of the Revised Code equal to a borrower's qualified research and development loan payments made during the calendar year immediately preceding the tax year for which the credit is claimed. The amount of the credit for a tax year shall not exceed one hundred fifty thousand dollars. No taxpayer is entitled to claim a credit under this section unless it has obtained a certificate issued by the director of development under division (D) of section 166.21 of the Revised Code and submits a copy of the certificate with its report for the taxable year. Failure to submit a copy of the certificate with the report does not invalidate a claim for a credit if the taxpayer submits a copy of the certificate within sixty days after the tax commissioner requests it. The credit shall be claimed in the order required under section 5733.98 of the Revised Code. The credit, to the extent it exceeds the taxpayer's tax liability for the tax year after allowance for any other credits that precede the credit under this section in that order, shall be carried forward to the next succeeding tax year or years until fully used. A corporation subject to division (G)(2) of section 5733.01 of the Revised Code may carry forward any credit not fully utilized by tax year 2008 and apply it against the tax levied by Chapter 5751. of the Revised Code to the extent allowed under section 5751.52 of the Revised Code.

(C) A borrower entitled to a credit under this section may assign the credit, or a portion thereof, to any of the following:
(1) A related member of that borrower;
(2) The owner or lessee of the eligible research and development project;
(3) A related member of the owner or lessee of the eligible research and development project.

A borrower making an assignment under this division shall provide written notice of the assignment to the tax commissioner and the director of development, in such form as the tax commissioner prescribes, before the credit that was assigned is used. The assignor may not claim the credit to the extent it was assigned to an assignee. The assignee may claim the credit only to the extent the assignor has not claimed it.

(D) If any taxpayer is a partner in a partnership or a member in a limited liability company treated as a partnership for federal income tax purposes, the taxpayer shall be allowed the taxpayer's distributive or proportionate share of the credit available through the partnership or limited liability company.

(E) The aggregate credit against the taxes imposed by sections 5733.06, 5733.065, 5733.066, and 5747.02 of the Revised Code that may be claimed under this section and section 5747.331 of the Revised Code by a borrower as a result of qualified research and development loan payments attributable during a calendar year to any one loan shall not exceed one hundred fifty thousand dollars.

Sec. 5733.56. Beginning in (A)(1) For tax year 2005, a telephone company taxpayer that provides any telephone service program to aid the communicatively impaired in accessing the telephone network under section 4905.79 of the Revised Code is allowed a nonrefundable credit against the tax imposed by section 5733.06 of the Revised Code. The amount of the credit is the cost incurred by the company taxpayer for providing the telephone service program during its taxable year, excluding any costs incurred prior to July 1, 2004. If the tax commissioner determines that the credit claimed under this section by a telephone company was not correct, the commissioner shall determine the proper credit.

(2) A telephone company taxpayer shall claim the credit under division (A)(1) of this section in the order required by section 5733.98 of the Revised Code. If the credit exceeds the total taxes due under section 5733.06 of the Revised Code for the tax year, after allowance for any other credits preceding this credit in the order set forth in section 5733.98 of the Revised Code, the commissioner shall credit the excess against taxes due under that section 5733.06 of the Revised Code for succeeding tax years until the full amount of the credit is granted. Nothing
For each of tax years 2006, 2007, and 2008, a taxpayer that provides any telephone service program to aid the communicatively impaired in accessing the telephone network under section 4905.79 of the Revised Code is allowed a refundable credit against the tax imposed by section 5733.06 of the Revised Code. For each tax year, the amount of the credit is the cost incurred by the taxpayer during that tax year's taxable year for providing the telephone service program. No cost incurred with respect to the credit that is allowable for a tax year shall be considered for purposes of computing the credit allowable for any other tax year.

(C) If the tax commissioner ascertains that any credit claimed pursuant to this section by a taxpayer was not correct, the commissioner shall ascertain the proper credit. No cost incurred after December 31, 2007, shall be considered for purposes of computing any credit allowed by this section.

(D) Nothing in this section authorizes a telephone company taxpayer to claim a credit under this section for any costs incurred for providing a telephone service program for which it is either claiming a credit under former section 5727.44 of the Revised Code or receiving reimbursement for its costs under any other provision of the Revised Code.

5735.291 of the Revised Code were allocated among townships in the state
proportionate to the number of lane miles within the boundaries of the
respective townships, as determined annually by the department of
transportation, and the other fifty per cent of the amount credited pursuant to
section 5735.291 of the Revised Code were allocated among townships in
the state proportionate to the number of motor vehicles registered within the

Revised Code shall be partially allocated to provide funding for townships.

No obligation against the funds shall be incurred unless plans and specifications for the improvement, approved by the county engineer, are on file in the office of the township fiscal officer, and all contracts for material and for work done by contract shall be approved by the county engineer before being signed by the board of township trustees. The board of township trustees of any township may pass a resolution permitting the board of county commissioners to expend the township's share of the funds, or any portion of it, for the improvement of the roads within the township as may be designated in the resolution.

All investment earnings of the fund shall be credited to the fund.

(B) Amounts credited to the highway operating fund pursuant to divisions (B)(2)(c) and (C)(2)(d) of section 5735.23 and division (A) of

If the tax is levied or the rate increased exclusively for such purpose, the tax shall not be levied or the rate increased for more than five years. At the end of the last year the tax is levied or the rate increased, any balance remaining in the special fund established for such purpose shall remain in that fund and be used exclusively for such purpose until the fund is completely expended, and, notwithstanding section 5705.16 of the Revised Code, the board of county commissioners shall not petition for the transfer of money from such special fund, and the tax commissioner shall not approve such a petition.

If the tax is levied or the rate increased for such purpose for more than five years, the board of county commissioners also shall levy the tax or increase the rate of the tax for one or more of the purposes described in divisions (A)(1) to (5) of this section and shall prescribe the method for allocating the revenues from the tax each year in the manner required by division (C) of this section.

(7) To provide additional revenue for the operation or maintenance of a detention facility, as that term is defined under division (F) of section 2921.01 of the Revised Code;

(8) To provide revenue to finance the construction or renovation of a sports facility, but only if the tax is levied for that purpose in the manner prescribed by section 5739.028 of the Revised Code.
As used in division (A)(8) of this section:

(a) "Sports facility" means a facility intended to house major league professional athletic teams.

(b) "Constructing" or "construction" includes providing fixtures, furnishings, and equipment.

(9) To provide additional revenue for the acquisition of agricultural easements, as defined in section 5301.67 of the Revised Code; to pay principal, interest, and premium on bonds issued under section 133.60 of the Revised Code; and for the supervision and enforcement of agricultural easements held by the county;

(10) To provide revenue for the provision of ambulance, paramedic, or other emergency medical services.

Pursuant to section 755.171 of the Revised Code, a board of county commissioners may pledge and contribute revenue from a tax levied for the purpose of division (A)(5) of this section to the payment of debt charges on bonds issued under section 755.17 of the Revised Code.

The rate of tax shall be a multiple of one-fourth of one per cent, unless a portion of the rate of an existing tax levied under section 5739.023 of the Revised Code has been reduced, and the rate of tax levied under this section has been increased, pursuant to section 5739.028 of the Revised Code, in which case the aggregate of the rates of tax levied under this section and section 5739.023 of the Revised Code shall be a multiple of one-fourth of one per cent. The tax shall be levied and the rate increased pursuant to a resolution adopted by a majority of the members of the board. The board shall deliver a certified copy of the resolution to the tax commissioner, not later than the sixty-fifth day prior to the date on which the tax is to become effective, which shall be the first day of a calendar quarter.

Prior to the adoption of any resolution to levy the tax or to increase the rate of tax exclusively for the purpose set forth in division (A)(3) of this section, the board of county commissioners shall conduct two public hearings on the resolution, the second hearing to be no fewer than three nor more than ten days after the first. Notice of the date, time, and place of the hearings shall be given by publication in a newspaper of general circulation in the county once a week on the same day of the week for two consecutive weeks, the second publication being no fewer than ten nor more than thirty days prior to the first hearing. Except as provided in division (E) of this section, the resolution shall be subject to a referendum as provided in sections 305.31 to 305.41 of the Revised Code. Unless the resolution is adopted as an emergency measure, or is to be submitted to the electors of the county under division (D)(2)(a) of this section, the resolution shall be
adopted at least one hundred twenty days prior to the date on which the tax or the increased rate of tax is to go into effect. If the resolution is adopted as an emergency measure necessary for the immediate preservation of the public peace, health, or safety, it must receive an affirmative vote of all of the members of the board of county commissioners and shall state the reasons for the necessity.

If the tax is for more than one of the purposes set forth in divisions (A)(1) to (7), (9), and (10) of this section, or is exclusively for one of the purposes set forth in division (A)(1), (2), (4), (5), (6), (7), (9), or (10) of this section, the resolution shall not go into effect unless it is approved by a majority of the electors voting on the question of the tax.

(B) The board of county commissioners shall adopt a resolution under section 351.02 of the Revised Code creating the convention facilities authority, or under section 307.283 of the Revised Code creating the community improvements board, before adopting a resolution levying a tax for the purpose of a convention facilities authority under division (A)(1) of this section or for the purpose of a community improvements board under division (A)(4) of this section.

(C)(1) If the tax is to be used for more than one of the purposes set forth in divisions (A)(1) to (7), (9), and (10) of this section, the board of county commissioners shall establish the method that will be used to determine the amount or proportion of the tax revenue received by the county during each year that will be distributed for each of those purposes, including, if applicable, provisions governing the reallocation of a convention facilities authority's allocation if the authority is dissolved while the tax is in effect. The allocation method may provide that different proportions or amounts of the tax shall be distributed among the purposes in different years, but it shall clearly describe the method that will be used for each year. Except as otherwise provided in division (C)(2) of this section, the allocation method established by the board is not subject to amendment during the life of the tax.

(2) Subsequent to holding a public hearing on the proposed amendment, the board of county commissioners may amend the allocation method established under division (C)(1) of this section for any year, if the amendment is approved by the governing board of each entity whose allocation for the year would be reduced by the proposed amendment. In the case of a tax that is levied for a continuing period of time, the board may not so amend the allocation method for any year before the sixth year that the tax is in effect.

(a) If the additional revenues provided to the convention facilities
authority are pledged by the authority for the payment of convention facilities authority revenue bonds for as long as such bonds are outstanding, no reduction of the authority's allocation of the tax shall be made for any year except to the extent that the reduced authority allocation, when combined with the authority's other revenues pledged for that purpose, is sufficient to meet the debt service requirements for that year on such bonds.

(b) If the additional revenues provided to the county are pledged by the county for the payment of bonds or notes described in division (A)(4) or (5) of this section, for as long as such bonds or notes are outstanding, no reduction of the county's or the community improvements board's allocation of the tax shall be made for any year, except to the extent that the reduced county or community improvements board allocation is sufficient to meet the debt service requirements for that year on such bonds or notes.

(c) If the additional revenues provided to the transit authority are pledged by the authority for the payment of revenue bonds issued under section 306.37 of the Revised Code, for as long as such bonds are outstanding, no reduction of the authority's allocation of tax shall be made for any year, except to the extent that the authority's reduced allocation, when combined with the authority's other revenues pledged for that purpose, is sufficient to meet the debt service requirements for that year on such bonds.

(d) If the additional revenues provided to the county are pledged by the county for the payment of bonds or notes issued under section 133.60 of the Revised Code, for so long as the bonds or notes are outstanding, no reduction of the county's allocation of the tax shall be made for any year, except to the extent that the reduced county allocation is sufficient to meet the debt service requirements for that year on the bonds or notes.

(D)(1) The resolution levying the tax or increasing the rate of tax shall state the rate of the tax or the rate of the increase; the purpose or purposes for which it is to be levied; the number of years for which it is to be levied or that it is for a continuing period of time; the allocation method required by division (C) of this section; and if required to be submitted to the electors of the county under division (A) of this section, the date of the election at which the proposal shall be submitted to the electors of the county, which shall be not less than seventy-five days after the certification of a copy of the resolution to the board of elections and, if the tax is to be levied exclusively for the purpose set forth in division (A)(3) of this section, shall not occur in February or August of any year. Upon certification of the resolution to the board of elections, the board of county commissioners shall notify the tax commissioner in writing of the levy question to be submitted
to the electors. If approved by a majority of the electors, the tax shall become effective on the first day of a calendar quarter next following the sixty-fifth day following the date the board of county commissioners and tax commissioner receive from the board of elections the certification of the results of the election, except as provided in division (E) of this section.

(2)(a) A resolution specifying that the tax is to be used exclusively for the purpose set forth in division (A)(3) of this section that is not adopted as an emergency measure may direct the board of elections to submit the question of levying the tax or increasing the rate of the tax to the electors of the county at a special election held on the date specified by the board of county commissioners in the resolution, provided that the election occurs not less than seventy-five days after the resolution is certified to the board of elections and the election is not held in February or August of any year. Upon certification of the resolution to the board of elections, the board of county commissioners shall notify the tax commissioner in writing of the levy question to be submitted to the electors. No resolution adopted under division (D)(2)(a) of this section shall go into effect unless approved by a majority of those voting upon it and, except as provided in division (E) of this section, not until the first day of a calendar quarter following the expiration of sixty-five days from the date the tax commissioner receives notice from the board of elections of the affirmative vote.

(b) A resolution specifying that the tax is to be used exclusively for the purpose set forth in division (A)(3) of this section that is adopted as an emergency measure shall become effective as provided in division (A) of this section, but may direct the board of elections to submit the question of repealing the tax or increase in the rate of the tax to the electors of the county at the next general election in the county occurring not less than seventy-five days after the resolution is certified to the board of elections. Upon certification of the resolution to the board of elections, the board of county commissioners shall notify the tax commissioner in writing of the levy question to be submitted to the electors. The ballot question shall be the same as that prescribed in section 5739.022 of the Revised Code. The board of elections shall notify the board of county commissioners and the tax commissioner of the result of the election immediately after the result has been declared. If a majority of the qualified electors voting on the question of repealing the tax or increase in the rate of the tax vote for repeal of the tax or repeal of the increase, the board of county commissioners, on the first day of a calendar quarter following the expiration of sixty-five days after the date the board and tax commissioner received notice of the result of the election, shall, in the case of a repeal of the tax, cease to levy the tax, or, in
the case of a repeal of an increase in the rate of the tax, cease to levy the
increased rate and levy the tax at the rate at which it was imposed
immediately prior to the increase in rate.

(c) A board of county commissioners, by resolution, may reduce the rate
of a tax levied exclusively for the purpose set forth in division (A)(3) of this
section to a lower rate authorized by this section. Any such reduction shall
be made effective on the first day of the calendar quarter next following the
sixty-fifth day after the tax commissioner receives a certified copy of the
resolution from the board.

(E) If a vendor that is registered with the central electronic registration
system provided for in section 5740.05 of the Revised Code makes a sale in
this state by printed catalog and the consumer computed the tax on the sale
based on local rates published in the catalog, any tax levied or repealed or
rate changed under this section shall not apply to such a sale until the first
day of a calendar quarter following the expiration of one hundred twenty
days from the date of notice by the tax commissioner pursuant to division
(G) of this section.

(F) The tax levied pursuant to this section shall be in addition to the tax
levied by section 5739.02 of the Revised Code and any tax levied pursuant
to section 5739.021 or 5739.023 of the Revised Code.

A county that levies a tax pursuant to this section shall levy a tax at the
same rate pursuant to section 5741.023 of the Revised Code.

The additional tax levied by the county shall be collected pursuant to
section 5739.025 of the Revised Code.

Any tax levied pursuant to this section is subject to the exemptions
provided in section 5739.02 of the Revised Code and in addition shall not be
applicable to sales not within the taxing power of a county under the
Constitution of the United States or the Ohio Constitution.

(G) Upon receipt from a board of county commissioners of a certified
copy of a resolution required by division (A) of this section, or from the
board of elections a notice of the results of an election required by division
(D)(1), (2)(a), (b), or (c) of this section, the tax commissioner shall provide
notice of a tax rate change in a manner that is reasonably accessible to all
affected vendors. The commissioner shall provide this notice at least sixty
days prior to the effective date of the rate change. The commissioner, by
rule, may establish the method by which notice will be provided.

Sec. 5739.211. (A) The moneys received by a county levying an
additional sales tax pursuant to section 5739.021 of the Revised Code shall
be deposited in the county general fund to be expended for any purpose for
which general fund moneys of the county may be used, including the
acquisition or construction of permanent improvements or to make payments in accordance with section 333.06 or 333.07 of the Revised Code, or in the bond retirement fund for the payment of debt service charges on notes or bonds of the county issued for the acquisition or construction of permanent improvements. The amounts to be deposited in each of such funds shall be determined by the board of county commissioners.

(B) The moneys received by a county levying an additional sales tax pursuant to section 5739.026 of the Revised Code shall be deposited in a separate fund, which shall be allocated and distributed in accordance with the resolution adopted under such section. Moneys allocated for the purpose of division (A)(4) of section 5739.026 of the Revised Code shall be transferred to and disbursed from the community improvements fund in the county treasury. Notwithstanding section 135.351 of the Revised Code, if an allocation of moneys to a convention facilities authority or a transit authority is required pursuant to division (C) of section 5739.026 of the Revised Code, the county shall pay and distribute each authority's share of any such moneys to its fiscal officer within five business days of the date of their receipt by the county. If the moneys allocated under such division are not so paid, the county shall pay to such authority any interest that the county has received or will receive on such moneys that accrues from the date the county received the moneys, together with the principal amount of such moneys.

(C) The moneys received by a transit authority levying an additional sales tax pursuant to section 5739.023 of the Revised Code shall be deposited in such fund or funds of the transit authority as determined by the legislative authority of the transit authority to be expended for any purpose for which a county transit board or the board of county commissioners operating a county transit system, in the case of a county, or the board of trustees of a regional transit authority, in the case of a regional transit authority, may expend moneys under their control, including the purchase, acquisition, construction, replacement, improvement, extension, or enlargement of permanent improvements and for the payment of debt service charges on notes or bonds of the transit authority.

Sec. 5741.031. (A) The funds received by a county levying an additional use tax pursuant to section 5741.021 of the Revised Code shall be deposited in the county general fund to be expended for any purpose for which general fund moneys of the county may be used, including the acquisition or construction of permanent improvements or to make payments in accordance with section 333.06 or 333.07 of the Revised Code, or in the bond retirement fund for the payment of debt service charges on
notes or bonds of the county issued for the acquisition or construction of permanent improvements, or in the bond retirement fund for the payment of debt service charges on notes or bonds of the county issued for the acquisition or construction of permanent improvements. The amounts to be deposited in each of such funds shall be determined by the board of county commissioners.

(B) The moneys received by a county levying an additional use tax pursuant to section 5741.023 of the Revised Code shall be deposited in a separate fund, which shall be allocated, distributed, and used in accordance with the resolution adopted under section 5739.026 of the Revised Code. Moneys allocated for the purpose of division (A)(4) of section 5739.026 of the Revised Code shall be transferred to and disbursed from the community improvements fund in the county treasury. Notwithstanding section 135.351 of the Revised Code, if an allocation of moneys to a convention facilities authority or a transit authority is required pursuant to division (C) of section 5739.026 of the Revised Code, the county shall pay and distribute each authority's share of any such moneys to its fiscal officer within five business days of the date of their receipt by the county. If the moneys allocated under such division are not so paid, the county shall pay to such authority any interest that the county has received or will receive on such moneys that accrues from the date the county received the moneys, together with the principal amount of such moneys.

(C) The funds received by a transit authority levying an additional use tax pursuant to section 5741.022 of the Revised Code shall be deposited in such fund or funds of the transit authority as determined by the legislative authority of the transit authority to be expended for any purpose for which a county transit board or the board of county commissioners operating a county transit system, in the case of a county, or the board of trustees of a regional transit authority, in the case of a regional transit authority, may expend moneys under their control, including the purchase, acquisition, construction, replacement, improvement, extension, or enlargement of permanent improvements or in the bond retirement fund for the payment of debt service charges on notes or bonds of the transit authority.

Sec. 5743.021. (A) As used in this section, "qualifying regional arts and cultural district" means a regional arts and cultural district created under section 3381.04 of the Revised Code in a county having a population of one million two hundred thousand or more according to the 2000 federal decennial census.

(B) For one or more of the purposes for which a tax may be levied under section 3381.16 of the Revised Code and for the purposes of paying the
expenses of administering the tax and the expenses charged by a board of elections to hold an election on a question submitted under this section, the board of county commissioners of a county that has within its territorial boundaries a qualifying regional arts and cultural district may levy a tax on the sale of cigarettes sold for resale at retail in the county composing the district. The rate of the tax, when added to the rate of any other tax concurrently levied by the board under this section, shall not exceed fifteen mills per cigarette, and shall be computed on each cigarette sold. Only one sale of the same article shall be used in computing the amount of tax due. The tax may be levied for any number of years not exceeding ten years.

The tax shall be levied pursuant to a resolution of the board of county commissioners approved by a majority of the electors in the county voting on the question of levying the tax. The resolution shall specify the rate of the tax, the number of years the tax will be levied, and the purposes for which the tax is levied. The election may be held on the date of a general, primary, or special election held not sooner than seventy-five days after the date the board certifies its resolution to the board of elections. If approved by the electors, the tax shall take effect on the first day of the month specified in the resolution but not sooner than the first day of the month that is at least sixty days after the certification of the election results by the board of elections. A copy of the resolution levying the tax shall be certified to the tax commissioner at least sixty days prior to the date on which the tax is to become effective.

(C) The form of the ballot in an election held under this section shall be as follows, or in any other form acceptable to the secretary of state:

"For the purpose of ........... (insert the purpose or purposes of the tax), shall an excise tax be levied throughout ........... County for the benefit of the ........... (name of the qualifying regional arts and cultural district) on the sale of cigarettes at wholesale at the rate of .... mills per cigarette for ..... years?"

(D) The treasurer of state shall credit all moneys arising from taxes levied on behalf of each district under this section and section 5743.321 of the Revised Code as follows:

(1) To the tax refund fund created by section 5703.052 of the Revised Code, amounts equal to the refunds from each tax levied under this section certified by the tax commissioner pursuant to section 5743.05 of the Revised Code:

(2) Following the crediting of amounts pursuant to division (D)(1) of
this section:

(a) To the permissive tax distribution fund created under section 4301.423 of the Revised Code, an amount equal to ninety-eight per cent of the remainder collected;

(b) To the local excise tax administrative fund, which is hereby created in the state treasury, an amount equal to two per cent of such remainder, for use by the tax commissioner in defraying costs incurred in administering the tax.

On or before the second working day of each month, the treasurer of state shall certify to the tax commissioner the amount of taxes levied on behalf of each district under sections 5743.021 and 5743.024 of the Revised Code and paid to the treasurer of state during the preceding month.

On or before the tenth day of each month, the tax commissioner shall distribute the amount credited to the permissive tax distribution fund during the preceding month by providing for payment of the appropriate amount to the county treasurer of the county in which the tax is levied.

Sec. 5743.025. In addition to the return required by section 5743.03 of the Revised Code, each retail dealer in a county levying in which a tax is levied under section 5743.021, 5743.024, or 5743.026 of the Revised Code shall, within thirty days after the date on which a tax levied under such section takes effect, make and file a return, on forms prescribed by the tax commissioner, showing the total number of cigarettes which such retail dealer had on hand as of the beginning of business on the date on which the tax takes effect, and such other information as the commissioner deems necessary for the administration of section 5743.021, 5743.024, or 5743.026 of the Revised Code. Each retail dealer shall deliver the return together with a remittance of the additional amount of tax due on the cigarettes shown on such return to the treasurer of state. The treasurer of state shall stamp or otherwise mark on the return the date it was received and shall also show thereon by stamp or otherwise the tax payment remitted with the return. Thereafter, the treasurer of state shall immediately transmit all returns filed under this section to the tax commissioner. Any retail dealer who fails to file a return under this section shall, for each day the retail dealer so fails, forfeit and pay into the state treasury the sum of one dollar as revenue arising from the tax imposed by section 5743.021, 5743.024, or 5743.026 of the Revised Code, and such sum may be collected by assessment in the manner provided in section 5743.081 of the Revised Code. For thirty days after the effective date of a tax imposed by section 5743.021, 5743.024, or 5743.026 of the Revised Code, a retail dealer may possess for sale or sell in the county in which the tax is levied cigarettes not bearing the
stamp or impression required by section 5743.03 of the Revised Code to
evidence payment of the county tax but on which the tax has or will be paid.

Sec. 5743.03. (A) Except as provided in section 5743.04 of the Revised
Code, the taxes imposed under sections 5743.02, 5743.021, 5743.024, and
5743.026 of the Revised Code shall be paid by the purchase of stamps. A
stamp shall be affixed to each package of an aggregate denomination not
less than the amount of the tax upon the contents thereof. The stamp, so
affixed, shall be prima-facie evidence of payment of the tax.

Except as is provided in the rules prescribed by the tax commissioner
under authority of sections 5743.01 to 5743.20 of the Revised Code, and
unless tax stamps have been previously affixed, they shall be so affixed by
each wholesale dealer, and canceled by writing or stamping across the face
thereof the number assigned to such wholesale dealer by the tax
commissioner for that purpose, prior to the delivery of any cigarettes to any
person in this state, or in the case of a tax levied pursuant to section
5743.021, 5743.024, or 5743.026 of the Revised Code, prior to the delivery
of cigarettes to any person in the county in which the tax is levied.

(B) Except as provided in the rules prescribed by the commissioner
under authority of sections 5743.01 to 5743.20 of the Revised Code, each
retail dealer, within twenty-four hours after the receipt of any cigarettes at
the retail dealer's place of business, shall inspect the cigarettes to ensure that
tax stamps are affixed. The inspection shall be completed before the
cigarettes are delivered to any person in this state, or, in the case of a tax
levied pursuant to section 5743.021, 5743.024, or 5743.026 of the Revised
Code, before the cigarettes are delivered to any person in the county in
which the tax is levied.

(C) Whenever any cigarettes are found in the place of business of any
retail dealer without proper tax stamps affixed thereto and canceled, it is
presumed that such cigarettes are kept therein in violation of sections
5743.01 to 5743.20 of the Revised Code.

(D) Each wholesale dealer who purchases cigarettes without proper tax
stamps affixed thereto shall, on or before the thirty-first day of the month
following the close of each semiannual period, which period shall end on the
thirty-first day of June and the thirty-first day of December of each year, make
and file a return of the preceding semiannual period, on such form as is
prescribed by the tax commissioner, showing the dealer's entire purchases
and sales of cigarettes and stamps or impressions for such semiannual period
and accurate inventories as of the beginning and end of each semiannual
period of cigarettes, stamped or unstamped; cigarette tax stamps affixed or
unaffixed and unused meter impressions; and such other information as the
commissioner finds necessary to the proper administration of sections 5743.01 to 5743.20 of the Revised Code. The commissioner may extend the time for making and filing returns and may remit all or any part of amounts of penalties that may become due under sections 5743.01 to 5743.20 of the Revised Code. The wholesale dealer shall deliver the return together with a remittance of the tax deficiency reported thereon to the treasurer of state. The treasurer of state shall stamp or otherwise mark on the return the date it was received and shall also show thereon by stamp or otherwise a payment or nonpayment of the deficiency shown by the return. Thereafter, the treasurer of state shall immediately transmit all returns filed under this section to the commissioner.

(E) Any wholesale dealer who fails to file a return under this section and the rules of the commissioner, other than a report required pursuant to division (F) of this section, may be required, for each day the dealer so fails, to forfeit and pay into the state treasury the sum of one dollar as revenue arising from the tax imposed by sections 5743.01 to 5743.20 of the Revised Code and such sum may be collected by assessment in the manner provided in section 5743.081 of the Revised Code. If the commissioner finds it necessary in order to insure the payment of the tax imposed by sections 5743.01 to 5743.20 of the Revised Code, the commissioner may require returns and payments to be made other than semiannually. The returns shall be signed by the wholesale dealer or an authorized agent thereof.

(F) Each person required to file a tax return under section 5743.03, 5743.52, or 5743.62 of the Revised Code shall report to the commissioner the quantity of all cigarettes and roll-your-own cigarette tobacco sold in Ohio for each brand not covered by the tobacco master settlement agreement for which the person is liable for the taxes levied under section 5743.02, 5743.51, or 5743.62 of the Revised Code.

As used in this division, "tobacco master settlement agreement" has the same meaning as in section 183.01 of the Revised Code.

(G) The report required by division (F) of this section shall be made on a form prescribed by the commissioner and shall be filed not later than the last day of each month for the previous month, except that if the commissioner determines that the quantity reported by a person does not warrant monthly reporting, the commissioner may authorize reporting at less frequent intervals. The commissioner may assess a penalty of not more than two hundred fifty dollars for each month or portion thereof that a person fails to timely file a required report, and such sum may be collected by assessment in the manner provided in section 5743.081 of the Revised Code. All money collected under this division shall be considered as revenue.
arising from the taxes imposed by sections 5743.01 to 5743.20 of the Revised Code.

Sec. 5743.04. The tax commissioner shall design and procure the stamps provided for in section 5743.03 of the Revised Code and shall enforce and administer sections 5743.01 to 5743.44 of the Revised Code. With respect to packages containing any number of cigarettes other than twenty, if the commissioner finds that it is practicable to collect the taxes levied under sections 5743.02, 5743.021, 5743.024, and 5743.026 of the Revised Code by any method other than that provided in this section and section 5743.03 of the Revised Code, the commissioner may by rule prescribe such other method for payment of the taxes upon such packages of cigarettes as will adequately protect the revenue; provided, that in any case where the commissioner prescribes that the taxes upon such packages of cigarettes shall be paid on the basis of returns filed by a wholesale or retail dealer, said returns, together with a remittance of all taxes due as shown thereon, shall be filed with the treasurer of state not later than the tenth day of the month following the month in which such cigarettes are sold in this state. The commissioner may promulgate rules in accordance with sections 119.01 to 119.13 of the Revised Code as the commissioner deems necessary to carry out sections 5743.01 to 5743.44 of the Revised Code and may adopt different detailed rules applicable to diverse methods and conditions of sale of cigarettes, prescribing, in each class of cases, upon whom, as between the wholesale dealer and the retail dealer, the primary duty of affixing stamps shall rest, and the manner in which stamps shall be affixed. A copy of such rules shall be furnished to every licensed dealer as provided in sections 119.01 to 119.13 of the Revised Code. Any such rule so furnished which excuses a wholesale dealer from affixing stamps under the circumstances of the particular case shall be a defense in the prosecution of such dealer for violation of section 5743.03 of the Revised Code.

The commissioner, after determining that it is practicable to evidence payment of the taxes levied under sections 5743.02, 5743.021, 5743.024, and 5743.026 of the Revised Code by impression made by a metering device, shall by resolution provide that such metering device may be used in lieu of the stamps otherwise provided for in section 5743.03 of the Revised Code. The commissioner may authorize any wholesale or retail dealer to use the metering device approved by the commissioner. Such device before being used shall be sealed by the treasurer of state, and shall be used only in accordance with the rules prescribed by the commissioner.

