

**AMENDMENT 5
TO SERVICE ATTACHMENT 1
TO THE MASTER SERVICE AGREEMENT
WIRELESS VOICE AND DATA SERVICES**

This is Amendment 5 to Service Attachment 1 to the Master Service Agreement for Wireless Voice and Data Services and, effective August 26, 2009 ("Agreement") and as amended between the Department of Administrative Services ("DAS") on behalf of the State of Ohio ("the State") and Cellco Partnership d/b/a Verizon Wireless ("Verizon Wireless" or "Vendor"), jointly referred hereto as ("the Parties").

WHEREAS, the Vendor desires to add the following plans as attached hereto:

- Custom State of Ohio 4G Mobile Broadband Government SharePlan For Tablets
- Custom 4G Verizon Unlimited Smartphone Plan for Public Sector
- Custom Flat Rate Mobile Broadband – Government
- Custom Mobile Broadband Plan II – Government
- Push to Talk Plus License (PTT+): Government Subscribers Only
- Private Network/Dynamic Mobile Network Routing (DMNR)/Service Based Access (SBA) Static IP – Isolated Pool w/Fixed End System (FES) [Internet Restricted]
- 4G LTE Private Network Traffic Management (PNTM) Feature: Private IP Only (fixed WAN): Metered Data Pricing only. Not compatible with Unlimited Data Plans
- Private Responder Core Service for National Security, Public Safety, and Emergency Preparedness
- Mobile Broadband Priority Feature for National Security, Public Safety, and Emergency Preparedness
- Verizon Wireless Preemption Service Feature for National Security, Public Safety, and First Responders
- Custom 4G Unlimited Smartphone Plan with Mobile Broadband Priority and Preemption for National Security, Public Safety, and First Responders
- Custom Unlimited Basic Phone Plan for National Security, Public Safety, and Emergency Preparedness
- Custom 4G Unlimited Mobile Broadband Plan with Mobile Broadband Priority and Preemption for National Security, Public Safety, and First Responders
- Custom 4G Unlimited Push to Talk Plus Only Plan for National Security, Public Safety, and First Responders

WHEREAS, the Vendor desires to amend the following plans as attached hereto:

- Wireless Priority Service Access Per Minute Charge from \$0.75 to \$0.00
- State of Ohio Custom Mobile Broadband Plan data throughput speed from 5 GB to 25 GB

**AMENDMENT 5

TO THE MASTER SERVICE AGREEMENT
WIRELESS VOICE AND DATA SERVICES**

Custom State of Ohio 4G Mobile Broadband Government SharePlan For Tablets

This Plan is **NOT** eligible for monthly access fee discounts

Tablets Only

Monthly Access Fee	\$15.00	\$20.00	\$30.00
Shared Data Allowance	500MB	1GB	2GB
Data Overage Rate	\$14.99 per GB		

Notes: Current coverage details can be found at www.verizonwireless.com. Coverage includes the Verizon Wireless 4G network; and the 3G and 3G Extended networks, while available. Government subscribers only.

Data Sharing: Lines activated on these plans can only share with other lines on these plans. At the end of each bill cycle, any unused data allowances for lines sharing on the same account will be applied to the overages of the other lines on the same account beginning with the line with the lowest overage need.

Custom 4G Verizon Unlimited Smartphone Plan for Public Sector

Corporate Liable Subscribers Only

This calling plan has been discounted **19%** and is not eligible for additional monthly access fee discounts.

Only 4G LTE GSM/UMTS global-capable smartphones can be activated on this plan.

Monthly Access Fee	\$65.00
Monthly Access Fee with discount	\$52.65
Monthly Minutes in U.S	Unlimited
Domestic Data Allowance	Unlimited ⁽¹⁾
Domestic Mobile Hotspot	Unlimited ⁽²⁾
Domestic and International Messaging Allowance	Unlimited ⁽³⁾

Notes: Current coverage details can be found at www.verizonwireless.com. No domestic roaming or long distance charges. Coverage includes the Verizon Wireless 4G network; and the 3G and 3G Extended networks, while available.

⁽¹⁾ In the event of network congestion, after 10GB of data usage on a line during any billing cycle, usage on such line may result in slightly slower download speeds relative to another user. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at 480p.

