Training and Development is Your Road to the Future!

While you may be primed to apply your digital technology skills, have you thought about how to successfully communicate, collaborate, and make decisions in the digital age?

Consider additional training, which is a smart investment. It paves the way to possibilities such as new opportunity, growth, and advancement. Even though training and development can lead to positive outcomes, it is often overlooked and under-valued.

You have the tools at your fingertips to seek the training you need before you become a statistic. Training is your road to the future to help support your professional development. Participate for your own personal growth and encourage co-workers and members of your team to become more active in developing and improving their skills.

For example, you can prepare for the technological and soft skills aspects of digital transformation. Through Learning on Demand, the Digital Transformation Collection is now available. This exciting new program offers:

- Seven proficiency domains designed for the digital age, including Agility for Digital Transformation
- Engaging, high definition video-based learning content
- Short microlearning topics available on a variety of devices

Also, you have many choices of learning resources to select from such as books, videos, articles, audio books, assessments, and more.

- **Lifelong Learning** Video 3 Minutes
- **Developing Your Career** Challenge 15 Minutes
- **Meaningful Training** Video 3 Minutes

To get started:

- Go to [myOhio.gov](http://myOhio.gov)
- Sign on with your OH|ID Workforce User ID and password
- Click **My Workspace**, launch the **OH|ID App Store**, and select **Learning on Demand**

Please review and adhere to your agency’s training and development policies, procedures, and guidelines regarding the use of Learning on Demand resources and tools.