Wholesale and retail dealers authorized to use said device shall prepay the tax represented by meter impressions and shall deliver the metering
device to the treasurer of state or county treasurer in the county in which the place of business of any wholesaler or retailer is located if such treasurer is designated by the treasurer of state, who shall seal the meter in accordance with the prepayments so made.

Sec. 5743.05. All stamps provided for by section 5743.03 of the Revised Code, when procured by the tax commissioner, shall be immediately delivered to the treasurer of state, who shall execute a receipt therefor showing the number and aggregate face value of each denomination received by the treasurer of state and any other information that the commissioner requires to enforce the collection and distribution of all taxes imposed under section 5743.021, 5743.024, or 5743.026 of the Revised Code, and deliver the receipt to the commissioner. The treasurer of state shall sell the stamps and, on the fifth day of each month, make a report showing all sales made during the preceding month, with the names of purchasers, the number of each denomination, the aggregate face value purchased by each, and any other information as the commissioner requires to enforce the collection and distribution of all taxes imposed under section 5743.021, 5743.024, or 5743.026 of the Revised Code, and deliver it to the commissioner. The treasurer of state shall be accountable for all stamps received and unsold. The stamps shall be sold and accounted for at their face value, except the commissioner shall, by rule certified to the treasurer of state, authorize the sale of stamps and meter impressions to wholesale or retail dealers in this state, or to wholesale dealers outside this state, at a discount of not less than one and eight-tenths per cent or more than ten per cent of their face value, as a commission for affixing and canceling the stamps or meter impressions.

The commissioner, by rule certified to the treasurer of state, shall authorize the delivery of stamps and meter impressions to wholesale dealers in this state and to wholesale dealers outside this state on credit. If such a dealer has not been in good credit standing with this state for five consecutive years preceding the purchase, the tax commissioner shall require the dealer to file with the commissioner a bond to the state in the amount and in the form prescribed by the commissioner, with surety to the satisfaction of the commissioner, conditioned on payment to the treasurer of state within thirty days for stamps or meter impressions delivered within that time. If such a dealer has been in good credit standing with this state for five consecutive years preceding the purchase, the tax commissioner shall not require that the dealer file such a bond but shall require payment for the stamps and meter impressions within thirty days after purchase of the stamps and meter impressions. Stamps and meter impressions sold to a
dealer not required to file a bond shall be sold at face value. The maximum amount that may be sold on credit to a dealer not required to file a bond shall equal one hundred ten per cent of the dealer's average monthly purchases over the preceding calendar year. The maximum amount shall be adjusted to reflect any changes in the tax rate and may be adjusted, upon application to the tax commissioner by the dealer, to reflect changes in the business operations of the dealer. The maximum amount shall be applicable to the period of July through April. Payment by a dealer not required to file a bond shall be remitted by electronic funds transfer as prescribed by section 5743.051 of the Revised Code. If a dealer not required to file a bond fails to make the payment in full within the thirty-day period, the treasurer of state shall not thereafter sell stamps or meter impressions to that dealer until the dealer pays the outstanding amount, including penalty and interest on that amount as prescribed in this chapter, and the commissioner thereafter may require the dealer to file a bond until the dealer is restored to good standing. The commissioner shall limit delivery of stamps and meter impressions on credit to the period running from the first day of July of the fiscal year until the first day of the following May. Any discount allowed as a commission for affixing and canceling stamps or meter impressions shall be allowed with respect to sales of stamps and meter impressions on credit.

The treasurer of state shall redeem and pay for any destroyed, unused, or spoiled tax stamps and any unused meter impressions at their net value, and shall refund to wholesale dealers the net amount of state and county taxes paid erroneously or paid on cigarettes that have been sold in interstate or foreign commerce or that have become unsalable, and the net amount of county taxes that were paid on cigarettes that have been sold at retail or for retail sale outside a taxing county.

An application for a refund of tax shall be filed with the tax commissioner, on the form prescribed by the commissioner for that purpose, within three years from the date the tax stamps are destroyed or spoiled, from the date of the erroneous payment, or from the date that cigarettes on which taxes have been paid have been sold in interstate or foreign commerce or have become unsalable.

On the filing of the application, the commissioner shall determine the amount of refund to which the applicant is entitled, payable from receipts of the state tax, and, if applicable, payable from receipts of a county tax. If the amount is less than that claimed, the commissioner shall certify the amount to the director of budget and management and treasurer of state for payment from the tax refund fund created by section 5703.052 of the Revised Code. If the amount is less than that claimed, the commissioner shall proceed in
accordance with section 5703.70 of the Revised Code.

If a refund is granted for payment of an illegal or erroneous assessment issued by the department, the refund shall include interest on the amount of the refund from the date of the overpayment. The interest shall be computed at the rate per annum prescribed by section 5703.47 of the Revised Code.

Sec. 5743.08. Whenever the tax commissioner discovers any cigarettes which are being shipped, or which have been shipped, or transported in violation of section 2927.023 of the Revised Code, or discovers cigarettes, subject to the taxes levied under section 5743.02, 5743.021, 5743.024, or 5743.026 of the Revised Code, and upon which the taxes have not been paid or that are held for sale or distribution in violation of any other provision of this chapter, the commissioner may seize and take possession of such cigarettes, which shall thereupon be forfeited to the state, and the commissioner, within a reasonable time thereafter sell or destroy the forfeited cigarettes. If the commissioner sells cigarettes under this section, the commissioner shall use proceeds from the sale to pay the costs incurred in the proceedings. Any proceeds remaining after all costs have been paid shall be considered revenue arising from the taxes levied under this chapter. Seizure and sale shall not be deemed to relieve any person from the fine or imprisonment provided for violation of sections 5743.01 to 5743.20 of the Revised Code. A sale shall be made where it is most convenient and economical. The tax commissioner may order the destruction of the forfeited cigarettes if the quantity or quality of the cigarettes is not sufficient to warrant their sale.

Sec. 5743.081. (A) If any wholesale dealer or retail dealer fails to pay the tax levied under section 5743.02, 5743.021, 5743.024, or 5743.026 of the Revised Code as required by sections 5743.01 to 5743.20 of the Revised Code, and by the rules of the tax commissioner, or fails to collect the tax from the purchaser or consumer, the commissioner may make an assessment against the wholesale or retail dealer based upon any information in the commissioner's possession.

The commissioner may make an assessment against any wholesale or retail dealer who fails to file a return required by section 5743.03 or 5743.025 of the Revised Code.

No assessment shall be made against any wholesale or retail dealer for any taxes imposed under section 5743.02, 5743.021, 5743.024, or 5743.026 of the Revised Code more than three years after the last day of the calendar month that immediately follows the semiannual period prescribed in section 5743.03 of the Revised Code in which the sale was made, or more than three years after the semiannual return for such period is filed, whichever is later.
This section does not bar an assessment against any wholesale or retail dealer who fails to file a return as required by section 5743.025 or 5743.03 of the Revised Code, or who files a fraudulent return.

A penalty of up to thirty per cent may be added to the amount of every assessment made under this section. The commissioner may adopt rules providing for the imposition and remission of penalties added to assessments made under this section.

The commissioner shall give the party assessed written notice of the assessment in the manner provided in section 5703.37 of the Revised Code. The notice shall specify separately any portion of the assessment that represents a county tax. With the notice, the commissioner shall provide instructions on how to petition for reassessment and request a hearing on the petition.

(B) Unless the party assessed files with the tax commissioner within sixty days after service of the notice of assessment, either personally or by certified mail, a written petition for reassessment signed by the party assessed or that party’s authorized agent having knowledge of the facts, the assessment becomes final and the amount of the assessment is due and payable from the party assessed to the treasurer of state. The petition shall indicate the objections of the party assessed, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final determination. If the petition has been properly filed, the commissioner shall proceed under section 5703.60 of the Revised Code.

(C) After an assessment becomes final, if any portion of the assessment remains unpaid, including accrued interest, a certified copy of the tax commissioner’s entry making the assessment final may be filed in the office of the clerk of the court of common pleas in the county in which the wholesale or retail dealer's place of business is located or the county in which the party assessed resides. If the party assessed maintains no place of business in this state and is not a resident of this state, the certified copy of the entry may be filed in the office of the clerk of the court of common pleas of Franklin county.

Immediately upon the filing of the commissioner's entry, the clerk shall enter a judgment for the state against the party assessed in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled "special judgments for state cigarette sales tax," and shall have the same effect as other judgments. Execution shall issue upon the judgment upon the request of the tax commissioner, and all laws applicable to sales on execution shall apply to sales made under the judgment, except as otherwise provided in sections 5743.01 to 5743.20 of the Revised Code.
The portion of the assessment not paid within sixty days after the assessment was issued shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the day the commissioner issues the assessment until it is paid. Interest shall be paid in the same manner as the tax and may be collected by the issuance of an assessment under this section.  

(D) All money collected by the tax commissioner under this section shall be paid to the treasurer of state, and when paid shall be considered as revenue arising from the taxes imposed by sections 5743.01 to 5743.20 of the Revised Code.  

Sec. 5743.12. No person shall make a false entry upon an invoice, package, or container of cigarettes upon which an entry is required by sections 5743.01 to 5743.20 of the Revised Code, nor shall any person present any such false entry for the inspection of the tax commissioner with intent to evade the tax levied under section 5743.02, 5743.021, 5743.024, or 5743.026 of the Revised Code.  

Sec. 5743.13. No person shall falsely or fraudulently make, forge, alter, or counterfeit any stamp prescribed by the tax commissioner under section 5743.03 of the Revised Code, or cause to be falsely or fraudulently made, forged, altered, or counterfeited any such stamp, or possess any counterfeiting device, or knowingly and willfully utter, publish, pass, or tender as true, any such false, altered, forged, or counterfeited stamp, or use more than once any such stamp for the purpose of evading the tax levied under section 5743.02, 5743.021, 5743.024, or 5743.026 of the Revised Code.  

Sec. 5743.15. (A) No person shall engage in this state in the wholesale or retail business of trafficking in cigarettes or in the business of a manufacturer or importer of cigarettes without having a license to conduct each such activity issued by a county auditor under division (B) of this section or the tax commissioner under division (E) of this section, except that on dissolution of a partnership by death, the surviving partner may operate under the license of the partnership until expiration of the license, and the heirs or legal representatives of deceased persons, and receivers and trustees in bankruptcy appointed by any competent authority, may operate under the license of the person succeeded in possession by such heir, representative, receiver, or trustee in bankruptcy.  

(B) Each applicant for a license to engage in the wholesale or retail business of trafficking in cigarettes under this section, annually, on or before the fourth Monday of May, shall make and deliver to the county auditor of the county in which the applicant desires to engage in the wholesale or retail
business of trafficking in cigarettes, upon a blank furnished by such auditor for that purpose, a statement showing the name of the applicant, each place in the county where the applicant's business is conducted, the nature of the business, and any other information the tax commissioner requires in the form of statement prescribed by the commissioner. If the applicant is a firm, partnership, or association other than a corporation, the application shall state the name and address of each of its members. If the applicant is a corporation, the application shall state the name and address of each of its officers. At the time of making the application required by this section, every person desiring to engage in the wholesale business of trafficking in cigarettes shall pay into the county treasury a license tax in the sum of two hundred dollars, or if desiring to engage in the retail business of trafficking in cigarettes, a license tax in the sum of thirty dollars for each of the first five places where the person proposes to carry on such business and twenty-five dollars for each additional place. Each place of business shall be deemed such space, under lease or license to, or under the control of, or under the supervision of the applicant, as is contained in one or more contiguous, adjacent, or adjoining buildings constituting an industrial plant or a place of business operated by, or under the control of, one person, or under one roof and connected by doors, halls, stairways, or elevators, which space may contain any number of points at which cigarettes are offered for sale, provided that each additional point at which cigarettes are offered for sale shall be listed in the application.

Upon receipt of the application and exhibition of the county treasurer's receipt showing the payment of the tax, the county auditor shall issue to the applicant a license for each place of business designated in the application, authorizing the applicant to engage in such business at such place for one year commencing on the fourth Monday of May. Companies operating club or dining cars or other cars upon which cigarettes are sold shall obtain licenses at railroad terminals within the state, under such rules as are prescribed by the commissioner. The form of the license shall be prescribed by the commissioner. A duplicate license may be obtained from the county auditor upon payment of a fifty cent fee if the original license is lost, destroyed, or defaced. When an application is filed after the fourth Monday of May, the license tax required to be paid shall be proportioned in amount to the remainder of the license year, except that it shall not be less than one fifth of the whole amount in any one year.

The holder of a wholesale or retail dealer's cigarette license may transfer the license to a place of business within the same county other than that designated on the license or may assign the license to another person for use
in the same county on condition that the licensee or assignee, whichever is applicable, make application to the county auditor therefor, upon forms approved by the commissioner and the payment of a fee of one dollar into the county treasury.

(C)(1) The wholesale cigarette license tax revenue collected under this section shall be distributed as follows:

(a) Thirty-seven and one-half per cent shall be paid upon the warrant of the county auditor into the treasury of the municipal corporation or township in which the place of business for which the tax revenue was received is located;

(b) Fifteen per cent shall be credited to the general fund of the county;

(c) Forty-seven and one-half per cent shall be paid into the cigarette tax enforcement fund created by division (C) of this section.

(2) The revenue collected from the thirty dollar tax imposed upon the first five places of business of a person engaged in the retail business of trafficking in cigarettes shall be distributed as follows:

(a) Sixty-two and one-half per cent shall be paid upon the warrant of the county auditor into the treasury of the municipal corporation or township in which the places of business for which the tax revenue was received are located;

(b) Twenty-two and one-half per cent shall be credited to the general fund of the county;

(c) Fifteen per cent shall be paid into the cigarette tax enforcement fund created by division (C) of this section.

(3) The remainder of the revenues and fines collected under this section and the penal laws relating to cigarettes shall be distributed as follows:

(a) Three-fourths shall be paid upon the warrant of the county auditor into the treasury of the municipal corporation or township in which the place of business, on account of which the revenues and fines were received, is located;

(b) One-fourth shall be credited to the general fund of the county.

(D) There is hereby created within the state treasury the cigarette tax enforcement fund for the purpose of providing funds to assist in paying the costs of enforcing sections 1333.11 to 1333.21 and Chapter 5743. of the Revised Code.

The portion of cigarette license tax revenues received by a county auditor during the annual application period that ends before the fourth Monday in May which is required to be deposited in the cigarette tax enforcement fund shall be sent to the treasurer of state by the thirtieth day of June each year. The portion of license tax money received by each county
auditor after the fourth Monday in May which is required to be deposited in
the cigarette tax enforcement fund shall be sent to the treasurer of state by
the thirty-first day of December.

(E)(1) Every person who desires to engage in the business of a
manufacturer or importer of cigarettes shall, annually, on or before the
fourth Monday of May, make and deliver to the tax commissioner, upon a
blank furnished by the commissioner for that purpose, a statement showing
the name of the applicant, the nature of the applicant's business, and any
other information required by the commissioner. If the applicant is a firm,
partnership, or association other than a corporation, the applicant shall state
the name and address of each of its members. If the applicant is a
corporation, the applicant shall state the name and address of each of its
officers.

Upon receipt of the application, the commissioner shall issue to the
applicant a license authorizing the applicant to engage in the business of
manufacturer or importer, whichever the case may be, for one year
commencing on the fourth Monday of May.

(2) The issuing of a license under division (E)(1) of this section to a
manufacturer does not excuse a manufacturer from the certification process
required under section 1346.05 of the Revised Code. A manufacturer who is
issued a license issued under division (E)(1) of this section to—

(3) The tax commissioner may adopt rules necessary to administer

any manufacturer, importer, wholesale, or retail cigarette license for
violation of sections 5743.01 to 5743.21 of the Revised Code. In the case of
a wholesale or retail cigarette license, a certified copy of the order revoking
such license shall be transmitted to the county auditor of the county in which
the license was issued. In the case of a license issued to a manufacturer, the
commissioner shall immediately revoke any such license upon the
manufacturer's removal from the directory under section 1346.05 of the
Revised Code, such manufacturer shall not be permitted to sell cigarettes in
this state other than to a licensed cigarette wholesaler for sale outside this state. Such a manufacturer shall provide documentation to the commissioner evidencing that the cigarettes are legal for sale in another state.

Sec. 5743.321. For the same purposes for which it levies a tax under section 5743.021 of the Revised Code, the board of county commissioners of a county that has within its territorial boundaries a qualifying regional arts and cultural district and that levies a tax under that section, by resolution adopted by a majority of the board, shall levy a tax at the same rate on the use, consumption, or storage for consumption of cigarettes by consumers in the county in which that tax is levied, provided that the tax shall not apply if the tax levied by section 5743.021 of the Revised Code has been paid. The tax shall take effect on the date that a tax levied under that section takes effect, and shall remain in effect as long as the tax levied under that section remains effective.

Sec. 5743.33. Except as provided in section 5747.331 of the Revised Code, every person who has acquired cigarettes for use, storage, or other consumption subject to the tax levied under section 5743.32, 5743.321, 5743.323, or 5743.324 of the Revised Code, shall, on or before the fifteenth day of the month following receipt of such cigarettes, file with the tax commissioner a return showing the amount of cigarettes acquired, together with remittance of the tax thereon. No such person shall transport within this state, cigarettes that have a wholesale value in excess of three hundred dollars, unless that person has obtained consent to transport the cigarettes from the department of taxation prior to such transportation. Such consent shall not be required if the applicable taxes levied under sections 5743.02, 5743.021, 5743.024, and 5743.026 of the Revised Code have been paid. Application for the consent shall be in the form prescribed by the tax commissioner.

Every person transporting such cigarettes shall possess the consent while transporting or possessing the cigarettes within this state and shall produce the consent upon request of any law enforcement officer or authorized agent of the tax commissioner.

Any person transporting such cigarettes without the consent required by this section, shall be subject to the provisions of this chapter, including the applicable taxes imposed under sections 5743.02, 5743.021, 5743.024, and 5743.026 of the Revised Code.

Sec. 5743.34. If any person required to pay the tax levied under section 5743.32, 5743.321, 5743.323, or 5743.324 of the Revised Code, fails to make remittance, the tax commissioner may issue an assessment against that person based on any information in the commissioner's possession.
Sections 5743.081 and 5743.082 of the Revised Code relating to the assessments or findings, appeals from assessments or findings, the effect of assessments or findings before or after hearing and before or after filing the same in the office of the clerk of the court of common pleas, and all sections relating to the procedure, authority, duties, liabilities, powers, and privileges of the person assessed, the commissioner, the clerk, and all other public officials, shall be applicable to assessments made pursuant to this section.

Sec. 5743.35. If such a company is a qualified subchapter S subsidiary as defined in section 1361 of the Internal Revenue Code or a disregarded entity, the company's parent S corporation or owner is the taxpayer for the purposes of this chapter and is hereby deemed to have nexus with this state under the Constitution of the United States for the purposes of this chapter.

The adjustments provided in division (G)(3) of this section are subject to divisions (B)(3), (4), and (5) of section 5733.0510 of the Revised Code to the extent those divisions apply to the adjustments in that section for the taxable year. A taxpayer shall not deduct or add any amount under division (G)(3) of this section with respect to a qualifying asset the sale, exchange, or other disposition of which resulted in the recognition of a gain or loss that the taxpayer deducted or added, respectively, under division (G)(1) or (2) of this section.

For the purposes of division (G)(3) of this section, "book-tax difference," "qualifying taxpayer," "qualifying asset," and "qualifying taxable event" have the same meanings as in section 5733.0510 of the Revised Code.

4. If the taxpayer is not a C corporation and is not an individual, the taxpayer shall compute "adjusted federal taxable income" as if the taxpayer were a C corporation, except:

Sec. 5747.01. Except as otherwise expressly provided or clearly appearing from the context, any term used in this chapter that is not otherwise defined in this section has the same meaning as when used in a comparable context in the laws of the United States relating to federal income taxes or if not used in a comparable context in those laws, has the same meaning as in section 5733.40 of the Revised Code. Any reference in this chapter to the Internal Revenue Code includes other laws of the United States relating to federal income taxes.

As used in this chapter:

(A) "Adjusted gross income" or "Ohio adjusted gross income" means federal adjusted gross income, as defined and used in the Internal Revenue Code, adjusted as provided in this section:

(1) Add interest or dividends on obligations or securities of any state or of any political subdivision or authority of any state, other than this state and its subdivisions and authorities.

(2) Add interest or dividends on obligations of any authority, commission, instrumentality, territory, or possession of the United States to the extent that the interest or dividends are exempt from federal income taxes but not from state income taxes.

(3) Deduct interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission, or instrumentality of the United States to the extent that the interest or dividends are included in federal adjusted gross income but exempt from state income taxes under the laws of the United States.

"Undistributed net income of a trust" means the taxable income of the trust increased by (a)(i) the additions to adjusted gross income required under division (A) of this section and (ii) the personal exemptions allowed to the trust pursuant to section 642(b) of the Internal Revenue Code, and decreased by (b)(i) the deductions to adjusted gross income required under division (A) of this section, (ii) the amount of federal income taxes attributable to such income, and (iii) the amount of taxable income that has been included in the adjusted gross income of a beneficiary by reason of a prior accumulation distribution. Any undistributed net income included in the adjusted gross income of a beneficiary shall reduce the undistributed net income of the trust commencing with the earliest years of the accumulation period.

(7) Deduct the amount of wages and salaries, if any, not otherwise allowable as a deduction but that would have been allowable as a deduction in computing federal adjusted gross income for the taxable year, had the targeted jobs credit allowed and determined under sections 38, 51, and 52 of the Internal Revenue Code not been in effect.

(8) Deduct any interest or interest equivalent on public obligations and purchase obligations to the extent that the interest or interest equivalent is included in federal adjusted gross income.

to any taxpayer who is entitled to, or on application would be entitled to,

(A)(11)(a) of this section, "subsidized health plan" means a health plan for
which the employer pays any portion of the plan's cost. The deduction
allowed under division (A)(11)(a) of this section shall be the net of any
related premium refunds, related premium reimbursements, or related
insurance premium dividends received during the taxable year.

(b) Deduct, to the extent not otherwise deducted or excluded in
computing federal or Ohio adjusted gross income during the taxable year,
the amount the taxpayer paid during the taxable year, not compensated for
by any insurance or otherwise, for medical care of the taxpayer, the
taxpayer's spouse, and dependents, to the extent the expenses exceed seven
and one-half per cent of the taxpayer's federal adjusted gross income.

(c) For purposes of division (A)(11) of this section, "medical care" has
the meaning given in section 213 of the Internal Revenue Code, subject to
the special rules, limitations, and exclusions set forth therein, and "qualified
long-term care" has the same meaning given in section 7702B(c) of
the Internal Revenue Code.

solely because the amount represents a reimbursement or refund of expenses
that in any year the taxpayer had deducted as an itemized deduction
pursuant to section 63 of the Internal Revenue Code and applicable United
States department of the treasury regulations. The deduction otherwise
allowed under division (A)(12)(a) of this section shall be reduced to the
extent the reimbursement is attributable to an amount the taxpayer deducted
under this section in any taxable year.

(b) Add any amount not otherwise included in Ohio adjusted gross
income for any taxable year to the extent that the amount is attributable to
the recovery during the taxable year of any amount deducted or excluded in
computing federal or Ohio adjusted gross income in any taxable year.

(13) Deduct any portion of the deduction described in section
1341(a)(2) of the Internal Revenue Code, for repaying previously reported
income received under a claim of right, that meets both of the following
requirements:

(a) It is allowable for repayment of an item that was included in the
taxpayer's adjusted gross income for a prior taxable year and did not qualify
for a credit under division (A) or (B) of section 5747.05 of the Revised Code
for that year;

(b) It does not otherwise reduce the taxpayer's adjusted gross income for the current or any other taxable year.

(14) Deduct an amount equal to the deposits made to, and net investment earnings of, a medical savings account during the taxable year, in accordance with section 3924.66 of the Revised Code. The deduction allowed by division (A)(14) of this section does not apply to medical savings account deposits and earnings otherwise deducted or excluded for the current or any other taxable year from the taxpayer's federal adjusted gross income.

(15)(a) Add an amount equal to the funds withdrawn from a medical savings account during the taxable year, and the net investment earnings on those funds, when the funds withdrawn were used for any purpose other than to reimburse an account holder for, or to pay, eligible medical expenses, in accordance with section 3924.66 of the Revised Code;
(b) Add the amounts distributed from a medical savings account under division (A)(2) of section 3924.68 of the Revised Code during the taxable year.

(16) Add any amount claimed as a credit under section 5747.059 of the Revised Code to the extent that such amount satisfies either of the following:
(a) The amount was deducted or excluded from the computation of the taxpayer's federal adjusted gross income as required to be reported for the taxpayer's taxable year under the Internal Revenue Code;
(b) The amount resulted in a reduction of the taxpayer's federal adjusted gross income as required to be reported for any of the taxpayer's taxable years under the Internal Revenue Code.

(17) Deduct the amount contributed by the taxpayer to an individual development account program established by a county department of job and family services pursuant to sections 329.11 to 329.14 of the Revised Code for the purpose of matching funds deposited by program participants. On request of the tax commissioner, the taxpayer shall provide any information that, in the tax commissioner's opinion, is necessary to establish the amount deducted under division (A)(17) of this section.

(18) Beginning in taxable year 2001 but not for any taxable year beginning after December 31, 2005, if the taxpayer is married and files a joint return and the combined federal adjusted gross income of the taxpayer and the taxpayer's spouse for the taxable year does not exceed one hundred thousand dollars, or if the taxpayer is single and has a federal adjusted gross income for the taxable year not exceeding fifty thousand dollars, deduct
amounts paid during the taxable year for qualified tuition and fees paid to an
eligible institution for the taxpayer, the taxpayer's spouse, or any dependent
of the taxpayer, who is a resident of this state and is enrolled in or attending
a program that culminates in a degree or diploma at an eligible institution. The
deduction may be claimed only to the extent that qualified tuition and
fees are not otherwise deducted or excluded for any taxable year from
federal or Ohio adjusted gross income. The deduction may not be claimed
for educational expenses for which the taxpayer claims a credit under
section 5747.27 of the Revised Code.

(19) Add any reimbursement received during the taxable year of any
amount the taxpayer deducted under division (A)(18) of this section in any
previous taxable year to the extent the amount is not otherwise included in
Ohio adjusted gross income.

(20)(a)(i) Add five-sixths of the amount of depreciation expense
allowed by subsection (k) of section 168 of the Internal Revenue Code,
including the taxpayer's proportionate or distributive share of the amount of
depreciation expense allowed by that subsection to a pass-through entity in
which the taxpayer has a direct or indirect ownership interest.

(ii) Add five-sixths of the amount of qualifying section 179
depreciation expense, including a person's proportionate or distributive share of the
amount of qualifying section 179 depreciation expense allowed to any
pass-through entity in which the person has a direct or indirect ownership.
For the purposes of this division, "qualifying section 179 depreciation
expense" means the difference between (I) the amount of depreciation
expense directly or indirectly allowed to the taxpayer under section 179 of
the Internal Revenue Code, and (II) the amount of depreciation expense
directly or indirectly allowed to the taxpayer under section 179 of the
Internal Revenue Code as that section existed on December 31, 2002.

The tax commissioner, under procedures established by the
commissioner, may waive the add-backs related to a pass-through entity if
the taxpayer owns, directly or indirectly, less than five per cent of the
pass-through entity.

(b) Nothing in division (A)(20) of this section shall be construed to
adjust or modify the adjusted basis of any asset.

(c) To the extent the add-back required under division (A)(20)(a) of this
section is attributable to property generating nonbusiness income or loss
allocated under section 5747.20 of the Revised Code, the add-back shall be
situated to the same location as the nonbusiness income or loss generated by
the property for the purpose of determining the credit under division (A) of
section 5747.05 of the Revised Code. Otherwise, the add-back shall be
apportioned, subject to one or more of the four alternative methods of apportionment enumerated in section 5747.21 of the Revised Code.

(d) For the purposes of division (A) of this section, net operating loss carryback and carryforward shall not include five-sixths of the allowance of any net operating loss deduction carryback or carryforward to the taxable year to the extent such loss resulted from depreciation allowed by section 168(k) of the Internal Revenue Code and by the qualifying section 179 depreciation expense amount.

(21)(a) If the taxpayer was required to add an amount under division (A)(20)(a) of this section for a taxable year, deduct one-fifth of the amount so added for each of the five succeeding taxable years.

(b) If the amount deducted under division (A)(21)(a) of this section is attributable to an add-back allocated under division (A)(20)(c) of this section, the amount deducted shall be sitused to the same location. Otherwise, the add-back shall be apportioned using the apportionment factors for the taxable year in which the deduction is taken, subject to one or more of the four alternative methods of apportionment enumerated in section 5747.21 of the Revised Code.

(c) No deduction is available under division (A)(21)(a) of this section with regard to any depreciation allowed by section 168(k) of the Internal Revenue Code and by the qualifying section 179 depreciation expense amount to the extent that such depreciation resulted in or increased a federal net operating loss carryback or carryforward to a taxable year to which division (A)(20)(d) of this section does not apply.

(22) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer received during the taxable year as reimbursement for life insurance premiums under section 5919.31 of the Revised Code.

(23) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer received during the taxable year as a death benefit paid by the adjutant general under section 5919.33 of the Revised Code.

(B) "Business income" means income, including gain or loss, arising from transactions, activities, and sources in the regular course of a trade or business and includes income, gain, or loss from real property, tangible property, and intangible property if the acquisition, rental, management, and disposition of the property constitute integral parts of the regular course of a trade or business operation. "Business income" includes income, including gain or loss, from a partial or complete liquidation of a business, including, but not limited to, gain or loss from the sale or other disposition of goodwill.
(C) "Nonbusiness income" means all income other than business income and may include, but is not limited to, compensation, rents and royalties from real or tangible personal property, capital gains, interest, dividends and distributions, patent or copyright royalties, or lottery winnings, prizes, and awards.

1. An individual who is domiciled in this state, subject to section 5747.24 of the Revised Code;

2. The estate of a decedent who at the time of death was domiciled in this state. The domicile tests of section 5747.24 of the Revised Code and any election under section 5747.25 of the Revised Code are not controlling for purposes of division (I)(2) of this section.

3. A trust that, in whole or part, resides in this state. If only part of a trust resides in this state, the trust is a resident only with respect to that part.