⁽²⁾ Mobile Hotspot is available on all capable devices and allows Corporate Subscribers to use their device and share data allowance with multiple Wi-Fi enabled devices. If 10GB of Mobile Hotspot data usage is exceeded on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds to up to 200 Kbps for additional usage for the remainder of the then-current billing cycle for the line that exceeds the data usage.

⁽³⁾ Unlimited Messaging from within the United States to anywhere in the world where messaging services are available. For other messaging rates please refer to the pricing in this agreement.

Custom Flat Rate Mobile Broadband - Government

Government Subscribers Only
This plan is not eligible for monthly access fee discounts.

Monthly Access Fee	\$34.99
Domestic Data Allowance	Unlimited
Overage Rate per KB	NA

NOTE: Subject to the Mobile Broadband terms and conditions listed herein; additional terms and conditions apply to Unlimited, Megabyte (MB), and Smartphone data Plans. Throughput speeds on the Custom Flat Rate Mobile Broadband will be limited up to 600kbps throughout the duration of each billing cycle while on the Verizon Wireless 4G network only. Data speeds are not guaranteed while on Extended or roaming partner networks. Devices utilized in conjunction with the Custom Flat Rate Mobile Broadband plan are limited to mobile (non-stationary) applications. Dedicated internet connections on stationary router devices and streaming video on stationary video surveillance cameras are expressly prohibited on this rate plan.

Custom Mobile Broadband Plan II – Government

Government Subscribers Only
This plan is not eligible for monthly access fee discounts.

Monthly Access Fee	\$44.99
Domestic Data Allowance	Unlimited
Overage Rate Per KB	NA

NOTE: Subject to the Mobile Broadband terms and conditions listed herein; additional terms and conditions apply to Unlimited, Megabyte (MB), and Smartphone data Plans. Verizon Wireless will limit throughput of data speeds to up to 600 kbps should 30GB of data be used within a given bill cycle. Devices utilized in conjunction with the Custom Mobile Broadband Plan II are limited to mobile (non-stationary) applications. Data speeds are not guaranteed while on Extended or roaming partner networks. Dedicated internet connections on stationary router devices and streaming video on stationary video surveillance cameras are expressly prohibited on this rate plan.

Push to Talk Plus License (PTT+): Government Subscribers Only

Push to Talk Plus License licenses are not eligible for any further discounts.

Product	Monthly Access
Tablet	\$3.75
Inter-carrier (only any device)	\$3.75
3rd Party Web (HTML) API Client	\$3.75
Dispatch (License) Windows PC with PTT+ and mapping	\$22.50

Notes: Current coverage details can be found at www.verizonwireless.com. See attached Calling Plan and Feature Details for important information about calling plans, features and options. Push to Talk Plus license only. Push to Talk Plus requires PTT+ capable device.

