

Strategic Investment and Architecture (SIA)

Enterprise Strategic Alignment Process

Ongoing

Agency strategic initiatives intake through Enterprise Planning Portfolio (EPP)

SIA team performs initial review and seeks agency input to obtain clarifications

Map initiatives to Strategic Priorities (e.g., AI, automation, mobile, security, cloud, analytics, digital, identity, etc.)

Perform Strategic and Architecture analysis and document recommendations

Input: Enterprise Planning Portfolio, RFx, Procurement Requests etc.

Output: Strategic Investment & Architecture analysis

Quarterly

Conduct Joint Analysis with Service Delivery Teams and identify opportunities for:

- Shared Services
- Agency collaboration
- Technology Standardization
- Volume Purchases

Facilitate bi-directional communication between Agencies and Service Delivery Teams

- Share agency portfolios to incorporate into OIT's Service Roadmaps
- Socialize OIT high-level Service Roadmap and initiatives to assist agency planning efforts

Input: Portfolio Analysis Reports for Service Owners and Agencies

Output:

1. Updated Analysis Reports / Supporting Documentation
2. Opportunities & Analysis Recommendations

Quarterly

State Leadership

SIA team will provide Collaboration Opportunity Reports & Recommendations to State CIO & Senior Leadership

Publish Results

Publish Strategic Portfolio and Collaboration Opportunity Reports to Technology Advisory Committee (TAC), Technology Advisory Group (TAG) and Agencies

Input: Strategic Portfolio Reports and Opportunity Analysis & Recommendations

Communication Plan: Review Reports with State Leadership & TAC; Following that, share with TAG and Agencies during feedback loop meetings.

Output: Collaboration Opportunities; As next steps, formulate Working Groups and / or Innovation Committees for approved opportunities