For the purposes of division (I)(3) of this section:

1. A trust resides in this state for the trust's current taxable year to the extent, as described in division (I)(3)(d) of this section, that the trust consists directly or indirectly, in whole or in part, of assets, net of any related liabilities, that were transferred, or caused to be transferred, directly or indirectly, to the trust by any of the following:

   i. A person, a court, or a governmental entity or instrumentality on account of the death of a decedent, but only if the trust is described in division (I)(3)(e)(i) or (ii) of this section;

   ii. A person who was domiciled in this state for the purposes of this chapter when the person directly or indirectly transferred assets to an irrevocable trust, but only if at least one of the trust's qualifying beneficiaries is domiciled in this state for the purposes of this chapter during all or some portion of the trust's current taxable year;
(iii) A person who was domiciled in this state for the purposes of this chapter when the trust document or instrument or part of the trust document or instrument became irrevocable, but only if at least one of the trust's qualifying beneficiaries is a resident domiciled in this state for the purposes of this chapter during all or some portion of the trust's current taxable year. If a trust document or instrument became irrevocable upon the death of a person who at the time of death was domiciled in this state for purposes of this chapter, that person is a person described in division (I)(3)(a)(iii) of this section.

(b) A trust is irrevocable to the extent that the transferor is not considered to be the owner of the net assets of the trust under sections 671 to 678 of the Internal Revenue Code.

(c) With respect to a trust other than a charitable lead trust, "qualifying beneficiary" has the same meaning as "potential current beneficiary" as defined in section 1361(e)(2) of the Internal Revenue Code, and with respect to a charitable lead trust "qualifying beneficiary" is any current, future, or contingent beneficiary, but with respect to any trust "qualifying beneficiary" excludes a person or a governmental entity or instrumentality to any of which a contribution would qualify for the charitable deduction under section 170 of the Internal Revenue Code.

(d) For the purposes of division (I)(3)(a) of this section, the extent to which a trust consists directly or indirectly, in whole or in part, of assets, net of any related liabilities, that were transferred directly or indirectly, in whole or part, to the trust by any of the sources enumerated in that division shall be ascertained by multiplying the fair market value of the trust's assets, net of related liabilities, by the qualifying ratio, which shall be computed as follows:

(i) The first time the trust receives assets, the numerator of the qualifying ratio is the fair market value of those assets at that time, net of any related liabilities, from sources enumerated in division (I)(3)(a) of this section. The denominator of the qualifying ratio is the fair market value of all the trust's assets at that time, net of any related liabilities.

(ii) Each subsequent time the trust receives assets, a revised qualifying ratio shall be computed. The numerator of the revised qualifying ratio is the sum of (1) the fair market value of the trust's assets immediately prior to the subsequent transfer, net of any related liabilities, multiplied by the qualifying ratio last computed without regard to the subsequent transfer, and (2) the fair market value of the subsequently transferred assets at the time transferred, net of any related liabilities, from sources enumerated in division (I)(3)(a) of this section. The denominator of the revised qualifying
ratio is the fair market value of all the trust's assets immediately after the
subsequent transfer, net of any related liabilities.

(iii) Whether a transfer to the trust is by or from any of the sources
enumerated in division (I)(3)(a) of this section shall be ascertained without
regard to the domicile of the trust's beneficiaries.

(e) For the purposes of division (I)(3)(a)(i) of this section:

(i) A trust is described in division (I)(3)(e)(i) of this section if the trust is
a testamentary trust and the testator of that testamentary trust was domiciled
in this state at the time of the testator's death for purposes of the taxes levied
under Chapter 5731. of the Revised Code.

(ii) A trust is described in division (I)(3)(e)(ii) of this section if the
transfer is a qualifying transfer described in any of divisions (I)(3)(f)(i) to
(vi) of this section, the trust is an irrevocable inter vivos trust, and at least
one of the trust's qualifying beneficiaries is domiciled in this state for
purposes of this chapter during all or some portion of the trust's current
taxable year.

(f) For the purposes of division (I)(3)(e)(ii) of this section, a "qualifying
transfer" is a transfer of assets, net of any related liabilities, directly or
indirectly to a trust, if the transfer is described in any of the following:

(i) The transfer is made to a trust, created by the decedent before the
decedent's death and while the decedent was domiciled in this state for the
purposes of this chapter, and, prior to the death of the decedent, the trust
became irrevocable while the decedent was domiciled in this state for the
purposes of this chapter.

(ii) The transfer is made to a trust to which the decedent, prior to the
decedent's death, had directly or indirectly transferred assets, net of any
related liabilities, while the decedent was domiciled in this state for the
purposes of this chapter, and prior to the death of the decedent the trust
became irrevocable while the decedent was domiciled in this state for the
purposes of this chapter.

(iii) The transfer is made on account of a contractual relationship
existing directly or indirectly between the transferor and either the decedent
or the estate of the decedent at any time prior to the date of the decedent's
death, and the decedent was domiciled in this state at the time of death for
purposes of the taxes levied under Chapter 5731. of the Revised Code.

(iv) The transfer is made to a trust on account of a contractual
relationship existing directly or indirectly between the transferor and another
person who at the time of the decedent's death was domiciled in this state for
purposes of this chapter.

(v) The transfer is made to a trust on account of the will of a testator.
(vi) The transfer is made to a trust created by or caused to be created by a court, and the trust was directly or indirectly created in connection with or as a result of the death of an individual who, for purposes of the taxes levied under Chapter 5731. of the Revised Code, was domiciled in this state at the time of the individual's death.

(g) The tax commissioner may adopt rules to ascertain the part of a trust residing in this state.

(J) "Nonresident" means an individual or estate that is not a resident. An individual who is a resident for only part of a taxable year is a nonresident for the remainder of that taxable year.

(1) Add interest or dividends, net of ordinary, necessary, and reasonable expenses not deducted in computing federal taxable income, on obligations or securities of any state or of any political subdivision or authority of any state, other than this state and its subdivisions and authorities, but only to the extent that such net amount is not otherwise includible in Ohio taxable income and is described in either division (S)(1)(a) or (b) of this section:

   (a) The net amount is not attributable to the S portion of an electing small business trust and has not been distributed to beneficiaries for the taxable year;

   (b) The net amount is attributable to the S portion of an electing small business trust for the taxable year.

(2) Add interest or dividends, net of ordinary, necessary, and reasonable expenses not deducted in computing federal taxable income, on obligations of any authority, commission, instrumentality, territory, or possession of the United States to the extent that the interest or dividends are exempt from federal income taxes but not from state income taxes, but only to the extent that such net amount is not otherwise includible in Ohio taxable income and is described in either division (S)(1)(a) or (b) of this section;

(3) Add the amount of personal exemption allowed to the estate pursuant to section 642(b) of the Internal Revenue Code;

(4) Deduct interest or dividends, net of related expenses deducted in computing federal taxable income, on obligations of the United States and its territories and possessions or of any authority, commission, or instrumentality of the United States to the extent that the interest or dividends are exempt from state taxes under the laws of the United States, but only to the extent that such amount is included in federal taxable income and is described in either division (S)(1)(a) or (b) of this section;

(5) Deduct the amount of wages and salaries, if any, not otherwise allowable as a deduction but that would have been allowable as a deduction in computing federal taxable income for the taxable year, had the targeted jobs credit allowed under sections 38, 51, and 52 of the Internal Revenue Code not been in effect, but only to the extent such amount relates either to income included in federal taxable income for the taxable year or to income of the S portion of an electing small business trust for the taxable year;

(6) Deduct any interest or interest equivalent, net of related expenses deducted in computing federal taxable income, on public obligations and purchase obligations, but only to the extent that such net amount relates either to income included in federal taxable income for the taxable year or to
income of the S portion of an electing small business trust for the taxable year;

(7) Add any loss or deduct any gain resulting from sale, exchange, or other disposition of public obligations to the extent that such loss has been deducted or such gain has been included in computing either federal taxable income or income of the S portion of an electing small business trust for the taxable year;

(8) Except in the case of the final return of an estate, add any amount deducted by the taxpayer on both its Ohio estate tax return pursuant to section 5731.14 of the Revised Code, and on its federal income tax return in determining federal taxable income;

(9)(a) Deduct any amount included in federal taxable income solely because the amount represents a reimbursement or refund of expenses that in a previous year the decedent had deducted as an itemized deduction pursuant to section 63 of the Internal Revenue Code and applicable treasury regulations. The deduction otherwise allowed under division (S)(9)(a) of this section shall be reduced to the extent the reimbursement is attributable to an amount the taxpayer or decedent deducted under this section in any taxable year.

(b) Add any amount not otherwise included in Ohio taxable income for any taxable year to the extent that the amount is attributable to the recovery during the taxable year of any amount deducted or excluded in computing federal or Ohio taxable income in any taxable year, but only to the extent such amount has not been distributed to beneficiaries for the taxable year.

(10) Deduct any portion of the deduction described in section 1341(a)(2) of the Internal Revenue Code, for repaying previously reported income received under a claim of right, that meets both of the following requirements:

(a) It is allowable for repayment of an item that was included in the taxpayer's taxable income or the decedent's adjusted gross income for a prior taxable year and did not qualify for a credit under division (A) or (B) of section 5747.05 of the Revised Code for that year.

(b) It does not otherwise reduce the taxpayer's taxable income or the decedent's adjusted gross income for the current or any other taxable year.

(11) Add any amount claimed as a credit under section 5747.059 of the Revised Code to the extent that the amount satisfies either of the following:

(a) The amount was deducted or excluded from the computation of the taxpayer's federal taxable income as required to be reported for the taxpayer's taxable year under the Internal Revenue Code;

(b) The amount resulted in a reduction in the taxpayer's federal taxable
income as required to be reported for any of the taxpayer's taxable years under the Internal Revenue Code.

(12) Deduct any amount, net of related expenses deducted in computing federal taxable income, that a trust is required to report as farm income on its federal income tax return, but only if the assets of the trust include at least ten acres of land satisfying the definition of "land devoted exclusively to agricultural use" under section 5713.30 of the Revised Code, regardless of whether the land is valued for tax purposes as such land under sections 5713.30 to 5713.38 of the Revised Code. If the trust is a pass-through entity investor, section 5747.231 of the Revised Code applies in ascertaining if the trust is eligible to claim the deduction provided by division (S)(12) of this section in connection with the pass-through entity's farm income.

Except for farm income attributable to the S portion of an electing small business trust, the deduction provided by division (S)(12) of this section is allowed only to the extent that the trust has not distributed such farm income. Division (S)(12) of this section applies only to taxable years of a trust beginning in 2002 or thereafter.

(13) Add the net amount of income described in section 641(c) of the Internal Revenue Code to the extent that amount is not included in federal taxable income.

(14) Add or deduct the amount the taxpayer would be required to add or deduct under division (A)(20) or (21) of this section if the taxpayer's Ohio taxable income were computed in the same manner as an individual's Ohio adjusted gross income is computed under this section. In the case of a trust, division (S)(14) of this section applies only to any of the trust's taxable years beginning in 2002 or thereafter.

(T) "School district income" and "school district income tax" have the same meanings as in section 5748.01 of the Revised Code.

(U) As used in divisions (A)(8), (A)(9), (S)(6), and (S)(7) of this section, "public obligations," "purchase obligations," and "interest or interest equivalent" have the same meanings as in section 5709.76 of the Revised Code.

(2) "Qualified tuition and fees" means tuition and fees imposed by an eligible institution as a condition of enrollment or attendance, not exceeding two thousand five hundred dollars in each of the individual's first two years of post-secondary education. If the individual is a part-time student, "qualified tuition and fees" includes tuition and fees paid for the academic equivalent of the first two years of post-secondary education during a maximum of five taxable years, not exceeding a total of five thousand dollars. "Qualified tuition and fees" does not include:

(a) Expenses for any course or activity involving sports, games, or hobbies unless the course or activity is part of the individual's degree or diploma program;

(b) The cost of books, room and board, student activity fees, athletic fees, insurance expenses, or other expenses unrelated to the individual's academic course of instruction;

(c) Tuition, fees, or other expenses paid or reimbursed through an employer, scholarship, grant in aid, or other educational benefit program.

(BB)(1) "Modified business income" means the business income included in a trust's Ohio taxable income after such taxable income is first reduced by the qualifying trust amount, if any.

(2) "Qualifying trust amount" of a trust means capital gains and losses from the sale, exchange, or other disposition of equity or ownership interests in, or debt obligations of, a qualifying investee to the extent included in the trust's Ohio taxable income, but only if the following requirements are satisfied:

(a) The book value of the qualifying investee's physical assets in this state and everywhere, as of the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, is available to the trust.

(b) The requirements of section 5747.011 of the Revised Code are
satisfied for the trust's taxable year in which the trust recognizes the gain or loss.

Any gain or loss that is not a qualifying trust amount is modified business income, qualifying investment income, or modified nonbusiness income, as the case may be.

(3) "Modified nonbusiness income" means a trust's Ohio taxable income other than modified business income, other than the qualifying trust amount, and other than qualifying investment income, as defined in section 5747.012 of the Revised Code, to the extent such qualifying investment income is not otherwise part of modified business income.

(4) "Modified Ohio taxable income" applies only to trusts, and means the sum of the amounts described in divisions (BB)(4)(a) to (c) of this section:

(a) The fraction, calculated under section 5747.013, and applying section 5747.231 of the Revised Code, multiplied by the sum of the following amounts:

(i) The trust's modified business income;

(ii) The trust's qualifying investment income, as defined in section 5747.012 of the Revised Code, but only to the extent the qualifying investment income does not otherwise constitute modified business income and does not otherwise constitute a qualifying trust amount.

(b) The qualifying trust amount multiplied by a fraction, the numerator of which is the sum of the book value of the qualifying investee's physical assets in this state on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the day on which the trust recognizes the qualifying trust amount, and the denominator of which is the sum of the book value of the qualifying investee's total physical assets everywhere on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the day on which the trust recognizes the qualifying trust amount. If, for a taxable year, the trust recognizes a qualifying trust amount with respect to more than one qualifying investee, the amount described in division (BB)(4)(b) of this section shall equal the sum of the products so computed for each such qualifying investee.

(c)(i) With respect to a trust or portion of a trust that is a resident as ascertained in accordance with division (I)(3)(d) of this section, its modified nonbusiness income.

(ii) With respect to a trust or portion of a trust that is not a resident as ascertained in accordance with division (I)(3)(d) of this section, the amount of its modified nonbusiness income satisfying the descriptions in divisions (B)(2) to (5) of section 5747.20 of the Revised Code, except as otherwise
provided in division (BB)(4)(c)(ii) of this section. With respect to a trust or portion of a trust that is not a resident as ascertained in accordance with division (I)(3)(d) of this section, the trust's portion of modified nonbusiness income recognized from the sale, exchange, or other disposition of a debt interest in or equity interest in a section 5747.212 entity, as defined in section 5747.212 of the Revised Code, without regard to division (A) of that section, shall not be allocated to this state in accordance with section 5747.20 of the Revised Code but shall be apportioned to this state in accordance with division (B) of section 5747.212 of the Revised Code without regard to division (A) of that section.

If the allocation and apportionment of a trust's income under divisions (BB)(4)(a) and (c) of this section do not fairly represent the modified Ohio taxable income of the trust in this state, the alternative methods described in division (C) of section 5747.21 of the Revised Code may be applied in the manner and to the same extent provided in that section.

(5)(a) Except as set forth in division (BB)(5)(b) of this section, "qualifying investee" means a person in which a trust has an equity or ownership interest, or a person or unit of government the debt obligations of either of which are owned by a trust. For the purposes of division (BB)(2)(a) of this section and for the purpose of computing the fraction described in division (BB)(4)(b) of this section, all of the following apply:

(i) If the qualifying investee is a member of a qualifying controlled group on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, then "qualifying investee" includes all persons in the qualifying controlled group on such last day.

(ii) If the qualifying investee, or if the qualifying investee and any members of the qualifying controlled group of which the qualifying investee is a member on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the gain or loss, separately or cumulatively own, directly or indirectly, on the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the qualifying trust amount, more than fifty per cent of the equity of a pass-through entity, then the qualifying investee and the other members are deemed to own the proportionate share of the pass-through entity's physical assets which the pass-through entity directly or indirectly owns on the last day of the pass-through entity's calendar or fiscal year ending within or with the last day of the qualifying investee's fiscal or calendar year ending immediately prior to the date on which the trust recognizes the qualifying trust amount.
(iii) For the purposes of division (BB)(5)(a)(iii) of this section, "upper level pass-through entity" means a pass-through entity directly or indirectly owning any equity of another pass-through entity, and "lower level pass-through entity" means that other pass-through entity.

An upper level pass-through entity, whether or not it is also a qualifying investee, is deemed to own, on the last day of the upper level pass-through entity's calendar or fiscal year, the proportionate share of the lower level pass-through entity's physical assets that the lower level pass-through entity directly or indirectly owns on the last day of the lower level pass-through entity's calendar or fiscal year ending within or with the last day of the upper level pass-through entity's fiscal or calendar year. If the upper level pass-through entity directly and indirectly owns less than fifty per cent of the equity of the lower level pass-through entity on each day of the upper level pass-through entity's calendar or fiscal year in which or with which ends the calendar or fiscal year of the lower level pass-through entity and if, based upon clear and convincing evidence, complete information about the location and cost of the physical assets of the lower pass-through entity is not available to the upper level pass-through entity, then solely for purposes of ascertaining if a gain or loss constitutes a qualifying trust amount, the upper level pass-through entity shall be deemed as owning no equity of the lower level pass-through entity for each day during the upper level pass-through entity's calendar or fiscal year in which or with which ends the lower level pass-through entity's calendar or fiscal year. Nothing in division (BB)(5)(a)(iii) of this section shall be construed to provide for any deduction or exclusion in computing any trust's Ohio taxable income.

(b) With respect to a trust that is not a resident for the taxable year and with respect to a part of a trust that is not a resident for the taxable year, "qualifying investee" for that taxable year does not include a C corporation if both of the following apply:

(i) During the taxable year the trust or part of the trust recognizes a gain or loss from the sale, exchange, or other disposition of equity or ownership interests in, or debt obligations of, the C corporation.

(ii) Such gain or loss constitutes nonbusiness income.

(6) "Available" means information is such that a person is able to learn of the information by the due date plus extensions, if any, for filing the return for the taxable year in which the trust recognizes the gain or loss.

(CC) "Qualifying controlled group" has the same meaning as in section 5733.04 of the Revised Code.

(DD) "Related member" has the same meaning as in section 5733.042 of the Revised Code.
(EE)(1) For the purposes of division (EE) of this section:
   (a) "Qualifying person" means any person other than a qualifying corporation.
   (b) "Qualifying corporation" means any person classified for federal income tax purposes as an association taxable as a corporation, except either of the following:
      (i) A corporation that has made an election under subchapter S, chapter one, subtitle A, of the Internal Revenue Code for its taxable year ending within, or on the last day of, the investor's taxable year;
      (ii) A subsidiary that is wholly owned by any corporation that has made an election under subchapter S, chapter one, subtitle A of the Internal Revenue Code for its taxable year ending within, or on the last day of, the investor's taxable year.

(2) For the purposes of this chapter, unless expressly stated otherwise, no qualifying person indirectly owns any asset directly or indirectly owned by any qualifying corporation.

(FF) For purposes of this chapter and Chapter 5751 of the Revised Code:
   (1) "Trust" does not include a qualified pre-income tax trust.
   (2) A "qualified pre-income tax trust" is any pre-income tax trust that makes a qualifying pre-income tax trust election as described in division (FF)(3) of this section.
   (3) A "qualifying pre-income tax trust election" is an election by a pre-income tax trust to subject to the tax imposed by section 5751.02 of the Revised Code the pre-income tax trust and all pass-through entities of which the trust owns or controls, directly, indirectly, or constructively through related interests, five per cent or more of the ownership or equity interests. The trustee shall notify the tax commissioner in writing of the election on or before April 15, 2006. The election, if timely made, shall be effective on and after January 1, 2006, and shall apply for all tax periods and tax years until revoked by the trustee of the trust.
   (4) A "pre-income tax trust" is a trust that satisfies all of the following requirements:
      (a) The document or instrument creating the trust was executed by the grantor before January 1, 1972;
      (b) The trust became irrevocable upon the creation of the trust; and
      (c) The grantor was domiciled in this state at the time the trust was created.

Sec. 5747.012. This section applies for the purposes of divisions (BB)(3) and (BB)(4)(a)(ii) of section 5747.01 of the Revised Code.
(A) As used in this section:

(1)(a) Except as set forth in division (A)(1)(b) of this section, "qualifying investment income" means the portion of a qualifying investment pass-through entity's net income attributable to transaction fees in connection with the acquisition, ownership, or disposition of intangible property; loan fees; financing fees; consent fees; waiver fees; application fees; net management fees; dividend income; interest income; net capital gains from the sale or exchange or other disposition of intangible property; and all types and classifications of income attributable to distributive shares of income from other pass-through entities.

(b)(i) Notwithstanding division (A)(1)(a) of this section, "qualifying investment income" does not include any part of the qualifying investment pass-through entity's net capital gain which, after the application of section 5747.231 of the Revised Code with respect to a trust, would also constitute a qualifying trust amount.

(ii) Notwithstanding division (A)(1)(a) of this section, "qualifying investment income" does not include any part of the qualifying investment pass-through entity's net income attributable to the portion of a distributive share of income directly or indirectly from another pass-through entity to the extent such portion constitutes the other pass-through entity's net capital gain which, after the application of section 5747.231 of the Revised Code with respect to a trust, would also constitute a qualifying trust amount.

(2) "Qualifying investment pass-through entity" means an investment pass-through entity, as defined in section 5733.401 of the Revised Code, subject to the following qualifications:

(a) "Forty per cent" shall be substituted for "ninety per cent" wherever "ninety per cent" appears in section 5733.401 of the Revised Code.

(b) The pass-through entity must have been formed or organized as an entity prior to June 5, 2002, and must exist as a pass-through entity for all of the taxable year of the trust.

(c) The qualifying section 5747.012 trust or related persons to the qualifying section 5747.012 trust must directly or indirectly own at least five per cent of the equity of the investment pass-through entity each day of the entity's fiscal or calendar year ending within or with the last day of the qualifying section 5747.012 trust's taxable year;

(d) During the investment pass-through entity's calendar or fiscal year ending within or with the last day of the qualifying section 5747.012 trust's taxable year, the qualifying section 5747.012 trust or related persons of or to the qualifying section 5747.012 trust must, on each day of the investment pass-through entity's year, own directly, or own through equity investments
in other pass-through entities, more than sixty per cent of the equity of the investment pass-through entity.

(B) "Qualifying section 5747.012 trust" means a trust satisfying one of the following:

(1) The trust was created prior to, and was irrevocable on, June 5, 2002; or

(2) If the trust was created after June 4, 2002, or if the trust became irrevocable after June 4, 2002, then at least eighty per cent of the assets transferred to the trust must have been previously owned by related persons to the trust or by a trust created prior to June 5, 2002, under which the creator did not retain the power to change beneficiaries, amend the trust, or revoke the trust. For purposes of division (B)(2) of this section, the power to substitute property of equal value shall not be considered to be a power to change beneficiaries, amend the trust, or revoke the trust.

(C) For the purposes of this section, "related persons" means the family of a qualifying individual beneficiary, as defined in division (A)(5) of section 5747.011 of the Revised Code. For the purposes of this division, "family" has the same meaning as in division (A)(6) of section 5747.011 of the Revised Code.

(D) For the purposes of applying divisions (A)(2)(c), (A)(2)(d), and (B)(2) of this section, the related persons or the qualifying section 5747.012 trust, as the case may be, shall be deemed to own the equity of the investment pass-through entity after the application of division (B) of section 5747.011 of the Revised Code.

(E) "Irrevocable" has the same meaning as in division (I)(3)(b) of section 5747.01 of the Revised Code.

(F) Nothing in this section requires any item of income, gain, or loss not satisfying the definition of qualifying investment income to be treated as modified nonbusiness income. Any item of income, gain, or loss that is not qualifying investment income is modified business income, modified nonbusiness income, or a qualifying trust amount, as the case may be.

Sec. 5747.05. As used in this section, "income tax" includes both a tax on net income and a tax measured by net income.

The following credits shall be allowed against the income tax imposed by section 5747.02 of the Revised Code on individuals and estates:

(A)(1) The amount of tax otherwise due under section 5747.02 of the Revised Code on such portion of the adjusted gross income of any nonresident taxpayer that is not allocable to this state pursuant to sections 5747.20 to 5747.23 of the Revised Code;

(2) The credit provided under this division shall not exceed the portion
of the total tax due under section 5747.02 of the Revised Code that the
amount of the nonresident taxpayer's adjusted gross income not allocated to
this state pursuant to sections 5747.20 to 5747.23 of the Revised Code bears
to the total adjusted gross income of the nonresident taxpayer derived from
all sources everywhere.

(3) The tax commissioner may enter into an agreement with the taxing
authorities of any state or of the District of Columbia that imposes an
income tax to provide that compensation paid in this state to a nonresident
taxpayer shall not be subject to the tax levied in section 5747.02 of the
Revised Code so long as compensation paid in such other state or in the
District of Columbia to a resident taxpayer shall likewise not be subject to
the income tax of such other state or of the District of Columbia.

(B) The lesser of division (B)(1) or (2) of this section:

(1) The amount of tax otherwise due under section 5747.02 of the
Revised Code on such portion of the adjusted gross income of a resident
taxpayer that in another state or in the District of Columbia is subjected to
an income tax. The credit provided under division (B)(1) of this section shall
not exceed the portion of the total tax due under section 5747.02 of the
Revised Code that the amount of the resident taxpayer's adjusted gross
income subjected to an income tax in the other state or in the District of
Columbia bears to the total adjusted gross income of the resident taxpayer
derived from all sources everywhere.

(2) The amount of income tax liability to another state or the District of
Columbia on the portion of the adjusted gross income of a resident taxpayer
that in another state or in the District of Columbia is subjected to an income
tax. The credit provided under division (B)(2) of this section shall not
exceed the amount of tax otherwise due under section 5747.02 of the
Revised Code.

(3) If the credit provided under division (B) of this section is affected by
a change in either the portion of adjusted gross income of a resident
taxpayer subjected to an income tax in another state or the District of
Columbia or the amount of income tax liability that has been paid to another
state or the District of Columbia, the taxpayer shall report the change to the
tax commissioner within sixty days of the change in such form as the
commissioner requires.

(a) In the case of an underpayment, the report shall be accompanied by
payment of any additional tax due as a result of the reduction in credit
together with interest on the additional tax and is a return subject to
assessment under section 5747.13 of the Revised Code solely for the
purpose of assessing any additional tax due under this division, together
with any applicable penalty and interest. It shall not reopen the computation of the taxpayer's tax liability under this chapter from a previously filed return no longer subject to assessment except to the extent that such liability is affected by an adjustment to the credit allowed by division (B) of this section.

(b) In the case of an overpayment, an application for refund may be filed under this division within the sixty day period prescribed for filing the report even if it is beyond the period prescribed in section 5747.11 of the Revised Code if it otherwise conforms to the requirements of such section. An application filed under this division shall only claim refund of overpayments resulting from an adjustment to the credit allowed by division (B) of this section unless it is also filed within the time prescribed in section 5747.11 of the Revised Code. It shall not reopen the computation of the taxpayer's tax liability except to the extent that such liability is affected by an adjustment to the credit allowed by division (B) of this section.

(4) No credit shall be allowed under division (B) of this section to the extent that for any taxable year for income tax paid or accrued to another state or to the District of Columbia if the taxpayer, when computing federal adjusted gross income, has directly or indirectly deducted, or was required to directly or indirectly deduct, the amount of that income tax liability to another state or the District of Columbia in computing federal adjusted gross income.

(C) For a taxpayer sixty-five years of age or older during the taxable year, a credit for such year equal to fifty dollars for each return required to be filed under section 5747.08 of the Revised Code.

(D) A taxpayer sixty-five years of age or older during the taxable year who has received a lump-sum distribution from a pension, retirement, or profit-sharing plan in the taxable year may elect to receive a credit under this division in lieu of the credit to which the taxpayer is entitled under division (C) of this section. A taxpayer making such election shall receive a credit for the taxable year equal to fifty dollars times the taxpayer's expected remaining life as shown by annuity tables issued under the provisions of the Internal Revenue Code and in effect for the calendar year which includes the last day of the taxable year. A taxpayer making an election under this division is not entitled to the credit authorized under division (C) of this section in subsequent taxable years except that if such election was made prior to July 1, 1983, the taxpayer is entitled to one-half the credit authorized under such division in subsequent taxable years but may not make another election under this division.

(E) A taxpayer who is not sixty-five years of age or older during the
taxable year who has received a lump-sum distribution from a pension, retirement, or profit-sharing plan in a taxable year ending on or before July 31, 1991, may elect to take a credit against the tax otherwise due under this chapter for such year equal to fifty dollars times the expected remaining life of a taxpayer sixty-five years of age as shown by annuity tables issued under the provisions of the Internal Revenue Code and in effect for the calendar year which includes the last day of the taxable year. A taxpayer making an election under this division is not entitled to a credit under division (C) or (D) of this section in any subsequent year except that if such election was made prior to July 1, 1983, the taxpayer is entitled to one-half the credit authorized under division (C) of this section in subsequent years but may not make another election under this division. No taxpayer may make an election under this division for a taxable year ending on or after August 1, 1991.

(F) A taxpayer making an election under either division (D) or (E) of this section may make only one such election in the taxpayer's lifetime.

(G)(1) On a joint return filed by a husband and wife, each of whom had adjusted gross income of at least five hundred dollars, exclusive of interest, dividends and distributions, royalties, rent, and capital gains, a credit equal to the percentage shown in the table contained in this division of the amount of tax due after allowing for any other credit that precedes the credit under this division in the order required under section 5747.98 of the Revised Code.

(2) The credit to which a taxpayer is entitled under this division in any taxable year is the percentage shown in column B that corresponds with the taxpayer's adjusted gross income, less exemptions for the taxable year:

<table>

<tr>
<th>IF THE ADJUSTED GROSS INCOME, LESS EXEMPTIONS, FOR THE TAX YEAR IS:</th>

(3) The credit allowed under this division shall not exceed six hundred fifty dollars in any taxable year.

(H) No claim for credit under this section shall be allowed unless the claimant furnishes such supporting information as the tax commissioner
prescribes by rules. Each credit under this section shall be claimed in the order required under section 5747.98 of the Revised Code.

(I) An individual who is a resident for part of a taxable year and a nonresident for the remainder of the taxable year is allowed the credits under divisions (A) and (B) of this section in accordance with rules prescribed by the tax commissioner. In no event shall the same income be subject to both credits.

(J) The credit allowed under division (A) of this section shall be calculated based upon the amount of tax due under section 5747.02 of the Revised Code after subtracting any other credits that precede the credit under that division in the order required under section 5747.98 of the Revised Code. The credit allowed under division (B) of this section shall be calculated based upon the amount of tax due under section 5747.02 of the Revised Code after subtracting any other credits that precede the credit under that division in the order required under section 5747.98 of the Revised Code.

(K) No credit shall be allowed under division (B) of this section unless the taxpayer furnishes such proof as the tax commissioner shall require that the income tax liability has been paid to another state or the District of Columbia.

(L) No credit shall be allowed under division (B) of this section for compensation that is not subject to the income tax of another state or the District of Columbia as the result of an agreement entered into by the tax commissioner under division (A)(3) of this section.