Private Network/Dynamic Mobile Network Routing (DMNR)/Service Based Access(SBA) Static IP – Isolated Pool w/Fixed End System (FES) [Internet Restricted]			
The Account Set-Up Fees below reflect any applicable discount. No additional discounts apply.			
Mobile Broadband and National Access plans or features only			
Configuration	Cost		
Per Account FES Connect Set-Up (One time fee)	\$1500.00		
	Private Network Only	Private Network with DMNR	Private Network with SBA
Per Account Level Set-Up (One time fee)	Waived	\$250.00	\$250.00
DMNR or SBA (Per build)	\$250.00 (Adding to existing Private Network Only)		
621910 Ambulance Services 922110 Courts 922120 Police Protection 922130 Legal Counsel and Prosecution 922140 Correctional Institutions 922150 Parole Offices and Probation Offices 922160 Fire Protection (except private) 922190 Other Justice, Public Order, and Safety Activities	923120 Administration of Public Health Programs 928110 National Security 926120 Regulation and Administration of Transportation Programs 926150 Regulation, Licensing, and Inspection of Misc. Commerce 926130 Regulation and Administration of Comms, Electric, Gas, 921150 American Indian and Alaskan Native Tribal Government 921190 Other General Government Support 921110 Executive Offices		
<p>Note: Set-Up fees apply to new Private Network/DMNR/SBA builds (Verizon Home Agent Portal (VHAP)). This applies to New Private Networks built as Standard, Parent or Child. Subscribers that are placed into this pool will be limited to utilizing the Verizon Wireless Network for transport to and from their FES connections to the Verizon Wireless Network. Static IP addresses will be available on remote access, Mobile Broadband and Unlimited National Access plans or features only. Fees may not apply in certain VPN environments. Fees are per account level (regardless of the number of IPs ordered) selecting Static IP, and may apply in addition to \$1500.00 Connect Fee in certain configurations. Does not include MPLS.</p> <p>Static IP: The \$500.00 Static IP address fee is waived. Static IP addresses will be available on remote access, Mobile Broadband and National Access plans or features only. Static IP addresses may be reserved and should be assigned to the mobile numbers within 90 days. De-activated Static IP addresses will go into an "aging pool" for 24 hours. After 24 hours, these Static IP addresses will be returned to reserved status for the account. Reserved Static IP addresses will be shown at the account level and can be viewed from the billing system. Feature activations will be stored in the "data warehouse" database along with the Static IP Address for reporting. A Static IP address is associated with the device's MDN (Mobile Dialing Number). Each time the subscriber initiates a data session the Static IP address that is associated with their MDN is assigned to their device for each session. Subscribers completing an ESN (Electronic Serial Number) change will retain their Static IP address.</p> <p>Eligible 3G/4G data service: Mobile Broadband, Mobile Broadband Wireless Router, Telemetry (M2M), Wireless Email, or usage-based Megabyte pricing. DMNR and SBA are optional features that can co-exist on a Customer's Private Network profile.</p>

Private Responder Core Service for National Security, Public Safety, and Emergency Preparedness Government Liable Subscribers Only	
Monthly Access Fee	\$0.00
<p>Verizon Wireless Private Responder Core Service for National Security, Public Safety, and Emergency Preparedness ("Private Core"): Private Core extends Customer's IP network to its wireless equipment by segregating the data between such devices and Customer's servers from the public Internet (the "Internet"). The Responder Private Core separates data traffic of public safety mobile users from commercial users across Verizon's 4G LTE network. Public safety users will have their data immediately recognized as public safety with priority access at the tower and through the network. This service is available to National Security, Public Safety, and Emergency Preparedness customers only as defined by the following NAICS (formerly SIC) Codes:</p>	
<p>National Security/ First Responders / Public Safety</p> <ul style="list-style-type: none"> • 621910 Ambulance Service • 922110 Courts • 922120 Police Protection • 922130 Legal Counsel and Prosecution • 922140 Correctional Institutions • 922150 Parole Offices and Probation Offices • 922160 Fire Protection (except private) • 922190 Other Justice, Public Order and Safety Activities • 928110 National Security • 921190 Other General Government Support • 921110 Executive Offices • 921150 American Indian/Alaska Native Tribal Governments <p>Water</p> <ul style="list-style-type: none"> • 924110 Water Infrastructure • 221320 Sewage Treatment Facilities • 221310 Water Supply and Irrigation Systems <p>Transportation</p> <ul style="list-style-type: none"> • 482111 Railway Transportation • 481111 Passenger Air Transportation • 481112 Freight Air Transportation • 483111 Shipping Transportation • 926120 Transportation Administration • 491110 Postal Service • 926120 Public Transportation • 926120 Regulation and Administration of Transportation Programs <p>Information Technology</p> <ul style="list-style-type: none"> • 541512 Computer Integration • 541519 Computer Disaster Recovery 	<p>Chemical</p> <ul style="list-style-type: none"> • 561612 Protective Services • 541330, 541690 Chemical Engineering and Consulting • 239210 Pharmaceutical <p>Communications</p> <ul style="list-style-type: none"> • 517110 Telecommunications, Wired • 517212 Cellular and other Wireless Telecommunications • 238210, 334290 and 561620 Alarm Systems <p>Critical Manufacturing</p> <ul style="list-style-type: none"> • 237310 Highway, Street and Bridge Construction • 811310 Industry Equipment Repair • 236210 Industrial Building Construction • 211113 Extraction; 236220 Construction Management • 926150 Regulation, Licensing and Inspection of Miscellaneous Commercial Sectors <p>Energy</p> <ul style="list-style-type: none"> • 333611 Wind Turbine • 221111 Hydroelectric Power Generation • 221122 Electric Power Distribution • 221118 Other Electric Power Generation • 221210 Natural Gas Distribution • 926130 Regulation and Administration of Communications, Electric, Gas and Other Utilities • 221113 Nuclear Electric Power Generation • 562211 Hazardous Waste Treatment and Disposal <p>Healthcare and Public Health</p> <ul style="list-style-type: none"> • 621112 Health Care Practitioners • 923120 Public Health Programs