Sec. 5747.056. For taxable years beginning in 2005 or thereafter, a credit shall be allowed per return against the tax imposed by section 5747.02 of the Revised Code for an individual whose a return not filed by an estate or trust that indicates Ohio adjusted gross income less exemptions is of ten thousand dollars or less. For taxable years beginning in 2005, the credit shall equal one hundred seven dollars. For taxable years beginning in 2006, the credit shall equal one hundred two dollars. For taxable years beginning in 2007, the credit shall equal ninety-eight dollars. For taxable years beginning in 2008, the credit shall equal ninety-three dollars. For taxable years beginning in 2009 or thereafter, the credit shall equal eighty-eight dollars. The credit shall be claimed in the order required under section 5747.98 of the Revised Code.

Sec. 5747.11. (A) The tax commissioner shall refund to employers, qualifying entities, or taxpayers, with respect to any tax imposed under section 5733.41, 5747.02, or 5747.41, or Chapter 5748. of the Revised Code.
(1) Overpayments of more than one dollar;
(2) Amounts in excess of one dollar paid illegally or erroneously;
(3) Amounts in excess of one dollar paid on an illegal, erroneous, or excessive assessment.

(B) Except as otherwise provided under divisions (D) and (E) of this section, applications for refund shall be filed with the tax commissioner, on the form prescribed by the commissioner, within four years from the date of the illegal, erroneous, or excessive payment of the tax, or within any additional period allowed by division (B)(3)(b) of section 5747.05, division (B) of section 5747.10, division (A) of section 5747.13, or division (C) of section 5747.45 of the Revised Code.

On filing of the refund application, the commissioner shall determine the amount of refund due and certify such amount to the director of budget and management and treasurer of state for payment from the tax refund fund created by section 5703.052 of the Revised Code. Payment shall be made as provided in division (C) of section 126.35 of the Revised Code.

(C)(1) Interest shall be allowed and paid upon any illegal or erroneous assessment in excess of one dollar in respect of the tax imposed under section 5747.02 or Chapter 5748 of the Revised Code at the rate per annum prescribed by section 5703.47 of the Revised Code from the date of the payment of the illegal or erroneous assessment until the date the refund of such amount is paid. If such refund results from the filing of a return or report, or the payment accompanying such return or report, by an employer or taxpayer, rather than from an assessment by the commissioner, such interest shall run from a period ninety days after the annual return date of the annual return until the date the refund is paid.

(2) Interest shall be allowed and paid at the rate per annum prescribed by section 5703.47 of the Revised Code upon any overpayment in excess of one dollar in respect of the tax imposed under section 5747.02 or Chapter 5748 of the Revised Code from the date of the overpayment until the date of the refund of the overpayment, except that if any overpayment is refunded within ninety days after the annual return date of the annual return or ninety days after the return is filed, whichever is later, no interest shall be allowed on such overpayment. If the overpayment results from the carryback of a net operating loss or net capital loss to a previous taxable year, the overpayment is deemed not to have been made prior to the filing date, including any extension thereof, for the taxable year in which the net operating loss or net capital loss arises. For purposes of the payment of interest on overpayments, no amount of tax, for any taxable year, shall be treated as having been paid before the date on which the tax return for that
year was due without regard to any extension of time for filing such return.

(3) Interest shall be allowed at the rate per annum prescribed by section 5703.47 of the Revised Code on amounts refunded with respect to the taxes imposed under sections 5733.41 and 5747.41 of the Revised Code. The interest shall run from whichever of the following days is the latest until the day the refund is paid: the day the illegal, erroneous, or excessive payment was made; the ninetieth day after the final day the annual report was required to be filed under section 5747.42 of the Revised Code; or the ninetieth day after the day that report was filed.

(D) "Ninety days" shall be substituted for "four years" in division (B) of this section if the taxpayer satisfies both of the following conditions:

(1) The taxpayer has applied for a refund based in whole or in part upon section 5747.059 of the Revised Code;

(2) The taxpayer asserts that either the imposition or collection of the tax imposed or charged by this chapter or any portion of such tax violates the Constitution of the United States or the Constitution of Ohio.

(E)(1) Division (E)(2) of this section applies only if all of the following conditions are satisfied:

(a) A qualifying entity pays an amount of the tax imposed by section 5733.41 or 5747.41 of the Revised Code;

(b) The taxpayer is a qualifying investor as to that qualifying entity;

(c) The taxpayer did not claim the credit provided for in section 5747.059 of the Revised Code as to the tax described in division (E)(1)(a) of this section;

(d) The four-year period described in division (B) of this section has ended as to the taxable year for which the taxpayer otherwise would have claimed that credit.

(2) A taxpayer shall file an application for refund pursuant to division (E) of this section within one year after the date the payment described in division (E)(1)(a) of this section is made. An application filed under division (E)(2) of this section shall claim refund only of overpayments resulting from the taxpayer's failure to claim the credit described in division (E)(1)(c) of this section. Nothing in division (E) of this section shall be construed to relieve a taxpayer from complying with division (A)(16) of section 5747.01 of the Revised Code.

Sec. 5747.331. (A) As used in this section:

(1) "Borrower" means any person that receives a loan from the director of development under section 166.21 of the Revised Code, regardless of whether the borrower is subject to the tax imposed by section 5747.02 of the Revised Code.
(2) "Related member" has the same meaning as in section 5733.042 of the Revised Code.

(3) "Qualified research and development loan payments" has the same meaning as in division (D) of section 166.21 of the Revised Code.

(B) Beginning with taxable year 2003 and ending with taxable years beginning in 2007, a nonrefundable credit is allowed against the tax imposed by section 5747.02 of the Revised Code equal to a borrower's qualified research and development loan payments made during the calendar year that includes the last day of the taxable year for which the credit is claimed. The amount of the credit for a taxable year shall not exceed one hundred fifty thousand dollars. No taxpayer is entitled to claim a credit under this section unless it has obtained a certificate issued by the director of development under division (D) of section 166.21 of the Revised Code and submits a copy of the certificate with its report for the taxable year. Failure to submit a copy of the certificate with the report does not invalidate a claim for a credit if the taxpayer submits a copy of the certificate within sixty days after the tax commissioner requests it. The credit shall be claimed in the order required under section 5747.98 of the Revised Code. The credit, to the extent it exceeds the taxpayer's tax liability for the taxable year after allowance for any other credits that precede the credit under this section in that order, shall be carried forward to the next succeeding taxable year or years until fully used. Any credit not fully utilized by the taxable year beginning in 2007 may be carried forward and applied against the tax levied by Chapter 5751. of the Revised Code to the extent allowed by section 5751.52 of the Revised Code.

(C) A borrower entitled to a credit under this section may assign the credit, or a portion thereof, to any of the following:

(1) A related member of that borrower;

(2) The owner or lessee of the eligible research and development project;

(3) A related member of the owner or lessee of the eligible research and development project.

A borrower making an assignment under this division shall provide written notice of the assignment to the tax commissioner and the director of development, in such form as the tax commissioner prescribes, before the credit that was assigned is used. The assignor may not claim the credit to the extent it was assigned to an assignee. The assignee may claim the credit only to the extent the assignor has not claimed it.

(D) If any taxpayer is a shareholder in an S corporation, a partner in a partnership, or a member in a limited liability company treated as a
partnership for federal income tax purposes, the taxpayer shall be allowed the taxpayer's distributive or proportionate share of the credit available through the S corporation, partnership, or limited liability company.

(E) The aggregate credit against the taxes imposed by sections 5733.06, 5733.065, 5733.066, and 5747.02 of the Revised Code that may be claimed under this section and section 5733.352 of the Revised Code by a borrower as a result of qualified research and development loan payments attributable during a calendar year to any one loan shall not exceed one hundred fifty thousand dollars.

   (a) Ohio adjusted gross income for the taxable year as defined in division (A) of section 5747.01 of the Revised Code, less the exemptions provided by section 5747.02 of the Revised Code, and less military pay and allowances the deduction of which has been authorized pursuant to section 5748.011 of the Revised Code;

   (b) Wages, salaries, tips, and other employee compensation to the extent included in Ohio adjusted gross income as defined in section 5747.01 of the Revised Code, less military pay and allowances the deduction of which has been authorized pursuant to section 5748.011 of the Revised Code, and net earnings from self-employment, as defined in section 1402(a) of the Internal Revenue Code, to the extent included in Ohio adjusted gross income.

2. In the case of an estate, taxable income for the taxable year as
defined in division (S) of section 5747.01 of the Revised Code.

(F) Except as provided in section 5747.25 of the Revised Code, "resident" of the school district means:

(1) An individual who is a resident of this state as defined in division (I) of section 5747.01 of the Revised Code during all or a portion of the taxable year and who, during all or a portion of such period of state residency, is domiciled in the school district or lives in and maintains a permanent place of abode in the school district;

(2) An estate of a decedent who, at the time of death, was domiciled in the school district.

(G) "School district income" means:

(1) With respect to an individual, the portion of the taxable income of an individual that is received by the individual during the portion of the taxable year that the individual is a resident of the school district and the school district income tax is in effect in that school district. An individual may have school district income with respect to more than one school district.

(2) With respect to an estate, the taxable income of the estate for the portion of the taxable year that the school district income tax is in effect in that school district.

(H) "Taxpayer" means an individual or estate having school district income upon which a school district income tax is imposed.

(I) "School district purposes" means any of the purposes for which a tax may be levied pursuant to section 5705.21 of the Revised Code.

Sec. 5748.011. The board of education of a school district that levies a school district income tax under this chapter may, by resolution, authorize individuals to deduct, in computing an individual's taxable income under section 5748.01 of the Revised Code, military pay and allowances received by the individual during the taxable year for service in the United States army, air force, navy, marine corps, or coast guard or reserve components thereof or the national guard if the military pay and allowances were received by the individual while the individual was stationed outside this state. A deduction authorized pursuant to this section may be claimed only to the extent the military pay and allowances are included in an individual's federal adjusted gross income, as defined and used in the Internal Revenue Code, and are not otherwise allowable as a deduction or exclusion in computing the individual's federal or Ohio adjusted gross income for the taxable year as defined in section 5747.01 of the Revised Code. A copy of the resolution shall be provided to the tax commissioner upon its adoption. A resolution authorizing the deduction shall specify the taxable year with respect to which the deduction first applies, provided that the deduction
cannot apply with respect to any taxable year that commences sooner than seventy-five days after the date on which the tax commissioner receives the resolution.

Sec. 5748.02. (A) The board of education of any school district, except a joint vocational school district, may declare, by resolution, the necessity of raising annually a specified amount of money for school district purposes. The resolution shall specify whether the income that is to be subject to the tax is taxable income of individuals and estates as defined in divisions (E)(1)(a) and (2) of section 5748.01 of the Revised Code or taxable income of individuals as defined in division (E)(1)(b) of that section. A copy of the resolution shall be certified to the tax commissioner no later than eighty-five days prior to the date of the election at which the board intends to propose a levy under this section. Upon receipt of the copy of the resolution, the tax commissioner shall estimate both of the following:

(1) The property tax rate that would have to be imposed in the current year by the district to produce an equivalent amount of money;

(2) The income tax rate that would have had to have been in effect for the current year to produce an equivalent amount of money from a school district income tax.

Within ten days of receiving the copy of the board's resolution, the commissioner shall prepare these estimates and certify them to the board. Upon receipt of the certification, the board may adopt a resolution proposing an income tax under division (B) of this section at the estimated rate contained in the certification rounded to the nearest one-fourth of one per cent. The commissioner's certification applies only to the board's proposal to levy an income tax at the election for which the board requested the certification. If the board intends to submit a proposal to levy an income tax at any other election, it shall request another certification for that election in the manner prescribed in this division.

(B)(1) Upon the receipt of a certification from the tax commissioner under division (A) of this section, a majority of the members of a board of education may adopt a resolution proposing the levy of an annual tax for school district purposes on school district income. The proposed levy may be for a continuing period of time or for a specified number of years. The resolution shall set forth the purpose for which the tax is to be imposed, the rate of the tax, which shall be the rate set forth in the commissioner's certification rounded to the nearest one-fourth of one per cent, the number of years the tax will be levied or that it will be levied for a continuing period of time, the date on which the tax shall take effect, which shall be the first day of January of any year following the year in which the question is submitted,
and the date of the election at which the proposal shall be submitted to the electors of the district, which shall be on the date of a primary, general, or special election the date of which is consistent with section 3501.01 of the Revised Code. The resolution shall specify whether the income that is to be subject to the tax is taxable income of individuals and estates as defined in divisions (E)(1)(a) and (2) of section 5748.01 of the Revised Code or taxable income of individuals as defined in division (E)(1)(b) of that section. The specification shall be the same as the specification in the resolution adopted and certified under division (A) of this section. If the board of education currently imposes an income tax pursuant to this chapter that is due to expire and a question is submitted under this section for a proposed income tax to take effect upon the expiration of the existing tax, the board may specify in the resolution that the proposed tax renews the expiring tax and is not an additional income tax, provided that the tax rate being proposed is no higher than the tax rate that is currently imposed.

(2) A board of education adopting a resolution under division (B)(1) of this section proposing a school district income tax for a continuing period of time and limited to the purpose of current expenses may propose in that resolution to reduce the rate or rates of one or more of the school district's property taxes levied for a continuing period of time in excess of the ten-mill limitation for the purpose of current expenses. The reduction in the rate of a property tax may be any amount, expressed in mills per one dollar in valuation, not exceeding the rate at which the tax is authorized to be levied. The reduction in the rate of a tax shall first take effect for the tax year that includes the day on which the school district income tax first takes effect, and shall continue for each tax year that both the school district income tax and the property tax levy are in effect.

In addition to the matters required to be set forth in the resolution under division (B)(1) of this section, a resolution containing a proposal to reduce the rate of one or more property taxes shall state for each such tax the maximum rate at which it currently may be levied and the maximum rate at which the tax could be levied after the proposed reduction, expressed in mills per one dollar in valuation, and that the tax is levied for a continuing period of time.

If a board of education proposes to reduce the rate of one or more property taxes under division (B)(2) of this section, the board, when it makes the certification required under division (A) of this section, shall designate the specific levy or levies to be reduced, the maximum rate at which each levy currently is authorized to be levied, and the rate by which each levy is proposed to be reduced. The tax commissioner, when making
the certification to the board under division (A) of this section, also shall
certify the reduction in the total effective tax rate for current expenses for
each class of property that would have resulted if the proposed reduction in
the rate or rates had been in effect the previous tax year. As used in this
paragraph, "effective tax rate" has the same meaning as in section 323.08 of
the Revised Code.

(C) A resolution adopted under division (B) of this section shall go into
immediate effect upon its passage, and no publication of the resolution shall
be necessary other than that provided for in the notice of election. Immediately after its adoption and at least seventy-five days prior to the
election at which the question will appear on the ballot, a copy of the
resolution shall be certified to the board of elections of the proper county,
which shall submit the proposal to the electors on the date specified in the
resolution. The form of the ballot shall be as provided in section 5748.03 of
the Revised Code. Publication of notice of the election shall be made in one
or more newspapers of general circulation in the county once a week for
four consecutive weeks. The notice shall contain the time and place of the
election and the question to be submitted to the electors. The question
covered by the resolution shall be submitted as a separate proposition, but
may be printed on the same ballot with any other proposition submitted at
the same election, other than the election of officers.

(D) No board of education shall submit the question of a tax on school
district income to the electors of the district more than twice in any calendar
year. If a board submits the question twice in any calendar year, one of the
elections on the question shall be held on the date of the general election.

(E)(1) No board of education may submit to the electors of the district
the question of a tax on school district income on the taxable income of
individuals as defined in division (E)(1)(b) of section 5748.01 of the
Revised Code if that tax would be in addition to an existing tax on the
taxable income of individuals and estates as defined in divisions (E)(1)(a)
and (2) of that section.

(2) No board of education may submit to the electors of the district the
question of a tax on school district income on the taxable income of
individuals and estates as defined in divisions (E)(1)(a) and (2) of section
5748.01 of the Revised Code if that tax would be in addition to an existing
tax on the taxable income of individuals as defined in division (E)(1)(b) of
that section.

For the purposes of division (E)(8) of this section, a person owns another person under the following circumstances:

(z) **Qualifying distribution center receipts.**

(i) For purposes of division (F)(2)(z) of this section:

(I) "Qualifying distribution center receipts" means receipts of a supplier from qualified property that is delivered to a qualified distribution center, multiplied by a quantity that equals one minus the Ohio delivery percentage.

(II) "Qualified property" means tangible personal property delivered to a qualified distribution center that is shipped to that qualified distribution center solely for further shipping by the qualified distribution center to another location in this state or elsewhere. "Further shipping" includes storing and repackaging such property into smaller or larger bundles, so long as such property is not subject to further manufacturing or processing.

(III) "Qualified distribution center" means a warehouse or other similar facility in this state that, for the qualifying year, is operated by a person that is not part of a combined taxpayer group and that has a qualifying certificate. However, all warehouses or other similar facilities that are operated by persons in the same taxpayer group and that are located within one mile of each other shall be treated as one qualified distribution center.

(IV) "Qualifying year" means the calendar year to which the qualifying certificate applies.

(V) "Qualifying period" means the period of the first day of July of the second year preceding the qualifying year through the thirtieth day of June of the year preceding the qualifying year.

(VI) "Qualifying certificate" means an annual application approved by the tax commissioner from an operator of a distribution center that has filed an application as prescribed by the commissioner and paid the annual fee for the qualifying certificate on or before the first day of September prior to the qualifying year or forty-five days after the opening of the distribution center, whichever is later. The application and annual fee shall be filed and paid for each qualified distribution center.

The applicant must substantiate to the commissioner's satisfaction that, for the qualifying period, all persons operating the distribution center have more than fifty per cent of the cost of the qualified property shipped to a location such that it would be sitused outside this state under the provisions of division (E) of section 5751.033 of the Revised Code. The applicant must also substantiate that the distribution center cumulatively had costs from its suppliers equal to or exceeding five hundred million dollars during the qualifying period. (For purposes of division (F)(2)(z)(i)(VI) of this section, "supplier" excludes any person that is part of the consolidated elected taxpayer group, if applicable, of the operator of the qualified distribution center.)
center.) The commissioner may require the applicant to have an independent certified public accountant certify that the calculation of the minimum thresholds required for a qualified distribution center by the operator of a distribution center has been made in accordance with generally accepted accounting principles. The commissioner shall issue or deny the issuance of a certificate within sixty days after the receipt of the application. A denial is subject to appeal under section 5717.02 of the Revised Code. If the operator files a timely appeal under section 5717.02 of the Revised Code, the operator shall be granted a qualifying certificate, provided that the operator is liable for any tax, interest, or penalty upon amounts claimed as qualifying distribution center receipts, other than those receipts exempt under division (C)(1) of section 5751.011 of the Revised Code, that would have otherwise not been owed by its suppliers if the qualifying certificate was valid.

(VII) "Ohio delivery percentage" means the proportion of the total property delivered to a destination inside Ohio from the qualified distribution center during the qualifying period compared with total deliveries from such distribution center everywhere during the qualifying period.

(ii) If the distribution center is new and was not open for the entire qualifying period, the operator of the distribution center may request that the commissioner grant a qualifying certificate. If the certificate is granted and it is later determined that more than fifty per cent of the qualified property during that year was not shipped to a location such that it would be situated outside of this state under the provisions of division (E) of section 5751.033 of the Revised Code or if it is later determined that the person that operates the distribution center had average monthly costs from its suppliers of less than forty million dollars during that year, then the operator of the distribution center shall be liable for any tax, interest, or penalty upon amounts claimed as qualifying distribution center receipts, other than those receipts exempt under division (C)(1) of section 5751.011 of the Revised Code, that would have not otherwise been owed by its suppliers during the qualifying year if the qualifying certificate was valid. (For purposes of division (F)(2)(z)(ii) of this section, "supplier" excludes any person that is part of the consolidated elected taxpayer group, if applicable, of the operator of the qualified distribution center.)

(iii) When filing an application for a qualifying certificate under division (F)(2)(z)(i)(VI) of this section, the operator of a qualified distribution center also shall provide documentation, as the commissioner requires, for the commissioner to ascertain the Ohio delivery percentage. The commissioner, upon issuing the qualifying certificate, also shall certify
the Ohio delivery percentage. The operator of the qualified distribution center may appeal the commissioner's certification of the Ohio delivery percentage in the same manner as an appeal is taken from the denial of a qualifying certificate under division (F)(2)(z)(i)(VI) of this section.

Within thirty days after all appeals have been exhausted, the operator of the qualified distribution center shall notify the affected suppliers of qualified property that such suppliers are required to file, within sixty days after receiving notice from the operator of the qualified distribution center, amended reports for the impacted calendar quarter or quarters or calendar year, whichever the case may be. Any additional tax liability or tax overpayment shall be subject to interest but shall not be subject to the imposition of any penalty so long as the amended returns are timely filed. The supplier of tangible personal property delivered to the qualified distribution center shall include in its report of taxable gross receipts the receipts from the total sales of property delivered to the qualified distribution center for the calendar quarter or calendar year, whichever the case may be, multiplied by the Ohio delivery percentage for the qualifying year. Nothing in division (F)(2)(z)(iii) of this section shall be construed as imposing liability on the operator of a qualified distribution center for the tax imposed by this chapter arising from any change to the Ohio delivery percentage.

(iv) In the case where the distribution center is new and not open for the entire qualifying period, the operator shall make a good faith estimate of an Ohio delivery percentage for use by suppliers in their reports of taxable gross receipts for the remainder of the qualifying period. The operator of the facility shall disclose to the suppliers that such Ohio delivery percentage is an estimate and is subject to recalculation. By the due date of the next application for a qualifying certificate, the operator shall determine the actual Ohio delivery percentage for the estimated qualifying period and proceed as provided in division (F)(2)(z)(iii) of this section with respect to the calculation and recalculation of the Ohio delivery percentage. The supplier is required to file, within sixty days after receiving notice from the operator of the qualified distribution center, amended reports for the impacted calendar quarter or quarters or calendar year, whichever the case may be. Any additional tax liability or tax overpayment shall be subject to interest but shall not be subject to the imposition of any penalty so long as the amended returns are timely filed.

(v) Qualifying certificates and Ohio delivery percentages issued by the commissioner shall be open to public inspection and shall be timely published by the commissioner. A supplier relying in good faith on a
certificate issued under this division shall not be subject to tax on the qualifying distribution center receipts under division (F)(2)(z) of this section. A person receiving a qualifying certificate is responsible for paying the tax, interest, and penalty upon amounts claimed as qualifying distribution center receipts that would not otherwise have been owed by the supplier if the qualifying certificate were available when it is later determined that the qualifying certificate should not have been issued because the statutory requirements were in fact not met.

(vi) The annual fee for a qualifying certificate shall be one hundred thousand dollars for each qualified distribution center. If a qualifying certificate is not issued, the annual fee is subject to refund after the exhaustion of all appeals provided for in division (F)(2)(z)(i)(VI) of this section. The fee imposed under this division may be assessed in the same manner as the tax imposed under this chapter. The first one hundred thousand dollars of the annual application fees collected each calendar year shall be credited to the commercial activity tax administrative fund. The remainder of the annual application fees collected shall be distributed in the same manner required under section 5751.20 of the Revised Code.

(vii) The tax commissioner may require that adequate security be posted by the operator of the distribution center on appeal when the commissioner disagrees that the applicant has met the minimum thresholds for a qualified distribution center as set forth in divisions (F)(2)(z)(i)(VI) and (F)(2)(z)(ii) of this section.

(aa) Any receipts for which the tax imposed by this chapter is prohibited by the constitution or laws of the United States or the constitution of this state.

(3) In the case of a taxpayer when acting as a real estate broker, "gross receipts" includes only the portion of any fee for the service of a real estate broker, or service of a real estate salesperson associated with that broker, that is retained by the broker and not paid to an associated real estate salesperson or another real estate broker. For the purposes of this division, "real estate broker" and "real estate salesperson" have the same meanings as in section 4735.01 of the Revised Code.

(4) A taxpayer's method of accounting for gross receipts for a tax period shall be the same as the taxpayer's method of accounting for federal income tax purposes for the taxpayer's federal taxable year that includes the tax period. If a taxpayer's method of accounting for federal income tax purposes changes, its method of accounting for gross receipts under this chapter shall be changed accordingly.

In calculating gross receipts, the following shall be deducted to the
extent included as a gross receipt in the current tax period or reported as taxable gross receipts in a prior tax period:

(a) Cash discounts allowed and taken;

For the purposes of this division, "bad debts" mean any debts that have become worthless or uncollectible between the preceding and current quarterly tax payment periods, have been uncollected for at least six months, and may be claimed as a deduction under section 166 of the Internal Revenue Code and the regulations adopted pursuant thereto, or that could be claimed as such if the taxpayer kept its accounts on the accrual basis. "Bad debts" does not include uncollectible amounts on property that remains in the possession of the taxpayer until the full purchase price is paid, expenses in attempting to collect any account receivable or for any portion of the debt recovered, and repossessed property;
(d) Any amount realized from the sale of an account receivable but only to the extent the receipts from the underlying transaction giving rise to the account receivable were included in the gross receipts of the taxpayer.

(G) "Taxable gross receipts" means gross receipts sitused to this state under section 5751.033 of the Revised Code.

(2) Has during the calendar year payroll in this state of at least fifty thousand dollars. Payroll in this state includes all of the following:

(a) Any amount subject to withholding by the person under section
5747.06 of the Revised Code;

(4) Has at any time during the calendar year within this state at least twenty-five per cent of the person's total property, total payroll, or total sales gross receipts.

(5) Is domiciled in this state as an individual or for corporate, commercial, or other business purposes.

(J) "Tangible personal property" has the same meaning as in section 5739.01 of the Revised Code.

(K) "Internal Revenue Code" means the Internal Revenue Code of 1986, 100 Stat. 2085, 26 U.S.C. 1, as amended. Any term used in this chapter that is not otherwise defined has the same meaning as when used in a comparable context in the laws of the United States relating to federal income taxes unless a different meaning is clearly required. Any reference in this chapter to the Internal Revenue Code includes other laws of the United States relating to federal income taxes.

(L) "Calendar quarter" means a three-month period ending on the thirty-first day of March, the thirtieth day of June, the thirtieth day of September, or the thirty-first day of December.

(M) "Tax period" means the calendar quarter or calendar year on the basis of which a taxpayer is required to pay the tax imposed under this chapter.

(N) "Calendar year taxpayer" means a taxpayer for which the tax period is a calendar year.

(O) "Calendar quarter taxpayer" means a taxpayer for which the tax period is a calendar quarter.

(P) "Agent" means a person authorized by another person to act on its behalf to undertake a transaction for the other, including any of the following:

Sec. 5751.011. (A) A group of two or more persons may elect to be a consolidated elected taxpayer for the purposes of this chapter if the group satisfies all of the following requirements:

(1) The group elects to include all persons, including persons enumerated in divisions (E)(2) to (10) of section 5751.01 of the Revised Code, having at least eighty per cent, or having at least fifty per cent, of the value of their ownership interests owned or controlled, directly or constructively through related interests, by common owners during all or any portion of the tax period, together with the common owners. At the election of the group, all foreign corporations and entities that are not incorporated or formed under the laws of a state or of the United States and that meet the elected ownership test shall either be included in the group or shall be excluded from the group. The group shall notify the tax commissioner of the foregoing elections at the time of filing the initial registration required under section 5751.04 of the Revised Code before the due date of the return in which the election is to become effective. If fifty per cent of the value of a person's ownership interests is owned or controlled by each of two consolidated elected taxpayer groups formed under the fifty per cent ownership or control test, that person is a member of each group for the purposes of this section, and each group shall include in the group's taxable gross receipts fifty per cent of that person's taxable gross receipts. Otherwise, all of that person's taxable gross receipts shall be included in the taxable gross receipts of the consolidated elected taxpayer group of which the person is a member. In no event shall the ownership or control of fifty per cent of the value of a person's ownership interests by two otherwise unrelated groups form the basis for consolidating the groups into a single consolidated elected taxpayer group or permit any exclusion under division (C) of this section of taxable gross receipts between members of the two groups. Division (A)(3) of this section applies with respect to the elections described in this division.

(2) The group applies to the tax commissioner for approval makes the election to be treated as a consolidated elected taxpayer pursuant to in the manner prescribed under division (D) of this section.

(3) The subject to review and audit by the tax commissioner, the group
agrees that if the commissioner approves the election, all of the following apply:

(a) The group shall file reports as a single taxpayer for at least the next eight calendar quarters following the election so long as at least two or more of the members of the group meet the requirements of division (A)(1) of this section.

(b) Before the expiration of the eighth such calendar quarter, the group shall notify the commissioner if it elects to cancel its designation as a consolidated elected taxpayer. If the group does not so notify the tax commissioner, the election remains in effect for another eight calendar quarters.

(c) If, at any time during any of those eight calendar quarters following the election, a former member of the group no longer meets the requirements under division (A)(1) of this section, that member shall report and pay the tax imposed under this chapter separately, as a member of a combined taxpayer, or, if the former member satisfies such requirements with respect to another consolidated elected group, as a member of that consolidated elected group.

(d) The group agrees to the application of division (B) of this section.

(B) A group of persons making the election under this section shall report and pay tax on all of the group's taxable gross receipts even if substantial nexus with this state does not exist for one or more persons in the group.

(C)(1) A consolidated elected taxpayer shall exclude taxable gross receipts between its members and taxable gross receipts received by a person enumerated in divisions (E)(2) to (10) of section 5751.01 of the Revised Code, except for taxable gross receipts received by a member described in division (E)(4) of section 5751.01 of the Revised Code that is not a qualifying dealer as defined in section 5725.24 of the Revised Code. Except as provided in division (C)(2) of this section, nothing in this section shall have the effect of excluding taxable gross receipts received from persons that are not members of the group.

(2) Gross receipts related to the sale or transmission of electricity through the use of an intermediary regional transmission organization approved by the federal energy regulatory commission shall be excluded from taxable gross receipts under division (C)(1) of this section if all other requirements of that division are met, even if the receipts are from and to the same member of the group.

(D) To make the election to be a consolidated elected taxpayer, a group of persons shall apply to notify the tax commissioner of the election in the
manner prescribed by the commissioner and pay the commissioner a registration fee equal to the lesser of two hundred dollars or twenty dollars for each person in the group. No additional fee shall be imposed for the addition of new members to the group once the group has remitted a fee in the amount of two hundred dollars. The application election shall be filed made and the fee paid before the later of the beginning of the first calendar quarter to which the election applies or November 15, 2005. The fee shall be collected and used in the same manner as provided in section 5751.04 of the Revised Code.

The election shall be made on a form prescribed by the tax commissioner for that purpose and shall be signed by one or more individuals with authority, separately or together, to make a binding election on behalf of all persons in the group. The tax commissioner shall approve a group's election if the group satisfies the requirements of division (A) of this section.