Mobile Broadband Priority Feature for National Security, Public Safety, and Emergency Preparedness Government Liable Subscribers Only	
Monthly Access Fee	\$0.00
<p>Mobile Broadband Priority (MBP) ensures customers can connect to the network with priority by leveraging a pool of radio resources dedicated to enable their connection. The Mobile Broadband Priority Service provides public safety users priority service for data transmissions. During times of heavy commercial network congestion, MBP users will receive priority over commercial users. MBP enables priority service for public safety officials. MBP is available at no additional charge to qualified public safety customers. Mobile Broadband Priority identifies the user with an Access Priority setting (as part of the network access and registration process eligible user receives a higher preference for access to network resources.), giving them higher priority for network access than lower Access Class users. This feature is available to National Security, Public Safety, and Emergency Preparedness customers only as defined by the following NAICS (formerly SIC) Codes: (PP# 86124)</p>	
621910 Ambulance Services 922110 Courts 922120 Police Protection 922130 Legal Counsel and Prosecution 922140 Correctional Institutions 922150 Parole Offices and Probation Offices 922160 Fire Protection (except private)	922190 Other Justice, Public Order, and Safety Activities 923120 Administration of Public Health Programs 928110 National Security 926120 Regulation and Administration of Transportation Programs 926150 Regulation, Licensing, and Inspection of Misc. Verizon Wireless Preemption Service Feature for National Security, Public Safety, and First Responders Government Liable Subscribers Only	
Monthly Access Fee Per MDN	\$0.00
<p>NOTE: Preemption Service ("Preemption") is a capability that reallocates network resources to customers so that they can connect in emergencies. In those uncommon times when the network is fully utilized, Preemption automatically activates to provide approved personnel uninterrupted access to the network. It helps ensure our national security, public safety, and first responder customers can continue to communicate with each other during times of high network use. Preemption capability is available on the Verizon Wireless 3G and 4G LTE data network. While Preemption capability may also be available on the networks of Verizon Wireless's domestic roaming partners, Verizon Wireless makes no representation of Preemption availability or reliability on such networks. Preemption is limited to select service rate plans and cannot be used in conjunction with devices or service plans utilized with dedicated internet connections (including but not limited to, stationary wireless networking router devices), streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras), and IoT devices are expressly prohibited from using this feature. Please note: Calls to 911 are never preempted. This feature is available to National Security, Public Safety, and First Responder customers only as defined by the following NAICS (formerly SIC) Codes: (PP# 86428 Basic/Smart Phone and 86433 Non-Phone)</p>	
621910 Ambulance Services 922110 Courts 922120 Police Protection 922130 Legal Counsel and Prosecution 922140 Correctional Institutions 922150 Parole Offices and Probation Offices 922160 Fire Protection (except private) 922190 Other Justice, Public Order, and Safety Activities	923120 Administration of Public Health Programs 928110 National Security 926120 Regulation and Administration of Transportation Programs 926150 Regulation, Licensing, and Inspection of Commercial Sectors 926130 Regulation and Administration of Comms, Electric, Gas, Utilities 921150 American Indian and Alaska Native Tribal Governments 921190 Other General Government Support 921110 Executive Offices

WPS Access Monthly Access Charge	\$0.00
WPS Access Per Minute Charge	\$0.00
Wireless Priority Service Access (WPS Access) is subject to the plan details of your customer agreement and calling plan. WPS Access functions on a limited portion of the Verizon Wireless owned and operated LTE and CDMA network, and is available only to individuals authorized by the Office of the Manager National Communications System (NCS). WPS Access provides end users with the ability to be given priority for the next available wireless voice channel ahead of end users not subscribing to WPS Access. Verizon Wireless makes no assurances regarding waiting times associated with WPS, nor can Verizon Wireless ensure that WPS Access calls will be connected. Contact your Verizon Wireless representative for complete details on WPS Access.