Any person acquired or formed after the filing of the registration shall be included in the group if the person meets the requirements of division (A)(1) of this section, and the group shall notify the tax commissioner of any additions to the group with the next tax return it files with the commissioner.

(E) Each member of a consolidated elected taxpayer is jointly and severally liable for the tax imposed by this chapter and any penalties or interest thereon. The tax commissioner may require one person in the group to be the taxpayer for purposes of registration and remittance of the tax, but all members of the group are subject to assessment under section 5751.09 of the Revised Code.

Sec. 5751.032. (A) As used in this section:
(1) "CAT" refers to the tax levied by this chapter.
(2) "CAT collected" means, with regard to a CAT test period, the net amount of CAT, exclusive of registration fees, received in the period after subtracting any CAT refunded in the period.
(3) "First CAT test period" means the twenty-four month period beginning July 1, 2005, and ending June 30, 2007.
(4) "Second CAT test period" means the twelve-month period beginning July 1, 2008, and ending June 30, 2009.
(5) "Third CAT test period" means the twelve-month period beginning July 1, 2010, and ending June 30, 2011.

(B) Not later than the last day of September immediately following the end of each CAT test period, the tax commissioner shall compute the amount of CAT collected during that test period. If the amount is less than
ninety per cent or greater than one hundred ten per cent of the prescribed CAT collections for that period, the commissioner shall proceed as provided in division (C) or (D) of this section, as applicable. For the purposes of division (B) of this section, the prescribed CAT collections for the CAT test periods are as follows:

(1) For the first CAT test period, eight hundred fifteen million dollars;

(2) For the second CAT test period, one billion one hundred ninety million dollars less any amount credited to the commercial activity tax reduction fund with regard to the first CAT test period;

(3) For the third CAT test period, one billion six hundred ten million dollars less any amount credited to the commercial activity tax reduction fund with regard to the second CAT test period.

(C)(1) If the amount of CAT collected during a CAT test period is less than ninety per cent of the prescribed CAT collections for that test period, the tax commissioner shall determine a new tax rate equal to the tax rate that would have yielded the prescribed CAT collections during that test period. The tax rate shall be the rate that would have to be imposed under division (A) of section 5751.03 of the Revised Code before any applicable phase-in percentages under section 5751.031 of the Revised Code or otherwise provided by law to yield the prescribed CAT collection after applying any applicable phase-in percentages.

(2) If the amount of CAT collected during a CAT test period exceeds one hundred ten per cent of the prescribed CAT collections for that test period, the tax commissioner shall determine a new tax rate equal to the tax rate that would have yielded the prescribed CAT collections during that test period less one-half of the amount of the excess that was certified to the director of budget and management for the test period under division (D) of this section. The tax rate shall be the rate that would have to be imposed under division (A) of section 5751.03 of the Revised Code before any applicable phase-in percentages under section 5751.031 of the Revised Code or otherwise provided by law to yield the prescribed CAT collection after applying any applicable phase-in percentages.

(3) A new tax rate computed under division (C)(1) or (2) of this section shall be expressed as a number of mills per dollar, rounded to the nearest one-hundredth of one mill. The rate shall be rounded upward by one-hundredth of one mill only if the next decimal digit is five or more.

(4) Not later than the last day of September following the end of the CAT test period on the basis of which a new tax rate is computed, the tax commissioner shall certify the new tax rate to the governor, the president of the senate, the speaker of the house of representatives, and all other
members of the general assembly. The commissioner shall publish the new tax rate by journal entry and provide notice of the new tax rate to taxpayers. The new tax rate shall be the rate imposed under division (A) of section 5751.03 of the Revised Code beginning with the ensuing calendar year, and is subject to any applicable phase-in percentages provided for under section 5751.031 of the Revised Code.

(D) If the amount of CAT collected during a CAT test period exceeds one hundred ten per cent of the prescribed CAT collections for that test period, the tax commissioner shall certify the excess amount to the director of budget and management not later than the last day of September immediately following the end of that test period. The director shall forthwith transfer from the general revenue fund one-half of the amount of the excess so certified to the commercial activity tax refund fund, which is hereby created in the state treasury, and the remaining one-half of the amount of the excess to the budget stabilization fund. All money credited to the commercial activity tax refund fund shall be applied to reimburse the general revenue fund, school district tangible property tax replacement fund, and local government tangible property tax replacement fund for the diminution in revenue caused by the credit provided under division (D) of section 5751.03 of the Revised Code. On or before the last day of May, August, and October of the calendar year that begins after the end of the test period, and on or before the last day of February of the following calendar year, the director of budget and management shall transfer one-fourth of the amount that had been transferred to the commercial activity tax refund fund to each of those funds in the proportions specified under division (B) of section 5751.21 of the Revised Code.

In the calendar year that begins immediately after the year in which a transfer is made to the commercial activity tax refund fund, the tax commissioner shall compute the amount to be credited, under division (D) of section 5751.03 of the Revised Code, to each taxpayer that paid in full the tax imposed under this chapter for the calendar year in which the transfer was made. The credit allowed to each such taxpayer shall equal the amount transferred to the commercial activity tax refund fund multiplied by a fraction, the numerator of which is the amount of tax paid by that taxpayer for that calendar year and the denominator of which is the total of the taxes paid by all such taxpayers for which the credit is allowed. The credit applies only to the calendar year that begins immediately after the year in which a transfer is made to the commercial activity tax refund fund under this division."

(E) It is the intent of the General Assembly to conduct a review of the
prescribed CAT collections and rate adjustments provided for under divisions (A) to (D) of this section every two years in conjunction with its biennial budget deliberations, and to establish lower prescribed CAT collections or reduce the rate of tax levied under this chapter on the basis of the following three factors:

(1) The revenue yield of the tax;
(2) The condition of the Ohio economy;
(3) Savings realized by ongoing reform to medicaid and other policy initiatives.

Sec. 5751.04. (A) Not later than the later of November 15, 2005, or thirty days after a person first has more than one hundred fifty thousand dollars in taxable gross receipts in a calendar year, each person subject to this chapter shall register with the tax commissioner on the form prescribed by the commissioner. The form shall include the following:

(1) The person's name;
(2) If applicable, the name of the state or country under the laws of which the person is incorporated;
(3) If applicable, the location of a person's principal office, and, in the case of a foreign corporation, the location of its principal place of business in this state and the name and address of the officer or agent of the corporation in charge of the business in this state;
(4) If applicable, the names of the person's president, secretary, treasurer, and statutory agent designated pursuant to section 1703.041 of the Revised Code, with the post office address of each;
(5) The kind of business in which the person is engaged, including applicable business or industry codes;
(6) The If required by the tax commissioner, the date of the beginning of the person's annual accounting period that includes the first day of January of the taxable calendar year;
(7) If the person is not a corporation or a sole proprietor, the names of all the person's owners and officers, if required by the tax commissioner;
(8) The person's federal employer identification number or numbers or, if those are not applicable, the person's social security number or equivalent;
(9) All other information that the commissioner requires to administer and enforce this chapter.

(B) Except as otherwise provided in this division, each person registering with the tax commissioner as required by division (A) of this section shall pay a registration fee. The fee shall be in the amount of fifteen dollars if a person registers electronically and twenty dollars if a person does not register electronically. The registration fee shall be paid in the manner
prescribed by the tax commissioner at the same time the registration is due if a person is subject to the tax imposed under this chapter before January 1, 2006. If a person first becomes subject to the tax after that date, the registration fee is payable with the first tax period return the person is required to file as prescribed by section 5751.051 of the Revised Code. If a registration fee is not paid when due, an additional fee is imposed in the amount of one hundred dollars per month or part thereof the fee is outstanding, not to exceed one thousand dollars. The tax commissioner may abate the additional fee. The fee imposed under this division may be assessed in the same manner as the tax imposed under this chapter. Proceeds from the fee shall be credited to the commercial activity tax administrative fund, which is hereby created in the state treasury for the commissioner to use in implementing and administering the tax imposed under this chapter.

No registration fee is payable by a person for a calendar year if the person first begins business operations in this state after the thirtieth day of November of that calendar year or if the person's taxable gross receipts for the calendar year exceed one hundred fifty thousand dollars but do not exceed one hundred fifty thousand dollars as of the first day of December of the calendar year.

Registration fees paid under this section, excluding any additional fee imposed for late payment of the registration fee, shall be credited against the first payment of tax payable under section 5751.03 of the Revised Code after the registration fee is paid.

(C) If a person that has registered under this section is no longer a taxpayer subject to this chapter, including no longer being a taxpayer because of the application of division (E)(1) of section 5751.01 of the Revised Code, the person shall notify the commissioner that the person's registration should be cancelled.

Sec. 5751.05. (A) If a person subject to this chapter anticipates that the person's taxable gross receipts will be less than one million dollars or less in calendar year 2006, the person may elect to be a calendar year taxpayer. If a person is not required to be registered under this section for calendar year 2006 and anticipates that the person's taxable gross receipts will be less than one million dollars or less in the first calendar year the person is required to register under this section, the person may elect to be a calendar year taxpayer.

(B) Any person that is a calendar year taxpayer pursuant to an election under division (A) of this section shall become a calendar quarter taxpayer in the subsequent calendar year if the person's taxable gross receipts for the prior calendar year are more than one million dollars or more, and shall
remain a calendar quarter taxpayer until the person notifies the tax commissioner, and receives approval in writing from the tax commissioner, to switch back to being a calendar year taxpayer. Nothing in this division prohibits a person that has elected to be a calendar year taxpayer from notifying the tax commissioner, using the procedures prescribed by the commissioner, that it is switching back to being a calendar quarter taxpayer.

(C) Any taxpayer that is not a calendar year taxpayer pursuant to this section is a calendar quarter taxpayer. The tax commissioner may grant written approval for a calendar quarter taxpayer to use an alternative reporting schedule or estimate the amount of tax due for a calendar quarter if the taxpayer demonstrates to the commissioner the need for such a deviation. The commissioner may adopt a rule to apply division (C) of this section to a group of taxpayers without the taxpayers having to receive written approval from the commissioner.

Sec. 5751.051. (A)(1) Not later than forty days after the end of each calendar quarter, every taxpayer other than a calendar year taxpayer shall file with the tax commissioner a tax return in such form as the commissioner prescribes. The return shall include, but is not limited to, the amount of the taxpayer's taxable gross receipts for the calendar quarter and shall indicate the amount of tax due under section 5751.03 of the Revised Code for the calendar quarter.

(2)(a) Subject to division (C) of section 5751.05 of the Revised Code, a calendar quarter taxpayer shall report the taxable gross receipts for that calendar quarter.

(b) With respect to taxable gross receipts incorrectly reported in a calendar quarter that has a lower tax rate, the tax shall be computed at the tax rate in effect for the quarterly return in which such receipts should have been reported. Nothing in division (A)(2)(b) of this section prohibits a taxpayer from filing an application for refund under section 5751.08 of the Revised Code with regard to the incorrect reporting of taxable gross receipts discovered after filing the annual return described in division (A)(3) of this section.

A tax return shall not be deemed to be an incorrect reporting of taxable gross receipts for the purposes of division (A)(2)(b) of this section if the return reflects between ninety-five and one hundred five per cent of the actual taxable gross receipts for the calendar quarter.

(3) The tax return filed for the fourth calendar quarter of a calendar year is the annual return for the privilege tax imposed by this chapter. Such return shall report any additional taxable gross receipts not previously reported in the calendar year and shall adjust for any over-reported taxable
gross receipts in the calendar year. If the taxpayer ceases to be a taxpayer before the end of the calendar year, the last return the taxpayer is required to file shall be the annual return for the taxpayer and the taxpayer shall report any additional taxable gross receipts not previously reported in the calendar year and shall adjust for any over-reported taxable gross receipts in the calendar year.

(4) Because the tax imposed by this chapter is a privilege tax, the tax rate with respect to taxable gross receipts for a calendar quarter is not fixed until the end of the measurement period for each calendar quarter. Subject to division (A)(2)(b) of this section, the total amount of taxable gross receipts reported for a given calendar quarter shall be subject to the tax rate in effect in that quarter.

(5) Not later than forty days after the end of each calendar year, every calendar year taxpayer shall file with the tax commissioner a tax return in such form as the commissioner prescribes. The return shall include, but is not limited to, the amount of the taxpayer's taxable gross receipts for the calendar year and shall indicate the amount of tax due under section 5751.03 of the Revised Code for the calendar year.

(B)(1) A person that first becomes subject to the tax imposed under this chapter during a calendar quarter on or after January 1, 2006, shall pay the minimum tax imposed under division (B) of section 5751.03 of the Revised Code along with the registration fee imposed under this section, if applicable, on or before the day the return is required to be filed for that quarter under division (A)(1) of this section, regardless of whether the person elects to be a calendar year taxpayer under section 5751.05 of the Revised Code.

(2) The amount of the minimum tax for a person subject to division (B)(1) of this section shall be reduced to seventy-five dollars if the registration is timely filed after the first day of May and before the first day of December January of the following calendar year.

Sec. 5751.10. If any person liable for the tax imposed under this chapter sells the trade or business, disposes in any manner other than in the regular course of business at least seventy-five per cent of assets of the trade or business, or quits the trade or business, any tax owed by such person shall become due and payable immediately, and the person shall pay the tax under this section, including any applicable penalties and interest, within fifteen forty-five days after the date of selling or quitting the trade or business. The person's successor shall withhold a sufficient amount of the purchase money to cover the amount due and unpaid until the former owner produces a receipt from the tax commissioner showing that the amounts are paid or a
certificate indicating that no taxes are due. If a purchaser fails to withhold purchase money, that person is personally liable up to the purchase money amount, for such amounts that are unpaid during the operation of the business by the former owner.

The tax commissioner may adopt rules regarding the issuance of certificates under this section, including the waiver of the need for a certificate if certain criteria are met.

Sec. 5751.20. (A) As used in sections 5751.20 to 5751.22 of the Revised Code:

(1) "School district," "joint vocational school district," "local taxing unit," "state education aid," "recognized valuation," "fixed-rate levy," and "fixed-sum levy" have the same meanings as used in section 5727.84 of the Revised Code.

(2) "State education aid offset" means the amount determined for each school district or joint vocational school district under division (A)(1) of section 5751.21 of the Revised Code.

(8) "Furniture and fixtures fixed-rate levy loss" means the amount determined under division (D)(3) of this section.

(9) "Total fixed-rate levy loss" means the sum of the machinery and equipment fixed-rate levy loss, the inventory fixed-rate levy loss, the furniture and fixtures fixed-rate levy loss, and the telephone company fixed-rate levy loss.

(10) "Fixed-sum levy loss" means the amount determined under division (E) of this section.

(11) "Machinery and equipment" means personal property subject to the assessment rate specified in division (F) of section 5711.22 of the Revised Code.

(13) "Furniture and fixtures" means personal property subject to the
assessment rate specified in division (G) of section 5711.22 of the Revised Code.

(14) "Qualifying levies" are levies in effect for tax year 2004 or applicable to tax year 2005 or approved at an election conducted before September 1, 2005, and first levied in tax year 2006. For the purpose of determining the rate of a qualifying levy authorized by section 5705.212 or 5705.213 of the Revised Code, the rate shall be the rate that would be in effect for tax year 2010.

(15) "Telephone property" means tangible personal property of a telephone, telegraph, or interexchange telecommunications company subject to an assessment rate specified in section 5727.111 of the Revised Code in tax year 2004.

(17) "Telephone property fixed-rate levy loss" means the amount determined under division (D)(4) of this section.

(B) The commercial activities tax receipts fund is hereby created in the state treasury and shall consist of money arising from the tax imposed under this chapter. All money in that fund shall be credited for each fiscal year in the following percentages to the general revenue fund, to the school district tangible property tax replacement fund, which is hereby created in the state treasury for the purpose of making the payments described in section 5751.21 of the Revised Code, and to the local government tangible property tax replacement fund, which is hereby created in the state treasury for the purpose of making the payments described in section 5751.22 of the Revised Code, in the following percentages:

(C) Not later than September 15, 2005, the tax commissioner shall determine for each school district, joint vocational school district, and local taxing unit its machinery and equipment, inventory property, furniture and fixtures property, and telephone property tax value losses, which are the applicable amounts described in divisions (C)(1), (2), (3), and (4) of this section, except as provided in division (C)(5) of this section:

1. Machinery and equipment property tax value loss is the taxable value of machinery and equipment property as reported by taxpayers for tax year 2004 multiplied by:
   (a) For tax year 2006, thirty-three and eight-tenths per cent;
   (b) For tax year 2007, sixty-one and three-tenths per cent;
   (c) For tax year 2008, eighty-three per cent;
   (d) For tax year 2009 and thereafter, one hundred per cent.

2. Inventory property tax value loss is the taxable value of inventory property as reported by taxpayers for tax year 2004 multiplied by:
   (a) For tax year 2006, a fraction, the numerator of which is five and three-fourths and the denominator of which is twenty-three;
   (b) For tax year 2007, a fraction, the numerator of which is nine and one-half and the denominator of which is twenty-three;
   (c) For tax year 2008, a fraction, the numerator of which is thirteen and one-fourth and the denominator of which is twenty-three;
   (d) For tax year 2009 and thereafter a fraction, the numerator of which is seventeen and the denominator of which is twenty-three.

3. Furniture and fixtures property tax value loss is the taxable value of furniture and fixture property as reported by taxpayers for tax year 2004 multiplied by:
   (a) For tax year 2006, twenty-five per cent;
   (b) For tax year 2007, fifty per cent;
   (c) For tax year 2008, seventy-five per cent;
   (d) For tax year 2009 and thereafter, one hundred per cent.

The taxable value of property reported by taxpayers used in divisions (C)(1), (2), and (3) of this section shall be such values as determined to be final by the tax commissioner as of August 31, 2005. Such determinations
shall be final except for any correction of a clerical error that was made prior to August 31, 2005, by the tax commissioner.

(4) Telephone property tax value loss is the taxable value of telephone property as taxpayers would have reported that property for tax year 2004 if the assessment rate for all telephone property for that year were twenty-five per cent, multiplied by:
   (a) For tax year 2006, zero per cent;
   (b) For tax year 2007, zero per cent;
   (c) For tax year 2008, zero per cent;
   (d) For tax year 2009, sixty per cent;
   (e) For tax year 2010, eighty per cent;
   (f) For tax year 2011 and thereafter, one hundred per cent.

(5) Division (C)(5) of this section applies to any school district, joint vocational school district, or local taxing unit in a county in which is located a facility currently or formerly devoted to the enrichment or commercialization of uranium or uranium products, and for which the total taxable value of property listed on the general tax list of personal property for any tax year from tax year 2001 to tax year 2004 was fifty per cent or less of the taxable value of such property listed on the general tax list of personal property for the next preceding tax year.

In computing the property tax value losses under divisions (C)(1), (2), and (3) of this section for any school district, joint vocational school district, or local taxing unit to which division (C)(5) of this section applies, the taxable value of such property as listed on the general tax list of personal property for tax year 2000 shall be substituted for the taxable value of such property as reported by taxpayers for tax year 2004, in the taxing district containing the uranium facility, if the taxable value listed for tax year 2000 is greater than the taxable value reported by taxpayers for tax year 2004. For the purpose of making the computations under divisions (C)(1), (2), and (3) of this section, the tax year 2000 valuation is to be allocated to machinery and equipment, inventory, and furniture and fixtures property in the same proportions as the tax year 2004 values.

To facilitate the calculations required under division (C) of this section, the county auditor, upon request from the tax commissioner, shall provide by August 1, 2005, the values of machinery and equipment, inventory, and furniture and fixtures for all single-county personal property taxpayers for tax year 2004.

(D) Not later than September 15, 2005, the tax commissioner shall determine for each tax year from 2006 through 2009 for each school district, joint vocational school district, and local taxing unit its machinery and
equipment, inventory, and furniture and fixtures fixed-rate levy losses, and
for each tax year from 2006 through 2011 its telephone property fixed-rate
levy loss, which are the applicable amounts described in divisions (D)(1),
(2), (3), and (4) of this section:

1. The machinery and equipment fixed-rate levy loss is the machinery
and equipment property tax value loss multiplied by the sum of the tax rates
of fixed-rate qualifying levies.

2. The inventory fixed-rate loss is the inventory property tax value loss
multiplied by the sum of the tax rates of fixed-rate qualifying levies.

3. The furniture and fixtures fixed-rate levy loss is the furniture and
fixture property tax value loss multiplied by the sum of the tax rates of
fixed-rate qualifying levies.

4. The telephone property fixed-rate levy loss is the telephone property
 tax value loss multiplied by the sum of the tax rates of fixed-rate qualifying
levies.

(E) Not later than September 15, 2005, the tax commissioner shall
determine for each school district, joint vocational school district, and local
taxing unit its fixed-sum levy loss. The fixed-sum levy loss is the amount
obtained by subtracting the amount described in division (E)(2) of this
section from the amount described in division (E)(1) of this section:

1. The sum of the machinery and equipment property tax value loss,
the inventory property tax value loss, and the furniture and fixtures property
tax value loss, and, for 2008 through 2017 the telephone property tax value
loss of the district or unit multiplied by the sum of the fixed-sum tax rates of
qualifying levies. For 2006 through 2010, this computation shall include all
qualifying levies remaining in effect for the current tax year and any school
district emergency levies that are qualifying levies not remaining in effect
for the current year. For 2011 through 2017, this computation shall include
only qualifying levies remaining in effect for the current year. For purposes
of this computation, a qualifying school district emergency levy remains in
effect in a year after 2010 only if, for that year, the board of education levies
a school district emergency levy for an annual sum at least equal to the
annual sum levied by the board in tax year 2004 less the amount of the
payment certified under this division for 2006.

2. The total taxable value in tax year 2004 less the sum of the
machinery and equipment, inventory, furniture and fixtures, and telephone
property tax value losses in each school district, joint vocational school
district, and local taxing unit multiplied by one-half of one mill per dollar.

3. For the calculations in divisions (E)(1) and (2) of this section, the tax
value losses are those that would be calculated for tax year 2009 under
divisions (C)(1), (2), and (3) of this section and for tax year 2011 under division (C)(4) of this section.

(4) To facilitate the calculation under divisions (D) and (E) of this section, not later than September 1, 2005, any school district, joint vocational school district, or local taxing unit that has a qualifying levy that was approved at an election conducted during 2005 before September 1, 2005, shall certify to the tax commissioner a copy of the county auditor's certificate of estimated property tax millage for such levy as required under division (B) of section 5705.03 of the Revised Code, which is the rate that shall be used in the calculations under such divisions.

If the amount determined under division (E) of this section for any school district, joint vocational school district, or local taxing unit is greater than zero, that amount shall equal the reimbursement to be paid pursuant to division (D) of section 5751.21 or division (A)(3) of section 5751.22 of the Revised Code, and the one-half of one mill that is subtracted under division (E)(2) of this section shall be apportioned among all contributing fixed-sum levies in the proportion that each levy bears to the sum of all fixed-sum levies within each school district, joint vocational school district, or local taxing unit.

(F) Not later than October 1, 2005, the tax commissioner shall certify to the department of education for every school district and joint vocational school district the machinery and equipment, inventory, furniture and fixtures, and telephone property tax value losses determined under division (C) of this section, the machinery and equipment, inventory, furniture and fixtures, and telephone fixed-rate levy losses determined under division (D) of this section, and the fixed-sum levy losses calculated under division (E) of this section. The calculations under divisions (D) and (E) of this section shall separately display the levy loss for each levy eligible for reimbursement.

(G) Not later than October 1, 2005, the tax commissioner shall certify the amount of the fixed-sum levy losses to the county auditor of each county in which a school district, joint vocational school district, or local taxing unit with a fixed-sum levy loss reimbursement has territory.

Sec. 5751.21. (A) Not later than the thirty-first day of July of 2007 through 2017, the department of education shall determine the following for each school district and each joint vocational school district eligible for payment under division (B) of this section:

(1) The state education aid offset, which is the difference obtained by subtracting the amount described in division (A)(1)(b) of this section from the amount described in division (A)(1)(a) of this section:
Am. Sub. H. B. No. 530

754

(a) The state education aid computed for the school district or joint vocational school district for the current fiscal year as of the thirty-first day of July;

(b) The state education aid that would be computed for the school district or joint vocational school district for the current fiscal year as of the thirty-first day of July if the recognized valuation included the machinery and equipment, inventory, furniture and fixtures, and telephone property tax value losses for the school district or joint vocational school district for the second preceding tax year.

(2) The greater of zero or the difference obtained by subtracting the state education aid offset determined under division (A)(1) of this section from the sum of the machinery and equipment fixed-rate levy loss, the inventory fixed-rate levy loss, furniture and fixtures fixed-rate levy loss, and telephone property fixed-rate levy loss certified under division (F) of section 5751.20 of the Revised Code for all taxing districts in each school district and joint vocational school district for the second preceding tax year.

By the fifth day of August of each such year, the department of education shall certify the amount so determined under division (A)(1) of this section to the director of budget and management.

(B) The department of education shall pay from the school district tangible property tax replacement fund to each school district and joint vocational school district all of the following for fixed-rate levy losses certified under division (F) of section 5751.20 of the Revised Code:

(1) On or before May 31, 2006, one-seventh of the total fixed-rate levy loss for tax year 2006;

(2) On or before August 31, 2006, and October 31, 2006, one-half of six-sevenths of the total fixed-rate levy loss for tax year 2006;

(3) On or before May 31, 2007, one-seventh of the total fixed-rate levy loss for tax year 2007;

(4) On or before August 31, 2007, and October 31, 2007, forty-three per cent of the amount determined under division (A)(2) of this section for fiscal year 2008, but not less than zero, plus one-half of six-sevenths of the difference between the total fixed-rate levy loss for tax year 2007 and the total fixed-rate levy loss for tax year 2006.

(5) On or before May 31, 2008, fourteen per cent of the amount determined under division (A)(2) of this section for fiscal year 2008, but not less than zero, plus one-seventh of the difference between the total fixed-rate levy loss for tax year 2008 and the total fixed-rate levy loss for tax year 2006.

(6) On or before August 31, 2008, and October 31, 2008, forty-three per
cent of the amount determined under division (A)(2) of this section for fiscal year 2009, but not less than zero, plus one-half of six-sevenths of the difference between the total fixed-rate levy loss in tax year 2008 and the total fixed-rate levy loss in tax year 2007.

(7) On or before May 31, 2009, fourteen per cent of the amount determined under division (A)(2) of this section for fiscal year 2009, but not less than zero, plus one-seventh of the difference between the total fixed-rate levy loss for tax year 2009 and the total fixed-rate levy loss for tax year 2007.

(8) On or before August 31, 2009, and October 31, 2009, forty-three per cent of the amount determined under division (A)(2) of this section for fiscal year 2010, but not less than zero, plus one-half of six-sevenths of the difference between the total fixed-rate levy loss in tax year 2009 and the total fixed-rate levy loss in tax year 2008.

(9) On or before May 31, 2010, fourteen per cent of the amount determined under division (A)(2) of this section for fiscal year 2010, but not less than zero, plus one-seventh of the difference between the total fixed-rate levy loss in tax year 2010 and the total fixed-rate levy loss in tax year 2008.

(10) On or before August 31, 2010, and October 31, 2010, one-third of the amount determined under division (A)(2) of this section for fiscal year 2011, but not less than zero, plus one-half of six-sevenths of the difference between the telephone property fixed-rate levy loss for tax year 2010 and the telephone property fixed-rate levy loss for tax year 2009.

(11) On or before May 31, 2011, fourteen per cent of the amount determined under division (A)(2) of this section for fiscal year 2011, but not less than zero, plus one-seventh of the difference between the telephone property fixed-rate levy loss for tax year 2011 and the telephone property fixed-rate levy loss for tax year 2009.

(12) On or before August 31, 2011, October 31, 2011, and May 31, 2012, the amount determined under division (A)(2) of this section multiplied by a fraction, the numerator of which is fourteen and the denominator of which is seventeen, but not less than zero, multiplied by one-third, plus one-half of six-sevenths of the difference between the telephone property fixed-rate levy loss for tax year 2011 and the telephone property fixed-rate levy loss for tax year 2010.

(13) On or before May 31, 2012, fourteen per cent of the amount determined under division (A)(2) of this section for fiscal year 2012, multiplied by a fraction, the numerator of which is fourteen and the denominator of which is seventeen, plus one-seventh of the difference
between the telephone property fixed-rate levy loss for tax year 2011 and
the telephone property fixed-rate levy loss for tax year 2010.

(14) On or before August 31, 2012, October 31, 2012, and May 31,
2013, the amount determined under division (A)(2) of this section multiplied
by a fraction, the numerator of which is eleven and the denominator of
which is seventeen, but not less than zero, multiplied by one-third.

(15) On or before August 31, 2013, October 31, 2013, and May 31,
2014, the amount determined under division (A)(2) of this section multiplied
by a fraction, the numerator of which is nine and the denominator of which
is seventeen, but not less than zero, multiplied by one-third.

(16) On or before August 31, 2014, October 31, 2014, and May 31,
2015, the amount determined under division (A)(2) of this section multiplied
by a fraction, the numerator of which is seven and the denominator of which
is seventeen, but not less than zero, multiplied by one-third.

(17) On or before August 31, 2015, October 31, 2015, and May 31,
2016, the amount determined under division (A)(2) of this section multiplied
by a fraction, the numerator of which is five and the denominator of which

(19) On or before August 31, 2017, October 31, 2017, and May 31,
2018, the amount determined under division (A)(2) of this section multiplied
by a fraction, the numerator of which is one and the denominator of which
is seventeen, but not less than zero, multiplied by one-third.

(20) After May 31, 2018, no payments shall be made under this section.

The department of education shall report to each school district and joint
vocational school district the apportionment of the payments among the
school district's or joint vocational school district's funds based on the
certifications under division (F) of section 5751.20 of the Revised Code.

Any qualifying levy that is a fixed-rate levy that is not applicable to a
tax year after 2010 does not qualify for any reimbursement after the tax year
to which it is last applicable.

(C) For taxes levied within the ten-mill limitation for debt purposes in
tax year 2005, payments shall be made equal to one hundred per cent of the
loss computed as if the tax were a fixed-rate levy, but those payments shall
extend from fiscal year 2006 through fiscal year 2018, as long as the
qualifying levy continues to be used for debt purposes. If the purpose of
such a qualifying levy is changed, that levy becomes subject to the payments
determined in division (B) of this section.

(D)(1) Not later than January 1, 2006, for each fixed-sum levy of each school district or joint vocational school district and for each year for which a determination is made under division (F) of section 5751.20 of the Revised Code that a fixed-sum levy loss is to be reimbursed, the tax commissioner shall certify to the department of education the fixed-sum levy loss determined under that division. The certification shall cover a time period sufficient to include all fixed-sum levies for which the commissioner made such a determination. The department shall pay from the school district property tax replacement fund to the school district or joint vocational school district one-third of the fixed-sum levy loss so certified for each year on or before the last day of May, August, and November October of the current year.

(2) Beginning in 2006, by the first day of January of each year, the tax commissioner shall review the certification originally made under division (D)(1) of this section. If the commissioner determines that a debt levy that had been scheduled to be reimbursed in the current year has expired, a revised certification for that and all subsequent years shall be made to the department of education.

(E) Beginning in September 2007 and through June 2018, the director of budget and management shall transfer from the school district tangible property tax replacement fund to the general revenue fund each of the following:

(1) On the first day of September, the lesser of one-fourth of the amount certified for that fiscal year under division (A)(1) of this section or the balance in the school district tangible property tax replacement fund;

(2) On the first day of December, the lesser of one-fourth of the amount certified for that fiscal year under division (A)(1) of this section or the balance in the school district tangible property tax replacement fund;

(3) On the first day of March, the lesser of one-fourth of the amount certified for that fiscal year under division (A)(1) of this section or the balance in the school district tangible property tax replacement fund;

(4) On the first day of June, the lesser of one-fourth of the amount certified for that fiscal year under division (A)(1) of this section or the balance in the school district tangible property tax replacement fund.

(F) For each of the fiscal years 2006 through 2018, if the total amount in the school district tangible property tax replacement fund is insufficient to make all payments under divisions (B), (C), (E) and (D) of this section at the times the payments are to be made, the director of budget and management shall transfer from the general revenue fund to the school district tangible
property tax replacement fund the difference between the total amount to be paid and the amount in the school district tangible property tax replacement fund. For each fiscal year after 2018, at the time payments under division (D) of this section are to be made, the director of budget and management shall transfer from the general revenue fund to the school district property tax replacement fund the amount necessary to make such payments.

(G) On the fifteenth day of June of 2006 through 2011, the director of budget and management may transfer any balance in the school district tangible property tax replacement fund to the general revenue fund. At the end of fiscal years 2012 through 2018, any balance in the school district tangible property tax replacement fund shall remain in the fund to be used in future fiscal years for school purposes.

(H) If all of the territory of a school district or joint vocational school district is merged with another district, or if a part of the territory of a school district or joint vocational school district is transferred to an existing or newly created district, the department of education, in consultation with the tax commissioner, shall adjust the payments made under this section as follows:

(1) For a merger of two or more districts, the machinery and equipment, inventory, furniture and fixtures, and telephone property fixed-rate levy losses and the fixed-sum levy losses of the successor district shall be equal to the sum of the machinery and equipment, inventory, furniture and fixtures, and telephone property fixed-rate levy losses and debt levy losses as determined in section 5751.20 of the Revised Code, for each of the districts involved in the merger.

(2) If property is transferred from one district to a previously existing district, the amount of machinery and equipment, inventory, furniture and fixtures, and telephone property fixed-rate levy losses that shall be transferred to the recipient district shall be an amount equal to the total machinery and equipment, inventory, furniture and fixtures, and telephone property fixed-rate levy losses times a fraction, the numerator of which is the value of business tangible personal property on the land being transferred in the most recent year for which data are available, and the denominator of which is the total value of business tangible personal property in the district from which the land is being transferred in the most recent year for which data are available.

(3) After December 31, 2004, if property is transferred from one or more districts to a district that is newly created out of the transferred property, the newly created district shall be deemed not to have any machinery and equipment, inventory, furniture and fixtures, or telephone
property fixed-rate levy losses and the districts from which the property was transferred shall have no reduction in their machinery and equipment, inventory, furniture and fixtures, and telephone property fixed-rate levy losses.

(4) If the recipient district under division (H)(2) of this section or the newly created district under divisions (H)(3) of this section is assuming debt from one or more of the districts from which the property was transferred and any of the districts losing the property had fixed-sum levy losses, the department of education, in consultation with the tax commissioner, shall make an equitable division of the fixed-sum levy loss reimbursements.

Sec. 5751.22. (A) Not later than January 1, 2006, the tax commissioner shall compute the payments to be made to each local taxing unit for each year according to divisions (A)(1), (2), (3), and (4) of this section, and shall distribute the payments in the manner prescribed by division (C) of this section. The calculation of the fixed-sum levy loss shall cover a time period sufficient to include all fixed-sum levies for which the commissioner determined, pursuant to division (E) of section 5751.20 of the Revised Code, that a fixed-sum levy loss is to be reimbursed.

(1) Except as provided in division (A)(4) of this section, for machinery and equipment, inventory, and furniture and fixtures fixed-rate levy losses determined under division (D) of section 5751.20 of the Revised Code, payments shall be made in an amount equal to each of those losses multiplied by the following:

(a) For tax years 2006 through 2010, one hundred per cent;
(b) For tax year 2011, a fraction, the numerator of which is fourteen and the denominator of which is seventeen;
(c) For tax year 2012, a fraction, the numerator of which is eleven and the denominator of which is seventeen;
(d) For tax year 2013, a fraction, the numerator of which is nine and the denominator of which is seventeen;
(e) For tax year 2014, a fraction, the numerator of which is seven and the denominator of which is seventeen;
(f) For tax year 2015, a fraction, the numerator of which is five and the denominator of which is seventeen;
(g) For tax year 2016, a fraction, the numerator of which is three and the denominator of which is seventeen;
(h) For tax year 2017, a fraction, the numerator of which is one and the denominator of which is seventeen;
(i) For tax years 2018 and thereafter, no fixed-rate payments shall be made.
Any qualifying levy that is a fixed-rate levy that is not applicable to a tax year after 2010 shall not qualify for any reimbursement after the tax year to which it is last applicable.

(2) Except as provided in division (A)(4) of this section, for telephone property fixed-rate levy losses determined under division (D)(4) of section 5751.20 of the Revised Code, payments shall be made in an amount equal to each of those losses multiplied by the following:
   (a) For tax years 2009 through 2011, one hundred per cent;
   (b) For tax year 2012, seven-eighths;
   (c) For tax year 2013, six-eighths;
   (d) For tax year 2014, five-eighths;
   (e) For tax year 2015, four-eighths;
   (f) For tax year 2016, three-eighths;
   (g) For tax year 2017, two-eighths;
   (h) For tax year 2018, one-eighth;
   (i) For tax years 2019 and thereafter, no fixed-rate payments shall be made.

Any qualifying levy that is a fixed-rate levy that is not applicable to a tax year after 2011 shall not qualify for any reimbursement after the tax year to which it is last applicable.

(3) For fixed-sum levy losses determined under division (E) of section 5751.20 of the Revised Code, payments shall be made in the amount of one hundred per cent of the fixed-sum levy loss for payments required to be made in 2006 and thereafter.

(4) For taxes levied within the ten-mill limitation for debt purposes in tax year 2005, payments shall be made based on the schedule in division (A)(1) of this section for each of the calendar years 2006 through 2010. For each of the calendar years 2011 through 2017, the percentages for calendar year 2010 shall be used, as long as the qualifying levy continues to be used for debt purposes. If the purpose of such a qualifying levy is changed, that levy becomes subject to the payment schedules in divisions (A)(1)(a) to (h) of this section. No payments shall be made for such levies after calendar year 2017.

(B) Beginning in 2007, by the thirty-first day of January of each year, the tax commissioner shall review the calculation originally made under division (A) of this section of the fixed-sum levy losses determined under division (E) of section 5751.20 of the Revised Code. If the commissioner determines that a fixed-sum levy that had been scheduled to be reimbursed in the current year has expired, a revised calculation for that and all subsequent years shall be made.
(C) Payments to local taxing units required to be made under division (A) of this section shall be paid from the local government tangible property tax replacement fund to the county undivided income tax fund in the proper county treasury. Beginning in May 2006, one-third one-seventh of the amount certified under that division shall be paid by the last day of May, each year, and three-sevenths shall be paid by the last day of August; and October each year. Within forty-five days after receipt of such payments, the county treasurer shall distribute amounts determined under division (A) of this section to the proper local taxing unit as if they had been levied and collected as taxes, and the local taxing unit shall apportion the amounts so received among its funds in the same proportions as if those amounts had been levied and collected as taxes.

(D) For each of the fiscal years 2006 through 2019, if the total amount in the local government tangible property tax replacement fund is insufficient to make all payments under division (C) of this section at the times the payments are to be made, the director of budget and management shall transfer from the general revenue fund to the local government tangible property tax replacement fund the difference between the total amount to be paid and the amount in the local government tangible property tax replacement fund. For each fiscal year after 2019, at the time payments under division (A)(2) of this section are to be made, the director of budget and management shall transfer from the general revenue fund to the local government property tax replacement fund the amount necessary to make such payments.

(E) On the fifteenth day of June of each year from 2006 through 2018, the director of budget and management may transfer any balance in the local government tangible property tax replacement fund to the general revenue fund.

(F) If all or a part of the territories of two or more local taxing units are merged, or unincorporated territory of a township is annexed by a municipal corporation, the tax commissioner shall adjust the payments made under this section to each of the local taxing units in proportion to the tax value loss apportioned to the merged or annexed territory, or as otherwise provided by a written agreement between the legislative authorities of the local taxing units certified to the commissioner not later than the first day of June of the calendar year in which the payment is to be made.

Sec. 5751.53. (A) As used in this section:
(1) "Net income" and "taxable year" have the same meanings as in section 5733.04 of the Revised Code.
(2) "Franchise tax year" means "tax year" as defined in section 5733.04
of the Revised Code.

(3) "Deductible temporary differences" and "taxable temporary differences" have the same meanings as those terms have for purposes of paragraph 13 of the statement of financial accounting standards, number 109.

(4) "Qualifying taxpayer" means a taxpayer under this chapter that has a qualifying Ohio net operating loss carryforward equal to or greater than the qualifying amount.

(5) "Qualifying Ohio net operating loss carryforward" means an Ohio net operating loss carryforward that the taxpayer could deduct in whole or in part for franchise tax year 2006 under section 5733.04 of the Revised Code but for the application of division (H) of this section. A qualifying Ohio net operating loss carryforward shall not exceed the amount of loss carryforward from franchise tax year 2005 as reported by the taxpayer either on a franchise tax report for franchise tax year 2005 pursuant to section 5733.02 of the Revised Code or on an amended franchise tax report prepared in good faith for such year and filed before July 1, 2006.

(6) "Disallowed Ohio net operating loss carryforward" means the lesser of the amounts described in division (A)(6)(a) or (b) of this section, but the amounts described in divisions (A)(6)(a) and (b) of this section shall each be reduced by the qualifying amount.

(a) The qualifying taxpayer's qualifying Ohio net operating loss carryforward;

(b) The Ohio net operating loss carryforward amount that the qualifying taxpayer used to compute the related deferred tax asset reflected on its books and records on the last day of its taxable year ending in 2004, adjusted for return to accrual, but this amount shall be reduced by the qualifying related valuation allowance amount. For the purposes of this section, the "qualifying related valuation allowance amount" is the amount of Ohio net operating loss reflected in the qualifying taxpayer's computation of the valuation allowance account, as shown on its books and records on the last day of its taxable year ending in 2004, with respect to the deferred tax asset relating to its Ohio net operating loss carryforward amount.

(7) "Other net deferred tax items apportioned to this state" is the product of (a) the amount of other net deferred tax items and (b) the fraction described in division (B)(2) of section 5733.05 for the qualifying taxpayer's franchise tax year 2005.

(8)(a) Subject to divisions (A)(8)(b) to (d) of this section, the "amount of other net deferred tax items" is the difference between (i) the qualifying taxpayer's deductible temporary differences, net of related valuation
allowance amounts, shown on the qualifying taxpayer's books and records on the last day of its taxable year ending in 2004, and (ii) the qualifying taxpayer's taxable temporary differences as shown on those books and records on that date. The amount of other net deferred tax items may be less than zero.

(b) For the purposes of computing the amount of the qualifying taxpayer's other net deferred tax items described in division (A)(8)(a) of this section, any credit carryforward allowed under Chapter 5733. of the Revised Code shall be excluded from the amount of deductible temporary differences to the extent such credit carryforward amount, net of any related valuation allowance amount, is otherwise included in the qualifying taxpayer's deductible temporary differences, net of related valuation allowance amounts, shown on the qualifying taxpayer's books and records on the last day of the qualifying taxpayer's taxable year ending in 2004.

(c) No portion of the disallowed Ohio net operating loss carryforward shall be included in the computation of the amount of the qualifying taxpayer's other net deferred tax items described in division (A)(8)(a) of this section.

(d) In no event shall the amount of other net deferred tax items apportioned to this state exceed twenty-five per cent of the qualifying Ohio net operating loss carryforward.

(9) "Amortizable amount" means:

(a) If the qualifying taxpayer's other net deferred tax items apportioned to this state is equal to or greater than zero, eight per cent of the sum of the qualifying taxpayer's disallowed Ohio net operating loss carryforward and the qualifying taxpayer's other net deferred tax items apportioned to this state;

(b) If the amount of the qualifying taxpayer's other net deferred tax items apportioned to this state is less than zero and if the absolute value of the amount of qualifying taxpayer's other net deferred tax items apportioned to this state is less than the qualifying taxpayer's disallowed net operating loss, eight per cent of the difference between the qualifying taxpayer's disallowed net operating loss carryforward and the absolute value of the qualifying taxpayer's other net deferred tax items apportioned to this state;

(c) If the amount of the qualifying taxpayer's other net deferred tax items apportioned to this state is less than zero and if the absolute value of the amount of qualifying taxpayer's other net deferred tax items apportioned to this state is equal to or greater than the qualifying taxpayer's disallowed net operating loss, zero.

(10) "Books and records" means the qualifying taxpayer's books,
records, and all other information, all of which the qualifying taxpayer
maintains and uses to prepare and issue its financial statements in
accordance with generally accepted accounting principles.

(11)(a) Except as modified by division (A)(11)(b) of this section,
"qualifying amount" means fifty million dollars per person.

(b) If for franchise tax year 2005 the person was a member of a
combined franchise tax report, as provided by section 5733.052 of the
Revised Code, the "qualifying amount" is, in the aggregate, fifty million
dollars for all members of that combined franchise tax report, and for
purposes of divisions (A)(6)(a) and (b) of this section, those members shall
allocate to each member any portion of the fifty million dollar amount. The
total amount allocated to the members who are qualifying taxpayers shall
equal fifty million dollars.

(B) For each calendar period beginning prior to January 1, 2030, there is
hereby allowed a nonrefundable tax credit against the tax levied each year
by this chapter on each qualifying taxpayer, on each consolidated elected
taxpayer having one or more qualifying taxpayers as a member, and on each
combined taxpayer having one or more qualifying taxpayers as a member.
The credit shall be claimed in the order specified in section 5751.98 of the
Revised Code and is allowed only to reduce the first one-half of any tax
remaining after allowance of the credits that precede it in section 5751.98 of
the Revised Code. No credit under division (B) of this section shall be
allowed against the second one-half of such remaining tax.

Except as otherwise limited by divisions (C) and (D) of this section, the
maximum amount of the nonrefundable credit that may be used against the
first one-half of the remaining tax for each calendar year is as follows:

(1) For calendar year 2010, ten per cent of the amortizable amount;
(2) For calendar year 2011, twenty per cent of the amortizable amount,
less all amounts previously used;
(3) For calendar year 2012, thirty per cent of the amortizable amount,
less all amounts previously used;
(4) For calendar year 2013, forty per cent of the amortizable amount,
less all amounts previously used;
(5) For calendar year 2014, fifty per cent of the amortizable amount,
less all amounts previously used;
(6) For calendar year 2015, sixty per cent of the amortizable amount,
less all amounts previously used;
(7) For calendar year 2016, seventy per cent of the amortizable amount,
less all amounts previously used;
(8) For calendar year 2017, eighty per cent of the amortizable amount,
(9) For calendar year 2018, ninety per cent of the amortizable amount, less all amounts previously used;

(10) For each of calendar years 2019 through 2029, one hundred per cent of the amortizable amount, less all amounts used in all previous years.

In no event shall the cumulative credit used for calendar years 2010 through 2029 exceed one hundred per cent of the amortizable amount.

(C)(1) Except as otherwise set forth in division (C)(2) of this section, a refundable credit is allowed in calendar year 2030 for any portion of the qualifying taxpayer's amortizable amount that is not used in accordance with division (B) of this section against the tax levied by this chapter on all taxpayers.

(2) Division (C)(1) of this section shall not apply and no refundable credit shall be available to any person if during any portion of the calendar year 2030 the person is not subject to the tax imposed by this chapter.

(D) Not later than June 30, 2006, each qualifying taxpayer, consolidated elected taxpayer, or combined taxpayer that will claim for any year the credit allowed in divisions (B) and (C) of this section shall file with the tax commissioner a report setting forth the amortizable amount available to such taxpayer and all other related information that the commissioner, by rule, requires. If the taxpayer does not timely file the report or fails to provide timely all information required by this division, the taxpayer is precluded from claiming any credit amounts described in divisions (B) and (C) of this section. Unless extended by mutual consent, the tax commissioner may, until June 30, 2010, audit the accuracy of the amortizable amount available to each taxpayer that will claim the credit, and adjust the amortizable amount or, if appropriate, issue any assessment or final determination, as applicable, necessary to correct any errors found upon audit.

(E) For the purpose of calculating the amortizable amount, if the tax commissioner ascertains that any portion of that amount is the result of a sham transaction as described in section 5703.56 of the Revised Code, the commissioner shall reduce the amortizable amount by two times the adjustment.

(F) If one entity transfers all or a portion of its assets and equity to another entity as part of an entity organization or reorganization or subsequent entity organization or reorganization for which no gain or loss is recognized in whole or in part for federal income tax purposes under the Internal Revenue Code, the credits allowed by this section shall be computed in a manner consistent with that used to compute the portion, if any, of federal net operating losses allowed to the respective entities under
the Internal Revenue Code. The tax commissioner may prescribe forms or rules for making the computations required by this division.

(G)(1) Except as provided in division (F) of this section, no person shall pledge, collateralize, hypothecate, assign, convey, sell, exchange, or otherwise dispose of any or all tax credits, or any portion of any or all tax credits allowed under this section.

(2) No credit allowed under this section is subject to execution, attachment, lien, levy, or other judicial proceeding.

(H)(1)(a) Except as set forth in division (H)(1)(b) of this section and notwithstanding division (I)(1) of section 5733.04 of the Revised Code to the contrary, each person timely and fully complying with the reporting requirements set forth in division (D) of this section shall not claim, and shall not be entitled to claim, any deduction or adjustment for any Ohio net operating loss carried forward to any one or more franchise tax years after franchise tax year 2005.

(b) Division (H)(1)(a) of this section applies only to the portion of the Ohio net operating loss represented by the disallowed Ohio net operating loss carryforward.

(2) Notwithstanding division (I) of section 5733.04 of the Revised Code to the contrary, with respect to all franchise tax years after franchise tax year 2005, each person timely and fully complying with the reporting requirements set forth in division (D) of this section shall not claim, and shall not be entitled to claim, any deduction, exclusion, or adjustment with respect to deductible temporary differences reflected on the person's books and records on the last day of its taxable year ending in 2004.

(3)(a) Except as set forth in division (H)(3)(b) of this section and notwithstanding division (I) of section 5733.04 of the Revised Code to the contrary, with respect to all franchise tax years after franchise tax year 2005, each person timely and fully complying with the reporting requirements set forth in division (D) of this section shall exclude from Ohio net income all taxable temporary differences reflected on the person's books and records on the last day of its taxable year ending in 2004.

(b) In no event shall the exclusion provided by division (H)(3)(a) of this section for any franchise tax year exceed the amount of the taxable temporary differences otherwise included in Ohio net income for that year.

(4) Divisions (H)(2) and (3) of this section shall apply only to the extent such items were used in the calculations of the credit provided by this section.

Sec. 5919.19. (A) There is hereby created the commemorative Ohio national guard service medal. The adjutant general shall design the medal
and administer the program for its distribution. Former members of the Ohio national guard who have been honorably or medically discharged or released from service in the Ohio national guard are eligible, upon application, to receive the medal.

Eligible persons who apply to receive the medal shall submit to the adjutant general a copy of their DD-214 form or NGB-22 form and a fee in an amount to be determined by the adjutant general. The adjutant general shall set the fee at an amount necessary to cover the cost of producing the medal.

(B) There is hereby created in the state treasury the national guard service medal fund. Fees collected from applicants for the medal as well as any appropriations made by the general assembly for purposes of the medal program shall be paid into the state treasury to the credit of the fund. The fund shall be used to pay for the production of the medal.

Sec. 5923.05. (A)(1) Permanent public employees who are members of the Ohio organized militia or members of other reserve components of the armed forces of the United States, including the Ohio national guard, are entitled to a leave of absence from their respective positions without loss of pay for the time they are performing service in the uniformed services, for periods of up to one month, for each calendar year in which they are performing service in the uniformed services.

(2) As used in this section:
(a) "Calendar year" means the year beginning on the first day of January and ending on the last day of December.
(b) "Month" means twenty-two eight-hour work days or one hundred seventy-six hours within one calendar year.
(c) "Permanent public employees" and "uniformed services" have the same meanings as in section 5903.01 of the Revised Code.
(d) "State agency" means any department, bureau, board, commission, office, or other organized body established by the constitution or laws of this state for the exercise of any function of state government, the general assembly, all legislative agencies, the supreme court, the court of claims, and the state-supported institutions of higher education.

(B) Except as otherwise provided in division (D) of this section, any permanent public employee who is employed by a political subdivision, who is entitled to the leave provided under division (A) of this section, and who is called or ordered to the uniformed services for longer than a month, for each calendar year in which the employee performed service in the uniformed services, because of an executive order issued by the president of the United States, because of an act of congress, or because of an order to
perform duty issued by the governor pursuant to section 5919.29 of the Revised Code is entitled, during the period designated in the order or act, to a leave of absence and to be paid, during each monthly pay period of that leave of absence, the lesser of the following:

(1) The difference between the permanent public employee's gross monthly wage or salary as a permanent public employee and the sum of the permanent public employee's gross uniformed pay and allowances received that month;

(2) Five hundred dollars.

(C) Except as otherwise provided in division (D) of this section, any permanent public employee who is employed by a state agency, who is entitled to the leave provided under division (A) of this section, and who is called or ordered to the uniformed services for longer than a month, for each calendar year in which the employee performed service in the uniformed services, because of an executive order issued by the president of the United States, because of an act of congress, or because of an order to perform duty issued by the governor pursuant to section 5919.29 or 5923.21 of the Revised Code is entitled, during the period designated in the order or act, to a leave of absence and to be paid, during each monthly pay period of that leave of absence, the difference between the permanent public employee's gross monthly wage or salary as a permanent public employee and the sum of the permanent public employee's gross uniformed pay and allowances received that month.

(D) No permanent public employee shall receive payments under division (B) or (C) of this section if the sum of the permanent public employee's gross uniformed pay and allowances received in a pay period exceeds the employee's gross wage or salary as a permanent public employee for that period or if the permanent public employee is receiving pay under division (A) of this section.

(E) Any political subdivision of the state, as defined in section 2744.01 of the Revised Code, may elect to pay any of its permanent public employees who are entitled to the leave provided under division (A) of this section and who are called or ordered to the uniformed services for longer than one month, for each calendar year in which the employee performed service in the uniformed services, because of an executive order issued by the president or an act of congress, such payments, in addition to those payments required by division (B) of this section, as may be authorized by the legislative authority of the political subdivision.

(F) Each permanent public employee who is entitled to leave provided under division (A) of this section shall submit to the permanent public
employee's appointing authority the published order authorizing the call or order to the uniformed services or a written statement from the appropriate military commander authorizing that service, prior to being credited with that leave.

(G) Any permanent public employee of a political subdivision whose employment is governed by a collective bargaining agreement with provision for the performance of service in the uniformed services shall abide by the terms of that collective bargaining agreement with respect to the performance of that service, except that no collective bargaining agreement may afford fewer rights and benefits than are conferred under this section.

Sec. 6121.02. There is hereby created the Ohio water development authority. Such authority is a body both corporate and politic in this state, and the carrying out of its purposes and the exercise by it of the powers conferred by Chapter 6121 of the Revised Code this chapter shall be held to be, and are hereby determined to be, essential governmental functions and public purposes of the state, but the authority is not immune from liability by reason thereof. The authority is subject to all provisions of law generally applicable to state agencies which do not conflict with this chapter.

The authority shall consist of eight members as follows: five members appointed by the governor, with the advice and consent of the senate, no more than three of whom shall be members of the same political party, and the directors of natural resources, environmental protection, and development, who shall be members ex officio without compensation. The director of development may designate a person in the unclassified civil service to serve in the director's place as a member of the authority notwithstanding section 121.05 of the Revised Code. The appointive members shall be residents of the state, and shall have been qualified electors therein for a period of at least five years next preceding their appointment. Appointed members' terms of office shall be for eight years, commencing on the second day of July and ending on the first day of July. Each member shall hold office from the date of appointment until the end of the term for which the member was appointed. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of such term. Any appointed member shall continue in office subsequent to the expiration date of the member's term until the member's successor takes office, or until a period of sixty days has elapsed, whichever occurs first. A member of the authority is eligible for reappointment. Each appointed member of the authority, before entering upon the performance of the duties
of the office, shall take an oath as provided by Section 7 of Article XV, Ohio Constitution. The governor may at any time remove any member of the authority for misfeasance, nonfeasance, or malfeasance in office.

The authority shall elect one of its appointed members as chairperson and another as vice-chairperson, and shall appoint a secretary-treasurer who need not be a member of the authority. Four members of the authority shall constitute a quorum, and the affirmative vote of four members shall be necessary for any action taken by vote of the authority. No vacancy in the membership of the authority shall impair the rights of a quorum by such vote to exercise all the rights and perform all the duties of the authority.

Before the issuance of any water development revenue bonds under Chapter 6121. of the Revised Code this chapter, each appointed member of the authority shall give a surety bond to the state in the penal sum of twenty-five thousand dollars and the secretary-treasurer shall give such a bond in the penal sum of fifty thousand dollars, each such surety bond to be conditioned upon the faithful performance of the duties of the office, to be executed by a surety company authorized to transact business in this state, and to be approved by the governor and filed in the office of the secretary of state. Each appointed member of the authority shall receive an annual salary of five thousand dollars, payable in monthly installments, and is entitled to health care benefits comparable to those generally available to state officers and employees under section 124.82 of the Revised Code. If Section 20 of Article II, Ohio Constitution, prohibits the Ohio water development authority from paying all or a part of the cost of health care benefits on behalf of a member of the authority for the remainder of an existing term, the member may receive these benefits by paying their total cost from the member's own financial resources, including paying by means of deductions from the member's salary. Each member shall be reimbursed for actual expenses necessarily incurred in the performance of official duties. All expenses incurred in carrying out such sections this chapter shall be payable solely from funds provided under Chapter 6121. of the Revised Code this chapter, or appropriated for such purpose by the general assembly and no liability or obligation shall be incurred by the authority beyond the extent to which moneys have been provided under such sections this chapter or such appropriations.

SECTION 239.20. LOCAL JAILS

From the foregoing appropriation item, CAP-002, Local Jails, the Department of Rehabilitation and Correction shall designate the projects involving the construction and renovation of county, multicounty, municipal-county, and multicounty-municipal jail facilities and workhouses, including correctional centers authorized under sections 153.61 and 307.93 of the Revised Code, for which the Ohio Building Authority is authorized to issue obligations. Notwithstanding any provisions to the contrary in Chapter 152. or 153. of the Revised Code, the Department of Rehabilitation and Correction may coordinate, review, and monitor the drawdown and use of funds for the renovation or construction of projects for which designated funds are provided.

The funding authorized under this section shall not be applied to any such facilities that are not designated by the Department of Rehabilitation and Correction. The amount of funding authorized under this section that may be applied to a project designated for initial funding after July 1, 2000, involving the construction or renovation of a county, multicounty, municipal-county, and multicounty-municipal jail facilities and workhouses, including correctional centers authorized under sections 153.61 and 307.93 of the Revised Code, shall not exceed $35,000 per bed of the total allowable cost of the project in the case of construction of county and municipal-county jail facilities, workhouses, and correctional centers, or multicounty or multicounty-municipal jail facilities, workhouses, and correctional centers and shall not exceed 30 per cent of the total allowable cost of the project in the case of renovation of county, multicounty, municipal-county, and multicounty-municipal jail facilities, workhouses, and correctional centers. If a political subdivision is in the planning phase of constructing a multicounty or multicounty-municipal jail facility, workhouse, or correctional center on or before the effective date of this section, the Department of Rehabilitation and Correction shall fund that
facility at $42,000 per bed. Multicounty or multicounty-municipal jail facility construction projects initiated after the effective date of this section may be considered for, but are not entitled to be awarded, funding at $42,000 per bed. The higher per bed award is at the discretion of the Department of Rehabilitation and Correction and is contingent upon available funds, the impact of the project, and inclusion of at least three counties in the project.

The cost-per-bed funding authorized under this section that may be applied to a construction project shall not exceed the actual cost-per-bed of the project. The 30 per cent funding authorized under this section that may be applied to a renovation project shall not exceed $35,000 per bed of the total allowable cost of the project.

The funding authorized under this section shall not be applied to any project involving the construction of a county, multicounty, municipal-county, or multicounty-municipal jail facility or workhouse, including a correctional center established under sections 153.61 and 307.93 of the Revised Code, unless the facility, workhouse, or correctional center will be built in compliance with "The Minimum Standards for Jails in Ohio" and the plans have been approved under section 5120.10 of the Revised Code. In addition, the funding authorized under this section shall not be applied to any project involving the renovation of a county, multicounty, municipal-county, or multicounty-municipal jail facility or workhouse, including a correctional center established under sections 153.61 and 307.93 of the Revised Code, unless the renovation is for the purpose of bringing the facility, workhouse, or correctional center into compliance with "The Minimum Standards for Jails in Ohio" and the plans have been approved under section 5120.10 of the Revised Code.

SECTION 239.30. COMMUNITY-BASED CORRECTIONAL FACILITIES

The Department of Rehabilitation and Correction may designate to the Ohio Building Authority the sites of, and, notwithstanding any provisions to the contrary in Chapter 152. or 153. of the Revised Code, may review the renovation or construction of the single county and district community-based correctional facilities funded by the foregoing appropriation item CAP-003, Community-Based Correctional Facilities.

SECTION 239.40. COMMUNITY RESIDENTIAL PROGRAM RENOVATIONS
The foregoing appropriation item CAP-041, Community Residential Program, may be used by the Department of Rehabilitation and Correction, under sections 5120.103, 5120.104, and 5120.105 of the Revised Code, to provide for the construction or renovation of halfway house facilities for offenders eligible for community supervision by the Department of Rehabilitation and Correction.

SECTION 241.20. COMMUNITY REHABILITATION CENTERS

From the foregoing appropriation item CAP-812, Community Rehabilitation Centers, the Department of Youth Services shall designate the projects involving the construction and renovation of single county and multicounty community corrections facilities for which the Ohio Building Authority is authorized to issue obligations.

The Department of Youth Services is authorized to review and approve the renovation and construction of projects for which funds are provided. The proceeds of any obligations authorized under this section shall not be applied to any such facilities that are not designated and approved by the Department of Youth Services.