State of Ohio Custom Mobile Broadband Plan

The State of Ohio Custom Mobile Broadband Calling Plan has been discounted and is not eligible for additional monthly access fee discounts.

Monthly Access Fee	\$37.99
Monthly Allowance	Unlimited
Per Minute Rate[†]	\$0.25 per minute
Domestic Long Distance	Included

Notes: Current coverage details can be found at www.verizonwireless.com. Mobile Broadband Connect is currently available on select voice and data devices, and provides Mobile Broadband service utilizing the device as a modem. Bluetooth® is not supported with Mobile Broadband Connect. [†] Per Minute Rate applies to voice calls, and other non-Mobile Broadband data usage in the United States. Verizon Wireless will limit the data throughput speeds should 25 GB of data usage be reached in any given billing cycle on any line. Data throughput speeds for additional usage will be limited for the remainder of the then-current bill cycle for the line(s) that exceed the 25 GB high-speed data usage threshold. You may assess and monitor your own data usage during a particular billing period, including during the Return Period, by accessing Verizon Wireless business account portal or by contacting Customer Service. The State of Ohio Custom Mobile Broadband Plan MAY NOT be used for automated Machine-to-Machine connections. Machine-to-Machine ("M2M") refers to the transmission of data using the Wireless Service between wireless devices and computer servers or other machines, or between wireless devices, with limited or no manual intervention or supervision.

Verizon Wireless Calling Plan and Feature Details

Unlimited Data Plans and Features (such as Mobile Broadband, BroadbandAccess, Push to Talk Plus, and certain VZEmail services) may ONLY be used with wireless devices for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). The Unlimited Data Plans and Features MAY NOT be used for any other purpose. Examples of prohibited uses include, without limitation, the following: (i) continuous uploading, downloading or streaming of audio or video programming or games; (ii) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; or (iii) as a substitute or backup for private lines or dedicated data connections. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services and/or redirecting television signals for viewing on laptops is prohibited.

Verizon Wireless will protect their network from harm, which may impact legitimate data flows. Verizon will limit throughput or amount of data transferred exceeding 25 GB to 200 Kbps up and 200 Kbps down in a given billing cycle, and reserve the right to deny or terminate service, with 60 days notice, to anyone we believe is using an Unlimited Data Plan or Feature in any manner prohibited above or whose usage adversely impacts our network or service levels. Anyone using more than 25 GB per line in a given month is presumed to be using the service in a manner prohibited above, and we will limit data throughput speeds for all additional usage on that line for the remainder of that bill cycle. We also reserve the right to terminate service upon 60 days notification to the customer.

Push to Talk Plus: Push to Talk Plus (PTT+) capable Equipment required. Push to Talk Plus capable Equipment can only be used with a Push to Talk Plus calling plan. **Subscribers switching from a Push to Talk Plus Calling Plan to another calling plan may not be able to use certain Push to Talk Plus capable Equipment with the new plan.** Push to Talk Plus calls may only be made with other Verizon Wireless Push to Talk Plus subscribers. Push to Talk Plus Subscribers may initiate or participate on a call, simultaneously, with as many as 250 total participants (total is limited to (50) if interoperating between 3G and 4G participants). Administrators can be designated to manage the Push to Talk Plus contact lists via a single website interface with a single user name/password. Existing Push to Talk Subscriber Equipment may require a software upgrade to use Push to Talk Plus or replacement with a Push to Talk Plus capable device. Push to Talk Plus is only available within the National Enhanced Services Rate and Coverage Area and WiFi access points. There will be a delay from the time a Push to Talk Plus call is initiated until the Push to Talk Plus call is first received by the called party. If an incoming voice call is received while on a Push to Talk Plus call the voice call may be answered and the Push to Talk Plus placed on hold. If an incoming Push to Talk Plus call is received while on a Push to Talk Plus call the PTT+ call icon can be selected to connect to the Push to Talk Plus call. If the incoming voice or Push to Talk Plus call is not answered a missed call alert will display. Network registration information will be sent to the Equipment each time it is powered on in the National Enhanced Services Rate and Coverage Area, each time the Subscriber travels into the National Enhanced Services Rate and Coverage Area, and every 12 hours if the Subscriber stays within the National Enhanced Services Rate and Coverage Area. While the updated network registration information is being sent to the Equipment, incoming voice calls will go directly to voice mail. Contact list cannot be modified from certain Equipment. Subscriber cannot prevent others who have the Subscriber's MTN from entering the MTN into their Push to Talk Plus contact list. Only one person can speak at a time during a Push to Talk Plus call. In-Call Talker Override (Talker Priority) allows a pre-determined user priority to take the floor to communicate urgent message over participant. Push to Talk Plus services cannot be used for (i) access to the Internet, intranets or other data networks, except as the device's native applications & capabilities permit, (ii) any applications that tether Equipment to laptops, personal computers or other devices for any purpose.

Verizon Wireless Private Network Terms and Conditions

1. **Verizon Wireless Private Network Service ("Private Network"):** Private Network extends Customer's IP network to its wireless equipment by segregating the data between such devices and Customer's servers from the public Internet (the "Internet").
2. **Customer Minimum Line Requirement:** Customer must maintain a minimum of 100 Machine-to-Machine lines at all times during the term of its Agreement in order to remain eligible for Private Network. If Customer falls below the 100-line minimum, Verizon Wireless reserves the right to discontinue Private Network for non-use.
3. **Connection to Verizon Wireless Facility:** Customer must establish a direct-connect circuit from its facilities to Verizon Wireless's facilities by the use of Virtual Private Network, Verizon Private IP, or Fixed End System connections. Customer is solely responsible for making arrangements with a local access provider for installation and ongoing maintenance of such a connection, with sufficient data throughput to meet Customer's anticipated data needs. Customer is also responsible for all charges

TO THE MASTER SERVICE AGREEMENT
WIRELESS VOICE AND DATA SERVICES

incurred directly or through a third party associated with establishing the connection, as well as for accessing Private Network, including Internet access fees, hardware, software, license fees, and telecommunications charges.

4. **Customer Provided Equipment ("CPE"):** Customer must procure routers and any other CPE that meet Verizon Wireless requirements for Private Network connectivity. Customer is responsible for ensuring any CPE meets its data capacity and throughput needs.

5. **IP Addresses:** Customer is responsible for procuring private IP addresses, which must be communicated to Verizon Wireless during implementation. Private Network supports static and dynamic addressing for 1X service and/or EVDO service; 4G LTE service; and Internet addressing system Internet Protocol version 4. Direct Internet access requires static IP addressing.

6. **Dynamic Mobile Network Routing ("DMNR"):** DMNR allows configuration of Private Network for dynamic routing to the subnets it serves (up to eight) to other devices on Customer's network and as support for mobile or stationary routers. DMNR is based off Mobile IPv4-based Network Mobility protocol and requires the router to be configured to support this capability. Customer is responsible for any charges associated with the customization of its CPE to support DMNR.

7. **Service Based Access ("SBA"):** SBA is an optional configuration of Private Network that enables customers to access Verizon's Visual Voice Mail; multimedia messaging services; and 3G location-based services assisted Global Positioning System. Customer is responsible for any charges associated with the customization of its CPE to support SBA.

Verizon Wireless Private Network Traffic Management

8. **Private Network Traffic Management (PNTM):** PNTM allows Customer to configure its Private Network to allow differentiated Quality of Service (QoS) by application over Verizon Wireless's LTE network using standards-based IP packet marking. Customer can identify applications on its 4G LTE devices to get priority QoS over its Private Network. Verizon Wireless makes no guarantee of PNTM bandwidth allocations, which are subject to the limitations of wireless service availability as detailed in the Agreement. Customer is responsible for any charges associated with the customization of its CPE to support PNTM.