The Department of Youth Services shall adopt guidelines to accept and review applications and designate projects. The guidelines shall require the county or counties to justify the need for the facility and to comply with
timelines for the submission of documentation pertaining to the site, program, and construction.

For purposes of this section, "community corrections facilities" has the same meaning as in section 5139.36 of the Revised Code.

SECTION 241.30. LOCAL JUVENILE DETENTION CENTERS

From the foregoing appropriation item CAP-829, Local Juvenile Detention Centers, the Department of Youth Services shall designate the projects involving the construction and renovation of county and multicounty juvenile detention centers for which the Ohio Building Authority is authorized to issue obligations.

The Department of Youth Services is authorized to review and approve the renovation and construction of projects for which funds are provided. The proceeds of any obligations authorized under this section shall not be applied to any such facilities that are not designated by the Department of Youth Services.

The Department of Youth Services shall comply with the guidelines set forth in this section, accept and review applications, designate projects, and determine the amount of state match funding to be applied to each project. The department shall, with the advice of the county or counties participating in a project, determine the funded design capacity of the detention centers that are designated to receive funding. Notwithstanding any provisions to the contrary contained in Chapter 152. or 153. of the Revised Code, the Department of Youth Services may coordinate, review, and monitor the drawdown and use of funds for the renovation and construction of projects for which designated funds are provided.

(A) The Department of Youth Services shall develop a weighted numerical formula to determine the amount, if any, of state match that may be provided to a single or multicounty detention center project. The formula shall include the factors specified below in division (A)(1) of this section and may include the factors specified below in division (A)(2) of this section. The weight assigned to the factors specified in division (A)(1) of this section shall be not less than twice the weight assigned to factors specified in division (A)(2) of this section.

(1)(a) The number of detention center beds needed in the county or group of counties, as estimated by the Department of Youth Services, is significantly more than the number of beds currently available;

(b) Any existing detention center in the county or group of counties does not meet health, safety, or security standards for detention centers as established by the Department of Youth Services;
(c) The Department of Youth Services projects that the county or group of counties have a need for a sufficient number of detention beds to make the project economically viable.

(2)(a) The percentage of children in the county or group of counties living below the poverty level is above the state average;
(b) The per capita income in the county or group of counties is below the state average.

(B) The formula developed by the Department of Youth Services shall yield a percentage of state match ranging from 0 to 60 per cent based on the above factors. Notwithstanding the foregoing provisions, if a single county or multicounty system currently has no detention center beds, or if the projected need for detention center beds as estimated by the Department of Youth Services is greater than 120 per cent of current detention center bed capacity, then the percentage of state match shall be 60 per cent. To determine the dollar amount of the state match for new construction projects, the percentage of state match is multiplied by $125,000 per bed for detention centers with a designated capacity of 99 beds or less, and by $130,000 per bed for detention centers with a design capacity of 100 beds or more. To determine the dollar amount of the state match for renovation projects the percentage match shall be multiplied by the actual cost of the renovation, provided that the cost of the renovation does not exceed $100,000 per bed. The funding authorized under this section that may be applied to a construction or renovation project shall not exceed the actual cost of the project.

The funding authorized under this section shall not be applied to any project unless the detention center will be built in compliance with health, safety, and security standards for detention centers as established by the Department of Youth Services. In addition, the funding authorized under this section shall not be applied to the renovation of a detention center unless the renovation is for the purpose of increasing the number of beds in the center, or to meet health, safety, or security standards for detention centers as established by the Department of Youth Services.

SECTI\(^{ON}\) 249.60. (A) No capital improvement appropriations made in Sections 249.20 to 249.40 of this act shall be released for planning or for improvement, renovation, or construction or acquisition of capital facilities if a governmental agency, as defined in section 154.01 of the Revised Code, does not own the real property that constitutes the capital facilities or on which the capital facilities are or will be located. 1. The governmental agency has a long-term (at least fifteen years) lease of, or other interest (such as an easement) in, the real property.

2. In the case of an appropriation for capital facilities that, because of their unique nature or location, will be owned or be part of facilities owned by a separate nonprofit organization and made available to the governmental agency for its use, the nonprofit organization either owns or has a long-term (at least fifteen years) lease of the real property or other capital facility to be improved, renovated, constructed, or acquired and has entered into a joint or cooperative use agreement, approved by the Department of Mental Health, Department of Mental Retardation and Developmental Disabilities, or Department of Alcohol and Drug Addiction Services, whichever is applicable, with the governmental agency for that agency's use of and right to use the capital facilities to be financed and, if applicable, improved, the value of such use or right to use being, as determined by the parties, reasonably related to the amount of the appropriation.

(B) In the case of capital facilities referred to in division (A)(2) of this section, the joint or cooperative use agreement shall include, as a minimum, provisions that:

1. Specify the extent and nature of that joint or cooperative use, extending for no fewer than fifteen years, with the value of such use or right to use to be, as determined by the parties and approved by the applicable department, reasonably related to the amount of the appropriation;

2. Provide for pro rata reimbursement to the state should the
arrangement for joint or cooperative use by a governmental agency be terminated;

(3) Provide that procedures to be followed during the capital improvement process will comply with appropriate applicable state statutes and rules, including provisions of this act.

**SECTION 256.30.** For all of the foregoing appropriation items from the Higher Education Improvement Fund (Fund 034) that require local funds to be contributed by any state-supported or state-assisted institution of higher education, the Board of Regents shall not recommend that any funds be released until the recipient institution demonstrates to the Board of Regents and the Office of Budget and Management that the local funds contribution requirement has been secured or satisfied. The local funds shall be in addition to the foregoing appropriations.

**SECTION 256.40.** None of the foregoing capital improvements appropriations for state-supported or state-assisted institutions of higher education shall be expended until the particular appropriation has been recommended for release by the Board of Regents and released by the Director of Budget and Management or the Controlling Board. Either the institution concerned, or the Board of Regents with the concurrence of the institution concerned, may initiate the request to the Director of Budget and Management or the Controlling Board for the release of the particular appropriations.
SECTION 256.50. (A) No capital improvement appropriations made in Sections 251.30 to 256.80, 289.10, 289.20, 291.10, and 291.20 of this act shall be released for planning or for improvement, renovation, construction, or acquisition of capital facilities if the institution of higher education or the state does not own the real property on which the capital facilities are or will be located. This restriction does not apply in any of the following circumstances:

(1) The institution has a long-term (at least fifteen years) lease of, or other interest (such as an easement) in, the real property.

(2) The Board of Regents certifies to the Controlling Board that undue delay will occur if planning does not proceed while the property or property interest acquisition process continues. In this case, funds may be released upon approval of the Controlling Board to pay for planning through the development of schematic drawings only.

(3) In the case of an appropriation for capital facilities that, because of their unique nature or location, will be owned or will be part of facilities owned by a separate nonprofit organization or public body and made available to the institution of higher education for its use, the nonprofit organization or public body either owns or has a long-term (at least fifteen years) lease of the real property or other capital facility to be improved, renovated, constructed, or acquired and has entered into a joint or cooperative use agreement, approved by the Board of Regents, with the institution of higher education that meets the requirements of division (C) of this section.

(B) Any foregoing appropriations which require cooperation between a technical college and a branch campus of a university may be released by the Controlling Board upon recommendation by the Board of Regents that the facilities proposed by the institutions are:

(1) The result of a joint planning effort by the university and the technical college, satisfactory to the Board of Regents;

(2) Facilities that will meet the needs of the region in terms of technical and general education, taking into consideration the totality of facilities which will be available after the completion of these projects;

(3) Planned to permit maximum joint use by the university and technical college of the totality of facilities which will be available upon their completion;

(4) To be located on or adjacent to the branch campus of the university.

(C) In the case of capital facilities referred to in division (A)(3) of this section, the joint or cooperative use agreements shall include, as a
minimum, provisions that:

(1) Specify the extent and nature of that joint or cooperative use, extending for not fewer than fifteen years, with the value of such use or right to use to be, as determined by the parties and approved by the Board of Regents, reasonably related to the amount of the appropriations;

(2) Provide for pro rata reimbursement to the state should the arrangement for joint or cooperative use be terminated;

(3) Provide that procedures to be followed during the capital improvement process will comply with appropriate applicable state laws and rules, including provisions of this act;

(4) Provide for payment or reimbursement to the institution of its administrative costs incurred as a result of the facilities project, not to exceed 1.5 per cent of the appropriated amount.

(D) Upon the recommendation of the Board of Regents, the Controlling Board may approve the transfer of appropriations for projects requiring cooperation between institutions from one institution to another institution, with the approval of both institutions.

(E) Notwithstanding section 127.14 of the Revised Code, the Controlling Board, upon the recommendation of the Board of Regents, may transfer amounts appropriated to the Board of Regents to accounts of state-supported or state-assisted institutions created for that same purpose.

SECTION 256.60. The requirements of Chapters 123. and 153. of the Revised Code, with respect to the powers and duties of the Director of Administrative Services in the procedure for and award of contracts for capital improvement projects, and the requirements of section 127.16 of the Revised Code, with respect to the Controlling Board, do not apply to projects of community college districts and technical college districts.

SECTION 256.70. Those institutions locally administering capital improvement projects pursuant to sections 3345.50 and 3345.51 of the Revised Code may:

(A) Establish charges for recovering costs directly related to project administration as defined by the Director of Administrative Services. The Department of Administrative Services shall review and approve these administrative charges when such charges are in excess of 1.5 per cent of the total construction budget.

(B) Seek reimbursement from state capital appropriations to the institution for the in-house design services performed by the institution for
such capital projects. Acceptable charges shall be limited to design document preparation work that is done by the institution. These reimbursable design costs shall be shown as "A/E fees" within the project's budget that is submitted to the Controlling Board or the Director of Budget and Management as part of a request for release of funds. The reimbursement for in-house design may not exceed seven per cent of the estimated construction cost.

**SECTION 256.80.** The Board of Regents shall adopt rules regarding the release of moneys from all the foregoing appropriations for capital facilities for all state-supported and state-assisted institutions of higher education.

**SECTION 259.10.** All items set forth in this section are hereby appropriated out of any moneys in the state treasury to the credit of the Parks and Recreation Improvement Fund (Fund 035) that are not otherwise appropriated:

SECTION 401.10. CERTIFICATION OF AVAILABILITY OF MONEYS

No moneys that require release shall be expended from any appropriation contained in this act without certification of the Director of Budget and Management that there are sufficient moneys in the state treasury in the fund from which the appropriation is made. Such certification made by the Office of Budget and Management shall be based on estimates of revenue, receipts, and expenses. Nothing herein shall be construed as a limitation on the authority of the Director of Budget and Management as granted in section 126.07 of the Revised Code.

SECTION 401.20. LIMITATION ON USE OF CAPITAL APPROPRIATIONS

The appropriations made in this act, excluding those made to the State Capital Improvement Fund (Fund 038) and the State Capital Improvements Revolving Loan Fund (Fund 040) for buildings or structures, including remodeling and renovations, are limited to:

(A) Acquisition of real property or interest in real property;
(B) Buildings and structures, which includes construction, demolition,
complete heating, lighting, and lighting fixtures, and all necessary utilities, ventila
ting, plumbing, sprinkling, and sewer systems, when such systems are autho
rized or necessary;
(C) Architectural, engineering, and professional services expenses
directly related to the projects;
(D) Machinery that is a part of structures at the time of initial acqui
sition or construction;
(E) Acquisition, development, and deployment of new computer
systems, including the redevelopment or integration of existing and new
computer systems, but excluding regular or ongoing maintenance or suppor
t agreements;
(F) Equipment that meets all the following criteria:
(1) The equipment is essential in bringing the facility up to its intended
use.
(2) The unit cost of the equipment, and not the individual parts of a unit,
is about $100 or more.
(3) The equipment has a useful life of five years or more.
(4) The equipment is necessary for the functioning of the particular
facility or project.
No equipment shall be paid for from these appropriations that is not an
integral part of or directly related to the basic purpose or function of a
project for which moneys are appropriated. This paragraph does not apply to
appropriation line items for equipment.

SECTIO N 401.30. CONTINGENCY RESERVE REQUIREMENT
Any request for release of capital appropriations by the Director of
Budget and Management or the Controlling Board of capital appropriations
for projects, the contracts for which are awarded by the Department of
Administrative Services, shall contain a contingency reserve, the amount of
which shall be determined by the Department of Administrative Services,
for payment of unanticipated project expenses. Any amount deducted from
the encumbrance for a contractor's contract as an assessment for liquidated
damages shall be added to the encumbrance for the contingency reserve.
Contingency reserve funds shall be used to pay costs resulting from
unanticipated job conditions, to comply with rulings regarding building and
other codes, to pay costs related to errors or omissions in contract
documents, to pay costs associated with changes in the scope of work, and
to pay the cost of settlements and judgments related to the project.
Any funds remaining upon completion of a project, may, upon approval
of the Controlling Board, be released for the use of the institution to which
the appropriation was made for another capital facilities project or projects.

SECTION 401.40. AGENCY ADMINISTRATION OF CAPITAL FACILITIES PROJECTS
Notwithstanding sections 123.01 and 123.15 of the Revised Code, the Director of Administrative Services may authorize the Departments of Mental Health, Mental Retardation and Developmental Disabilities, Alcohol and Drug Addiction Services, Agriculture, Jobs and Family Services, Rehabilitation and Correction, Youth Services, Public Safety, Transportation, the Ohio Veterans' Home, and the Rehabilitation Services Commission to administer any capital facilities projects when the estimated cost, including design fees, construction, equipment, and contingency amounts, is less than $1,500,000. Requests for authorization to administer capital facilities projects shall be made in writing to the Director of Administrative Services by the respective state agency within sixty days after the effective date of the act in which the General Assembly initially makes an appropriation for the project. Upon the release of funds for such projects by the Controlling Board or the Director of Budget and Management, the agency may administer the capital project or projects for which agency administration has been authorized without the supervision, control, or approval of the Director of Administrative Services.

The state agency authorized by the Director of Administrative Services to administer capital facilities projects pursuant to this section shall comply with the applicable procedures and guidelines established in Chapter 153. of the Revised Code.

SECTION 401.50. SATISFACTION OF JUDGMENTS AND SETTLEMENTS AGAINST THE STATE
Except as otherwise provided in this section, an appropriation contained in this act or any other act may be used for the purpose of satisfying judgments, settlements, or administrative awards ordered or approved by the Court of Claims or by any other court of competent jurisdiction in connection with civil actions against the state. This authorization shall not apply to appropriations to be applied to or used for payment of guarantees by or on behalf of the state or for payments under lease agreements relating to or debt service on bonds, notes, or other obligations of the state. Notwithstanding any other section of law to the contrary, this authorization includes appropriations from funds into which proceeds or direct obligations of the state are deposited only to the extent that the judgment, settlement, or
administrative award is for or represents capital costs for which the appropriation may otherwise be used and is consistent with the purpose for which any related obligations were issued or entered into. Nothing contained in this section is intended to subject the state to suit in any forum in which it is not otherwise subject to suit, nor is it intended to waive or compromise any defense or right available to the state in any suit against it.

**SECTION 401.60. CAPITAL RELEASES BY THE DIRECTOR OF BUDGET AND MANAGEMENT**

Notwithstanding section 126.14 of the Revised Code, appropriations for appropriation items CAP-002, Local Jails, and CAP-003, Community-Based Correctional Facilities, appropriated from the Adult Correctional Building Fund (Fund 027) to the Department of Rehabilitation and Correction shall be released upon the written approval of the Director of Budget and Management. The appropriations from the Public School Building Fund (Fund 021), the Education Facilities Trust Fund (Fund N87), and the School Building Program Assistance Fund (Fund 032) to the School Facilities Commission, from the Transportation Building Fund (Fund 029) to the Department of Transportation, from the Clean Ohio Conservation Fund (Fund 056) to the Public Works Commission, and appropriations from the State Capital Improvement Fund (Fund 038) and the State Capital Improvements Revolving Loan Fund (Fund 040) to the Public Works Commission shall be released upon presentation of a request to release the funds, by the agency to which the appropriation has been made, to the Director of Budget and Management.

**SECTION 401.70. PREVAILING WAGE REQUIREMENT**

Except as provided in section 4115.04 of the Revised Code, no moneys appropriated or reappropriated by the 126th General Assembly shall be used for the construction of public improvements, as defined in section 4115.03 of the Revised Code, unless the mechanics, laborers, or workers engaged therein are paid the prevailing rate of wages as prescribed in section 4115.04 of the Revised Code. Nothing in this section shall affect the wages and salaries established for state employees under the provisions of Chapter 124. of the Revised Code, or collective bargaining agreements entered into by the state pursuant to Chapter 4117. of the Revised Code, while engaged on force account work, nor shall this section interfere with the use of inmate and patient labor by the state.
SECTION 401.80. CAPITAL FACILITIES LEASES

Capital facilities for which appropriations are made from the Highway Safety Building Fund (Fund 025), the Administrative Building Fund (Fund 026), the Adult Correctional Building Fund (Fund 027), and the Juvenile Correctional Building Fund (Fund 028) may be leased by the Ohio Building Authority to the Department of Public Safety, the Department of Youth Services, the Department of Administrative Services, and the Department of Rehabilitation and Correction, and other agreements may be made by the Ohio Building Authority and the departments with respect to the use or purchase of such capital facilities, or subject to the approval of the director of the department or the commission, the Ohio Building Authority may lease such capital facilities to, and make other agreements with respect to the use or purchase thereof with, any governmental agency or nonprofit corporation having authority under law to own, lease, or operate such capital facilities. The director of the department or the commission may sublease such capital facilities to, and make other agreements with respect to the use or purchase thereof with, any such governmental agency or nonprofit corporation, which may include provisions for transmittal of receipts of that agency or nonprofit corporation of any charges for the use of such facilities, all upon such terms and conditions as the parties may agree upon and any other provision of law affecting the leasing, acquisition, or disposition of capital facilities by such parties.

SECTION 401.90. AUTHORIZATION OF THE DIRECTOR OF BUDGET AND MANAGEMENT

The Director of Budget and Management shall authorize both of the following:

(A) The initial release of moneys for projects from the funds into which proceeds of direct obligations of the state are deposited.

(B) The expenditure or encumbrance of moneys from funds into which proceeds of direct obligations are deposited, only after determining to the director's satisfaction that either of the following apply:

(1) The application of such moneys to the particular project will not negatively affect any exemption or exclusion from federal income tax of the interest or interest equivalent on obligations, issued to provide moneys to the particular fund.

(2) Moneys for the project will come from the proceeds of obligations, the interest on which is not so excluded or exempt and which have been
authorized as "taxable obligations" by the issuing authority.

The director shall report any nonrelease of moneys pursuant to this section to the Governor, the presiding officer of each house of the General Assembly, and the agency for the use of which the project is intended.

SECTION 403.10. OHIO ADMINISTRATIVE KNOWLEDGE SYSTEM PROJECT

The Ohio Administrative Knowledge System (OAKS) shall be an enterprise resource planning system that replaces the state’s central services infrastructure systems, including, but not limited to, the central accounting system, the human resources/payroll system, the capital improvements projects tracking system, the fixed assets management system, and the procurement system. The Department of Administrative Services, in conjunction with the Office of Budget and Management, may acquire the system, including, but not limited to, the enterprise resource planning software and installation and implementation thereof pursuant to Chapter 125. of the Revised Code. Any lease-purchase arrangement utilized under Chapter 125. of the Revised Code, including any fractionalized interest therein as defined in division (N) of section 133.01 of the Revised Code, shall provide at the end of the lease periods that OAKS becomes the property of the state.

SECTION 403.20. SCHOOL FACILITIES ENCUMBRANCES AND REAPPROPRIATION

At the request of the Executive Director of the Ohio School Facilities Commission, the Director of Budget and Management may cancel encumbrances for school district projects from a previous biennium if the district has not raised its local share of project costs within one year of receiving Controlling Board approval in accordance with section 3318.05 of the Revised Code. The Executive Director of the Ohio School Facilities Commission shall certify the amounts of these canceled encumbrances to the Director of Budget and Management on a quarterly basis. The amounts of the canceled encumbrances are hereby appropriated.

SECTION 403.30. REAPPROPRIATION OF UNEXPENDED ENCUMBERED BALANCES OF CAPITAL APPROPRIATIONS

(A) An unexpended balance of a capital appropriation or reappropriation that a state agency has lawfully encumbered prior to the close of a capital
biennium is hereby reappropriated for the following capital biennium from
the fund from which it was originally appropriated or was reappropriated
and shall be used only for the purpose of discharging the encumbrance in the
following capital biennium. For those encumbered appropriations or
reappropriations, any Controlling Board approval previously granted and
referenced by the encumbering document remains in effect until the
encumbrance is discharged in the following capital biennium or until the
encumbrance expires at the end of the following capital biennium.

(B) At the end of the reappropriation period provided for by division
(A) of this section, an unexpended balance of a capital appropriation or
reappropriation that remains encumbered at the end of that period is hereby
reappropriated for the next capital biennium from the fund from which it
was originally appropriated or was reappropriated and shall be used only for
the purpose of discharging the encumbrance in the next capital biennium.
For those encumbered appropriations or reappropriations, any Controlling
Board approval previously granted and referenced by the encumbering
document remains in effect until the encumbrance is discharged in the next
capital biennium or until the encumbrance expires at the end of the next
capital biennium.

(C) At the end of the reappropriation period provided for by division (B)
of this section, a reappropriation made pursuant to division (B) of this
section shall lapse, and the encumbrance shall expire.

(D) If an encumbrance expired pursuant to division (C) of this section,
the Director of Budget and Management may re-establish the encumbrance
as provided in this division. If a reappropriation for a project is made by the
General Assembly for the biennium immediately following the biennium in
which an encumbrance for that project expired, the Director of Budget and
Management may re-establish the encumbrance in an amount not to exceed
the amount of the expired encumbrance, in the name of the contractor
named in the expired encumbrance, and for the same purpose specified in
the expired encumbrance. The encumbrance amount shall be in addition to
the amount of the reappropriation and is hereby reappropriated. The amount
re-encumbered shall be used only for the purpose of discharging the
encumbrance in the capital biennium for which the reappropriation was
made. For those re-encumbered reappropriations, any Controlling Board
approval previously granted and referenced by the expired encumbering
document remains in effect until the encumbrance is discharged or expires at
the end of the capital biennium for which the reappropriation was made. If
any portion of the amount re-encumbered by the Director of Budget and
Management under this division is not expended prior to the close of the
capital biennium for which the reappropriation was made, that amount is hereby reappropriated for the following capital biennium as provided for in division (A) of this section and subject to the provisions of division (A) of this section.

SECTION 403.40. Capital reappropriations in this act that have been released by the Controlling Board or the Director of Budget and Management between June 30, 2004, and July 1, 2006, do not require further approval or release prior to being encumbered. Funds reappropriated in excess of such prior releases shall be released in accordance with applicable provisions of this act.

SECTION 403.50. Unless otherwise specified, the reappropriations made in this act represent the unencumbered and unallotted balances of prior years' capital improvements appropriations estimated to be available on June 30, 2006. The actual balances on June 30, 2006, for the appropriation items in this act are hereby reappropriated. Additionally, there is hereby reappropriated the unencumbered and unallotted balances on June 30, 2006, of any appropriation items either reappropriated in Am. Sub. S.B. 189 of the 125th General Assembly or appropriated in Am. Sub. H.B. 16 of the 126th General Assembly, or created by the Controlling Board pursuant to section 127.15 of the Revised Code from appropriation items in Am. Sub. S.B. 189 of the 125th General Assembly and Am. Sub. H.B. 16 of the 126th General Assembly, and this act, if the Director of Budget and Management determines that such balances are needed to complete the projects for which they were reappropriated or appropriated. The appropriation items and amounts that are reappropriated by this act shall be reported to the Controlling Board within 30 days after the effective date of this section.

SECTION 403.60. No appropriation for a health care facility authorized under this act may be released until the requirements of sections 3702.51 to 3702.68 of the Revised Code have been met.

SECTION 403.70. All proceeds received by the state as a result of litigation, judgments, settlements, or claims, filed by or on behalf of any state agency as defined by section 1.60 of the Revised Code or any state-supported or state-assisted institution of higher education, for damages or costs resulting from the use, removal, or hazard abatement of asbestos
materials shall be deposited in the Asbestos Abatement Distribution Fund (Fund 674). All funds deposited into the Asbestos Abatement Distribution Fund are hereby appropriated to the Attorney General. To the extent practicable, the proceeds placed in the Asbestos Abatement Distribution Fund shall be divided among the state agencies and state-supported or state-assisted institutions of higher education in accordance with the general provisions of the litigation regarding the percentage of recovery. Distribution of the proceeds to each state agency or state-supported or state-assisted institution of higher education shall be made in accordance with the Asbestos Abatement Distribution Plan to be developed by the Attorney General, the Division of Public Works within the Department of Administrative Services, and the Office of Budget and Management.

In those circumstances where asbestos litigation proceeds are for reimbursement of expenditures made with funds outside the state treasury or damages to buildings not constructed with state appropriations, direct payments shall be made to the affected institutions of higher education. Any proceeds received for reimbursement of expenditures made with funds within the state treasury or damages to buildings occupied by state agencies shall be distributed to the affected agencies with an intrastate transfer voucher to the funds identified in the Asbestos Abatement Distribution Plan.

Such proceeds shall be used for additional asbestos abatement or encapsulation projects, or for other capital improvements, except that proceeds distributed to the General Revenue Fund and other funds that are not bond improvement funds may be used for any purpose. The Controlling Board may, for bond improvement funds, create appropriation items or increase appropriation authority in existing appropriation items equaling the amount of such proceeds. Such amounts approved by the Controlling Board are hereby appropriated. Such proceeds deposited in bond improvement funds shall not be expended until released by the Controlling Board, which shall require certification by the Director of Budget and Management that such proceeds are sufficient and available to fund the additional anticipated expenditures.

SECTION 403.80. OBLIGATIONS ISSUED UNDER CHAPTER 151. OF THE REVISED CODE

The capital improvements for which appropriations are made in this act from the Cultural and Sports Facilities Building Fund (Fund 030), the Mental Health Facilities Improvement Fund (Fund 033), and the Parks and Recreation Improvement Fund (Fund 035) are determined to be capital improvements and capital facilities for housing state agencies and branches of government, mental hygiene and retardation, and parks and recreation and are designated as capital facilities to which proceeds of obligations issued under Chapter 154. of the Revised Code are to be applied.

Section 405.20. Upon the request of the agency to which a capital project appropriation item is appropriated, the Director of Budget and Management may transfer open encumbrance amounts between separate encumbrances for the project appropriation item to the extent that any
reductions in encumbrances are agreed to by the contracting vendor and the agency.

SECTION 405.30. Any proceeds received by the state as the result of litigation or a settlement agreement related to any liability for the planning, design, engineering, construction, or constructed management of such facilities operated by the Department of Administrative Services shall be deposited into the Administrative Building Fund (Fund 026).

SECTION 405.40. Sections 203.10 to 405.30 of this act shall remain in full force and effect commencing on July 1, 2006, and terminating on June 30, 2008, for the purpose of drawing money from the state treasury in payment of liabilities lawfully incurred hereunder, and on June 30, 2008, and not before, the moneys hereby appropriated shall lapse into the funds from which they are severally appropriated. If, under Section 1c of Article II, Ohio Constitution, Section 1c, Sections 203.10 to 405.30 of this act do not take effect until after July 1, 2006, Sections 203.10 to 405.30 of this act shall be and remain in full force and effect commencing on that later effective date.

SECTION 405.50. TRANSFERS TO THE SCHOOL DISTRICT SOLVENCY ASSISTANCE FUND (FUND 5H3)

Notwithstanding any provision of law to the contrary, upon the request of the Superintendent of Public Instruction, the Director of Budget and Management may make transfers of cash to the School District Solvency Assistance Fund (Fund 5H3) from any Department of Education administered fund or the General Revenue Fund to maintain sufficient cash balances in the School District Solvency Assistance Fund (Fund 5H3) in fiscal years 2006 and 2007 for providing assistance and grants to school districts to enable them to remain solvent and to pay unforeseeable expenses of a temporary or emergency nature that they are unable to pay from existing resources. The Director of Budget and Management shall notify the members of the Controlling Board of any such transfers.

This section is not subject to the referendum. Therefore, under Ohio Constitution, Article II, Section 1d and section 1.471 of the Revised Code, this section goes into immediate effect when this act becomes law.
SECTION 405.60. The amendment of section 6301.03 of the Revised Code by Am. Sub. S.B. 189 of the 125th General Assembly applies on and after July 1, 2004. Local areas and sub-recipients of a local area may continue to use the public assistance fund to facilitate close out of workforce development activities conducted pursuant to the "Workforce Investment Act of 1998," 112 Stat. 936, 29 U.S.C. 2801, as amended, or Chapter 6301. of the Revised Code that occurred prior to July 1, 2004.

SECTION 506.03. (A) If money deposited into an escrow account under section 153.63 of the Revised Code by the Department of Administrative Services has not been released pursuant to that section due to the failure of the contractor, within three years, to give notice requesting release, the money shall be released pursuant to division (B) of this section to the Director of Administrative Services, who shall deposit it to the credit of the State Architect's Fund created under section 123.10 of the Revised Code.

(B) Notwithstanding section 153.63 of the Revised Code, the escrow agent in charge of the money described in division (A) of this section shall release the money to the Director if all of the following occur:

SECTION 515.03. (A) The Director of Budget and Management shall, on the effective date of this section, supersede and replace the Auditor of State in all matters relating to the drawing of warrants for the payment or transfer of money from the state treasury (referred to in this section as "the payment function"). With respect to the payment function, the Director shall succeed to and perform all of the duties, powers, and obligations of the Auditor of State provided for by law.

   (B) Any aspect of the payment function commenced but not completed by the Auditor of State on the effective date of this section shall be completed by the Director or the staff of the Office of Budget and Management in the same manner, and with the same effect, as if completed by the Auditor of State or the staff of the Auditor of State. Any validation, cure, right, privilege, remedy, obligation, or liability related to the payment function is not lost or impaired by reason of the transfer required by this section and shall be administered by the Office of Budget and Management. All of the rules, orders, and determinations of the Auditor of State in relation to the payment function continue in effect as rules, orders, and determinations of the Director of Budget and Management until modified or rescinded by the Director. At the request of the Auditor of State and if necessary to ensure the integrity of the numbering of the Administrative Code, the Director of the Legislative Service Commission shall renumber rules of the Auditor of State in relation to the payment function to reflect the transfer to the Director of Budget and Management.
(C) Subject to the lay-off provisions of sections 124.321 to 124.328 of the Revised Code, the Auditor of State and the Director of Budget and Management shall identify the employees of the Auditor of State assigned to or responsible for the payment function who shall be transferred to the Office of Budget and Management. The transfer shall take effect on July 1, 2007, or as soon as possible thereafter.

(D) Whenever the Auditor of State in relation to the payment function is referred to in any law, contract, or other document, the reference shall be deemed to refer to the Director of Budget and Management.