- a. **PNTM for Public Safety:** Eligible public safety accounts can take advantage of priority access to a data channel over the Wireless Service for its data traffic during times of heavy network demand. While PNTM for Public Safety enables a dedicated data channel, Verizon Wireless makes no guarantee of Wireless Service availability, which is subject to the limitations of wireless service availability as detailed in the Agreement. PNTM for Public Safety is only available to Customers approved by Verizon Wireless that qualify as Public Safety Entities classified by the following Qualifying Public Safety NAICS codes a) 621910 Ambulance Services, 922110 Courts, b) 922120 Police Protection, c) 922130 Legal Counsel and Prosecution, d) 922140 Correctional Institutions, e) 922150 Parole Offices and Probation Offices, f) 922160 Fire Protection (except private), g) 922190 Other Justice, Public Order and Safety Activities, h) 928110 National Security, i) 926120 Regulation and Administration of Transportation Programs, j) 926150 Regulation, Licensing, and Inspection of Misc. Commercial Sectors, k) 926130 Regulation and Administration of Comms, Electric, Gas and Other Utilities, l) 921190 Other General Government Support, m) 921110 Executive Offices

9. **Customer Private Network Contact:** Customer must designate a Private Network representative and provide contact information, including a phone number and email address. The Private Network contact will work with the Verizon Wireless solution engineer through the Private Network implementation and testing processes detailed below. The contact shall be available during business hours and any other time period that Customer utilizes Private Network for the purpose of assisting to resolve service problems and trouble shooting.

10. **Private Network Implementation and Testing:** Verizon Wireless will implement Customer's Private Network, which requires Customer to a) provide any information (e.g., account numbers, IP address ranges, router/CPE information) necessary to complete the Private Network Connectivity Form; b) participate in a Private Network turn-up call to ensure that CPE is properly configured to support the Private Network connection; and c) participate in a Solution Validation call to confirm that Private Network is working properly from Verizon Wireless to Customer's applications.

11. **Wireless Devices/Network Access:** Customer must use Private Network-compatible end-user Equipment and at Customer's expense must submit any devices not identified as Private Network compatible to Verizon Wireless, for network testing and Private Network certification. Private Network functionality is available on the Verizon Wireless 3G and 4G data network, subject to the limitations defined in this Addendum. While Private Network functionality may also be available on the networks of Verizon Wireless's domestic and international roaming partners, Verizon Wireless makes no representation of Private Network availability or reliability on such networks.

**AMENDMENT 5
TO SERVICE ATTACHMENT 1
TO THE MASTER SERVICE AGREEMENT
WIRELESS VOICE AND DATA SERVICES**

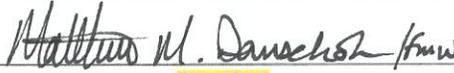

12. Permitted Use/Fraud: Customer shall use Private Network only for lawful purposes and shall not send or enable via the Private Network connection, by way of example, any SPAM, viruses, worms, trap doors, back doors or timers, nor shall Customer engage in any mail-bombing or spoofing via Private Network. Customer is responsible for the security of its network and end-user devices and is responsible for any unauthorized access to the Private Network. Verizon Wireless will treat any traffic over the Private Network as authorized by Customer. Verizon Wireless reserves the right but is not obligated to filter fraudulent usage.

13. Maintenance/Service Changes/Termination of Private Network Service: Verizon Wireless may limit access to Private Network in order to perform maintenance to the service and will use reasonable efforts to provide Customer with prior notice of such maintenance. With reasonable advance notice, Verizon Wireless has the right to modify and reconfigure Private Network as it deems necessary to enhance Customer's experience or to safeguard the Verizon Wireless network. In addition, Good cause includes (a) breach of the terms of this Addendum or the Agreement; (b) unlawful use of Private Network; (c) using Private Network in a way that adversely affects the Verizon Wireless network or Verizon Wireless's customers; (d) breach of an obligation of Customer to comply with any applicable federal, state and local government laws, rules and regulations, industry practices, third-party guidelines, or other applicable policies and requirements; (e) the suspension or termination by any governmental body of competent jurisdiction of Customer's service or the institution of a requirement, ruling or regulation that conflicts with this Addendum; or (f) for operational or governmental reasons.

14. Subject to the Customer's Government Agreement: The terms of this Addendum supplement the Customer's Government Agreement. The terms of the Agreement are applicable to Customer's use of Private Network.