(E) Any action or proceeding that is related to the payment function and is pending on the effective date of this section is not affected by the transfer and shall be prosecuted or defended in the name of the Director of Budget and Management or the Office of Budget and Management. In all such actions and proceedings the Director or the Office, upon application to the court, shall be substituted as a party.

SECTION 515.06. (A) The Director of Administrative Services, the Director of Agriculture, the Director of Health, and the Director of Environmental Protection shall enter into a memorandum of understanding concerning the co-location at the Department of Agriculture's campus in Reynoldsburg of the Department of Agriculture, Department of Health, and Ohio Environmental Protection Agency laboratory and related office and storage facilities. The memorandum shall include the agreed upon obligations and responsibilities of the agencies relative to the facilities, and it and any later revision shall not take effect unless approved by the Director of Budget and Management.

(B) Notwithstanding division (A)(12) of section 123.01 of the Revised Code, and as shall be specified in the memorandum, the Department of Agriculture shall be responsible for the maintenance and care of the co-located facilities, the cost of which care shall be itemized and proportionately allocated among the Department of Agriculture, the Department of Health, and the Ohio Environmental Protection Agency. Except for this requirement, nothing in this section affects the authority of the Department of Administrative Services under section 123.01 of the Revised Code.

(C) If required, the Office of Budget and Management and Department of Administrative Services shall assist in addressing issues regarding the memorandum's implementation.
SECTION 606.05. That Section 3 of Sub. H.B. 11 of the 126th General Assembly be amended to read as follows:

Sec. 3. (A) Notwithstanding anything to the contrary in division (E)(D) of section 3317.024 of the Revised Code, in section 3317.07 of the Revised Code or in rules adopted under that section, or in Section 206.09.21 of Am. Sub. H.B. 66 of the 126th General Assembly, during fiscal year 2006 only, upon receipt of a waiver granted by the Superintendent of Public Instruction a school district, educational service center, or county MR/DD board may use the portion of the funds paid under appropriation item 200-503, Bus Purchase Allowance, as approved in the waiver for purchasing fuel for school buses.

(B) In the manner specified by the Superintendent of Public Instruction for purposes of this section, a school district, educational service center, or county MR/DD board may apply to the Superintendent for a waiver to use funds paid during fiscal year 2006 under appropriation item 200-503, Bus Purchase Allowance, to purchase fuel for school buses. The Superintendent shall require the school district, educational service center, or county MR/DD board to report to the Superintendent by December 31, 2005, its total expenditures for fuel for buses in fiscal year 2005 and its estimated expenditures for fuel for buses in fiscal year 2006. The Superintendent may grant a waiver to a school district, educational service center, or county MR/DD board only if the following conditions are met:

(1) The district, service center, or county MR/DD board demonstrates to the Superintendent's satisfaction that it has a sufficient supply of buses or contracted bus service to meet its pupil transportation obligations for fiscal year 2006 without spending all or part of its allocation of funds under appropriation item 200-503, Bus Purchase Allowance.

(2) The district's, service center's, or county MR/DD board's estimate of expenditures for fuel for buses in fiscal year 2006 is higher than its expenditures for fuel for buses in fiscal year 2005.

The Superintendent shall prescribe in the waiver the portion of those funds allocated to the school district, service center, or county MR/DD board under appropriation item 200-503, Bus Purchase Allowance, that may be used for purchasing fuel for buses, which portion shall not exceed the difference between the estimated expenditures for fuel for buses in fiscal year 2006 and the expenditures for fuel for buses in fiscal year 2005.

(C) Not later than July 31, 2006, each school district, educational service center, and county MR/DD board that receives a waiver under this section shall report to the Superintendent of Public Instruction its actual
expenditures to purchase fuel for school buses in fiscal year 2006. If the Superintendent determines that the district, service center, or county MR/DD board did not spend all of the funds from appropriation item 200-503, Bus Purchase Allowance, prescribed in the waiver to purchase fuel for buses, the district, service center, or county MR/DD board shall allocate the remainder of those funds for school bus purchases in fiscal year 2007.

(D) The Office of Pupil Transportation within the Department of Education may audit school districts, educational service centers, and county MR/DD boards that apply for waivers to ensure the accuracy of the data reported under this section. If the Office finds that a district, service center, or county MR/DD board has reported data inaccurately, the Department shall apply division (L) of section 3301.0714 of the Revised Code to that district, service center, or county MR/DD board.

SECTION 606.06. That existing Section 3 of Sub. H.B. 11 of the 126th General Assembly is hereby repealed.

SECTION 606.17. That Sections 203.09, 203.12, 203.12.12, 203.45, 203.51, 203.54, 203.66, 203.69, 203.84, 203.87, 203.99.01, 203.99.30, 203.99.48, 206.03, 206.09, 206.09.12, 206.09.15, 206.09.21, 206.09.27, 206.09.36, 206.09.39, 206.09.42, 206.09.61, 206.09.63, 206.09.66, 206.09.84, 206.16, 206.42, 206.42.09, 206.48, 206.66, 206.66.22, 206.66.23, 206.66.36, 206.66.64, 206.66.66, 206.66.84, 206.66.85, 206.66.91, 206.67.15, 206.67.21, 206.99, 209.04, 209.06.06, 209.06.09, 209.09.06, 209.09.18, 209.15, 209.18, 209.18.09, 209.24, 209.30, 209.33, 209.36, 209.45, 209.63, 209.63.42, 209.64.60, 209.72, 209.75, 209.78.03, 209.81, 209.90.06, 212.03, 212.24, 212.27, 212.30, 212.33, 557.12, and 612.36.03 of Am. (C) Federally mandated changes in formulas for distributing federal appropriations.

Any such changes shall be reported two weeks prior to the effective date of the change.

Sec. 206.09.84. (A) As used in this section:

(1) "Entitled to attend school" means entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code.
(2) "Formula ADM" and "category six special education ADM" have the same meanings as in section 3317.02 of the Revised Code.
(3) "Individualized education program" has the same meaning as in section 3323.01 of the Revised Code.
(4) "Parent" has the same meaning as in section 3313.64 of the Revised Code.
(5) "Qualified special education child" is a child for whom all of the following conditions apply:
   (a) The school district in which the child is entitled to attend school has identified the child as autistic. A child who has been identified as having a "pervasive developmental disorder - not otherwise specified (PPD-NOS)" shall be considered to be an autistic child for purposes of this section.
   (b) The school district in which the child is entitled to attend school has developed an individualized education program under Chapter 3323. of the Revised Code for the child.
   (c) The child either:
      (i) Was enrolled in the school district in which the child is entitled to attend school in any grade from preschool through twelve in the school year prior to the year in which a scholarship under this section is first sought for the child; or
      (ii) Is eligible to enter school in any grade preschool through twelve in the school district in which the child is entitled to attend school in the school year in which a scholarship under this section is first sought for the child.
(6) "Registered private provider" means a nonpublic school or other nonpublic entity that has been approved by the Department of Education to participate in the program established under this section.

(B) There is hereby established the Pilot Project Special Education
Scholarship Program. Under the program, in fiscal years 2006 and 2007, the Department of Education shall pay a scholarship to the parent of each qualified special education child upon application of that parent pursuant to procedures and deadlines established by rule of the State Board of Education. Each scholarship shall be used only to pay tuition for the child on whose behalf the scholarship is awarded to attend a special education program that implements the child's individualized education program and that is operated by a school district other than the school district in which the child is entitled to attend school, by another public entity, or by a registered private provider. Each scholarship shall be in an amount not to exceed the lesser of the tuition charged for the child by the special education program or twenty thousand dollars. The purpose of the scholarship is to permit the parent of a qualified special education child the choice to send the child to a special education program, instead of the one operated by or for the school district in which the child is entitled to attend school, to receive the services prescribed in the child's individualized education program once the individualized education program is finalized. A scholarship under this section shall not be awarded to the parent of a child while the child's individualized education program is being developed by the school district in which the child is entitled to attend school, or while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending. A scholarship under this section shall not be used for a child to attend a public special education program that operates under a contract, compact, or other bilateral agreement between the school district in which the child is entitled to attend school and another school district or other public provider, or for a child to attend a community school established under Chapter 3314. of the Revised Code. However, nothing in this section or in any rule adopted by the State Board of Education shall prohibit a parent whose child attends a public special education program under a contract, compact, or other bilateral agreement, or a parent whose child attends a community school, from applying for and accepting a scholarship under this section so that the parent may withdraw the child from that program or community school and use the scholarship for the child to attend a special education program for which the parent is required to pay for services for the child. A child attending a special education program with a scholarship under this section shall continue to be entitled to transportation to and from that program in the manner prescribed by law.

(C)(1) Notwithstanding anything to the contrary in the Revised Code, a child for whom a scholarship is awarded under this section shall be counted
in the formula ADM and the category six special education ADM of the
district in which the child is entitled to attend school and not in the formula
ADM and the category six special education ADM of any other school
district.

(2) In each fiscal year, the Department shall deduct from the amounts
paid to each school district under Chapter 3317. of the Revised Code, and, if
necessary, sections 321.24 and 323.156 of the Revised Code, the aggregate
amount of scholarships awarded under this section for qualified special
education children included in the formula ADM and category six special
education ADM of that school district as provided in division (C)(1) of this
section. The scholarships deducted shall be considered as an approved
special education and related services expense for the purpose of the school
district's compliance with division (C)(5) of section 3317.022 of the Revised
Code.

(3) From time to time, the Department shall make a payment to the
parent of each qualified special education child for whom a scholarship has
been awarded under this section. The scholarship amount shall be
proportionately reduced in the case of any such child who is not enrolled in
the special education program for which a scholarship was awarded under
this section for the entire school year. The Department shall make no
payments to the parent of a child while any administrative or judicial
mediation or proceedings with respect to the content of the child's
individualized education program are pending.

(D) A scholarship shall not be paid to a parent for payment of tuition
owed to a nonpublic entity unless that entity is a registered private provider.
The Department shall approve entities that meet the standards established by
rule of the State Board for the program established under this section.

(E) The State Board shall adopt rules under Chapter 119. of the Revised
Code prescribing procedures necessary to implement this section, including,
but not limited to, procedures and deadlines for parents to apply for
scholarships, standards for registered private providers, and procedures for
approval of entities as registered private providers. The Board shall adopt
the rules so that the program established under this section is operational by

### MEDICAID REVENUE AND COLLECTIONS - STATE

The foregoing appropriation item 600-639, Medicaid Revenue and Collections, shall be used by the Department of Job and Family Services to pay for Medicaid services and contracts.

### Sec. 206.66.22. FISCAL YEAR 2006 MEDICAID REIMBURSEMENT SYSTEM FOR NURSING FACILITIES

(A) As used in this section:

"2003 cost report" means a complete and adequate Medicaid cost report covering calendar year 2003 filed with the Department of Job and Family Services under section 5111.26 of the Revised Code.

"Change of operator," "entering operator," and "exiting operator" have the same meanings as in section 5111.65 of the Revised Code.

"Franchise permit fee" means the fee imposed by sections 3721.50 to 3721.58 of the Revised Code.

"Nursing facility" and "provider" have the same meaning as in section 5111.20 of the Revised Code.

"Nursing facility services" means nursing facility services covered by the Medicaid program that a nursing facility provides to a resident of the nursing facility who is a Medicaid recipient eligible for Medicaid-covered nursing facility services.

"Reviewable activity" has the same meaning as in section 3702.51 of the Revised Code.

(B) Except as otherwise provided in this section, the provider of a nursing facility that has a valid Medicaid provider agreement on June 30, 2005, and a valid Medicaid provider agreement for fiscal year 2006 shall be paid, for nursing facility services the nursing facility provides during fiscal
year 2006, the sum of the following:

   (1) The rate the provider is paid for nursing facility services the nursing
       facility provides on June 30, 2005;

   (2) Unless the nursing facility is exempt from paying the franchise
       permit fee, one dollar and ninety-five cents.

   (C) If a nursing facility undergoes a change of operator on July 1, 2005,
       the entering operator shall be paid, for nursing facility services the nursing
       facility provides during fiscal year 2006, the rate paid to the exiting operator
       for nursing facility services that the nursing facility provided on June 30,
       2005, plus, if the entering operator pays the franchise permit fee, one dollar
       and ninety-five cents. If a nursing facility undergoes a change of operator
       during the period beginning July 2, 2005, and ending June 30, 2006, the
       entering operator shall be paid, for nursing facility services the nursing
       facility provides during the period beginning on the effective date of the
       change of operator and ending June 30, 2006, the rate paid to the exiting
       operator for nursing facility services that the nursing facility provided on the
       day immediately before the effective date of the change of operator.

   (D) If, during fiscal year 2006, a nursing facility obtains certification as
       a nursing facility from the Director of Health and begins participation in the
       Medicaid program, the provider of the nursing facility shall be paid, for
       nursing facility services the nursing facility provides during the period
       beginning on the date the nursing facility begins participation in the
       Medicaid program and ending June 30, 2006, a rate that is the median of all
       rates paid to providers of nursing facilities on July 1, 2005.

   (E) If, during fiscal year 2007, one or more Medicaid certified
       beds are added to a nursing facility with a valid Medicaid provider
       agreement for fiscal year 2006, the provider of the nursing facility shall be
       paid a rate for the new beds that is the same as the nursing facility's rate for
       the Medicaid certified beds that are in the nursing facility on the day before
       the new beds are added.

   (F) If the United States Centers for Medicare and Medicaid Services
       requires that the franchise permit fee be reduced or eliminated, the
       Department of Job and Family Services shall reduce the amount it pays
       providers of nursing facilities under this section as necessary to reflect the
       loss to the state of the revenue and federal financial participation generated
       from the franchise permit fee.

   (G) A nursing facility's rate established under this section shall not be
       subject to any adjustments except as follows:

   (a) An adjustment resulting from an audit of the nursing facility's
       2003 cost report may be applied to a rate established under this section for
the nursing facility not later than three years after the first day of the fiscal year for which the rate is established.

(b) the nursing facility's rate established under this section may be adjusted pursuant to a process established in rules adopted under section 5111.02 of the Revised Code to reflect a change in the nursing facility's capital costs due to any of the following:

(i) A change of provider agreement that goes into effect before July 1, 2005, and for which a rate adjustment is not implemented before June 30, 2005;

(ii) A reviewable activity for which a certificate of need application is filed with the Director of Health before July 1, 2005, costs are incurred before June 30, 2005, and a rate adjustment is not implemented before June 30, 2005;

(iii) An activity that the Director of Health, before July 1, 2005, rules is not a reviewable activity and for which costs are incurred before June 30, 2005, and a rate adjustment is not implemented before June 30, 2005.

(H) The Department of Job and Family Services shall follow this section in determining the rate to be paid to the provider of a nursing facility under the Medicaid program for nursing facility services provided during fiscal year 2006 notwithstanding anything to the contrary in sections 5111.20 to 5111.33 of the Revised Code.

Sec. 206.66.23. FISCAL YEAR 2007 MEDICAID REIMBURSEMENT SYSTEM FOR NURSING FACILITIES

(A) As used in this section:
"Franchise permit fee" means the fee imposed by sections 3721.50 to 3721.58 of the Revised Code.
"Nursing facility" and "provider" have the same meanings as in section 5111.20 of the Revised Code.
"Nursing facility services" means nursing facility services covered by the Medicaid program that a nursing facility provides to a resident of the nursing facility who is a Medicaid recipient eligible for Medicaid-covered nursing facility services.

(B) Except as provided in division (C) of this section, the provider of a nursing facility that has a valid Medicaid provider agreement on June 30, 2006, and a valid Medicaid provider agreement for fiscal year 2007 shall be paid, for nursing facility services the nursing facility provides during fiscal year 2007, the rate determined as follows:

(1) Determine the rate for the nursing facility under sections 5111.20 to 5111.33 of the Revised Code;

(2) Increase the rate determined under division (B)(1) of this section by
two per cent;
(3) Increase the rate determined under division (B)(2) of this section by two per cent.

(C) If the rate determined for a nursing facility under sections 5111.20 to 5111.33 of the Revised Code division (B) of this section for nursing facility services provided during fiscal year 2007 is more than one hundred two per cent of the rate the provider is paid for nursing facility services the nursing facility provides on June 30, 2006, the Department of Job and Family Services shall reduce the nursing facility's fiscal year 2007 rate so that the rate is no more than one hundred two per cent of the nursing facility's rate for June 30, 2006. If the rate determined for a nursing facility under sections 5111.20 to 5111.33 of the Revised Code for nursing facility services provided during fiscal year 2007 is less than ninety-eight per cent of the rate the provider was paid for nursing facility services the nursing facility provides on June 30, 2006, the Department shall increase the nursing facility's fiscal year 2007 rate so that the rate is no less than ninety-eight per cent of the nursing facility's rate for June 30, 2006.

(D) If the United States Centers for Medicare and Medicaid Services requires that the franchise permit fee be reduced or eliminated, the Department of Job and Family Services shall reduce the amount it pays providers of nursing facilities under this section as necessary to reflect the loss to the state of the revenue and federal financial participation generated from the franchise permit fee.

The Department of Mental Retardation and Developmental Disabilities may designate a portion of appropriation item 322-416, Waiver State Match, to county boards of mental retardation and developmental disabilities that have greater need for various residential and support services because of a low percentage of residential and support services development in comparison to the number of individuals with mental retardation or developmental disabilities in the county.

Of the foregoing appropriation item 322-416, Waiver State Match, $9,850,000 in each year of the biennium shall be distributed by the
Department to county boards of mental retardation and developmental disabilities to support existing residential facilities waiver and individual options waiver related to Medicaid activities provided for in the component of a county board's plan developed under division (A)(2) of section 5126.054 of the Revised Code and approved under section 5123.046 of the Revised Code. Up to $3,000,000 of these funds in each fiscal year may be used to implement day-to-day program management services under division (A)(2) of section 5126.054 of the Revised Code. Up to $4,200,000 in each fiscal year may be used to implement the program and health and welfare requirements of division (A)(2) of section 5126.054 of the Revised Code.

In fiscal years 2006 and 2007 not less than $2,650,000 of these funds shall be used to recruit and retain, under division (A)(2) of section 5126.054 of the Revised Code, the direct care staff necessary to implement the services included in an individualized service plan in a manner that ensures the health and welfare of the individuals being served.

The method utilized by the department to determine each residential facilities waiver and individual options provider's allocation of such funds in fiscal year 2005 shall be used for allocation purposes to such providers in fiscal years 2006 and 2007, respectively.

SUPPORTED LIVING

The purposes for which the foregoing appropriation item 322-417, Supported Living, shall be used include supported living services contracted by county boards of mental retardation and developmental disabilities under sections 5126.40 to 5126.47 of the Revised Code and paying the nonfederal share of the cost of one or more new intermediate-care-facility-for-the-mentally-retarded certified beds in a county where the county board of mental retardation and developmental disabilities does not initiate or support the development or certification of such beds, if the Director of Mental Retardation and Developmental Disabilities is required by this act Am. Sub. H.B. 66 of the 126th General Assembly to transfer to the Director of Job and Family Services funds to pay such nonfederal share.

OTHER RESIDENTIAL AND SUPPORT SERVICE PROGRAMS

Notwithstanding Chapters 5123. and 5126. of the Revised Code, the Department of Mental Retardation and Developmental Disabilities may develop residential and support service programs funded by appropriation item 322-413, Residential and Support Services; appropriation item 322-416, Waiver State Match; or appropriation item 322-417, Supported Living, that enable persons with mental retardation and developmental disabilities to live in the community. Notwithstanding Chapter 5121.
section 5123.122 of the Revised Code, the Department may waive the support collection requirements of those statutes for persons in community programs developed by the Department under this section. The Department shall adopt rules under Chapter 119. of the Revised Code or may use existing rules for the implementation of these programs.

FAMILY SUPPORT SERVICES

Notwithstanding sections 5123.171, 5123.19, 5123.20, and 5126.11 of the Revised Code, the Department of Mental Retardation and Developmental Disabilities may implement programs funded by appropriation item 322-451, Family Support Services, to provide assistance to persons with mental retardation or developmental disabilities and their families who are living in the community. The department shall adopt rules to implement these programs. The department may also use the foregoing appropriation item 322-451, Family Support Services, to pay the nonfederal share of the cost of one or more new intermediate-care-facility-for-the-mentally-retarded certified beds in a county where the county board of mental retardation and developmental disabilities initiates or supports the development or certification of such beds, if the Director of Mental Retardation and Developmental Disabilities is required by this act Am. Sub. H.B. 66 of the 126th General Assembly to transfer to the Director of Job and Family Services funds to pay such nonfederal share.

SERVICE AND SUPPORT ADMINISTRATION

The foregoing appropriation item 322-452, Service and Support Administration, shall be allocated to county boards of mental retardation and developmental disabilities for the purpose of providing service and support administration services and to assist in bringing state funding for all department-approved service and support administrators within county boards of mental retardation and developmental disabilities to the level authorized in division (C) of section 5126.15 of the Revised Code. The department may request approval from the Controlling Board to transfer any unobligated appropriation authority from other state General Revenue Fund appropriation items within the department's budget to appropriation item 322-452, Service and Support Administration, to be used to meet the statutory funding level in division (C) of section 5126.15 of the Revised Code.

Notwithstanding division (C) of section 5126.15 of the Revised Code and subject to funding in appropriation item 322-452, Service and Support Administration, no county may receive less than its allocation in fiscal year 1995. Wherever case management services are referred to in any law,
contract, or other document, the reference shall be deemed to refer to service and support administration. No action or proceeding pending on the effective date of this section is affected by the renaming of case management services as service and support administration.

The Department of Mental Retardation and Developmental Disabilities shall adopt, amend, and rescind rules as necessary to reflect the renaming of case management services as service and support administration. All boards of mental retardation and developmental disabilities and the entities with which they contract for services shall rename the titles of their employees who provide service and support administration. All boards and contracting entities shall make corresponding changes to all employment contracts.

The Department also may use the foregoing appropriation item 322-452, Service and Support Administration, to pay the nonfederal share of the cost of one or more new intermediate-care-facility-for-the-mentally-retarded certified beds in a county where the county board of mental retardation and developmental disabilities initiates or supports the development or certification of such beds, if the Director of Mental Retardation and Developmental Disabilities is required by this act Am. Sub. H.B. 66 of the 126th General Assembly to transfer to the Director of Job and Family Services funds to pay such nonfederal share.

STATE SUBSIDIES TO MR/DD BOARDS

Notwithstanding section 5126.12 of the Revised Code, for fiscal year 2006, the Department shall, if sufficient funds as determined by the Department are available, use the foregoing appropriation item 322-501, County Boards Subsidies, to pay each county board of mental retardation and developmental disabilities an amount that is equal to the amount such board received in fiscal year 2005. If the Department determines that there are not sufficient funds available in appropriation item 322-501, County Boards Subsidies, for this purpose, the Department shall pay to each county board an amount that is proportionate to the amount such board received in fiscal year 2005. Proportionality shall be determined by comparing the payment a county board received in a category in fiscal year 2005 to the total payments distributed to all county boards for such category in fiscal year 2005. For fiscal year 2007, the Department shall pay to each county board an amount that is determined by an allocation formula to be developed by the Department that considers the applicable factors in section 5126.12 of the Revised Code.

The Department also may use the foregoing appropriation item 322-501, County Boards Subsidies, to pay the nonfederal share of the cost of one or more new intermediate-care-facility-for-the-mentally-retarded certified beds
in a county where the county board of mental retardation and developmental disabilities initiates or supports the development or certification of such beds, if the Director of Mental Retardation and Developmental Disabilities is required by Am. Sub. H.B. 66 of the 126th General Assembly to transfer to the Director of Job and Family Services funds to pay such nonfederal share.

**NONFEDERAL MATCH FOR ACTIVE TREATMENT SERVICES**

Pursuant to an agreement between the county board and the Director of Mental Retardation and Developmental Disabilities, a county may pledge funds from its state allocation from GRF appropriation item 322-501, County Boards Subsidies, to cover the cost of providing the nonfederal match for active treatment services that the county provides to residents of the Department's developmental centers. The Director of Mental Retardation and Developmental Disabilities is authorized to transfer, through intrastate transfer vouchers, cash from these pledges from GRF appropriation item 322-501, County Boards Subsidies, to Fund 489, Mental Retardation Operating. Any other county funds received by the Department from county boards for active treatment shall be deposited in Fund 489, Mental Retardation Operating.

**WAIVER - MATCH**

The foregoing appropriation item 322-604, Waiver - Match (Fund 4K8), shall be used as state matching funds for the home and community-based waivers.

**COUNTY BOARD WAIVER MATCH**

The Director of Mental Retardation and Developmental Disabilities shall transfer, through intrastate transfer vouchers, cash from any allowable General Revenue Fund appropriation item to Fund 5Z1, appropriation item 322-624, County Board Waiver Match. (The amounts being transferred reflect the amounts that county boards pledge from their state General Revenue Funds allocations to cover the cost of providing the non-federal match for waiver services.)

**TRANSFER OF FUNDS FOR THE FAMILY AND CHILDREN FIRST CABINET COUNCIL TO THE DEPARTMENT OF MENTAL HEALTH**

On July 1, 2005, or as soon as possible thereafter, the Director of Mental Retardation and Developmental Disabilities shall certify the remaining cash balance in Fund 4V1, Miscellaneous Use, to the Director of Budget and Management. Upon receipt of the certification, the Director of Budget and Management shall transfer that amount and re-establish existing encumbrances in the Department of Mental Health, Fund 232, Family and
Children First Administration Fund. When this transfer has been completed, Fund 4V1 shall be abolished.

On November 1, 2005, or as soon as possible thereafter, the Director of Mental Retardation and Developmental Disabilities shall certify the remaining cash balance in Fund 4J6, Youth Cluster, to the Director of Budget and Management, who upon receipt shall transfer that amount to the General Revenue Fund and increase the Department of Mental Health's GRF appropriation item 335-404, Behavioral Health Services-Children, by the same amount. When this transfer has been completed, Fund 4J6 shall be abolished.

**TARGETED CASE MANAGEMENT SERVICES**

The Departments of Mental Retardation and Developmental Disabilities and Job and Family Services may enter into an interagency agreement under which the Department of Mental Retardation and Developmental Disabilities shall pay the Department of Job and Family Services the nonfederal portion of the cost of targeted case management services and the Department of Job and Family Services shall pay the total cost of targeted case management claims.

Quarterly, the Director of Mental Retardation and Developmental Disabilities, in consultation with the Director of Job and Family Services, shall estimate the cost, less any adjustments from the previous quarter, of the nonfederal share of targeted case management for claims with service dates after December 31, 2005, and shall certify this amount to the Director of Budget and Management. Notwithstanding any other provision of law to the contrary, the Director of Budget and Management may transfer cash equal to the amount certified from any Department of Mental Retardation and Developmental Disabilities fund identified by the Director of Mental Retardation and Developmental Disabilities to the Department of Job and Family Services Fund 5C9, Medicaid Program Support.

County boards of mental retardation and developmental disabilities shall pay the nonfederal portion of targeted case management costs to the Department of Mental Retardation and Developmental Disabilities. Notwithstanding any other provision of law to the contrary, county boards of mental retardation and developmental disabilities may pledge funds from any appropriation line item to pay for the nonfederal costs of targeted case management. The Director of Mental Retardation and Developmental Disabilities shall withhold any amount owed to the department from subsequent disbursements from any appropriation line item or money otherwise due to a nonpaying county. The Director of Mental Retardation and Developmental Disabilities may transfer cash, through intrastate transfer
vouchers, from any Department of Mental Retardation and Developmental Disabilities appropriation line item to Fund 5DJ.

The Director of Budget and Management may increase the appropriation level of the Department of Job and Family Services appropriation item 600-671, Medicaid Program Support, by $9,340,000 in fiscal year 2006 and by $20,280,000 in fiscal year 2007. The Director may then increase the appropriation level for the Department of Job and Family Services Fund 3F0, appropriation item 600-623, Health Care Federal, by the corresponding federal amount in fiscal year 2006 and fiscal year 2007.

Sec. 209.90.06. EXTREME ENVIRONMENTAL CONTAMINATION
OF SCHOOL FACILITIES

Notwithstanding any other provision of law to the contrary, the School
Facilities Commission may provide assistance under the Exceptional Needs
School Facilities Program established in section 3318.37 of the Revised

environmental contamination portion of the project. The school district may
apply an amount of such restitution funds up to an amount equal to the
school district's portion of the project, as defined by the commission, toward
paying its portion of that project to reduce the amount of bonds the school
district otherwise must issue to receive state assistance under sections
3318.01 to 3318.20 of the Revised Code.

(J) For the 2005, 2006, and 2007 distribution years, the Tax Commissioner is not required to issue the certifications otherwise required by sections 5747.47, 5747.501, 5747.51, and 5747.61 of the Revised Code, but shall provide to each county auditor by the twentieth day of July 2005, July 2006, and July 2007 an estimate of the amounts to be received by the county in the ensuing year from the Local Government Fund, Local Government Revenue Assistance Fund, and Library and Local Government Support Fund pursuant to this section and any pertinent section of the Revised Code. the Revised Code is a clarification of existing law and shall apply to all applications for a tax exemption pending on the amendment's effective date or filed with the Tax Commissioner on or after that date.

SECTION 757.12. Section 5709.081 of the Revised Code, as amended by this act, is remedial in nature and applies to the tax years at issue in any application for exemption from taxation pending before the Tax Commissioner, the Board of Tax Appeals, any Court of Appeals, or the Supreme Court on the effective date of this section and to the property that is the subject of the application.

SECTION 757.15. Section 5725.222 of the Revised Code, as enacted by this act, applies to taxes due or paid before, on, or after the effective date of that section, but no statute of limitation under division (A) or (B) of that section shall expire before thirty days after the effective date of that section.

SECTION 757.18. Section 5729.102 of the Revised Code, as enacted by this act, applies to taxes due or paid before, on, or after the effective date of that section, but no statute of limitation under division (A) or (B) of that section shall expire before thirty days after the effective date of that section.

SECTION 757.21. The credit allowed under section 5733.56 of the Revised Code for providing programs to aid the communicatively impaired shall be allowed in tax year 2006 and thereafter based on the amendments made to sections 4905.79, 5733.01, 5733.56, and 5733.98 of the Revised Code by this act.

If any item of law that constitutes the whole or part of a section of law contained in this act, or if any application of any item of law that constitutes the whole or part of a section of law contained in this act, is held invalid, the invalidity does not affect other items of law or applications of items of law that can be given effect without the invalid item of law or application.

SECTION 812.03. Except as otherwise specifically provided in this act, the amendment or enactment of the sections of law contained in this act, and the items of law of which the amendments or enactments are composed, are subject to the referendum. Therefore, under Ohio Constitution, Article II, Section 1c and section 1.471 of the Revised Code, the amendment or enactment of the sections of law contained in this act, and the items of law of which the amendments or enactments are composed, take effect on the ninety-first day after this act is filed with the Secretary of State.
